Plaintiff offers in evidence Circular Letter No. B-96, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., August 21st, 1903; File B-317; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-94, dated August 13th, regarding rate and divisions on lumber, from Lake Providence, La., via East St. Louis to Cincinnati; and notifying the members that roads interested advise that they will not make effective proposition in Circular above referred to, and G. F. A. Mo. Pacific Ry. has been so advised.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 227".

Plaintiff offers in evidence Circular Letter No. B-95, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., August 15th, 1903; File B-461; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-93, August 11th, 1903, giving copy of letter from G. F. A. Big Four road, which letter is dated August 14th, 1903, and states that by referring to Proceedings No. B-22, St. L. C. L. Frt. Committee, Louisville, July 22nd, 1903, with reference particuarly to issuance of transportation in favor of attendants in charge of live stock, it will be seen that the question of return transportation was considered, and it was intended only to discontinue issuance of transportation on passenger trains to attendants; and asking for instructions in reference to proceedings of said meeting.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 228".

Plaintiff offers in evidence Circular Letter No. B-94, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo.,

August 13th, 1903; File B-317; addressed to members of the St. L. C. L. Freight Committee; relative to rate on cypress lumber and shingles, Lake Providence, La., via East St. Louis to Cincinnati, Ohio; notifying members that Fraser received copy of letter, dated August 8th, File B-3-C 18247, from G. F. A. Mo. Pacific-Iron Mountain & Southern Ry., saying that said road was complete to Lake Providence, La., at which point was located large manufactures of cypress lumber and shingles; and that comparison of rates showed that the rate from Greenville, Miss., to Cincinnati, is 17 cents per 100 lbs., and from Vicksburg to Cincinnati, 18 cents per 100 lbs.; and Lake Providence people are compelled to meet this competition; asking benefit of no higher rate than 18 cents from Lake Providence to Cincinnati, and suggesting through rate upon cypress lumber, etc., of 21 cents per 100 lbs., which should divide 15 cents from East St. Louis and 6 cents beyond; and asking that the matter be submitted to this Committee for their action.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 229".

Plaintiff offers in evidence Circular Letter No. B-93, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., August 11th, 1903; File B-461; addressed to members of the St. L. C. L. Freight Committee; giving copy of letter from G. F. A. B. & O. S. W. R. R., dated Cincinnati, Ohio, August 10th, 1903, notifying Fraser that, by reference to Proceedings B-22 St. L. C. L. Frt. Committee, as promulgated at Louisville, Ky., July 22nd, having particular reference to issuing of transportation to attendants in charge of live stock, representatives of said road had meeting, in voting in the affirmative, did so without authority, and this letter is to notify Fraser that the road named above will not comply with resolution as adopted, in so far as Cincinnati is concerned, for the reason that free return transportation

for attendants in charge of live stock shipments is given to such attendants carrying stock from St. Louis to Chicago, and St. Louis to Indianapolis, and until an agreement is reached covering these two points, providing for the application of Official Classification rules, they cannot consistently apply these rules as far as Cincinnati is concerned. Also saying that it is their understanding that the Big Four have also advised in line with the above.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 230".

Plaintiff offers in evidence Circular Letter No. B-92, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., August 5th, 1903; File B-370; addressed to members of the St. L. C. L. Freight Committee; quoting letter from member of the Committee, giving action of meeting of July 22nd, authorizing half rate upon broken and defective parts of farm wagons, and asking for advice from members whether tariff shall be amended restricting return at half rates on shipments in Indian Territory, Oklahoma, and Arkansas.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 231".

Plaintiff offers in evidence Circular Letter No. B-91, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., August 1st, 1903; Files B-376, B-393 and B-423; addressed to members of the St. L. C. L. Freight Committee; notifying them that Fraser is in receipt of letter from member, saying that there is in effect at present the following rates, as per I. C. C., B-34, quoting rates on chatts ballast, etc.; and calling attention to the fact that these rates are not properly lined up with one another, and that the rate of $1.75 on chatts ballast is unreasonable in comparison with $1.35 on sand and gravel, and asking, in order

that rates may be equalized, that the matter be submitted to the Committee; and that is accordingly done in his letter.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 232".

Plaintiff offers in evidence Circular Letter No. B-90, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., July 10th, 1903; File B-445; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-89, dated July 6th, regarding proportional rate of 25 cents per 100 lbs. on broom corn, C. L., East St. Louis to Louisville, Ky., notifying members that after investigation the roads composing the Committee advise it has been decided not to make effective the proposition for rates in Circular Letter referred to.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 233".

Plaintiff offers in evidence Circular Letter No. B-89, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., July 6th, 1903; File No. B-445; addressed to members of the St. L. C. L. Freight Committee; notifying members that Fraser is in receipt of letter from member of Committee, saying present rate of 34 cents per 100 lbs., East St. Louis to Louisville, on broom corn, C. L., is too high to enable movement from western territory as against that from Oklahoma and Illinois, and that member writing wishes to restore old basis of 25 cents per 100 lbs., to apply on business originating in territory west of the west bank of the Mississippi River, and asking Fraser to obtain by wire the views of the interested lines, and advise as quickly as possible. Letter closes with request to wire views on the proposition.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 234".

Plaintiff offers in evidence Circular Letter No. B-88, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., July 2nd, 1903; File B-304; addressed to members of the St. L. C. L. Freight Committee; asking them to inform Fraser whether meeting shall be called for Louisville or Cincinnati.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 235".

Plaintiff offers in evidence Circular Letter No. B-87, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., July 1st, 1903; Files B-383 and 328; addressed to members of the St. L. C. L. Freight Committee; concerning rates on cotton-seed oil from Cincinnati, Ivorydale, and Louisville, to East St. Louis, Ill.; and notifying members Fraser received letter from member of Commitee, saying that proportional rate from East St. Louis having been advanced from 5 to 8 cents per 100 lbs., it occurs to the member writing that possibly same advance may be made in rate in opposite direction; and notifying Fraser that the several Louisville and Cincinnati roads publish proportional rate of 5 cents per 100 lbs. to East St. Louis, applying on cotton-seed oil and oil products refined in transit at Cincinnati and Louisville, or as proportion of through rates from points south; and asking that Fraser submit this question to the lines, members of the Committee, and secure an opinion as to whether an advance in rates would be possible. Fraser's communication submits the matter, and asks for a prompt reply.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 236".

Plaintiff offers in evidence Circular Letter No. B-86, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., June 15th, 1903; File B-328 and 383; addressed to members

of the St. L. C. L. Freight Committee; concerning proportional rate on cotton-seed oil and oil products, C. L.; refers to Circular Letter No. B-82, May 28th, 1903; and the roads individually advise to the effect that proportional rate on cotton-seed oil, C. L., originating in territory west of the Mississippi River, will not be less than 8 cents per 100 lbs. from East St. Louis, and 10 cents per 100 lbs. from East Cape Girardeau, Gale, Thebes and Cairo, to Cincinnati and Cincinnati points, Louisville and Louisville points (under the jurisdiction of this committee); and notifying them that to give time for cancellation of the individual tariffs, the St. L. C. L. Freight Committee Amendment to Joint Proportional Tariff from East St. Louis will be issued effective on July 6th, 1903. Also notifying members that representatives of the C. & E. I., the Big Four, and Illinois Central Railroads, from Thebes, Cairo, East Cape Girardeau, and Gale, have been so advised. Circular closes by calling on roads to furnish Fraser with notice of cancellation of individual tariffs now in effect, and substitution of tariff ordered.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 237".

Plaintiff offers in evidence Circular Letter No. B-85, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., June 8th, 1903; File B-317; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-83, dated May 28th, as to rate and divisions on staves from points in Southeastern Arkansas, via East St. Louis to Cincinnati and points beyond; notifying members that roads in the Committee, after investigation, have decided not to make effective the proposition to change rates as per Circular Letter above referred to.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 238".

Plaintiff offers in evidence Circular Letter No. B-84, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., June 8th, 1903; File B-390; addressed to members of the St. L. L. C. Freight Comittee; saying that, as instructed on May 27th (Proceedings B-21, page 4), he gives rates on new railway cars as per C. H. & D. Ry. Joint Tariff No. 2900, I. C. C., No. 696, March 12th, 1900, from Dayton, Ohio, to points named, at schedule rates named; requesting that if any change is desired in Amendment No. 6, effective June 15th, to Tariff I. C. C. B-34, please advise.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 239".

Plaintiff offers in evidence Circular Letter No. B-83, signed "R. M. Fraser;" dated St. Louis, Mo., May 23rd, 1903; File B-317; addressed to members of the St. L. C. L. Freight Committee; saying, that as instructed at meeting of May 27th, Fraser gives herewith copy of letter from a member regarding rate and divisions on staves from points in Southeastern Arkansas to Cincinnati; and following with a statement of a prospective movement of a large quantity of staves to Cincinnati from Lake Village and other points in Arkansas on the Mississippi River, Hamburg and Western Ry.; and setting out divisions and rates; and asking for views of members of the Committee as to whether or not same should be promulgated.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 240".

Plaintiff offers in evidence Circular Letter No. B-82, signed "R. M. Fraser, Chairman;" dated St. Louis, May 28th, 1903; File B-328 and 383; addressed to members of the St. L. C. L. Freight Committee; stating that, as Fraser was instructed at meeting of May 27th, he gives below copy of action taken in regard to proportional rate on cot-

ton-seed oil, C. L., via East St. Louis and Cairo, and quoting the following resolution from the record of the meeting:

"I move you that the rate from East St. Louis to Cincinnati and Cincinnati points, Louisville and Louisville points (under the jurisdiction of this Committee) on cotton-seed oil, C. L., originating in territory west of the Mississippi River, be made 8 cents per 100 lbs., it being understood that the rate from East Cape Girardeau, Gale, Thebes and Cairo will be 10 cents on the same traffic." Letter closes by asking for advice without delay on this subject, and that result would be announced by Circular Letter.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 241".

Plaintiff offers in evidence Circular Letter No. B-81, signed "R. M. Fraser;" dated St. Louis, Mo., May 15th, 1903; File B-382; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letters Nos. B-75 and B-79, April 28th and May 7th, in regard to stoppage in transit at Louisville and Cincinnati of shipments of glass bottles, lamp chimneys, etc., from C. F. A. territory to the Southwest; and that Fraser is in receipt of letter of May 13th, File 8713, from Chairman of Southwestern Tariff Committee, as follows:

"Stop-over privileges at Louisville and Cincinnati: Again referring to your letter of May 16th, File B-392: Your proposition was submitted to members of this Committee on May 7th, and this is to advise that negative recommendations have been received to the cancellation of basis outlined in your advice." Circular closes by saying that this is for the information of the members of this Committee.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 242".

Plaintiff offers in evidence Circular Letter No. B-80, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo.; May 11th, 1903; File B-308; addressed to members of the St. L. C. L. Freight Committee; stating that Fraser is in receipt of letter, May 8th, File 46374, from G. F. A. B. & O. S. W. R. R., as follows:

"As you understand the present rate on grain from East St. Louis (proper or beyond) to Cincinnati, also to Louisville, via lines other than the Southern Ry. and L. H. & St. L., is ten cents per 100 lbs. If you will refer to proceedings of meetings held in Chicago, December 11th and 12th, 1902, as issued by Mr. C. E. Fulton, you will note that notice was then given by us that we would hold to a proportional rate of 7 cents per 100 lbs., East St. Louis to Cincinnati and Louisville, on grain coming from the West. We did not, however, put the 7 cent rate in effect at the time, and have been operating the local rate of 10 cents on grain originating in the West. Conditions, however, have since changed considerably, and we now find it necessary to establish the 7 cent proportional rate, which we will cover by individual tariff, effective 14th inst. Kindly advise other interested lines of our intention in this regard."

Circular closes by saying that this extract is given for the information of the members of the Committee.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 243".

Plaintiff offers in evidence Circular Letter No. B-79, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo.; May 7th, 1903; File B-382; addressed to members of the St. L. C. L. Freight Committee; says, referring to Circular Letter No. B-75, April 28th, subject—stoppage in transit at Louisville and Cincinnati of shipments of glass bottles, lamp chimneys, etc., that Fraser is in receipt of replies from each member of the Committee, saying that they are in

favor of discontinuing the stop-over privilege, etc.; and gives thereafter copy of letter from and to Chairman of the Southwestern Tariff Committee.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 244."

Plaintiff offers in evidence Circular Letter No. B-78, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 29th, 1903; File B-351; addressed to members of the St. L. C. L. Freight Committee; containing copy of letter of the 29th from member, in regard to cement plaster, C. L., minimum 30,000 lbs., as follows:

"Refer to C. F. A. Information No. 3886. Prior to January 1st, you carried proportional rate of 8 cents per 100 lbs. on this commodity, East St. Louis to Louisville, New Albany, Jeffersonville and Cincinnati, but that rate was eliminated, effective January 1st, I believe in error. Since the rate to Dayton is 9 cents per 100 lbs., and we cannot hold higher than that figure to Cincinnati under any circumstances, I wish you would submit the matter by Advice Letter, so that if it is decided to restore the former proportional rate of 8 cents per 100 lbs. to the points in question, it can be incorporated in the next issue of your Proportional Tariff."

Letter then gives condition of tariff to points named, in C. F. A. territory, and asks for vote on the proposition in the letter above quoted.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 245".

Plaintiff offers in evidence Circular Letter Nos. 136 and B-77, marked "Important;" signed "R. M. Fracer, Chairman;" dated St. Louis, Mo., April 29th, 1903; Files 4220 and B-459; addressed to members of the St. L. C. L. Freight Committee; concerning proportional rates from Upper

Mississippi River Crossings vs. rates from East St. Louis to points in C. F. A. territory. It states that at meeting of the St. L. C. L. Frt. Committee, April 25th, and at meeting of the St. Louis Eastbound Freight Committee, April 17th, the above matter was under consideration, and resolutions adopted as follows:

(March 25th)

"Resolved: That the Chairman urge upon Secretary Rainer the importance of having proper proportional rates maintained from Upper Mississippi River in accordance with Joint Rate Committee Middle Division Circular No. 20, or subsequent issues."

(April 17th)

"Moved, That Chairman C. F. A. be advised that this Committee is willing to attend meeting, with the understanding that the discrepancies, as obtained by Sec'y. Joint Rate Committee, shall be presented to the meeting for discussion."

The letter then states that Fraser is in receipt of letter of April 24th, File 10307, from Chairman C. F. A., as follows:

"Relative to conference between St. Louis Eastbound Freight Committee, St. Louis-Cincinnati-Louisville Freight Committee, and representatives Western Roads from East Bank Missisippi River points north thereof, to consider the question of rates to C. F. A. territory.

The Western lines inform us that they will be represented at this Association's rooms on Thursday, May 7th, at 10:30 A. M., to take up this question. Will you, therefore, kindly arrange with the members of the St. Louis Eastbound and Cincinnati-Louisville Freight Committees to be on hand without fail?"

The letter closes with request from Fraser to attend the meeting in C. F. A. rooms, Chicago, May 7th.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 246".

Plaintiff offers in evidence Circular Letter No. B-76, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 29th, 1903; File A-116; addressed to members of the St. L. C. L. Freight Committee; saying that circular gives thereafter copy of letter of April 28th from a member, relative to crude oil, Louisville to Evansville; saying that he is asked to name a rate on crude oil, Louisville to Evansville, and inasmuch as the present rate from Louisville to Owensboro and Henderson is 8 cents per 100 lbs., the member does not see how he can consistently name a rate in excess of this to Evansville. Member, therefore, asks Fraser to submit to interested lines this proposition to apply a rate of 8 cents per 100 lbs., Louisville to Evansville, on crude oil, C. L., in tank cars, minimum capacity of tank, and in barrels, minimum weight 30,000 lbs. per car; and asking advice and views of members on this proposition. Fraser's letter closes with request for expression of views on change of rate.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 247."

Plaintiff offers in evidence Circular Letter No. B-75, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 28th, 1903; File B-392; addressed to members of the St. L. C. L. Freight Committee; giving copy of letter, April 27th, from member, stating that on traffic from points east of the Illinois-Indiana State Line, and on and north of the Ohio River, on which local rates are allowed east of Committee gateways, or up to Cincinnati and Louisville, stop-over privileges accorded east of such gateways will be recognized by the Committee lines. Letter then states it is simply a reissue of rule previously in effect. There has obtained for years past at Louisville and Cincinnati the privilege of stopping in transit of shipments of different commodities. The letter then asks that this question be sub-

mitted to lines, members of the St. L. C. L. Frt. Committee, and have them state whether they will apply the tariffs from Louisville and Cincinnati proper on any of this traffic stopped at Louisville or Cincinnati for substitution or rehandling, destined to the territory referred to; and that if affirmative action be taken by lines who are members of Committee, that the matter be submitted at once to Mr. Cale, and have the note above referred to eliminated from his Exception Sheet, so as to prevent misunderstanding by the trans-Missisippi lines. Fraser's letter closes by calling for an early reply.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 248".

Plaintiff offers in evidence Circular Letter No. B-74, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 27th, 1903; File B-383; addressed to members of the St. L. C. L. Freight Committee; concerning division of rates on cotton seed products, C. L., from Arkansas via Cairo vs. East St. Louis; and refers to Circular Letters Nos. B-72, B-69 and B-67; and also proceedings No. 20, page 2, March 25th, on above subject; and also gives copy of letter, for the information of the members, dated April 25th, File 21517, from A. G. F. A. Big Four R. R., as follows:

"Referring to your Circular Letter B-69 on cotton-seed oil. We have issued tariff on cotton-seed oil from East St. Louis to Cincinnati and Ivorydale of 5 cents, and will carry the usual differentials from Cairo, making the rate from that point 7 cents per 100 lbs. I would urge the adoption of 7 cent rate from Cairo as quickly as possible."

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 249".

Plaintiff offers in evidence Circular Letter No. B-73, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 20th, 1903; File B-460; addressed to members of the St. L. C. L. Freight Committee; giving copy of letter from member, saying Missouri Pacific, in connection with the Texas & Pacific, publish commodity rate on bones and horns, C. L., from the City of Mexico and other points in Mexico, to Cincinnati and Louisville, rates ranging from 50½ to 71 cents per 100 lbs. In the division of these rates the Mo. Pacific propose to allow the lines east of St. Louis the same earnings as accrue on similar traffic from Texas common points, on which basis the lines from East St. Louis to Louisville receive 6.6 cents, or 20 per cent of the 33 cent rate. Member requests Fraser to ascertain what lines would participate in that traffic on the basis named. Fraser asks for reply from members whether or not they are participating in this through rate from Mexico.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 250."

Plaintiff offers in evidence Circular Letter No. B-72, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 18th, 1903; File B-383; addressed to members of the St. L. C. L. Freight Committee; regarding division of rates on cotton seed products, carload lots, from Arkansas, via Cairo vs. East St. Louis, and upon cotton-seed oil between Louisville, East St. Louis or Evansville; refers to above subjects, and for information gives copy of letter of April 16th, File T-7027, from G. F. A. Chicago & Eastern Ill. Ry., saying:

"Referring to recent correspondence relative to minimum proportions east of East St. Louis, Thebes, Cairo and Gale on cotton-seed oil from points in Arkansas, destined to Louisville and Cincinnati.

I presume you have received copy of C. F. A. I. C. C.

Advice No. 227. I desire to call your attention to Item No. 2 therein. If it is the intention of the East St. Louis lines to continue the 5-cent rate from East St. Louis to Cincinnati, Louisville and Ivorydale, I am of the opinion that it will be impossible for the lines from Cairo, Gale and Thebes to maintain the minimum proportion of 10 cents per 100 lbs."

Letter closes with notifying the members that this letter will be up for consideration at next meeting.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 251."

Plaintiff offers in evidence Circular Letter No. B-71, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 14th, 1903; File B-44; addressed to members of the St. L. C. L. Freight Committee; referring to Proceedings No. 20, March 25th, 1903, regarding Southern Railway withdrawing percentage arrangement in effect on traffic from Louisville to Oklahoma and Indian Territories; stating that Fraser is in receipt of letter, April 13th, File C-C 279, from A. G. F. A. Southern Ry., as follows:

"I am not at the present time in position to make any change in my percentage arrangements on Indian and Oklahoma Territory traffic from Louisville."

This letter was sent out for the information of the members.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 252."

At this point the further hearing of this cause is adjourned until to-morrow, Tuesday, November 20th, at ten o'clock, a. m.

R. E. Rombauer,
Special Commissioner.

St. Louis, November 20th, 1906.

Met, pursuant to adjournment as above, on Tuesday morning, November 20th, 1906, at 10 o'clock, A. M., in the office of the Special Commissioner, Hon. R. E. Rombauer, Roe Building, St. Louis, Mo.

Present, Parties as before.

When the following proceedings were had:

Plaintiff offers in evidence Circular Letter No. B-70, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 11th, 1903; File A-115; addressed to members of the St. L. C. L. Frieght Committee; giving copy letter from member, calling attention to exceptions in C. F. A. Tariffs applying between Evansville, Louisville and Cincinnati, and requesting that same exceptions be applied on business between East St. Louis, Louisville and Cincinnati; and letter submits same to members for their approval or rejection.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 253."

Plaintiff offers in evidence Circular Letter No. B-69, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 11th, 1903; File B-328; addressed to members of the St. L. C. L. Frieght Committee; concerning rates on cotton seed oil, and giving copy of letter from G. F. A. B. & O. S. W. R. R., April 9th, 1903, which letter advises that the B. & O. S. W. will issue individual tariff, effective April 15th, to cover rate of 5 cents per 100 lbs. on cotton seed oil, in tank cars, East St. Louis to Louisville, Cincinnati and Ivorydale, same to apply on shipments originating at points beyond East St. Louis; and stating that the Southern Ry. had issued rate of 5 cents per 100 lbs., East St. Louis to Louisville, and as it is customary, under the rules of the St. L. C. L. Frt. Committee, that rates from East St. Louis

should be uniform, therefore the B. & O. S. W. is obliged to take this action; and stating that it does not wish to incorporate this in Joint Tariff issued by Fraser as Chairman of the St. L. C. L. Frt. Committee; and requesting that Fraser notify members of the Committee of the B. & O. S. W.'s action. Also quoting from letter from the G. F. A. Big Four, dated April 9th, 1903, saying that B. & O. S. W. and Big Four have found it necessary, on account of the rates held by the Southern Ry. on cotton seed oil, to publish a rate of 5 cents per 100 lbs., from East St. Louis to Cincinnati and Ivorydale, and have issued independent tariff. Fraser refers members to Circular Letter No. B-67, March 2nd, 1903, and Proceedings March 25th, page 2, for information on the question.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 254."

Plaintiff offers in evidence Circular Letter No. B-68, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 7th, 1903; File B-445; addressed to members of the St. L. C. L. Freight Committee; containing copy of letter 6th, File R-448, from G. F. A. Henderson Route, regarding rate on broom corn, East St. Louis to Louisville and Frankfort; and states that G. F. A. Henderson Route has just secured the concurrence of the L. & N., B. & O. S. W. and Southern Ry. to withdrawal of rate of 5 cents per 100 lbs. on above commodity, East St. Louis to Frankfort, suggesting that correction be made effective May 1st, on and after which date rate will not be less than second class, East St. Louis to Louisville and Cincinnati; and inasmuch as the lines referred to have concurred in the advance to Frankfort, there is nothing to prevent our concurrence in the proposition to withdraw commodity rate of 25 cents, East St. Louis to Louisville, and restore rate to Official Classification basis; and stating that Henderson Route is in favor of

this proposition, and would like to have rate made effective May 1st, same date the advance to Frankfort goes into effect. This is submitted by Fraser for information of members, with statement that in the absence of instructions to the contrary, amendment will be issued, effective May 1st, 1903, eliminating the former tariff.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 255."

Plaintiff offers in evidence Circular Letter No. B-67, signed R. M. Fraser, Chairman; dated St. Louis, Mo., March 2nd, 1903; File B-328; addressed to members of the St. L .C. L. Freight Committee; stating that for information of the members is given below copy of letter of Feb. 28th, File C-C-291, from A. G. F. A. Southern Ry. (St. Louis-Louisville lines,) concerning rate adjustment on cotton seed oil, East St. Louis to Louisville, Ky.; referring to action of the Ill. Central R. R. in making effective rate on above commodity of 5 cents per 100 lbs., as per their Supplement No. 2 to I. C. C. 1435, dated April 28th, 1902, thereby causing other lines to make effective this rate from Louisville to East St. Louis; and which letter also advises that as long as a rate of 5 cents per 100 lbs. is carried from Louisville to East St. Louis by the I. C. R. R., the Southern Ry. reserves the right to make the same rate from East St. Louis to Louisville, and will issue tariff accordingly.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 256."

Plaintiff offers in evidence Circular Letter No. B-66, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., February 26th, 1903; File B-314; addressed to members of the St. L. C. L. Freight Committee; giving copy of letter of Feb. 25th, File C-C-852, from A. G. F. A. Southern Ry., in reference to rate adjustment, consolidating less-car-

load shipments into carloads; stating that the Southern Ry. is not satisfied with the action of the other lines in handling less-than-carload shipments at carload rates, and ignoring the order of the Inspector at Louisville, and feels that their interests can only be protected by restoring the carload rate as any quantity rate: but before taking final action in this matter, the Southern Ry. asks Fraser to communicate with other lines, members of the St. L. C. L. Freight Committee, and get expressions of their views; and stating that the Southern will not establish any quantity rate until notice has been given Fraser of their intention to do so; and also charging that classification rate is not being charged at Louisville or Cincinnati. Fraser submits matter, and asks for prompt reply from members of the Committee as to their position.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 257."

Plaintiff offers in evidence Circular Letter No. B-65, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., Feb. 23rd, 1903; File B-447; addressed to members of the St. L. C. L. Freight Committee; stating that Fraser, as instructed at meeting Jan. 28th, wrote, Jan. 30th, a joint letter to Messrs. Cale, Knight, Hall and Leland, quoting action of meeting, as follows:

"Recommended, That divisions be established with the Indian and Oklahoma Territory lines, on basis of 20 and 80 per cent respectively, east and west of East St. Louis, on traffic from Louisville, New Albany, and Jeffersonville; provided that the Indian and Oklahoma Territory lines will, not later than April 1st, 1903, establish the same rates from Louisville, Jeffersonville and New Albany as are now in effect from Moline and Rock Island."

Also giving copy of reply to that letter, dated Feb. 21st, 1903, File O-373, in which it is stated that the question of

rates and divisions on traffic, Louisville to Indian and Oklahoma Territory points was considered at meeting of the Southwestern Committee, special reference being given to application of St. Louis rates on agricultural implements from that point; and it was agreed and understood that all lines would file with the Interstate Commerce Commission notice of their non-concurrence in such tariffs or any others naming lower rates than provided in Indian and Oklahoma tariffs. Letter signed "G. W. Cale." This correspondence submitted for information of members.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 258."

Plaintiff offers in evidence Circular Letter No. B-64, signed R. M. Fraser, Chairman;" dated St. Louis, Mo., February 19th, 1903; File B-327; addressed to members of the St. L. C. L. Freight Committee; submitting proposition to amend I. C. C. Tariffs on pig iron within territory of the Committee, and asking for prompt advice of members as to their views on change of tariff.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 259."

Plaintiff offers in evidence Circular Letter No. B-63, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., February 15th, 1903; File B-345; addressed to members of the St. L. C. L. Freight Committee; stating that Fraser is in receipt of letter, dated February 13th, File 1152, from Chairman Cincinnati Freight Committee, as follows:

"At a meeting of this Committee, held Feb. 12th, the question of rates on brick from Cincinnati to C. F. A. territory was considered, and the following resolution adopted:

'Resolved, That St. Louis-Cincinnati-Louisville Freight Committee be requested to advance the rate from Cincinnati

to East St. Louis on brick from $1.75 to $1.90 per ton, to be in line with rates proposed to apply from Cincinnati to Chicago and Peoria.'

Will you kindly place this matter before your Committee at the earliest possible moment, and oblige."

Fraser then submits the proposition to amend I. C. C. Tariff, B-34, naming rate of $1.90 on brick from Cincinnati and points beyond, and Louisville and points beyond, to East St. Louis, or shall rate of $1.90 per ton be made to apply between East St. Louis, Cincinnati and Cincinnati points, Louisville and Louisville points. Asking members to promptly reply.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 260."

Plaintiff offers in evidence Circular Letter No. B-62, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., February 14, 1903; File B-308; addressed to members of the St. L. C. L. Freight Committee; stating that given below is copy of letter from the St. Louis Traffic Bureau, dated Feb. 12th, 1903, addressed to Mr. R. M. Fraser, Chairman St. L. C. L. Frt. Committee, referring to rate on grain products: The St. Louis Traffic Bureau stated that from East St. Louis to Louisville, Ky., as shown in St. L. C. L. Frt. Committee Tariff No. B-33, of Jan. 1st, 1903, the rate was 10 cents per 100 lbs., while the grain was being handled from East St. Louis to Louisville at 4 cents; and the high rate on grain products prevents practically any sale and movement to Louisville or territory beyond, where the rates are based on the combination of the locals. The miller at Louisville buys much of his grain at St. Louis, and at points beyond, and in the territory west of the Mississippi River this grain pays the same rates as published on the product, but from East St. Louis to Louisville he gets the grain handled at 6 cents per 100 lbs. less than the rate on

the product, which gives him an advantage of 12 cents per bbl. on the output of his mill, as he can manufacture his goods as cheaply as the miller on the Mississippi or Missouri River.

The letter then states that in C. F. A. territory, reached by lines, members of the St. L. C. L. Freight Committee, grain and grain products are, as a rule, handled at the same rate to Indianapolis, just north of Louisville, the rate on both the grain and grain product being 7 cents per 100 lbs. Also that cars can be given as heavy loading with the grain products as with the grain, and that the importers are not put to any greater expense; and closes by asking that the rate be changed. All of which is submitted by Fraser to the Committee for their consideration.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 261."

Plaintiff offers in evidence Circular Letter No. B-62, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., January 29th, 1903; File B-318; addressed to members of the St. L. C. L. Freight Committee; referring to revision of joint freight tariffs between East St. Louis-Cincinnati-Evansville and Louisville-Evansville and Cincinnati; and notifying members that they are requested to be represented at meeting at Louisville Hotel, Louisville, Ky., February 3rd, 1903, in accordance with resolution adopted at Cincinnati on the 28th, that checking rates between St. Louis-Cincinnati-Louisville, Evansville-Cincinnati, and Evansville-Louisville, be referred to a special meeting of Rate Clerks, to be called at Louisville Hotel, Louisville, Ky., on Tuesday, Feb 3rd, 10:00 A. M.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 262."

Plaintiff offers in evidence Circular Letter No. B-61, signed 'R. M. Fraser, Chairman;" dated St. Louis, Mo., January 21st, 1903; File B-368; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-60, January 16th, quoting letter from A. G. F. A. Southern Ry. in reference to rate on cast iron pipe; stating that Fraser is in receipt of following:

St. Louis, Mo., Jan. 19, 1903.
C-402

Dear Sir: Our I. C. C. C-291, applying rate of $1.65 per net ton on cast iron pipe, C. L., from Louisville to East St. Louis, effective Jan. 21st, 1903, will expire with this month. On and after Feb. 1st, rate will be 10 cents per cwt., as provided in your tariff B-33. Yours truly,

(Signed) R. A. Campbell, A. G. F. A."

Also that C. & O. R. Supplement No. 3 to Tariff No. 46, and Supplement No. 2 to Division Sheet No. 46, G. L., effective Feb. 1st, 1903, names rate of $2.00 per ton on iron pipe, etc., C. L. All of which is submitted for the information of the members.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 263."

Plaintiff offers in evidence Circular Letter No. B-60, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., January 16th, 1903; File B-368; addressed to members of the St. L. C. L. Freight Committee; stating Fraser is in receipt of letter Jan. 15th, from A. G. F. A. Southern Ry., as follows:

"I have just wired Interstate Commerce Commission, as follows:

'Our I. C. C. C-291, effective 21st, copy filed today, makes rate cast iron pipe, C. L., Louisville to East St. Louis, $1.65 per net ton.'

This action account similar rate in effect from Jeffersonville to Chicago. To you as information."

Fraser then states the above rate published January 15th, 1903. All of which is given to the members for information.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 264."

Plaintiff offers in evidence Circular Letter No. B-59, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., Dec. 11th, 1902; File B-450; addressed to members of the St. L. C. L. Freight Committee; relative to rate on whiskey from points in defined territory to Arkansas points; referring to Circular Letter No. B-56, December 1st; stating that Fraser is today in receipt of letter dated Dec. 10th, File D-422, from Chairman Cale of the Arkansas Freight Committee, saying that with reference to Fraser's communication of the 26th ult., to which he replied under date of Nov. 28th, as advised in the communication referred to, the subject will be put on the docket for consideration at the next meeting of the Arkansas Freight Committee, and advising that the Committee in session yesterday took action which resulted in instructions to Chairman to communicate with Fraser, that while the Committee should regret the cancellation of divisions from territory named, on account of the action complained of (i. e. the action of the Arkansas Freight Committee regarding the manner of publishing through rates on whiskey and the basis for dividing same, as announced in Rate Notice I. C. C. B-470 and Circular No. 53-E, both issued Oct. 16th, 1902) it was the unanimous opinion of the Arkansas Freight Committee lines that they found such action necessary for their own protection, and that they do not feel they can make any change in the manner of establishing through rates and dividing same,

neither do they feel that they can withdraw from the position taken with reference to this particular traffic.

All of which is given to the members of the Committee for their information.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 265.'

Plaintiff offers in evidence Circular Letter No. B-58, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., December 10th, 1902; File B-439; addressed to members of the St. L. C. L. Freight Committee; calling members' attention to tonnage and revenue statement No. 63, November 11th, 1902, under heading Louisville and Louisville points to East St. Louis "Revenue," should be corrected to read as per corrections given below.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 266."

Plaintiff offers in evidence Circular Letter No. B-57½, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., December 5th, 1902; FileA-114; addressed to members of the St. L. C. L. Freight Committee; in reference to rate on whiskey, high-wines, etc., in wood; advising members that, effective December 15th, Joint Freight Tariff No. 3 between Evansville, Ind., and Louisville, Ky., New Albany and Jeffersonville, Ind., will be amended as follows:

"*Eliminate*: Rate on whiskey, alcohol, highwines and spirits, in wood, L. C. L., via rail 15 cents, via boat 13 cents per 100 lbs."

Also Joint Freight Tariff No. A-3, between Evansville, Ind., and Cincinnati, Ohio, will be amended as follows:

"*Eliminate*: Rate on whiskey, alcohol, highwines and spirits, in wood, L. C. L. (to Evansville only) via rail 17 cents, via boat 15 cents per 100 lbs."

The above amendment to be in line with Amendment No.

3 to Joint Freight Tariff I. C. C. No. B-31, between East St. Louis-Cincinnati-Louisville, etc., effective December 15th, issued on instruction of individual roads (See Proceedings No. 18, Nov. 25th, page 3.)

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 267."

Plaintiff offers in evidence Circular Letter No. B-57, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., December 5th, 1902; File B-453; addressed to members of the St. L. C. L. Freight Committee; stating that members should not fail to be present or represented at meeting in C. F. A. rooms, Chicago, December 10th, in accordance with action at meeting November 26th, at which the following was adopted:

"Recommended, That a Joint Meeting be called in Chicago, December 10th, 1902, of the St. L. C. L. Freight Committee, Chicago & Ohio River Committee, and the Peoria Eastbound Lines, for the purpose of revising the rates between the various points, under the jurisdiction of those committees. Said meeting to be held at the Central Freight Association Committee Rooms, at 10 A. M." Letter closes by calling on members to attend.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 268."

Plaintiff offers in evidence Circular Letter No. B-56, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., December 1st, 1902; File B-450; addressed to members of the St. L. C. L. Freight Committee; relative to whiskey rate from points in defined territory to Arkansas points; and stating that, as instructed at meeting November 25th, Fraser gives copy of correspondence and notices issued by Chairman Arkansas Freight Committee; followed by letters in reference to adjustment in division of rates between

two committees in territory east and west of the Mississippi River.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 269."

Plaintiff offers in evidence Circular Letter No. B-55, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., November 26th, 1902; File B-447; addressed to members of the St. L. C. L. Freight Committee; stating that, as instructed at meeting Nov. 25th, Fraser gives copy of proceedings of Conference Meeting November 10th, and report of Sub-committee appointed at meeting October 22nd. Proceedings of Conference of Sub-committee appointed by the St. L. C. L. Freight Committee, with representatives of Indian and Oklahoma Territory lines, to consider the question of rate adjustment on classes and commodities from Louisville, Ky., to Indian and Oklahoma Territories, vs. Moline and Rock Island, and basis for dividing the same followed by list of roads represented. Stating that meeting convened November 10th; Mr. Hart acting as Chairman of Sub-committee, explained that the conference was held in an endeavor to place Louisville on a parity with Moline and Rock Island and other Upper Mississippi River points, particularly on agricultural implements, the manufacturers at Louisville being discriminated against in that rates from Louisville to Indian and Oklahoma Territories are made on combination of locals or differentials basis over St. Louis rates; whereas Moline and Rock Island manufacturers enjoy the same rates that are in effect from St. Louis; and that if a satisfactory rate adjustment could be reached, Louisville-St. Louis lines would be prepared to agree to a fair and equitable basis of divisions.

It was stated by Mr. Leland that until recently the Indian and Oklahoma Territory lines received very little encouragement in the matter of placing Louisville on a more

favorable basis, in that there was until lately no basis for dividing rates in effect via this gateway, except by allowing lines east of East St. Louis their locals, and that any reduction in rates from Louisville to Indian and Oklahoma Territories was necessarily out of the proportion of the Western roads. The matter has been under consideration on the part of the St. L. C. L. Frt. Committee for many months, and no action taken to provide provisions by lines, members of that committee, until the Southern Ry. established divisions on a basis of 20 and 80 per cent east and west of East St. Louis respectively. The representatives of the Western Lines stated that Louisville should be placed on a parity with Rock Island and Moline, not by reducing rates from Louisville, but by advancing rates from Moline and Rock Island, and they suggested that if the St. Louis-Louisville lines would establish divisions on basis of 20 and 80 per cent respectively, east and west of St. Louis, on which to divide rates that are now in effect, or those that might be established later on, it might lead to Louisville being placed on a parity with Moline and Rock Island.

In a supplementary letter addressed to the members of the St. L. C. L. Frt. Committee, Mr. Hart acknowledges receipt of letter from Mr. Leland, A. G. F. A. M. K. & T. Ry., noting copy of proceedings of meeting of Sub-committee of the St. L. C. L. Frt. Committee with representatives of Indian and Oklahoma Territory lines, and stating that the last sentence of report is not correct, and should read that "they individually suggested that if the St. Louis-Louisville lines established divisions on basis of 20 and 80 per cent, respectively east and west of St. Louis, on which to divide rates that are now in effect, or those that may hereafter be established, it would have a beneficial effect on the proposition under discussion." Then follows report of the Sub-Committee, dated November 24th, 1902, with the following motion:

"Moved, That we submit copy of proceedings of the Conference held November 10th, between representatives of the Indian and Oklahoma Territory lines and the Sub-Committee appointed by the St. Louis-Cincinnati-Louisville Freight Committee; and

Recommend: That divisions be established with the Indian and Oklahoma Territory lines on basis of 20 and 80 per cent, respectively, east and west of East St. Louis, on traffic from Louisville, New Albany, and Jeffersonville; provided that the Indian and Oklahoma Territory lines will, not later than January 1st, 1903, establish the same rates from Louisville, Jeffersonville and New Albany as are in effect from Moline and Rock Island.

Letter closes with request from Fraser that the roads consider the matter, with a view to final action at their next meeting.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 270"—consisting of three pages.

Plaintiff offers in evidence Circular Letter No. B-54, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., November 22nd, 1902; File B-452; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-53, November 12th, 1902, regarding rates and minimum carload weights on castor oil, in wood. Letter states that Fraser received replies from members to the effect that they are applying Official Classification rating, that is 5th class, 15 cents per 100 lbs., as per I. C. C. B-31, on this traffic between East St. Louis, Cincinnati and Louisville.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 271."

Plaintiff offers in evidence Circular Letter No. B-53, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo.,

November 12th, 1902; File B-452; addressed to members of the St. L. C. L. Freight Committee; stating Mr. Fraser is in receipt of following letter from a member:

"Please address a circular letter to all members of the St. L. C. L. Frt. Committee, with a view of ascertaining what rates are being protected on caster oil, in wood, carloads, East St. Louis to Louisville and Cincinnati. This commodity is shown in your Joint Tariff, but rate is omitted. We understand 5th class rate, 15 cents, should be applied."

Fraser closes by asking the roads to advise what rates they are applying on above commodity.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 272."

Plaintiff offers in evidence Circular Letter No. B-52, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., October 23rd, 1902; File B-450; addressed to members of the St. L. C. L. Freight Committee; stating that at meeting of Oct. 22nd action was taken as follows; in regard to whiskey from points in defined territory to Arkansas points:

"Moved, That the subject be referred to the Committee having under consideration the subjects of Rates, Cincinnati, Louisville, etc., to Springfield, Mo., Traffic Louisville to Oklahoma and Indian Territory; in the mean time the Chairman to issue Circular Letter sending copy of the correspondence to all members of the Committee, with the request that they advise Mr. Hart before the 10th of November, their views on the subject."

In accordance with the above, Mr. Fraser states that he gives copy of the papers referred to Then follows a letter from Mr. G. W. Cale, Chairman Arkansas Freight Committee quoting therefrom. Mr. Fraser then gives result of

conference held at the Louisville Hotel, Louisville, Ky., May 6th, 1898, at which the following agreement was reached, covering rates from points east of the Mississippi River to Arkansas territory.

"Resolved: That through rates from Cincinnati, Louisville, Evansville, Cairo and Paducah and from points north of the Ohio River and east of the Mississippi River and west of the so-called Seaboard territory, be established to Arkansas common points, using the same scale of differentials from the various territories with respect to the rates from St. Louis as made by Arkansas lines, as applicable on business from same points to Texas territory.

2nd: That the defined territories are to be the same as on Texas traffic, with such exceptions as it may be necessary to adopt in order to properly line up the rates.

3rd: That Arkansas points herein referred to are understood to be as follows: Little Rock, Argenta, Pine Bluff, Newport, Fort Smith, Van Buren, Brinkley and Forrest City.

4th: That the through rates so established be divided as follows: (Then ensues copy of rates established).

On business originating north of the Ohio River and east of the Mississippi River, the local rates or lower obtainable arbitraries or percentage divisions from points of origin to the Ohio River crossings through which the traffic moves, to be deducted and the remainder pro-rates on the percentages mentioned in the foregoing.

That through rates from Ohio River and other River crossings named, and from points north of the Ohio and east of the Mississippi River, and their respective territories, to points in the State of Arkansas not mentioned in the foregoing, to be made on the same differential scale as that applied on traffic to Arkansas common points herein

enumerated; that in dividing such rates the lines west of Memphis to be allowed their full locals.

This agreement to take effect June 1st, 1898."

The letter of Mr. Fraser closes by requesting the members to promptly advise Mr. Hart of their views on said subject before November 10th.

Above exhibit, consisting of three pages, is marked Plaintiff's Exhibit Fraser No. 273."

Plaintiff offers in evidence Circular Letter No. B-51, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., October 4th, 1902; File B-317; addressed to members of the St. L. C. L. Freight Committee; stating Mr. Fraser is in receipt of letter from member as follows:

"It is our desire that you submit to the Committee proposition for amendment to be issued to our St. L. C. L. Tariff, including among articles taking lumber rate, vehicle stock or stuff, including felloes and spokes in the white; also hubs and spokes, sawed and turned into shape, also tennoned spokes and hubs, not further finished than bored, mortised and primed (which, under Official Classification, take 5th class or lower), minimum weight 30,000 lbs.

We make the above application for the reason that the individual lines publish lumber rates on these articles to Cincinnati, Ohio and other C. F. A. territory. The rate to Cincinnati would fix the rate to Louisville and points taking the same basis. Will you please submit the matter promptly."

Mr. Fraser then states that the list of articles on which lumber rates would apply are the same authorized by C. F. A. Information No. 1878, December 5th, 1899; and then asks the members as to whether the amendment should be

issued to I. C. C. Tariff No. B-31, adding above mentioned commodities to the list of articles taking lumber rates.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 274."

Plaintiff offers in evidence Circular Letter No. B-50, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., September 30th, 1902; File B-419; addressed to members of the St. L. C. L. Freight Committee; stating that at meeting held in Cincinnati, 24th inst., the following was adopted, (See Proceedings No. 16):

"Resolved, That the Chairman appoint a Special Committee of three to consider the abrogation not later than Dec. 31st, 1902, of all unauthorized rates and the revision of low authorized rates, the Committee to report at the meeting in St. Louis October 22nd, 1902."

Then follows names of Committee. Fraser then asks members to please forward at once copy of all individual tariffs now in effect, issued by the respective roads, applying on traffic between East St. Louis, Cincinnati, Louisville, etc., which tariffs are asked for to enable Special Committee to make a full and complete report.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 275."

Plaintiff offers in evidence Circular Letter No. B-49, signed "R. M. Fraser, Chairman; dated St. Louis, Mo., September 18th, 1902; File A-49; addressed to members of the St. L. C. L. Freight Committee; stating Mr. Fraser is in receipt of letter from member, saying that the Southern Ry. has under consideration the adoption by its lines of the following rate: 15 cents per 100 lbs., minimum 24,000 lbs., on some thirty cars of dismantled machinery and wood stock, from Cincinnati to Evansville; giving list of articles

to be shipped; and saying that the road asks that this matter be submitted to the other members for their consent to make the above rate; and Fraser asks for prompt reply from the members.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 276."

Plaintiff offers in evidence Circular Letter No. B-48, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., September 8th, 1902; File B-443; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-46, dated September 3rd, making application for free return of horses and traps exhibited at the Louisville Horse Show, to be held at Louisville, Ky.; and notifying the members that after investigation the roads, members of the Committee, advise that it has been decided not to make effective the proposition for free return of horses and traps, as requested.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 277."

Plaintiff offers in evidence Circular Letter No. B-47, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., September 6th, 1902; addressed to members of the St. L. C. L. Freight Committee; File B-322; stating that Fraser is in receipt of the following letter:

"Louisville, Ky., Sept. 5, 1902.

Mr. R. M. Fraser, Chairman, St. Louis, Mo.

Dear Sir:—Please refer to your Circular Letter B-41, File B-322, transmitting information that the Southern Ry. would establish a rate of 8 cents per 100 lbs. on tobacco leaf, in hhds., from East St. Louis to Louisville.

I am in receipt of Mr. Campbell's tariff, which reads 'Tobacco, unmanufactured, any quantity.' I am also in receipt of a communication from Mr. Campbell, in which he

admits that he is applying this rate on tobacco stems, stating that tobacco stems is no more than unmanufactured tobacco, and that he is therefore justified in applying the tobacco rate.

I think this information should be given to the Committee. Yours truly,

(Signed) L. J. Irwin, G. F. A."

Mr. Fraser then states that the Henderson Route Notice making rate on unmanufactured tobacco, was transmitted in Circular Letter March 31st, and Southern Ry. Notice making same rate was transmitted in Circular Letter August 20th. All of which is given to the members for their information.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 278."

Plaintiff offers in evidence Circular Letter No. B-46, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., September 3rd, 1902; File B-443; addressed to members of the St. L. C. L. Freight Committee; stating that Fraser is in receipt of letter from member in reference to rate adjustment on horses for Louisville Horse Show; and saying the Southern Railway has under consideration the adoption by its line of rates on horses and traps, East St. Louis to Louisville, and asking for the views of other lines, based on this information, as quickly as possible, by Circular Letter; and also stating that the Henderson Route, and the B. & O. S. W. are in favor of the proposition; and letter closes by asking the members to advise whether or not they are in favor of change in tariff.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 279."

Plaintiff offers in evidence Circular Letter No. B-45, signed "R. M. Fraser, Chairman;" and dated St. Louis,

Mo., September 3rd, 1902; File B-442; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-40, August 21st, in reference to proposition to establish rate of 26 cents per 100 lbs. on wool, C. L., Rule 5-C Official Classification not to apply; that interested roads, having expressed themselves favorably on the proposition, Amendment to Joint Tariff I. C. C. No. B-31, would be issued at an early date, making rate apply from East St. Louis to Cincinnati and Louisville.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 280."

Plaintiff offers in evidence Circular Letter No. B-40, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., August 18th, 1902; File B-373; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-38, August 12th, regarding proposition to establish rates on sulphuric or muriatic acid, in tank cars, of ten cents per 100 lbs., and that interested roads favored the proposition and that tariff, as amended, is now in the hands of the printer, and will be issued soon.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 281."

Plaintiff offers in evidence Circular Letter No. B-39, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., August 15th, 1902; File B-354; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-30, July 25th, regarding rate on mules, East St. Louis to Louisville; also Circular Letter No. B-35, July 31st, advising that the roads individually had decided not to make the rate effective; states receipt on the 14th, of letter dated 11th, File I-3011, from G. F. A., L. H. & St. L. Ry., indicating that he is somewhat disappointed at the action of the Committee in declining the application for same rate on

mules, East St. Louis to Louisville, as applies to cattle; stating that he does not believe that a reduction of rate on mules, East St. Louis to Louisville, would affect the rate in any other territory; and his road has decided to issue, effective August 20th, an individual rate of 15 cents per 100 lbs. on mules, C. L., minimum as per Official Classification. All of which is for the information of the members of the Committee.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 282."

Plaintiff offers in evidence Circular Letter No. B-38, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., August 12th, 1902; File B-373; addressed to members of the St. L. C. L. Freight Committee; saying Frasier is in receipt of letter from member, stating that rate on sulphuric and muriatic acid, in tank cars, from Chicago to Jeffersonville, New Albany, and Cincinnati, is ten cents per 100 lbs.; and that it is customary to apply the same rates from East St. Louis to Louisvile and Cincinnati as are in effect from Chicago to the North bank of the Ohio River, and proposing the establishment of rate of 10 cents per 100 lbs. on above commodities from East St. Louis to Louisville and Cincinnati and points beyond, usually taking same rates; and asking that Fraser submit the matter to the lines interested for an expression of their views. The letter then quotes present rates, and gives the Chicago rate to Ohio River crossings, and asks the views of members.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 283."

Plaintiff offers in evidence Circular Letter No. B-37, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., August 8th, 1902; Fife B-332; addressed to members of

the St. L. C. L. Freight Committee; referring to Circular Letter No. B-33, dated July 29th, application for rate of 25 cents per 100 lbs. on domestics, L. C. L., from East St. Louis to Louisville; and stating that after further investigation the roads interested individually advise that it has been decided not to make effective the rate proposed in Circular above referred to.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 284."

Plaintiff offers in evidence Circular Letter No. B-36, signed "R. M. Fraser, Chairman;" and dated St. Louis, Mo., August 4th, 1902; File B-397; addressed to members of the St. L. C. L. Freight Committee; giving copy of letter in reply to Circular Letter No. 32, July 28th, 1902, which letter is signed by L. J. Irwin, G. F. A., and refers to division of rates through other gateways than St. Louis, on Texas and Southwestern business; and Fraser closes by stating that the subject has been referred to a Sub-committee in regard to rate adjustment on agricultural implements to Indian and Oklahoma Territories, as against the Moline and Rock Island gateways; and asks that the subject of percentages be considered by the members.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 285."

Plaintiff offers in evidence Circular Letter No. B-35, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., July 31st, 1902; File B-354; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-30, July 25th, application for rate of 15 cents per 100 lbs. on mules, C. L., from East St. Louis to Louisville; stating that after further investigation, the roads interested individually advise that it has been decided not

to make effective the rates proposed in the circular above referred to.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 286."

Plaintiff offers in evidence Circular Letter No. B-34, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., July 30th, 1902; Files B-305, 377, and 394; addressed to members of the St. L. C. L. Freight Committee; stating that Fraser is in receipt of C. F. A. Information Circulars which name rates as follows: C. F. A. Information No. 3504 naming proportional rate on asphalt rock, etc.; C. F. A. Information No. 3571, naming rate of 25 cents per 100 lbs. on grapes in boxes, etc.; C. F. A. Information No. 3577, naming rate of 9 cents per 100 lbs. on bones, C. L., from East St. Louis to Cincinnati; and letter closes by asking whether or not Fraser shall publish in the next issue of the St. L. C. L. Freight. Committee tarriffs the above named rates, as fixed by the C. F. A.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 287."

Plaintiff offers in evidence Circular Letter No. B-33, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., July 29th, 1902; File B-332; addressed to members of the St. L. C. L. Freight Committee; announcing receipt of letter from member to the effect that it is their understanding that shipments of domestics in bales from East St. Louis to Louisville are being handled at 25 cents per 100 lbs., or the present rate applying on cotton sheeting, duck and drilling, as named in I. C. C. B-28; and in order to have the tariffs cover the application of this rate, Fraser is requested to submit to the members of the Committee proposition to apply commodity rate of 25 cents per 100 lbs. on

domestics, East St. Louis to Louisville; Fraser's letter asks for views concerning the proposition.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 288."

Plaintiff offers in evidence Circular Letter marked "Important," signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., March 31st, 1902; File B-429; addressed to members of the St. L. C. L. Freight Committee; quoting copy of letter from a member, stating that Amendment 9 to Joint Commodity Tariff, Wabash—22640, carries rate of 11 cents per 100 lbs. on sublimed lead, C. L., East St. Louis to Cincinnati and Louisville; stating that Fraser's letter of March 22nd, File 4122-E, as Chairman of the St. Louis Eastbound Freight Committee, practically authorized publishing the same, but it seems, as far as the two points mentioned are concerned, the question is one for Fraser to act upon, and if rate is approved by lines interested, to correct joint tariffs to correspond. Fraser then states that at meeting March 4th the St. Louis Eastbound Freight Committee requested authority from the Central Committee to publish the rate in Wabash tariff; and on March 13th the Central Committee recommended that tariffs should be published covering the specific rates from East St. Louis to specific points named only; each road to issue the tariff and file it with the Interstate Commerce Commission. Fraser then states that the printer has copy for revised tariff covering the changes mentioned, adding that he will include sublimed lead, unless votes to the contrary are received from four or more members not later than Wednesday, March 5th.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 289."

Plaintiff offers in evidence Circular Letter No. B-32, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., July 28th, 1902; File B-397; addressed to members of the St. L. C. L. Freight Committee; announcing receipt of letter from R. A. Campbell, A. G. F. A., dated July 26th, 1902, referring to rate adjustment, rates and divisions to Indian and Oklahoma Territories; indicating that this question was continued on the docket at last meeting of the St. L. C. L. Freight Committee, but to date the Chairman of the Sub-committee has made no request for a meeting; advises that the Southern Railway gives notice of its intention to establish percentages from Louisville to points in Indian and Oklahoma Territories, of rates published as per Indian and Oklahoma Territory Tariff No. 90, effective at once; indicating that it is justified in this action, not only on account of delay on the part of the Sub-committee in calling a conference, but on account of divisions being now in effect through other gateways. At meeting January 22nd, 1902, this subject was referred to Sub-committee, and was brought up at meetings of March 26th and May 28th, and it was suggested that the matter be continued, and the Committee given further time to report.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 290."

Plaintiff offers in evidence Circular Letter No. B-31, signed "R. M. Fraser, Chairman"; dated St. Louis, Mo., July 26th, 1902; File B-383; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-27, July 14th, regarding Missouri Pacific Division Sheet No. 1, to Arkansas Freight Committee Tariff No. 3, in reference to rates and divisions on traffic from Arkansas via East St. Louis to Cincinnati, Louisville, and points beyond; giving quotations from letters from different roads, in reply to inquiries as to whether or not they

were accepting division of rates over Missouri Pacific lines, in which replies the roads generally state that they are adhering strictly to the legislation of the St. L. C. L. Freight Committee in the matter of these divisions, and that they are not acting on the tariff sheet issued by the Missouri Pacific for division of business.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 291."

Plaintiff offers in evidence Circular Letter No. B-29, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., July 25th, 1902; File B-431; addressed to General Freight Agents and Acting General Freight Agents of the following roads: B. & O. S. W.; C. H. & D. Ry.; C. C. C. & St. L. Ry., Illinois Central R. R.; T. H. & I. R. R.; Southern Ry.; C. & A. Ry.; L. H. & St. L. Ry.; P. C. C. & St. L. Ry., entitled "Articles of Organization." "In accordance with instructions at meeting June 25th, 1902, (See Proceedings No. 15, page 4) as follows:

'If approved and signed by all members, the Chairman to then distribute copies to all Freight Traffic Officials of the roads, members of the Committee.'

The Articles of Organization, effective May 1st, 1902, having been approved and signed by the official representative of each of the roads, members of the Committee, I send you herewith one copy for your file."

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 292."

Plaintiff offers in evidence Circular Letter No. B-28, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., July 15th, 1902; File B-351; addressed to members of the St. L. C. L. Freight Committee; referring to action of the Rock Island and M. K. & T. R. R., fixing minimum carload weight of 30,000 lbs., from Oklahoma and Indian

Territory points to Cincinnati and Louisville, on commodities named; and stating that Fraser has called attention of the roads above named to the fact that their Joint Tariffs so issued are not in accordance with the action of the St. L. C. L. Freight Committee, and that said roads must make their minimum weight in accordance with the authority granted, which named carload minimum weight capacity of car.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 293."

Plaintiff offers in evidence Circular Letter No. B-27, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., July 14th, 1902; File B-383; addressed to members of the St. L. C. L. Freight Committee; announcing receipt of letter from member, calling attention to Missouri Pacific Division Sheet No. 1, to Arkansas Freight Committee Tariff No. 3. A great many rates are carried therein from Arkansas points to Cincinnati and Louisville, in the division of which lines east of East St. Louis have been allowed forty per cent of the Little Rock rate. It develops that Mo. Pacific Percentage Sheet No. 465, of May 10th, 1901, covers this arrangement; but it is evident that these divisions are unauthorized. He is also informed that individual lines have given the Mo. Pacific notice that they would participate in the above mentioned division on class and commodities, that is, accept forty per cent of the Little Rock rate, east of East St. Louis, on the traffic in question; and indicates that there is some misunderstanding in the matter.

Fraser states that reference to Proceedings No. 4, page 2, February 27th; No. 5, page 1, April 24th; No. 7, pages 1 and 2, September 25th; and No. 8, pages 1 and 2, October 23rd, 1901, will show that all through rates, divisions and percentages on northbound traffic were cancelled, ex-

cept on cotton seed products. And asks the roads to please advise whether or not they are adhering strictly to the legislation referred to above; and if not, to explain the reasons for doing otherwise, and a prompt reply is requested.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 294."

Plaintiff offers in evidence Circular Letter No. B-26, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., June 27th, 1902; File B-310; addressed to members of the St. L. C. L. Freight Committee; referring to controversy between the St. L. C. L. Freight Committee and the Southwestern Tariff Committee, of which Mr. Cale is Chairman, as to divisions of rates on business at points in territory of the St. L. C. L. Freight Committee, and Texas common points; objecting to the same on the part of the St. L. C. L. Freight Committee, and saying that the divisions mentioned have not been authorized by the St. L. C. L. Freight Committee; and correspondence closes with a letter from Mr. Fraser to Mr. Cale, dated June 26th, 1902, quoting instructions given by the members of the St. L. C. L. Freight Committee, at Louisville, as follows:

"The lines, members of the St. L. C. L. Freight Committee will not concur in the divisions of rates between Cincinnati and Louisville and Texas common points, via East St. Louis, promulgated by the Southwestern Tariff Committee, unless they shall have been previously submitted to the Committee.

This action shall not be construed to effect divisions now in effect."

Mr. Cale then writes Mr. Fraser that he will submit the matter to his Committee.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 295."

Plaintiff offers in evidence Circular Letter No. B-25, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., June 16th, 1902; File B-333; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-24, June 10th, application for proportional rate on hay, East St. Louis to Cincinnati and Louisville; advises that as two-thirds of the members did not vote in favor of the proposition, Joint Proportional Tariff I. C. C. B-99 will not be amended. This is all for the information of the members.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 296."

Plaintiff offers in evidence Circular Letter No. B-24; signed "R. M. Fraser, Chairman"; dated St. Louis, Mo., June 10th, 1902; File B-333; addressed to members of the St. L. C. L. Freight Committee; being application for proportional rate on hay, C. L., East St. Louis to Louisville and Cincinnati; stating that Fraser is in receipt of letter from member, saying that member desired to make application for proportional rate of 10 cents per 100 lbs. on hay, East St. Louis, to Cincinnati, where commodity originated in the West; and asking that this matter be submitted to the members, requesting their vote on the proposition by letter, and that Fraser advise the result. Fraser then asks for vote on the proposition, accordingly, saying that if two-thirds of the members vote in the affirmative, amendment to Joint Tariff will be issued.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 297."

Plaintiff offers in evidence Circular Letter No. B-23, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., June 4, 1902; File B-304; addresed to members of the St. L. C. L. Freight Committee; stating that at a meeting held

in Fraser's office on April 17th, the Articles of Organization of this Committee were revised, and printed copies sent April 18th to representatives of each line for signature; and a signed copy of the paper has been returned by all members except two. One is delayed by absence of an official whom it is deemed necessary to consult; the other is the I. C. R. R., who have returned the paper with the following letter from their General Counsel:

"Chicago, May 24, 1902.

St. Louis-Cincinnati-Louisville Frt. Committee,

Mr. T. J. Hudson, Traffic Manager:

Dear Sir—In reply to yours of May 17th, 1902, in the above matter, with enclosures which I herewith return, I have to say that while I cannot say that the articles are unlawful, yet they appear to me to be open to criticism.

The first article provides for a conference in regard to 'divisions of through rates, statistics, classifications, rules, regulations,' etc. Under classification very serious changes are made in rates.

Any articles of association providing for a vote upon any question which may result in an unlawful agreement are at present dangerous. Although the parties reserve the right to individual action, if they actually agree by a vote then and there to do something which is in violation of the Sherman Act, the offense might be complete. The reservation of the right to depart from the agreement would not remove the objection to the fact that there was an agreement. If you take Article I above referred to, in connection with Article V, what I have said becomes apparent to you. I therefore suggest that Article V be amended to read as follows:

(Here the writer sets forth the proposed amendment to Article V).

For ready reference the letter gives copy of Article I,

also Article V and Article VI. Fraser asks the members of the Committee to please give this subject due consideration, and advise him of their conclusions, and be prepared to take action at meeting to be called at the Louisville Hotel, Louisville, Ky., June 25th, at ten o'clock, A. M., as provided for at meting May 28th (See Proceedings No. 14).

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 298."

Plaintiff offers in evidence Circular Letter No. B-22, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., June 2nd, 1902; File B-373; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-19, May 20th, 1902, in regard to proportional rates on sulphuric acid, Iola, Kansas, to Louisville, via East St. Louis; and notifying members Fraser is in receipt of Amendment No. 1 to Mo. Pacific Ry. Tariff No. I. S. 10004-A, effective June 3rd, 1902, correcting minimum weight.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 299."

Plaintiff offers in evidence Circular Letter No. B-21, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., May 31st, 1902; File B-377; addressed to members of the St. L. C. L. Freight Committee; indicating that at meeting of the 28th, a member stated that he had information that some of the roads were carrying asphaltum and tar paving cement, Jeffersonville to East St. Louis, at rate of 7 cents per 100 lbs., and suggested that the roll be called to ascertain if any of the lines were applying less rate than 11 cents on asphaltum or paving cement. In accordance with the above, roll was called, and all roads stated that they were demanding 11 cents per 100 lbs. on the commodities in ques-

tion; and it was recommended that the Chairman be instructed to make an investigation and report at next meeting. Fraser accordingly asks to be advised whether the commodities named have been transported, C. L., at less than 11 cents per 100 lbs.; and if so, if the rate of 11 cents would be adhered to on future shipments.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 300."

Plaintiff offers in evidence Circular Letter No. B-20, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., May 31st, 1902; File B-345; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-16, May 10th, with reference to proportional rate on turpentine from South Atlantic Ports, via Louisville, Ky., to East St. Louis, when destined to Colorado and Utah points. Letter advises members that as two-thirds of the members did not vote in favor of the proposition, Joint Proportional Tariff I. C. C. B-29 will not be amended. This is for the information of the members.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 301".

Plaintiff offers in evidence Circular Letter No. B-19, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., May 20th, 1902; File B-373; addresed to members of the St. L. C. L. Freight Committee; referring to meeting held April 17th, in regard to application for proportional rate on sulphuric acid, in tank cars, Iola, Kansas to Louisville. Advises that Fraser is in receipt of Missouri Pacific R. R. Tariff No. I S-10004, issued May 9th, effective May 14th, naming through rate of 22 cents per 100 lbs., on sulphuric acid, in tank cars, from Iola, Kansas, via East St. Louis, to Louisville, Ky. Also Division Sheet No. 1 to Tariff I.

S-10004 issued May 15th, effective May 15th, showing proportions, to East St. Louis 11½ cents, East St. Louis to Louisville 10½c, per 100 lbs.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 302."

Plaintiff offers in evidence Circular Letter No. B-18, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., May 15th, 1902; File B-328; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letters No. B-11, dated May 1st, and B-14, dated May 7th, regarding proportional rate on cotton seed oil, and advising members that, as two-thirds of the members did not vote in favor of the proposition to amend Joint Proportional Tariff I. C. C. B-29, the amendment would not be issued. This is given for the information of the members.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 303."

Plaintiff offers in evidence Circular Letter No. B-17, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., May 14th, 1902; File B-416; addressed to members of the St. L. C. L. Freight Committee; announcing receipt of letter from member, in regard to Official Classification giving present rating on wooden packing drums, C. L., minimum weight 10,000 lbs., and loaded in cars not exceeding 36 ft. in length, as third class, as against 4th class rating on barrels, etc. The object of the letter is to make application for the publication of commodity rates on empty packing drums, and member asks that matter be submitted to interested lines, and that he be advised as quickly as possible. Fraser asks for vote on the above proposition, and states that if two-thirds vote in favor, the amendment will be issued.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 304."

Plaintiff offers in evidence Circular Letter No. B-16, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., May 10th, 1902; File B-435; addressed to members of the St. L. C. L. Freight Committee; stating that Fraser is in receipt of the following letter, May 9th, from G. F. A. B. & O. S. W. R. R.:

"In order to equalize through rates on turpentine from South Atlantic Ports to Colorado and Utah common points, via Louisville, with through rates that can be made via other gateways a proportional rate of 8 cents per 100 lbs. is necessary from Louisville to East St. Louis, present rate being 10 cents per 100 lbs., and we would ask that you kindly consider this as an application for authority to use proportional rate of 8 cents per 100 lbs. on this business.

"This rate is concurred in by the L. H. & St. L. and Southern Ry., but views of other lines have not as yet been obtained on the proposition.

"Will you kindly submit for vote, in the usual manner?"

Fraser then asks for vote on the above proposition, and states that if two-thirds vote in the affirmative, the amendment will be issued, naming rate on turpentine, C. L., in tanks or barrels, minimum weight in wood 30,000 lbs., in tanks, capacity of tank, 8 cents per 100 lbs., Louisville to East St. Louis.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 305."

Plaintiff offers in evidence Circular Letter No. B-15, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., May 9th, 1902; File B-376; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. 9, April 23rd, 1902, regarding rate on glass sand, East St. Louis to New Albany, Ind. Fraser announces receipt of Missouri Pacific Tariff No. I. S.-9,969, effective May 3rd, 1902, in connection with the Southern Ry. via

East St. Louis, naming rate on sand, minimum weight 33 tons, from Silica and Pacific, Mo., to New Albany, $1.10 per ton.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 306."

Plaintiff offers in evidence Circular Letter No. B-14, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., May 7th, 1902; File B-328; addressed to members of the St. L. C. L. Freight Committee; stating that members are requested to cancel Fraser's Circular Letter No. B-12, dated May 5th, 1902; also asking vote from members that have not already voted, on proposition to publish proportional rate of 5 cents per 100 lbs. on cotton seed oil, from Louisville to East St. Louis, as requested in Circular Letter No. B-11, dated May 1st.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 307."

Plaintiff offers in evidence Circular Letter No. B-13, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., May 6th, 1902; File B-434; addressed to members of the St. L. C. L. Freight Committee; announcing receipt of letter advising of prospective movement of crushed granite from East St. Louis to Louisville, Ky., in very large quantities. The present rate is $1.75 per ton, and member feels that the traffic should not be more than authorized on chatts, $1.50 per ton; and therefore makes application for rate of $1.50 per ton, minimum marked capacity of car, but not less than 40,000 lbs., East St. Louis to Cincinnati and Louisville. Fraser asks for vote on above proposition; and if two-thirds vote is in affirmative, amendment to Joint Tariff No. B-28 will be issued.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 308."

Plaintiff offers in evidence Circular Letter No. B-12, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., May 5th, 1902; File B-328; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. 11, dated May 1st, regarding proportional rate on cotton seed oil, Louisville to East St. Louis; and notifying members that the Illinois Central R. R. has notified Fraser of correction of error in published rate on cotton seed oil, C. L., East St. Louis to Louisville.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 309."

Plaintiff offers in evidence Circular Letter No. B-11, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., May 1st, 1902; File B-328; addressed to members of the St. L. C. L. Freight Committee; announcing receipt of letter from member to the effect that the Illinois Central publishes a rate on cotton seed oil of 5 cents from Louisville to East St. Louis, effective April 28th; and asks vote as to whether or not the Chairman shall correct his tariff to correspond. Fraser requests vote on above proposition, and states that if two-thirds of the members vote in the affirmative, amendment will be issued.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 310."

Plaintiff offers in evidence Circular Letter No. B-10, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 29th, 1902; File B-433; addressed to members of the St. L. C. L. Freight Committee; referring to Circular Letter No. B-8, April 22nd, as to application for carload rate on boots and shoes from Jeffersonville to East St. Louis; and stating that this is to advise that as two-thirds of the members did not vote in favor of the proposition, it is declared lost.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 311."

Plaintiff offers in evidence Circular Letter No. B-9, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 23rd, 1902; File B-676; addressed to members of the St. L. C. L. Freight Committee; announcing receipt of letter from R. A. Campbell, A. G. F. A., in regard to rate adjustment on glass sand from East St. Louis to New Albany; referring to notice given of intention to put into effect a rate of $1.10 per ton, and stating that said notice should be cancelled. Chairman Fraser advises that notice referred to was omitted from the proceedings, on receipt of "phone" from A. G. F. A. Campbell.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 312."

Plaintiff offers in evidence Circular Letter No. B-7, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 18th, 1902; File B-431; addressed to members of St. L. C. L. Freight Committee; notifying members of resolution passed by Committee defining jurisdiction of the St. L. C. L. Freight Committee over traffic as to interior points south of the Ohio River, Kentucky, Tennessee or the Southeast, and East St. Louis or East St. Louis points, or traffic beyond through those points, where through rates are not based on combination of locals through Louisville or Cincinnati, but are established by Southern Lines having their own rails to the Mississippi River.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 313."

Plaintiff offers in evidence Circular Letter signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 11th, 1902; File B-304; addressed to members of the St. L. C. L. Freight Committee; requesting members to attend meeting of the Committee at the office of the Chairman, on April 17th, at 10:30 a. m., to consider and act upon changes in Articles of Organization, in accordance with letter from D.

T. McCabe, Freight Traffic Manager, in regard to the Articles of Organization of the St. Louis-Cincinnati-Louisville Freight Committee; comprising the B. & O. S. W., C. C. C. & St. L., C. H. & D., I. C., I. D. & W., L. E. & St. L. C. (now Southern Ry.), L. H. & St. L., P. C. C. & St. L., T. H. & I., and T. St. L. & K. C. (now T. St. L. & W.); which became effective as of December 28th, 1898; suggesting modifications in Articles of Organization, as set out; and asks that Committee be convened and the foregoing submitted for their consideration, as he feels that these amendments are necessary in order to enable the P. C. C. & St. L. Ry. to retain its membership in the Committee. The Chairman announces that it is also desirable that the Special Committee should be prepared to complete their report regarding Louisiana traffic, and make any other changes, so that the Articles of Organization may be printed complete.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 314," and consists of two pages.

Plaintiff offers in evidence Circular Letter No. B-6, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 8th, 1902; File B-383; addressed to members of the St. L. C. L. Freight Committee; notifying them that Fraser is in receipt of letter dated April 7th from a member, with reference to changing rate on sulphuric acid, tank cars, Iola, Kansas, to Louisville, Ky., and asking that the proposition be submitted to members of the St. L. C. L. Freight Committee, and wire vote secured as quickly as possible. Mr. Fraser's letter then states the existing tariff, and asks vote as to whether or not members of the Committee approve the through rate and divisions 19 cents, and stating that if two-thirds of the members vote in the affirmative, action will be taken accordingly.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 315."

Plaintiff offers in evidence Circular Letter No. B-5, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 8th, 1902; File B-390; addressed to members of the St. L. C. L. Freight Committee; referring to attached Special Notice, and asking for votes as to whether the members desire the rate published, stating that if two-thirds vote in favor of the proposition, Amendment to Joint Tariff No. B-28 will be issued accordingly.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 316."

Plaintiff offers in evidence Circular Letter No. B-4, signed "R. M. Fraser, Chairman;" addressed to members of the St. L. C. L. Freight Committee; dated St. Louis, Mo., April 7th, 1902; File B-423; stating that Mr. Fraser is in receipt of letter from member asking that rate on chatts, C. L., East St. Louis to Cincinnati, be made same as now exists from East St. Louis to Jeffersonville, New Albany and Louisville, that is, $1.50 per net ton; and asking for vote on same.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 317."

Plaintiff offers in evidence Circular Letter No. B-3, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 3rd, 1902; File B-305; addressed to members of the St. L. C. L. Freight Committee; attaching copy of St. Louis Eastbound Freight Committee Circular No. 3, April 3rd, File 4107, giving information as to rates on bulk salted meats and packing-house products, C. L. Missouri River to C. F. A. points; advising that members of the St. L. C. L. Freight Committee should attend this meeting, to see that rates via East St. Louis to Cincinnati and Louisville, etc., are made on a proper basis.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 318."

Plaintiff offers in evidence Circular Letter No. B-2, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 2nd, 1902; File B-314; addressed to members of the St. L. C. L. Freight Committee; referring to rate on whiskey, in wood. For the information of the members, Fraser gives copy of letter of March 31st, File 9007, from Chairman C. F. A., in answer to letter authorized at meeting of March 26th, as follows:

"I am in receipt of your letter of the 28th inst., your File B-314, on the subject of the rate on whiskey, in wood, any quantity.

"This matter received the attention of the Central Committee and is yet upon its docket for final recommendation. It was decreed impossible (during this year at any rate) to advance the rate on whisky, in carloads, on acount of arrangements that forced the 30 cent rate you mention in your letter. It was further considered by the Central Committee that earnest combined efforts by all the initial roads where this consolidation was going on, would evolve some plan by which the consolidation could be put a stop to."

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 319."

Plaintiff offers in evidence Circular Letter No. B-1, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., April 1st, 1902; File B-419; addressed to members of the St. L. C. L. Freight Committee; enclosing copy of report from Special Committee, provided for in resolution on page 5, Proceedings No. 12, March 26th; also letter from G. F. A. L. & N. R. R. The Special Committee reports that they called upon Mr. D. M. Goodwyn, G. F. A. of the L. & N., on March 29th, giving that gentleman information as to the action taken at meeting referred to in regard to restoring rates on iron articles and steel articles, from Cincinnati and Newport and from New Albany, Louisville and

Jeffersonville, to East St. Louis, with the assurance that full published tariff rates would be carried by all other lines if the L. & N would take similar action. Letter is attached from Mr. Goodwyn, in which he agrees to maintain the old rate of 12 cents per 100 lbs., on iron and steel articles from Cincinnati and group to East St. Louis, on business to East St. Louis and beyond.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 320."

Plaintiff offers in evidence Circular Letter, marked "Important," signed "R .M. Fraser, Chairman;", dated St. Louis, March 31st, 1902; File B-322; addressed to members of the St. L. C. L. Freight Committee; stating that Fraser is in receipt of following telegram:

"Louisville, Ky., March 31, 02.

R. M. Fraser:

I understand a certain road out of Louisville has a contract on manufactured tobacco, Louisville to East St. Louis. To meet this condition we have decided to publish, effective on legal notice, 8 cents per 100 lbs., Louisville to East St. Louis. Will you please notify members of the Committee?

(Signed) L. J. Irwin."

Mr. Fraser states that this is sent to the members for their information.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 321."

Plaintiff offers in evidence Circular Letter signed "R. M. Fraser, Chairman;" dated St. Louis, Mo.; March 17th, 1902; File B-423; addressed to members of the St. L. C. L. Freight Committee, giving copy of letter from member, which explains itself.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 322."

Plaintiff offers in evidence Circular Letter Signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., March 13th, 1902; addressed to members of the St. Louis-Cincinnati-Louisville Freight Committee; stating that he encloses copy of letter from Mr. C. E. Fulton, Sec'y. Chicago & Ohio River Committee, dated March 12th, 1902; addressed jointly to Mr. O. G. Fetter, Chairman of the Cincinnati Committee, and Mr. R. M. Fraser, Chairman of the St. L. C. L. Freight Committee; stating that at meeting of the Louisville Committee, March 11th, the following was adopted:

"Resolved: That it is the sense of this Committee that the only practical way in which the consolidation of L. C. L. shipments of whiskey, in wood, into carloads, can be prevented, will be the adoption of one class to apply, regardless of quantity;

Resolved, That this Committee recommend to the Central Freight Association of third class rate on whiskey, in wood, any quantity."

The letter then states that the matter has been submitted to the Chicago & Ohio River Committee for concurrence, so far as pertains to third class rates from Ohio River crossings to C. & O. R. Committee points; and asking that matter be submitted to St. L. C. L. Committee. And Fraser asks the members to please let him have their vote on the proposition to submit to Mr. Fulton.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 323."

Plaintiff offers in evidence Circular Letter, marked "Important," signed "R. M. Fraser, Chairman;" dated February 10th, 1902; File B-419; addressed to members of the St. L. C. L. Freight Committee; announcing receipt of the following letter:

"St. Louis, Mo., Feb. 8th, 1902.
C-C-27

Mr. R. M. Fraser, Chairman,
St. L. C. L. Frt. Committee,
St. Louis, Mo.

Dear Sir:—Please call a meeting of the St. L. C. L. Freight Committee in St. Louis on Tuesday, the 18th, inst., to check unauthoriezd rates, and enter into an agreement similar to that made in Chicago by the C. F. A., in regard to the maintenance of rates, publishing tariffs, etc.

Yours truly,
(Signed) Edward Hart, Jr., A. G. F. A. B. & O. S. W.
R. A. Campbell, A. G. F. A., Southern Ry.

In accordance with the above, all members are urgently requested to be present or authoritatively represented at meeting on February 18th, at 10 o'clock, A. M., sharp.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 324."

Plaintiff offers in evidence Circular Letter Signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., Feb. 5th, 1902; File B-322; addressed to members of the St. L. C. L. Frt. Committee; giving copy of letter from R. A. Campbell, A. G. F. A. Southern Ry., with reference to change in rates and weights on tobacco stems, and asking members if they will agree to the change suggested.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 325."

Plaintiff offers in evidence Circular Letter, signed "R. M. Fraser, Chairman;" dated St. Louis, Mo., July 25th, 1902; No. B-30; File B-354, addressed to members of the St. L. C. L. Freight Committee; quoting letter relating to changes of rate on mules from points in Missouri to local points on the L. & N. in Kentucky, and New Orleans, of 15 cents per 100

lbs., instead of present rate of 25 cents. And Fraser asks vote of the members of the St. L. C. L. Freight Committee on the question of proposed change.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 326."

At this point a recess was taken until 2:30 o'clock, P. M.

After recess on Tuesday, November 20th, the following proceedings were had:

Plaintiff offers in evidence record of special meeting St. Louis East-bound Freight Committee, held Jan. 3, 1900, signed R. M. Fraser, Chairman.

The proceedings of this meeting disclose consideration of rates on pig lead, spelter, etc., and from East St. Louis to Eastern points; that resolution concerning same, adopted 12-27-99, was submitted to the Central Freight Association, asking that vote be taken on the proposition; and that request from Chairman Tucker of the C. F. A., was received asking the St. L. Eastbound Freight Committee to further consider the matter. After due consideration of the subject generally it was resolved as follows:

"Resolved, That at a meeting of the St. Louis Eastbound Freight Committee to-day it was the unanimous opinion that rates on pig lead, spelter, etc., on basis of 20.8 cents East St. Louis to Boston; 18.9 cents to New York; 17 cents to Philadelphia, and 16 cents to Baltimore, be established as local rates from East St. Louis, with the understanding that the rates to Seaboard Basing Points be the minimum rates to interior points east of the western termini of the Trunk Lines. All agree the loss of revenue is unfortunate, but the conditions are the result of Chicago lines protecting unauthorized rates, and St. Louis lines feel this discrimination against East St. Louis cannot longer be tolerated."

Also following resolution in reference to rates on pig iron, billets, etc., East St. Louis to C. F. A. territory:

"Resolved: That the Chairman issue an amendment to Joint Tariff No. 108, restoring Joint Tariff No. 97, effective at the earliest possible date, it being understood that this is a temporary measure to provide for rates until such time as interested parties can check in proper rates, from East St. Louis and the Ohio River crossings."

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 327."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held 1-11-1900; roads represented as follows: B. & O. S. W., E. Keane; C. & A., R. D. Yoakum; C. P. & St. L., C. W. Galligan; Big Four, W. D. Holliday; I. C., Geo. W. Becker; L. H. & St. L., W. C. Lindsay; L. E. & St. L. C., T. H. & I., G. L. Stevens; The Wabash R. R.; Toledo, St. L. & K. C., W. J. Scott; R. M. Fraser, Chairman.

The record of this meeting shows that they considered Switching Schedule No. 2, and after discussion it was resolved as follows:

"Resolved, That the roads members of this Committee be authorized to recognize the L. H. & St. L. Ry., L. & N. R. R., and M. & O. R. R. as competitors, with the privilege of equalizing their charge for switching at East St. Louis, and that the Chairman call a meeting of the East St. Louis Agents to check in Switching Schedule No. 2 on that basis."

The record also shows that this meeting considered rates on pig lead, ore, blister copper, etc., and after general discussion it was decided as follows:

"Resolved, That it is the sense of the St. Louis Eastbound Freight Committee that, as the reduced rates on

blister copper were established by the Missouri River Lines, through the Chicago gateway, the lines leading via East St. Louis simply followed. The Chairman write Mr. Tucker and say that if he can induce the roads via Chicago Junctions to withdraw the rate on blister copper, the roads leading to East St. Louis will, without a doubt, take similar action, and that the members of this Committee will so recommend and will also agree to its elimination from Information No. 297, Series A."

The record also shows the meeting considered rate on pig iron, billets, etc., East St. Louis to C. F. A. territory, and shows that the Chairman was instructed to ask Mr. Tucker, Chairman C. F. A., for through rates on commodities named:

Also that meeting considered proportional rate on sand, C. L., East St. Louis to Eastern points, and following resolution adopted:

"Resolved, That the Chairman write Mr. Tucker and explain that the sand forwarded from East St. Louis originates beyond, therefore must pay the cost of transportation and bridge toll to East St. Louis, and under these circumstances it is not possible for the traffic to stand a higher rate from East St. Louis than is charged from Ottawa."

The meeting also considered rates on packing-house products, including green hides, to Dayton, Ohio, and telegram was read from Chairman C. F. A., notifying St. L. Eastbound Freight Committee that Chicago lines made a rate from latter point to Dayton of 12 cents per 100 lbs. The following resolution was thereupon adopted:"

"Resolved, That the roads, members of this Committee, individually recommend that rate of 12 cents per 100 lbs. be authorized from East St. Louis, Ill., to Dayton, O., on packing-house products, C. L. (which includes green

hides), effective at once, and Chairman issue a Special Notice acordingly."

Records also shows meeting considered proportional rate of 41 cents per 100 lbs. on dressed beef, mutton and pork, C. L., East St. Louis to Syracuse, N. Y., and passed resolution as follows:

"Resolved, That the individual members of this Committee recommend to the C. F. A. that the proportional rate of 41 cents per 100 lbs., named in this Committee's Joint Tariff No. 71, Sept. 20, 1894, on dressed beef, mutton and pork, C. L., minimum weight as per Official Classification, from East St. Louis, Ill., on shipments originating on or west of the Missouri River, to Syracuse, N. Y., be continued in effect, that rate being necessary to equalize against the Chicago gateway on like traffic."

The record also shows that meeting considered rules covering shipments of horses and mules to points in the Virginias; and also rates on dried fruit from Pacific Coast points, via East St. Louis and Eastern cities, to European ports; and also commodity rates in effect from East St. Louis to C. F. A. territory on and after Jan. 1, 1900; also traffic via Brooklyn and East St. Louis to Eastern cities; and rates on brick from East St. Louis to Bay City and Saginaw, Michigan, and passed resolutions fixing the same.

Also rates on broom corn, East St. Louis to eastern cities. Also proportional rate on rags and paper stock, C. L., East St. Louis to Allegan, Michigan, and fixing same by resolution. Also considered proportional rate on lumber C. L., East St. Louis to Attica, Ind., and authorized rate by resolution. Also rates on lumber, C. L., Pacific Coast points to C. F. A. territory; and notified Mr. Tucker that the St. Louis Eastbound Freight Committee was not interested in checking those rates with the Chicago & Peoria Committee.

Also considered rates on rags and waste or scrap paper, pressed in bales, C. L., East St. Louis to Trunk Line territory; and recommended by resolution that rates be authorized on commodities named as per Official Classification, from East St. Louis to Trunk Line territory, on basis of 25 cents, Chicago to New York.

Also considered establishing basing sheet for rates on pig iron, billets, etc. Also considered rates on granite, rough quarried, originating at points in the State of Missouri; and by resolution, instructed Chairman to re-issue Special Notice No. 916, naming rates on this traffic from East St. Louis, Ill., to Boston 28, New York 26, Philadelphia 24, Baltimore 23, and Western Termini points 17½ cents per 100 lbs.

Also considered rates on green hides, C. L., to Indianapolis, Ind., and by resolution agreed that the rate on same be 12 cents per 100 lbs.

Also considered letters from shippers regarding Official Classification No. 20, effective Jan. 1, 1900, and referred same to Mr. C. E. Gill, Chairman Official Classification Committee, for consideration at meeting of that committee Jan. 22nd.

Including pages 1 to 6.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 328."

Plaintiff offers in evidence record of meeting of St. Louis Eastbound Freight Committee, held Jan. 31, and Feb. 1, 1900.

Meeting considered Switching Schedule No. 2, and by resolution authorized that the figures checked in at meeting Jan. 26th be referred back to the Freight Committee; and by resolution Chairman was instructed to issue Switching Schedule No. 2, showing the amount it will cost each road to or from industries.

Meeting also considered rates on packing-house products to Dayton, Ohio, and green hides to Indianapolis, Ind.; rate on green salted hides East St. Louis to Zanesville, Ohio.

Chairman submitted letter from member recommending rate of 17 cents per 100 lbs. on this traffic to Zanesville, for the reason that the rate on this was 12 cents to Dayton; and following resolution was passed:

"Resolved, That we recommend to the C. F. A. to establish a 17 cent rate on green salted hides C. L., East St. Louis to Zanesville, Ohio; Marietta, Ohio, and Columbus, Ohio."

Also contained record of election of Executive Committee; and also consideration of rates on brick, clay, etc., from East St. Louis to points in C. F. A. territory. Letter was submitted from one of the members, regarding this traffic, stating that rates published in this Committee's joint tariff No. 111 was in some instances out of line by their route; and the following resolution was passed:

"Resolved, That the Chairman call a meeting of Rate Clerks to check in rates on brick, clay, etc. C. L. published in this Committee's joint tariff No. 111, and that if any omission or inaccuracies are discovered they be reported to the C. F. A. asking for necessary relief."

Meeting also considered rates on cement and cement plaster C. L. East St. Louis to points in C. F. A. territory; and letter was read from Chairman Tucker of the C. F. A. regarding rates on that commodity (see circular letter 126, file 3309). After general discussion it was stated it would not be practical to advance proportional rates on cement plaster C. L., named in this Committee's special notice No. 931, and the following resolution was passed:

"Resolved, That the proportional rates on cement named in special notice No. 931 be cancelled, and rates on this

traffic from East St. Louis be issued in line with C. F. A. information No. 1986. The proportional rates on cement plaster in said special notice to be re-issued and continued in effect for reasons stated above, Chairman Tucker to be advised acordingly.

Meeting also considered rates on dressed meats C. L. East St. Louis to points in C. F. A. territory. Letter was read from Mr. Tucker in which he embodied letter from Chicago Freight Committee, stating that Chicago Committee had decided to advance their rates on dressed meats C. L. from Chicago to Detroit, Grand Rapids and Muskegon, Michigan; Findlay, Fostoria, Lima and Toledo, Ohio, 2½ cents; Muncie, Indiana, 2 cents; Saundusky, Ohio, 1 cent, and Tiffin Ohio, 2 cents per hundred pounds; requesting that like advance be made from East St. Louis to same points.

Resolution was adopted that the Chairman endeavor to ascertain the correct or agreed basis upon which rates on this traffic should be made to be in line with Chicago, the information to be submitted to the Rate Clerks at their first meeting in order that they may check in the rates from East St. Louis to all C. F. A. points; the result of their action to be submitted to the C. F. A. as a recommendation from this Committee, provided changes are needed in the present authorized rates.

Meeting also considered basis for Eastbound rates to Eastern cities, and a resolution was passed, instructing the Chairman to cancel and re-issue also Special Notices from East St. Louis to trunk line territory now in effect, correcting them to basis as now established in C. F. A. Information No. 298, series A, and that this basis govern on future issues.

Meeting also considered rates in reference to furnishing foreign roads with tariffs and Special Notices issued by this Committee. Also rates on grain and grain products C. L.

East St. Louis to points in C. F. A. territory. Correspondence was submitted from Chairman Tucker, relative to checking rates on grain and grain products to various points in C. F. A. territory, on basis named in this Committee's Special Notice No. 928, C. F. A. Information No. 1914. Chairman was instructed by resolution to call a meeting of the Rate Clerks to check in rates on grain and grain products, C. L. from East St. Louis to points in C. F. A. territory on basis authorized in this Committee's Special Notice No. 928 and C. F. A. Information No. 1914.

Meeting also considered American Cotton Company's insurance contract, and Chairman called attention to proceedings December 27th, and circular letter December 28, 1899, regarding American Cotton Company's cotton, stating that he had received a letter dated January 9th, from H. G. Krake, T. M. American Cotton Company, advising that all the cotton for which bill of lading had been issued, and for which policies had been placed in his possession had gone forward, and requesting return of the policies. The Chairman informed the members that all policies had been returned to the American Cotton Company and arrangement ended so far as the Committee is concerned.

Meeting also considered rates on broom corn, East St. Louis to Eastern cities; also rates on peaches C. L. from Texas points via East St. Louis to Eastern cities, and recommendation was forwarded to the C. F. A. for vote, same being declined (see C. F. A. advice letter E-642, January 18, 1900).

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 329."

Plaintiff offers in evidence record of meeting of Rate Clerks, held in the office of the Chairman of the St. Louis Eastbound Freight Committee, February 6, 1900. Said meeting recommended to the St. Louis Eastbound Freight

Committee that said Committee authorize a meeting of Rate Clerks to compile a general minimum basing sheet to be used in all future checks of such commodity rates as may be proposed.

As per instructions of the Freight Committee, at meeting held January 31st, 1900, the following rates were checked in from East St. Louis to C. F. A. territory; giving list of commodities.

The record also contains resolution recommending to the C. F. A. that they authorize rates on commodities named, and attaches list of articles. They also recommended by the following resolution rates on grain and grain products, C. L., East St. Louis to C. F. A. Territory.

"Resolved, that the roads, members of this Commitee, individually recommend to the C. F. A. that they authorize rates on grain and grain products C. L. minimum weight as per Official Classification, from East St. Louis, Illinois to points named, at the following rates" (following is schedule giving names of points and rates fixed).

Also recommending by resolution rates on pig-iron C. L. E. St. Louis to C. F. S. territory. Then follows list of points together with rates named.

Above Exhibit consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 330."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee held February 13, 1900. Meeting considered rates to the Virginias, and instructed Chairman to call attention of the various roads to the fact that certain class and commodity rates are in effect from E. St. Louis to the Virginias, that are less than the authorized rates to Baltimore, and ask if they are willing to withdraw these rates and maintain the authorized Baltimore rates as minimum from E. St. Louis to Virginia cities.

Meeting also considered rates from Memphis via St. L.

1019

I. M. & So. Ry. to C. F. A. territory; and the Chairman submitted figures he had been instructed to secure, and after same were considered it was resolved that the Chairman be instructed to answer Mr. Lincoln's letter advising him that so far as he has been able to ascertain there are no published through rates in effect from Memphis to C. F. A. points, except on lumber, and that the through rates are made up on the lowest combination through the Ohio River crossings, the through rates thus obtained are pro-rated via other crossings on percentages established by the individual lines, it being understood that the percentages will not apply on lumber.

Meeting also considered rates on certain classes of ores, and by resolution declared that the individual roads members of this Committee recommend to the C. F. A. that they authorize proportional rates from E. St. Louis to western termini points.

Meeting also considered establishing minimum basing sheet for compiling commodity rates from E. St. Louis to C. F. A. territory; and considered the recommendation of the Rate Clerks to the Eastbound Freight Committee, and by resolution instructed the Chairman to call a meeting of the Rate Clerks for the purpose of compiling a minimum basing sheet from E. St. Louis to various points in C. F. A. territory, same to be used in all future check of commodity rates that are proposed from E. St. Louis to said territory.

Meeting also considered proportional rates on sand C. L. E. St. Louis to Byesville, Marietta, Ohio, etc., also considered pre-payment on fruit and vegetables from Southern points. Also rates on green hides, E. St. Louis to Zanesville, Ohio, and recommended rate on said commodity of 12 cents to Dayton.

Meeting also considered matter of advancing rates on barytes C. L. E. St. Louis to Western termini points and trunk line territory; and by resolution declared it to be the understanding of the St. Louis lines that if there has been

an advance from Virginia points, the rates in effect from that territory heretofore have been on a lower basis than from E. St. Louis, and that the E. St. Louis lines feel that the advance in rates from Virginia territory simply puts them in line, and no advance should be made from E. St. Louis on this traffic.

Meeting also considered the jurisdiction of this Committee on traffic from Belleville to Louisville, Ky., the matter being brought up by letter submitted from member relative to rates from Belleville to Louisville, and the Chairman was instructed to answer, to the effect that the Committee has no jurisdiction over Belleville to Louisville rates.

Meeting also considered rates on enamelling plate and steel bolsters C. L. E. St. Louis to trunk line territory. Also considered the matter of rates on broom corn C. L., western point to eastern cities; and recommended to C. F. A. that they authorize proportional rate of 70 cents per hundred pounds on commodity named from E. St. Louis to New York, usual difference to other eastern points, to apply on shipments from west of the Missouri River only.

Meeting also considered rates on spelter C. L. East St. Louis to New York, Philadelphia and Baltimore. The matter of the rate in effect on said commodity through Illinois being considered, there was a resolution adopted, declaring that if the lines from points in Illinois named have established rates on spelter C. L. to New York, and other eastern points, on basis of 17 cents, Chicago to New York, that the roads members of this Committee recommend to the C. F. A that the same relative basis be established from E. St. Louis on this traffic, that is, 19½ cents to New York; 17½ to Philadelphia; and 16½ cents to Baltimore. This, however, not to change present rates to western termini points.

Above Exhibit consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 331."

Plaintiff offers in evidence record of meeting of St. Louis Eastbound Freight Committee, held March 2, 1900.

The following resolution was adopted:

"Resolved, that the roads members of this Committee, individually recommend to the C. F. A. that Information No. 1878, December 5th, 1899, be amended so as to provide for the E. St. Louis Lines pro-rating the Cairo proportional rates on lumber via E. St. Louis to the western termini of the trunk lines, this in line with authorities named above."

Then there are a number of resolutions that various subjects be laid over until some future meeting.

Above Exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 332."

Plaintiff offers in evidence record of meeting of St. Louis Eastbound Freight Committee, held March 2, 1900.

Meeting considered classification of earth paint, and the following resolution was adopted:

"Resolved, that the Chairman endeavor to ascertain as to the competitive points from which this commodity was shipped, rates charged, etc., with the view of having irregularities, if any, remedied through proper channels.

Meeting also considered equalizing rates on bulk meats C. L. from Missouri River points via E. St. Louis, as against Chicago gate-way, and it was

"Resolved, that the roads individually recommend that the Chairman issue Special Notice naming the arbitraries east of E. St. Louis on this traffic, necessary to equalize with the Chicago gate-way, effective on legal notice."

The meeting considered application for commodity rate on asphaltum (from Indian Territory) E. St. Louis to eastern cities, and it was resolved that the request for reduction in asphalt rates be declined.

A letter from Chairman Tucker was read, regarding rates on cement plaster, and it was resolved that the Chairman write Mr. Tucker, reiterating what has been said before, and say that we have again gone over the matter thoroughly, and that we do not see how we can make any change in the present basis of rates on this Indian Territory and Texas cement plaster.

Meeting considered rates on tents, C. L., E St. Louis to Detroit and return, and it was resolved that the Chairman answer the applicant (that is, a member) that no concession can be made in the tariff rate.

Above Exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 333."

Plaintiff offers in evidence record of meeting of St. Louis Eastbound Freight Committee held April 18, 1900, at which meeting was considered rates on lead ore C. L. East St. Louis to trunk line territory, and the following resolution was adopted:

"Whereas, the rates on pig lead and spelter C. L. to trunk line territory is authorized on basis of 17½ cents per hundred pounds, Chicago to New York, be it therefore

Resolved, that the roads, members of this Commttee, individually recommend to the C. F. A. that they authorize rates on lead ore C. L. from E. St. Louis to points east of the western termini of the trunk lines on basis of 17½ cents per hundred pounds, Chicago to New York, usual differences to other eastern points, effective on legal notice."

Percentage divisions with Illinois Terminal Railroad were considered, and it was

"Resolved, that it is the sense of this Committee that the lines connecting with the Illinois Terminal Railroad at Edwardsville Crossing and Edwardsville Junction, be authorized to apply the same divisions on traffic to trunk lines

western termini points and C. F. A. territories, as provided for in Special Notice No. 446."

Meeting also considered rates on dressed meats C. L. from East St. Louis to Chillicothe and Columbus, Ohio. Letters from the C. F. A. and the Chicago Freight Committe were submitted, requesting that the rate on dressed meats C. L. from E. St. Louis to Chillicothe and Columbus, Ohio, be advanced from 25 to 27 cents per hundred pounds, and it was

"Resolved, that the roads members of this committee individually recommend to the C. F. A. that they authorize a rate of 27 cents per hundred pounds on dressed meats C. L. minimum weight 20,000 pounds, from E. St. Louis, Ill. to Chillicothe and Columbus, Ohio, effective on legal notice, and that Information No. 2059, amendment No. 3 to Information No. 1860, be corrected accordingly."

Meeting considered request of M. K. & T. Ry. for a reduction in rate on lumber from E. St. Louis. The Chairman submitted a letter on this subject, and it was the opinion of all members that with the information given they could not recommend any changes in the present rates on this traffic, and that the Chairman answer the letter accordingly.

Meeting considered application for change in the classification of earth paint, and it was

"Resolved that in view of rates on earth paints from other points being made on the authorized class basis, same as from E. St. Louis, this Committee cannot consistently recommend any reduction from E. St. Louis, and the Chairman advised the applicant accordingly."

Meeting considered rate on lumber C. L. from Pacific Coast points, via E. St. Louis to points in C. F. A. territory. Correspondence was submitted, and after a general discussion it was

"Resolved, that it is the sense of this Committee that their tariff showing rates on lumber from E. St. Louis be amended if necessary so that it will be understood that the proper rates to apply on lumber and articles taking lumber rates, originating at Pacific Coast points, be the sixth class rate from East St. Louis.

Above Exhibit ,consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 334."

Plaintiff offers in evidence record of meeting of St. Louis Eastbound Freight Committee held May 3, 1900, meeting considered rates on lumber from E. St. Louis when from points on the St. L. I. M. & So. Ry. to points in C. F. A. territory. The Chairman submitted a letter from the C. F. A. Missouri Pacific Railway, in which request was made that East St. Louis lines reduce their rate on lumber from Arkansas etc., via St. L. I. M. & So. Ry. from East St. Louis 3 cents per hundred pounds, less than the authorized rates from Cairo; and it was

"Resolved, that it is the sense of the roads members of the St. Louis Eastbound Freight Committee that the rates on lumber from Cairo to East St. Louis to C. F. A. territory, under the present adjustment, are equitable, and no change can be made therein, and the Chairman reply accordingly."

Above Exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 335."

Plaintiff offers in evidence record of Special meeting of the St. Louis Eastbound Freight Committee held at the general freight office of the Big Four Railroad May 13, 1900. As all of the members were not present, it was resolved that the Chairman confer with the Traffic Officers of the roads not represented, with the view to arranging for a conference meeting to consider the rate situation, and to

take such action as the circumstances warrant, to secure maintenance of established rates. The next meeting to be on May 18th at 2:30 p. m., at the general freight office of the Big Four Railroad, and thereafter until changed on Tuesday and Friday of each week.

Above Exhibit is marked "Plaintiff's Exhibit Fraser No. 336."

Plaintiff offers in evidence record of special meeting of St. Louis Eastbound Freight Committee, held at the General Freight office of the Big Four Railway, Friday, May 18, 1900.

Above Exhibit is marked "Plaintiff's Exhibit Fraser No. 337."

Plaintiff offered in evidence record of special meeting of St. Louis Eastbound Freight Committee held May 22, 1900, at which the roads were all represented. After a general discussion as to the conditions of affairs, it was suggested that each representative state his views on the subject of adhering strictly to the tariff rates on domestic traffic, both all rail, and rail, lake and rail, also the inland traffic rates on export shipments; the result being that each member individually announced that nothing less than tariff rates would be quoted or accepted from this date. If, however, conditions beyond their control necessitated a change, due notice would be given.

Above Exhibit is marked "Plaintiff's Exhibit Fraser No. 338."

Plaintiff offers in evidence record of special meeting of St. Louis Eastbound Freight Committee, held May 25, 1900, An expression of opinion of each representative as to the rate situation was called for, and in connection therewith the members individually announced that tariff rates would be adhered to by them, not only on traffic originating

at St. Louis or East St. Louis, but when from Missouri River, etc., so far as they were able to control it.

Above Exhibit is marked "Plaintiff's Exhibit Fraser No. 339."

Plaintiff offers in evidence record of special meeting St. Louis Eastbound Freight Committee, held May 29, 1900. Each representative was asked for his opinion as to the rate situation from St. Louis and Missouri River, domestic and export. All parties did not agree that tariff rates were being maintained, or that the Misssouri rates could be controlled by this Committee, but no definite action was taken.

Attention was called to statement in the Globe-Democrat of May 29, regarding vegetable and fruit traffic, as follows:

"The fact that the railroads have permitted through rates to prevail just the same as though the cars were shipped direct from the loading station has facilitated matters to such an extent that the southerner has begun to see the importance of the improvement."

Also as to the rates or divisions that were being accepted from East St. Louis on fruit. It was understood that the three subjects mentioned will be considered at the regular meeting.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 340."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee held June 5, 1900. The meeting considered rates on lumber from the Pacific Coast, East St. Louis to C. F. A. territory, and it was resolved that the Chairman be instructed to issue an amendment to joint tariff No. 110, rates on lumber, from East St. Louis to C. F. A. points, in line with C. F. A. Information No. 2265, May 23, 1900, effective on legal notice.

Above Exhibit, consisting of four pages, is marked Plaintiff's Exhibit Fraser No. 341."

Plaintiff offers in evidence record of Special meeting of St. Louis Eastbound Freight Committee held June 19, 1900, at which the following resolution was passed:

"Resolved, that we each hereby agree for the line we represent, to absolutely maintain all authorized, published tariff rates, on all freight originating at East St. Louis or St. Louis, and all business delivered to us by connecting lines at St. Louis or East St. Louis, originating beyond. This is to apply on all export and domestic traffic, as well as business to C. F. A. territory.

Further, it is understood, that all representatives of initial lines voting for this resolution must absolutely control the fast freight line agents operating over their roads; not permitting any fast freight line manager or agent to deviate from this agreement as to rates."

Above Exhibit is marked "Plaintiff's Exhibit Fraser No. 342."

Plaintiff offers in evidence proceedings of special meeting of St. Louis Eastbound Freight Committee held June 22, 1900, at which the following resolution was adopted, unanimously:

"Whereas, the M. K. & T. and St. L. & S. F. Railway, are handling lumber shipments from points in Louisiana and Texas to western termini points and trunk line territory; and, whereas, these lumber shipments originate at points in Louisiana and Texas from which through rates are established by the St. L. I. M. & So., M. & O., and St. L. S. W. Railroads, based on certain proportional rates from East St. Louis; and Whereas, both the M. K. & T. and the St. L. & S. F. must accept the business at the established through rates, and in consequence they should be given the same proportional rates from East St. Louis as are now given to the roads having direct rails and who fix the

through rates; therefore, be it Resolved, that the individual roads members of this Committee recommend to the C. F. A. that the lines leading easterly from East St. Louis, Illinois and their connections, be authorized to protect the same proportional rates from East St. Louis on lumber, and articles taking lumber rates, when received from M. K. & T. Railway, and the St. L. & S. F. Railway at East St. Louis, and destined to the western termini of the trunk lines or points east thereof, as are applicable on like traffic from the same points of origin to the same destinations, when reaching East St. Louis via St. L. I. M. & So., St. L. S. W., M. & O. or Illinois Central Railroads."

Above Exhibit is marked "Plaintiff's Exhibit Fraser No. 343."

Plaintiff offers in evidence record of special meeting of St. Louis Eastbound Freight Committee held June 22, 1900.

Each representative was asked for his opinion as to the rate situation from St. Louis on traffic to C. F. A. and trunk line territory, both domestic and export. After a very general interchange of views as to the actual condition of affairs, it was the opinion of the members that the rate situation was very much improved, in fact was quite satisfactory, and the condition of affairs would no doubt be still further improved on the completion of certain contract which would probably be out of the way by the end of this month.

Above Exhibit was marked "Plaintiff's Exhibit Fraser No. 344."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee held June 26, 1900. The subject of rates on cotton and the action necessary to maintain the tariff for the coming season was fully discussed. Messrs. Coyle, Scott and Keane were

appointed a Committee to prepare a resolution, etc., for consideration at the next meeting.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 345.".

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee held June 29th, 1900.

This meeting considered allowance to the Illinois Terminal and other short mileage roads on traffic to and from points in C. F. A. territory. It was

"Resolved: That Chairman Tucker be advised that this subject has been reconsidered and it is the unanimous desire of this Committee that the resolution adopted at meeting of April 18th and submitted to him in letter of April 20th, be submitted by letter vote to the members of the C. F. A., as the St. Louis Eastbound Freight Committee consider that they are unable to accomplish the result suggested in Mr. Tucker's letter of June 16th, to establish a per car basis in lieu of the authority contained in Special Notice No. 446, but that the members of the St. Louis Eastbound Freight Committee are willing to co-operate in the general movement to put all similar roads in Illinois and C. F. A. territory on a per car basis, but until this action is taken and a general revision made throughout the territory, the percents should be established as asked for."

Meeting considered application to establish same divisions on cotton from Natchez, Miss., via St. L. I. M. & So. Ry. and East St. Louis as at present in effect from Helena, Ark. It was.

"Resolved, That the individual roads, members of this Committee, recommend to the C. F. A. that they authorize effective on legal notice, the same divisions on cotton forwarded from Natchez, Miss., via St. L. I. M. & So. Ry., East St. Louis and Cairo as are at present in effect on ship-

ments from Helena, Ark., as per C. F. A. Information No. 312, Series A, page 6, rule No. 7."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 346."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held June 29th, 1900. The general situation was regarded as satisfactory and improving in line with statements made at previous meetings. Inquiry was made regarding the rate named by the C. & A. on very recent shipments of cotton, and A. G. F. A. Yoakum said he would investigate and report at next meeting.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 347."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the General Freight Office Big Four Ry., July 10th, 1900.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 348."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held July 13th, 1900.

Above exhibit, consisting of four pages is marked "Plaintiff's Exhibit Fraser No. 349."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the Chairman's office, on July 13th, 1900. The statements made by each member indicated an improved condition of affairs generally. There were, however, rumors of rate cutting, most of which appeared to start with shippers for a purpose and without any foundation. The reports regarding cotton rates were not very satisfactory, and the Sec-

retary was instructed to make inquiry from members not present and report the result to the Chairman of the Executive Committee, and to this Committee at the next meeting.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 350."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held July 17th, 1900. Statements were made by members regarding reports or rumors of irregularities, in nearly all instances on export traffic. The charges made were, however, denied, or explained as being old engagements or bookings, and not current business. The Secretary reported result of conference with members not present at the last meeting. The charges made regarding non-maintenance of rates on cotton since agreement of June 19th, were denied. One member stated that in consequence of room having been engaged on steamer for some cotton which shipper failed to furnish, the road was obliged to make new contract at same figure to fill the space engaged on the ship.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 351."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held July 20th, 1900. Each member reported rumors and indications of tariff rates not being maintained on flour, lumber, oleo, lard, etc., for export and to Trunk Line and C. F. A. points. No direct or specific charges were made against any member, and no one admitted knowledge of irregularities by their line. On the contrary, all claimed to be adhering strictly to the tariff.

The Secretary reported having conferred with the Chairman of the Executive Committee, on the 18th inst., in re-

gard to reported non-maintenance of rates on cotton. The charges, however, were denied by said parties, except as explained by the L. E. & St. L. C. representative on the 17th inst. The subject was fully discussed with the T. St. L. & K. C. representatives, who insisted that the inland tariff rates were charged, about which there appeared to be serious doubts. The impression prevailed that the general situation was improving, regardles of many reports of irregularities, many of which came from shippers who evidently had some object in stating what other lines were doing.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 352."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held July 24th, 1900. There being no quorum present, the meeting simply adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 353."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held July 27th, 1900. Each member reported as to his views on the situation. One or more of the members were quite positive that the tariff rates were not being adhered to; on the contrary, were badly demoralized, but more particularly on export traffic. Other members maintained that although there were some indications of irregularities, the conditions generally were improved.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 354."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held July 27th, 1900.

The meeting considered rates on asphalt, East St. Louis to Detroit, Michigan, and the following resolution was adopted:

"Resolved: That as the action of the Clover Leaf is in defiance and contempt of the rules of this Association, that they be again requested to correct their billing on the shipment to the proper rate."

Meeting also considered rates on grain and grain products C. L., East St. Louis to C. F. A. territory, and it was

"Resolved: That the Chairman write Mr. Tucker and tell him it is important that we should know at once whether the unauthorized rates from Upper Mississippi River Crossings will be withdrawn; if not, to call a meeting of the Rate Clerks to check in rates from East St. Louis in line with rates referred to."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 355."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held July 31st, 1900. Each member gave his views as to the condition of rates, which were about in line with reports at meeting on the 27th inst., not very satisfactory.

The Secretary read a letter of the 28th inst. from Chairman Tucker regarding lignite and wire 30th reporting that the Wabash had issued tariff, effective August 3rd. The Secretary was instructed to write Chairman C. F. A., and A. G. F. A. Wabash, for information.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 356."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 3rd, 1900. The members expressed their opinions as to

conditions of rates, which showed the general impression or report was that the tariff rates were not being maintained, particularly on export traffic. Irregularities mentioned were on flour, lumber, beer, provisions, lard and oleo. No definite action was proposed or taken to remedy matters.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 357."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 7th, 1900.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 358."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 10th, 1900. All members present gave their opinion as to the rate situation. Some irregularities were claimed, but not admitted or proven. The general opinion, however, was that rates were much better maintained than as indicated at the last meeting, 3rd inst.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 359."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held on Tuesday, August 14th, 1900.

The meeting considered rates on grain and grain products, C. L., East St. Louis to C. F. A. territory. The Chairman reported that he had called a meeting of Rate Clerks, in accordance with instructions, for August 8th, to check in rates against the published rates from Upper Mississippi River Crossings, and it was found impracticable to line up from East St. Louis against these rates, on account of a number of points being published on the wrong basis;

and therefore the meeting resolved that they would request their Chairman, Mr. Fraser, to arrange, through Mr. Tucker of the C. F. A., for a joint conference, for the purpose of checking a uniform basis of rates to be applied both from East St. Louis and Upper Mississippi River Crossings to C. F. A. territory.

The Committee also passed a resolution approving the action of the Rate Clerks, on August 8th, and recommending same to Chairman Tucker of the C. F. A.

The Chairman also submitted letter in regard to rate on iron paper cores, East St. Louis to points in Maine by the C. & A. road, and a resolution was passed asking the C. & A. to withdraw the tariff on account of the irregularity of its issue.

The meeting also considered minimum weight and number of light weight range horses and mules per carload, and recommended the C. F. A. rate on same from points named to destination.

Meeting also considered through rates and divisions on yellow pine lumber authorized in C. F. A. Information No. 76, and passed resolution to decline request made to change the rate.

Meeting also considered the rates on fertilizer, C. L., East St. Louis to C. F. A. territory, and by resolution decided that the roads, members of this Association, could not consistently recommend any reduction from East St. Louis.

Meeting also considered application for commodity rate on barytes, C. L., East St. Louis to Toronto, Canada, and declined to make any reduction in rates on said traffic.

Meeting also considered the subject of the request submitted to the C. B. & Q. R. R. to become a member of this Committee, and the Chairman submitted a letter from Mr. Miller, G. F. A. of said road, copy of which is set out in the record, declining to become a member, and stating that the reason was "that the rates that we publish from St. Louis

are to Trunk Line points only, including Western Termini. We do not carry any rates from St. Louis to C. F. A. territory."

Meeting also considered switching charges from industries in St. Louis located on the St. L. K. & N. W. R. R. (Burlington Route), and the Chairman was instructed to again take up this matter with the C. B. & Q. officials, with a view to having them add their St. Louis switching charge to the East St. Louis rate, plus the bridge charge, on traffic handled by the C. B. & Q. from industries located at St. Louis and vicinity on the Burlington tracks, and destined to Western Termini and Trunk Line terrritory points.

Meeting also considered rate on grape sugar, C. L., East St. Louis to Trunk Line territory, and recommended to the C. F. A. that their tariff on the same should be amended to include grape sugar factory located at St. Louis, and known as the S. N. Long Syrup Company.

Meeting also considered application for reduction in rate on enameled brick, C. L., East St. Louis to Trunk Line territory; and the Chairman was instructed to take the matter up with the interested parties, showing them the correspondence, and have them outline an argument for resubmitting the matter to C. F. A., and report at next meeting.

Meeting also considered allowance to Illinois Terminal and other short mileage roads on traffic to and from points in the C. F. A. territory. The Chairman stated that, in pursuance of action taken at meeting of the 27th ult., he secured the affirmative vote of the C. & A.; and also stated that he had written Chairman Tucker regarding the matter and received reply requesting that the St. Louis Eastbound Freight Committee should make recommendation in relation to this "per car" basis, as to what rate shall apply within a radius of 75 miles. A resolution was passed, as follows:

"Resolved: That it is the sense of this Committee that

the lines covered by Circular No. 446, as described in the first group, embrace within a radius of 75 miles, be placed upon a per car basis, in lieu of the percentages as established by that authority, the figure for the per car basis to be $2.50 per car."

The record then gives the result of vote by roll-call.

Meeting also considered rates on Exhibits for the St. Louis Exposition, Season of 1900. Also considered information submitted by the Chairman regarding rates, weights, etc., on shipments forwarded by one road desired by another, and passed a resolution that if a member makes an inquiry of the Chairman regarding an alleged irregularity, evidence of which the Chairman has in his office, he, the Chairman, shall at once take the subject up with the representative of the line complained of. After having done so he is authorized to advise the inquiring member the result of his investigation, furnishing each member of the Committee with a copy of the inquiry and reply.

Meeting also considered division of rates on traffic from Cairo via East St. Louis to Western Termini and Trunk Line territory points. The Chairman was instructed to renew his efforts and get a complete answer from all members; the subject to be further considered at next meeting.

Meeting also considered rates on pig lead, C. L., from East St. Louis to points on Trunk Line territory. Also considered rate on enameling or black plate and steel bolsters to Trunk Line territory. The Chairman submitted letter from the Chairman of the C. F. A. relative to contract by some members for transportation of this product, and Chairman Fraser stated that he had made inquiries of roads who reported having contracts, but had not yet received the information asked for. The Chairman was instructed to inquire further of the members that had these contracts for carrying the above commodities.

The above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 360."

At this point, the taking of further testimony was adjourned until tomorrow, Wednesday, November 21st, then to be resumed, at the same place, at 2:30 o'clock, p. m.

R. E. Rombauer,
Special Commissioner.

St. Louis, November 21st, 1906.

Met, pursuant to adjournment as above, on Wednesday afternoon, November 21st, at half past two o'clock, at the office of Special Commissioner, Hon. R. E. Rombauer, in the Roe Building, St. Louis, Mo.

Present, parties as before.

The following proceedings were had:

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 14th, 1900. Only the regular meeting docket was considered, and meeting adjourned on account of lack of attendance.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 361."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 17th, 1900. Several members were absent, and those present discussed grain and grain product rates in connection with the issue by the Wabash R. R. of tariff from Kansas City to Toledo, Ohio, of 12 cents per 100 lbs., reported on C. F. A. Information I. C. C. No. 112, mentioned on the call for meeting, but no formal action was taken. Meeting adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 362."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 21st, 1900. All members present expressed their opinion that the rate situation on both domestic and foreign traffic was not satisfactory. No direct charges were made of violation, and no action taken for the future.

The Secretary submitted correspondence requesting reduction in rates on earth paint, C. L., East St. Louis to C. F. A. and Trunk Line territory. Resolution was adopted recommending that C. F. A. authorize 6th class basis, now in use from East St. Louis, said to be on Trunk Line Association authority No. A-222.

The Secretary also submitted a letter from G. F. A. Wann, regarding rate on iron paper cores, C. L., and his answer thereto.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 363."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 24th, 1900. The members reported condition of affairs about the same as at meeting of 21st inst., except that contracts were reported as being made on cotton less than tariff.

The record shows that, as this was the opening of the cotton season, it was deemed advisable that prompt action be taken to prevent demoralization on the season business. The Secretary read correspondence regarding corn to Norfolk, Va., via the Henderson Route, as per Circular Letter of the 24th, File 4032. Also letter from R. A. Campbell, G. F. A., regarding Wheat to Newport News, File 4032. Meeting then adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 364."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 28th, 1900. Members reported rumors of irregularities in rates, both to C. F. A. points and beyond, particularly on flour. Discussion was principally on the subject of cotton rates, it being claimed by interested lines that if less than tariff was offered they were not aware of it, and would not participate. This was not satisfactory to all members, in view of the agreement of June 19th, which was presumably still in effect; but there was no definite action taken.

The Secretary submitted letter of the 27th inst., File F-450, from Chairman Tucker of the C. F. A., as to number of horses in C. L.; and it was decided not to change the resolution adopted at meeting of August 14th; and a letter to that effect was written on the 28th, File 4062, to Mr. Tucker.

At the bottom of the record is a clipping from the Globe Democrat of August 29th, 1900, saying that "The weekly conference of the St. Louis Eastern lines on the freight rate situation was held yesterday at the office of A. G. F. A. Holliday, of the Big Four, St. Louis, Mo., and conditions were reported to be satisfactory at this gateway."

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 365."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 31st, 1900. The members reported little if any change in the situation from what has prevailed. Irregularities claimed to still continue on provisions, cotton, flour, lumber etc.

The Secretary called attention to wheat being billed from East St. Louis at the local rate to points in C. F. A. territory, consigned to S/O Seaboard with notation "Stop for cleaning" notify third party at another point. The Sec-

retary asked as to whether the tonnage should be included in Eastbound report, and it was the decision of the Committee that it should be.

Attention was called by the Secretary to Circular Letter File 3170, on enameled brick, and the Committee instructed the Secretary to prepare resolution, same as previously adopted, and send to Chairman C. F. A., together with letter and copy of correspondence from the Hydraulic Press Brick Co.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 366."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 6th, 1900.

Meeting considered rates on grain and grain products, C. L., East St. Louis to C. F. A. territory. This same subject was considered at the meeting on August 14th, and, in accordance with action taken, recommendation was forwarded to C. F. A. Mr. Fraser stated that the C. F. A. had issued call for meeting (See Advice Letter F-490½, August 31st), naming date of joint meeting at Chicago, September 7th (also see this Committee's circular letter dated Sept. 3rd). Chairman further stated that he had since received letter of the 3rd inst., from a member, with copy of letter attached addressed to Mr. Tucker, in which it was requested that the Joint Meeting called for the 7th inst. be postponed.

Meeting also considered proportional rate on wheat and grain products, taking same rates, from Kansas City to Toledo, Ohio. The Chairman stated that at special meeting on August 31st, he was requested to docket this subject for consideration to-day. It was explained that one of the roads, members of this Committee, had issued tariff naming proportional rate of 12 cents per 100 lbs. on wheat and

grain products, taking same rate from Kansas City to Toledo, Ohio. After general discussion this matter was laid over until the next meeting.

Meeting also considered rates on returned iron paper cores, East St. Louis to points in Maine. This subject was considered at meeting on August 14th, and Chairman wrote the C. & A. requesting that the tariff issued July 10th, 1900, effective July 17th, 1900, be cancelled. The Wabash having issued tariff naming same rate, dated July 12th, effective July 17th, was also requested to cancel the same. Mr. Fraser stated that he had received the C. & A. cancellation Notice, Amendment No. 6 to Tariff A-353, I. C. C. No. A-82, issued August 29th, 1900, effective September 8th, 1900; also Wabash cancellation sheet.

Meeting also considered minimum weight and number of light weight range horses or mules per carload.

Also rates on grape sugar, C. L., East St. Louis to Trunk Line territory. The same subject was considered at meeting on August 14th, and recommendation forwarded to C. F. A.; and Mr. Fraser stated that Mr. Tucker had been in correspondence with his office requesting further information, as the subject will be considered at C. F. A. September meeting.

Meeting also considered rates on steel bolsters and enameling plate, C. L., East St. Louis to Western Termini and Trunk Line territory. This subject was previously considered on August 14th, and the Chairman stated that he had endeavored to secure information from the roads claiming to have contracted this traffic, as to when said contracts would expire, but had been unable to do so.

Meeting also considered switching charges from industries in St. Louis, located on the Burlington Route. This subject had been previously considered at meeting on August 14th, and the Chairman wrote General Agent Todd, and received reply August 29th, stating that "As you will see

by our Tariff, we handle business between St. Louis and Trunk Line territory, via the St. L., K. & N. W., and as the St. Louis Car Company is located on the tracks of the St. L., K. & N. W., we could not consistently charge them switching on business forwarded by that line; such action, I think, would be unprecedented." Meeting then passed the following resolution:

"Resolved, That the individual roads, members of this Committee, hereby advise that, affective on legal notice, on traffic between St. Louis and Western Termini points and Trunk Line territory, they may absorb the switching charges from and to industries located on the tracks of the St. L., K. & N. W. R. R. in St. Louis, but will not absorb said charges from and to points in the C. F. A. territory west of the Western Termini of the Trunk Lines, it having been stated in letter August 10th, from Gen. Agent Todd, that the Burlington Route does not handle any traffic from St. Louis to C. F. A. points west of the Western Termini of the Trunk Lines."

The list of industries and the charge for switching now in effect is published in Local Freight Agents' Switching Rates, of April 1st, 1898, and Amendment No. 16 thereto. After further discussion, the following resolution was passed:

"Resolved, That the Chairman be instructed to investigate the switching charge of $6.00 from the St. Louis Car Co., and the Monarch Rubber Co., on the St. L., K. & N. W. R. R., as to how it is arrived at and to whom the revenue goes."

Meeting also considered correspondence from Chairman Tucker regarding rate on green salted hides, tallow, and stearine, East St. Louis to Buckhannon, W. Va. This subject was previously considered at meeting July 27th, 1900, and in line with resolution adopted, Chairman Fraser wrote to the G. F. A. of the B. & O. S. W. R. R.; and at meeting

to-day the Chairman stated that he had received B. & O. S. W. Supplement No. 4, effective September 3rd, to Tariff No. H-1480, and I. C. C. 2577, cancelling rate to Buckhannon, W. Va.

Meeting also considered division of rates on traffic from Cairo, via East St. Louis, to Buffalo and other Western Termini and Trunk Line territory points. This matter was considered at meeting of August 14th, and laid over pending further information; and at this meeting Chairman was instructed to report the result of his investigation to Chairman Tucker of the C. F. A.

Meeting also considered rates on earth paint, iron metallic, mineral or ochre, C. L., East St. Louis to C. F. A. and Trunk Line territory. This subject was also considered at special meeting on August 21st, and recommendation forwarded C. F. A., as per Advice Letter F-462, dated August 22nd, 1900. Mr. Fraser stated that he had received, this a. m., information No. 418, Series A, and 2419, dated Sept. 5th, 1900, authorizing 6th class rates on this traffic to C. F. A. and Trunk Line territory.

Meeting also considered application to include pig iron, C. L., in list of articles upon which percentage divisions authorized in Joint Committee Circular 1609, this Committee's Special Notice No. 437, apply. The Chairman stated that he had a letter from a member on this subject, and it was submitted. Chairman stated that the question as to the articles upon which divisions shown in Special Notice No. 437 did not apply, was considered at meeting June 5th, 1900, and it was decided that said divisions were applicable on all traffic from the South, except pig iron; and the following resolution was adopted:

"Resolved, That it is the sense of this Committee that pig iron should not be excepted in Joint Committee Circular No. 1609, and that it be recommended to the C. F. A. that Joint Committee Circular No. 1609 be amended so as to

make percentages authorized therein applicable on all traffic from the South routed via Cairo and East St. Louis."

Meeting also considered rates on lumber, C. L., East St. Louis to Jonesboro and Gas City, Ind. Chairman submitted letter from a member on the subject of establishing same rates to Gas City as in effect to Jonesboro, Gas City being right across the river from Jonesboro. The Big Four Joint Tariff X 2250, effective Feb. 1st, names rate to Jonesboro from Cairo, 11 cents, and East St. Louis 9 cents per 100 lbs. The Chairman stated that the same subject was considered by circular letter, Oct. 21st, 1898, and it was then decided that the rate to Gas City should be the same as to Jonesboro, and it was

"Resolved, That the individual roads, members of this Committee, advise that effective on Sept. 17th, the rate on lumber, C. L., to Gas City, Ind., be made 11 cents from Cairo and 9 cents per 100 lbs from East St. Louis; and the Chairman amend Joint Tariff No. 110 so as to include both Jonesboro and Gas City, Ind., at 9 cents per 100 lbs., and in future issues of tariffs the rates to Gas City and Jonesboro be made the same."

Meeting also considered application for change in classification of heavy cooperage, barrels, used for catsup, pickles, whiskey, wines and vinegar. Letter from member was submitted, with corespondence attached, addressed to Chairman Gill, from a manufacturer, requesting that the classification on this traffic be reduced from 5th class to 6th class, and requesting that members of this Committee endorse said application to Classification Committee, and recommend that the change be granted. The Committee, after general discussion, by resolution left the subject with the Chairman for investigation, and for further consideration at next meeting.

Meeting also considered application for commodity rate on rough granite, C. L., East St. Louis to Adrian, Mich.

The Chairman presented letter from member requesting that a commodity rate be established on this traffic to Adrian, Mich., stating that the present rate on rough granite from Barre, Vt., to Adrian is 18 cents per 100 lbs.; while the rate from Graniteville, Mo., to East St. Louis is 5 cents, and from East St. Louis to Adrian, 15 cents—total, 20 cents. The following resolution was passed:

"Resolved, That the individual roads, members of this Committee, recommend to the C. F. A. that they authorize proportional rate of 13 cents per 100 lbs. on rough granite, C. L., from East St. Louis to Adrian, Mich., effective legal notice; this to allow the East St. Louis lines to equalize with the rates from their quarries."

Meeting also considered cotton contracts with the St. Louis Cotton Compress Company, for season 1900-1901. Also considered application for reduction in rate on enameled brick, C. L., East St. Louis to Trunk Line territory, and the folowing resolution was passed:

"Resolved, That the individual roads, members of this Committee, recommend to the C. F. A. that they authorize rates on enameled brick, C. L., minimum weight 40,000 lbs (released to a valuation of $5.00 per ton), from East St. Louis to points east of Western Termini of the Trunk Lines, on basis of 26 cents per 100 lbs., East St. Louis to New York, effective on legal notice."

The above resolution was submitted for vote by C. F. A. in Advice Letter No. F-500, dated September 1st, 1900.

Above exhibit, consisting of 6 pages, is marked "Plaintiff's Exhibit Fraser No. 367."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held Sept, 7th, 1900. In consequence of the absence of several members, meeting adjourned to Sept. 14th.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 368."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held Sept. 18th, 1900. All members present gave their opinion as to the rate situation, to the effect that the condition of affairs was improved, although some reports of irregularities. The impression seemed to prevail that there could be no good reason why the authorized rate on cotton, both domestic and export, should not be maintained, and it was the understanding this would be done; the Secretary to see the absent members on this subject—which he did later, and they expresed the same opinion.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 369."

Plaintiff offers in evidence record of meeting of St. Louis Eastbound Freight Committee, held Sept. 21st, 1900.

Meeting considered rates on grain and grain products, East St. Louis to C. F. A. Territory. This subject was considered at meeting 6th inst., and laid over until after meeting C. F. A., held Sept 12th and 13th. After being considered today it was resolved that Chairman Fraser should take up this subject with Chairman Tucker, and explain to him that the Wabash Railroad had issued Cancellation Notice, withdrawing Tariff No. 23740, effective October 1st, which was issued to equalize rates through Chicago, restoring the rates to the established basis; and request that he take the subject up with lines running through Chicago, and request them to restore their rates to the authorized basis, and to advise when tariffs will become effective.

Meeting also considered proportional rate on wheat and grain products taking same rates, from Kansas City, to Toledo, Ohio, and Detroit, Mich. This subject was considered at meeting Sept. 6th, and laid over until after meeting of C. F. A. on Sept. 12th and 13th; and today the Chairman was instructed to take the subject up with the

. & A. and the Wabash, with a view to having the tariffs ithdrawn.

Meeting also considered percentages demanded by Ill. entral R. R. on traffic off their St. Louis division for- arded via East St. Louis to Western Termini and Trunk ine territory; and the Chairman submitted letters from iembers requesting that the subject be placed on the docket or consideration; and the matter was continued until the pecial meeting, on the 27th inst.

Meeting also considered allowance to Illinois Terminal nd other short mileage roads on traffic to and from points n C. F. A. and Trunk Line territory. This subject was eretofore considered at meeting on August 14th, and ac- ion taken was forwarded to C. F. A. The subject was con- idered by the C. F. A., at meeting Sept. 12th and 13th, and ecommendation adopted referring the subject to this Com- nittee for further action and report back to the C. F. A. The following resolution was passed:

"Resolved: That consideration of the above subject be ostponed until the 27th (10:00 A. M. sharp); in the neantime the Chairman to secure from Chairman Tucker opies of the Agreement with the Belt or Short Lines in he vicinity of Chicago and Peoria."

Meeting also considered application for change in classi- ication of heavy cooperage barrels, used for catsup, pickles, whiskey, wines and vinegar. The above subject was con- sidered at a former meeting; and it was decided to defer action until the Classification Committee had reported.

Meeting also considered rate on enameling paint and steel bolsters, C. L., East St. Louis to Western Termini points and Trunk Line territory. The Chairman reported receipt of letter from Mr. Tucker requesting more specific information regarding the contracts on this traffic.

Meeting also considered minimum weight and number

of light weight range horses and mules per carload, and the matter was continued pending result of investigation.

Meeting also considered switching charges from industries in St. Louis, Mo., located on the "K" line and Wabash railroad. It was resolved that in view of the information received and resolution adopted at meeting of the 6th inst., no further action was necessary, and the subject be laid on the table.

Meeting also considered application for commodity rate on grape sugar, from East St. Louis, when from St. Louis, Mo. Chairman called attention to C. F. A. Advice Letter F-536, Sept. 19th, stating that the application contained in C. F. A. Advice No. F-454 had been declined by that Association; and it was resolved that the subject be laid over until the next meeting, and the Chairman of the C. F. A. be requested to furnish a copy of the information secured from Chief Inspector Rainer, regarding shipments of this commodity from St. Louis.

Meeting also considered the subject of issuing clear bills of lading on lumber for export, in connection with certificates and seal of National Lumber Exporters' Association, and the matter was continued until the next meeting.

Meeting also considered rates on enameled brick, C. L., East St. Louis to Western Termini and Trunk Line territory; this subject was also continued to next meeting.

Meeting also considered proper rate to apply on tequesquite, from East St. Louis to eastern points. This subject was considered at meeting of July 13th, 1900, and the Chairman reported that he wrote Mr. Gill of the Official Classification Committee for ruling as to proper rate to apply on this traffic, and received reply, 17th inst., as follows:

"I have to advise that a chemical analysis of this article shows that it consists essentially of crude carbonate of soda, otherwise commonly known as "soda ash;" hence

ipments corresponding to sample are properly subject to e classification provided for soda ash; L. C. L., 4th C. 6th classes."

The Chairman called attention to the fact that there was commodity rate on soda ash, and the following resolu-on was passed:

"Resolved: That the Chairman advise G. F. A. Lincoln the Mo. Pacific, of the ruling of the Official Classification ommittee."

And also the further resolution: "That the Chairman sue Special Notice authorizing ruling contained in Chair-an Gill's letter, September 17th, 1900. No further action ing necessary, the subject be laid on the table."

Meeting also considered insurance contract with the St. ouis Cotton Compress Co. for season 1900-1901; and the atter was continued until the next meeting.

Meeting also considered application for special rate on assenger coachs, K. D., for export. The Chairman pre-nted a letter requesting special rate on this traffic, and he as instructed to write Chairman Tucker of the C. F. A., ving him full information on this subject.

Meeting also considered application for commodity rate n rough granite, C. L., East St. Louis to Adrian, Mich. he subject was previously considered at meeting on the th inst., and recommendation forwarded to C. F. A., and ubmitted by that Association in Advice No. F-517. The hairman stated that he had received letter from Mr. ucker, of the C. F. A., also C. F. A. Advice No. F-539, ating that the recommendation had been declined.

Meeting also considered reduced rate on household goods, om Galveston, account of flood-sufferers. The Chairman ubmitted letter from member in which it is stated that he as an inquiry from the G. F. A., G. C. & S. F. R. R., as whether they will join in half rate on household goods, alveston to Louisville, and probably other points, account

of flood-sufferers; and it was resolved "that the lines be permitted to take individual action."

Meeting also considered application to include pig iron, C. L., in list of articles upon which percentage divisions authorized in Joint Committee Circular No. 1609, this Committee's Special Notice No. 437, apply. This matter was considered on Sept. 6th, and resolution forwarded C. F. A. (See C. F. A. Advice F-529, Sept 15th, 1900). Mr. Fraser stated that he received a letter, Sept 20th, from Mr. Tucker, making inquiry why pig iron had been excepted from list of articles upon which these percentage divisions apply, and it was

"Resolved: That the Chairman reply to Mr. Tucker that none of the members here have any recollection as to why pig iron was excepted from the the application of Joint Committee Circular No. 1609, this Committee's Circular No. 437, and that they are all in favor of its being included.

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 370."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held on September 21st, 1900. The general opinion was that the situation was improving. Some apparent irregularities were referred to, but no definite action taken, except the resolution which appears in Joint Letter, dated 25th, addressed to Trunk Line Traffic Officials, signed by all members of Committee.

Above exhibit, is marked "Plaintiff's Exhibit Fraser No. 371."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 25th, 1900. Members expressed their opinion about the same as last meeting. Irregularities on export flour, P. H. P., and

cotton, part of which was covered by old contracts. Members were again reminded that the insurance contracts with the St. Louis Cotton Compress Co. would expire Sept. 30th, and as yet no definite action taken for the future. Matter continued until next meeting.

Letter was read from Chairman Tucker, regarding possible irregularities in rates on cotton; and the Secretary was instructed to write Mr. Tucker for specific information. Meeting adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 372."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held September 27th, 1900.

Meeting considered allowance to Illinois Terminal and other short mileage roads, on traffic to and from points in C. F. A. and Trunk Line territory. The Chairman was instructed to get copy of the agreements with Belt or Short Line roads in vicinity of Chicago, Peoria, etc. The Chairman stated that he wrote Mr. Tucker, and received copies of Information No. 316, 387 and 421, Series A, and Nos. 2072, 2322 and 2240. After consideration of the recommendation contained in Chairman Tucker's letter, of Sept. 15th, the following action was taken:

"Whereas, This Committee has carefully considered the subject of allowance to short line roads, via East St. Louis and neighboring gateways, as requested by action of the C. F. A. meeting Sept. 13th, and find that it is impracticable at the present time to establish a per car basis as suggested; and,

"Whereas, We recognize the importance of revising the divisions allowed the short lines through the East St. Louis gateway, Edwardsville, Edwardsville Junction, and Edwardsville Crossing, but that in considering this it involves

the question of divisions through the Northern Illinois junctions, that is to say, the C. F. A. lines are now pro-rating on Alton business by the way of Springfield, Peoria, Bloomington, etc., on a percentage basis allowing the short lines very much in excess of what is allowed the short lines via East St. Louis, both on Alton and Belleville traffic. In view of these conditions, be it

"Resolved, That it is the sense of this Committee that action be taken as promptly as possible, by the appointment of a Committee by the C. F. A. to take under consideration the whole subject."

"And be it further

"Resolved, That, pending this action, in justice to the T. St. L. & W., the Wabash Railroad, and the Big Four Railway, they should be authorized to pro-rate with the Illinois Terminal Railroad by way of Edwardsville, Edwardsville Junction, and Edwardsville Crossing, respectively, on Alton business, upon the same basis that C. F. A. lines now pro-rate on Alton and Belleville business via East St. Louis, viz.: 15% to Trunk Line, 17½% to Western Termini, and 20% to C. F. A. points, as authorized by C. F. A. Circular No. 1967, Joint Committee Circular No. 1675, this Committee's Special Notice No. 446."

The Chairman to secure the vote of the C. & A. Ry., Henderson Route, and Toledo, St. L. and N. W. R. R.

Note.—The vote of all absent members not as yet received, the subject will be on docket for the next regular meeting.

Meeting also considered rates on grain and grain products, C. L., East St. Louis to C. F. A. territory; and Chairman was instructed to call meeting of Rate Clerks for Oct. 2nd, for the purpose of checking in rates on grain and grain products and corn, in carloads, from East St. Louis to points in C. F. A. territory, the list of basing points to be increased and the rates agreed upon to be used as a

basis for a revision of rates from Upper Mississippi River Crossings, etc.

Meeting also considered rates on paint—earth, iron and ochre—C. L., from East St. Louis to C. F. A. and Trunk Line territory. Letter was read from Chairman Tucker, relative to eliminating metallic and mineral paints from C. F. A. Information No. 418-A, and 2419, which named 6th class rates on these articles.

Resolution was passed, as follows:

"Resolved, That the individual roads members of this Committee recommend to the C. F. A. tha Information No. 418, Series A, and 2419, naming rates on paints, earth, iron, metallic, mineral or ochre, C. L., from Chicago and East St. Louis to all points in C. F. A. and Trunk Line territory be cancelled and re-issued naming 6th class rates on paint, earth, iron, or ochre, dry, in sacks, barrels, bags, or in bulk, in carloads, with the understanding that the rates on mineral and metallic paints between all other points in Trunk Line and C. F. A. territories will be on basis provided therefor in the Official Classification."

Above exhibit consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 373."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 28th, 1900. Very little change was reported in the rate situation. Secretary reported that, as instructed at meeting of the 25th, he wrote Chairman Tucker for information regarding cotton rates, and received reply to the effect that he was not able to give more than stated in letter of Sept. 24th. The matter of contract with the St. Louis Cotton Compress Company was submitted, and the Secretary instructed to confer with President and Secretary relative to contract submitted by the B. & O. S. W. R. R. on this matter.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 374."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 29th, 1900. The Secretary reported result of his conference with the President and Secretary of the St. Louis Cotton Compress Company, which was to the effect that they declined to execute the B. & O. S. W. R. R. form of contract with a surety or guarantee bond, in addition to their St. Louis Cotton Compress Company guarantee. They would, however, execute the new form of contract, omitting the surety bond. Under instructions, the Secretary said that he notified the St. Louis Cotton Compress officials that their cotton notes would not be exchanged for bills of lading on and after October 1st.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 375."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee Rate Clerks, held in the office of the Chairman, October 2nd, 1900, at which the following roads were represented:

B. & O. S. W. Railroad; Chicago & Alton Ry.; C. P. & St. L. Ry.; Big Four Ry.; Illinois Central R. R.; Henderson Route; Louisville, Evansville & St. Louis R. R.; The Wabash R. R.; T. H. & I. R. R.; T., St. L. & W. R. R.

At meeting of September 27th, the Chairman was instructed to call a meeting of Rate Clerks to check in rates on corn, other grain, and grain products, to points in C. F. A. territory, to be used as a basis for rates from East St. Louis and Upper Mississippi Eastbank Points, etc.; and at the meeting on October 10th, the Rate Clerks took action and checked in rates as follows:

"Whereas, The lines leading from the Upper Mississippi River Crossings have established the Toledo rates on corn and other grain, and grain products to a number of basing points in Central Ohio, which if continued will result in the

lines leading from East St. Louis reducing their present rates to many important basing points, such as Cincinnati, Louisville, New Albany, etc., be it

Resolved: That we ignore this condition in checking our rates from East St. Louis and hold the Toledo corn rate only to points on and north of the T. St. L. & W. R. R., from Bluffton, Ind., to Toledo, Ohio, inclusive, otherwise the rates shall be lined up to the present authorized figures to Lake ports, etc., in the usual manner; and be it further

Resolved: That the lines leading from Upper Mississippi River Crossings be asked to observe this same rule when establishing their rates."

Which resolutions are followed by list of points, together with rates thereto, as fixed by the Rate Clerks on the commodities named.

Above exhibit, consisting of seven pages, is marked "Plaintiff's Exhibit Fraser No. 376."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the General Office of the Big Four Ry., on October 2nd, 1900. Members reported generally an improvement in domestic rates, but export rates continue irregular, particularly on flour and packing-house products.

The subject of contract with the St. Louis Cotton Compress Company was brought up, and it was decided to defer action until meeting on the 12th inst., at which time it was intended to consider and act upon the following resolution:

"Resolved: That on and after November 1st, 1900, all lines, members of the St. Louis Eastbound Freight Committee, will discontinue the practice of issuing bills of lading on cotton notes or cotton receipts, and will thereafter handle this business on the same basis as other commodities."

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 377."

Plaintiff offers in evidence record of the meeting of the St. Louis Eastbound Freight Committee, held October 12th, 1900.

Meeting considered grain and grain products, C. L., East St. Louis to C. F. A. points. At meeting on Sept. 27th, action was taken instructing Chairman to issue call for meeting of Rate Clerks on October 2nd, for the purpose of checking in rates to apply on grain, grain products and corn, C. L., East St. Louis to points in C. F. A. territory; the list of basing points to be increased, and the rates agreed upon to be used as a basis for a revision of rates on this traffic from Upper Mississippi River Crossings, etc. The Chairman reported that at meeting of the Rate Clerks, on the 2nd inst., a list of rates were checked in, as shown in proceedings of Rate Clerks' meeting, Oct. 2nd, 1900; and the subject being further considered to-day, the following resolution was adopted:

"Resolved: That Chairman Tucker be requested to submit the rates as checked in by the St. Louis Committee, to the Upper Mississippi River Crossing roads, with the request that they line their rates up in accordance therewith, he to advise result as early as possible."

Meeting also considered proportional rates on wheat and grain products, taking same rates, from Kansas City to Detroit and Toledo, Ohio. At meeting on Sept. 21st the above subject was considered, and the Chairman was instructed to take the matter up with the C. & A. and the Wabash, with the view to having tariffs withdrawn. The C. & A. advised by letter, Sept. 28th; the Wabash advised that they had the subject under consideration, and would reply later. The matter was continued.

Meeting also considered minimum weight and number of light weight horses and mules per carload, and again made recommendation to the C. F. A. as to weight and number of horses per carload.

Meeting considered also allowance to Illinois Terminal and other short line mileage roads on traffic to and from points in C. F. A. and Trunk Line territory. The Chairman stated that, in line with action taken at meeting of Sept. 27th, he had secured the vote of the absent members (the T., St. L. & W., and L. E. & St. L. C. R. R.), but had not as yet received the vote of the C. & A. Railway. The matter was laid over until the next regular meeting.

Meeting also considered percentages demanded by I. C. Railroad on traffic off their St. Louis divisions, forwarded via East St. Louis to Western Termini and Trunk Line territory. The above subject was considered at meeting on September 21st, and laid over; and after further consideration to-day it was laid over until next regular meeting.

Meeting also considered application for commodity rate on grape sugar from East St. Louis, when from St. Louis, Mo. A letter received from Mr. Tucker, dated Sept. 24th, File F-454 and F-536, was submitted to members, and the matter continued until the next meeting.

Meeting also request for reduction in rates on cotton from the South, both for export and for domestic use in New England territory, in competition with routes via South Atlantic ports. The President submitted correspondence on the subject, and the following resolution was passed:

"Resolved: That the Chairman advise the applicant that it is the opinion of the members of this Committee that no reduction can consistently be made in the present rates on cotton, either for domestic use, or for export; and the subject be tabled."

Meeting also considered rates on enameled brick, C. L., East St. Louis to New York City only. Chairman submitted the following letter from Mr. Tucker, Oct. 8th, File F-500:

"It is stated that some of the initial lines from East St. Louis are about to make rate of 23 cents to Baltimore, on

enameled brick, C. L., from East St. Louis, based on Information No. 423-A. If such action is taken it will be entirely incorrect, as rate of 26 cents applies only to New York City, and is not to be used as a basis for making rates to other eastern cities. It seems to me essential that all East St. Louis lines should clearly understand this matter so as to avoid trouble in future."

The following resolution was passed: "Resolved, That the Chairman issue circular letter to the effect that the rate on enameled brick, C. L., viz.: 26 cents per 100 lbs., named in Special Notice No. 1029, C. F. A. Information 423, Series A, applies on this traffic from East St. Louis to New York City only, and this authority is not to be used as a basing rate either from or to other points."

Meeting also considered application to include pig iron, C. L., in list of articles upon which percentage divisions authorized in Joint Committee Circular No. 1609, this Committee's Special Notice No. 437, apply. This subject was considered at meeting of September 21st; and the Chairman stated that he had advised Mr. Tucker in line with action taken, and received reply Oct. 8th, File F-529, which was submitted, and the matter was continued.

Meeting also considered matter of eliminating distiller's grain from grain products list, on account of combustion. The Chairman stated that he had received letter October 8th, File 725, from Chairman Tucker, requesting the views of this Committee on the proposition contained in C. F. A. Advice Letter F-574, dated Oct. 4th, 1900; and the following resolution was passed:

"Resolved: That in view of the fact that no distiller's grain is shipped from East St Louis, and the facts concerning this commodity are obtainable by the Peoria Committee, we desire to leave it to that Committee to make recommendation to the C. F. A., and this Committee is willing to concur in resolution adopted by the Peoria Committee."

Meeting also considered rates on enameling or black plate and steel bolsters to Western Termini and Trunk Line points. This subject was considered at meeting of Sept. 21st, and continued. The Chairman submitted letter of Sept. 24th, File X336, from Mr. Tucker, in which he again requested to be advised when contracts on above traffic would expire and the tariffs naming the unauthorized rates be cancelled. The following resolution was passed:

"Resolved: That the Chairman call the roll to ascertain what roads have contracts on this traffic, and when same would expire."

The roll being called, the representatives of the B. & O. S. W., C. P. & St. L., Big Four, I. C., L. E. & St. L. C. and T. H. & I. roads stated that they had no contracts on this traffic. Representatives of the C. & A. stated that there was no change in conditions since letter of Sept. 6th; that is, "that the present arrangements of this Company on commodities referred to will not permit us at this time to consider a proposition looking to the advance in these rates. At the expiration of the current year we doubtless will be in a position to agree to an advance." The representative of the Wabash stated, "We have a tariff in effect on enameling or black plate, and we will probably not be able to withdraw it before April 1st, 1901. So far as rates on steel bolsters are concerned, we are prepared to cancel our tariff when the other roads do so. The Chairman later secured statements from the Henderson Route, and the Toledo, St. Louis & Western, that they had no contracts on the above traffic.

The Toledo, St. Louis & Western Railroad gave notice of withdrawal from the Committee.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 378."

Plaintiff offers in evidence record of special meeting of

the St. Louis Eastbound Freight Committee, held on October 16th, 1900. The consideration of the contract with the cotton companies was postponed. Members reported general improvement in the rate situation, but some members reported irregularities on flour and provisions for exports. Cotton rates firm. Generally domestic rates in good shape. Meeting adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 379."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held October 30th, 1900. Members reported general condition of rates improved. Some irregularities were reported on provisions, etc., from Missouri River, on cotton for export, both square and round bale; and also on flour, rates appeared to be somewhat irregular. The Secretary reported having received a communication by 'phone that certain members had been appointed by the Cotton Exchange, a committee to secure some information regarding change on cotton; and a Committee was appointed to confer with the cotton representatives.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 380."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held November 2nd, 1900. The members reported rates on export flour irregular, business generally moving at tariff rates, and controlled by car supply. The Chairman was instructed to write the Chairman of the C. F. A. in regard to allowance to Ilinois Terminal and other short roads, giving him the vote of all the members on this subject, at meeting Sept. 27th.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 381."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held on November 9th, 1900. The members reported rates on export dressed meats and provisions were off from 7 to 10 cents; also that parties claimed reduction 3 to 5 cents on cotton, mostly export. Members present all denied any concession by their lines, and agreed that generally rates were being maintained and traffic movement governed by car supply.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 382."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held November 13th, 1900. Members reported rates on export cotton three cents off. Members present all denied any concessions by their lines, and agreed that rates generally were being maintained and traffic movement governed by car supply.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 383."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held November 16th, 1900. Members reported rates on export cotton irregular, and in connection therewith the Secretary read letter of the 15th, File A-7810, from Chief Inspector Rainer, as follows:

"Will you please advise me whether the St. Louis lines have authorized rate of 25 cents per 100 lbs. on Export Cotton, East St. Louis to Newport News, and oblige. I notice quite a movement from East St. Louis via Kanawha Despatch, billed at that rate to Newport News."

As Kanawha Despatch Tariff 333, I. C. C. 391, issued Oct. 20th, 1899, authorizes the rates referred to, the following resolution was passed:

"Resolved, That Chairman Fraser take the subject up with Messrs. Thornton Lewis, Manager Kanawha Despatch; W. D. Holliday, A. G. F. A., Big Four, and R. A. Campbell, G. F. A., L. E. & St. L. C. R. R., with a view of having Kanawha Despatch tariff amended at once, cancelling the rate of 37½ cents on uncompressed cotton, East St. Louis to Newport News and Norfolk; the only rate authorized by this Committee being 39½ cents on uncompressed, and 27 cents on compressed cotton, same as to Baltimore, as per Special Notice No. 963, Feb. 17th, 1900."

The Secretary was instructed to examine tariffs of L. E. & St. L. C. R. R., and the Henderson Route, and their fast freight lines, and should similar rates be named by them he is to take the subject up with the proper officers in line with above resolution.

The Chairman reported that in acordance with the above letters were written, on the 16th inst., to Messrs. Holliday, Lewis and Campbell, regarding Kanawha Despatch tariff; also to Messrs. Irwin and Broaddus regarding Cumberland Gap Despatch tariff; and to Messrs. Fitzgerald and Campbell regarding Asheville Line tariff.

The Kanawha Despatch tariff named rates on uncompressed cotton, from points west of the west bank of the Mississippi River, East St. Louis to Newport News and Norfolk, 37½ cents, and to other North Atlantic ports on same basis. Cumberland Gap and Asheville Line tariffs name same rates as proportional, and are applied not only from East St. Louis but also from Upper Mississippi River Crossings.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 884."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held Nov. 20th, 1900. Members reported rumors, which appeared to

be well founded, that tariff rates on cotton, export and domestic, were not being maintained; and same conditions regarding provisions, oleo oil, green hides, and grain products. Members present denied any concessions made or authorized by them.

The President reported having written to managers Kanawha Despatch, Cumberland Gap Despatch, Asheville Line, and other officials, regarding rates on cotton to Norfolk, Newport News, etc., as instructed at previous meeting; and read leter of the 19th from the manager of the Cumberland Gap Despatch, as follows:

"I have your favor of the 16th, which only reached me this morning. I have agreed with Mr. Fitzgerald and Mr. Thornton Lewis, of the Asheville Line, and Kanawha Despatch, respectively, that on a date that would be named by Mr. Lewis we would advance the rate to 39½ cents on all cotton."

The Secretary read letter of the 17th, File 7441, St. Louis Eastbound Freight Committee, File 3245, from Chairman Tucker, regarding rate on phosphate of soda, and was instructed to send copy to all members.

Also read letters from Mr. Tucker as to rates on grain to Cincinnati, Louisville, Cairo and Evansville; and it was resolved:

"That the papers be referred to the St. Louis- Cincinnati-Louisville Freight Committee for their consideration."

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 385."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held Nov. 23rd, 1900.

Meeting considered percentages demanded by I. C. Railroad on traffic off their St. Louis division, forwarded via East St. Louis to Western Termini and Trunk lines; and the matter was laid on the table.

Meeting also considered rates on enameling or black plate and steel bolsters to Western Termini and Trunk Line points. This subject was previously considered at meeting Oct. 12th, and information obtained and submitted to C. F. A. The Chairman read a letter from Mr. Tucker, which contained recommendation to the St. Louis Committee, adopted by C. F. A., at their meeting 15th inst., as follows:

"Recommended, That the Chairman of the C. F. A. take the matter up with the St. Louis Committee, with a view of having all rates cancelled on each of these commodities that can be abrogated Jan. 1st, ensuing, and that such rates as must be continued under the arrangements now in effect on enamelling or black plate, be cancelled April 1st, 1901, no new contracts to be made in the meantime.'

After further consideration, it was

"Resolved, That all roads, members of this Committee, individually advise that, effective Jan. 1st, 1901, they will cancel all commodity rates now in effect on steel bolsters, C. L., East St. Louis to Western Termini and Trunk Line territory."

Meeting also considered rates on phosphate of soda, C. L., East St. Louis to Trunk Line territory. The Chairman stated that he had received a letter from Mr. Tucker, regarding the withdrawal of the commodity rate on this traffic (as per C. F. A. Information 263, Eastbound Freight Committee Special Notice No. 1032), on account of eastern roads requesting same rates on westbound business.

Meeting also considered letter from Chairman Tucker, regarding C. F. A. Information 1848, stating that Information No. 1848 provides that various articles take certain per cent. of the 6th class rates, and that said per cents should not be published in tariffs but should be used as a basis for publishing rates between specific points in C. F. A. territory; as some of the roads, members of the St. Louis

Committee, have published these per cents in tariffs, they are requested to cancel same, and establish table of rates as shown in Wabash R. R. tariff No. 21,401, C. E., Amendment to No. 35 to I. I. C. 65.

The following resolution was passed:

"Resolved: That the roads now having in effect tariffs publishing the per cents instead of the rates, cancel the same, effective at once, and publish tariffs as authorized in C. F. A. No. 1848, showing table of rates."

Meeting also considered request for reduction in rates on photographers' dry plates, C. L., East St. Louis to eastern points. This subject was considered June 29th, 1900, and recommendation for 4th class rates forwarded to Official Classification Committee, and declined by that Committee. Mr. Fraser stated he had advised the M. A. Seed Dry Plate Co. of the decision of Official Classification Committee, and received letter requesting that commodity rate be established; and resolution was passed saying that the letter of Nov. 17th from M. A. Seed Dry Plate Co. be sent to Official Classification Committee without recommendation, calling Mr. Gill's attention to the fact of their making application to have rate established, valuation released to same basis as window glass.

Meeting also considered the matter of holding shipments by St. Louis Transfer Co. by western lines for various causes. Letter from member was read on this subject, and the matter was continued until next meeting.

Meeting also considered rates on green and deciduous fruits, C. L., points in Utah and Idaho, via Chicago, to eastern points, as against rates on like traffic via East St. Louis. The Chairman submitted correspondence on this subject, and it was "Resolved: That the Chairman be instructed to take this matter up again with Chairman Tucker, with the view to find out definitely what action has been taken by the Chicago Committee, so that we can be gov-

erned on business from that territory moving through the East St. Louis gateway, and report at next conference meeting."

Meeting also considered weights on carload shipments on Trojan car couplers, and it was resolved that it was the individual opinion of the roads, members of the Committee, that on shipments of car couplers the actual weight should be charged, this being the rule which applies on all other car couplers, and no exception can be made.

Meeting also considered application for 5th class rate on iron beds, C. L., in the rough, unfinished, unpacked, C. L. minimum 24,000 lbs,, Utica, N. Y., to East St. Louis. The Chairman stated that he had received letter, with illustration, regarding this traffic, requesting the Committee to endorse their application made to the Official Classification Committee, for rating referred to above. The matter was continued until next meeting.

Meeting also considered proportional rate on cattle C. L., East St. Louis to Indianapolis. The Chairman stated that he had received replies from all members, and same being submitted, it was decided that the Chairman write the Wabash R. R., as requested by Mr. Coyle, and the subject was laid on the table.

Meeting also considered allowance to Illinois Terminal and other short line mileage roads on traffic to and from points in C. F. A. and Trunk Line territory. This subject was last considered at special meeting of Nov. 2nd, and submitted to C. F. A., and acted upon at their meeting, Nov. 15th, as shown in Proceedings, page 203, subject 3407, as follows:

"After further consideration of the subject your Committee recommends that the action as next below of the St. Louis Eastbound Freight Committee regarding percentages to short roads in the vicinity of East St. Louis be authorized

temporarily and without prejudice to a future general revision. (Adopted.)

Whereas, This Committee has carefully considered the subject of allowance to short roads via the East St. Louis and neighboring gateways, as requested by the action of the C. F. A. meeting Sept. 13th, 1900, and find that it is impracticable at the present time to establish a percentage basis as suggested; and,

Whereas, We recognize the importance of revising the divisions allowed the short lines through the East St. Louis gateway, Edwardsville, Edwardsville Junction, and Edwardsville Crossing, but observe that in considering this it involves the question of divisions through the Northern Illinois junctions, that is to say, the C. F. A. lines are now pro-rating on Alton business, via the way of Springfield, Peoria, Bloomington, etc., on a percentage basis very much in excess of what is allowed the short lines via East St. Louis, both on Alton & Belleville traffic. In view of these conditions, be it

Resolved, as the sense of this Committee, that action be taken as promptly as possible by the appointment of a committee by the C. F. A. to take under consideration the whole subject. And be it further

Resolved: That pending such action on the entire question, in justice to the T. St. L. & W. R. R., the Wabash R. R., and the Big Four Railway, those roads should be authorized to pro-rate with the Illinois Terminal Railroad, by way of Edwardsville, Edwardsville Junction and Edwardsville Crossing, respectively, on business from Alton, Ill., upon the same basis that C. F. A. lines now pro-rate on Alton & Belleville business via East St. Louis, namely; 15 per cent to Trunk Line points; 17½ per cent to Western Termini of Trunk Lines; and 20 per cent to C. F. A. points, as authorized in C. F. A. Circular No. 1967, Joint Committee

Circular No. 1675, of which this Committee's Special Notice No. 446 is a duplicate."

Above exhibit, consisting of four pages, is marked "plaintiff's Exhibit Fraser No. 386."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held Nov. 23rd, 1900. Members reported rate conditions improved; in fact, no charges are made that tariff rates are not being maintained. Explanation was made regarding indications that inland rates had been cut on export cotton, and positive statements made that the rate of 44 cents East St. Louis to Liverpool allowed the line to Boston 30 cents, the tariff rate.

The statement was made that satisfactory arrangements had been made between the St. Louis Transfer Co., the St. Louis Cotton Compress Co., and the Peper Cotton Press, which avoided the necessity of cotton shippers asking the railroads to handle that commodity differently from other traffic.

The Secretary read letter of the 20th inst., File 7380, Eastbound Freight Committee, File 3272, from Chairman Tucker, regarding rates on export flour, 12 cents per 100 lbs., East St. Louis to Philadelphia. Roll being called, members denied making less than authorized rates, and ordered that Chairman Tucker be so advised, and requested to investigate the rate on flour, via Upper Mississippi River Crossings, and advise result.

The Secretary reported having received information that, effective Dec. 1st, the rates on cotton referred to at meeting on the 16th inst. would be advanced by the Kanawha Despatch, Cumberland Gap Despatch, and Asheville Lines, from 37½ to 39½ cents, as requested.

Meeting adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 387."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held Nov. 27th, 1900. The members reported general improvement in rate situation, although some rumors of less than tariff rates being offered, but no positive charges made. The Secretary read letter from Chairman Tucker regarding reports that tariff rates on flour and provisions were not being maintained via this gateway, and was requested to reply that the Committee denied the charges, and asked for some proof.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 388."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held November 30th, 1900. Sundry reports regarding iregularities in rates on flour and provisions from Missouri River, also cotton for export. Rumors of rates not being maintained on lumber from St. Louis; no positive charges made. Secretary read a letter from Chairman Tucker regarding report of cut rates which were not admitted, and reply sent Mr. Tucker accordingly.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 389."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held December 4th, 1900. Reports from all members were to the effect that generally the rate situation was very good. There were, however, street reports of low rates on export cotton, 42 and 43 via Boston, that caused doubt as to inland tariff being maintained. Special rates claimed to have been in effect on export flour were reported as ended Saturday, 1st. Provisions from Missouri River reported as still mov-

ing at large reductions from tariff—18½ cents off. No disposition shown to do other than maintain tariff rates.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 390."

Plaintiff offers in evidence record of special meeting of St. Louis Eastbound Freight Committee, held December 7th, 1900. Members reported rates generally in good condition, although some rumors regarding irregularities on different articles. Statements made that the cut rates that have prevailed on export flour from Missouri River are effective to January 1st.

Meeting considered rate on starch, C. L., between East St. Louis, Cincinnati, Louisville, etc. At conference meeting, held at Indianapolis, 21st inst., action was taken to eliminate starch from list of articles taking grain products rates, and insert in tariff, "Starch, 12 cents per 100 lbs., C. L." and it was

"Resolved, That circular letter be issued calling attention to the action of the St. Louis-Cincinnati-Louisville Freight Committee, with the view of ascertaining whether the roads who published individual tariffs naming rates to or from or between, East St. Louis, Cincinnati, Louisville and other points under the jurisdiction of the St. Louis-Cincinati-Louisville Freight Committee, in which starch, C. L., is included in the list of articles taking grain products rates, will amend same effective January 1st, 1901, eliminating starch from grain products list, and make rate on starch, C. L., 12 cents per 100 lbs., between East St. Louis, Cincinnati, Louisville, etc."

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 391."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held Decem-

ber 11th, 1900. Members reported rumors regarding less than tariff rates being quoted on cotton, packing-house products, lumber, glucose, pig iron, etc., both export and domestic. The roads charged with the irregularities not being represented, no action was taken.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 392."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held December 14th, 1900. Meeting adjourned without action.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 393."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held December 18th, 1900. There was a general disscussion regarding packing-house products and provisions from Missouri River. All gentlemen were of the opinion that rates were in bad condition, and it was stated that rates would probably be restored January 1st, 1901. The Clover Leaf was handling most of this traffic, and it was the general opinion that their rates were not very firm on any traffic.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 394."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held December 21st, 1900. The impression prevailed that rates on flour, cotton, packing-house products, from both Missouri River and St. Louis, were not being maintained by some lines, but no definite action was taken in the premises.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 395."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held December 28th, 1900. Members reported that generally rates were in better condition than they had been, and no charges or complaints made.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 396."

At this point, the further taking of testimony is adjourned until to-morrow, Thursday, November 22nd, 1906, at 10:30 a. m.

R. E. Rombauer,
Special Commissioner.

St. Louis, Nov. 22nd, 1906.

Met, pursuant to adjournment as above, on Thursday morning, November 22nd, 1906, at 10:30 o'clock, A. M., at the office of Special Commisioner Rombauer, in the Roe Building, St. Louis, Mo.

Present, parties as before.

The following proceedings were had:

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Committee, held January 4th, 1901, which record shows that the following roads were represented: B. & O. S. W. R. R., C. & A. R. R.; C. P. & St. L. R. R., Big Four Ry.; Illinois Central R. R.; T. H. & I. R. R.; Wabash R. R.

Meeting considered allowance in weight account of shrinkage on inbound shipments of live stock at national stockyards, also on outbound shipments destined to points in C. F. A. territory west of the western termini of Trunk Lines.

Meeting also considered rates on cotton linters, uncompressed, East St. Louis to points in C. F. A. territory. This matter was submitted by circular letter Dec. 3rd, 1900, File 4080, and replies received from the members of the Committee, and the following resolution was adopted:

"Whereas, The roads, members of this Committee, individually advise that they are not using or quoting any less than the authorized rates on the traffic, from East St. Louis to points in C. F. A. territory,

Resolved: That parties making the inquiry be advised accordingly, and the subject be laid on the table."

Meeting also considered rates on ground or prepared clay, etc., East St. Louis to C. F. A. and Trunk Line territory. Correspondence on this subject was submitted at special meeting December 28th, 1900, and the Chairman instructed to write to Mr. Tucker asking information as to why the rates on clay, points east of the Western Termini on the Trunk Lines, apply on all kinds of clay, whereas those to the Western Termini and other C. F. A points apply only on clay not ground or prepared; and also to ask Mr. Tucker to put this matter before the C. F. A., with a view to having a commodity rate authorized to cover ground flint, prepared clay, feldspar and crown filler to C. F. A. points. It was also

"Resolved: That the individual roads, members of this Committee, recommend to the C. F. A. that Information Circular No. 1890, naming rates on clay, etc., C. L., to points in the C. F. A. territory be amended to read the same as clay per C. F. A Information Circular No. 258-Series A, to Trunk Line points."

The record shows that Messrs. N. W. Taylor, W. D. Holliday, and P. W. Coyle were elected as the Executive Committee for 1901.

Meeting also considered rates on beauxite ore, East St. Louis to Pittsburg, when from points in Arkansas. Also minimum basing sheet or guide book for compiling rates to points in C. F. A. territory. This subject was considered at special meeting Dec. 11th, 1900; and it was resolved that the Chairman should call a meeting of the Committee, or their representative, on Dec. 21st, for the purpose of com-

piling a guide book or basing sheet, to be used in preparing tariffs from East St. Louis to points in C. F. A. territory. The meeting convened on Dec. 21st, and some work done. Meeting adjourned to Dec. 26th, but was postponed until Jan. 2nd, and again until Jan. 7th, at which time it is requested that full attendance be had.

Meeting also considered rates on cotton-seed mill and cotton factory sweepings, C. L., East St. Louis to points in C. F. A. territory, and by resolution recommended to the C. F. A. that 6th class rates be established on shipments of cotton-seed mill and cotton factory sweepings, used as paper stock, in bales, machine compressed, C. L., East St. Louis to all points in C. F. A. territory; which was authorized by C. F. A. Information No. 2594.

Meeting also considered rates on green and deciduous fruits, C. L., points in Utah and Idaho, via Chicago, to eastern points, as against rates on like traffic via East St. Louis. A resolution was passed instructing Mr. Fraser to write letter to G. F. A. Mo. Pacific Ry., quoting correspondence with Chairman C. F. A., notifying the G. F. A. Mo. Pacific that the East St. Louis roads endorse the resolutions adopted by the Chicago Eastbound Roads at their meeting 4th inst.; which action of the Chicago Eastbound Roads was that they resolved that the provisions of C. F. A. Information Circular No. 356-Series A, be strictly adhered to, without any deviation thereform; and that they would decline to participate in Oregon Short Line tariff No. 642 above referred to, publishing rates on green and deciduous fruits, in carloads, from Idaho and Utah points, to New York, Boston, etc., and recommending that if less rates than those authorized by the C. F. A. are necessary, that application ought to be submitted for same in the regular way.

Meeting also considered application for 5th class rate on iron beds, C. L., in the rough, unfinished, and unpacked,

from Utica, N. Y., to East St. Louis. Matter was laid over.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 397."

Plaintiff offers in evidence record of special meeting of the St. Louis East bound Freight Committee, held January 4th, 1901. The record simply shows that all reported rates in good condition, and no complaints to make.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 398."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held January 8th, 1901. The roads, members of the Committee, all reported conditions much improved, no complaints made except reports of cutting by the Toledo, St. Louis & S. W. road.

Correspondence was read regarding C. L. rates on certain commodities, East St. Louis to New York, and resolution to C. F. A. adopted and sent by letter.

Letter was read from Marsh Oil Works, Kansas City, asking lower minimum carload weight, and instructions given to Mr. Fraser to inquire kind of oil, etc., and report later.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 399."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held January 15th, 1901. Record shows that there were reports of rates being cut on flour, 2½ to 3½ cents; also some reductions on cotton and other commodities; charges generally against the T. St. L. & S. W.; no positive proof offered, or action taken.

Secretary called attention to circular letter, dated Dec. 20th, 1900, File 3280, resolution to restore rate on steel bolsters, C. L., January 1st, 1901, adopted Nov. 23rd. The T. St. L. & W. R. R. having given notice that special rate could not be cancelled via their lines. Wabash Amendment No. 9 to I. C. C. 784, effective 14th, cancels Amend ment No. 6, and restores rate on steel bolsters to the special rate, as per Wabash tariff No. 784.

Secretary also read letters, dated Jan. 7th, and January 9th, from the Marsh Oil Works, Kansas City, requesting reduction on minimum carload weight on linseed and castor oils, and by resolution the matter was referred to the Official Classification Committee without recommendation, and applicant was so advised.

Secretary also submitted letter of Jan. 14th, File A-7596, from Chief Inspector Rainer, regarding lumber from St. Louis; and the subject was laid on the table.

Attention was called also to C. F. A. Advice Letter No. F-480½, calling meeting for the 17th, at Indianapolis, to recheck rates on pig iron, etc. Meeting adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 400."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held January 18th, 1901, in the General Freight Office of the Big Four Ry. It was reported by several members that rates on export flour were being cut 2 cents (18½ to New York); also cuts on cotton, export and domestic, figures not named. The C. P. & St. L. was the member charged. Mr. Galligan denied any authority from the general freight office. The T. St. L. & S. W. was charged with shading rates on anything they could find to ship. No action taken.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 401."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held January 25th, 1901. Members reported cut rates on flour 16½ to 17½ cents; also indications of irreuglarities in rates on cotton and lumber; no action taken. Secretary reported progress on minimum basing sheet, and asked instructions regarding form, etc. Matter laid over until next meeting.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 402."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held January 29th, 1901, held in the office of the Big Four road. Members reported irregularities in rates, particularly on grain products and provisions for export; also rumors on domestic Charges generally were against the T. St. L. & W. No action taken.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 403."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held February 1st, 1901. The record shows that the meeting considered rates on pig iron, billets, brooms, etc., East St. Louis to points in C. F. A. territory. The Chairman stated that at meeting at Indianapolis, Jan. 17th, 1901, it was decided by the lines from Ohio River Crossings and East St. Louis, that no change should be made in the present rates on this traffic; it being the understanding that the Chicago lines would not make any reduction in rates to C. F. A. points, or between Chicago and the Ohio Crossings. It has since developed that the Chicago lines reduced their rates to a number of points in C. F. A. territory, as shown in Chicago Freight Committee Circular T-85 effective Feb. 1st, 1901, and that the Chicago & Ohio River Committee had checked in re-

duced rates to become effective February 5th, 1901, as per joint letter from Chairman Tucker, dated Jan. 29th, File 7646. In view of the foregoing, it was

"Resolved: That the Chairman advise Chairman Tucker that this Committee deems it necessary that we have a joint conference, for the purpose of making a recheck of the pig iron, billets, etc., rates; and that we therefore recommend that joint meeting of the Ohio River and East St. Louis lines, etc., be held at Indianapolis, on Wednesday, Feb. 6th, 1901."

Meeting also considered allowance in weight account of shrinkage on inbound shipments of live stock at National Stockyards, also on outbound shipments destined to points in C. F. A. territory west of the Western Termini of Trunk Lines. Secretary reported that replies had been received from all the roads concerning their action on the subject, and the matter was tabled.

Meeting also considered expense for compiling and printing minimum basing sheet, East St. Louis to points in C. F. A. territory; and by resolution, the Chairman was instructed to proceed with the compilation and publication of minimum basing sheet, and that 2,000 copies be printed, and the expense borne equally between the roads, members of the Committee.

Meeting also considered rates on steel bolsters, East St. Louis to Western Termini and Trunk Line points.

Meeting also considered through rates and divisions on cotton-seed oil, C. L., Montgomery, Ala., via East St. Louis, to New York City, which subject was referred to the Committee by the C. F. A. for recommendation, the M. & O. having made application to the C. F. A. for reduction in through rate and divisions on this traffic authorized in C. F. A. Information No. 223-A, on account of reduced rate in effect via the Virginia gateways to New York; viz.: 31 cents all rail. After due consideration, it was decided that

the subject should be deferred until again brought up by the new owners of the M. & O. R. R.

Meeting also considered instructions to National Stockyards Co., East St. Louis, to weigh shipments of light weight range horses, mules, ponies, or colts, also to show number of animals loaded in each car; and the Chairman was instructed to write Chief Inspector Rainer asking what additional authority he needs in order to obtain the actual weight of cars of colts or ponies, etc., it being the understanding of this Committee that he has all the authority necessary to secure the actual weight of these shipments.

Meeting also considered rates on cement plaster from Texas points, East St. Louis to points on Southern Indiana Railway. Chairman submitted letter on above subject, and after consideration the following resolution was adopted:

"Resolved: That the Louisville basis be applied to the entire line of the Southern Indiana Railway on cement plaster from East St. Louis."

Meeting also considered application of Illinois Terminal R. R. to establish rates to and from Edwardsville proper via Edwardsville Crossing, the Illinois Terminal to handle the freight to and from connections at Edwardsville Crossing. Also considered application for reduction in rates on veneered, built-up, or compound wood, East St. Louis to C. F. A. and Trunk Line territory. Correspondence was submitted from the St. Louis Basket & Box Co., in which 4th class rates were requested on L. C. L. shipments of this traffic to C. F. A. and Trunk Line territory, and it was

"Resolved, That the subject be referred, without recommendation, to the Official Classification Committee, requesting Chairman Gill to advise the decision reached by that Committee."

Meeting also considered application to include screw hook hinges, cross-bars, harrow-teeth, and lag screws in list of iron and steel articles. Recommendation was made

to C. F. A. that these articles be included in the list of articles of iron and steel manufacture.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 404."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the General Freight Office Big Four Road, February 5th, 1901.

Members reported more or less irregularities in rates on flour, provisions, lumber, etc. Letter was read from Chairman Tucker of the C. F. A., as to the meeting at Columbus, Ohio, to check rates on cast iron pipe, etc., and members of Committee were instructed that Tucker be wired that interested roads would be represented.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 405."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held February 8th, 1901. Members all reported more or less irregularities in rates on lumber, cotton, packing-house products, dressed meats, provisions, etc., export and domestic.

Secretary presented list of rates checked in at Indianapolis meeting on the 6th inst., on pig iron, billets, etc., which were recommended to the C. F. A. for authorization. (See letter Feb. 8th, 1901, to Mr. Tucker). A. G. F. A. Becker was asked for his vote to authorize expense on Minimum Basing Sheet, as per resolution Feb. 1st, and he said he was going to Chicago to-night, and would confer with G. F. A. Keepers.

The subject of rates on clay, feldspar, etc., and weights on ponies, colts, etc., laid over until next meeting.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 406."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held Feb. 12th, 1901.

After the special meeting, the following subjects were considered:

Rates on prepared clay, ground flint and feldspar, crown filler and flint and feldspar, in the rock, East St. Louis to C. F. A. and Trunk Line territories. Resolution was adopted that the roads, members of this Committee, recommend to C. F. A. that the Information Circulars at present in effect naming rates on the above commodities to C. F. A. and Trunk Line territories, be amended so as to establish this traffic on basis of 83.33⅓% of the 6th class rate; and also recommending that rates on same basis, 83.33⅓% of the 6th class rate be authorized on clay, ground or prepared flint, etc., between all points in C. F. A. territory.

Meeting also considered minimum basing sheet or guide book for compiling rates to points in C. F. A. territory, and Chairman was instructed to discontinue work of compiling basing sheet, and to include such expenses as have been incured in the expenses of the Committee for the month of February.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 407."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the Big Four Freight Office, Feb. 12th, 1901. It was suggested by one of the members that two meetings each week took up too much time, and it was decided to hold the meetings in future once a week, on Tuesday.

Inquiries regarding the maintenance of rates developed the fact that rates on cotton, lumber, grain products, etc., were being cut by some lines, and the situation not very encouraging.

Secretary read letter of Feb. 6th, File A-13,007, from the

Chief Inspector, regarding weight on ponies, colts, etc., and after general discussion the Secretary was instructed to secure some information from G. F. A., T. H. & I. R. R., as to manner of securing weight, and report at next meeting.

Letter was read from A. G. F. A. of the Illinois Central, stating they would not participate in the expense of the minimum basing sheet on basis of resolution adopted Feb. 1st, and a resolution was adopted instructing Mr. Fraser to discontinue work of compiling the sheet, and to include the expenses in account for the month of February.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 408."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the Big Four Freight Office, February 19th, 1901. All members gave their views as to the situation, to the effect that rates on sundry commodities, both domestic and export, were not in accordance with the authorized tariff. No definite action taken.

The Secretary read letter of the 13th inst., from Chairman Tucker, regarding rates of emameling plate and steel bolsters, and it was suggested that if Mr. Tucker could arrange the matter with the T. St. L. & W. R. R., there would be no trouble in getting the Committee to give it proper attention.

The Secretary read letters from members, making inquiry regarding proper rates on various articles and animals, from Mexico, for the Pan-American Exposition; and the Chairman was instructed to issue a letter in reply thereto.

Letter was read regarding the absorption of the Mo. Pac. Ry. switching on competitive traffic to Virginia, but no action was taken, although the representative of one or

more roads stated that they did or would absorb the Mo. Pacific switching on traffic destined to points reached through the Mo. Pacific and Iron Mountain route, through the Southeast.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 409."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the General Freight Office of the Big Four Ry., on February 26th, 1901. The record shows that each member expressed his opinion as to the condition of affairs, and while there were some rumors or reports of irregularities, there was a marked improvement in the past few days, and apparently few contracts at less than tariff would be in effect after Feb. 28th. One contract of about twenty cars lumber, to a New England point was reported that might not be completed for thirty or sixty days. It was also agreed that each meeting of the Committee should be attended by the chief resident traffic official of each road. The Secretary read letter from the G. F. A., T. H. & I. R. R. regarding weight and number of horses, mules, range horses, ponies, etc., which was ordered submitted to members by circular letter, to be further considered at next meeting.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 410".

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held March 1st, 1901. Several members not being present or represented, meeting adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 411."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held March 5th,

1901. Meeting considered proportional rate on white limestone, C. L., East St. Louis to Trunk Line territory, originating at quarries in Missouri, and it was

"Resolved, That the individual roads, members of this Committee, recommend to the C. F. A. that they establish rates on white limestone, originating at points in Missouri, C. L. minimum weight as per official classification, East St. Louis to New York 26 cents, Boston 28 cents, Philadelphia, 24 cents, and Baltimore 23 cents, and to the Western Termini points 17½ cents, per 100 lbs., effective on legal notice.

Meeting also considered application to establish sixth class rates on cleaned empty bags, second-hand, returned, and the application was referred to Official Classification Committee, without recommendation.

Meeting also considered rates on grain, C. L., East St. Louis to points on the C. I. & L. Ry. south of Greencastle. Also instructions as to the manner of ascertaining the number of animals loaded in each car and correct weight to be charged on horses, mules, ponies, colts, range horses, etc., at National Stockyards, East St. Louis; and Chairman was instructed to prepare general letter of instructions regarding the handling of horses, mules, ponies, range horses, etc., from National Stockyards and East St. Louis,—copies of letters to be furnished members and Chairman to secure vote of absent members to the proposition.

Meeting also considered rates on pig iron, billets, brooms, etc., East St. Louis to Parkersburg, W. Va., as compared with rates from Cairo and other Ohio River crossings; and by resolution, the Chairman of the C. F. A. was requested to docket this subject for consideration at the meeting of the C. F. A. on the 13th and 14th.

Meeting also considered application to include wagon boxes and skeins (iron) in list of iron and steel articles published in Committee's Special Notice No. 1059, which

application was submitted, and the individual roads recommended to the C. F. A. that above named commodities be included in list of articles of iron and steel manufacture authorized in C. F. A. tariff sheets.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 412."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the General Freight Office of the Big Four Railroad, March 5th, 1901. Condition of affairs discused, and reported somewhat improved, but not satisfactory; and meeting adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 413."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held on March 8th, 1901. A letter of the 6th inst., File W 7493, from the G. F. A. Wabash, was read, regarding change in C. F. A. Information No. 461-A, "Illinois Terminal Railroad Allowance", and resolution adopted and sent chairman C. F. A. in letter of March 8th, File 3296.

As instructed at meeting of the 5th inst., the Secretary submitted draft of letter of instructions regarding C. L. shipments of horses, mules, etc., which was ordered issued, as per circular letter 11th, File 4062.

Attention was called to joint letter of the 2nd, File U-8, from G. F. A. Mo. Pacific, about rates on beauxite ore to eastern points. Letter written to the Mo. Pacific to the effect that rates from East St. Louis, 6th class, which allowed lines west $2.25 per ton out of through rate named by them, and no reason why we should make less than 6th class rate. Meeting adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 414."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held March 12th, 1901. Record shows that having no subjects to present, members did not remain in conference.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 415."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held March 15th, 1901. The record shows that on account of the absence of several members, there was no regular meeting, merely informal conference meeting between the members present.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 416."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held March 19th, 1901. On account of the absence of several members there was no meeting. The Secretary gave notice that there would be a call issued for a regular meeting on the 29th inst.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 417."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held in the Big Four Freight Office, March 22nd, 1901. Record shows that meeting considered percentage to the Illinois Terminal R. R., and request that C. F. A. Info. 461-A and 2552 be corrected to read "On traffic between Alton", instead of "from Alton", etc.; and it was resolved that the divisions applicable to Alton may be applied between Edwardsville, via Edwardsville Crossing and eastern points, Chairman also stated that he had received letter from Chairman

Tucker advising that at C. F. A. meeting on the 14th inst., the above recommendation was not concurred in; therefore the matter was laid on the table.

Meeting also considered rates on lumber, C. L., from St. Louis proper to Trunk Line territory. Also rates on steel bolsters and enameling and black plate, C. L., East St. Louis to Western Termini points and Trunk Line territory. The matter was, by resolution, referred back to Chairman Tucker, stating that as the T., St. L. & W. R. R. were not members of this Committee, he take the matter up with the Traffic Manager of this road, and get assurance from him as to the date on which the rates referred to on steel bolsters, enameling or black plate will be cancelled, and the authorized rates made effective—the matter then to be given prompt attention by this Committee. The record shows that Mr. Tucker was attempting to get rates on this traffic cancelled.

Meeting also considered application to include wagon boxes, thimble skeins, screw hook hinges, crow bars, harrow teeth, and lag screws, in list of iron and steel articles published in this Committee's Special Notice No. 1059; and it was resolved that parties making application be advised that same was declined by C. F. A.

Meeting also considered switching charges or belt line rates on cars known as "Idlers". Joint letter on above subject was received from the Chairman of the C. F. A., dated March 15th, 1901, File 7693, saying that question has arisen as to whether cars known as "idlers", which is a car that bears no part of the load, but is put on as a kind of pilot, etc., should be considered as a loaded car in the payment of switching or belt line rates, where such rates are fixed at so much per loaded car; and asking information as to what the practice was at East St. Louis and points in Eastbound Committee territory; and matter was ordered submitted to members by circular letter.

Meeting also considered rate on sulphide of ore, in bulk, released to $10.00 per ton, C. L., East St. Louis to Pittsburg, as against rate of 12½ cents from Chicago, as authorized in C. F. A. Information No. 2729. Chairman submitted letter from G. F. A. Santa Fe Road, in which he requested to be advised what rate would apply from East St. Louis, in view of rate from Chicago, as per above named C. F. A. circular; and Chairman was instructed, by resolution, to write the G. F. A. Santa Fe, naming rate now in effect from East St. Louis.

Meeting also considered rates and divisions on hides, dry in bundles and bales, and wool, C. L., named in Mo. Pacific tariff No. I. S. 9152, and division sheet No. 1 thereto.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 418."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the General Freight Office of the Big Four Ry., on March 22nd, 1901. Record shows that Secretary repeated what was said at last meeting, regarding vacation desired by Chief Clerk Reynolds, in consequence of ill health; and after all the subjects on the docket had been disposed of, the Secretary did not remain for the conference.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 419."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held March 26th, 1901, in the office of the Big Four road. Statements made by members present indicated irregularities in the rate situation, some of which were satisfactorily explained.

The Secretary read letter from Chief Inspector Rainer regarding rates on lumber, and he was ordered to file papers without reply.

Secretary also read letter of the 25th, File F-336, from Chairman Tucker, regarding cancellation of unauthorized rates on steel bolsters, etc., and was instructed to answer that the Committee declined to take any further action on the subject until the terms of resolution adopted March 22nd are complied with.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 420."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held March 29th, 1901. On account of absence of members, no conference was held, and meeting adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 421."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held April 5th, 1901. Record simply shows that Secretary did not remain during the conference meeting.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 422."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the office of the B. & O. S. W. R. R., April 9th, 1901. Record shows conference indicated very strongly that some lines were not adhering to tariff. Export was most affected, but there was also some irregularities on domestic traffic.

Letter of the 4th, File 7920, from Chairman of the C. F. A., regarding provision rate of 30 cents per 100 lbs. East St. Louis to Baltimore, all rail, via a Virginia line, was read, and the Secretary was instructed to write Mr. Tucker suggesting that, as the Virginia line rates are controlled by Messrs. Fitzgerald, Broaddus and Lewis, Fast Freight

Line managers, it would, no doubt, have more effect if Mr. Tucker took up the subject with the parties named.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 423."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the General Freight Office B. & O. S. W. R. R., April 12th, 1901. The record shows letters were read and action taken as below:

From Mo. Pacific, for rate on imported mahogany squared logs, Indianapolis, Ind. Advised rating 5th class, as per Official Classification, 13½ cents for woods of value.

Letter from Chairman Tucker, ½ cent deducted by Illinois Central R. R. at East St. Louis on cotton. Advised that no authority or warrant for M. & O. switching charge to be allowed out of rate from East St. Louis, etc.

Also letter from Chairman Tucker, in regard to shipments of horses and mules to the Virghinias. Advised that Information No. 95, April 5th, 1899, should be cancelled, and Official Classification rules govern on shipments to the Virginias as well as to Trunk Line points.

Also letter from Chairman Tucker, regarding pig iron, billets, etc., basis to Parkersburg, W. Va. Advised by B. & O. S. W. that basis provided in C. F. A. tariff is as high rates as can be maintained.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 424."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held April 15th, 1901.

Meeting considered switching and reconsignment rules and charges to govern on C. L. shipments, at St. Louis and East St. Louis, submitted by local agents; and Chairman

was instructed to advise Mr. Taylor that the proposed agreement, as submitted by Mr. Creveling, is satisfactory to the roads members of this Committee. This agreement provides for uniform charge for switching and reconsignments at St. Louis and East St. Louis.

The matter of switching charges or belt line rates on cars known as "idlers" was submitted, and the Chairman instructed to advise Mr. Tucker that the roads, members of this Committee, make no charges on these cars known as "idlers" other than as provided for in Official Classification.

Meeting also considered rates on clay and silica, C. L., East St. Louis to Chicago and Michigan points, when from points on the M. & O. R. R. Chairman read letter from a member regarding rates on this traffic, relative to establishing uniform divisions to apply via East St. Louis lines: By resolution, the Committee decided that the members would not accept less than the local rates on this traffic from East St. Louis, and that the M. & O. be advised accordingly.

Meeting also considered rates on pig iron, billets, blooms, etc., East St. Louis to Parkersburg, W. Va. The above subject was considered at meeting of March 5th, 1901, and referred to C. F. A.; and at meeting of that Association, March 14th, rates were authorized to Parkersburg on pig iron $2.40, billets, etc., $2.75 per gross ton, as per Information No. 2744. Chairman read letter from Mr. Tucker, dated April 1st, in which he requested this Committee to reconsider the subject, with the view of establishing same rate to Parkersburg as authorized to Wheeling; and, by resolution, Chairman was instructed to send copy of Mr. Tucker's letter to Mr. Orr, requesting that the B. & O. S. W. advise their position regarding this matter.

Meeting also considered application for reduction in rates on enameled brick, C. L., East St. Louis to C. F. A.

and Trunk Line territorries. Letter from a shipper was read, making application that same rates be applied on enameled brick, C. L., as are at present in effect on pressed brick from East St. Louis to C. F. A. and Trunk Line territory. After consideration, it was, by resolution, decided, that the individual roads, members of this Committee, recommend to the C. F. A. that they authorize rates on enameled brick on same basis as are at present in effect on pressed brick from East St. Louis to C. F. A. and Trunk Line territory.

Meeting also considered application for reduction in rate on manganese ore, C. L., from Pacific Coast points, East St. Louis to Pittsburg, as against rate via Chicago. The Chairman was instructed to advise A. G. F. A. Mo. Pacific Ry. that the lowest rate the roads members of this Committee could accept on this traffic east of East St. Louis, is their division of the through rate of 75 cents to Pittsburg; that is, 13.8 per 100 lbs. Subject was laid on the table, and meeting adjourned.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 425."

Plaintiff offers in evidence record of special meeting, held in the Big Four freight office, April 16th, 1901. Record shows letters were read and action taken as follows:

Letter from Chief Inspector, April 12th, File A-12785, relating to shipments consolidated into carloads; and Secretary was instructed to send copy to resident members.

Letter from the Chairman of the C. F. A., April 9th, File 7943, regarding absorption of switching charges on American Cotton Company shipments, was read again, and it was

"Resolved, That the roads, members of this Committee, hereby agree that no concession will be made covering the charges for switching on cotton from the warehouses of

the American Cotton Co. at East St. Louis, provided all of the East St. Louis roads agree to the same. The Chairman to secure the vote of roads not represented."

All members present voted in the affirmative; and letter was written on the 17th to Messrs. Campbell, Keane, Lindsay and Fitzgerald for their vote.

Reports indicated generally that the rate situation was far from satisfactory. Meeting adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 426."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the Big Four office, April 19th, 1901. Letters were read and action taken as follows:

From A. G. F. A. Holliday, April 17th, regarding rate on alumina. Advised that Official Classification, L. C. L. 4th, C. L. 5th, would apply.

Letter from S. B. Knight, April 17th, and letter of the 13th, from Missouri Pacific, regarding rate on "Guayale", a shrub. Additional information requested in letter of 19th to Missouri Pacific.

Letter from Chairman C. F. A., containing request for rate on enameled brick, declined Advice Letter G-109, and applicant informed by letter.

Letter from A. G. F. A. Holliday, regarding rate on crude sulphur, St. Louis to New York, same basis as westbound.

Letter from Chief Inspector, April 16th, concerning rate on lumber from St. Louis, billed at proportional rate. Letter written on 19th to G. F. A., C. P. & St. L., and copy sent to Chief Inspector.

Meeting adjourned.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 427."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held April 25th, 1901. The record shows that the subject of absorbing switching on cotton from American Cotton Company's warehouses, East St. Louis, on which resolution was adopted on 16th inst., was further considered today, and Chairman Fraser was instructed to ascertain whether any other than the Wiggins Ferry Co. tracks reached the said warehouses, and if so which ones, and to report at next meeting.

The subject of circular letter of April 20th, File 3208-A, regarding rates on pig lead and spelter was considered, and it was decided by the Committee that no change would be made, for the present at least, and that same rates from East St. Louis would be charged as heretofore on both pig lead and spelter, until otherwise agreed. Question to be further considered if raised by Chairman C. F. A.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 428."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held in the Freight Office of the Big Four Railway, April 26th, 1901. Record shows that Secretary received a letter, dated 26th, signed W. D. Holliday, as Chairman of Sub-committee, requesting information, by weeks, regarding tonnage carried, etc., by all roads in May. Attention of members was called to the fact that their request was not in accord with instructions from Executive Officers, as they stated in substance that their request would be approved if submitted, the figures asked for will be furnished.

Statements made by members indicated general improvement in rate situation, and good prospects for the future.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 429".

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held April 30th, 1901. Application for membership by the Illinois Terminal Railroad was declined. Reports as to maintenance of rates indicated much improvement; in fact, rates in very good shape.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 430."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held May 5th, 1901. Letters were read and action taken as follows:

From Mo. Pacific Railway, April 13th and 30th, and May 2nd, File X-13, rate on gu[illegible]yale, C. L., East St. Louis to Cleveland; notified would protect 4th class (25 cents) on experimental shipments, if advised before forwarding, and consider lower rate later.

Letter from Chairman Tucker, April 26th, File F-984, requesting that information No. 529-A and 2794, Special Notice No. 1070-1071, rates on white limestone, East St. Louis to Western Termini and the East, be cancelled. Answered that under certain circumstances, as explained, etc., Committee recommended cancellation at once.

Members reported rate situation improving daily.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 431".

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held May 7th, 1901. Members present reported rate conditions generally improving.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 432."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held on May 10th, 1901. The subject of switching on cotton at East St. Louis, considered April 23rd, was under consideration again today, and it was agreed by the Committee, also the T. St. L. & W., M. & O., L. & N., and Mo. Pacific-Iron Mountain, that the charge for switching, all of which was performed by the Wiggins Ferry Co., should be in addition to the rate from East St. Louis, effective May 15th. (See signed letter to agents, etc.)

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 433."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held May 22nd, 1901. D. F. A. Keane stated that he was notified by T. M. Whitney that the T. St. L. & W. would not be a party to Joint Notice No. VI, May 10th, 1901, switching on cotton from St. Louis Cotton Compress Co.'s warehouse in East St. Louis, and he wished his signature to the agreement cancelled.

The roll was called to ascertain whether members of the Committee would re-affirm and maintain agreement above, regardless of the action of the T. St. L. & W., and all members present voted in the affirmative.

D. F. A. Keane stated that he would attend meeting of the Committee, and co-operate with them in maintenance of rates, etc., but the T. St. L. & W. were not prepared to become regular members and furnish copies of billing, etc., needed in the preparation of statistics.

Attention was called to Special Notice No. 1049, Dec. 1st, 1900, grain and grain products to some C. F. A. points being higher than present basis to Western Termini; and it was decided that a reissue of No. 1049 was not advisable at this time. Any rates higher than authorized to Western

Termini could be reduced under the intermediate rate clause.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 434."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held May 24th, 1901. G. F. A. Bushnell voted in the affirmative with the Committee to not pay switching on cotton from St. Louis Cotton Compress Co. warehouse, East St. Louis.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 435."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held May 28th, 1901. Attention was called to B. & O. S. W. Supplement No. 3 to I. C. C. No. 2600, having restored rate on lumber to Columbia City, effective May 30th. Resolution adopted to restore on all lines, effective June 10th, was communicated to all resident members by circular letter this date.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 436."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held May 31st, 1901. Letter of the 27th inst., File A-7596, from Chief Inspector Rainer was read, regarding irregularities in rates on lumber, and specific information requested regarding shipments since April 23rd.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 437."

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee, as follows:

At meeting held April 12th, 1901, letter was read from Chairman Tucker of the C. F. A., dated April 8th, calling attention to Official Classification ruling on horses, mules, ponies, and colts, as conflicting with Information No. 95-A, asking whether the St. Louis lines desire the latter continued: and it was resolved that the Chairman C. F. A. be requested to cancel Information No. 95-A, quoting rates covering shipments of horses and mules to points in the Virginias; thus leaving Official Classification rules to govern on shipments to the Virginias, same as to Trunk Line territory.

At meeting held April 19th, 1901, application was considered for reduction in rates on enameled brick, C. L., East St. Louis to C. F. A. and Trunk Line territory. This subject was previously considered at meeting April 5th, and recommendation of Committee sent to Chairman C. F. A. in letter of same date. Application was submitted to C. F. A. roads by Advice Letter G-78 and declined, as stated in Advice Letter G-109. The party making application was advised by letter April 19th that C. F. A. and Trunk Line roads interested individually decided not to authorize the reduced rates asked for

At meeting of April 30th, 1901, Committee considered proportional rates on white limestone, C. L., East St. Louis to Trunk Line and Western Termini points, originating at quarries in Missouri, and it was

"Resolved, That in view of the statement made by Chairman Tucker in his letter of April 26th, 1901, File F-984, as to the bad effect the rates named in Information No. 529-A and 2794 are likely to have on rates from other points, this Committee recommends that the above mentioned Information numbers be cancelled at once." This was communicated to Chairman Tucker, in letter of the 8rd.

At meeting of May 10th, 1901, Committee considered

switching charges from St. Louis Cotton Compress Company warehouse at East St. Louis, and it was

"Resolved, That the roads, members of this Committee, hereby agree that no concession will be made covering the charge for switching on cotton from the warehouse of the St. Louis Cotton Compress Co., at East St. Louis, destined to C. F. A. or Trunk Line territory, or for export, but the charge for this service shall be in addition to the rate from East St. Louis, effective May 15th."

Meeting May 10th also considered proportional rate on lumber to Flint, Michigan. Letter from a member was read, making application for rate of 12 cents, and it was resolved that the individual roads, members of this Committee, recommend to the C F. A. that they authorize a proportional rate on lumber, etc., C. L., East St. Louis to Flint, Mich., of 12 cents per 100 lbs. Letter of the 18th, File 8086, from Chairman C. F. A., states that the subject was considered at meeting on the 16th, and the roads interested individually advise that application be declined.

At meeting May 28th, 1901, Committee considered rate on iron pyrites, or sulphur ore, to C. F. A. points., and it was

"Resolved, That the individual roads, members of this Committee, recommend to the C. F. A., that they authorize a rate on iron pyrites, or sulphur ore, C. L., minimum 15 gross ton, East St. Louis to Buffalo, N. Y., and Pittsburg, Pa., $2.70 per ton 2,240 lbs; Toledo, Ohio, Detroit and Ypsilanti, Mich., $2.20 per ton 2,240 lbs; Cleveland, Ohio, $2.30 per ton 2,240 lbs.; Port Huron, Mich., $2.50 per ton 2,240 lbs.; Carrolton or West Carrolton, Montgomery Co., Ohio, $2.00 per ton 2.240 lbs."

Meeting also considered restoration of rate on lumber to Columbia City, Indiana. and it was

"Resolved, That, effective June 10th, all roads who have published or quoted a less rate than 11 cents per 100 lbs.

on lumber, C. L., East St. Louis to Columbia City, Ind., restore same to the regular basis (11 cents)."

Meeting of May 31st, 1901, considered application for East St. Louis rates to apply as proportional rates between East Cape Girardeau and C. F. A. and Trunk Line points. A letter from Chairman Tucker was read; and after due consideration of the subject it was resolved that the application to establish between East Cape Girardeau and C. F. A. points and Trunk Line territory the same rates as in effect to and from East St. Louis, be declined.

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 438."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held June 4th, 1901.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 439."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held June 7th, 1901. Meeting considered application for 4th class rating, C. L., minimum 20,000 lbs., on sheep pelts, dry compressed in bales, from west of the Mississippi River; and it was recommended that present rating be continued.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 440."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held June 11th, 1901. The following resolution was adopted:

"Resolved, By the St. Louis Eastbound Freight Committee that it is their unanimous opinion that the same rates on hollow-brick and building tile from East St. Louis should be made eastbound as applies westbound, and the

attached papers be referred to Chairman Tucker, with the request that the subject be docketed for consideration at meeting tomorrow (Letter 11th to Chairman Tucker, File 4102.)

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 441."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held June 14th, 1901. Tabulated list of proportional tariffs requested at meeting on the 11th, was submitted, and laid over until regular meeting.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 442."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held June 21st, 1901. Answers received from members to circular letter of the 13th, File 3206, divisions on traffic from Cairo via M. & O., etc., all replies being to the effect that only the authorized divisions were allowed; the T. H. & I. gave notice that they would give instructions to the same effect.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 443."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held June 25th, 1901. As instructed at meeting of the 11th, list of proportional rates submitted, and it was resolved that a committee of three be appointed by Chairman Fraser to formulate a uniform rule governing the application of proportional rates from East St. Louis on traffic through the St. Louis gateway.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 444."

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee on dates named below, issued June 29th 1901.

At meeting on June 7th, 1901, Committee considered rate on sheep pelts, dry, compressed in bales, C. L., minimum 20,000 lbs., from west of Mississippi River; and it was recommended that no change be made in the present rating on this traffic, for the reason that if a reduction was made on the basis proposed, it would seriously affect local interests.

Meeting also considered proper divisions on traffic from the South, via Cairo, also from Cairo proper, via East St. Louis. This subject was brought up by correspondence with Chief Inspector. Papers referred to T. H. & I. R. R. for investigation and report at next meeting.

As instructed at the meeting on the 11th, circular letter was issued, as follows:

"To the members of the Freight Committee,

Gentlemen: According to this Committee's Special Notice No. 437, and Joint Committee Freight Circular No. 1029, in connection with this Committee's Special Notice No. 446, the M. & O., and the St. L. I. M. & So. roads are allotted a percentage proportion of the rates from Cairo, without minimum. It is, however, claimed that some of the roads, members of this Committee, are not adhering strictly to the authorized divisions; and at meeting of 11th it was

'Resolved, That the Chairman be instructed to address a communication to each member of the Committee, asking as to whether or not they have been and are now allowing the St. L. I. M. & So. or the M. & O. R. R.'s a minimum of 3 cents per 100 lbs. on lumber, or any other traffic, destined to Western Termini and points east thereof.'

Please favor me with a specific answer to the above, and at the same time state whether you will agree to be gov-

erned by the authorized percentage divisions on this traffic, provided all roads members of the Committee will agree to the proposition, effective on date to be named later. Prompt reply requested."

Replies received from all roads to the effect that the authorized divisions were being maintained, were read at meeting on 21st, and subject tabled. Chairman wrote Chief Inspector accordingly.

At meeting June 11th, 1901, it was

"Resolved, That all roads, members of the Eastbound Freight Committee, hereby agree to decline to accept a guarantee of individual shippers on shipments of fruits, vegetables, etc., coming from connecting lines, and will receive same only as through shipments delivered by connecting lines, charges being guaranteed by the delivering lines; but will accept shippers guarantee on shipments from St. Louis or East St. Louis proper, without back charges other than bridge and transfer."

At meeting of June 18th, Committee considered rate on alumina, C. L., East St. Louis to Western Termini, and it was

"Resolved, That the Committee cannot consistently recommend any lower rating on alumina than is provided for in the Official Classification, viz: 5th class, C. L., at present 22½ cents per 100 lbs., East St. Louis to Buffalo. This makes rate $5.04 per ton 2,240 lbs. on alumina, against rate of $2.75 per ton on beauxite ore. The value of alumina being about four times greater than beauxite, the present rating is considered proper."

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 445."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held July 12th, 1901. The Chairman was instructed to write a letter

to the traffic office of each of the Western and Southwestern roads, as follows:

"As instructed at a meeting of the Committee today, and in behalf of the Eastbound roads, you are hereby notified that, effective at once, full published tariff rates and divisions will be demanded from the east bank of the Mississippi River on all traffic, regardless of point of origin, destined to C. F. A. and Trunk Line territories, or for export."

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 446."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held July 15th, 1901. Mr. R. A. Campbell was requested to communicate with the managers of the Virginia Lines, calling attention to the fact that the representative of the Cumberland Gap Despatch and the Kanawha Despatch have not received any instructions about reporting to this Committee each day the export rates made by the Virginia lines from Mississippi and Missouri River points, and report result at meeting 19th.

Representatives of the packing-houses were not present as requested, and therefore could not be notified collectively as to rates for future

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 447."

Plaintiff offers in evidence record or special meeting of the St. Louis Eastbound Freight Committee, held July 23rd, 1901. Subjects were considered as follows:

Unauthorized Commodities in list of articles taking lumber rates. Chairman to ask all roads for copy or tariff in effect, and subject to be considered later.

Rate on kornwood kindling. Chairman to confer with

President Sanger, if he can use rates based on 17½ cents, Chicago to New York, to ask C. F. A. to authorize.

Weighing horses at Stockyards, asked for by Chief Inspector. Subject laid over until October meeting.

Request for concessions on shipments to Exposition and Fair Association. Recommended to C. F. A. by letter.

Request for rate on magazines and newspapers to seaboard cities, in line with Chicago. Recommended to C. F. A. by letter.

The T. St. L. & W. R. R. not to be notified of meetings, or furnished with any information of circulars other than sent to all roads not members of the Committee.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 448."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held July 31st, 1901.

Meeting considered application for rate on kornwood kindling, and it was

"Resolved, That it is the sense of this Committee that a commodity rate on the basis of 15 cents per cwt. from Chicago to New York be established on kornwood kindling, in carloads, minimum weight 50,000 lbs. per car; usual differentials to apply to other seaboard points and to Western Termini points."

Meeting also considered instructions as to the manner of ascertaining the number of horses loaded in each car, and the correct weight to be charged on horses, etc., at National Stockyards, East St Louis, Ill. This subject was considered at meeting March 5th, and circular letter, dated March 11th, issued which stated, among other things, that all cars must be weighed when loaded with horses, mules, ponies, colts, range horses, etc., destined to C. F. A. and Trunk Line points, and be billed at actual weight (minimum 20,000 lbs. per car) when animals weigh not exceed-

ing 750 lbs. per head. If the weight is more than 750 lbs. per head, they must be billed, when not exceeding twenty animals to a car, at minimum of 20,000 lbs., each additional animal in excess of twenty to be charged for at rate of 1,000 lbs., as per Official Classification, except on shipments to the Virginias. When for points in the Virginias, 25 head may be loaded and billed at minimum of 20,000, any excess weight over the minimum on the 25 head to be charged for at the established rate per 100 lbs., each additional animal over 25 to be charged for at weight of 1,000 lbs. per head, as per C. F. A. Information No. 95, April 15th, 1899, this Committee's Special Notice No. 779."

Meeting also considered rates on magazines and newspapers, returned, and the following resolution was passed:

"Resolved, That the individual roads, members of this Committee, recommend to the C. F. A. that they establish rates on magazines and newspapers, returned, from East St. Louis to New York, Boston, Philadelphia and Baltimore, on basis Chicago to New York, L. C. L., 35 cents; C. L., minimum 30,000 lbs., 30 cents, per 100 lbs."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 449."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 2nd, 1901. Meeting considered rates on grain and grain products to C. F. A. points. This subject was last considered at meeting May 22nd, and at that time it was decided not to re-issue Special Notice No. 1049, as any rates higher than authorized to Western Termini could be reduced under the intermediate rate clause.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 450."

Plaintiff offers in evidence record of special meeting of

the St. Louis Eastbound Freight Committee, held August 9th, 1901.

Letter from Chairman Tucker, regarding flour rates, was read, and reply of the 8th confirmed.

Letter of the 6th, File A, from Chairman Tucker, regarding maintenance rates, etc., was read; also letter written 9th to the effect that representative L. H. & St. L. attend meetings and co-operated with the Committee, while the contrary is the case with the T. St. L. & W.

Letter of the 6th, File A-14041, from Chief Inspector, was read, regarding use of proper rates (Special Notice No. 955) on wool from St. Louis proper. Letter answered matter referred to sub-committee for consideration and report.

Meeting considered rates on meats, dressed, C. L. Attention was called to Special Notice No. 1066, March 25th, 1901, meats, dressed, C. L., to some C. F. A. points being higher than present rates to Western Termini, and it was resolved that a re-issue of Special Notice No. 1066 is not necessary nor advisable at this time. Any rate that is higher than authorized to Western Termini can be reduced under intermediate rate clause.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 451."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 16th, 1901. Committee requested commodity report, August 1st to 16th inclusive, of traffic via T. St. L. & W., and tonnage totals each road same period, deferred.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 452."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August

21st, 1901. Request for commodity report, 1st to 16th inclusive, traffic handled by Committee roads, similar to re-report, made of T. St. L. & W. traffic same period, to be furnished Tuesday, the 27th, or sooner.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 453."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 23rd, 1901. Committee requested commodity statement be prepared in time for meeting 26th from T. St. L. & W. billing reported since the statement dated 20th was compiled, each member to have two copies.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 454."

Plaintiff offers in evidence record of regular meetings of the St. Louis Eastbound Freight Committee, as follows:

At meeting August 9th, Committee considered rates on meats, dressed, C. L., and it was resolved that a re-issue of Special Notice No. 1066 is not necessary nor advisable at this time; any rate that is higher than authorized to the Western Termini can be reduced under the intermediate rate clause.

At meeting of August 16th, 1901, Committee considered application for rate on kornwood kindling, and it was

"Resolved, That it is the sense of this Committee that a commodity rate be established on a basis of 17½ cents per cwt. on kornwood kindling, C. L., minimum 50,000 lbs., from Chicago to New York, usual differentials to apply to other Trunk Line and Western Termini points.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 455."

Plaintiff offers in evidence record of regular meetings

of the St. Louis Eastbound Freight Committee, on the dates named below:

At meeting September 10th, Committee considered reduced rates on stone, East St Louis to eastern points, when from Hot Springs, Ark., and it was

"Resolved, That the St. Louis Eastbound roads do not desire to equalize the rate on stone from Hot Springs, Ark., via East St. Louis, to Manlius, N. Y., and Littleton, N. H., as against divisions in effect via Memphis routes, but to apply tariff rates on this traffic."

Meeting September 24th, 1901, considered rate on shot, C. L., East St. Louis to eastern points; and it was resolved that application for reduction in rate on shot, C. L. cannot be favorably considered at this time, and the subject was tabled.

Meeting September 20th, 1901, considered proposed percents between eastern cities and Cairo, Ill also Mississippi Valley points, via East St. Louis, submitted by M. & O. R. R. After careful consideration of the subject, action was taken as follows:

"Recommended, to the general meeting of the St Louis Eastbound Freight Committee, the following report for adoption:

Whereas, the M. & O. Railroad having submitted to several members of this Committee, propositions for divisions, the Railway Companies to whom such propositions were submitted agree to reply to the M. & O. in harmony with the following resolution:

Resolved, That a copy of Special Notice No. 437 be furnished the M. & O., with the advice that the divisions shown therein will be required on all traffic via East St. Louis; further,

Resolved, That copies of Circular No. 1646, as amended, Joint Committee, and Circular No. 1702, Joint Committee, be likewise furnished to the M. & O., with the information

that the proportions shown in said issues south of Cairo will be accorded said Company, the proportions remaining north of Cairo as shown in Circulars No. 1646, as amended, and No. 1702, being sub-divided in accordance with Special Notice No. 437; It is further

Resolved, That a record of this action be made by the issuance by the St. Louis Eastbound Freight Committee of Special Notice setting forth the division basis above outlined."

Meeting held September 24th, 1901, considered request for change in clause "B" Rule 8, Official Classification. This subject was submitted by a member, with copy of resolution adopted by the Central Association of Railroad Officers, at meeting St. Clair Springs, Mich., July 23rd, 24th, 1901, as follows:

"Now be it Resolved, That the Central Association of Railroad Officers present to the various Classification Committees, a request for a change in clause "B", Rule No. 8, of the Official Classification, which will legally empower the railroads to decline to furnish labor to assist in handling C. L. freight when taken at a rate less than L. C. L. rate, either in yard or freight houses."

After consideration by the members of this Committee, it was

"Resolved, That the request of the Central Association of Railroad Officers for a change in Clause "B", Rule No. 8 of the Official Classification, be referred to the C. F. A. for consideration and action at their meeting which has been called for October 1st and 2nd."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 456."

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee, on the dates named below:

At the meeting held October 4th, 1901, Committee considered rate on shot, East St. Louis to eastern points. This subject was previously considered Sept. 24th, and was brought up again today, and after due consideration it was

"Resolved, That the St. Louis Eastbound Freight Committee recommend to the Official Classification Committee that the classification on shot, in bags, N. O. S., C. L., minimum weight 30,000 lbs., be reduced to 6th class."

Meeting held October 8th, 1901, considered rates on steel bolsters and enameling and black plate, C. L., East St. Louis to Western Termini points and Trunk Line territory. This subject was last considered March 22nd, 1901, and it was

"Resolved, That it is the sense of this Committee that the rates now in effect cannot be withdrawn."

Meeting held October 11th, 1901, considered application of proportional rates from East St. Louis on traffic through St. Louis gateway. The report of the Special Committee was this date received, adopted, and ordered transmitted to the Chairman C. F. A., as follows:

"Your Committee appointed for the purpose of considering the question of proportional tariffs from East St. Louis, beg to leave to submit the following:

Whereas, The authorized commodity proportional tariffs, covering traffic through the East St. Louis gateway, have become so numerous, and are in many cases on such a complicated and ambiguous basis that they are a continued and serious menace to the maintenance of rates locally from St. Louis and East St. Louis; and

Whereas, Many of these tariffs are maintained in consequence of similar tariffs in effect through other Mississippi River crossings, Ohio River crossings, and Chicago, your Committee, therefore

Recommends, That all commodity proportional tariffs from Chicago, Mississippi River and Ohio River crossings be cancelled, and that a meeting of the several Committees

interested be called, with the view of effecting that result, or of establishing such rates as may be deemed necessary, on a pro-rate basis, the same to be covered by the publication of through tariffs showing specific divisions East and west and north and south of the respective gateways."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 457."

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee, on the dates named below, issued October 31st, 1901:

At meeting held October 18th, 1901, Committee considered application to establish lower rating on empty bags, second-hand, returned, and it was

"Resolved, That the application be referred to the Official Classification Committee, without recommendation, requesting Chairman Gill to advise decision reached."

Meeting held October 22nd, 1901, considered application of proportional rates from East St. Louis, on traffic through the St. Louis gateway, and it was

"Resolved, That Chairman Tucker be advised that it is the desire of the Committee to have the report of our Special Committee, which was endorsed by this Committee, taken up by the various Committees interested, in joint meeting, as was originally suggested."

Meeting also considered proportional rates on fruit and vegetables, authorized in C. F. A. Information No. 2595, Special Notice No. 1066, being used on shipments from Mexico and Pacific Coast territory, and it was

"Resolved, That Chairman Tucker be advised that we have no information to that effect, and if he has any specific information, to let us have it."

Meeting also considered rate on steel bolsters, enameling and black plate, C. L., East St. Louis to Western Termini and Trunk Line territory. The above was last considered

at meeting 8th (See proceedings 12th,) and brought up again by letter 12th, File F-336, from Chairman C. F. A., requesting reasons why rates cannot be withdrawn; and Chairman was instructed to reply "That the Wabash is not prepared to cancel the rate on black plate."

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 458."

Plaintiff offers in evidence record of regular meetings of the St. Louis Eastbound Freight Committee, on the dates named below, issued Nov. 16th, 1901.

At meeting held November 5th, 1901, Committee considered application to establish lower rate on empty bags, second-hand, returned, and it was resolved that the subject be tabled.

Meeting held November 12th, 1901, considered rate on pig lead and spelter, C. L., East St. Louis to Zanesville, Ohio, and it was recommended that the C. F. A. authorize rate from East St. Louis to Zanesville, Ohio, of 13 cents per 100 lbs., on pig lead and spelter, C. L.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 459".

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee, held on the dates named below, issued December 7th, 1901.

Meeting held November 26th, 1901, considered divisions on lumber, etc., from Northern Missisippi, Tennessee and Kentucky, to Western Termini, and East, and it was

"Resolved, That the request of the M. & O. R. R. for divisions on lumber, staves and heading, C. L., from stations on their line in Northern Mississippi, Tennessee and Kentucky, to the Western Termini or Trunk Lines, and east thereof, via Cairo and East St. Louis, be referred to the Chairman of the C. F. A. for necessary consideration and action."

Meeting held December 3rd, 1901, considered rate on phosphate rock from Arkansas, East St. Louis to C. F. A. points, and it was

"Resolved, That the C. F. A. be requested to authorize proportional rates on phosphate rock, crude and ground, C. L., minimum weight 18 gross tons, East St. Louis to C. F. A. points, in line with rates authorized in Information No. 1854, as amended by Information No. 2106; viz.: 20 cents per ton less than in effect from Cairo, Ill."

Meeting held December 3rd, 1901, also considered discrepancies in lumber rates from East St. Louis to C. F. A. points, and it was

"Resolved, That the Chairman call a meeting of the Rate Clerks, in the Committee Rooms, Thursday, December 5th, to check for errors, omissions, etc., in lumber rates, East St. Louis to C. F. A. points, as between the St. Louis Eastbound Freight Committee Joint Tariff No. 110 and Amendment No. 6, and the individual issues of the several roads. The representatives of each road to bring with him a copy of their tariff, and all amendments, now in effect.

At meeting held December 6th, 1901, an examination of the tariffs was made,and it was agreed between the representatives of the Big Four and Illinois Central roads that rates from Cairo, Ill., to the above named points, would be made 2 cents per 100 lbs. higher, effective January 1st, 1902; and it was

"Resolved, That the change in rates on lumber recommended by the Rate Clerks be published as an Amendment to the tariffs of the individual lines, and that such amendments be placed in the hands of Chairman Fraser for distribution, when all such tariffs are amended, and that copies of same be sent by Chairman Fraser to each individual road."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 460".

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee, held on the dates named below, issued December 31st, 1901, meeting held December 27th, 1901, considered division of rates on cotton linters, south and north of Ohio and Mississippi Rivers. Joint letter, 20th, File 8688, was read as follows:

"By J. T. A. Circular No. 1709, of July 15th, 1898, certain through rates based on Southern Classifications are authorized from various Southern points east of the Western Termini of the Trunk Lines, and said through rates are divided on percentages. It seems in some cases the proportions accruing north of the Ohio River of the through rates referred to result in lower earnings on cotton linters than would be allowed north of the Ohio River in case the rates and divisions as per C. F. A. Information No. 312-A (Cotton tariff and Division Sheet No. 1) are applied.

The question of whether the lines north of the Ohio River should accept their proportions of through rates named in J. T. A. Circular No. 1709, or demand proportions based on Information No. 312, was considered by C. F. A. lines at meeting yesterday, and it was unanimously recommended that rates and divisions in latter circular should govern, irrespective of what the percentages proportion of through rates in J. T. A. Circular No. 1709 allow.

These facts are communicated to you for the reason that recently some shipments were handled via Ohio River gateways, and roads south thereof billed shipments based upon through rates in J. T. A. Circular No. 1709, instead of rates and divisions in Information No. 312-A.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 461".

At this point, the further hearing of testimony in this case is adjourned until Monday, November 26th, 1906, then

to be resumed, in the office of Special Commissioner, Hon. R. E. Rombauer, at 10:30 o'clock A. M.

R. E. Rombauer,
Special Commissioner.

St. Louis, November 26th, 1906.

Met, pursuant to adjournment as above, on Monday morning, November 26th, 1906, at half past ten o'clock, in the office of Special Commissioner, Hon. R. E. Rombauer, Roe Building, St. Louis, Missouri.

Present parties as before.

The following proceedings were had:

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee, held on the following dates:

At meeting held January 3rd, 1902, it was

"Resolved, That we recommend to the C. F. A. that a carload rating be established on cotton, minimum 40,000 lbs., on basis of 25 per cent less than the rate on cotton in less than carload, from Mississippi River and Ohio River crossings to New York, with usual differentials to other points, which are at present 5 cents on Boston Rate points, 2 cents on Philadelphia, and 3 cents on Baltimore."

At meeting held January 14th, 1902, it was

"Resolved, That the Chairman call a meeting of the Rate Clerks, in the Committee Rooms, to check for errors, omissions, etc., in rates on iron and steel articles or commodities, including cast iron pipe, East St. Louis to C. F. A. points, as between the St. Louis Eastbound Freight Committee Joint Tariff No. 116 and Amendment No. 1, and the individual issues of the several roads. The representative of each road to bring with him a copy of their tariff and all amendments now in effect."

Meeting also considered rates on crude phosphate rock from Arkansas, East St. Louis and Indianapolis, and it was

"Resolved, That the C. F. A. be requested to authorize a proportional rate on crude phosphate rock, in bulk, C. L., minimum 18 gross ton, $1.30 per gross ton, East St. Louis to Indianapolis, Ind., in line with rates authorized by C. F. A. Information No. 3097."

Meeting also considered instructions as to the manner of ascertaining number of animals loaded in each car, and correct weight to be charged on horses, ponies, mules, etc.; and it was

"Resolved, That the Chairman be instructed to correspond with the National Stockyards people, notifying them that unless they furnish the railroads with the actual weight, all shipments of horses, mules, ponies, colts, etc., will be billed at estimate weights, as per Official Classification, which may be in excess of the actual weight."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 462".

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee, held on the following dates:

Meeting held February 4th, 1902, considered divisions named in Special Notice No. 437, applying via Illinois Central R. R., and the subject was referred to the C. F. A., with request that it be placed before the special committee on per cents with all Illinois lines.

Meeting also considered rates on crude phosphate rock from Arkansas, East St. Louis to Indianapolis, Ind., and by resolution, the Chairman was instructed to take up the question with the lines on which this phosphate rock originates, to ascertain the present tariff rates from the mines to Mississippi River crossings, including Thebes, Gale, East Cape Girardeau and East St. Louis; and also the rates in

effect from Mt. Pleasant district to Ohio River crossings; so as to secure a comparison of rates from producing districts to C. F. A. points.

Meeting also considered proper rating to apply on bulk meats, when destined to Virginia cities, and by resolution the subject was referred to the Chairman C. F. A. for submission to the Committee on Rules and Regulations.

Meeting also considered rates on iron pyrites or sulphur ore to Indianapolis, and the following resolution was passed:

"Resolved, That the individual roads, members of this Committee, recommend to the C. F. A. that they authorize rate on iron pyrites or sulphur ore, C. L., minimum weight 20 gross ton, East St. Louis to Indianapolis, Ind., $1.55 per gross ton of 2,240 lbs."

Meeting also considered rates on iron and steel articles, including cast iron pipe; and also had laid before the Committee the report of the Rate Clerks, who met in Mr. Fraser's office, Jan. 23rd, 1902; and on said report Committee adopted the following resolution:

"Resolved, That the report of the Rate Clerks be adopted, and that the Chairman notify the individual members by circular letter."

The record contains notation stating that this report was issued to members by Circular Letter, Feb. 5th, Fraser's file No 4121."

Meeting held February 17th, 1902, considered letter which was read from a member concerning absorbing switching to and from the St. Louis Car Wheel Company, and the following resolution was passed:

"Resolved, That, inasmuch as the Wabash give their assurance that they will not absorb switching to or from the St. Louis Car Wheel Company, or any other industry located jointly on the Missouri Pacific or Wabash tracks, on

traffic to or from points east of the Misissippi River, that it will not be proper to absorb Missouri Pacific switching."

Meeting also considered rate on acetylene generators, and, by resolution, instructed the Chairman to refer this subject to the Official Classification Committee for rating.

Meeting also considered the rate on crude oil, East St. Louis to Pittsburg, and Chairman read letter from member requesting that same rate apply eastbound as in effect westbound; that is, 24½ cents; and it was resolved that the application be declined.

Meeting also considered instructions as to the manner of ascertaining number of animals loaded in each car, and correct weigth to be charged.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 463".

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held March 4th, 1902. Meeting considered rates on green salted hides, and it was

"Resolved, That the individual roads, members of this Committee, recommend to the C. F. A. that they authorize rate on green salted hides, C. L., minimum weight 30,000 lbs., from East St. Louis to Grand Haven, Holland, Muskegon, and White Hall, Mich., of 14 cents per 100 lbs., in line with rates from Chicago, shown in Information No. 3177."

Meeting also considered rate on dry hides, and it was

"Resolved, That the individual roads, members of this Committee, recommend to the C. F. A. that they authorize rate on dry hides, C. L., minimum weight 16,000 lbs., from East St. Louis to Grand Haven, Holland, Muskegon, and White Hall, Mich., of 23 cents per 100 lbs., in line with rates from Chicago, shown in Information No. 3177."

Meeting also considered rate on asphalt, and it was

"Resolved, That the individual roads, members of this

Committee, recommend to the C. F. A. that they authorize rate on Asphalt, C. L., minimum weight as per Official Classification, from East St. Louis to all points in C. F. A. territory, on basis of 90 per cent of the 6th class rates, in line with rates now in effect from Chicago, as shown in Information No. 3178."

Meeting also considered rate on fruit jars and glass bottles, and the following resolution was adopted:

"Resolved, That the individual roads, members of this Committee, recommend to the C. F. A. that they authorize a rate on fruit jars and glass bottles, C. L., minimum weight as per Official Classification, from East St. Louis to Indianapolis, Ind., 11 cents, and to Terre Haute, Ind., 8 cents, per 100 lbs., in line with Information No. 3131, which names rates asked for westbound from Indiana Gas Belt and Terre Haute to East St. Louis."

Meeting also considered rate on sublimed lead, and it was

"Resolved, That it is the sense of this Committee that the sublimed lead rate, as published by the Wabash R. R., be authorized by the Central Committee to remain in effect as long as the pig lead tariff of 25 cents from Kansas City is in effect."

Meeting also considered application of proportional rates, and it was

"Resolved, That no proportional rates shall be used locally on traffic from St. Louis or East St. Louis, except when authorized by the Central Committee or the C. F. A., and that the application of proportional rates be restricted to traffic from the territories from which they are to apply, as per C. F. A. authorities."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 464".

Plaintiff offers in evidence record of meetings of the St.

Louis Eastbound Freight Committee, held on the following dates:

Meeting held March 21st, 1902, considered the matter of switching at East St. Louis, and directed that a letter be sent to the representatives of each road, member of this Committee, and of other roads named in the Schedule of Switching Charges No. 2, effective March 10th, 1900, requesting that the Chairman be advised of all additions and changes that should be made in the schedule, to make it correct to date.

The next meeting was held March 11th, 1902, and the record shows that the Chairman, having compiled Switching Schedule No. 3, submitted proof copy, and was directed by resolution to send to the Local Freight Agents' Association proof copies of Schedule No. 3, requesting careful examination, and notation in ink of any change necessary to correct the Schedule to date; and asking that the report of the Local Freight Agents bear the signature of the agent of each road represented.

The next meeting was held March 14th, 1902, and the record shows that the roads considered class rates to Circleville, Ohio, and the following resolution was passed:

"Resolved, That the Chairman be instructed to correct Basing Sheet No. 8, placing Circleville on the Group "R" basis."

Record shows that circular letter, dated March 14th, Fraser's file 3217, was sent to all members, suggesting that they correct minimum basing sheets and traiffs in accordance with above resolution making rate to Circleville, Ohio, same as Chillicothe and Columbus, Ohio.

The next meeting was March 21st, 1902, and the Committee considered rate on scrap iron, C. L., East St. Louis, to Terre Haute, Ind.; and by resolution requested Chairman Tucker of the C. F. A. to take up with the C. & E. I. R. R. the question of rate on scrap iron, from Chicago to

Terre Haute, of $1.00 per gross ton, with a view to having same withdrawn, because a continuance of the rate would necessarily result in permanent reduction of rates on similar traffic, not only from East St. Louis to Terre Haute, but other points beyond.

Meeting also considered rate on petroleum, crude, in tank cars, and letter was read requesting rates from East St. Louis to C. F. A. and Trunk Line points. After discussion of the matter, resolution was passed that the subject be tabled.

Meeting also considered rates on salted meats and packing-house products, C. L. The record shows that at meeting of February 14th, letter from members was submitted, calling attention to changes in rates from East St. Louis to C. F. A. points, necessary to equalize rates via East St. Louis gateway; and that, as instructed, said letter was issued by circular letter dated Feb. 14th, Fraser's file 4107. On February 17th, subject was referred to Rate Clerks for recommendation, and on February 22nd letter was received from Chairman C. F. A., File 8866, referring to the discrepancies. And on February 26th, Rate Clerks' Report was prepared, and finally considered by the Committee at meeting March 11th; and at this meeting (March 21st), by resolution, the matter was referred back to Mr. Tucker, Chairman C. F. A., with the suggestion that he have prepared a statement showing rates through the various gateways to the points affected, to the end that a joint meeting of interested Committees, including the Chicago & Ohio River Committee, the Peoria Committee, the Chicago Committee, the St. Louis Committee, and the St. Louis-Cincinnati-Louisville Freight Committee, be held, for the consideration of joint action on this subject.

Meeting adjourned.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 465".

Plaintiff offers in evidence records of meetings of the St. Louis Eastbound Freight Committee, held on the dates named below:

Meeting held on April 1st, 1902, considered rate on cotton and cotton linters to Madison, Indiana, and it was

"Resolved, That this Committee recommend to the C. F. A. that the rate on cotton, East St. Louis to Madison, Ind., be made same as rate on this commodity, East St. Louis to Cincinnati, Louisville, etc., published in St. Louis-Cincinnati Freight Committee Joint Tariff No. I. C. C. B-27."

Meeting held April 4th, 1902, considered request for commodity rate on tripoli. Chairman read letter from a shipper requesting rate to Trunk Line Territory on basis of 23 cents, East St. Louis to New York, and it was resolved that the applicant be advised that the request was declined.

Meeting held April 11th, 1902, considered rate on green salted hides to Cheboygan, Michigan. Chairman read letter from member requesting rate from East St. Louis to Cheboygan, in line with rate from Chicago (See C. F. A. Information No. 3236), and it was

"Resolved, That this Committee recommend to the C. F. A. that the rate on green salted hides, C. L., minimum weight as per Official Classification, be authorized from East St. Louis to Cheboygan, Mich., 20 cents per 100 lbs."

Meeting held April 4th, 1902, considered issuing bills of lading at National Stockyards. This subject was brought up by a member, and is was

"Resolved, That the Chairman address a letter to the members of this Committee, asking for information as to whether their representative at the National Stockyards signed bills of lading for both live stock and dead freight shipped from the National Stockyards, and report at next meeting of this Committee.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 466".

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee, held on the dates named below, issued April 30th, 1902.

The first meeting was held on April 1st, 1902, and Committee considered rate on scrap iron to various C. F. A. points, and Chairman read letter from a member regarding the present rate on scrap iron to Terre Haute of $1.00 per gross ton, and it was recommended, by resolution, "That the C. F. A. authorize rates on scrap iron, C. L., minimum weight as per official classification, from East St. Louis to Indianapolis, Ind., $1.15 per gross ton; same to Anderson, Ind., Muncie, Ind., and Marion, Ind., $1.35 per gross ton." Note on record also shows that C. F. A. declined to accede to this proposition at their meeting in April.

Meeting held on April 18th, 1902, considered first the classification of "Ixtle." Chairman read letter from a shipper claiming that the classification of this product should not be any higher than on hemp or sisal, and it was recommended that the subject be referred to the Official Classification Committee, without recommendation.

Meeting also considered the subject of rates on rice, New Orleans to C. F. A. points, via East St. Louis. Chairman read letter from the Chairman C. F. A., and he was instructed to issue circular letter giving copy of the correspondence, as follows:

"St. Louis, Mo., April 11, 1902.
4141

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.:

Dear Sir:—The following letter from a member was considered at meeting to-day:

'Will you kindly advise me if there is any legislation which would prohibit our accepting the same proportion east of East St. Louis on shipments of rice from New Orleans, La., via the Iron Mountain R. R., as we receive when shipments come by lines on the east side of the river?'

There was considerable discussion, and some members were of the opinion that the same divisions should apply on traffic from New Orleans via East St. Louis and I. M. & So. as apply from lines east of the River; and it was

Resolved, That the subject be referred to Chairman C. F. A. to get his views as to what divisions should apply on this traffic.

Will you kindly advise me if there are any published authorized divisions on traffic from New Orleans, via East St. Louis to C. F. A. points?

Yours respectfully,

(Signed) R. M. Fraser,
Chairman."

"Chicago, April 16, 1902.
9240

Mr. R. M. Fraser, Chairman St. Louis Eastbound Frt. Committee, St. Louis, Mo.:

Dear Sir:—In reply to your favor of the 11th inst., File 4141, relative to proper proportions applicable east of East St. Louis on shipments of rice from New Orleans proper, forwarded via the Iron Mountain Railroad, would state that it seems there is no legislation of this Association authorizing any basis for dividing rates from New Orleans via East St. Louis to C. F. A. points; and, furthermore, that the percentages applicable via the Ohio River crossings were arranged between the individual roads interested. Presume, therefore, that the lines through East St. Louis might individually arrange percentages for dividing through rates, providing the conditions under which the traffic is handled through East St. Louis are in every case identical to those prevailing through Ohio River crossings.

In connection with this particular matter, would respectfully call your attention to Information No. 1408, dated March 27th, 1899, which relates to rates on traffic from

points west of New Orleans. Particular care should, of course, be taken that the provisions of this circular are in every case carried out, for it may be that the traffic which it is proposed to forward via East St. Louis may not originate at New Orleans, but at points west thereof, and if so, full local rates should be charged from East St. Louis.

Yours very truly,

(Signed) J. F. Tucker,
Chairman."

Record contains notation to the effect that above was issued April 21st, as Circular Letter No. X.

Meeting also considered rate on pig lead and spelter to Cleveland, Toledo, etc. Letter was read from General Traffic Manager Whitney of the Clover Leaf Road, and after due consideration all lines interested individually recommended the establishment of rate 10½ cents per 100 lbs., C. L., on pig lead and spelter, East St. Louis to Cleveland, Columbus, Dayton, Piqua and Toledo, Ohio, Detroit, Mich., and Muncie, Ind.; rates to be made effective the earliest possible date, and to expire with the rail and lake rates.

Meeting held April 25th, 1902, considered matter of marking packages delivered to railroads for transportation. Circular letter on the subject was read, containing rules adopted by C. F. A. and Trunk Line roads, and it was recommended that the rules contained in the above Information be adopted.

Meeting also considered proper rating to apply on bulk meats, when destined to Virginia cities; and, after consideration, this subject was tabled.

Meeting also considered rate on mill cinder, C. L., to Wellston, Jackson and Ironton, Ohio, from East St. Louis, and it was recommended, by resolution, to the C. F. A. that rate of $1.55 per ton on mill cinder, minimum weight 20 gross ton, unless capacity of car be less, in which case ca-

pacity of car is to be the minimum weight, be authorized East St. Louis to Wellston, Jackson and Ironton, Ohio.

Meeting held April 4th, 1902, considered application of rates in Joint Tariff No. 117 on export traffic. Chairman read letter from Auditor Smith of the Interstate Commerce Commission, as follows:

"Washington, April 1st, 1902.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Frt. Committee, St. Louis, Mo.:

Dear Sir:—Are not the rates to seaboard cities named in Joint Tariff No. 117, I. C. C., No. A-68, intended to apply on traffic for export as well as for domestic use? If so, please issue amendment to the tariff making provision to that effect, in compliance with the order of the Commission, dated March 8th, 1888, copy of which will be found printed on page 21 of the pamphlet 'Method of Carriers,' etc.

Respectfully yours,

(Signed) J. M. Smith,
Auditor."

This letter was sent members in Circular Letter No. V, April 4th.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 467."

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee, held on the dates named below, issued May 15th, 1902.

Meeting held May 2nd, 1902, considered rate on crude barytes ore to Western Termini points, and it was

"Recommended, That the C. F. A. authorize rate on crude barytes ore, C. L., minimum weight as per Official Classification, East St. Louis to Western Termini points, 15½ cents per 100 lbs., the same rate as authorized in Information No. 3103 on barytes."

At the same meeting, May 2nd, Chairman read the following report of Special Committee:

"Whereas, Information Circular No. 1878 bears clause prohibiting the pro-rating of the authorized proportional rates on lumber from Cairo to C. F. A. territory via East St. Louis, Ill., while the Information Circular referred to restricts the pro-rating of these rates via East St. Louis, the fact remains that this action is not restricted via otner Illinois junctions, such as Mattoon, Decatur, Tolona, Shelbyville, St. Elmo, Ridgefarm, Ramsey, Effingham, etc.; and,

Whereas, It is a known fact that most of the lines leading from East St. Louis have established divisions with the Mobile & Ohio Railroad to and from Cairo, via East St. Louis, as well as to and from Cairo, via the Illinois Central Railroad, via certain Illinois junctions, as mentioned above; and,

Whereas, The restricting clause in Information Circular No. 1878 thus closes the East St. Louis gateway; and,

Whereas, The authorized proportional rates from Cairo to Trunk Line territory are pro-rated on authorized divisions via East St. Louis; and,

Whereas, We are unable to find any reason existing at the present time for the maintenance of these restrictions in the pro-rating of these authorized rates from Cairo to C. F. A. territory via East St. Louis; be it

Resolved, That it is the sense of this Committee that the restricting clause in Information Circular No. 1878, to which reference has been given, should be cancelled, leaving it permissible to pro-rate said rates through East St. Louis, Illinois;

It is Further Recommended: That this proposition be submitted to Chairman Tucker for vote by Advice Letter."

Meeting held May 13th, 1902, considered rate on hardwood lumber to Trunk Line territory. Chairman read letter

from a shipper, regarding through rates from West Mississippi River via Memphis and Cairo via East St. Louis; and it was recommended that the subject be tabled.

Meeting also considered switching to and from industries located on Wabash Railroad at St. Louis, Mo.

Referring to Proceedings May 19th, 1899, and February 28th, 1902, Chairman reported having received the following letter from A. G. F. A. Wabash, which was transmitted to members in Circular Letter No. XVIII, May 9th:

"St. Louis, May 8th, 1902.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Frt. Com., Union Station, St. Louis, Mo.:

Dear Sir:—Supplementing previous corresondence concerning absorption of switching charges in St. Louis: this is to advise that, effective May 15th, Wabash Tariff No. 16504 will be amended to read: 'Switching between the yards of the Wabash Railroad Company on the Union Depot Line between 22nd Street and Euclid Avenue, as shown on page 2 of this tariff, will be $5.00 per car.'

As previously advised, all Wabash switching in St. Louis will be absorbed by the Wabash Railroad Company when we receive a haul on such shipments east of East St. Louis.

Yours very truly,

(Signed) P. W. Coyle."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 468."

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee, held on the dates named below, and issued under date of May 31st, 1902.

Meeting held May 23rd, 1902, considered lake and rail rates on flour for export from Southwest Missouri points vs. Minneapolis. Chairman read letter from member submitting joint letter to several of the members from G. F. A.

Mo. Pacific Ry., calling attention to discrepancies between rates Southwest Missouri points and those from Minneapolis. After consideration, it was moved that the subject be laid on the table.

Meeting also considered rates on pig lead, etc., to Akron and Canton, Ohio. Chairman read letter from member, and it was recommended that the rate to Akron and Canton, Ohio, on pig lead, spelter, etc., be made 10½ cents per 100 lbs., that being the rate in effect to Cleveland, and subject to cancellation with other lake and rail rates.

Meeting held May 30th, 1902, considered minimum weight on potatoes to C. F. A. points. Chairman read letter from shipper, and it was "recommended to the C. F. A. that 24,000 lbs. minimum be established on fresh and green potatoes, during the months of June, July, August and September, and that a letter vote be taken on the proposition, so that action may be taken in time to give us and the shippers relief for this year."

Meeting also considered Official Classification basis to apply to bulk meats to points north of Staunton, Norfolk, etc. Chairman read letter of the 24th, File 6237, from Chairman C. F. A., enclosing letter from Chicago Committee on the above subject containing resolution as follows:

"Resolved, That, effective June 9th, 1902, Chicago initial lines agree to restore to Official Classification basis the rate on bulk meats to all points north of Staunton, Basic City, Charlottsville, Richmond, and Norfolk, and that Chairman Tucker request the St. Louis Committee to take similar action, and advise result."

Meeting also considered application for reduced rate on hay to Indianapolis, Ind. Chairman read letter from a shipper, and it was recommended that the application be declined.

Meeting also considered application for reduced rate on scrap paper, C. L., from East St. Louis to Vincennes, Ind.

Chairman read letter from member, and it was recommended that this Committee decline to recommend rate of 6 cents per 100 lbs. on scrap paper, C. L., East St. Louis to Vincennes, Ind.

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 469."

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee, on the dates named below, issued June 16th, 1902.

Meeting held June 6th, 1902, considered division of rate on cotton-seed oil from Alexandria, La., via Iron Mountain and East St. Louis to Trunk Line territory. Chairman read letter from member regarding proper disivions to apply on this traffic, and it was

"Resolved, That the Chairman advise the member that it is the understanding of the Committee that the regularly authorized rates from East St. Louis be applied on this traffic, as Alexandria, La., is not a pro-rating point."

Meeting also considered application for reduced rate on white lead, red lead, litharge, Babbitt metal, etc., C. L. Chairman read letter from a member, and after consideration of the subject, it was "recommended to the C. F. A. that they authorize a commodity rate same as 6th class to C. F. A. points, on straight or mixed carloads, minimum weight 40,000 lbs., of white lead, in oil, casks, barrels, etc.; white lead, dry, in casks, barrels, etc.; read lead, litharge, Babbitt metal, in boxes; solder; lead pipe, on reels, completely enclosed and slatted; also in barrels; lead bar, coil and sheet, in boxes or casks; lead traps in barrels, and glazier's lead."

Meeting also considered application for reduced rate on scrap paper, carload, East St. Louis to Vincennes, Ind. This subject was considered at meeting May 30th, and was declined. A member again made application, and after con-

siderable discussion, it was recommended to the C. F. A. "That rate of 6 cents per 100 lbs., C. L., minimum as per Official Classification, be established East St. Louis to Vincennes, Indiana."

Meeting also considered rates on bulk salted meats and packing-house products, C. L., from Missouri River points to C. F. A. territory. This subject was last considered at meeting February 22nd, and referred to the C. F. A., and was brought up by letter from Chairman Tucker, dated May 14th, File 8866-A, submitting figures, and at the same time suggesting that as rates will be advanced from Missouri River, effective July 1st, it was not necessary to take further action towards equalizing present rates. After due consideration of the subject, it was resolved that the subject be tabled, and Mr. Tucker advised accordingly.

Meeting held June 13th, 1902, considered rate on pyrites screenings or sulphur ore, East St. Louis to Cleveland, Ohio. Chairmen read letter from a member stating that the through rate from Pueblo, Colo., to Chicago, is $4.00 per net ton, and Chicago to Cleveland is $1.50, making through rate of $5.50. The rate from Pueblo to East St. Louis is $3.50, and in order to make the same through rate, it was

"Recommended, That the C. F. A. authorize a rate of $2.00 per net ton of pyrites screenings or sulphide ore, minimum marked capacity of car, from East St. Louis to Cleveland, Ohio, in line with C. F. A. Information No. 3398, naming rate from Chicago of $1.50 per net ton on pyrites screenings."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 470."

Plaintiff offers in evidence record of meetings of the St. Louis Eastbound Freight Committee, held on the dates named below, issued June 30th, 1902.

Meeting held on June 20th, 1902, considered request for

rate on mineral wool for export. A member submitted request for rate on basis of 23 cents per 100 lbs, East St. Louis to New York; and it was recommended that the Chairman notify the applicant that the reduction could not be made.

Meeting also considered proper rating to apply on chicken feed. Chairman read letter from a shipper, submitted by a member, and it was moved: "That inasmuch as a sample of Chamberlain's Chicken Feed has been submitted to this Committee, and in its judgment same is entitled to 5th class rate, L. C. L. shipments, it being composed of elevator cleanings, wheat, oats, rye and other grain, with 2 per cent oyster shells added, and not being medicated in any manner, and shipped in sacks of 100 lbs. exclusively, that the Chairman of this Committee instruct the Inspector accordingly to not set it up to rates on prepared poultry food, in packages.

Meeting held June 27th, 1902, considered rates on wool from west of the Mississippi River. At meeting May 30th, the Chairman read letter of May 29th, File H-67, from Chairman C. F. A., on the proposition to change Information No. 692-A on wool, originating at points beyond the Mississippi River, making Rule 5-C to not apply. After discussion, it was recommended "That the subject be referred to a Committee of three, and that the L. H. & St. L. Ry. be a member of that Committee, to give us recommendation as to what shall be the action of the Committee." At meeting to-day the Sub-committee reported that the subject be tabled, and it was moved: "That the report of the Sub-committee be accepted, the Committee discharged, and that their action be the action of this Committee."

Meeting held June 27th, 1902, also considered the application of the Terminal Railroad Association of St. Louis, and the St. Louis Merchants' Bridge Terminal Railroad, for membership.

At meeting May 30th, letter from Mr. J. L. Penney, Commercial Agent, was read, and it was recommended: "That the application of the Terminal Railroad Association for membership in this Committee be received and placed in the hands of a Committee of three, to formulate conditions under whch they shall participate with this Committee as a member."

At the meeting of June 6th, the Special Committee reported as follows:

"Your Committee, appointed at meeting of May 30th to consider application of Terminal Railroad Association for membership in this Committee, beg to submit the following report:

We recommend that they be admitted to membership with the understanding—

First. That the Terminal Railroad Association shall not be entitled to a vote in the Committee on questions that affect rates, classification or per cents of lines, members of the Committee.

Second. It is further understood that unless specifically agreed to by the Committee, the Terminal Railroad Association shall not be furnished with the statistics of the Committee, nor shall the Terminal Railroad Association be required to furnish statistics to this Committee.

Third. That as plan for participating in expenses of the Committee, the following basis be employed: Take average expense per month charged to line carrying lowest tonnage for one year, say from May 1st, 1901, to May 1st, 1902, and establish this amount as an arbitrary fixed charge per month for the Terminal Railroad Association. This amount to be deducted as an arbitrary charge, and charged to the Terminal Railroad Association, before pro-rating the expenses on present basis."

And it was

"Resolved, That the report of the Special Committee be received, adopted, and the Committee discharged."

Following was also adopted:

"I move you that the Chairman advise Mr. Penney of the acceptance of his application, under the conditions outlined in report of the Special Committee, and invite the Terminal Railroad Association to be represented at future meetings."

Letter was written on June 7th to Mr. Penney, and reply received as follows:

"I desire to inform you that this company will accept membership based on the conditions incorporated in your letter of June 7th, and thank you for courtesy that has been extended."

Above exhibit, consisting or seven pages, is marked "Plaintiff's Exhibit Fraser No. 471."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held June 11th, 1902. Meeting considered the subject of lumber from the West, via East St. Louis, to Trunk Line Territory. This was last considered at meeting June 6th, and tabled. It was brought up again by letter of the 5th inst., File 9279, from Chairman C. F. A., and it was

"Resolved, That the Chairman take the subject up with the Iron Mountain, with the view to having tariffs established in line with suggestions made by the Central Committee."

Meeting also considered glass sand rates, East St. Louis to C. F. A. territory. Letters were read from a member and the Chairman C. F. A., regarding rates on this traffic, and it was moved, "That it is the sense of this Committee

that we cannot at this time consistently advance the rates from East St. Louis to the Indiana Gas Belt points, etc.

Meeting also considered proper rating to apply on chicken feed. This was last considered at meeting June 27th, and was brought up again by letter of the 5th, File 9568, from Chairman C. F. A., which was read, and after due consideration it was resolved that the subject be tabled."

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 472."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held July 18th, 1902.

Record shows meeting considered export rates via Virginia and Gulf ports. This matter was brought up by receipt of proceedings of conference in Chicago, July 2nd, and letter from Chairman C. F. A. referring to the St. L. Eastbound Frt. Committee resolutions adopted at said meeting regarding traffic from St. Louis and the Missouri River. Record also shows that an effort was being made to secure conference meeting in St. Louis on July 22nd, with the Missouri River lines; and, in order that the St. Louis lines would know what they were going to do, it was moved, "That our position at the proposed meeting on the 22nd or subsequent date be outlined in resolution adopted at Chicago meeting, which is as follows:

Resolved, That the lines leading east and south from St. Louis and East St. Louis, and through those points, individually state that, effective July 14th, 1902, they will maintain the authorized all-rail rates on all export traffic, with the understanding that the differential via the Gulf Ports of Mobile, Pensacola and New Orleans shall be, as an experiment on export flour for sixty days, not to exceed 2 cents per 100 lbs., exports flour rates to be 13½ cents per 100 lbs., East St. Louis to Newport News and Norfolk to all foreign ports except Glasgow, on which port roads to New

port News and Norfolk will maintain the authorized all-rail tariff rates in effect to Baltimore."

In the discussion of the above subject, the Chairman read replies received from several members, which included reply from the L. & N. R. R. to the effect that they were not enough interested to attend the meeting; exception was taken to Mr. Goodwyn's letter, and the Chairman was instructed to communicate with him, notifying him that the L. & N. was an important factor in the export situation at St. Louis and Missouri River via Gulf Ports, particularly Pensacola, and it was the sense of the committee that the L. & N. should be represented at the proposed meeting.

Chairman was instructed to request members to reply by wire as to whether or not they will attend meeting on the 22nd, if called.

Meeting also considered changes in minimum basing book No. 9. This subject was considered at meeting of the 11th, and referred to meeting of Rate Clerks on the 15th, and their report was adopted, recommending that amendment be issued to Minimum Basing Book No. 9, making certain-named corrections to points in Indiana, Pennsylvania and Michigan.

Meeting also considered rate on horses and mules to Marion, Indiana, and recommended, "That rate of 25 cents per 100 lbs. be authorized on horses and mules, C. L., minimum weight as per Official Classification, from East St. Louis to Marion, Grant County, Indiana."

Meeting also considered rate on provisions, East St. Louis to Michigan and Ohio points. This subject had been heretofore considered, and referred to meeting of Rate Clerks on July 15th; report of the Rate Clerks was received, and the matter laid over until next meeting, or until such time as the Wabash representative is present.

Meeting also considered rate on grain to Toledo, Detroit, etc. At meeting of July 11th, Chairman was instructed to

ascertain the Clover Leaf's reason for establishing a proportional rate of 6 cents per 100 lbs. on grain to Toledo, and whether it will be withdrawn. The record shows that letter was written to Division Freight Agent, and reply received 12th by phone to the effect that in consequence of through rate from Missouri River to Toledo, via the Wabash, of 12 cents, rate in effect via Chicago in connection with the Nickel Plate and other lines to Toledo, Fostoria, etc., also a through rate issued by the C. & A. from Kansas City in connection with the Nickel Plate to Fostoria of 12 cents, and via the L. E. & W. to Fostoria of 12 cents, it was necessary for the Clover Leaf to maintain a 6-cent rate from East St. Louis in connection with the rate to East St. Louis, in order to be in line with the tariffs in effect mentioned above.

Meeting also considered rate on bones, in carloads. Attention was called to C. F. A. Information No. 3516, July 7th, continuing reduced rate until December 31st, 1902, from Chicago to Detroit, 7½ cents per 100 lbs—25 per cent less than 6th class. Resolution was adopted that in view of the fact that a rate of 7½ cents per 100 lbs. on commodity above mentioned, Chicago to Detroit, had been promulgated by C. F. A. Information No. 3516, it was the sense of the St. L. Eastbound Frt. Committee that the rates through and from this gateway on this commodity should be put in line, and they asked that C. F. A. issue information promulgating the following rates. East St. Louis to Detroit, Toledo and Columbus, 11 cents per 100 lbs.; to Cleveland and Sandusky, 12 cents; to Dayton and Cincinnati, 9 cents; and to Indianapolis, 8 cents.

The following resolution was also adopted:

"Resolved, That it is the sense of the members of this Committee that when commodity rates are established from Chicago to points in C. F. A. territory on traffic competitive with that originating at or passing through St. Louis or East

St. Louis, that they may individually establish rates from East St. Louis to points in such territory on a corresponding basis."

A note in the record shows that the rates above are 25 per cent less than 6th class.

Meeting also considered proportional rates on moulding sand. Chairman read letter of the 12th from Chairman C. F. A., on proposition to eliminate from C. F. A. Information No. 3472, authority for moulding sand rates from East St. Louis; and by resolution the Committee declared that in their judgment no change should be made in rate on above commodity.

Meeting also considered rate and divisions on traffic from M. & O. Illinois stations to C. F. A. points. Letter was read from a member regarding sweet potato rates, also correspondence, and previous action of the Committee. The representatives of the roads individually stated that they desired to reaffirm the action of February 10th, 1899, as follows:

"Resolved, That it is the sense of the St. Louis Eastbound Roads that if the M. & O. will designate the through rates they are willing to publish on all commodities from all points on their St. Louis Division, to C. F. A., and Trunk Line territory, via East St. Louis, and show basis of divisions desired, the St. Louis Eastbound roads will give same due consideration."

Meeting also considered Official Classification rating on dry sheep pelts vs. dry hides, carload lots, and the matter was laid over until the next meeting.

Meeting also considered the question of lumber from M. J. & K. C. R. R. Chairman read letter from a member and District Inspector, and it was resolved that the subject be tabled.

Meeting also considered rates on lumber from Pacific Coast points to Trunk Line territory. Chairman read letter

of the 15th, File 7330, from Chairman C. F. A., addressed to Messrs. Fraser and McCann; and the subject was laid over until the next meeting. Chairman was instructed to secure information as to what the rates are from Pacific Coast to East St. Louis, Peoria, and Chicago, prior to next meeting.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 473".

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held July 25th, 1902:

Meeting considered rate on lumber from the West via East St. Louis to Trunk Line territory. Record shows correspondence between Chairman St. Louis Eastbound Frt. Committee and G. F. A. Lincoln of the Missouri-Pacific, and states that conclusions will be advised by letter, which will be submitted to Committee at first meeting in September.

Meeting also considered rates and divisions on traffic from M. & O. Illinois stations. In accordance with meeting July 18th, matter was submitted to interested lines for their personal signature, as to division on traffic. Result to be reported at next meeting.

Letter from member was read as to Official Classification on dry sheep pelts vs. dry hides, C. L., and the matter was referred, without recommendation, to the Classification Committe, for consideration.

Meeting also considered rate on lumber from Pacific Coast points to Trunk Line territory; and Chairman reported that since the meeting of July 18th letters were received from Chairman C. F. A. to the effect that it is the intention of the Pacific Coast lines to restore through rate of 75 cents from California terminals to Trunk Line territory. This disposed of the matter, for the present, at least, and it was, therefore, tabled.

Meeting also considered rates on provisions, East St. Louis to Michigan and Ohio points, and it was laid over in consequence of the Wabash representative not being present, until the first meeting in September.

Meeting also considered rates and divisions on cotton factory products, Arkansas Midland stations to Trunk Line Territory. Chairman submitted letter of July 23rd from a member requesting reconsideration of the above subject. After discussion, the Chairman was instructed to write A. G. F. A. Mo. Pacific, naming mileages to New York, Boston, Philadelphia and Baltimore, as per Special Notice No. 437, stating that this Committee is willing to submit proposition to C. F. A. on the basis of pro-rating the regular Helena rates from Helena, Ark.

Meeting also considered rate on peaches to Trunk Line territory; also minimum weight on potatoes, and deferred action thereon until the first meeting in September.

Meeting also considered minimum weight on wool to Trunk line territory. Joint Letter, July 24th, File X-9-A 62,210, from A. G. F. A. Mo. Pacific Ry.-Iron Mountain Ry., regarding rate on wool from Lake Charles, La., to Philadelphia and Boston, was read and considered, and by resolution the subject was deferred until the next meeting, and Chairman was instructed to take up the subject with parties to whom A. G. F. A. Mo. Pacific letter is addressed, with the view to finding out what replies were made to the Mo. Pacific.

Meeting also considered the matter of minimum basing book, and letter was read, dated July 24th, from Chairman Thompkins of the St. Louis Traffic Bureau, requesting copy of Minimum Basing Book No. 9, and Chairman was instructed, by resolution, to furnish the St. Louis Traffic Bureau with same.

Meeting also considered rate on grain to Toledo, Detroit, etc. Chairman read letter, July 24th, File Info, No. 2542,

from Chairman C. F. A., requesting instructions as to what reply to make to Chairman C. F. A., and was instructed by Wabash representative to advise Mr. Tucker that the Wabash is maintaining present rate on grain, because they are obliged to do so by their competitors.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 474."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held August 1st, 1902. Meeting considered absorbtion of switching at East St. Louis. Chairman read letter, July 28th, from A. G. F. A. Wabash R. R., submitting letter July 26th, File M-280, from G. F. A. C. & A. Ry.; and Chairman was instructed to reply to A. G. F. A. Wabash R. R. by simply referring him to the resolution as it stands to-day (See Proceedings No. X, June 30, 1902).

Meeting also considered letters received from the C. B. & Q., Chief Inspector, and C. & G. W., regarding cancellation of tariffs. Chairman read letter of July 24th, File H E B, from the Freight Traffic Manager of the C. B. & Q., regarding cancellation of tariff on live stock; and after consideration, Chairman was instructed to reply to Mr. Miller that, as the Chairman is not to issue any more Joint Tariffs, he was instructed by the Committee to cancel those in effect; that the rates will be issued from the Chairman's office in Special Notice Form, but that these are only furnished to members of the Committee.

Chairman also read letter of July 25th, File A-16236, from Chief Inspector, submitting copy of letter July 23rd from A. G. F. A. C. G. & W. R. R., regarding cancellation of Joint Tariffs of the St. Louis Eastbound Freight Committee, and Chairman was instructed to reply to Mr. Rainer that the Committee has decided that no more Joint Tariffs should be issued; and, further, that it is not within the

province of this Committee to say what rates shall apply from Upper Mississippi River crosings, and refer him to Chairman Tucker for information.

Meeting also considered request for copy of Committee Proceedings, in letter from G. F. A., L. & N. R. R., dated July 30th, File 230496, and Chairman was instructed to answer Mr. Goodwyn that, under the legislation of this Committee, it is not within the province of the Chairman to comply with his request (See Proceedings No. X, June 30th, and No. XI, July 11th).

Meeting also considered rates on Exhibits for St. Louis Fair. Chairman read letter of July 26th from the St. Louis Fair Asociation, and it was recommended that they be granted the same concessions as last year. Recommendation to the C. F. A. to be the same as referred to, with the exception that St. Louis Exposition and Music Hall Association be eliminated. The following note is to appear on Special Notice issued by the Chairman regarding above subject:

"Note: The Terminal Railroad Association and Merchants' Bridge Terminal Railway advise that they will apply the same ruling on traffic handled by them."

Meeting also considered the matter of the St. Louis Cotton Compress Company, and Chairman was instructed, by resolution, to furnish three copies of letter from Sec'y. St. Louis Cotton Compress Co., July 30th, to the resident members of this Committee, with the view of considering the subject further at next meeting.

Meeting also considered rates on cotton-seed oil, Montgomery, Ala., via East St. Louis, to Eastern cities. This subject was considered June 20th, and Chairman was requested to urge reply from Chairman C. F. A. to letter June 20th, File 4033.

Meeting also considered rates and divisions on traffic from M. & O. Illinois stations. Chairman stated that this subject had been considered at last meeting, and as in-

structed he had endeavored to secure signatures to letter prepared at that meeting, but that he had been unable to see A. G. F. A. C. & A. Ry., and that Mr. Keane of the Clover Leaf had referred the matter to Mr. Whitney, who advised that he was opposed to signing a paper of that character. After further consideration, the Chairman was instructed to write the Clover Leaf, requesting information as to whether they would give the M. & O. R. R. individual notice in line with action taken at meeting of the 25th as to the question of division on traffic.

Meeting also considered rates and divisions on wool, from Lake Charles, La., etc. Chairman stated this subject was considered at last meeting, July 25th, and, as instructed, he had taken up the matter with parties to whom A. G. F. A. Mo. Pacific Ry. letter was addressed, and had received replies which were read; and, by resolution, it was made a matter of record, and declared to be the sense of the St. Louis Eastbound Freight Committee that nothing less than the authorized rates should be applied on wool from Lake Charles, La.; and the Chairman was instructed to notify the Mo. Pacific-Iron Mountain Ry. accordingly.

Meeting also considered rate on fire brick, C. L., East St. Louis to Altoona, etc. The following letter from a member was read:

"We desire to make application for rates on fire brick, from East St. Louis to points on the Pennsylvania R. R., east of Pittsburg to Altoona inclusive, $3.70 per net ton, this being 70 cents per ton above the Pittsburg rate. We base this application on the fact that the Westbound basis, as authorized by Joint Traffic Association Freight Circular No. 1125, pages 45, 46 and 47, authorize this basis westbound. We also think that the entire westbound basis, as published on pages 45, 46 and 47, should be established eastbound."

The following recommendation was made:

"Recommended, That the C. F. A. authorize rate of $3.70 per net ton, East St. Louis to points on the Pennsylvania R. R., east of Pittsburg to Altoona, Pa., inclusive on fire brick (released to valuation of $5.00 per ton), C. L., minimum weight 40,000 lbs., unless capacity of car is less, in which case actual capacity of car will be minimum weight, but in no case less than 30,000 lbs."

The present rates are on basis of 6th class, and rates asked for are the same as authorized in J. T. A. Circular No. 1125, pages 45, etc. westbound, Altoona to Pittsburg, 70 cents, plus rate Pittsburg to East St. Louis.

Meeting then adjourned.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 475."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held August 22nd, 1902.

Meeting considered rates and divisions on cotton factory products, Arkansas midland stations to Trunk Line territory. Record shows that, as instructed at meeting July 25th, letter was written to the Mo. Pacific Ry., and reply received as follows:

"In reply to yours July 26th, File 4152, regarding rates and divisions on cotton factory products from Arkansas midland stations to Trunk Line territory via East St. Louis.

On the divisional basis you propose, our revenue is not sufficient to warrant the participation of this Company in through rate, via the gateway indicated.

We have, therefore, concluded to make no further effort to open up the St. Louis route to this business."

Meeting also considered rate on horses and mules, C. L.,

to Portsmouth and Ironton, Ohio, and the following resolution was adopted:

"Moved, That the rate on horses and mules from East St. Louis to Portsmouth and Ironton, Ohio, be made 32½ cents per 100 lbs., C. L., minimum weight as per Official Classification, the same rate as now in effect in Chillicothe and Athens, Ohio."

Meeting also considered proper rating to apply on chicken feed. This subject was acted upon, as shown in proceedings issued June 30th, July 11th and 25th. It was brought up again by letter from Chairman C. F. A., and it was

"Recommended, That the C. F. A. authorize rating on poultry food, in sacks or barrels, made from elevator sweepings, or refuse grain, and oyster shells, and not medicated—L. C. L. 5th, and C. L. 6th class, same as feed, ground, in sacks or barrels, as per Official Classification."

Meeting also considered rates on cotton for export from Oklahoma and Indian Territories and Northern Texas points. Chairman read letter of August 11th from the Frisco R. R. on the above subject, and after due consideration, the Chairman was instructed to reply that it would not be expedient to make any reduction in rates on cotton for export from Oklahoma and Indian Territories and Northern Texas points, for the reason that the result would be like reduction through other gateways, as well as from other cotton producing territory; and for that reason the application was not considered favorably.

Meeting also considered proper weight per gallon to apply on petroleum oil from Texas. Chairman read letter on above subject, calling attention to the weight of Petroleum Oil from Texas, as per S. W. Committee tariff; and it was

"Recommended, That the subject be referred to the C. F. A. for investigation as to whether Texas oil weighs 7.4

lbs. per gallon, as provided for in S. W. Committee tariff No. 20-J, August 6, 1902, page 28, or 6.4 lbs. per gallon, as provided for in Joint Committee Circular No. 1897, Sept. 30, 1895, and take the necessary action to secure proper revenue to the C. F. A. lines on the traffic."

Meeting also Considered rates and divisions on traffic from M. & O. Illinois stations. Chairman called attention to proceedings of July 18th, July 25th and August 1st, stating that letter had been prepared, as instructed, but not delivered; and it was brought up again for further consideration.

Meeting also considered matter of application of St. Louis Cotton Compress Company for allowance or payment by the railroads of $1.25 per car for loading cotton at the St. Louis Cotton Compress Company's warehouses; and the application was declined.

Meeting also considered proportional rate on glass and moulding sand to Cambridge, Ohio, and it was recommended to the C. F. A. that rate of $1.85 per ton be authorized on above commodity, East St. Louis to Cambridge, Ohio, in line with rate now in effect to Byesville and Marietta, Ohio.

Meeting also considered letter received from G. F. A. L. & N. R. R. Chairman stated that, in line with proceedings August 1st, he wrote letter, under date of the 4th, to G. F. A. of the L. & N. R. R., requesting that they become a regular member of the Committee, and received reply, August 18th, to the effect that the L. & N. did not wish to become a member. It was moved that the papers be filed.

Meeting also considered rate on fire brick to Trunk Line points. Chairman read letters of August 1st and 7th, File H-377, from Chairman C. F. A., regarding withdrawal by this Committee of application made for rate on fire brick to Trunk Line points, which was transmitted to Chairman C. F. A. by letter dated July 12th; and it was

"Recommended that the Chairman C. F. A. be advised that the Committee desires action taken by the C. F. A. and Trunk Line Association on recommendation as per their letter of July 12th, and result communicated at earliest possible date."

Meeting also considered rate on cotton-seed oil, Montgomery, Ala., via East St. Louis, to Eastern cities. Letter of August 20th from Chairman C. F. A. was read, advising that he was not yet prepared to give definite information on the subject.

Meeting also considered application for rates on cereal food known as "Cris-po", asking that it be added to list taking grain products rates on pyrites, iron or sulphur ore, anodes, base bullion, feldspar, flint, clay, etc.; and rates on cotton via Long Island Sound lines; all of which subjects were laid over until next meeting.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 476."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held August 29th, 1902. Meeting considered rate on scrap iron to South Bend, Ind. Chairman read letter, File C-C-2878-B, August 22nd, from A. G. F. A. Vandalia Line, on above subject. After due consideratioon of same, it was

"Recommended, To the C. F. A. That rate of $1.60 per gross ton, minimum weight 15 gross tons, be established on scrap iron, East St. Louis to South Bend, Indiana, in line with rate of $1.40 per ton to Chicago, also rate to the Gas Belt points, as per C. F. A. Information No. 3429.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 477."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 5th,

1902. Meeting considered rates on lumber from the West, via East St. Louis to Trunk Line territory. This subject was last considered at meeting July 25th, Proceedings No. 13. Chairman read letter of July 31st, from G. F. A. Mo. Pacific, to the effect that Mo. Pacific proposed to publish proportional rates from Cairo, via East St. Louis, etc.; also read letter Sept. 4th, stating that they had been delayed in publishing the rates from Cairo, but would do so at the earliest date possible; and it was resolved that the subject be laid over for consideration on receipt of the Cairo tariff.

Meeting also considered rate on muriatic and sulphuric acid, in tank cars, East St. Louis to C. F. A. points. Letter from member was read on above subject, and it was

"Recommended, To the C. F. A. That commodity rate be established on muriatic and sulphuric acid in tank cars, C. L., minimum weight as per Official Classification, from East St. Louis to various points named."

(Then follows list of various points, and the rate per cwt.)

"In line with rates authorized from Chicago, in Information No. 3637, September 2nd, 1902.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 478."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 12th, 1902.

Meeting considered rate on lumber from the West, via East St. Louis to Trunk Line territory. Chairman submitted proof of Mo. Pacific Ry. Joint Proportional Tariff from Cairo, which will become effective September 20th. No action taken.

Letter of the 9th, File 9311, from Chairman C. F. A., regarding rates on this traffic from Thebes, was read, and the Chairman was instructed to write Chairman C. F. A.

that the statement that the lines east of East St. Louis allow 3 cents per 100 lbs. to the roads between Cairo and East St. Louis, which makes a rate of 24 cents from East St. Louis to New York, is not correct, but that the rates from Cairo are pro-rated as per J. C. Authority Nos. 1173, 1609 and 1622, as reprinted in this Committee's Special Notice No. 437.

Meeting also considered rates on provisions, East St. Louis to Michigan and Ohio points. Chairman read letter from member, as follows:

"As you probably know, there is in effect from Chicago to Cincinnati, on provisions, a rate of 12 cents per 100, which is the maximum charge, under, I believe, the Michigan Central and Grand Trunk's interpretation of the long and short haul clause, to Landsing, Flint, Port Huron, Jackson, Toledo and Detroit.

The authorized differential is 5 cents per 100. I will be glad to have you take up the matter of formally authorizing 17 cents East St. Louis to these destinations, instead of the varying figure of 18 cents, etc., now governing from East St. Louis."

And it was "Recommended, to the C. F. A., that rates on provisions, C. L., be established, East St. Louis to Landsing, Flint, Port Huron, Jackson and Detroit, Michigan. and Toledo, Ohio, 17 cents per 100 lbs., in line with rates from Chicago."

Meeting also considered rates and divisions on rice from Lake Charles, etc., La., to C. F. A. points. This subject was under consideration at meeting 5th, and referred to a sub-committee. At meeting today the Committee stated their views on the subject, and after general discussion, it was

"Resolved, That the recommendation of the sub-committee be accepted, with the understanding that they are to make formal report, which is to be forwarded by Chair-

man Fraser to the C. F. A. as the recommendation of this Committee."

Meeting also considered proportional rates on lumber from South Pacific coast. Chairman read letter from Chairman Tucker, dated September 9th, File Information 3647; also called attention to Circular Letter No. 50, Sept. 10th, 1902, on the same subjects:

"Referring to Information Circular No. 3647, Sept. 5th, containing proportional rates on lumber from Chicago, Peoria, etc., when originating at points west thereof. At meeting of Chicago Eastbound Roads today it was positively decided that rates in said Information Circular will not apply on business from South Pacific Coast territory, but rates from Chicago on lumber and forest products from South Pacific Coast territory will be 6th class rates, except where lower rates are necessary to equalize with the rates from East St. Louis. This should be understood by your Committee so that no reduction will be made in rates from either Peoria or East St. Louis on lumber and forest products from South Pacific Coast territory."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 479."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 19th, 1902.

Record shows that roads considered rate on lumber from North Pacific Coast points and terminals; and, by resolution, decided that the Chairman should take the matter up with the Western lines, with a view to ascertaining what rates are in effect up to East St. Louis and Chicago, and see what rates are necessary from East St. Louis to equalize with rates through Chicago. Subject to be considered at next meeting.

Meeting also considered rates on feldspar, flint and clay,

to C. F. A. points. Chairman stated that he had a letter giving the information requested, and after consideration, resolution was adopted as follows:

"Moved, That the Chairman be instructed to notify the applicants that we cannot change the present rates."

Meeting also considered rates on fertilizer and fertilizer material to points on N. & W. Ry., and, on resolution, declared that the Committee would take same action as taken by C. F. A., at meeting 18th; that is, that full local rates be charged to N. & W. Ry. junctions, using their arbitraries beyond.

Meeting also considered rate on crushed granite, East St. Louis to Madison, Ind., and recommend to the C. F. A. that they establish rate of $1.50 per ton on above commodity, East St. Louis to Madison, Ind.

Meeting also considered rates on scrap iron as compared with pig lead to Indiana points, and Chairman was instructed to notify member who made application for reduction in rate that the roads had decided that the application for reduction in rate on scrap iron could not be granted.

Letter was submitted from Chairman C. F. A. regarding information as to meetings of Eastbound Freight Committee not being furnished the Clover Leaf road; and, after consideration, the Chairman was instructed to advise the Chairman C. F. A. that the representative of the Clover Leaf had been invited to attend the meetings of this Committee, to see and hear anything that was said and done, and that, for reasons which we are not familiar with, the Clover Leaf has absented itself from the meetings; and that the action taken by the St. Louis Eastbound Frt. Committee, that non-members should not be furnished with proceedings or other information of private character, was not directed solely against the Clover Leaf, but against all Eastbound lines not members of the Committee.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 480."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 26th, 1902.

Meeting considered rate on lumber, etc., North Pacific Coast points and terminals. Chairman reported that, as instructed at meeting 19th, he had written to and received reply from G. F. A. Burlington Route, naming rates on this traffic to East St. Louis 2½ cents per 100 lbs. higher than to Chicago; and it was

"Resolved, That the Chairman write Chairman Tucker and call his attention to the fact that to equilize this rate via East St. Louis, it would be necessary for the lines east of East St. Louis to make rate of 17½ cents to New York, and ask him if it was his intention to suggest this rate, as against the 20 cent rate from Chicago."

Meeting also considered adjustment of rates and weights on wool. Chairman read letter 23rd, File 9133, from Chairman C. F. A., which contained the following:

"Recommended, That a Committee of six—two from Peoria Eastbound Lines, two from Chicago Eastbound Lines, and two from St. Louis Eastbound Lines—be appointed to thoroughly investigate the rates and weights on wool via all gateways, also that between points in the Official Classification territory, with a view of arriving at a basis that will be equitable to all interests, and report their conclusions to the Committee at the next meeting."

After due consideration, it was "Resolved: That Mr. N. W. Taylor, General Western Freight Agent Vandalia Line, and Mr. W. C. Lindsay, General Agent L. H. & St. L. Ry., be appointed as the representatives of this Committee."

Meeting also considered rates on wagon material, and it was

"Resolved, That the Chairman write Chairman C. F. A. that, it being understood at a meeting of the C. F. A. at

which this legislation was had that similar action would be taken simultaneously by the C. & O. R. Committee, and information is desired as to whether the C. & O. R. Committee have taken similar action, effective October 7th.

It was further understood that the Official Classification rating should be the maximum on wagon material in the white or in the rough, in carloads, where the lumber rate, plus the 2 cents, makes the rate in excess of this, and Information No. 3680 should be re-issued accordingly."

Meeting also considered issuance of bills of lading on cotton in warehouses in East St. Louis. Chairman read letter from a member on above subject, and after consideration, the following was adopted:

"Moved, That a Committee of three be appointed to formulate an agreement to be entered into between the St. Louis Cotton Compress Co. and lines, members of this Committee, somewhat on the lines of the agreement previously in effect on shipments from St. Louis, or formulate some kind of an agreement whereby roads or lines can obtain legal and satisfactory receipts upon which they may issue bills of lading on cotton."

The Chairman appointed as this Committee, Messrs. Nichols, Hart and Becker.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 481."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held October 3rd, 1902.

Meeting considered rates and divisions on rice from Lake Charles, La., to C. F. A. points.

Meeting also considered rate on muriatic and sulphuric acid, in tank cars, East St. Louis to C. F. A. points. Letter from member was read on above subject, and it was recommended to the C. F. A. that commodity rate be es-

tablished on above named articles, in tank cars, C. L., minimum weight as per Official Classification, East St. Louis to following points: (Then follows schedule of rates to different cities in Indiana, Michigan, Ohio, and other points.)

Meeting also considered subject of Rock, East St. Louis to Detroit and Toledo, and it was recommended that the C. F. A. adopt or authorize certain rate named in C. F. A. tariff. This recommendation was objected to, and the subject was tabled.

Meeting also considered application via Baltimore of Virginia lines' export rates. Record shows that the Virginia lines had agreed to restore their rates to the tariff basis, and maintain the same rates on export traffic via Newport News, Norfolk, etc., as are authorized to Baltimore.

Record also shows that meeting considered the subject of representative of the Clover Leaf in this Committee. Chairman stated that, as instructed at last meeting, Sept. 19th, he had written on September 20th to Mr. Tucker, Chairman C. F. A.; and received reply Sept. 26th, File No. 9852, to the effect that if the St. Louis representative of the Clover Leaf could participate in the St. Louis Committee's meetings, the Clover Leaf would recall letter to Chief Inspector which withdrew the road from the Joint Rate Committee agreement; and it was resolved, "That the Chairman give the Clover Leaf representative a special invitation by telephone to attend this meeting;" which was done, and the Clover Leaf representative stated that it was impossible for him to attend meeting today. And it was

"Resolved, That the Chairman be instructed to renew his invitations to the St. Louis representative of the Clover Leaf, to attend the meetings of this Committee hereafter, in accordance with the understanding had with Mr. Whit-

ney at the Central Committee meeting in Buffalo, as outlined in Mr. Tucker's letter September 26th, File 9852."

Meeting also considered the subject of issuance of bills of lading on cotton in warehouses in East St. Louis; received report of Sub-committee, filed same, and discharged Committee; and the following resolution was adopted:

"Resolved, That the Eastbound Lines will not issue any bills of lading on cotton until the property is in the possession of the carrier, or in the possession of and receipted for by its connections."

Meeting also considered the subject of switching on cotton, in connection with the above, and it was

"Resolved, That the railroad companies or fast freight lines will not pay or absorb any charge for trackage or switching on cars containing less than 30 bales of cotton from any warehouse in East St. Louis."

The record has note showing direction to the Chairman to secure the vote of the Clover Leaf and C. B. & Q. on this resolution.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 482."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held October 10th, 1902.

Meeting considered rate on lumber, etc., North Pacific Coast points and terminals, and it was moved

"That Chairman Tucker be advised that it is the sense of this Committee that in consequence of the action taken by the Chicago lines, the St. Louis Eastbound Lines are forced to equalize the rates on North Pacific Coast lumber, and that we exceedingly regret these conditions, as it will ultimately have the effect of forcing the East St. Louis lines to apply the same relative basis on lumber originating at other points, just as the action of the Chicago lines in

originally meeting the conditions through the "Soo" on Wisconsin and Minnesota lumber has forced them to accept these low, unremunerative proportional rates on North Pacific Coast lumber. It is with much reluctance that we hereby make formal application for authority to publish relative rates from East St. Louis to C. F. A. and Trunk Line territory."

Meeting also considered percentage allowance to the Illinois Terminal Railroad. Chairman read letter of October 7th and joint letter of October 3rd, regarding percentage allowance to the Illinois Terminal Railroad; and it was

"Resolved, That this subject be referred to the Sub-committee having in charge the subject of percents for division of rates between Southern Illinois points via East St. Louis and eastern cities and Rates and Divisions on Clay, Mountain Glen, Ill., to Cleveland, Ohio."

Meeting also considered rates on deciduous fruits, Western Colorado points to points east of Mississippi River. Chairman read letter of the 9th, File K-4-A 91164, from A. G. F. A. Mo. Pac. Ry., enclosing Joint Letter Sept. 24th, File Y-47032, from G. F. A. D. & R. G. R. R., and through freight tariff of D. & R. G. R. R. No. 193-B, regarding the division of through rates on above traffic, and it was

"Resolved, That the Mo. Pacific Ry. be notified that the proposition contained in the correspondence was not acceptable, and therefore individually declined by the roads, members of this Committee."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 483."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held October 17th, 1902.

Meeting considered percentage divisions in effect with

M. & O. R. R., on cotton factory products from Stonewall, Miss. Subject was continued until next meeting, because a reply had not been received from the representative of the Wabash.

Meeting also considered percentage allowance to the Illinois Terminal Railroad, and the matter was continued.

Meeting also considered rate on lumber, etc., North Pacific Coast points and terminals. Chairman read letter October 13th, File 7330, from Chairman C. F. A., and after discussion the following was adopted:

"Moved, That the Chairman reply to Chairman C. F. A. to the effect that the first proposition contained in his letter, viz: 'It occurs to me that the St. Louis Eastbound Freight Committee in endeavoring to equalize the rates on North Pacific Coast lumber with those from Chicago, will involve the rates to a much larger extent than any gain from the North Pacific Coast, on lumber from other originating points,' is admitted by the St. Louis lines, and that they do not think the amount of business through this gateway, any more than the amount of business through the Chicago gateway, justifies the action taken, at the same time they see no reason why the East St. Louis lines should be expected to ignore the conditions made by the "Soo" lines, and lines from Chicago be allowed to meet them. We therefore request action on the resolution adopted at meeting October 10th, transmitted to Chairman C. F. A. in letter Oct. 11th."

Meeting also considered minimum carload weight on potatoes; and Chairman was instructed to notify the Chairman C. F. A. that the members of this Committee have made careful investigation of the subject, and it is the consensus of opinion that a minimum carload weight of 24,000 lbs. on potatoes should be established to C. F. A. and Western Termini points, during the months of June, July and August of each year.

The Chairman also read letters of October 11th and 15th, File 9764, from Chairman C. F. A. as to handling of wool by the C. B. & Q. R. R., East St. Louis to eastern cities at the proportional rate, which wool was not a direct through shipment, but which had been held in St. Louis several months. At the suggestion of a member, roll was called for the purpose of finding out whether any members of this Committee have handled wool at the proportional rate instead of through rate from East St. Louis, when it was stopped and stored here. All members answered in the negative, and the following resolution was then adopted:

"Moved: That the Chairman reply to Chairman C. F. A. that none of the lines, members of this Committee, have handled wool shipped from St. Louis proper at the proportion of the through rates from the West, and that the C. B. & Q. R. R. was not warranted in using the proportional rates on the traffic referred to above."

Meeting also considered rates and divisions on lumber to Trunk Line territory. Chairman read a letter of October 13th, File 9311-A & B, from Chairman C. F. A., on above subject, and the following resolution was adopted:

"Resolved: That the Chairman endeavor to arrange with Messrs. J. R. Peachy, A. G. F. A., I. C. R. R.; Wm. Campbell. G. F. A., C. & E. I. R. R.; Haiden Miller, G. F. A., M. & O. R. R.; J. C. Lincoln, G. F. A. Mo. Pac. Ry.; and J. P. Park, G. F. A., St. L. S. W. R. R.; to meet with this Committee at Room 404 Union Station, St. Louis, Mo., on Friday, October 24th, 1902, 10:30 A. M., to confer regarding through rates on lumber from the West via Cairo, Thebes, Gale and East St. Louis."

Meeting also considered rate on rye to Vincennes, Indiana, and it was recommended to the C. F. A. that they establish a rate of 5 cents per 100 lbs. on above commodity from East St. Louis to Vincennes. Above rate was asked for

in line with rate of 5 cents per cwt., in effect from East St. Louis to Terre Haute, as per C. F. A. Information No. 3717, Vincennes being an intermediate point.

Meeting also considered rate on muriatic acid and sulphuric acid, to Parkersburg, W. Va. Chairman read letter October 16th, File 20729, from A. G. F. A., B. & O. S. W. R. R., on above subject; and it was recommended to the C. F. A. that commodity rate of 14 cents per 100 lbs. be established on muriatic and sulphuric acid, in tank cars, C. L., East St. Louis to Parkersburg, W. Va. Above rate was asked for to be in line with rate Cleveland to Parkersburg, W. Va., 11½ cents per 100 lbs., authorized by C. F. A. Information No. 3729, the proposed rate being one cent per 100 lbs. above the authorized rate to Marietta, same as from Cleveland.

Meeting also considered percentages, Cairo via East St. Louis to Trunk Line territory, in connection with M. & O. R. R.; and it was

"Moved: That the subject be submitted to a meeting of the Rate Clerks for careful check and recommendation to this Committee, with the view to establishing uniform divisions to be allowed the M. & O. R. R. on traffic to all eastern destinations.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 484."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held October 24th, 1902. Meeting considered rates on packing-house products, East St. Louis to Madison, Ind. It was recommended that application be made to the C. F. A. for authority to apply same rate, East St. Louis to Madison, Ind., on packing-house products and bulk meats as apply to Jeffersonville, Ind.; viz: 12 cents per 100 lbs., C. L., minimum weight as

per Official Classification, as published in St. Louis-Cincinnati-Louisville Freight Committee Tariff I. C. C. No. B-31.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 485."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held October 31st, 1902. Meeting considered uniform charge for weighing light and loaded cars. Also percentage divisions in effect with M. & O. R. R. on cotton factory products, from Stonewall, Miss. Record shows that the T. H. & I. and Wabash R. R.'s are operating authorized Mobile, Ala., percents. from Stonewall and Enterprise, Miss.

Meeting also considered per cents. for division of rates between Southern Illinois points, via East St. Louis, and Eastern cities. Also considered the matter of bridge tolls on less than carload shipments from Trunk Line territory to St. Louis. The Chairman read letter of October 18th from Chairman C. F. A. on above subject, and the following resolution was adopted:

"Moved: That Chairman C. F. A. be advised that there being a number of Transfer Companies in addition to those mentioned, operating between East St. Louis and St. Louis, and various firms having individual arrangements with them for transporting property across the river, the lines, members of this Committee, object to any of their eastern connections publishing rates, or a basis of rates, to St. Louis, Mo., as deliveries are accomplished at East St. Louis, Ill.; and if they continue to publish rates, or a basis of rates, to St. Louis they do so entirely at their own risk of overcharge."

Meeting also considered rates and divisions on lumber from points on the M. J. & K. C. R. R.; and, by resolution, the matter was referred back to Chairman C. F. A., with the request that the subject be placed in the hands of the Com-

mittee on Relation with Southern Roads, for their considera tion at the next meeting of the C. F. A.

Meeting also considered class and commodity rates from Colorado common points to Trunk Line territory, via East St. Louis. Also proposition to change the commodity "Asphalt," named in C. F. A. Information No. 3226, to read "Asphalt Rock;" and the subject was laid over until the next meeting.

Meeting also considered rating on dry sheep pelts or sheep skins, dry, pressed in bales; and the subject was referred, by resolution, to the Official Classification Committee, calling their attention to the additional information secured by the St. Louis Eastbound Frt. Committee, and asking that further consideration be given the subject, with the view to putting above commodities on same basis as dry hides, in bales.

Meeting also considered rate of 29 cents East St. Louis to Newark, N. J., on licorice root; and Chairman read letter from member, calling attention to C. F. A., I. C. C. Advice Letter No. 214, Item No. 1, Wabash R. R. publishing rate of 29 cents per 100 lbs. on licorice root, East St. Louis to Newark, N. J. The Wabash representative stated, in explanation, that the rate was quoted under the misapprehension of application of the westbound rate and tariff issued to cover it, and that the tariff had been cancelled on October 27th. This explanation being satisfactory, the subject was laid on the table.

Meeting also considered rate on bar iron to Terre Haute and Brazil, Ind., and the following resolution was adopted:

"Resolved: That on account of the effect which the establishment of a 5 cent rate, East St. Louis to Terre Haute, would have on the bar iron rates to other contiguous territory, in the way of reducing the present rates, the application be declined."

Meeting also considered application of export provision

rates on stearine in bags, and action was deferred until next meeting, the Chairman to take the matter up with Chairman C. F. A. in the meantime, and secure his views on the proposition.

Meeting also considered percentages, Cairo, via East St. Louis, to Trunk Line points, and resolution as follows adopted:

"Moved: That as the report of the Rate Clerks did not meet the situation in its entirety, another meeting of the Rate Clerks be called to consider the matter further, in connection with the additional information to be furnished by the interested lines."

Meeting also considered the matter of rates on zinc oxide to C. F. A. territory, and recommendation made to the C. F. A. for a certain schedule of rates to designated places, set out in the record.

Meeting also considered the subject of signing bills of lading on cotton waiving the insurance clause; and it was ordered that the subject be submitted to members by circular letter, and considered at the next meeting.

Meeting also considered issuance of bills of lading on cotton notes or receipts; and, by resolution, it was ordered "that the members of this Committee file with the Chairman at once, a list of the representatives to whom they have sent a copy of the notice in regard to issuing bills of lading on cotton forwarded from the St. Louis Cotton Compress Company."

Meeting also considered rate on fire brick, C. L., to Trunk Line territory. Subject was last considered at meeting July 11th, and it was recommended to the C. F. A. that they authorize rate of 23 cents per 100 lbs., East St. Louis to New York, usual differentials to other Trunk Line points, on fire brick, C. L., minimum weight 40,000 lbs., unless the capacity of car is less, in which case actual capacity of car will be the minimum weight, but in no case less than 30,000

lbs. The present rate is 6th class, and the rate asked for is the same as authorized on buildings, hollow, pressed brick, etc.

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 486."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held November 7th, 1902.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 487."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held November 21st, 1902.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 488."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held November 28th, 1902.

Among other things, Committee considered rate on crude barytes ore to Western Termini points. This subject was brought up by a member, who stated as follows:

"This concerns the question of rates on crude barytes or barytes ore from East St. Louis to Western Termini points. The rate on barytes, a manufactured article, and of greater value than crude barytes ore, is 15½ cents per 100 lbs. to Western Termini points, and the rate on the crude barytes ore is the same, as per C. F. A. Information No. 3103 and 3398; while on barytes we have a basis from East St. Louis to New York of 23½ cents, and on crude barytes ore we have a basis of 20 cents, a difference of 3½ cents per 100 lbs. in favor of the crude product. (See C. F. A. 618-A.)

Certain parties have called attention to this rate adjustment, and are praying for relief, claiming that they should not be called upon to pay the same rate on the crude product as on the manufactured article."

After discussion of the matter, it was moved: "That a rate of 13½ cents per 100 lbs. be recommended to the C. F. A. on crude barytes ore from East St. Louis to Western Termini points, in line with the rate to New York, etc., authorized by C. F. A. Information No. 618-A.

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 489."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held December 5th, 1902.

Meeting considered rates and weights on wool, but, as the representative of the L. H. & St. L. Ry. was not present, the subject was continued.

Meeting also considered proportional rate on mussel shells, C. L., to C. F. A. points, and it was moved:

"That the Chairman take the matter up with the roads that are operating unauthorized rates, with the view to having them conform to the C. F. A. rulings."

Meeting also considered class and commodity rates from Colorado common points to Trunk Line territory, via East St. Louis. Letter, dated Nov. 22nd, File No. 10, from Chairman Trans-Missouri Freight Bureau, was read, and after consideration, it was moved:

"That the Chairman of this Committee advise Mr. Poteet, that lines, members of this Committee, cannot concur in the tariff excepting on basis of regularly established local rates east of the Mississippi River."

The Chairman was then instructed to call the roll, for the purpose of ascertaining whether or not any of the lines, members of the St. Louis Eastbound Frt. Committee, have

concurred in rates as per Trans-Missouri Freight Bureau Joint Freight Tariff No. 1-H, divided on basis shown in their percentage sheet. Roll was called, as requested, and the B. & O. S. W., C. & A., C. P. & St. L., Big Four, Ill. Central, and Wabash R. R.'s answered in the negative. Chairman was instructed to get vote of absentees by letter, and report at next meeting.

Chairman was also instructed to present the subject to the Chairman C. F. A., with the view of his ascertaining whether any lines operating eastwardly from Upper Mississippi River Crossings, East St. Louis to East Dubuque, inclusive, are parties to the rates and divisions mentioned, and later to advise this Committee.

Meeting also considered rates and divisions on lumber, from M. & O. points to Eastern cities, via Cairo and East St. Louis. Chairman read letters from members on the subject, and suggested that the roll be called to ascertain whether or not any line was accepting less than the authorized basis on lumber from M. & O. points, etc.

Roll was called, as requested, and all members present stated that they were strictly maintaining authorized rates.

It was then moved: "That the subject be tabled, and that it is understood in tabling the question, that no line, member of this Committee, will pro-rate the rates proposed by G. F. A. M. & O. R. R. in letter dated Nov. 22nd, File 69,360-D, and that roll call be had on the resolution, and vote of absentees be obtained by the Chairman." Roll was called, and all members present voted in the affirmative; absentees' vote to be reported later.

Meeting also considered rates on lumber from North Pacific Coast points, and the matter was continued. Also matter of signing bills of lading on cotton waiving the insurance clause.

Meeting also considered rates on barytes, barytes ore and silex, and Chairman was instructed to make inquiry of

the several lines, members of this Committee, whether they have any rates in effect less than the authorized figures given in Chairman C. F. A. letter.

Also considered withdrawal of proportional rate on cattle and hogs, East St. Louis to Indianapolis, and the matter was deferred until the Vandalia line representative can be present.

Meeting also considered rate on phosphate rock, bituminous rock, clay, etc., and Chairman read Joint Letter Dec. 3rd, File 10,077, from Chairman C. F. A., addressed to the chairmen of the various committees, on above subject; and Mr. Fraser was instructed to reply to Chairman C. F. A. that the St. Louis lines will be represented when he can arrange a date with other lines interested and call a meeting.

Meeting also considered rate on grain and grain products to Terre Haute, Brazil, etc. Chairman read letter of December 4th, File 10077, from Chairman C. F. A., addressed jointly to the Chairman St. Louis and Peoria Committees, regarding rates on grain and grain products to Terre Haute, Brazil, etc., and action was deferred until the representative of the Vandalia line could be present.

Meeting also considered through rates on lumber from the West, via Cairo, Gale, Thebes and East St. Louis to Trunk Line territory, referring to Proceedings No. 23, Oct. 17th, Proceedings of Conference Meeting Oct. 24th, also Proceedings No. 28, November 23rd. Chairman reported additional information on the subject, and it being conceded that the requirements of Joint Conference October 24th had been complied with by the western roads, the subject was tabled.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 490."

Plaintiff offers in evidence record of meeting of the St.

Louis Eastbound Freight Committee, held December 19th, 1902.

Meeting considered rates and weights on wool. This subject had been previously referred to a Sub-Committee, on November 28th, and at meeting to-day the Majority Report of the Committee was adopted as the sentiment of the St. Louis Eastbound Freight Committee:

"1st: The present authorized basis of rates on wool from River Crossings contemplates the observance of a certain minimum weight (20,000 lbs.). Rule 5 not to apply on wool traffic from St. Louis proper, but Rule 5-C to apply on certain proportional rates authorized to apply from East St. Louis on wool traffic from specified territory beyond.

"2nd: The present irregularities in wool rates from Mississippi River Crossings have arisen from disadvantages claimed by some roads, wherein they could not, by reason of inability to provide equipment, respect the restrictions imposed by the authorized basis, in matter of minimum weights, and when possible to furnish equipment that would load to the minimum, such lines were prohibited from running their cars through by reason of physical obstructions (tunnels). On account of these difficulties some lines have positively declined to be governed by the conditions of the authorized basis in matter of minimum weight, and the situation to-day, as an outgrowth of these conditions, is practically the application of one rate on wool, regardless of the quantity."

Then the Committee recommend the adjustment of rates as specified in the report.

Meeting then considered rates on grain and grain products, East St. Louis to C. F. A. points. The Committee of Rate Clerks checked in rates as indicated in a long specification of points and rates, and it was recommended: That the attention of the Chairman C. F. A. be especially called to the basis fixed to Youngstown, in Information No. 3842,

on basis of Western Termini rates of 15½ cents; inasmuch as the Cleveland rate from East St. Louis is only 11½ cents, thus showing a spread of 4 cents on the rate, whereas the spread on 6th class, East St. Louis to Cleveland and Youngstown is only one cent. And it is the sense of this meeting that the C. F. A. be requested to modify C. F. A. Information No. 3842 to the extent of establishing a rate not to exceed 14 cents per 100 lbs., East St. Louis to Youngstown and points shown as taking the same rates, in Minimum Basing Book No. 9.

Meeting also considered request for reduced rating on sausage casings, returned. Chairman read letter from a shipper, submitted by A. G. F. A. Wabash R. R., requesting reduced rating on sausage casings returned, and it was moved that the request be declined.

Above exhibit, consisting of seven pages, is marked "Plaintiff's Exhibit Fraser No. 491."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held December 26th, 1902. Meeting considered matter of percentage allowance to the Illinois Terminal Railroad; Class and commodity rates from Colorado common points; issuing bills of lading on cotton notes; all of which subjects were continued until the next meeting.

Meeting also considered request for lower than Official Classification rating on cloth filtering or oil press bagging, in bales, C. L.; and application to decide on lower rating, declined.

Meeting also considered the matter of issuing bills of lading on receipts of Columbia Transfer Co., and it was decided that this was a matter to be treated individually by the several lines.

Meeting also considered matter of terminal regulations in making deliveries at World's Fair site, and the Chairman

was instructed to look after the matter, in connection with the Wiggins Ferry Co., the Interstate Car Transfer Co., and the Terminal Railroad Association.

Meeting also considered rates on lumber from North Pacific Coast points; and, likewise, the status of the Eastbound Committee regarding rates from East St. Louis to Virginia common points. Also rate on ore; and rate on earth paint; and rates on brick, to C. F. A. points. Chairman stated that, in line with Chairman C. F. A. Advice Letter No. H-878½, the Rate Clerks had a meeting in this office, December 23rd, and adopted the following:

"Resolved, That inasmuch as the rates on brick, etc., from East St. Louis should be checked in line with those proposed from Chicago rather than those adopted from the Ohio and Pennsylvania districts, that the St. Louis Committee would ask for the figures as checked by the Chicago Committee on which to base the new rates from East St. Louis."

The Chairman stated that he had written Chairman C. F. A., and received reply by wire, as follows:

"Inasmuch as the rates on brick from East St. Louis to Indianapolis territory are particularly out of line, cannot your lines at once decide what rate they will adopt, effective Jan. 15th? Chicago roads will meet Tuesday next to recheck, but it is thought St. Louis lines should decide on their changes so they will be made effective not later than the 15th proximo."

The following resolution was then adopted:

"Moved, That action on the subject be deferred until after meeting Chicago roads, and report of said meeting is obtained."

Meeting also considered rates on scrap iron to Indiana Gas Belt points.

Meeting then adjourned, to meet January 9th, 1903.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 492."

At this point, the further hearing of testimony is adjourned until to-morrow, Tuesday, November 27th, at half past ten o'clock, a. m.

R. E. Rombauer,
Special Commissioner.

St. Louis, November 27th, 1906.

Met, pursuant to adjournment as above, on Tuesday morning, November 27th, 1906, at 10:30 o'clock, a. m., in the office of Special Commissioner, Hon. R. E. Rombauer, Roe Building, St. Louis, Mo.

Present, parties as before.

When the following proceedings were had:

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held January 9th, 1903.

Meeting considered percents for division of rates between Southern Illinois points via East St. Louis and Eastern points. The above subject having been considered at previous meeting, at which the members were not prepared to act, at the meeting to-day, after consideration of the Sub-committee's report which was submitted at meeting Nov. 28th, 1902, and sent to the members by circular letter No. 80, Nov. 29th, it was moved:

"That the report of the Sub-committee, after being amended by adding thereto the words "Eastern terminals to be deducted before pro-rating," be adopted as the report of this Committee, and submitted to the Chairman C. F. A. for adoption by the Central Freight Association."

The recommendation of the Sub-committee was as follows:

"Upon careful investigation of the subject, we respectfully recommend that percentage allowance to lines reaching Belleville, Alton and other Illinois points taking East St. Louis rates, through East St. Louis, Venice, Granite City, Madison, Edwardsville, Edwardsville Junction and Edwardsville Crossings, be allowed out of the through rates to or from points named below the following percentage of such through rates, Eastern terminals to be deducted before pro-rating. From or to Trunk Line points, 15 per cent.; from or to Western Termini points, 17½ per cent. All percentage divisions in conflict with the above to be abrogated. The authorities having reference to this traffic are Joint Committee Circulars No. 1675 and 1686; Joint Traffic Ass'n. Freight Circular No. 1029; Central Traffic Ass'n. Circulars Nos. 1967, 1968 and 1994; C. F. A. Information Nos. 461 and 609, Series A, 2552 and 3085, and possibly others."

Meeting also considered class and commodity rates from Colorado common points to Trunk Line territory, and it was moved that the further consideration of the matter be deferred until the Chairman receives report as to the views or action of Virginia lines on resolution adopted at meeting December 5th.

Meeting also considered issuing bills of lading on cotton notes. Chairman reported having taken the subject up with the Southern Railway, and the Terminal Railroad Association, and that replies had been received to the effect that it was expected that the arrangements outlined by the Southern Ry. as per Circular Letter No. 78 would be made effective in the near future.

The Clover Leaf advised that the Fast Freight lines working over their rails were under their control, and representatives had been instructed again on the bill of lading question; and it was moved that the subject be laid

over for further report from the Southern Railway and Terminal Railroad Association.

Meeting also considered signing bills of lading on cotton waiving the insurance and fire clauses; and it was moved: "That Chairman C. F. A. be furnished with a copy of the answers received to his letter Oct. 30th, File 9984, which was submitted to the members by Circular Letter No. 68, Nov. 3rd, 1902, so far as the insurance clause is concerned. That he be also advised that none of the roads are waiving fire clause contained in the first paragraph of uniform bill of lading conditions."

Meeting also considered the subject of beer from East St. Louis to Virginia points.

Also signing bills of lading on surrender of bills of lading from connections, before receiving the traffic. The Chairman read letter from a member of the Committee on the subject, and the following action taken:

"Whereas, The issuance of bills lading on connecting line traffic (originating beyond switching limits) before receipt of the property, i. e., on surrender of connecting line bill of lading, is an objectionable practice, and it is the sense of this Committee that it should be discontinued. It is therefore,

"Moved, That the Chairman be instructed to take the matter up with the Chairman C. F. A., with the view to having uniform action taken in that direction."

Meeting also considered the matter of terminal regulations in making deliveries at Worlds Fair site.

Also rates on packing-house products to points in Michigan, etc. Chairman stated that this subject was brought up by letter from Chairman C. F. A., and submitted to members in Circular Letter No. 93. After discussion, the following resolution was adopted:

"Moved: That the rates on packing-house products, as shown in statement with letter from Chairman C. F. A.,

Dec. 29th, File 10,077-E, as in effect from East St. Louis, be continued, unless changes in the rates from Chicago would warrant a change from this gateway."

The following resolution was also adopted:

"Moved: That the rate of 12 cents per 100 lbs. to Dayton be added to the list."

Meeting also considered proportional rate on cattle and hogs to Indianapolis, Indiana. Chairman stated that this subject had been considered at meeting of December 19th, 1902, and Circular Letter No. 91 issued as instructed; and after discussion to-day as to the possibility of rates being restored, effective January 20th, as per C. F. A. Info. No. 3917, the subject was laid over, with the understanding that the interested roads would make further investigations and report conclusions.

Meeting also considered rate on cotton seed oil from Montgomery, Ala. Letter was read from Chairman C. F. A. regarding rate on above commodity from Montgomery, Ala., via East St. Louis, to Eastern cities (See Proceedings May 15th, 1902), which was submitted by Advice Letter No. H-57, May 15th, and the application declined by the Trunk Line Association roads, as shown in Advice Letter H-168, June 7th. Chairman also read letter January 6th, from Chairman C. F. A. to the effect that shipments were going forward billed on basis of proposition contained in Chairman C. F. A. letter of May 14th. The following resolution was adopted:

"Moved: That the Chairman submit letter from Chairman C. F. A., June 6th, File H-57, to the members of the Committee, with the view to ascertaining what rates and divisions are being used, and whether the roads will recognize the authorized rates and divisions on this business."

Meeting also considered rates on muriatic and sulphuric acid to Trunk Line territory; classification of rates. Also

rates on brick to points in C. F. A. territory; and the Chairman was instructed to call a meeting of Rate Clerks for Tuesday, January 13th, to check in rates on brick in line with rates effective from Chicago, etc.

Meeting also considered rates on sheet zinc. The matter was up at a previous meeting, and was referred to Chief Inspector for information, and reply was received to the effect that an investigation had recently been made, and that the charge that spelter rates were being used on sheet zinc was simply a rumor, without foundation; and the subject was tabled.

Meeting also considered the matter of transportation account of lumber, logging, or other industrial railroads, and private car lines; and the matter was laid over until the next meeting, for additional replies from members.

Meeting also considered proportional rate on cattle, East St. Louis to Cleveland. This subject was considered at meeting December 5th. Chairman read letter from Chairman C. F. A., 7th inst., File 9899, to the effect that it was stated that the Western Roads rates had recently been changed, making rates to Mississippi River in proper relation to Chicago. The representative of the Big Four advised that their proportional rate of 17 cents per cwt. on cattle to Cleveland had been cancelled. It was stated that the special rate had also been in effect via the Clover Leaf and Wabash; and the Chairman was instructed to ascertain whether same had been abrogated by the lines referred to.

Meeting also considered matter of rate on walnut logs to Indianapolis, the subject having been brought up by letter from member; and, by resolution, the attention of the Chairman C. F. A. was called to the fact that C. M. & St. P. (Tariff No. G. F. D. 38065, from Savannah), and other lines from Upper Mississippi River Crossings name rate of 8 cents per 100 lbs. on walnut logs to Indianapolis. And Eastbound Freight Committee has reason to believe the

same rate is being protected by some East St. Louis lines, and request that Chairman C. F. A. take the subject up with the view to securing action on the subject generally.

Meeting also considered matter of participation by Southern roads in the expense of handling certain lines of lumber manufactures. Also rates on tripoli and silex; and rates on steel bolsters to Trunk Line territory. These subjects were all laid over until next meeting.

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 493."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held January 16th, 1903.

Meeting considered through rates on packing-house products, Texas points to Eastern cities. Chairman read letters of January 9th and 14th from A. G. F. A. Mo. Pacific Ry. making application that the same through rates be established on packing-house products from Texas points, via East St. Louis, to Eastern cities, as published by the Gulf Routes; and it was moved that the application be declined.

Meeting also considered rates on tripoli and silex. This subject was considered at meetings December 26th, and January 9th, and laid over. After further consideration of the subject at meeting to-day, it was

"Moved, That Chairman C. F. A. be advised that it is the sense of this Committee that no change be made in the present rates on tripoli and silex.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 494."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held January 23rd, 1903.

Record shows meeting considered the subject of issuing

transportation account lumber, logging roads, etc., and after consideration the matter was continued until after report giving further information.

Meeting also considered rates on cotton-seed meal, Little Rock, Ark., via East St. Louis, to New York, vs. Cairo and Cincinnati. The Chairman stated that this subject was brought up by letter from A. G. F. A. C. & A. Ry., Nov. 1st, 1902. At meeting of November 7th it was referred to Chairman C. F. A., and the subject was considered at C. F. A. meeting November 13th, and referred to Committee on Relations with Southern Roads, by Advice Letter H-787½, for report. Chairman read letter H-787½, Jan. 20th, 1903, from Chairman Tucker of C. F. A., quoting resolution as follows:

"Resolved, That whereas the legislation of this Association has always been to the effect that where a lower combination is made through one Ohio River Crossing than another, that in equalizing these rates through other crossings the lines up to the Ohio River Crossings and East St. Louis do the shrinking."

After consideration, it was moved that the subject be tabled.

Meeting also considered Report of Rate Clerks Meeting to recheck rates on pig iron, billets, etc. Chairman called attention to Circular Letter No. 104, January 20th, giving action of the Rate Clerks at meeting of Jan. 20th, as authorized on 16th inst., which was sent to Chairman C. F. A., and it was moved, "That the report of the Rate Clerks be adopted."

Meeting also considered rate on cotton-seed oil, Montgomery, Ala., to Eastern cities, and the subject was passed for further information.

Meeting also considered rates on steel bolsters to Trunk Line territory, and the Chairman called attention to action taken at meeting January 16th, and stated that replies had

been received; and the following resolution was adopted:

"Moved, That Chairman C. F. A. be advised that after investigation it is found that the rates on steel bolsters cannot be advanced."

Meeting also considered proportional rate on cattle and hogs to Indianapolis. This subject was considered at meeting of Jan. 16th, and laid over. The representative of the Big Four stated that the subject had been referred to his General Freight Agent, but as yet no reply had been received; and it was moved that the subject be laid over until next meeting.

Letter was read from a shipper, objecting to Official Classification weight on barrels in cars over fifty feet in length; and the matter was referred to a Special Committee of three to make recommendation.

Meeting also considered rate on sheet zinc vs. lead, pig or sublimed, and spelter. Chairman read letter of Jan. 19th, File W-527, from A. G. F. A. Wabash R. R., and after discussion action on the subject was deferred until the next meeting.

Meeting also considered rates on brick, etc., to C. F. A. points. This matter was considered at meeting of January 9th, and the report of the Rate Clerks sent C. F. A. as report of this Committee. (See Circular Letter No. 101, Jan. 13th.) The subject was brought up again by letter of Jan. 20th, File 9082, from Chairman C. F. A., to the effect that the St. Louis Committee recheck their rates in line with rates from Southern and Eastern Ohio. After consideration, the following was adopted:

"Moved: That Chairman C. F. A. be advised that the St. Louis Committee, having checked its rates in line with Chicago, is not responsible for the situation. It is prepared to revise its rates with those from Chicago whenever they are lined up with brick producing districts in Ohio."

Meeting also considered proportional rates on manganese

ore, Arkansas to Western Termini, etc., via East St. Louis vs. Memphis. Letter from member was read on the subject, and it was recommended to the C. F. A. that the rate of $2.75 per gross ton, now in effect on beauxite ore to Western Termini points, and $2.10 to Detroit, as covered by C. F. A. Information No. 3923, be authorized to apply on manganese ore from Arkansas.

Meeting also considered matter of signing bills of lading on surrender of bills of lading from connections before receiving the traffic, and the subject was laid on the table.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 495."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held January 30th, 1903.

Letter from a shipper was read, objecting to Official Classification Weight on barrels in cars over fifty feet in length. This subject was under consideration at meeting of Jan. 23rd, and was referred to a Special Committee. At meeting today, Chairman read report of the Committee, as follows:

"After carefully considering the subject, in view of the conditions set forth in the correspondence, to the effect that certain shippers had constructed special equipment in accordance with the Master Car Builders' rules, with a view of handling shipments of barrels under the terms of the Official Classification then in effect, which equipment has become of no use on account of the change in classification,

Recommends, That the penalty provided for in Rule No. 27 for cars in excess of fifty feet in length be waived, and that proportional rates be established on barrels of all kinds, C. L., minimum weight 23,000 lbs. when loaded in cars over 51 feet and not exceeding 60 feet in length, when originat-

ing in Arkansas and Missouri, to all points in C. F. A. territory, on basis of fifth class rates.

Note: Minimum weight of 23,000 lbs. is the minimum weight that would obtain if the same percentage increase on cars less than 50 ft. 6 inches in length was carried out to the 60 ft. cars, under minimum of 10,000 lbs."

And it was moved: "That the report of the Sub-committee be adopted and submitted to the C. F. A. as the recommendation of this Committee."

Meeting also considered rate on sheet zinc vs. lead, pig or sublimed, and spelter. Also rate on sublimed lead and zinc oxide vs. pig lead. These subjects were brought up by letter from a member and Chairman C. F. A., and submitted by Circular Letters Nos. 105 and 106. After due consideration, action was taken as follows:

"Whereas, Rates are in effect from LaSalle, Peru, etc., to Ohio River crossings, through C. F. A. territory, on zinc, without reference to the kind, at same rates as on pig lead, etc.; be it,

"Recommended, to the C. F. A. that existing authorities covering rates on pig lead and spelter to C. F. A. and Trunk Line territory be amended to include zinc, zinc oxide and sublimed lead, carloads."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 496."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held February 20th, 1903.

Meeting considered proportional rate on cattle and hogs to Indianapolis, and the following motion was made:

"Moved: That it is the consensus of opinion of this Committee that the proportional rate of 11¼ cents on cattle and 10 cents on hogs, East St. Louis to Indianapolis, should

be cancelled, but that two lines have given notice that they will not consent to an advance unless a corresponding advance is made in the rates from East St. Louis to Chicago, and that if the rates to Indianapolis are not restored to the authorized basis, it will probably result in like reductions to other C. F. A. points. It is therefore recommended that the matter be referred to the Central Committee for consideration."

A note in the record states that if the rate to Indianapolis was not advanced, the B. & O. S. W. R. R. reserved the right to make a corresponding reduction in the rate to Cincinnati, and representative of the Southern Ry. stated they would have to do the same to Louisville.

Record shows that letter containing request for reduction in rates on horses and mules, C. L., to Indianapolis, Ind., dated Feb. 3rd, File 10208, from Chairman C. F. A., was read and the following resolution adopted:

"Moved: That in view of the fact that rate on horses and mules from East St. Louis to Chicago is 15.4 cents, and the application of 2nd class rates to Indianapolis would prove a serious hindrance to the business, we recommend to the C. F. A. that a rate of 20 cents per 100 lbs. be established on horses and mules, C. L., East St. Louis to Indianapolis."

Meeting also considered letters submitted from the Cotton Exchange Transportation Committee, relative to bills of lading on cotton on surrender of cotton notes; and the matter was continued until next meeting.

Meeting also considered rate on steel bolsters and black or enameling plate, which was also continued to next meeting.

Also considered matter of rates and rules for handling exhibits for the Louisiana Purchase Exposition, and enumerated a long list of rules that must be complied with, together with rates to be paid; and also contains copy of Uniform Release used for returning exhibits from the

Louisiana Purchase Exposition, requiring that this contract be filed in the proper office of the initial company, and the property carried thereunder shall be way-billed "Released" by all roads.

Meeting also considered rate on bones, East St. Louis to Detroit, Michigan; and it was moved, that the Eastbound Freight Committee recommend to the C. F. A. the adoption of rate of 12 cents per 100 lbs. on bones, C. L., minimum weight as per Official Classification, East St. Louis to Detroit, in line with 8½ cent rate from Chicago, as shown in C. F. A. Information No. 4018. A note shows that the Clover Leaf stated that they had already issued supplement to their tariff, making rate effective Feb. 12th.

Meeting also considered rates and weights on wool. This matter having been referred on Jan. 30th to Special Committee, Chairman read report of that Special Committee, as follows:

"Recommended, to the C. F. A., that Information No's. 861, Series A, and 3996, Jan. 22nd, 1903, be reissued, as follows:

"On wool, scoured, or tub-washed, in bags, sacks, or bales, 1st class, any quantity.

"On wool, in the grease, in bags, sacks or bales, 3rd class, any quantity."

And it was moved: "That the report of the Special Committee be adopted, and submitted to C. F. A. as the recommendation of this Committee."

Meeting also considered proportional rate on bar copper, etc., and it was

"Recommended, To the C. F. A., that the rates on anodes, base bullion, blister copper, copper bars, copper cakes, copper ingots, and other copper products, authorized in Information No. 873-A from Chicago, Cincinnati, Peoria and East St. Louis, be cancelled, and the rates authorized on pig lead and spelter be applied on the articles in question, it

being considered that these rates are low enough."

Meeting also considered the matter of signing live stock contracts by agents of various roads at National Stockyards, and the matter was laid over until the next meeting.

Meeting also discussed question of rating on barrel heading made of compound wood, and it was moved: "That it is the sense of this Committee that the commodity referred to should be charged at the Official Classification rating on wood, built up or compound."

Meeting also considered the subject of issuing bills of lading not conforming to Rule 24 of Official Classification. This subject was brought up by letter dated January 28th, File 6937, from Chairman C. F. A., enclosing copy of letter to G. F. A., B. & O. S. W. R. R., regarding shipment of shingles from the West. After discussion it was moved: "That action be deferred until next meeting, in the meantime the correspondence to be sent to members by Circular Letter, Chairman to be furnished with their views by letter. (See Circular Letter No. 112.)

Meeting also considered rates on zinc, zinc oxide and sublimed lead, vs. pig lead and spelter, and the subject was tabled until next meeting.

Also considered Joint Committee Circular No. 1826, March, 1895, not being enforced. Chairman read Joint Letter February 16th, File 10325, from Chairman C. F. A. on above subject, and it was moved: That the subject be laid over until next meeting, in the meantime the Chairman to furnish copy of letter to members. (See Circular Letter No. 113.)

Meeting also considered request for information as to charges made at East St. Louis for transferring all C. L. freight except grain. This subject was brought up by letter of February 16th, File 9072, from Chairman C. F. A., which was read; and it was moved: That this subject be laid over until next meeting, the Chairman in the meantime

to furnish copy of letter to members. (See Circular Letter No. 114.)

Reports were submitted of Rate Clerks' Meetings, February 10th, 11th and 18th. The subjects mentioned below, recommended by the Rate Clerks, were submitted at meeting to-day and approved. Letter of Feb. 3rd, File H-972, from Chairman C. F. A., regarding changes suggested that should be made in rates named in Circular Letter No. 104, Jan. 20th, was considered, and it was moved:

"That the figures named to Lancaster, Ohio, $2.15, $2.40, and $2.50 per ton cannot be changed, or held higher than to Zanesville, Ohio, a point beyond on C. & M. V. R. R. That the rate to Logansport, Ind., on billets, etc., be changed to $1.70 per ton, same as to Marion, Ind., also that the rates to Loveland, Ohio, be made on pig iron, etc., $1.80; billets, etc., $2.20; and cast iron pipe, $2.20, per ton; same as to Hillsboro and Washington C. H., Ohio."

Note: This was communicated by letter 11th, File 4121, to Chairman C. F. A., as the recommendation of this Committee.

Letter of January 26th, File, Info. 3225, from Chairman C. F. A., being considered, it was

"Recommended: That the commodity rates on dry hides as per C. F. A. Information 3890 and 3977, from East St. Louis to Holland, Grand Haven and Muskegon, Mich., be cancelled, said rates being higher than the classification basis. No change to be made in the present rates to Fremont, 24 cents, and to White Hall, Mich., 23 cents."

Note: This was communicated by letter 11th, File 4096, to Chairman C. F. A., as the recommendation of this Committee.

Letter of Feb. 9th, File R-60, from G. F. A., B. & O. S. W. R. R., was received, calling attention to rates being made on grain and grain products to Hibbard and DeLong, Ind., same as South Bend instead of North Manchester,

Ind., as per Minimum Basing Book No. 9, and it was explained that the discrepancy was caused by C. F. A. Information No. 4007 not naming same rate, 10 cents, to both points, and it was

"Recommended, to the C. F. A., that Information No. 4007 be corrected, making rate 10 cents on grain and grain products, East St. Louis to South Bend, Ind., thus permitting correction on individual tariffs to intermediate Vandalia Line stations, Hibbard and DeLong, in accord with Minimum Basing Book No. 9, and at the same time harmonize with the long and short haul clause."

Letter was read, dated February 13th, File H-972, from Chairman C. F. A., with copy of letters Jan. 28th, File 33,204-A from G. F. A. P. C. C. & St. L. Ry., Jan. 26th from G. F. A. T. & O. C. Ry., making objections to sundry rates on cast iron pipe, as per Circular Letter No. 104 (C. F. A. Advice Letters H-972 and 972½); also letter Jan. 28th from F. T. M. C. H. & D. Ry., objecting generally to action, until there is a recheck of rates from East St. Louis and all Ohio River Crossings, etc., also referring to the establishment of Basing Sheet to apply from East St. Louis and all Ohio River Crossings on different commodities; and it was

"Resolved, That further consideration of letter Feb. 13th, File H-972, from Chairman C. F. A., and enclosures, regarding cast iron pipe rates, be deferred, in view of the Chairman C. F. A. call for meeting to be held in Chicago, Tuesday, February 24th (C. M. No. 81), which call is for the purpose of arranging a basis for rates from Ohio River Crossings and East St. Louis, covering all points in C. F. A. territory, corresponding with Minimum Basing Book No. 9 from East St. Louis. The rates submitted by the St. Louis Eastbound Freight Committee in Circular Letter No. 104, being in harmony with Minimum Basing Book No. 9, above referred to."

Letter Feb. 16th, File 10,077-Q, from Chairman C. F. A., was received, enclosing Chicago Freight Committee Circular No. T-164, Feb. 13th, "Rate on Brick, etc., C. L," requesting re-check of rates from East St. Louis in line with action at meeting Jan. 23rd Proceedings No. 34; and after due consideration of the subject, it was

"Resolved, That it is the opinion of the Sub-committee called to consider proposition, as per Chairman C. F. A. letter Feb. 16th, File 10,077-Q, to change brick rates in line with Chicago Committee Circular No. T-164, it will be necessary to postpone action in the matter for a few days, pending receipt of further information, as aside from the question of rates from Chicago to C. F. A. destinations, under consideration, it is the Sub-committee's understanding that there are also under consideration rates from Terre Haute, Veedersburg and various other points, which may materially influence East St. Louis rates. For example, the new rate submitted as to become effective from Chicago to Toledo, a distance of 233 miles, of $1.80 per ton, and rate submitted from Veedersburg to Toledo, 249 miles, is proposed to be $1.00 per ton; other contrasts of rates from Indiana vs. Chicago, also seem to justify postponement of consideration of changes from East St. Louis."

Attention was called by letter and otherwise to additions, changes, etc., that should be made in Minimum Basing Book No. 9, and the following recommendations of the Rate Clerks were also approved at meeting to-day:

"Recommended, That the following basing points and rates be added to Minimum Basing Book No. 9. (Then follows schedule of rates, points, and classification.) And that stations named below on Pere Marquette and Pontiac, Oxford & Northern, be also added to take basis as follows: (Then comes list of stations, classification and rates.)

And recommended also, "That Minimum Basing Book No. 9 be corrected to correspond with Information No. 4051,

which will have the effect of adding additional basing points, as follows: (Quoting list of rates, points, and classification).

Above exhibit, consisting of ten pages, is marked "Plaintiff's Exhibit Fraser No. 497."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held February 27th, 1903.

Meeting considered proportional rates on bar copper, etc. This subject was considered at meeting of the 20th, with recommendation to C. F. A. At meeting to-day Chairman read letter, Feb. 23rd, File 8971, from Chairman C. F. A., to the effect that rates cannot be advanced.

Meeting also considered rates on muriatic and sulphuric acid. Chairman read letter Feb. 21st, File H-940, from Chairman C. F. A., regarding cancellation of C. F. A. Information No. 864, Series A, and restoring of Official Classification basis, and it was suggested that Chairman C. F. A. be asked what action was proposed from LaSalle, Peru, etc., as the St. Louis roads feel it is not consistent to make an advance from East St. Louis to Trunk Line territory unless a corresponding advance can be maintained from LaSalle, Peru, etc., Ill., and other points in C. F. A. territory.

Meeting also considered application for commodity rate on white and red lead and litharge. Chairman read letter making application for commodity rate on straight and mixed carloads of white and red lead and litharge, on basis of 6th class rates, from East St. Louis to Western Termini and Trunk Line territory, and it was

"Moved, That we recommend to the C. F. A. the establishing of a commodity rate on lead, white and red, and litharge, in straight and mixed carloads, minimum weight 40,000 lbs. (valuation restricted to $125 per ton), on basis

of 6th class rates, East St. Louis to Western Termini and Trunk Line territory."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 498."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held March 6th, 1903.

Record shows that meeting considered matter of signing live stock contracts by agents of the different roads at National Stockyards. Action postponed until next meeting.

Meeting also considered issuing bills of lading not conforming to Rule 24 of Official Classification. Rule No. 24 was construed, and C. F. A. Chairman advised that the St. Louis Eastbound Freight Committee would be governed by that construction.

Meeting also considered letter received from Chairman C. F. A. to the effect that Joint Circular No. 1826, March, 1895, was not being enforced, and the matter was referred to the C. F. A. for consideration by the proper committee.

Meeting also considered rates on zinc, zinc oxide and sublimed lead, C. L., vs. pig lead, etc., and after discussion, the matter was withdrawn by the member who asked for the reduced rate.

Meeting also considered the matter of issuing transportation account of lumber and logging roads, and the subject was tabled. Also matter of issuing bills of lading before receipt of the traffic, which was also tabled.

Also letters from Cotton Exchange Transportation Committee, requesting conference; and it was moved, That the Special Committee of the St. Louis Eastbound Frt. Committee be given further time to report.

Meeting also considered rate on bones to Detroit, Michigan, and it was moved: "That the recommendation to the C. F. A. be changed to read 13½ cents, instead of 12 cents,

it being the understanding that any tariffs in force at present at less than 18½ cents will be cancelled, effective on legal notice.

Meeting also considered rate basis on sublimed lead and zinc oxide, C. L., vs. pig lead and spelter, and after consideration the following resolution was adopted:

"Resolved: That during the existence of the present rates on pig lead and spelter to C. F. A., Western Termini, and Trunk Line points, an advance on sublimed lead is not consistent, and we therefore recommend a continuance of them until rates on pig lead and spelter are restored to the basis provided therefor in Official Classification.

Further, to be entirely consistent, we recommend that zinc oxide be also placed on the same basis as sublimed lead."

Meeting also considered rates on pig lead from Missouri River. Letter was read from Chairman C. F. A., dated March 5th, File 4966, asking information as to whether members of the Committee knew of any reason for present rates from Kansas City to New York, etc., being continued, and it was

"Moved, That Chairman C. F. A. be advised that we are unable to give him any information that will be of any assistance to him in presenting the subject at the meeting of the C. F. A."

Letter from Chairman C. F. A., regarding representative at lumber meeting at Louisville, was read, and it was

"Moved, That the representative of the Clover Leaf be requested to represent this Committee at that meeting, which is to be held at Louisville, March 18th, regarding lumber rates from Ohio and Mississippi River crossings."

Meeting also considered and declined application for reduced rate on asphalt or asphaltum, East St. Louis to Detroit.

Meeting also considered rate on grain to Madison, Ind., and Chairman called attention to Circular Letter No. 116,

Feb. 28th, File 4155, submitting letter from member, making application for reduced rate on grain to Madison, Ind., and it was moved that action be deferred until next meeting.

Meeting also considered matter of exhibits for the Louisiana Purchase Exposition, and made recommendation in reference thereto.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 499."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held March 13th, 1903.

Meeting considered rates on cotton seed oil, Montgomery, Ala., to Eastern cities, and it was

"Moved: That Chairman C. F. A. be advised that rates on cotton seed oil, from Montgomery, Ala., to New York, N. Y., and Guttenburg, N. J., 29 cents, and to India Point and Providence, R. I., 31 cents, are being protected via East St. Louis lines, divided on percents as per Information No. 223, Series A, and that since these rates are in effect via Cincinnati and Louisville, it is the sense of the East St. Louis lines that there is no good reason why they should not be protected via this gateway, and it is therefore recommended to the C. F. A. that they be authorized."

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 500."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held March 20th, 1903.

Record shows that meeting considered matter of report of the Cotton Exchange Transportation Committee conference, and a majority and minority report were read, and the following action taken:

"Moved, That the Report of the Special Committee be received, and that the Transportation Committee of the Cotton Exchange be advised that the Eastbound Freight Committee does not consider it expedient to make any proposition for the issuance of bills of lading on cotton notes."

Meeting also considered matter of signing live stock contracts by agents of the different roads at National Stockyards, and the following resolution was adopted:

"Whereas, It is the sense of this Committee that it is not expedient for the representative of the railroad to sign a uniform live stock contract for account of a shipper, even though he may have his power of attorney to do so, it is

"Resolved, That the members of this Committe will instruct their representatives not to do so in future, and in all cases to require the shipper, or his authorized agent, to sign live stock contracts."

Meeting also considered rates on grain to Madison, Indiana, and after general discussion the subject was laid over until after the St. Louis-Cincinnati-Louisville Freight Committee meeting, March 25th.

Meeting also considered the subject of issuing bills of lading on surrender of bills lading, before receipt of traffic from connections; and the subject was tabled.

The matter of rates on brick was brought up by the Chairman, and the following resolution adopted:

"Resolved, That the rates from East St. Louis on general brick and articles included in list, be established on the basis of East St. Louis to Terre Haute $1.35, Indianapolis $1.50, and to the Gas Belt points $1.75, the Chairman to send out, by circular letter, the rates recommended at meeting to-day, and report same to the C. F. A. for approval. (See Circular Letter No. 117, March 21st.)

Meeting also considered rating on barrel heading made of compound wood, and the subject was continued until

next meeting. Also rates on sand, glass and moulding, to C. F. A. points, and the Chairman was instructed to notify Chairman C. F. A. that the St. Louis lines were willing to attend a joint meeting for conference on this subject.

Meeting also considered rate on cattle and hogs to Indianapolis, and deferred action until next meeting. Also matter of marking each piece of L. C. L. freight, and Chairman was instructed to submit the matter to members by circular letter.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 501."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held March 27th, 1903.

Meeting considered rate on bones to Detroit, Mich. This subject was previously considered at meeting Feb. 20th, and recommendation sent C. F. A. It was brought up again by letter of March 18th from Chairman C. F. A. inquiring whether rate should be applied as proportional rate only. At meeting to-day it was moved, "That Chairman C. F. A. be answered that the rate of 13½ cents on bones, C. L., from East St. Louis to Detroit, should be authorized to apply locally, same as the rate authorized by Information No. 4018 on like traffic from Chicago."

Meeting also considered the question of conforming to Official Classification Rule No. 24. This subject was considered at meeting of the 6th, and action taken as shown in Proceedings No. 39, which was communicated to Chairman C. F. A., by letter of the 7th. At meeting to-day letters of March 9th and 18th, File 6937, from Chairman C. F. A., were read, and after discussion, it was

"Resolved, That the Chairman C. F. A. be advised that the lines, members of the St. Louis Eastbound Freight Com-

mittee, will be governed strictly by Rule No. 24 of the Official Classification.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 502."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held April 3rd, 1903.

Records shows meeting considered rating on barrel heading made of compound wood, and recommended to the C. F. A. that the article "Heading" in the list of articles on which lumber rates will apply, as given in various C. F. A. authorities, be changed to read, "Heading, plain or built up."

Meeting also considered rate basis on sublimed lead, etc.; Percentages, Cairo via East St. Louis to Trunk Line Western Termini points; and rate on cattle and hogs to Indianapolis vs. Chicago; all of which subjects were deferred until next meeting.

Meeting also considered the matter of marking each piece of L. C. L. freight, and it was referred to the Local Freight Agents' Association, with request for statement as to what is now being done by all lines, members of their Association, and also recommendation from the Local Freight Agents' Association.

Attention was called by Chairman to objections made to brick rates, by Circular Letter issued by Chairman C. F. A., and it was moved, "That a meeting of the Rate Clerks be called for Wednesday, April 8th, 10:00 a. m., to consider and report upon the objections made to rates previously checked in, etc."

Meeting also considered rates on cast-iron pipe, and recommended re-affirmation of Circular Letter No. 104, transmitted to Chairman C. F. A., with letter January 20th, the rate to Loveland, Ohio, being corrected to $2.20, as per letter Feb. 11th; and it was

"Resolved, That the report and recommendation be approved and forwarded to Chairman C. F. A., as reply to his letters."

Meeting also considered the subject of issuing bills lading on receipts of St. Louis Cotton Compress Co., and a Special Committee of three was appointed to take up the question.

Meeting also considered the matter of shipments to and from the Louisiana Purchase Exposition.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 503."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held April 10th, 1903.

Meeting considered rates on pig lead and spelter to C. F. A. points. The representatives of lines working through Cleveland and Toledo, thence via Lake, having stated that their lake and rail tariffs had been cancelled or amended, effective April 20th, the following was adopted for record:

"The Committee has considered the subject of rates on pig lead and spelter to Buffalo, and all lines via Lake Erie Ports have taken action withdrawing the lake and rail rate to Buffalo, and established a rate of 13½ cents to that point, making no lower rate to C. F. A. points, except where the authorized basis is lower; that the reports of the Lake and Rail Lines via Chicago indicate that their tariffs have not as yet been corrected, although it is anticipated they will be; nevertheless, the lines in this Committee will maintain the authorized interior rates regardless of any Lake and Rail rates via Chicago to Buffalo."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 504."

Plaintiff offers in evidence record of meeting of the St.

Louis Eastbound Freight Committee, held April 17th, 1903.

Record shows meeting considered rate basis on sublimed lead, etc., and after due consideration the following was adopted:

"Moved, That the rate on sublimed lead be advanced to the basis of rates now in effect on barytes, East St. Louis to Western Termini and Trunk Line points. That the rates on barytes, sublimed lead and zinc oxide to C. F. A. territory be checked in on the basis of Western Termini rates on sublimed lead, as above established, with the 6th class rates as a maximum. That the Lake Erie and Detroit River points be checked in as near to the Western Termini maximum as conditions will permit."

It was also moved, "That a meeting of the Rate Clerks be called to check in the rates and report to this Committee at next meeting."

Meeting also considered rate on cattle and hogs to Indianapolis vs. Chicago, and the Committee to whom the subject had been referred reported that they would recommend that the rate on cattle and hogs, East St. Louis to Indianapolis, be made 5th class, 13½ cents per 100 lbs.; and it was moved, "That the report be received, adopted, and Chairman C. F. A. advised accordingly."

Meeting also considered the subject of issue of bills of lading for cotton on receipts of the St. Louis Cotton Compress Company, and after general discussion it was moved, "That the subject matter of letter presented at meeting April 3rd be tabled." The following resolution was adopted:

"Move you, that the Committee, viz.: Messrs. Keane (Chairman), Hart and Penney, appointed at meeting Feb. 27th, be requested to confer again with the Cotton Compress Co., with the view to getting a proposition that may enable members of this Committee to enter into an agree-

ment with them for the issuance of receipts or bills of lading upon their contracts."

Meeting also considered the matter of Interstate Commerce Commission Orders, and loading, unloading and trackage charge on L. C. L. shipments at National Stockyards, both of which matters were deferred until next meeting for action.

Meeting also considered the question as to whether it was proper to route business New Orleans from C. F. A. points through St. Louis and Texas Pacific Railway. Letter was submitted from Chairman C. F. A., and it was moved, "That the Chairman answer Chairman C. F. A. in the affirmative."

Meeting also considered rates from East St. Louis vs. proportional rates from Mississippi River Crossings north thereof to points in C. F. A. territory, and Chairman was instructed to notify Chairman C. F. A. that this Committee is willing to attend meeting for conference with the other committees, "with the understanding that the discrepancies as obtained by Secretary Joint Rate Committee shall be submitted to the meeting for discussion."

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 505."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held April 24th, 1908.

Meeting considered rate basis on barytes, sublimed lead and zinc oxide. Chairman read Rate Clerks' report, April 21st, and after discussion the following was adopted as this Committee's recommendation to the C. F. A.:

"Recommended, To the C. F. A., that the rate on sublimed lead be advanced to the basis of rates now in effect on barytes, East St. Louis to Trunk Line points, viz.: 23½ cents per 100 lbs., C. L., minimum weight 40,000 lbs., East

St. Louis to New York, usual differences to other Eastern cities; also

"Recommended, To the C. F. A. that the rates on zinc oxide, in Info. No. 3777, and on barytes in Info. Nos. 3863 and 3891, be cancelled; and further,

"Recommended, To the C. F. A. that advanced rates on barytes, sublimed lead and zinc oxide, C. L., minimum 40,000 lbs., be established from East St. Louis to the basing points named in Minimum Basing Book No. 9 as follows:" (Then follows an enumeration of shipping points, together with rate per cwt.)

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 506."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held May 8th, 1903.

Record shows that meeting considered issue of bills of lading for cotton on receipt of St. Louis Cotton Compress Company, and Committee was instructed to take the matter up with the legal department of the various roads, members of the Committee.

Meeting also considered Interstate Commerce Commission Orders, also loading, unloading and trackage charge on L. C. L. shipments at National Stockyards, and the subjects were tabled.

Meeting also considered matter of bills of lading on export lumber. This subject was considered April 24th, and laid over for information from Chairman C. F. A., as to whether the steamship companies have decided to recede from their original position, and will receipt for the number of pieces of lumber for all parties. Chairman read letter May 6th, File 6937, from Chairman C. F. A., giving information referred to, and it was moved: "That the letter from Chairman C. F. A. be included in the proceedings, and the subject be tabled.

Meeting also considered rate on lumber from the West, East St. Louis to C. F. A. points. Chairman read letters May 1st and 5th, File 9311-A, from Chairman C. F. A., relative to rates on lumber from the West forwarded via East St. Louis at proportion of the Cairo rate; and resolution was adopted declaring it the sense of the St. Louis Eastbound Freight Committee that Chairman C. F. A. be advised that in consequence of the authority existing for pro-rating Cairo rates on shipments consigned to Trunk Line territory, and the fact that Cairo rates to C. F. A. points can also be pro-rated through every other junction except East St. Louis, that it is impracticable for the lines, members of this Committee, to apply rule in C. F. A. Information No. 1878, dated December 5th, 1899, prohibiting the pro-rating of the Cairo rate, etc., on lumber, etc., through East St. Louis; and that as the Iron Mountain publishes a through tariff from Cairo to C. F. A. points, handling the lumber in question upon that basis, we cannot apply any other rule to shipments handled by that line than we do on shipments handled in connection with other lines leading from Cairo, Gale, Thebes, and East Cape Girardeau. It was moved that the Chairman be requested to submit this to the Central Committee, with the view to having same authorized, as this has been the practice for years, and cannot be changed.

Meeting also considered rates on wool, and Chairman was instructed to advise Chairman C. F. A. that East St. Louis lines are trying to get away from the C. L. rating on wool, and that if the Official Classification is not changed so as to do away with the 2nd class rating on 10,000 lbs. basis, it will result in tub-washed or scoured wool being placed on the 2nd class basis, any quantity.

Meeting also considered rate on sulphide ore, C. L., East St. Louis to Rosslyn Station, Pa., P. C. C. & St. L. Ry., coming from Iola, Kansas. Chairman read letter from a

shipper making application for commodity rate on above article, and after consideration, it was moved: "That the Chairman reply to the applicant, asking them to have their rates fixed west of East St. Louis, and have application for rates east of East St. Louis made by a western line.

Meeting also considered rates on barytes, and it was moved, "That the Chairman advise Chairman C. F. A. that the rates named apply on ground barytes, as provided for in Information 842-A, 3863 and 3881.

Meeting also considered application from the G. F. A. C. & E. I. R. R. (Frisco system) for membership in the Committee, and it was moved that the application be accepted, and G. F. A. Campbell notified accordingly.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 507."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held May 22nd, 1903. Meeting considered proportional rate on pyrites screenings or sulphide ore, East St. Louis to Cleveland. Chairman read letter of May 15th, File 2721, from A. G. F. A., T. St. L. & W. R. R., making application for rate of $2.20 per gross ton on pyrites screenings or sulphide ore, East St. Louis to Cleveland, Ohio, to take the place of Supplement No. 6, naming rate of $2.00 per gross ton. The T. St. L. & W. R. R. representative stated that since writing the letter Supplement No. 11 to I. C. C. 210, and G. F. D. 391, was issued May 21st, effective June 4th, making rate $2.20 per gross ton. During the consideration of the subject, it was stated that the whole procedure was irregular, and it was therefore moved, "That the subject be referred to the Central Committee as an irregular tariff."

Meeting also considered subject of absorption of switching in St. Louis. It having been stated that there was some doubt as to the course to be pursued by the C. & E. I. R. R.

on the above subject, Mr. E. J. Knickerbocker, G. F. A. C. & E. I. R. R. (Frisco System), said, "It is the purpose of the C. & E. I. R. R. to act as an East St. Louis line only, and that no switching to or from industries in St. Louis will be absorbed except when in competition with the Wabash R. R."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 508."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held May 29th, 1903. Record shows meeting considered matter of routing New Orleans business to C. F. A. points through St. Louis and Texas & Pacific Railway, and made recommendation thereon.

Meeting also considered matter of rates and weights on paper stock Information No. 4050, East St. Louis to Allegan, Mich., and Vincennes, Ind., and recommended that rates and weights be changed to meet Chicago competition.

Meeting also considered percentages, Cairo via East St. Louis to Trunk Line Western Termini points, and matter was deferred until the subject had been considered by Committee on Relations with Southern Roads.

Meeting also considered rates on pig lead and spelter and recommendation made for a certain rate to be established to Grand Rapids, Mich., from East St. Louis.

Meeting also considered subject of lumber from St. Louis proper, billed as from beyond. The subject was brought up by letter from Chairman C. F. A., submitting letter from Chief Inspector, both of which were read. Chairman also read letters written A. G. F. A., C. & A., and A. G. F. A., B. & O. S. W., and their replies, stating that they would give Chairman definite information as soon as they had con-

cluded their investigations; and the subject was continued to the next meeting.

Meeting also considered rates on cotton, and deferred action until the next meeting. Meeting considered likewise issue of bills of lading for cotton on receipt of St. Louis Cotton Compress Company, and the Chairman was instructed to ask each member to endeavor to get reply from their attorneys, and come prepared to dispose of the subject at the next meeting.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 509."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held June 5th, 1903.

Meeting considered matter of lumber from St. Louis proper, billed as from beyond, and it was

"Moved, That the Chairman C. F. A. be advised that after carefully investigating the matter it appears that the transactions mentioned in Chief Inspector's letter May 21st, File A-7596, could not have happened, except by the unauthorized action of the Wiggins Ferry Co., and that the matter has been taken up with them, and an understanding reached that they will in future lend their aid to Eastern lines in the application to the proper rates."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 510."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held June 23rd, 1903.

Record shows meeting considered rates and minimum carload weights on cooperage, and deferred action until the next meeting.

Meeting also considered the matter of issue of bills of lading for cotton on receipt of St. Louis Cotton Compress Company. Special Committee asked for more time to report, which was given them.

Meeting also considered the question whether or not the roads in issuing receipts or bills of lading for P. H. P. from National Stockyards, insert "Shipper's load and count." After discussion, a member stated that he would like to see an agreement reached in the Committee, to the effect that members could not issue a clear bill of lading unless the shipment was counted by the railroad. As all representatives were not prepared to enter into such an agreement, it was moved that the subject be laid on the table.

Meeting also considered the matter of advancing charges or drayage to private teams. This subject was brought up by letter from Chairman Southern Freight Association (See Circular Letter No. 141, June 8th), which was considered at last meeting and laid over. After consideration, it was moved,

"That Chairman Southern Freight Association be advised that members of this Committee are not prepared to adopt the rules referred to in his letter, and subject be laid on the table."

Meeting also considered letter from member regarding unauthorized percentage basis applied from Quincy and Hannibal, and action was deferred. Also rates on cotton from Texas and Indian Territory, subject considered, and laid on table.

Meeting also considered application of proportional rates on fruits and vegetables from St. Louis. Subject was brought up by letter June 6th, File I-306, from Chairman C. F. A., which the Chairman read, and it was moved: "That Chairman C. F. A. be advised that it is the understanding of this Committee that all lines are complying with the terms of C. F. A. Information No. 3303, and apply the same only on shipments originating west of the West bank of the Mississippi River, and he be asked for specific reference to any shipments that are being handled at variance with this rule."

Meeting also considered proportional rate on grain to Madison, Indiana. This subject was considered at meeting of April 24th, Proceedings No. 46, and recommendation made to C. F. A. At meeting May 22nd letter was read from Chairman C. F. A. to the effect that roads decline to approve the proposition, etc., and papers were ordered placed on file. At meeting to-day Chairman read letter of June 8th from Chairman C. F. A. to the effect that if the grain to move under rate requested would in all cases originate west of the Mississippi River, there was a possibility of objections being withdrawn, etc. After discussion, the G. F. A., T. H. & I. R. R. stated that they were willing to make their tariff read on traffic from west of the Mississippi River, and suggested that Chairman C. F. A. be so notified. The Chairman to take subject up with interested roads, and request that tariff be made to conform thereto.

Meeting also considered minimum charge on peddler cars loaded with dressed beef, and action on subject postponed, to be taken up at next meeting. Also rates on paper stock, C. L., and recommendation made to C. F. A. that all rates on paper stock named in C. F. A. Information No. 4050, dated Feb. 11th, 1903, be cancelled.

Rates on watermelons were also considered, and Rate Clerks ordered to meet to check up proposed rates with existing authority, that is, Information No. 1557, and report result at next meeting.

Meeting also considered rates on brick, etc., and recommended restoration of $3.00 per ton rate on brick and articles taking same rates, East St. Louis to Western Termini Trunk Lines.

Meeting also considered cancellation of unauthorized rates on sash doors and blinds published by Western roads, and action on the subject was deferred until next meeting.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 511."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held June 26th, 1903. Meeting considered through rates and divisions on melons from Missouri. Chairman stated that, as instructed, meeting of Rate Clerks had been called, and their report submitted in Circular Letter No. 148. The following was adopted, after consideration of the subject:

"Moved, That reply be made to letter June 20th, File Y/8, from E. B. Lane, Chairman Western Roads Committee, in line with report of the Rate Clerks (Circular Letter No. 148), to the effect that it is impossible for the Eastern lines to properly consider the matter with information furnished, and it appears quite necessary for the lines he represents to compile tariffs and division sheets and submit same for approval."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 512."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held July 3rd, 1903.

Record shows that meeting considered cancellation of unauthorized rates on sash doors and blinds, established by Western roads; and, by resolution, it was declared to be the sense of the St. Louis Eastbound Freight Committee that the matter should be handled by the C. F. A. as a whole, because it involves lines operating from the Mississippi River at junctions other than East St. Louis.

Meeting also considered minimum charge on peddler cars loaded with dressed beef, full C. L. rate, and C. L. minimum weight to farthest destination. Roll was called to ascertain whether any of the lines operate peddler cars east of the Indiana-Illinois State Line, and if so, that Chairman C. F. A. be advised accordingly. On roll call, all roads stated that they did not.

Meeting also considered rate on sublimed lead, white and

red lead, and litharge. The subject was brought up to-day by letter of June 29th, File 9069, from Chairman C. F. A., requesting vote in detail as to restoring rates on above commodities to Official Classification basis, which the Chairman read, and after discussion, it was moved: "That Chairman C. F. A. be advised that the result of vote on the proposition, as per his letter May 29th to advance the rates to Official Classification basis, was nine in the affirmative, two roads not voting. The two roads not voting were the Wabash and the T. St. L. & W. At a subsequent meeting the result was a compromise proposition as presented in letter June 27th."

Meeting also considered rates on rice from East St. Louis, via K. C. So. Ry., from Beaumont, Texas, etc., and it was moved that the application be declined.

Meeting also considered issue of bills of lading for cotton on receipts of St. Louis Cotton Compress Company. This subject had been referred theretofore to a Special Committee, and at meeting to-day the Special Committee made report; and Chairman was instructed to issue circular letter sending copies of this report to resident members only. Subject to be further considered at next meeting.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 513."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held July 10th, 1903.

Record shows that meeting considered rates and minimum carload weights on cooperage; also cancellation of unauthorized rates on sash, doors and blinds, published by Western lines; and it was moved that the Chairman reply to Chairman C. F. A. that our opinion still stands as expressed in former communication, but if he will furnish us with a copy of the notice furnished by the Peoria and Chicago lines

to the Western roads, the Eastbound Freight Committee will give the matter further consideration.

Meeting also considered the matter of sending irresponsible parties with shipments of live stock; and letter from Chairman C. F. A. suggesting recheck of proportional rates on phosphate rock, in line with Cincinnati; and it was moved: "That Chairman C. F. A. be notified that the East St. Louis lines are not especially interested in the phosphate rock rates, and will be satisfied to have their rates checked in on basis of 20 cents per ton less than agreed to from Cairo, this being the authorized differential under Cairo, as now in effect, and authorized in C. F. A. Information 3995."

Meeting also considered subject of conference meeting of the Cairo-Thebes, etc., lines with the St. Louis Eastbound Freight Committee on basis for rates and rate sheet from Ohio River crossings and East St. Louis. Chairman read letter, dated July 8th, File 10241, from Chairman C. F. A., suggesting meeting at Chicago, Thursday, July 16th, and it was

"Moved, That the Chairman reply to Chairman C. F. A. that it would be more agreeable to the St. Louis Committee, and in their opinion not unreasonable, to have the Cairo-Thebes lines come to St. Louis for the meeting suggested. The date mentioned, 16th inst., will be satisfactory, if advised."

Letter was submitted from the M. & O. R. R., referring to S. N. 1344, and asking for complete list of Western Termini points. It was moved that the Chairman answer G. F. A. M. & O., giving him the points mentioned in 6th paragraph of C. F. A. Information No. 1339, omitting Toronto, Canado, as follows: Suspension Bridge, Niagara Falls, Tonawanda, Black Rock, etc., and calling attention to the fact that the information published in Line Handbooks,

and also arbitraries demanded by delivering line, shall regulate the deduction of arbitraries before prorating.

Meeting also considered issue of bills of lading for cotton on receipt of St. Louis Cotton Compress Company, and action thereon deferred.

Meeting considered subject of application of proportional rates on fruits and vegetables from St. Louis, and it was laid over awaiting reply from the Wabash R. R.

Rates on paper stock were taken up, discussed, and deferred until next meeting.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 514."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held July 17th, 1903.

Meeting considered the subject of concellation of unauthorized rates on sash doors and blinds, published by Western lines. Chairman read letter of July 14th, File 7362, from Chairman C. F. A., submitting copies of notices filed by the Chicago and Peoria Committees; and after discussion, it was

"Moved, That the Chairman prepare a notice similar to those filed by the Chicago & Peoria Committees, and submit same to the various members for their signatures. After all the signatures are secured, they be sent to Chairman C. F. A."

Meeting also considered rate on corn to Terre Haute. Chairman read letter of the 10th inst., File 9303, from Chairman C. F. A., to the effect that the T. H. & I. is using rate on corn, East St. Louis to Terre Haute, less than authorized in C. F. A. Information No. 4007. The Vandalia stated that when they were convinced that the rate is 7 cents to Indianapolis via other lines, they are willing to advance the rate to both Indianapolis and Terre Haute to the au-

thorized basis, as the 5 cent rate to Terre Haute is based on the 6 cent rate to Indianapolis.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 515."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held August 7th, 1903.

Record shows meeting considered rates on mussel shells, and deferred action until receipt of information from the Louisville Committee, having under consideration the same subject.

Meeting also considered request for rates on acetate of lime, carloads, and recommended to the C. F. A. the establishment of a commodity rate of 30½ cents per 100 lbs. East St. Louis to New York, usual differences to other eastern cities.

Meeting also considered and fixed rate on peaches; also minimum carload weight on potatoes; and made recommendation to the C. F. A. thereon.

Meeting also considered unauthorized rate on grain, East St. Louis to Terre Haute and Indianapolis; and railroads permitting shippers to sort and grade hides on their platforms.

Also rate on berries from East St. Louis. Chairman read letter from Chairman C. F. A., dated July 22nd, File 9303, regarding unauthorized rate on grain, East St. Louis to Terre Haute and Indianapolis; letter August 4th, File 10888, regarding practice of railroads permitting shippers to sort and grade hide on their platforms; and letter August 5th regarding rate on berries from East St. Louis; and the subjects were all laid over for a regular meeting.

Meeting also considered divisions on lumber to Canadian points. Letter was presented from a member regarding division of lumber rates, Cairo, Ill., via East St. Louis, to

Canadian points, enclosing copy of letter from Grand Trunk and Canadian Pacific Railroad, dated Montreal, July 29th, 1903. After discussion, no action by this Committee was deemed necessary.

Meeting also considered rate on live stock to Virginia cities; and rail and lake rate, via Chicago, on pig lead and spelter; and it was moved, "That the Chairman take the subject up with I. C. R. R., requesting them to cancel the tariff and rate referred to, calling attention to the fact that if they do not cancel or withdraw the rate, it will result in rate being published by lines working through Lake Erie Ports, which in turn will affect rates to intermediate points."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 516."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 4th, 1903.

Meeting considered recommendation to the C. F. A. that lines, Cairo, Gale and Thebes to East St. Louis be allowed a fixed rate on all lumber to Trunk Line and Western Termini points. Various recommendations were made to the C. F. A. on the basis of an agreement of percentages to be allowed on the fixed rate.

Meeting also considered rates and divisions on lumber, from Cairo via East St. Louis to Canadian points. As regards the publishing of the East St. Louis division of Cairo rate on lumber to Canadian points, the following was adopted:

"Moved, That it is the sense of this Commitee that the members publishing the proportional rates from East St. Louis based on the East St. Louis division of the Cairo rate or the East St. Louis division of lumber rates from pro-rating points from the south should be discontinued, and lines having such tariffs in effect should be requested to

cancel same, and that all such traffic should be handled on basis of published through rates of the initial lines, divided on the authorized basis."

Meeting also considered rates on iron and steel rails, East St. Louis to Pittsburg, Pa. This subject was brought up by letter from G. F. A., C. & A. Ry., making application for a rate of $3.25, East St. Louis to Pittsburg. After consideration of the subject, the following was adopted:

"Moved, That since the rate from Chicago to Pittsburg is the same as from Pittsburg to Chicago, and rate from Pittsburg to East St. Louis is $3.25 per gross ton, we recommend that the rate be made $3.25 from East St. Louis to Pittsburg."

This recommendation to be sent Walter H. Smith, Secretary Special Committee on New Iron and Steel Rails, Cleveland, Ohio.

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 517."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 18th, 1903.

Record shows meeting considered matter of issuing bills of lading for cotton on receipts of St. Louis Cotton Compress Company, and issuing bills of lading on cotton in warehouses in East St. Louis; and resolutions were adopted declaring that the roads, members of this committee, will not issue any bills of lading until the property was in possession of the carrier; and all roads voted in the affirmative.

Meeting also considered proper rates on mussel shells, asphaltum pitch, and silica, and made recommendations thereon, and adjourned.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 518."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 25th, 1903.

Meeting considered application for reduced rate on gilsonite (asphaltum), Utah to Atlantic seaboard points, via East St. Louis vs. Galveston. This subject was brought up by a letter from a shipper, which Chairman read, and it was moved that the application be declined.

Meeting also considered the subject of allowance on C. L. shipments of live stock to C. F. A. points west of the Western Termini. This was brought up by letter of Sept. 17th from G. T. M. National Stockyards Co., which the Chairman read, and it was moved that the application be declined.

Meeting also considered divisions on lumber from and via Cairo, etc., and East St. Louis to C. F. A. points west of the Western Termini. The Chairman was instructed to advise the Chairman C. F. A. that the percentages existing between the various C. F. A. and other roads have not been the subject of joint agreement, but are a matter of individual arrangement. But on lumber the lines south and north of East St. Louis are a unit on the proposition that on traffic to C. F. A. points, the lines south should be allowed a maximum of 3 cents per 100 lbs. when destined to C. F. A. territory west of the Western Termini. The percentages in many cases allow more, and in all cases provide for a minimum of 3 cents per 100 lbs. The authorization of a uniform proportion of 3 cts. per 100 lbs., the same as recently agreed upon by the St. Louis lines, and approved by the C. F. A., as per Information No. 4639, to apply on lumber to Western Termini, will dispose of this matter in a way that will be more satisfactory to all interests than the present method. It is understood that the provisions shown in C. F. A. Information 4639, that lines will not publish

proportional rates from East St. Louis on this traffic, will apply."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 519."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held October 2nd, 1903.

The record shows that meeting considered matter of rates and divisions on pine lumber from points on the M. & O. R. R. in Mississippi and Alabama; and also considered rate on peaches to C. F. A. territory from the Southwest, and recommended change in C. F. A. tariff.

Meeting also considered question of applying 6th class rates on red and white lead and litharge, only when dry, and not otherwise; and it was moved, "That in view of the fact that the line originally establishing these rates makes the declaration that they will apply the same rates on white and red lead and litharge, in oil or dry, it is the sense of this Committee that the attention of the Central Committee be called to this phase of the matter, as it will tend to pull down rates on all classes of paint, as outlined by Chairman C. F. A., in letter Sept. 24th, File 9069-C."

Record also shows roads considered cancellation of unauthorized rates on sash doors and blinds published by Western roads, and discloses that the Eastbound Freight Committee roads had notified the Western roads that they would cancel all tariffs giving proportional rates after a certain date named.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 520."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held October 16th, 1903.

Meeting considered the question of whether or not unauthorized divisions are accepted on Pacific Coast traffic to points east. This subject was considered at meeting October 9th, being brought up by letter from member, and laid over for the members to investigate. At meeting today members present individually announced that they were not accepting anything less than the authorized divisions on Pacific Coast traffic. The members absent at the time, namely the C. & A., C. P. & St. L., and L. H. & St. L., were conferred with after the meeting, and all made statements to the same effect as members that were present.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 521."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held October 23rd, 1903.

Record shows that meeting considered matter of application for reduced rate on ice cans returned for repairs, and after consideration the application was declined.

Meeting also considered basis for division of through rates on grain from Missouri River to points in C. F. A. territory, and it was suggested by several members that the Chairman issue a circular letter, giving copies of correspondence between himself and Chairman C. F. A. to the effect that Special Committee should be appointed, to consist of one representative from Chicago, Peoria and St. Louis, and thus give the members who desire an oportunity to correspond with the Committee and express their views.

Meeting also considered rates on enameling plates to Eastern cities and Western Termini points, and made recommendation for rate on above named commodity.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 522."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held October 30th, 1903.

Meeting considered weights on beer East St. Louis to C. F. A. points. The subject was previously considered at meeting of Oct. 23rd, and laid over for investigation, and at the meeting to-day it was stated that the result of the investigation is that the claim of the Anheuser-Busch Brewing Association that Western Classification weights are being charged on beer to C. F. A. territory is confirmed. After due consideration of the subject, it was moved:

"That the Chairman report to Chairman C. F. A. that the Anheuser-Busch Brewing Association decline to pay freight charges on beer, in glass, packed in wood, assessed on average estimated weights, as provided for by Chief Inspector, on the grounds that shipments from Milwaukee are handled at weights provided for in the Western Classification, and that demanding freight charges on basis of average estimated weights as provided for by the Chief Inspector being a discrimination against breweries located at other points than Milwaukee, it is desirous that the matter be rectified by either advancing weights charged from Milwaukee to C. F. A. points, or a reduction in those used to other points."

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 523."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held November 6th, 1903.

Record shows meeting considered application for commodity rate on beauxite ore or alumina, East St. Louis to Massena Springs, N. Y., and made recommendation for a fixed rate, naming rate. It was suggested that a member of this Committee should be present at the meeting of the

Uniform Basis of Rates Committee, to which this subject would probably be referred, and Mr. Edward Hart, Jr., was delegated to explain the subject to the Uniform Basis of Rates Committee.

Chairman called attention to letter of Oct. 30th, from Chief Inspector Trunk Line Association at Buffalo, and requested instructions as to what reply to give to inquiry as to whether Western Termini rate in C. F. A. Info. 3923 applied on other than beauxite ore, crude.

Meeting also considered weights on beer, East St. Louis to C. F. A. points. Chairman read correspondence from Chairman C. F. A. and Chief Inspector, to the effect that shipments from both Milwaukee and St. Louis were charged for at correct weights, and the subject was tabled.

Meeting also considered rates on lumber to Canadian points, and passed resolution thereon, in reference to rate made by C. B. & Q. road.

Meeting also considered proper basis for rates to L. S. & M. S. R. R. stations in Indiana, and the matter was continued until next meeting. Also divisions of rates on grain from Missouri River to C. F. A. points. Chairman read letter from Mr. Hart to the effect that he did not attend meeting called by Chairman C. F. A., on account of not having received from members of the Committee their views on the subject. Mr. Hart stated that unless he did get an expression of the members of the Committee he would ask to be excused from representing the Committee.

Meeting also considered rates on steel bolsters and enameling plate, and recommended to the C. F. A. the establishment of certain rates named on above commodities, the vote on above recommendation being affirmative 8, negative, 1, absent 2.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 524."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held November 20th, 1903.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 525."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held December 4th, 1903.

Record shows that meeting considered rates and divisions on yellow pine lumber, Arkansas to Trunk Line territory. At meeting Nov. 20th a Special Committee was appointed to make report on this subject, and at meeting Chairman read report of Special Committee, as follows:

"Yellow Pine Lumber being a highly competitive commodity, as between different producing districts, prices being fixed, and sources of supply and demand clearly defined, which conditions have been recognized by all lines in the territory in which it is manufactured, and the necessity to apply the same through rates to Eastern Cities from mills west of the Mississippi River in Arkansas, Texas and Louisiana as are in effect from mills in Mississippi and Alabama having developed, your Committee recommends that C. F. A. Information Circular No. 1042-A be amended by the addition of a third section, and a note as follows:

"The same through rates as are current from points within the territory described in Section One hereof, may be published from points in Arkansas, Louisiana west of the Mississippi River, and Texas, and when lower than the combination of local or proportional rates via Mississippi River crossings, Cairo to East St. Louis, inclusive, they also may be divided on the percentage divisions provided herein; proportion of lines east of East St. Louis to be computed by sub-dividing proportion east of Cairo on divisions

as per C. F. A. Information No. 998, Series A, or subsequent issues thereof.

"Note: These divisions are to be used only in the protection of through rates published by originating lines, and proportional rates on these divisions from Ohio or Mississippi River crossings are not to be published."

Above exhibit, consisting of six pages, is marked "Plaintiff's Exhibit Fraser No. 526."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held December 11th, 1903.

Record shows that meeting considered protection via East St. Louis of lowest combination of rates from Pacific Coast to eastern cities, and the following resolution was adopted: "Moved, That the subject be referred to Chairman C. F. A., requesting him to take the matter up with the Trans-continental Freight Bureau to develop why through rates are not published on green vegetables and potatoes from Pacific Coast points to Trunk Line points, and what necessitates making the rates on combination of locals to and from the Mississippi River or Chicago, also with the view to having through rates established so that this gateway may be placed in position to compete for a share of the traffic."

Meeting also considered matter of rates on cast iron pipe from East St. Louis; and rates on pig lead and antimonial lead; and deferred action thereon.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 527."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held December 18th, 1903.

Meeting considered participation in rates on sulphur, C.

L., from Louisiana mines to C. F. A. points, and it was moved,

"That attention of Chairman C. F. A. be called to the fact that notwithstanding basis of division of rates submitted in Advice Letter No. I-902, on sulphur, C. L., from Brimstone and Sulphur Mine, La., to various C. F. A. points, were not adopted by roads in C. F. A., the rates mentioned therein, or lower, are in effect by tariffs of Southern Roads, and ask that he again submit the matter to roads in interest, with the view of ascertaining if any line in the C. F. A. is accepting percentage division of the proportion accruing to lines north of New Orleans, after allowing lines west of New Orleans their arbitraries."

Meeting also considered the question of whether or not rates on lead ore in Information No. 1041-A should be limited to shipments from beyond the Mississippi River. Chairman read letter of December 11th, File 10077-A, from Chairman C. F. A., to the effect that there were no lead ore deposits east of the Mississippi River, etc., but requested that the Committee consent to limit the basis named in Information No. 1041-A to lead ore shipments originating west of the River. After discussion, it was moved, "That the rates referred to in C. F. A. Information No. 1041-A be published as proportional rates, only, applying on shipments originating beyond the Mississippi River, and south of the Ohio River."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 528."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held December 29th, 1903.

Record shows that meeting considered request for legislation in connection with C. F. A. Information No. 1059-A, providing for divisions to additional eastern points.

Meeting also considered rates on clay, shale and kaolin, and asked for a general recheck of rates and divisions on same, so as to place East St. Louis on an equality with all other crossings of the Mississippi River.

Meeting also considered rates on beauxite ore to Canadian points. Also subject of incorrect weights being accepted on shipments of produce, and recommended the cancellation of C. F. A. Information No. 4630 in regard thereto.

Meeting considered rates and divisions on yellow pine lumber, Arkansas to Trunk Line points, and made recommendation for change of rates thereon.

Also rates on red, white and sublimed lead, etc., and roll was called to ascertain whether members of the Committee would re-publish the rates named on above commodities.

Meeting also considered proportional rates on lumber to Canadian points; Application from the Lumbermen's Exchange for relief; and Reconsigning shipments of lumber en route; all of which were laid over until the next meeting.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 529."

At this point a recess is taken until 3:00 o'clock, p. m.

After recess, on Tuesday, November 27th, 1906, the following proceedings were had:

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held January 5th, 1904.

Meeting considered the subject of re-consigning lumber en route, and it was moved, "That the report of the Special Committee, as amended, be received and communicated to the Chairman C. F. A. as the sense of this Committee." The amended report is as follows:

"No legislation of the C. F. A. can be found prohibiting the practice of reconsigning shipments of lumber (or any

other commodities) while in transit, and protecting the current through rates and divisions from points of origin to final destinations, applying via routes shipments travel.

If it is found that legislation does exist prohibiting the reconsigning of lumber en route, that the same be cancelled.

It is a matter of record that the reconsigning of lumber is permitted at Memphis, Cairo, Gale, Thebes and other points, therefore the practice of reconsigning lumber at East St. Louis or by the East St. Louis lines does not seem inconsistent from any point of view, nor does it permit of any manipulation of through rates."

Meeting also considered proposition to change rates in C. F. A. Information No. 1058-A from East St. Louis; and it was moved, "That Chairman C. F. A. be advised that while we feel that we cannot take the action suggested, as East St. Louis is simply on a parity with Chicago, and regretting that it might possibly make a reduction from Chicago, we believe that we should not get away from the general principle that the East St. Louis rate should be prorated from the Upper Mississippi River crossings."

Meeting also considered rate on zinc lead flue dust to Cleveland, and it was moved, "That we recommend to the C. F. A. that the authorized rate on zinc oxide, C. L., minimum weight 40,000 lbs., be authorized to apply on zinc lead flue dust, and that application of the Western Line for lower basis ($1.50) be declined."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 530."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held January 22nd, 1904.

Correspondence was submitted regarding irregularities in handling lumber, and it was moved, "That the Chairman call the attention of the Kansas City Southern Road to the

legislation at joint meeting October 24th, 1902, regarding the publication of through rates by initial lines on lumber, to C. F. A. and Trunk Line territories, requesting the Kansas City Southern Road to conform thereto by publishing through tariffs, and that in the event of their failure to do so, the lines leading east from East St. Louis will exact local rates therefrom."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 531."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held January 29th, 1904.

Meeting considered the subject of legislation in connection with C. F. A. Information No. 1059-A providing for additional eastern points. At meeting of the Rate Clerks, 28th inst., it was recommended,

"That in view of the fact that the question of uniform divisions between Lower Mississippi Valley points on the one hand, and Trunk Line points on the other, was referred to the Chairman C. F. A. without specific division recommendation from the St. Louis Eastbound Freight Committee, it is suggested by the Committee of Rate Clerks that it may be practicable for the Eastbound Freight Committee to instruct us to suggest a recommendation covering specifically the interior rate basis points in Trunk Line territory, which if adopted will have the effect of cancelling individual divisions now on record without authorization, and at the same time it is expected that this action will have the effect of uniformity and completing the present Association record regarding division basis."

Meeting also considered rate on residuum of sulphate of lime. Letter was read from shipper, to the effect that the rates proposed were not satisfactory, and it was moved that the subject be tabled.

Meeting also considered rate on cotton-seed meal from Arkansas via West-side lines, East St. Louis to Eastern cities. Chairman read letter of the 25th inst., File 11331, from Chairman C. F. A., on above subject, stating that roads from East St. Louis are accepting shipments of cotton-seed meal originating in Arkansas and arriving at East St. Louis via routes operating west of the River, such as the Missouri Pacific, etc., and applying east of East St. Louis the proportion of the Cairo rate, etc. After consideration of the subject, it was moved, "That the Chairman C. F. A. be requested to furnish specific instances of the alleged violation of the C. F. A. rules, as regards improper billing of cotton-seed meal from East St. Louis to Eastern Trunk Line points."

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 532."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held February 5th, 1904.

Meeting considered rate on rough marble, C. L., from Colorado, East St. Louis to eastern cities, and it was

"Recommended, To the C. F. A. that rate be established on marble blocks, rough quarried, on basis of 15½ cents per 100 lbs., Chicago to New York, usual differences to other Eastern cities, when from Colorado points, released to valuation not exceeding 20 cents per cubic foot. Pieces weighing three tons and over to be loaded and unloaded at risk and expense of consignor and consignee."

Meeting also considered the question of cancellation of Joint Committee Freight Circular No. 1007, and C. F. A. Info. Nos. 2367 and 399-A. It was

"Moved, That we recommend to the C. F. A. the cancellation of Joint Committee Freight Circular No. 1007, June 16th, 1897, and C. F. A. Information Nos. 2367 and

399-A, July 16th, 1900, and the adoption of the following in lieu thereof:

Recommended, To the C. F. A. that lines leading easterly from East St. Louis, Ill., and their connections, be authorized to protect the same through rates on lumber and articles taking lumber rates, received from the Mo. Pacific, St. L. I. M. & So., St. Louis and San Francisco, Missouri, Kansas & Texas, and the St. L. Southwestern railroads, or other west-side lines, at East St. Louis, and destined to the Western Termini of the Trunk Lines, or points east thereof, as applicable upon like traffic from the same points of origin to the same destinations, forwarded via Cairo, Gale, or Thebes, Ill., subject to the following conditions:

(1) The through rates via East St. Louis shall be published in through Joint Tariffs to be issued by initial roads.

(2) In the division of such through rates via East St. Louis, the maximum amount allowed lines west and south of East St. Louis shall be the local rates from point of origin to East St. Louis.

(3) The proportion of such through rates via East St. Louis accorded to the lines East of East St. Louis shall be governed by C. F. A. Info. Nos. 4639, 998-A, or future issues of same.

(4) Proportional rates shall not be published from East St. Louis to the Western Termini of Trunk Lines, or points east thereof, based on the rates and divisions authorized from Cairo, Gale or Thebes."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 533."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held February 12th, 1904.

Record shows that meeting considered proportional rates on lumber to Canadian points, and it was

"Moved, That Chairman C. F. A. be advised that unless the C. B. & Q. R. R. can be induced to withdraw their proportional tariff on lumber, from St. Louis to Canadian points, that the lines operating from East St. Louis will be compelled to make a publication from East St. Louis corresponding with that of the Burlington from St. Louis; and that to prevent, if possible, this action on the part of the East St. Louis lines, and with a view to preventing any reduction in the rates from Gale, Thebes and Cairo, as well as from Ohio River crossings, that he be requested to take the matter up with the Freight Traffic Manager of the Burlington Route, to see if he will not meet the views of the other St. Louis lines, and cancel this tariff."

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 534."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held February 19th, 1904.

Meeting considered rate on brick, C. L., to Trunk Line territory. This subject was considered at meeting of the 12th (See Proceedings No. 75), and laid over with the view of having Chairman confer with the shippers for additional information. At meeting to-day Chairman reported result of conference, and after consideration the roads individually advised that application be declined.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 535."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held March 4th, 1904.

Record shows that the Committee considered rates on

plaster. Statement was submitted which showed that rates from East St. Louis were in line with rates from other plaster producing points, namely, Alpena, Alabaster, Grand Rapids, Mich., etc. After consideration, the following was adopted:

"Lines interested individually advise that, in view of the fact that rates on plaster from East St. Louis are on a relative basis with rates from other western producing points, it is deemed inexpedient to make a reduction from East St. Louis, as it would ultimately force a reduction from other producing points."

Meeting also considered rates on clay, shale and kaolin, and the following was adopted:

"It is the sense of this Committee that action at meeting December 29th, viz.:

"Whereas, The St. Louis lines believe that the present and proposed rates on clay, shale and kaolin (crude) from Ohio River crossings, Gale, and Thebes, are a menace to the East St. Louis interests, be it

"Recommended, That the entire subject of rates on clay, shale and kaolin (crude) from Ohio and Mississippi River crossings, be referred to the Chief Traffic Officials of the interested lines, for the purpose of securing a general advance from Ohio River crossings, Gale and Thebes; or, failing in this, a general revision of rates, with the view to placing all crossings, including East St. Louis, on a parity, be re-affirmed, and pending action recommended therein, it is

"Recommended, That present rates from Ohio River crossings, Cincinnati to Evansville, inclusive, and East St. Louis, be continued, and that rates from Cairo, Gale and Thebes be advanced to the usual differentials over rates from East St. Louis."

Meeting also considered rate on hides, green, salted, to Fremont, Michigan, and it was

"Recommended, to the C. F. A. the elimination of Note in C. F. A. Info. 3890, that the rate of 17 cents per 100 lbs. on hides, green, salted, from East St. Louis to Fremont, Mich., 'applies only on shipments originating at Missouri River points.'"

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 536."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held March 18th, 1904.

Meeting considered rate on green salted hides, C. L., to Bracebridge and Huntsville, Ont., and it was moved,

"That the Chairman take subject up with the Grand Trunk, or, if he finds that these are competitive points, with the Canadian Pacific also, with the view to establishing rate from East St. Louis, in line with the 24 cent rate from Chicago, ascertaining how the rate will divide."

Meeting also considered rates and divisions on yellow pine lumber, Arkansas to Trunk Line points, etc. Chairman read letter of March 15th, File 10,777-A, from Chairman C. F. A., stating above subject considered by Committee on Relations with Southern Roads, 9th inst., and referred back to this Committee to endeavor to secure an advance in the rate. It was stated that when the subject came up in the Committee on Relations with Southern Roads it developed, according to statements of Southern lines, that rates from Mississippi were held a differential over Georgia, etc., and as discussion proceeded it seemed possible to get a differential over east-side rates on lumber from west of the river, and it was suggested that if the subject was referred back, this Committee would look into the matter very carefully, and see if they could hold a higher rate on lumber from west of the river, etc. After consideration of the subject, it was resolved, that A. G. F. A.

Wabash be appointed a Committee of one to investigate and report result to this Committee at the earliest practicable date.

Meeting also considered rate on paper, scrap or waste, C. L., vs. paper wrapping. This subject was brought up by letter from a shipper, calling attention to discrepancy in rate from East St. Louis to Hartford City, on paper-scrap and waste vs. rate Hartford City to East St. Louis on paper, wrapping, which was read, and it was moved, "That the subject be referred to the C. F. A., with the statement that unless rates on the manufactured article from Hartford City and other points, as per C. F. A. Info. 3430, can be advanced to the 6th class basis, we cannot reasonably be expected to hold rate on paper stock up to the 6th class rate."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 537."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held March 25th, 1904.

Meeting considered rate on whiskey to eastern cities, the subject being brought up by letter from shipper making application for reduced rate on whiskey in glass, C. L. After discussion it was moved that the application be declined.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 538."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held April 8th, 1904.

Meeting considered rates on wall plaster, and after consideration the following was adopted:

"Recommended to the C. F. A., that proportional rates on wall plaster, C. L., minimum 60,000 lbs., and over, originating at all plaster producing points in Texas, Oklahoma and Indian Territory, be authorized from East St.

Louis, Ill., as follows: To Boston, 20 cents per 100 lbs.; New York, 18 cents per 100 lbs.; Philadelphia, 16 cents per 100 lbs.; Baltimore, 15 cents per 100 lbs. (the above rates shall be the maximum rates on intermediate traffic over the same line in the same direction), provided tariffs covering through rates from point of origin to destination are published by initial lines, and traffic moves on through consignments.

"This recommendation is predicated on the fact that the rate per ton per mile allowed lines east of East St. Louis is approximately the same as earned by lines up to East St. Louis."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 539."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held April 15th, 1904.

Meeting considered rates on sulphur from Louisiana mines, and the lines, members of this Committee, individually advise that they will be governed by Information Circular No. 5070, protecting the rates named therein, prorating them on New Orleans divisions, after deducting arbitrary of not to exceed 6 cents per 100 lbs. for the originating road. The T. St. L. & W., not being present, advised later their approval of the above.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 540."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held May 6th, 1904.

Record shows that meeting considered application for reduced rate on pigeons, clay or clay targets, C. L. This subject was brought up by letter from a member, making application for reduction in rate to New York City; and,

after discussion, it was moved that the applicant be advised that the Committee do not deem it expedient to favorably consider the application for reduced rate.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 541."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held May 20th, 1904.

Meeting considered rate on sulphur from Louisiana mines, and action was taken as follows:

"Whereas, C. F. A. lines are designated as parties to tariff publishing through rates from sulphur producing points to destinations in C. F. A. territory.

"We recommend, As a disposition of this subject, that C. F. A. lines notify the Southern Pacific Road of their non-concurrence in the through rates and divisions as at present promulgated, and at the same time C. F. A. lines to give notice that on such traffic full local rates will be exacted from river crossings."

Meeting also considered rates and divisions on traffic from Arkansas, Louisiana and Texas via East St. Louis to Trunk Line territory. Report of Special Committee was accepted, and report submitted to the C. F. A. as the recommendation of this Committee. The report of the Special Committee is set out in the proceedings of the meeting.

Letter was read from a member, suggesting that the T., St. L. & W. R. R. be requested to become a regular member of the St. Louis Eastbound Freight Committee, and a resolution was adopted to the effect that the Chairman take the subject up with A. G. F. A. Keane, with the view to restoring the relations which formerly existed, and have the T. St. L. & W. R. R. again become a regular member of the Committee.

Above exhibit, consisting of ten pages, is marked "Plaintiff's Exhibit Fraser No. 542."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held May 27th, 1904. Meeting considered the subject of industrial road switching at Granite City, and action was taken as follows:

"Lines interested hereby individually announce that they will not absorb switching or other charges assessed by the Granite City, Alton & Eastern R. R., the Granite City Mfg. Co., or the St. Louis Syrup and Refining Co., at Granite City, Ill., and that this announcement be subscribed to by the Chief Traffic official of the lines interested."

The Chairman was instructed to send each resident member, also General Agent C. B. & Q. R. R., two copies of action taken on above subject, so that one copy may be sent to the Chief Traffic Official for his signature, and then returned to the Chairman.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 543."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held June 3rd, 1904.

Meeting considered through rates and divisions on melons from points in Missouri. This subject was referred at last meeting to the Rate Clerks for consideration, and at meeting to-day Chairman stated that the Rate Clerks had met and formulated recommendation to the C. F. A.; but that he had since received letter from G. F. A., St. L. M. & S. E. R. R. stating that they would have five groups of stations on their line instead of two, as shown in recommendation to C. F. A. As change in grouping of Western Line stations did not affect rates east of East St. Louis, the Chairman was instructed to amend recommendation adopted at meeting May 31st (as per letter to Chairman C. F. A., May 31st, File 4227) making the necessary

changes in the Western Lines' grouping of stations, in line with Western roads' letters.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 544."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held June 17th, 1904.

Record shows that meeting considered rates on lumber from Southwestern roads to C. F. A. points, and it was

"Moved, That the subject be deferred until next meeting, in the meantime the Chairman secure tariffs of the various Southwestern Roads, and draw up a comparison of the rates to Cairo, Gale, Thebes, St. Louis and East St. Louis, on lumber, from points in Arkansas, Louisiana and Texas."

Meeting also considered application for reduced rates on pigeons, clay or clay targets, C. L., to Trunk Line points. This subject was last considered at meeting May 6th (Proceedings 86), and brought up again by letter from a member making application for reduction in rate from East St. Louis on traffic originating at Kansas City, stating that lines Kansas City to East St. Louis would make a reduction in their rate 7 cents per 100 lbs., from 22 to 15 cents, but the rate demanded east of East St. Louis is too high to move the traffic. It was stated that any change in the rate from East St. Louis, either proportional or otherwise, would materially affect rates from other C. F. A. territory, and with this in view, it was

"Moved, That previous action be re-affirmed, and applicant advised that the Committee do not deem it expedient to favorably consider the application for the reduced rate."

Meeting also considered the application of the St. Louis & Belleville Electric, and the East St. Louis & Suburban Ry., for membership in the Committee, and it was resolved,

that the application be declined, the Chairman to notify the applicant accordingly.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 545."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held July 1st, 1904. Meeting considered the discrepancies between the rules on dressed meats and P. H. P., in C. F. A., C. & O. R., and St. L.-Cin.-Louisville Freight Committees. Chairman read letter from Chairman C. F. A. to the effect that the C. F. A. would offer no objection to the St. Louis-Cincinnati-Louisville Freight Committee applying the same regulations as currently applied by the C. & O. R. Committee, etc. It was stated by members that Chairman Tucker's letter did not cover the intent of the resolution adopted at meeting of June 17th, and the following was adopted:

"Moved, That reply be made to Chairman C. F. A. that the St. Louis Eastbound Freight Committee is aware of the fact that the C. F. A. will not object to the application by the St. Louis-Cincinnati-Louisville Freight Committee, of the same rules as in effect by the C. & O. R. Committee; that is not the point: this Committee desires uniform rules as between the C. F. A., the C. & O. R., and the St. L. C. L. Frt. Committees, and respectfully requests that an effort be made to have action taken in that direction."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 546."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held July 19th, 1904.

Record shows that Committee again took up the matter of discrepancies between the rules on dressed meat and P. H. P. in C. F. A. and C. & O. R. Committees, and it was

"Moved, That inasmuch as it appears impossible to har-

monize the rules of the C. F. A., C. & O. R. Committee, and the St. Louis-Cincinnati-Louisville Freight Committee, that the Chairman correspond with the Chairman C. F. A., with the view of having the territory affected by the C. & O. R. Committee rules, on shipments from Chicago, defined; also define the territory affected by the St. Louis-Cincinnati-Louisville Freight Committee rules; and promulgate the information by circular letter."

Meeting also considered rate from East St. Louis on cotton-seed meal, from Arkansas to Eastern cities, and it was moved,

"That Chairman C. F. A. be advised that while the contention of the Clover Leaf is correct, so far as common points are concerned, through rates from which are made on Cincinnati combination, which is one cent less than any other, their position is not tenable, so far as local points are concerned, rates from which are made on the Cairo combination, and that in billing the shipments in question, which originated at Portland and Monticello, Ark., the proportion of the Cairo rates east of East St. Louis cuts the Cairo combination 2 cents per 100 lbs., because the rates from Portland and Monticello, Ark., to East St. Louis, are 1 cent higher than Cairo."

Meeting also considered rate on rice from points west of New Orleans, and it was recommended, "That Information Circulars 786-A, 3687 and 1408 be amended to provide that local rates from points of shipment to East St. Louis shall be the maximum proportion accruing to lines south of East St. Louis, provided concurrent action is taken at Ohio River crossings."

Above exhibit consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 547."

Plaintiff offers in evidence record of meeting of St. Louis Eastbound Freight Committee, held July 29th, 1904.

Meeting considered the subject of Missouri Pacific Circular No. 666, routing western freight to, from, or through Bixby, Ill., via Carondelet, Mo. Chairman was instructed to take the subject up with absent members.

Meeting also considered rate on pig lead and spelter to Western Termini. After consideration of the subject, it was individually announced that the Baltimore rate, 12½ cents per 100 lbs., as per C. F. A. Info. 1208-A, Special Notice No. 1495, would be the minimum rate on pig lead, C. L., from East St. Louis to Western Termini of Trunk Lines, and same rate would apply on spelter.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 548."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 2nd, 1904.

Meeting considered application for reduced rate on barytes ore. Chairman read correspondence between this office and Commissioner Trunk Line Ass'n., regarding price f. o. b. eastern cities, etc.; also submitted information as to the price f. o. b. East St. Louis; and after discussion it was moved that the application be declined.

Meeting also considered rate on cotton-seed meal from Arkansas to eastern cities, anad it was

"Moved, That Chairman C. F. A. be advised that the St. Louis Committee desire through rates established on cotton-seed meal, cake, etc., to Trunk Line territory via all gateways with all opportunities for manipulation eliminated, and with this end in view suggests a conference of interested roads from Cincinnati, Louisville, Cairo, Gale, Thebes and East St. Louis."

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 549."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 9th, 1904.

Record shows that meeting considered rates on grain to C. F. A. points. Communication was read from Chairman C. F. A., suggesting that rates on wheat from East St. Louis to all points in C. F. A. territory should be restored to authorized basis, and the view was held that the situation, towards securing an advance in grain rates, hinges on the restoration of the authorized basis from East St. Louis to Detroit and Toledo, and as the lines interested in the direct handling of grain from East St. Louis to Detroit and Toledo are not prepared to announce willingness to advance to authorized basis, the opinion is that uniform action in the direction of securing an advance cannot be accomplished at the present moment. The further view was expressed that this grain rate situation has reached the stage where an advance to authorized basis will of necessity have to receive attention of the Chief Traffic Officials before the desired end can be obtained, and the Chairman was instructed to notify Chairman C. F. A. accordingly.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 550."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 23rd, 1904.

Meeting considered rates and divisions on sand from Missouri pits to C. F. A. points. This subject was brought up by a member calling attention to C. F. A. Information No. 5429, naming rates on sand, all kinds, C. L., from Missouri pits, viz: Crystal City, Klondike, Pacific and Silica, to C. F. A. points; and after due consideration the Chairman was instructed to write Chairman C. F. A. that this Committe notices that to certain points in the Gas Belt, where

rates have heretofore been on a parity the rates via East St. Louis in Information No. 5429 are now ten cents higher, and that it is the understanding of the St. Louis roads that there was to be no change in the basis of rates, but simply a relative reduction ,and ask him why the change was made. The following action was also taken:

"Moved, That the Chairman request Western Lines, viz: Frisco, Missouri Pacific, and M. K. & T., having the sand pits on their lines, to publish through rates on basis outlined in C. F. A. Information No. 5429, allowing lines east of East St. Louis and Alton, 50 cents, less than the rates therein mentioned, as the Eastern Lines' proportion of the through rate, and report result by Circular Letter."

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 551."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 30th, 1904.

Record shows that meeting considered rates on cotton seed meal from Arkansas to eastern points. Attention was called to Southwestern Tariff No. 4-C, Supplement No. 2, September 28th, 1904, not showing through rates but proportions up to Cairo, Gale, Thebes, etc., and proportion beyond; also that rate to Cincinnati via C. R. I. & P. from Groups 1 and 3 points, is 15 cents; and the Chairman was instructed to call Chairman Cale's attention to the fact that it was agreed that rates would be advanced to 18 cents; also call his attention to not having published through rates, as contemplated, from originating point to eastern destination, the intention being to have rates published through, so as to in every case, in addition to the advance to 18 cents, avoid the use of the Lexington, or any other basis.

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 552."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held October 14th, 1904.

Meeting considered the subject of Missouri River wheat to C. F. A. points, and Chairman was instructed to advise Chairman C. F. A. that St. Louis lines will, on advice from Chairman C. F. A. to the effect that lines operating from Upper Mississippi River crossings concur, advance proportional rate on wheat to Cleveland and Cleveland rate points to 7½ cents per 100 lbs., effective Nov. 1st, 1904.

Meeting also considered the matter of Rule 27 of Official Classification not being enforced. This subject was brought up by letter from Chief Inspector, making a general charge that Committee roads were violating Rule 27 of Official Classification; and after discussion, the Chairman was instructed to write the Chief Inspector for specific information.

Meetings also considered rates and divisions on deciduous fruits from Colorado, Idaho and Utah. Chairman read letter of Oct. 5th, File 9880-A, from Chairman C. F. A., asking whether "it is the desire of the St. Louis lines to accept Pacific Coast Terminal earnings as minimums on apples from Colorado, Idaho and Utah." After consideration of the proposition, the Chairman was instructed to advise Chairman C. F. A. that this Committee concurs in the opinion that the present authorization (Information 1227-A) should be made clear and specific; that we also re-affirm our previous action, and request that the new authorization make it possible to handle the traffic through East St. Louis on the same relative basis as through Chicago.

Above exhibit, consisting of five pages, is marked "Plaintiff's Exhibit Fraser No. 553."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held October 28th, 1904.

Meeting considered the question of Missouri River wheat, East St. Louis to C. F. A. points. Chairman stated that he had corrected tariffs from all roads who had carried the reduced proportional rates, making rate 7½ cents to Cleveland and Cleveland rate points, etc. The Chairman was instructed to take the subject up with Chairman C. F. A., calling his attention to the fact that Western Lines from Upper Mississippi River crossings have not in all cases corrected their tariffs to conform with rates in effect from East St. Louis, and request him to take the matter up with interested lines, and have them correct their tariffs in accordance with the figures in effect from East St. Louis.

Meeting also considered application for reduced rating on fire brick to Middletown, Ohio. This subject was brought up by letter from member making application for reduced rate. After consideration, it was moved that the application be denied, and the subject laid on the table.

Meeting also considered application for reduced rate on stands, range boilers. Chairman read letter of October 8th from Chairman Official Classification Committee, to the effect that that Committee did not see its way clear to recommend any change in existing classification, and it was moved "That record be made accordingly, and the subject tabled."

Meeting also considered application for reduced rating on locomotive engines sent to works for repairs. Chairman read letter October 18th from Official Classification Committee, to the effect that they did not see their way clear to make any change in the existing classifiaction of the property, and it was moved, "That the record be made accordingly, and the subject tabled."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 554."

Plaintiff offers in evidence record of meeting of the St.

Louis Eastbound Freight Committee, held November 11th, 1904.

Record shows that meeting considered rates and divisions on traffic from Arkansas, Louisiana and Texas; and in view of the apparent misunderstanding on the part of some lines as to the position of the East St. Louis gateway, in connection with this subject, the matter was referred to the C. F. A. for settlement.

Meeting also considered discrepancies between rules on dressed meats and packing-house products of C. F. A., C. & O. R. and St. Louis-Cincinnati-Louisville Freight Committees. The Special Committee having this subject under consideration was not yet ready to report, and more time was granted them.

Meeting also considered rate on sheep pelts or sheep skins, dry, pressed in bales, and recommended rate to meet the rate of the Chicago Committee, and asked the C. F. A. to act on same.

Meeting also considered rates and divisions on pig iron from Holt, Ala., via M. & O. R. R. to Trunk Line points, and adopted a resolution recommending that the subject be referred to Chairman C. F. A., with request that it be referred to Committee on Relations with Southern Roads.

Also considered the subject of Rule 27 Official Classification not being enforced, and Chairman was instructed to put the matter on the docket for the next meeting.

Meeting also considered rates on lumber, Thebes to Trunk Line points, C. & E. I. R. R. Supplement No. 7 to I. C. C. No. 1264, calling attention to difference in rates through the gateway of Thebes and that of East St. Louis, and asking for adjustment of the same, and recommending that the Chairman C. F. A. present the matter to the C. F. A. for consideration.

Meeting also considered the matter of increase in charge by terminal and switching lines at East St. Louis, necessi-

tating correction of Schedule of Switching Charges No. 3, and it was decided that Schedule of Switching Charges No. 3 be cancelled accordingly.

Meeting also considered letter from G. F. A., M. & O. R. R., regarding division of rates from various points, and the matter was continued until the next meeting.

Committee recommended to the C. F. A. that a rate of 15 cents per 100 lbs. be established on cotton-seed foots, cotton-seed settlings, and similar products, from East St. Louis to eastern points named.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 555."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held December 2nd, 1904.

Meeting considered rate on scrap sole leather, C. L., to Trunk Line points. This subject was brought up by letter from a shipper, also letter from Chairman C. F. A., submitting application for reduced rating on the above mentioned commodity. The correspondence was read, and after discussion the lines interested individually announced that the application be declined.

Meeting also considered rate on grain from Missouri River, East St. Louis to C. F. A. points. This subject was brought up by letter from G. F. A. Missouri Pacific road regarding rates on grain from West via East St. Louis, which was read, and the Chairman was instructed to advise G. F. A. Missouri Pacific that as a result of recent check, the rates from East St. Louis are on a relative basis with rates through Upper Crossings.

Meeting also considered rate on sulphate of soda or Glauber salts, this subject being brought up by letter from Chairman C. F. A., submitting copy of letter from A. G. F. A., C. R. I. & P. Ry., making application for rate of $2.00 per ton from the Mississippi River to Niagara Falls, on

sulphate of soda, or Glauber salts. After consideration, the Chairman was instructed to advise Chairman C. F. A. that it is the sense of this Committee that it is not deemed expedient to make any change in the present rates.

Above exhibit, consisting of six pages, is marked "Plaintiff's Exhibit Fraser No. 556."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held December 13th, 1904.

Meeting considered matter of increase in switching charges by Wabash R. R. to industries in North St. Louis; also application for reduction in rate on scrap iron to Terre Haute, Ind., in line with present rate to Louisville and Cincinnati, and decided not to grant application for change in rates.

Meeting also considered the subject of shipments billed collect, which are required prepaid by the Official Classification. Also application for reduced rate on button blanks from East St. Louis, in line with C. F. A. Info. No. 1255-A. Also unauthorized application of spelter rates on zinc scrap; and Chairman C. F. A. advised, by resolution, that the Eastbound Committee thinks that Official Classification basis should apply on scrap zinc, and recommends that Chairman C. F. A. follow the shipments named to destination, and ascertain if the billing has been set up, and if not to see that it is.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 557."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held December 20th, 1904.

Meeting considered discrepancies between rules of the C. F. A., Chicago & Ohio River Committee, St. Louis-Cincinnati-Louisville Freight Committee, on dressed meats and

packing-house products. After consideration, the Chairman was instructed to submit the proposition to the St. Louis-Cincinnati-Louisville Freight Committee and the Chicago & Ohio River Committee, and ask them if, with the proposed modification of the C. F. A. rules, they would make their rules in accordance with the C. F. A.; and if the two committees advise that the proposition will be satisfactory to them, the subject then to go to Chairman C. F. A., with the statement that the proposed change is agreeable to the St. Louis-Cincinnati-Louisville Committee and the Chicago & Ohio River Committee, and request that C. F. A. rules be changed with the view of having same rules in effect by the three Committees.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 558."

Plaintiff offers in evidence record of meeting of the Representatives of Initial Lines from St. Louis and East St. Louis interested in the transportation of exhibits from the World's Fair (Louisiana Purchase Exposition), held December 28th, 1904.

Record shows that in order to move the commodities named, the roads agreed that goods entitled to return free may be moved forwards without prepayment of terminal charges; it being understood, however, that this does not apply to export business.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 559."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held December 29th, 1904.

The record shows details of meeting held December 28th, 1904, carried out.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 560."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held January 4th, 1905.

Record shows meeting considered discrepancies between rules of the C. F. A., the C. & O. R. Committee, and the St. Louis-Cincinnati-Louisville Freight Committee, on dressed meats and packing-house products. Also recommended rate on sand from Missouri pits to Kennard and New Castle, Ind.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 561."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held January 17th, 1905.

Meeting considered rate on oil stones, in bulk, rough quarried, C. L., from Arkansas to Littleton and Pike Station, N. H. At C. F. A. meeting 11th and 12th rate of 34 cents per 100 lbs. from Memphis was authorized. As the rate from East St. Louis will be two cents out of line, as compared with Memphis, Cairo, Gale and Thebes, the following was adopted:

"Whereas, the recent legislation in the C. F. A., authorizing rate of 34 cents on oil stones, rough quarried, C. L., from Memphis to Littleton and Pike Station, N. H., results in making the same through rates from quarries at Benton and Hot Springs, Ark., to those points, via Memphis and Cairo, Gale and Thebes, respectively, but as Western roads hold rate of 16 cents to East St. Louis, the East St. Louis combination is two cents higher than the Cairo, Gale, Thebes or Memphis combination, viz.: (Here follows list of rates, etc.); therefore, be it

"Recommended, To the C. F. A., that a specific proportional rate of 29 cents per 100 lbs. be established from East St. Louis to Littleton and Pike Station, N. H.; further

"Recommended, That the specific proportional rate of 29 cents per 100 lbs. from East St. Louis to eastern points mentioned, shall be applied in lieu of the division of the established through rate from Cairo, Thebes and Gale, via East St. Louis; it is further

"Recommended, That the action of this Committee be referred to the Special Committee having in charge the question of rates and divisions on traffic from points in Arkansas, Louisiana and Texas, with the statement that the necessity exists for a rule which will enable all rates fixed to all points in C. F. A. and Trunk Line territory, via any one crossing, to be simultaneously equalized via all other gateways, with divisions limiting line to the local as maximum."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 562."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held January 24th, 1905.

Record shows that application was made for a commodity rating to Trunk Line territory on roofing tile same as pressed brick, and the application declined by the Committee.

A Committee of three was appointed to draw up a protest against the present low rates on pig lead and spelter.

Meeting also considered the subject of what roads and fast freight lines have percentage arrangements in effect between stations on the "K" line, and eastern and Virginia cities, at variance with Joint Committee Circulars, and the matter was docketed for consideration at next meeting.

Meeting also considered proposition to change Official Classification to provide rating on wool, any quantity, only, and made recommendation to the C. F. A. thereon. Also considered the question as to whether it was customary to

apply authorized commodity rates in effect to Cincinnati, to points shown in Minimum Basing Book No. 9 as taking Cincinanti rates, and it was decided that it is the sense of the St. Louis Eastbound Freight Committee that this should be done.

Meeting also considered application for commodity rating to Trunk Line points on World's Fair staff, architectural ornaments, etc. Also made recommendation in reference to furnishing the Illinois Terminal Railroad with copy of Minimum Basing Book No. 9.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 563."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held January 31st, 1905.

Meeting considered application for reduced minimum carload weight on potatoes. This subject was brought up by letter from member, submitting letter from shipper at Tyler, Texas, making application or request that minimum be reduced from 30,000 to 24,000 lbs., and it was recommended that the application be declined. Adopted individually by roads interested.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 564."

Plaintiff offers in evidence record of special meeting of the St. Louis Eastbound Freight Committee, held February 9th, 1905.

Record shows meeting was called at request of member, in letter stating that writer was in receipt of letter from a Committee of the Merchants' Exchange in regard to present adjustment of rates on export grain from the Missouri River and East St. Louis to the Gulf, vs. Atlantic Ports, and asking special meeting of the Eastbound Freight Com-

mittee to be called to consider it. After letter was read and discussed, resolution was offered as follows:

"Whereas, The development of Gulf Ports and facilities for handling export grain traffic thereat, and the publication of low rates from St. Louis to New Orleans, etc., have changed the relative conditions at St. Louis, as well as at the Missouri River; and,

"Whereas, The present rate adjustment from East St. Louis to Eastern Seaboard Ports, that is, on basis of 116 per cent. of rates established from Chicago, causes too great a difference in rates as between Atlantic and Gulf Ports, and

"Whereas, The geographical location of St. Louis with reference to Chicago, i. e., the fact that St. Louis is nearer Gulf Ports than Chicago, and Chicago is nearer Atlantic Ports than St. Louis, which makes the relative rate adjustment on export traffic higher from Chicago to the Gulf than from St. Louis to the Gulf, although the rates from Chicago to Atlantic Ports are lower than from East St. Louis to Atlantic Ports,

"Resolved, That we recommend to the C. F. A. that lines leading eastwardly from St. Louis be authorized to meet the conditions which exist at St. Louis, and to make such proportional rates from East St. Louis as may be necessary to place Atlantic Seaboard ports on a parity with Gulf ports, it being considered that a differential of three cents per 100 lbs. from East St. Louis, f. o. b. vessels Baltimore, in excess of the rate in effect from St. Louis to New Orleans, is a reasonable and proper adjustment."

Record shows that on roll-call, four affirmative and four negative votes, and the proposition declared "Not adopted;" but action of the meeting was ordered transmitted to the Chairman C. F. A. for consideration and action of the C. F. A. roads.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 565."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held February 14th, 1905.

Meeting considered rate on broom corn, Western points, via Chicago and Peoria, vs East St. Louis, on through shipments to Trunk Line points. Chairman read report of Rate Clerks meeting, Feb. 3rd, as follows:

"Whereas, it is apparent that the present proportional rates on broom corn, C. L., from East St. Louis to eastern cities, as contained in Information Nos. 1181-A and 5137, are out of line, due to the fact that the present differential of Western Lines between Chicago and East St. Louis is 10 cents per 100 lbs., whereas it was formerly 5 cents per 100 lbs., be it

Recommended, That the above mentioned Information authorities, Nos. 1181-A and 5137, be cancelled, and instead that rates from East St. Louis be authorized uniformly 10 cents per 100 lbs. higher than the present 2nd class rates from Chicago, observing the present 2nd class rates from East St. Louis as the maximum. These rates to apply on broom corn, C. L., from all points west of the West Bank of the Mississippi River."

And it was moved that the report of the Rate Clerks be accepted and adopted as the sense of this Committee.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 566."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held February 21st, 1905.

Record shows that meeting considered rules governing grain in transit, and after discussion the Chairman was instructed to advise Chairman C. F. A. that before the St. Louis Eastbound Frt. Committee would adopt the rates of the Chicago Committee, it was desirable that Chief Inspec-

tor Rainer meet the St. Louis Eastbound Freight Committee in the office of the Chairman at its next meeting, Feb. 28th, to determine whether the rules now in effect at Chicago can properly be applied to grain passing through East St. Louis.

Meeting also considered rates on lime to C. F. A. points, and declined to change the rate thereon. Also considered rates on wool, and made recommendations to Chairman C. F. A. with reference to changing rates thereon.

Also considered rate on sand from Missouri pits to C. F. A. points, and Chairman was ordered to call a meeting of the Rate Clerks to check in rates on above commodity.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 567."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee held March 7th, 1905.

Meeting considered rates on cotton-seed meal, etc., from Arkansas points. After a general discussion, the following was individually adopted by the lines interested:

"Whereas, The rates on cotton seed ashes, cake, hulls, meal and motes, C. L., from Arkansas common points to East St. Louis are 1 cent higher than from the same points to Cairo, Gale or Thebes; and

Whereas, The through rates from Arkansas common points to eastern cities are based on the Cairo, Gale or Thebes combination; and,

Whereas, the acceptance east of East St. Louis of the proportion of the Cairo, Gale or Thebes rates, divided as per C. F. A. Info. 998-A and 1120-A, added to rates from Arkansas common points to East St. Louis would result in either giving the Southern Lines in excess of their locals, or in cutting the Cairo combination; it is

Recommended, To the C. F. A., that C. F. A. Info. Circular 1247-A be modified to provide that on shipments of cotton seed ashes, cake, hulls, meal and motes, lines east of

East St. Louis will not accept less than 1 cent per 100 lbs. less than the rates current from Cairo, Gale or Thebes, as proportional rates from East St. Louis, applying on traffic originating in Arkansas territory."

The above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 568."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held March 28th, 1905.

Record shows meeting considered issuance of bills of lading on cotton in warehouses in East St. Louis on receipts of the St. Louis Cotton Compress Company. On roll call, to ascertain what roads had done so, all answered in the negative except the Clover Leaf.

Meeting also considered rates on scrap leather, and it was

"Moved, That Chairman C. F. A. be advised that while the St. Louis lines would like to encourage the shipment of the commodity by providing 6th class rates thereon, it cannot consistently make such a recommendation, because of the effect it would have on shipments of scrap leather of greater value, which are used for other than fertilizer purposes."

Meeting also considered the matter of absorption of switching in St. Louis, and letter was read from A. G. F. A. C. & E. I. R. R., to the effect that it was their intention, in order to get a portion of the business in St. Louis, to publish a switching tariff absorbing, under certain conditions, switching on carload freight, except coal and coke, between all switches and tracks located within the switching limits of East St. Louis, Ill., or St. Louis, Mo., and C. & E. I. R. R. Co. tracks; and stating that they found this necessary in order that the Frisco rails may do a share of the competitive business, as against the conditions which now prevail both at St. Louis, Mo., and East St. Louis, Ill.

Meeting also considered the subject of industrial roads switching at Granite City, Ill. The matter was brought up by leter from a member, to the effect that action of the St. L. Eastbound Frt. Committee, May 27th, 1904, Proceedings No. 89, was not being conformed to by all roads. The Chairman was instructed to incur the necessary expense for securing a transcript of the testimony before the Interstate Commerce Commission on the subject for consideration at next meeting.

Meeting also considered rules governing grain in transit, and attention was called to the joint meeting between east and west lines, at Chicago, on the 15th inst., and after discussion the following action was taken:

"Whereas, The publication of through rates necessitates the establishment of transit rules, on export grain passing through East St. Louis, corresponding with those in effect at Peoria and Chicago.

Resolved, That Mr. Edw. Hart, Jr., be appointed a Committee of one to call upon Mr. W. C. Stith of the Western Trunk Line Committee, for the purpose of requesting him to secure the co-operation of Western Lines in that direction."

Meeting also considered rate on mahogany logs, Galveston, East St. Louis to Indianapolis, and made recommendation to the C. F. A. thereon.

Also division of rates between Memphis, Tenn., and eastern cities, via Ohio River crossings; and application from a shipper for reduced rate on scrap-copper brass, etc., vs. lead and zinc. Letter was read by Chairman, and after discussion the Chairman was instructed to reply to party making request that the St. Louis lines cannot consistently comply with the request, for reduced rate.

Meeting also considered rate on cotton-seed meal, etc., from Arkansas, and matter was laid over until next meeting. Also proper rating on onions, from Texas.

Meeting also considered rates on wool. Chairman read letter from Chairman C. F. A., to the effect that recommendation was made that no change be made in the rating on above commodity.

Meeting also considered proportional rates on wheat and other grain, East St. Louis to C. F. A. points. The subject was brought up by letter of March 25th from Chairman C. F. A., and Chairman Fraser was instructed to submit same to resident members of the St. L. Eastbound Freight Committee by circular letter, so as to enable them to come prepared at next meeting to consider the subject. (See Circular Letter No. 295.)

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 569."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held April 4th, 1905.

Meeting considered rate on cotton-seed meal, from Arkansas, and it was

"Moved, That the Chairman take up with the Chairman of the Arkansas Frt. Committee, the question of through rates and divisions on cotton-seed meal, with the view of bringing about the publication of through rates and divisions in accordance with action of Joint Conference meeting between C. F. A. and Arkansas lines at Chicago, Sept. 23rd, 1904, as per C. F. A. Info. Circular No. 1247-A."

Meeting also considered the subject of switching at St. Louis, etc. After general discussion of the subject at meeting to-day, it was individually announced that, effective on legal notice, all switching charges to or from industries and sidings on the Burlington, Missouri Pacific, St. L. I. M. & So., St. L. & San Francisco, and Wabash Railroads, located within the switching limits of St. Louis, as defined in the switching tariff published by the Local Freight Agents' Association, may be absorbed on all carload traffic,

except bituminous coal, originating at or destined to points in C. F. A. and Trunk Line territories, east of the Indiana-Illinois State line.

"Note: It is understood that these individual announcements do not contemplate the absorption of any part of the transfer charges or bridge tolls of the Terminal Railroad Association of St. Louis, Merchants' Bridge Terminal R. R. Co., Wiggins Ferry Company, or other carriers, transporting traffic across the Mississippi River. These charges to be invariably added to the rates to or from East St. Louis."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 570."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held April 18th, 1905.

Record shows that meeting considered rates on barytes, and after discussion of the subject, the following was adopted:

"Whereas, present rates on barytes from East St. Louis to C. F. A. points are the result of foreign competition which necessitated the establishment of rate of 20 cents, East St. Louis to New York, which fixes rate of 13½ cents per 100 lbs. from East St. Louis to Western Termini of Trunk Lines, which in turn fixed that as the maximum to intermediate C. F. A. points west to Detroit and Toledo; and,

Whereas, rates from Ohio River crossings, Cairo, Gale and Thebes, to all points in C. F. A. territory have recently been authorized on basis of 83.33 per cent of the 6th class rates, as per C. F. A. Information No. 5770; and,

Whereas, East St. Louis lines cannot consistently hold rates on a higher basis than in effect from Ohio River crossings, Cairo, Gale and Thebes, as above, which would cause a reduction from East St. Louis to points west of Cleveland, which is neither necessary nor desirable;

Resolved, That we protest against the publication of rates on basis of 83.33 per cent from Ohio River crossings, Gale, Cairo and Thebes, and suggest that C. F. A. Information No. 5770 be cancelled, and rates from those crossings fixed on a basis which will at least not cause any reduction from East St. Louis."

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 571."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held May 2nd, 1905.

Record shows that Committee considered the matter of industrial roads switching at Granite City, Ill.; and desiring further information, matter was laid over until next meeting.

Meeting also considered rules governing grain in transit. It was stated by a member that Chairman Western Trunk Lines Committee advised that he had been unable to get the Committee together, and the subject was continued until the next meeting.

There was also submitted at this meeting, report of Rate Clerks' meeting, April 28th, as follows:

"Referring to M. & O. Tariff I-S-5381, naming rates on lumber and articles taking lumber rates, from Maplesville, Ala., to Trunk Line points.

Before attempting to check this tariff, a representative of the Rate Clerks called on the M. & O. to ascertain their authority for the figures used, and was quoted certain Southern Railway issues. The matter was then taken up with the Southern Railway, who advised that lumber issues named by the M. & O. had been cancelled, and were superseded by their lumber issue, No. 4351, I. C. C. No. 9263, dated Feb. 18th, 1905, advances effective March 2nd, 1905, reductions effective February 23rd, 1905.

In checking M. & O. tariff against current Southern

Ry. tariff mentioned above, a great many discrepancies were observed, principally to points on the Long Island R. R., taking arbitraries above New York rates, these discrepancies being doubtless due to recent revision of rates demanded by the Long Island R. R. as arbitraries. We therefore

Recommend, to the General Committee that the Chairman be instructed to correspond with Mr. J. M. Denyven, G. F. A., M. & O. R. R., calling attention to the fact that his tariff is badly out of line with current Southern Ry. issue applicable from Maplesville, Ala.; and further

Recommend, That the M. & O. be notified that the lines, members of this Committee, cannot concur in the Division Sheet to their tariff unless said Division Sheet is restricted to apply on yellow pine lumber, only, as specifically authorized in C. F. A. Information No. 1042-A. This notification to be given M. & O. R. R. by the Chairman on behalf of the individual lines, members of the St. Louis Eastbound Freight Committee."

After consideration, it was moved, "That the report of the Rate Clerks be adopted as the sense of this Committee, and that the Chairman handle the matter in the manner suggested."

Meeting considered the subject of handling of import traffic via Gulf Ports; and also proposition to cancel present arrangements for dividing rates from Cairo, Gale, Thebes, etc., via East St. Louis, and establishing arbitraries.

The meeting then took up the question of rates on wall plaster, complaint being made by Chief Inspector Rainer that shipments via C. & E. I. R. R., and the Southern Ry., handled through warehouse at East St. Louis, are billed at rates authorized by C. F. A. Information No. 4992 on wall plaster originating at points west of St. Louis; and Committee instructed Chairman to notify Chief Inspector that,

as there was no specific legislation of the St. L. Eastbound Freight Committee on this subject, they could see no objection to the application of the proportional rates, under the circumstances.

Meeting also considered rates on burlap and gunnybags, C. L. and less, East St. Louis vs. New Orleans, to C. F. A. points, and it was moved and adopted "That the subject be referred to Chairman C. F. A., with the request that he take it up with the Southeastern Mississippi Valley Association, calling their attention to the fact that lower rates, actual and relative, are in effect from New Orleans to various C. F. A. points than are in effect from East St. Louis; that rates from New Orleans seem to us unnecessarily low, and that as there are two very large manufacturers of this kind of material in St. Louis, a reduction in rates from East St. Louis to C. F. A. will have to be made, to enable them to compete for a share of the business, unless a considerable advance is made in rates from New Orleans and other Mississippi Valley points, which also carry rates on about the same basis as are in effect from New Orleans."

Meeting also considered rates on lumber from Potosi, Mo., via East St. Louis to Eastern Cities. Chairman read letter from A. G. F. A. Clover Leaf, asking that the subject be again docketed, and Clover Leaf representative stated that said road wished to withdraw their concurrence in action taken at meeting April 18th, regarding notice to Missouri Pacific of non-concurrence in Mo. Pacific tariff I. C. C. 6749, and stating that they proposed to protect the Missouri Pacific tariff and division sheet as it now stands, until further notice. After discussion, action was taken as follows:

"Whereas, The Clover Leaf is protecting proportion of the Cairo rate on lumber originating at Potosi, Mo., on which the through rates do not base on the Cairo combination, which is contrary to the C. F. A. ruling, and has given

notice in this Committee of its intention to make no change.

"Recommended, That the subject be referred to the Central Committee of the C. F. A. for their consideration and adjustment, with the statement that if this basis of making rates is continued on shipments from Potosi, it will inevitably spread and before long result in the application of the proportion of the Cairo rates on all traffic from the West to Trunk Line territory, via East St. Louis."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 572."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held May 16th, 1905.

Meeting considered application for rate on zinc ore, originating west of the Mississippi River, East St. Louis to Cleveland, Ohio, in line with rate from Chicago, as per Info. No. 5860, and it was

"Resolved, That in view of the proportional rates established on zinc ore, of $1.50 per gross ton from Chicago to Cleveland, Ohio, originating west of the Mississippi River, C. L., minimum weight 20 gross ton, we recommend the establishment of rate on the same commodity, same minimum weight, of $2.00 per gross ton, to apply as proportional rate on traffic originating west of the Mississippi River."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 573."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held May 23rd, 1905.

Record shows that the Eastbound Frt. Committee, after hearing the Chairman read corespondence with Chief Inspector, moved that copies of the correspondence be sent to Chairman C. F. A., with the request that he favor us with

an explanation of the ruling as to prepayment of charges on certain classes of horses shipped.

Meeting also considered rates on live poultry, C. L. from Missouri River points, via East St. Louis vs. Chicago to Western Termini of Trunk Lines and east thereof. This subject was brought up by letter from a member, which the Chairman read, and the following was adopted:

"Whereas, It being apparent the East St. Louis gateway is out of line as regards through rates on live poultry, carloads, Missouri River points to Eastern cities, including the Western Termini of the Trunk Lines, as compared with through rates available via Chicago gateway, such through rates being based on Western Trunk Line Rule Circular No. 6, effective July 15th, 1901, which authorizes 4th class rate, minimum 20,000 lbs., as applicable on live poultry, carloads, Missouri River points to East St. Louis and Chicago; and,

Whereas, Present Western Trunk Line tariff No. 183, effective March 1st, 1904, shows 4th class rate to be to East St. Louis 27 cents, to Chicago 32 cents, from Missouri River points, therefore, with the view of equalizing rates via both gateways, be it

Resolved, That we recommend to the C. F. A. the establishment of proportional rates on live poultry, originating at Missouri River points, minimum weight as per Official Classification, from East St. Louis, as follows: (Then follows list of points and rates)"

Meeting also considered division of rates between Memphis, Tenn., and eastern cities, via Cairo, Thebes, etc., and East St. Louis. Chairman read letter of May 19th, from Chairman C. F. A., asking information as to why cotton was accepted any more than any other business, and was instructed to advise Chairman C. F. A. that cotton was accepted for the reason that Joint Committee Circular No. 1646 makes an exception only of cotton.

Meeting also considered the subject of guarantee of pre-

payment of freight charges on vegetables on part of Western lines; also letter from Chairman C. F. A. asking what roads were protecting rate of 50 cents per 100 lbs., C. L., on asphaltum, from California points to points east of the Indiana-Illinois State line, instead of demanding percentage proportion of the 75-cent rate. This subject was presented to the Eastbound Freight Committee, and taken up with the District Inspector, with the view of ascertaining whether any of the traffic has been handled on that basis; and reply was received that records show only one shipment passed East St. Louis this year, and that was billed at local rate 90 per cent of the 6th class, as per C. F. A. Information No. 5482. This information was directed to be communicated to Chairman C. F. A.

Meeting also considered grain and grain products rates, East St. Louis to C. F. A. territory. This subject was brought up by a letter from Chairman Western Trunk Lines Committee, calling attention to grain and grain products rates as checked in at meeting of representatives of Chicago Eastbound roads, May 8th, and asking information regarding changes that would be made from East St. Louis, and it was moved

"That a meeting of the Rate Clerks be called for to-morrow, Wednesday, 24th, to check and compare rates in effect from East St. Louis with those checked in from Chicago and transmitted with C. F. A. advice letter K-655½, May 13th, also Peoria & Pekin Freight Committee Rate Sheet No. A-8, May 18th, making such recommendations as may be necessary for consideration at next meeting of the Committee.

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 574."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held June 20th, 1905.

Record shows that meeting considered through rates and divisions on melons from points in Missouri and Arkansas to C. F. A. territory, and it was recommended to the C. F. A. that Information No. 5244 be cancelled, and following rates authorized on melons, C. L., minimum weight 25,000 lbs. from Mo. Pacific Ry.—I. M. & So.—and Frisco System stations. (Then follows specification of rates and divisions in maximum proportions.)

Above exhibit, consiting of four pages, is marked "Plaintiff's Exhibit Fraser No. 575."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held July 11th, 1905.

Record shows meeting considered adjustment of rate on cotton piece goods from mills west of the Mississippi River vs. Southern Mills to Trunk Line points. Also switching at Granite City, Ill. Also rate on low grade barytes ore, Potosi, Mo., to Eastern cities, and matter referred to Chief Inspector for information.

Meeting also considered application for change in Official Classification regarding the transportation of beer in bottles in carriers. This subject had previously been referred to Chairman Official Classification Committee for information, which information was received, and after discussion Chairman was instructed to refer the request of Anheuser-Busch Brewing Association for correction of Official Classification to provide for the acceptance of beer, ale or porter in bottles in carriers with pasteboard instead of wooden covers, to the Official Classification Committee, with the recommendation that change be made in line with the request, so far as carload shipments are concerned.

Meeting also considered rate on lumber from East St. Louis vs. Memphis to Eastern cities. After consideration of the subject, the Chairman was individually instructed by lines represented to advise the applicant that the matter

he brings up has been one of earnest consideration, but at the present time the lines cannot see their way clear to take action which would result in reduction of rates from East St. Louis.

Meeting also considered the subject of irregularities in handling traffic from the East to Western points. This subject was brought up by letter, June 24th, from Chairman C. F. A., which was read, and after discussion Chairman Fraser was instructed to reply to Chairman Tucker that conditions in St. Louis are not the same as in Chicago, and action corresponding to Chicago Committee action is not necesary here, because rates of western lines apply from depots of eastern lines at East St. Louis, and through rates are made on the East St. Louis combination.

Meeting also considered rates on lumber, C. L., East St. Louis to Howard City and St. Louis, Michigan, and decided that action as per C. F. A. June 14th proceedings, Subject 6140, will govern.

Above exhibit, consiting of two pages, is marked "Plaintiff's Exhibit Fraser No. 576".

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held July 18th, 1905.

Meeting considered proportional rate on wheat from East St. Louis to C. F. A. points. This subject was last considered at meeting of April 18th, proceedings No. 119, and was brought up again by letter Chairman C. F. A., which was read, and after discussion Chairman was instructed to advise Chairman C. F. A. that the proportional rate from East St. Louis to Toledo and Detroit, now held by the direct lines is 7 cents, which justifies the Vandalia and Big Four (the latter of which has not yet published less than 7½ cents) to quote 7 cents rate; and that, inasmuch as under Joint Rate Committee agreement the East St. Louis rates are applied from Upper Mississippi River crossings and pro-

rated under Joint Committee rules via Chicago and Peoria, we think it would be better to cancel the application of Joint Rate Committee divisions on grain to C. F. A. points, and establish specific proportional rates from East St. Louis, Peoria and Chicago in the manner established on export and Trunk Line grain last spring, which will prevent unnecesary loss of revenue on the part of the C. F. A. roads on trans-Mississippi grain destined to C. F. A. points, and create better conditions than now exist."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 577."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held August 1st, 1905.

Record shows meeting considered application for reduced rate on barytes ore from Blackwell, Mo., East St. Louis to Eastern cities, and declined to make any change in the present rate.

Meeting also considered the subject of proportional rate on wheat from East St. Louis to Western Termini points. This subject was last considered at meeting April 18th, proceedings No. 130, and was brought up again by telegrams and letters from Chairman C. F. A., which were read, and the roads represented individually announced their intention to make, effective August 21st, rates on wheat to Western Termini points 11½ cents per 100 lbs., provided Upper Mississippi crossing roads will do likewise. The Chairman to take the subject up with Chairman C. F. A. with that end in view, and advise members result by Circular Letter.

Meeting also considered minumum carload weight on export grain products, etc., and recommended to the C. F. A. the application of the domestic carload minimum, as per current Official Classification, on export grain products.

Meeting also considered rates on cotton-seed meal, etc.,

from Arkansas points, and decided by resolution that since the Arkansa roads have failed to provide through rates, as contemplated, the matter was referred back to this Committee at meeting of C. F. A., March 15th-16th, that the resolution of March 17th, proceedings No. 114, sent to Chairman C. F. A. by letter March 8th, File 5003, be reaffirmed.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 578."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 5th, 1905.

Meeting considered rates on zinc oxide. The member having the 23-cent basis, East St. Louis to New York, in effect stated that they had not altered their position; that is, that they were of the opinion that zinc oxide should be carried on the same basis of rates to Trunk Line territory as sublimed lead, etc.; and after discussion, the following recomendation to the C. F. A. was adopted:

"Whereas, Zinc oxide is a product of zinc ore, derived in the same manner as sublimed lead is derived from lead ore; and,

Whereas, The general appearance of zinc oxide, and the purposes for which it is used, are substantially the same as those of sublimed lead, barytes, etc., and the value is less,

We recommend, To the Central Freight Association that the current rates on sublimed lead be also authorized on zinc oxide from East St. Louis to C. F. A. and Trunk Line territories. The objections of the Eastern lines to this adjustment have been noted, but we consider that the rates in one direction are not the proper measure for rates in the opposite direction, under all circumstances, and believe that the rates in each direction shall be adjusted solely with refer-

ence to the commercial conditions which exist, eastbound or westbound, as the case may be.

Note: The Gulf lines are making a strong effort to secure this business, and will maintain their current rates regardless of any advance which may be made all rail, so that the withdrawal of the present eastbound rates as proposed by the Eastern lines will not remedy the commercial conditions at the Eastern Seaboard, which are fixed by the rates available through Gulf Ports."

Meeting also considered rates on cotton-seed meal, etc., originating west of Missisippi River, including Arkansas points, and it was recommended to the C. F. A. "That lines east of East St. Louis be authorized to apply the proportion of the Cairo rates on shipments of cotton-seed ashes, cake, hulls, motes, meal, etc., originating at points west of the Mississippi River, billed locally to East St. Louis and then reconsigned to Eastern destinations, or handled under through consignments to Eastern destinations."

Above exhibit, consiting of four pages, is marked "Plaintiff's Exhibt Fraser No. 579."

Plaintiff offers in evidence record of meeting of the Rate Clerks, held September 8th, 1905.

Record shows that, as instructed at meeting of September 5th, Proceedings No. 132, the Rate Clerks met on above date to line up tariffs on concentrates, from East St. Louis to Boston, New York, Syracuse, and other points. The record also shows that the rates named, as fixed by the Rate Clerks, to the various seaboard cities named, are authorized in Information No. 1349-A; and members of the St. Louis Eastbound Freight Committee are to correct their tariffs accordingly, effective October 1st, 1905; Chairman to secure concurrence of the lines not represented.

Meeting also recommended, "That action on Missouri Pacific Joint Percentage Sheet No. 698-C be deferred, pend-

ing C. F. A. action on Advice Letter No. J-333, etc., information having been received that action will probably be taken at meeting next week."

Copies of this were sent to resident members of the Committee by the Chairman.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 580."

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 19th, 1905.

Meeting considered proportional rates on live poultry from stations in Missouri, Kansas and Nebraska, and it was

"Recommended, To the C. F. A. that the proportional rates in C. F. A. Information Circulars 6019 and 1432, Series A, be cancelled, and full local rates from East St. Louis be maintained on all trans-Mississippi River shipments of live poultry."

Above exhibit, consisting of three pages, is marked "Plaintiff's Exhibit Fraser No. 581".

Plaintiff offers in evidence record of meeting of the Rate Clerks, held August 29th, 1905. Meeting established rates on grain and grain products to C. F. A. points, and record contains a long specification of rates to various points.

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 582".

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held September 26th, 1905.

Record shows meeting considered proportional rates on live poultry. Clover Leaf said that their G. F. A. would notify Chairman C. F. A. that his company would not with-

draw their proportional rate on live poultry, but would extend them if necessary.

In view of the above statement, Chairman Fraser was instructed to inform the Chairman C. F. A. that the Clover Leaf advised the Committee that notification would be received by him from Mr. W. L. Ross, G. F. A., outlining fully the position of the Clover Leaf. Further consideration of this subject deferred.

Meeting also considered rates and divisions to Havana and other Cuban ports via New York vs. Gulf of Mexico. Also rates on grain and grain products to C. F. A. points. As shown in Proceedings No. 132, September 5th, this subject was considered and recommendation made to C. F. A. At meeting to-day letter from Chairman C. F. A. was read, to the effect that owing to objections offered the rates would be reviewed by joint conference of Chicago, Peoria and East St. Louis lines at meeting called for Chicago, September 29th, C. M. No. 297.

Meeting also considered matter of prepayment of freight charges on range horses, and moved "That the Inspection Bureau be requested to enforce the present legislation to the best of its ability.'

Above exhibit, consisting of two pages, is marked "Plaintiff's Exhibit Fraser No. 583.'

Plaintiff offers in evidence record of meeting of the St. Louis Eastbound Freight Committee, held October 31st, 1905.

Record shows that meeting considered rates on wool, and declined to make any change in existing legislation on this subject.

Meeting also considered rate on export flour to points on the coast of Maine, east of Portland, etc. This subject was submitted in letter from Chairman C. F. A., as read, and it was announced that the terms and conditions of C. F. A. In-

formation No. 1473, Series A, be adhered to and enforced.

Meeting also considered rates and divisions on citrus and deciduous fruits; and on chatts, C. L., East St. Louis to Terre Haute, Ind., and it was recommended to the C. F. A. "That rate of 90 cents per ton, minimum weight marked capacity of car, be established on chatts, East St. Louis to Terre Haute.

Letter from the Chairman Official Classification Committee was read to the effect that the Committee, at a recent meeting, did not see their way clear to make any change in Rule 27, as to Official Classification.

Meeting considered rates and divisions from and to Monroe and Shreveport, La., and points in Cincinnati-Louisville territory. Matter was brought up by letter from Chairman C. F. A., calling attention to rates and percentages authorized by C. F. A. Info. No. 2541, etc., and requesting to know whether the Committee was willing to have percentage arrangement so modified that locals will be the maximum allowed thereunder either east or west of East St. Louis. Chairman Fraser was instructed to advise Chairman C. F. A. that amendment be issued to Information No. 2541, providing for locals as maximum either east or west of East St. Louis.

Meeting considered application for change in Official Classification, regarding the transportation of beer in bottles in carriers, and the Committee decided they did not see their way clear to make any change in existing legislation on rates, and the subject was tabled.

Meeting also considered rates on cotton-seed meal, etc., originating west of the Misissippi River, including Arkansas points. It was understood at last meeting, when this subject was laid over, that a member would draft a resolution to be submitted to the Committee. At meeting to-day the member stated that after consideration of the proposition, he had decided to withdraw his former motion; and after

further consideration of the subject, the following recommendation was adopted:

"Recommended, To the C. F. A. that the practice recently authorized, as per C. F. A. Info. 1471, Series A, and 6125, of accepting from East St. Louis to Eastern points the proportion of the Cairo, Gale or Thebes rates, in connection with the local rate to East St. Louis, on cotton-seed meal, motes, hulls, cake and ashes, etc., from points west of the Mississippi River be discontinued, and that proportional rates be established, by tariff, from East St. Louis, 1 cent per 100 lbs., less than from Cairo, Gale or Thebes, said proportional rates to be applied on through or reconsigned shipments.

Under this recommendation it will not be permissible to pro-rate the rates as per C. F. A. Info. Nos. 998 and 1120, Series A, or subsequent issues thereof, which should be amended accordingly.

This recommendation, if adopted, will have the effect of cancelling Info. No. 1471, Series A and 6125."

Meeting also considered the matter of absorption of intermediate switching at St. Louis and East St. Louis, and after discussion the subject was laid over until next meeting, it being understood that in the meantime members would investigate as to whether or not they were absorbing any switching, contrary to Circular No. 308."

Meeting also considered day and time for regular meetings of the Committee; also rates on boxes or caddies of plug tobacco, carloads. This subject was brought up by letter from member, which was read, and after discussion the following action was taken:

"Whereas, Special commodity rates have been established on tobacco boxes or caddies, from Louisville, Ky., to various points, as per C. F. A. Info. Nos. 6112 and 1463, Series A; and,

Whereas, The same conditions obtain at this point, be it

Recommended, To the C. F. A. that rates be established on boxes or caddies, for shipping plug tobacco, minimum weighs 20,000 lbs., Rule 27 to apply, as follows: From East St. Louis, Ill., to Helmetta, N. J., 35 cents; Jersey City, N. J., 35 cents; Philadelphia, Pa., 35 cents, and Middletown, Ohio, 15 cents, per 100 lbs."

Meeting also considered use of yellow pine lumber rates and divisons on other traffic (See M. & O. tariff I-S-4405, and division sheet No. 36); and directed that letters of members on this subject be sent to Chairman C. F. A., he to have all the letters before dating and sending them to the M. & O. R. R.

Above exhibit, consisting of four pages, is marked "Plaintiff's Exhibit Fraser No. 584."

At this point, the further hearing of evidence in this cause is adjourned until Thursday morning, December 6th, 1906, at 10:30 o'clock A. M.

R. E. Rombauer,
Special Commissioner.

St. Louis, Mo., December 5th, 1906.

Met, pursuant to adjournment as above, on Thursday, December 6th, 1906, at half past ten o'clock, A. M., at the office of Special Commissioner, Hon. R. E. Rombauer, in the Roe Building, St. Louis, Mo., at which time, by consent of Counsel, the further hearing of this case is adjourned until Monday morning, December 10th, 1906, then to be resumed, at the same place, at 10:30 o'clock, A. M.

R. E. Rombauer,
Special Commissioner.

St. Louis, Mo., Dec. 10th, 1906.

Met, pursuant to adjournment as above, on Monday morning, December 10th, 1906, at 10:30 o'clock A. M., at the office of Special Commissioner, Hon. R. E. Rombauer, in the Roe Building, St. Louis.

Present: Hon. R. E. Rombauer, Special Commissioner.

Messrs. E. C. Crow, Chester H. Krum, and Charles Nagel, in behalf of the Complainant:

Mr. M. F. Watts, in behalf of the Defendants.

The following proceedings were had:

Plaintiff offers in evidence record of meeting of the Belleville & St. Louis Traffic Bureau, held June 12th, 1900, with the following representation: Illinois Central R. R.; L. E. & St. L. C. R. R.; L. & N.R. R.

Meeting considered the subject of minimum C. L. weight on scrap iron between Belleville and East St. Louis, etc., and

"Resolved: That the individual roads agree that the minimum C. L. weight on scrap iron be reduced to fifteen tons of 2,240 lbs. per ton between Belleville and East St. Louis, effective on legal notice. The minimum C. L. weight on rails, old, to remain 20 tons of 2,240 lbs. per ton."

Meeting also considered rates on iron nail plate and scrap steel between Belleville and East St. Louis, etc. After a general discussion it was decided that the tariff which now reads "Nail plate, scrap iron and steel," should be corrected to read, "Nail plate, iron and scrap steel, 30,000 lbs. minimum 2½ cents per 100 lbs."

Also "Estimated weight per barrel on whiskey between Belleville, East St. Louis and St. Louis; and it was

"Resolved: That it is the understanding between the representatives of the three Belleville roads that they will continue until August 1st to transport whiskey, highwines

and alcohol to an estimated weight of 400 lbs. per barrel, Belleville to East St. Louis and St. Louis, in the meantime they are to arrange for the weighing of said barrels, and the subject to be further considered at the expiration of that time, as to whether or not the practice shall be continued."

Meeting also considered reduction in minimum weight on nail kegs between Belleville and East St. Louis; and it was

"Resolved: rate be made on kegs, empty nail, C. L., minimum 12,000 lbs., 5 cents per 100 lbs. between Belleville, East St. Louis and East Carondelet.

Also the subject of abrogating freight circular No. 23 and it was

"Resolved: That Freight Circular No. 23, list of track located industries, be abrogated on account of the Completion of the new Belt Line at Belleville.

Note: Joint Freight Tariff No. 12 has been issued effective June 28th."

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 585."

Plaintiff offers in evidence record of meeting of the Belleville & St. Louis Traffic Bureau, held August 2nd, 1900, showing that the conference was held to consider a change in the form of report compiled in this office; the change being deemed necessary on account of connecting tracks at Belleville being completed. All business is thereby practically competitive, and the information now shown on the statements competitive and non-competitive traffic is not correct under the present conditions.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 586."

Plaintiff offers in evidence record of meeting of the Belleville & St. Louis Traffic Bureau, held November 16th,

1900; same representation; After a general discussion, it was decided that the following columns, viz:; "Less 33⅓ per cent Operating Expenses," "Available Revenue," "Proportion," "Excess," "Deficit," and "Natural Per Cent," be eliminated from the Monthly Earnings Report; also that under heading "Amount sold at various stations," the amounts shown include the total earnings between Belleville, East St. Louis and St. Louis instead of between Belleville and East St. Louis as heretofore; and changes to become effective January 1st, 1901.

The Joint Agent was instructed to make such changes in the form of the Interchange Ticket Account Blanks, as he deemed necessary, and to make his monthly reports conform to the changed conditions, and to have the necessary new blanks printed at once.

The Joint Agent called attention to the manner in which the different Auditors report interline tickets, in their monthly report, stating that from the information given it is impossible to properly indentify and apportion these tickets in making up the monthly Interchange Statements, and it was

"Resolved: That each member write their Auditor requesting that begining with the month of November, 1900, in making up their monthly Earnings Report to the Joint Agent of the Interline Tickets issued at Belleville, and of tickets issued by foreign lines reading to Belleville, they will make their reports show form and number of said tickets in each case, and also state amount of revenue accruing to lines between St. Louis and East St. Louis and Belleville, as the case may be. This to enable the Joint Agent to properly locate, identify and apportion tickets reported to him in interchange account."

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 587."

Plaintiff offers in evidence record of meeting of the Belleville and St. Louis Traffic Bureau, held March 27th, 1901. It was

"Resolved: That in the protection of a rate to be applied on wheat and corn in carloads, minimum 30,000 lbs., for milling and distilling purposes, from East St. Louis to Belleville, Ill., the lines, members of this Bureau, agreed to be governed by a minimum of one cent per 100 lbs., the same to be applied from their respective depots in East St. Louis, and to be net to their respective lines; and be it further

"Resolved: That in order to secure the benefit of the reduced rate on the grain, the product must be moved within ninety days of receipt of said grain, and claims must be supported by proper evidence of outbound tonnage to competitive points, which shall be equivalent to that brought in."

It was also "Resolved, That the lines, members of this Bureau, may accept, from East St. Louis, Ill., to Belleville, Ill., 2 cents per 100 lbs., as their proportion in the division of the established through rate on lumber, when coming from Cotton Belt and Iron Mountain points in Arkansas and Missouri, via Cairo and the M. & O. R. R."

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 588."

Plaintiff offers in evidence record of meeting of the Belleville & St. Louis Traffic Bureau, held November 4th, 1901. Same representation, except as to the Southern Railway, which takes the place of the L. E. & St. L. It was decided that in compiling statement for September, the Joint Agent shall exclude tonnage as follows:

L. & N. R. R., brick from Ittners.

Ill. Cent. R. R., stone from Stolle quarries, Powder from and to Phoenix works.

Southern Ry., powder from and to Phoenix works. It being understood that Messrs. Fitzgerald, Becker and Campbell will at once notify their agents at Belleville to include in statement for October and subsequent months, only such tonnage as moves from or to Belleville proper and to or from East St. Louis or beyond.

A proposition to terminate the Belleville & St. Louis Traffic Bureau, both as to handling of freight and passenger matters, was considered, and it was understood that the representatives of the Freight Department would confer with the Passenger Representatives and other officials of their respective roads on the subject, advising conclusion later.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 589."

Plaintiff offers in evidence record of meeting of the Belleville & St. Louis Traffic Bureau, held May 19th, 1903. Record shows that memorandum of meeting of May 15th is hereby changed, making the store door minimum rates between Belleville, Ill., and St. Louis, Mo., based upon the following proportions for the railroads between Belleville and East St. Louis depots, plus the drayage or transfer charge: 1st class, 13 cents; 2nd class, 11 cents; 3rd class, 9 cents; 4th class, 7 cents. Then follows an enumeration of articles on which rates are fixed. The tariff referred to above becomes effective at as early a date as practicable after notice is received by the Joint Agent from the L. & N. R. R. as to their tariff number, etc.

There were present at this meeting: C. W. Becker, A. G. F. A. Illinois Central R. R.; J. N. Chandler, G. A. L. & N. R. R.; R. A. Campbell, A. G. F. A., Southern Ry.; C. D. Morris, Chief Clerk, Southern Ry.; C. C. Johnson, Agent L. & N. R. R. at Belleville.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 590."

Plaintiff offers in evidence record of meeting of the Belleville & St. Louis Traffic Bureau, held in the Southern Railway offices, No. 706 Chemical Building, May 19th, 1903. Present same as above. Where the rates, as shown in Belleville & St. Louis Traffic Bureau Joint Freight Tariff No. 13, applying between store doors in St. Louis and store doors in Belleville, are protected, in division of such rates the lines parties to this tariff will make the following allowance for transfer service: Between St. Louis and East St. Louis, 4 cents per 100 lbs. (Minimum charge on single shipment 10 cents.) At Belleville (To Belleville & St. Louis Transfer Co.,) 3 cents per 100 lbs. on all classes and commodity rates, excepting on whiskey and nails the allowance will be 2 cents per 100 lbs, and on castings 2½ cents per 100 lbs. (Minimum charge on single shipment 10 cents.) The minimum charge on single shipment for the railroad company, where the rates are made between store doors in St. Louis and store doors in Belleville, will be 15 cents; making total minimum charge for single shipment 35 cents.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 591."

Plaintiff offers in evidence record of meeting of the Belleville & St. Louis Traffic Bureau, held June 25th, 1903. Representation, Illinois Central R. R., L. & N. R. R., and Southern Ry. Meeting called to take action on notice from the St. Louis Transfer Company, advising that effective July 17th, on all business originating at or destined to Belleville, there would be required as follows:

"Ordinary merchandise, 5 cents per cwt. L. C. L., 4 cents C. L.

Articles classified in Transfer Co's. Tariff No. 23, tariff rates.

Minimum charge, inbound, 25 cents.

Minimum charge, outbound, 10 cents."

After due consideration, it was individually announced by the representatives of the Belleville lines that rates would in future be published between Belleville and their depots in East St. Louis, and the Joint Agent was instructed to issue Joint Freight Tariff No. 14, effective July 10th, cancelling No. 13, and to publish rates in line with the following: (Then follows an enumeration of rates, effective July 10th, 1903, applicable on business between store door Belleville and East St. Louis freight depots of lines, members of the Belleville & St. Louis Traffic Bureau, applicable only on business destined to or coming from St. Louis, Mo., or connecting lines at East St. Louis, Ill.'

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 592."

Plaintiff offers in evidence record of meeting of the Belleville & St. Louis Traffic Bureau, held August 21st, 1903; same representation as before. Meeting called to consider a change in rates, etc., now published in Joint Freight Tariff No. 14. After a general discussion on the subject, the meeting adjourned, with the understanding that the traffic officer of the Illinois Central and Southern railroads would be communicated with by wire for instructions.

Record gives copy of letter of 21st received from Supt. Terminal L. & N. R. R., as folows:

"Dear Sir:

In compliance with individual announcement made by this company in regular meeting of the Belleville & St. Louis Traffic Bureau today, we will restore rates in our G. F. O. 508, with supplements and amendments thereto, corresponding with Belleville & St. Louis Traffic Bureau Joint Freight Tariff No. 12, effective September 1st or earlier, if possible.

If the Illinois Central and Southern Rys. see proper to promulgate the same rates, you will, of course, issue tariff promulgating the rates and cancelling Joint Tariff No. 14, now in effect."

If instructions are received from the I. C. R. R. and Southern Ry. to publish the rates referred to above, a Joint Tariff will be issued from this office, naming the individual rates, etc., and cancelling Joint Tariff No. 14.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 593."

Plaintiff offers in evidence record of meeting of the Belleville & St. Louis Traffic Bureau, held March 31st, 1905; same representation.

Meeting considered the subject of handling brick, Belleville to East St. Louis, on estimated weights, and it was

"Moved: That each line interested will write their agent at Belleville explaining the benefits of becoming members of the Joint Inspection Weight Agreement, each agent to confer with the brick concerns on their tracks with the view to having them communicate direct with Mr. Paul P. Rainer, Chief Inspector, Chicago, making application for membership in the weight agreement on brick. Pending the settlement of the question, each line to again instruct their agents at East St. Louis and Belleville that all brick be weighed either at Bellevile or East St. Louis and freight assessed according to the actual scale weights."

Meeting also took up the subject of handling nails at estimated weight of 100 lbs. per keg, but, on request of a member, this subject was laid over until next meeting.

The Chairman was instructed to change the item "Beer kegs, empty, returned," in Joint Freight Tariff No. 15, to read "Beer Kegs, and Cases, empty, returned."

The Chairman was instructed to add the following note to Joint Freight Tariff No. 15: "Class rates between

Belleville, East St. Louis and St. Louis governed by Illinois classification, are not to govern on articles specifically shown under list of commodity rates.

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 594."

Plaintiff offers in evidence resolution offered by the Illinois Central Railroad, seconded by the Southern Ry., and adopted by the Belleville & St. Louis Traffic Bureau, May 15th, 1903, as follows:

"Resolved: That the store door minimum rates between Belleville, Ill., and St. Louis, Mo., be based upon the following proportions for the railroads between East St. Louis and Belleville depots, plus the drayage or transfer charges:

First class, 12 cents;

Second class, 10 cents;

Third class, 8 cents;

Fourth class, 6 cents.

Stoves, stove furniture, radiators and hollow-ware, owner's risk, from Belleville only 6 cents.

Whiskey, alcohol, high wines, in barrels or kegs, 6 cents.

Nails, 6 cents.

Castings from Belleville only, 6 cents.

Making through rates as follows:

First class, 20 cents;

Second class, 18 cents;

Third class, 16 cents;

Fourth class, 14 cents.

Stoves, stove furniture, radiators and holloware, owner's risk, from Belleville only, 15 cents.

Whiskey, Alcohol, High wines, in barrels or kegs, 12 cents.

Nails, 12 cents.

Castings, from Belleville only, 13½ cents.

Barrels, empty, returned, all kinds, excepting slack work, including iron oil barrels and iron oil drums, 14 cents.

Paper shoe boxes, boxed, minimum proportion of lines from East St. Louis to Belleville, 17 cents. Agents to notify Joint Agent as to drayage allowance to be added at St. Louis and Belleville; this rate to be applicable on business from St. Louis only.

Flour and meal, all kinds, 5 cents, eliminate from commodity from Belleville to East St. Louis.

Oil between East St. Louis and Belleville, and between St. Louis and Belleville, 4 and 10 cents, to be eliminated.

Letter presses, from Belleville only, 13 cent rate, eliminate from commodity.

Seeds, all kinds except garden seeds, 8 and 10 cents, to be eliminated.

Minimum charge on single shipment for railroad on business between Belleville and St. Louis will be 15 cents. Agents to confer with the transfer companies and arrive at understanding as to transfer charges, and notify Joint Agent.

Eliminate East Carondelet from tariff.

Eliminate from tariff under head of ruling, paragraph in regard to gunpowder shipments.

Eliminate from tariff under head of rulings, paragraph in regard to crockery and earthenware.

Eliminate from tariff, under head of rulings, paragraph in regard to bituminous coal.

Eliminate from tariff, on title page, paragraph reading "The rates between East Carondelet, Ill., and Belleville, Ill., via Illinois Central R. R."—etc.

Eliminate from tariff, under head of rulings, paragraph in regard to store door delivery at Belleville.

Make commodity rate on cinders apply also on iron slag and roll scale.

Elminate under commodities "Coal, bituminous" (see ruling).

Under rulings, first paragraph, add "East Carondelet and Venice, Ill."

At heading of tariff, eliminate "depots of connecting lines."

Under rulings, paragraph 2, change to read, "Switching and transfer charges from connecting lines, except when otherwise noted."

Above exhibit is marked "Plaintiff's Exhibit Fraser No. 595."

Mr. Watts: Defendant objects to each and every of the Fraser exhibits, as incompetent, irrelevant, and immaterial.

At this point the further hearing of this case is adjourned until tomorrow, Tuesday morning, at half past ten o'clock.

R. E. Rombauer,
Special Commissioner.

St. Louis, December 11th, 1906.

Met, pursuant to adjournment as above, on Tuesday morning, December 11th, 1906, at half past ten o'clock, at the office of Special Commissioner, Hon. R. E. Rombauer, in the Roe Building, St. Louis, Mo. Present, parties as before.

Counsel for the Complainant requested Mr. Robert M. Fraser to produce certain circular letters, and other documents, referred to in the papers previously produced by said Robert M. Fraser; pending which production, the further hearing of this case is adjourned until this afternoon, at half past two o'clock.

After recess, on Tuesday, December 11th, 1906, Mr. Robert M. Fraser stated that he was unwilling to waive any of the rights of the various organizations which he

represented, and that he would prefer not to produce any of the circular letters, etc., called for by Counsel for the Complainant, except by due process of law; and the further hearing of this cause was adjourned, pending the issue of a subpoena duces tecum for the production of the papers desired, until Thursday morning, December 13th, 1906, at half past ten o'clock.

R. E. Rombauer,
Special Commissioner.

St. Louis, December 13th, 1906.

Met, pursuant to adjournment as above, on Thursday morning, December 13th, 1906, at half past ten o'clock, A. M., in the office of Special Commissioner, Hon. R. E. Rombauer, in the Roe Building, St. Louis, Mo., at which time, not being able to proceed with the hearing in this cause, by consent of Counsel the further hearing is adjourned until Monday morning, December 17th, 1906, at half past ten o'clock, A. M.

R. E. Rombauer,
Special Commissioner.

St. Louis, December 17th, 1906.

Met, pursuant to adjournment as above, on Monday morning, December 17th, 1906, at 10:30 o'clock, A. M., in the office of Special Commissioner, Hon. R. E. Rombauer, Roe Building, St. Louis Mo.

Present: Hon. R. E. Rombauer Special Commissioner.

Messrs. E. C. Crow and Chester H. Krum, on behalf of the Complainant.

Mr. M. F. Watts, on behalf of the Defendants.

Mr. Jno. F. Lee, and Mr. Kramer, representing the witness Robert M. Fraser.

The following proceedings were had:

Mr. Crow: Mr. Fraser, have you produced the various papers called for in the subpoena duces tecum?

Mr. Lee: I want to make a statement to the Commissioner, which I think will simplify the proceedings. It is something for your information, and Mr. Fraser can be examined concerning it, if Counsel desires to examine him.

Mr. Crow: That is objected to.

Mr. Lee: I have a copy of the subpoena duces tecum, and we have numbered the papers called for, in the order in which they are stated, from 1 to 8 inclusive.

As to Number 1, Mr. Fraser is unable to furnish the Information Circulars called for. There were 5,000 or more of them—

Mr. Crow: We object to that. Mr. Lee is undertaking to make a statement here, and have Mr. Fraser verify it. We object to having a third party make a statement for him.

The Commissioner: Proceed, Mr. Lee.

Mr. Crow: The Government objects to this kind of proceeding, for the reason that the only proper way to make a return to a subpoena duces tecum is to make it in writing and have it verified by the man himself, or else have him to go on the stand and testify.

Mr. Lee: There were comparatively few of these papers in which Mr. Fraser's office was interested, and no files have been retained.

As to the correspondence for the period 1900 to 1905, they were distributed throughout the office files of Mr. Fraser, being contained in about 1,400 files. Mr. Fraser was served with this subpoena on Saturday, and has not had time yet to hunt through those files and select the papers called for. He is willing to do that, and asks to be

allowed sufficient time. He thinks, in order that the business of his office should not be disturbed, he should be allowed such time as will enable him to number the various papers which he turns in here, in order that they may be returned to their proper places when the Government has finished with them.

The same is true of the papers called for in Paragraph No. 2—correspondence for the period 1900 to 1905—they are distributed in the same way among possibly 500 files, making a total number of files—as we estimate them—1,900. The papers probably weigh anywhere from four hundred to eight hundred pounds. We propose to treat them in the same way.

Now, we think to go through those files properly, number the papers that we give you, and put something in the places from which they are taken, so that they may be restored—with such allowances as the Commissioner would probably make for Mr. Fraser's clerks to have something in the way of Christmas, that we ought to have about two weeks' time. At the end of that time we will appear here with those papers. In other words, we will make every effort to comply with the order, and we think we need that much time.

Paragraphs 3 and 4 and 5—the papers there called for—have already been furnished on a previous subpoena, and are now within the control of the Commissioner.

The papers called for in Paragraphs 6, 7 and 8, Mr. Fraser now has, and is ready to turn over.

That is the statement, so that the Commissioner may be able to get, in a more condensed form than Mr. Fraser would otherwise give it, what would be his answer to the subpoena, and he is here now to be examined by counsel.

The Commissioner: What do you say, gentlemen?

Mr. Crow: We do not consider that there has been any return or showing made here by Mr. Fraser; but we will abide by any steps that the Commissioner may take.

The Commissioner: Do you desire to proceed with the examination of Mr. Fraser, as far as he is ready to be examined?

Mr. Crow: We would like to have these papers and records that he has produced.

The Commissioner: You have some papers here, Mr. Fraser?

Mr. Fraser: Yes, sir, here they are. (Producing package of papers.)

The Commissioner: How much time will you require to produce the other papers called for?

Mr. Fraser: I don't think it will be possible to conduct the busines of our office and do it in less than two weeks. I was going to suggest, if I had been asked the question, until the first week in January. There is an immense quantity of papers that have to be gone through, leaf by leaf, to pick out the ones that are called for.

The papers that I here produce are the ones called for in Paragraphs 6, 7 and 8 of the subpoena duces tecum.

The Commissioner: As a matter of course, the witness is entitled to proper time to hunt for these papers, and if two weeks is what he needs to do it, then he should be given that length of time.

Thereupon, by consent of Counsel, the further examination of the witness, Robert M. Fraser, is continued until Wednesday morning, January 2nd, 1907.

SETH FRINK, a witness of lawful age, being duly produced, sworn and examined, on behalf of the Complainant, testified as follows, to-wit:

DIRECT EXAMINATION, BY MR. E. C. CROW.

Q. Please state your name, residence and occupation? A. Seth Frink; St. Louis, Mo.; Chairman of the Southern Freight Asociation.

Q. Where is the office of that Association? A. In the Odd Fellows' Building.

Q. In this city? A. Yes, sir.

Q. How long have you been chairman of that Association? A. Since February, 1893.

Q. What is the nature and character of that Association? A. That is so general a question I don't know exactly how to answer it.

Q. Who composes the Association? A. The representatives of the Iron Mountain R. R.; the Mobile & Ohio R. R.; the Illinois Central R. R.; the Louisville & Nashville R. R.; and the Southern Railway; and the St. Louis Transfer Company.

Q. Can you name the representatives of each one of the companies designated, who represent their companies, respectively, in the Association you mention? A. Their representation varies. Sometimes it is one officer, and sometimes it is another one. It is the freight department.

Q. The freight department of each one of the companies named as being represented? A. They send a representative. Sometimes it is one man and sometimes another.

Q. How often does your Association meet? A. They meet regularly once a month.

Q. Once a month? A. Yes, sir.

Q. And special meetings are held when necessary? A. When it is necessary, which is very seldom.

Q. What position do you occupy, with reference to that Association? A. I was chosen as chairman of the Association; purely a clerical position, however. A. As chairman of this Association, do you have custody and control of the records of this Association? A. Yes, sir.

Q. And have had since 1893? A. And have had since 1893.

Q. What territory is the business of this Asociation confined to? A. It is the business from St. Louis and East St.

Louis to territory east of the Mississippi River—well, to define it more literally, the business of the territory east of the Mississippi River, south of the Ohio River to Paducah, and then down practically to the Tennessee line, south of Kentucky and south of Virginia.

Q. Do you mean the northern or the southern line of Tennessee? A. The northern line of Tennessee. But there is a portion of Tennessee comes in that.

Q. How far eastward does it run? To the Virginias? A. South of the southern line of Kentucky and Virginia, to the Atlantic Ocean.

Q. To the Atlantic Ocean? A. Yes, sir. That is, that is the territory that is considered and talked about.

Q. That is what is commonly known as "Green-line territory," isn't it? A. It includes more than is commonly known as "Green-line territory."

Q. It does? What is the specific geographical limitation of "Green-line territory?" A. "Green-line territory" would be territory south of the Ohio River, starting from Corinth, Mississippi, as the boundary line.

Q. The southern boundary? A. No, sir, the northwest corner; from Corinth, Mississippi, to Mobile and points east of that line, except Aberdeen and Columbus, Mississippi; then take the line of the Memphis Division of the Southern Railway and points on and south of that line, to Chattanooga, also Nashville, Tenn, to the points north of the line. Then go up to the northern line of Tennessee, and follow through to the ocean, and then around to Mobile. Then that is subdivided. The "Green Line territory" takes points south of the line from Cleveland, Tennessee, to Knoxville, then south to Murphy, North Carolina, and through Wellston and Newburg and Columbia to Wilmington, North Carolina. Points on and north of that line is what is known as the territory of the Associated Railways of Virginia and North Carolina.

Q. Then the intermediate territory between here and the Ohio River is not included, any of it, in the "Green-line territory," nor is any of that from the Ohio River to a point south on a line with Corinth, Mississippi? A. South to that line.

Q. Is the territory from here to the Ohio River included in the territory of the Association that you represent? A. On business that is destined to the territory aforementioned.

Q. On business destined to points south of the Ohio River? A. Yes, to the territory south of the Ohio River.

Q. In other words, your Association has no jurisdiction of business that originates in or is destined to points between St. Louis, Mo., or East St. Louis, Ill., and points on the Ohio River? A. No, sir.

Q. Do I understand from your statement that the Southern Freight Association territory includes also the "Green line territory?" A. The "Green line territory" is included.

Q. It is included in the Southern Freight Association? A. Yes, sir.

Q. And the business of both the "Green line territory" and the other territory, eastward to the Atlantic Ocean, and north of the points described by you as being "Green line territory," is all included in the Southern Freight Association territory? A. No, sir, not all.

Q. I mean with the exceptions you have named. A. Yes, sir. I want to qualify that a little bit. The Southern Freight Association has nothing to do at all with the rates from the crossings of the Ohio and the Mississippi River to that territory; and merely has to do with the additions, or differentials, or specifics, which shall be added to these rates to make through rates to that territory.

Q. By that you may mean to say that business originating at points on the Ohio River, or between here and the Ohio River, east of East St. Louis, Illinois, or St. Louis,

Missouri, and destined to points in the territory you have described as the Southern Freight Association territory, or the "Green line territory," or both combined, that the Southern Freight Association has no jurisdiction over that class of rates? A. I mean to say that; and I mean to say also that, for instance, you take Cairo, Ill.; the busines going from St. Louis, when it gets to Cairo has got to pay from that point to destination the same that the local shipper at Cairo pays. It is just so at Evansville; just so at Louisville; just so at Memphis.

Q. In other words, then, the jurisdiction of your Association is as to rates from St. Louis and East St. Louis to the Ohio and Mississippi River crossings? A. Yes, on business destined to the territory described.

Q. And then the rates that would be established on the business from St. Louis, say to any points in the territory designated, would, from the crossings mentioned, be fixed by rates theretofore established by other authorities? A. Yes, sir.

Q. Is your Association a member of the Central Freight Association? A. No, sir.

Q. Do you report to the Central Freight Association? A. No, sir.

Q. To what body do you report? A. We don't report to anybody.

Q. Are you connected with any other Association? A. No, sir.

Q. Do you have any business relations with the Western Trunk Line? A. We frequently ask them a question, for information. I say frequently—probably once a month, we ask the Western Trunk Line a question as to what the rate is from Omaha or Kansas City, on some product or other.

Q. Do you have any relations with what is known as the Southeastern Committee, of which Mr. Washburn is or was

Chairman? A. Mr. Washburn was and is Chairman of the Southeastern Association, and the Mississippi Valley Association, and our only relation to that is to get their issue of rates from the river crossings to destination, so as to add the specifics and make the rate from St. Louis.

Q. Do you know what territory is controlled by that Association? A. I would not attempt to describe it accurately.

Q. It touches the Mississippi and Ohio River crossings on the west and north, doesn't it? A. I don't believe they have anything to do with the Kentucky business—and still, I don't know that. And I don't think they control business east and south of a line drawn, say, from Chattanooga to Birmigham—this is in general terms, not specific—and then south to Pensacola, through Montgomery.

There is still another association known as the Southeastern Association, with headquarters in Atlanta. Mr. Hinton is or was Chairman of that Association, by repute.

Q. You exchange Information Circulars with these associations? A. Oh, yes.

Q. On business passing over your lines, that originates in the northwest—what is known as northwest territory—west of Kansas City, destined to points in your territory, where do you get your information circulars to base rates on? A. So far as that is concerned, we have nothing to do with through business, except in the publication of tariffs, and the rates to the various points are furnished us by the associations or the individual lines that control the business, for publication purposes merely.

Q. Well, suppose a man wanted to ship a carload of green hides—it would not be very possible, but it is suggested—from a point in your territory by way of the St. Louis gateway to a point in Iowa? A. So far as the Association is concerned, the question would not come to us.

Q. It would not reach you at all? A. North-bound business would not reach us at all.

Q. Then if you wanted to ship a carload of green hides from St. Louis to Pensacola, Florida, would that come within the jurisdiction of your business—the rate? A. The rates from St. Louis to Pensacola, Fla., are not legitimately in our province. The L. & N. road, being the direct line to Pensacola, makes the rate, and any other lines that undertake to do any portion of the transportation to Pensacola adopts the schedule of the L. & N.

Q. That is the proposition that maintains with reference to all points outside of your territory that is reached by direct line from a point within your territory, that where there is a direct line the freight rates to that point are all made on the basis of that established by the direct route? A. Yes, sir, unless there is some route that is so indirect that they except their line from the application of the rate. They won't take it at the rate—they consider that they would be losing money.

Q. Have you the records that were called for in this case? A. Yes, sir, according to my understanding. You called for the tariffs. I brought over a file of the current tariffs for the Southeastern territory. I did not understand that you wanted all of the cancelled sheets that had been issued since 1890-odd.

Q. Have you a copy of the subpoena with you? A. Yes, sir. My object is to give you the documents you want. If the supply I have brought is defective, I will try and supply what are lacking.

Q (reading from subpoena). "All inforamtion circulars and letters of the Central Freight Association sent to the Southern Freight Association, and the correspondence of the Chairman or other officials of the Central Freight Association with the Southern Freight Association, its officers or agents, concerning the business of the two associations,

from January 1st, 1900, to October 1st, 1905, inclusive." How about that? Is that there? A. Yes, sir, that is there.

Q. (Reading from subpoena.) "Also all letters of the Southern Freight Association addressed to the Central Freight Association, by its officers and agents, concerning the business of the two associations, from January 1st, 1900, to October 1st, 1905, inclusive; also minutes of the proceedings of the Southern Freight Association, including minutes of the proceedings of the association to which the Southern Freight Association is the successor, from and including the year 1896 to and including the year 1905, together with letters and telegrams in regard to such meetings." Have you produced those? A. They are there. I also put in the proceedings of 1906 also, not noticing the limit of the date.

Q. (Reading from subpoena.) "Also all circular letters relating to the rates of freight on traffic to and from St. Louis, Missouri, or East St. Louis, Illinois, and southern or southeastern territory, commonly known as "Green line territory;" and copies of all tariffs and information circulars issued by said Southern Freight Association from St. Louis, Mo., and East St. Louis, Ill., to said southern, southeastern and "Green line territory," or between that territory and St. Louis and East St. Louis." How about those? A. Those are there, as far as I know. According to my knowledge and belief.

Q. Then you have produced everything? A. So far as I know. I did not personally handle all of those papers.

Q. But you think nothing has been omitted? A. I don't know of anything that has been omitted. I set my corps of clerks to work when I got this subpoena, and they have worked ever since.

Q. These records (indicating records brought by Mr. Frink) are the ones that have been produced in obedience to that subpoena? A. Yes, sir.

Mr. Crow: We cannot examine him in detail until we have examined the records.

The Witness: Do you want the current tariff sheets, or do you want all of the tariffs that have been issued and canceled and superseded?

Mr. Crow: I will examine what you have produced. I think that will be sufficient. We can tell then.

The Witness: I have a file, if you want them, of every tariff sheet that has been made.

Q. For that territory? A. Yes. Since the organization of our Association. Now, you asked about the nature of our Association. It is merely a place where people get together, the representatives of the roads, and discuss various propositions that are made, coming from outside parties, as to their merits; having in view, of course, the idea of harmonious action, without any agreement to be harmonious. Each one has the privilege of acting independently, if he sees fit, on any subject.

Q. Acting upon an agreed basis, without agreeing to it? Q. Acting upon a basis of publicity..

Mr. Crow: We will examine these records and let you know. We will have to take these records, if it please your Honor, and examine them.

The Commissioner: Are these of the same character as the others?

Mr. Crow: I think so.

The Commissioner: Then what is the use of producing them in detail? Why not agree in regard to them?

Mr. Crow: We can agree after we examine them, and find out what they contain.

The Commissioner: Is there any objection to that, Mr. Watts?

Mr. Watts: Not that I know of. The General will take his own course, I suppose, about his testimony.

Mr. Crow: I want to get through as quickly as possi-

ble, and can tell better after examining the records produced by Mr. Frink.

At this point the further hearing of testimony in this cause is adjourned subject to agreement of counsel.

R. E. Rombauer,
Special Commissioner.

St. Louis, January 2nd, 1907.

Met, pursuant to adjournment as above, on Wednesday morning, January 2nd, 1907, at half past ten o'clock, A. M., at the office of the Special Commissioner, Hon. R. E. Rombauer, in the Roe Building, St. Louis, Mo.

Present: Hon. R. E. Rombauer, Special Commissioner. Messrs. E. C. Crow and Chester H. Krum appeared on behalf of the complaint.

Mr. M. F. Watts appeared on behalf of the Defendants.

The following proceedings were had.

ROBERT M. FRASER, Being recalled, on behalf of the Complaint, testified as follows, to-wit:

DIRECT EXAMINATION By Mr. E. C. Crow:

Q. Mr. Fraser, have you produced the records called for by the subpoena duces tecum? A. I have. Here they are. (Producing papers.)

Q. Have you a minute of the records that you have? A. I have no minute except the subpoena.

Q. What part of the records called for have you here with you. A. I think all of them that we have.

Q. Can you enumerate what you failed to find? A. No; what we haven't got, we haven't got. That is, to be more specific, you have got all that you have asked for, to the best of my knowledge and belief.

Q. Then there is nothing that you have failed to find? A. So far as I know, you have got all that you asked for. To be specific, as I stated the other day, we don't keep any complete file of the Central Freight Association Circulars; but those are all that I can find, and those were gathered out of the files that were overhauled in getting the other correspondence

This package contains the Information Circulars (Indicating package which is marked "C. F. A. Information Circulars.")

These four packages contain correspondence between the Central Freight Association and the St. Louis Eastbound Freight Committee (Indicating four packages, marked respectively No's. 1, 2, 3 and 4).

This package contains all the correspondence between the Central Freight Association and the St. Louis-Cincinnati-Louisville Freight Committee. (Indicating package marked "St. Louis-Cincinnati-Louisville Freight Committee.")

That comprises all that was called for in the subpoena, as I understand it, and is the best that I can do.

Q. These are all records from your office? A. Yes sir.

Complaint offers in evidence record of meeting of the Rate Committee of the Southern Freight Association, held in St. Louis, Mo., December 11th, 1895, contained in book including proceedings of meetings of the Southern Freight Committee from February 28th, 1893, to May 1st, 1900.

Which resord is in words and figures as follows, to wit:

"THE SOUTHERN FREIGHT COMMITTE.

St Louis, Mo., Dec. 11th, 1895.

Proceedings of a called meeting of the Rate Committee, held December 11th, 1895.

The lines were represented as follows:

W. C. Stith, General Freight Agent, St. L. I. M. & S. Ry.

Geo. E. Lary, General Freight Agent, Cairo Short Line.

E. F. Hilgard, Asst. General Freight Agent, Cairo Short Line.

J. M. Denyven, Asst. General Freight Agent, Mobile & Ohio.

C. D. Morris, Asst. General Freight Agent, L. E. & St. L. C.

J. N. Chandler, General Agent, L. & N. R. R.

The Chairman stated the object of the meeting to be to consider the reduced rate on Packing-house products in car loads from East St. Louis to Evansville and New Albany "when destined to Southeastern Points." He explained that this action was based on a tariff said to have been issued November 26th, 1895, by the L. St. L. & T. R. R. and numbered A-186, naming rate of six (6) cents per 100 lbs. from East St. Louis to Louisville, Ky., on those commodities.

In consequence of that issue the L. E. & St. L. C. R. R. had issued their tariff No. 759, dated December 5th, 1895, and effective December 10th, 1895, naming rate of four (4) cents per 100 lbs. from East St. Louis to Evansville and New Albany.

He stated further that he had been unable to obtain or even see a copy of the L. St. L. & T. tariff referred to, but that he had no doubt that such a tariff was in existence.

He stated further that the action of the L. E. & St. L. R. R. was not in accordance with the provisions of the agreement of the Southern Freight Association, which expressly prohibits individual action by any of its members except upon notice as provided in said agreement.

After a prolonged discussion of the subject, and consideration of the widespread reduction of revenue that will inevitably follow unless the tariffs referred to are cancelled at once, the Chairman was directed to send the following telegram:

St. Louis, December 11th, 1895.

Edgar Hill, T. M.,
L. St. L. & T. R. R., Louisville, Ky.

Members of the Southern Freight Association have information of your tariff A-186, dated November 26th, 1895, naming rate of six cents per 100 lbs. on Packing-house products, including Green Hides, from East St. Louis to Louisville, Ky.

This material reduction in rates has the effect of reducing the rate on these commodities destined to Southeastern territory, and, unless withdrawn, will involve the rate from all producing points to the entire Green Line territory, and result in incalculable loss of earnings on a class of traffic upon which the rate is already sufficiently low.

Believing you do not desire to cause any such calamity, they ask you to cancel the same, or at least advance the rate to such a figure as will protect the interest of the lines engaged in handling this traffic to the Southeast.

Please advise what you will do promptly.'

A copy of this was sent to the Traffic Manager of the L. & N. road, and he was solicited to use his influence to have the rate restored.

The following resolution was then offered:

"Resolved: That the rate on Packing-house Products be made four (4) cents per 100 lbs. from St. Louis and East St. Louis to Evansville, Brooklyn, Cairo and Belmont, and eight (8) cents per 100 lbs. to Memphis on business destined to points in "the Southeast," to meet the rates published by the L. St. L. & T., and L. E. & St. L. roads."

After considerable discussion further consideration of this resolution was postponed until tomorrow in order to hear what answers were received from the gentlemen who had been addressed by wire.

The meeting then adjourned until 11 o'clock, A. M., of Thursday, December 12th, 1895.

S. Frink, Chairman.

St. Louis, Mo., December 12th, 1895.

The Rate Committee met according to adjournment with same representation as on the previous day.

As no answer had been received from either of the persons addressed, it decided to wait further, for replies, before taking any action, and adjourned subject to the call of the Chairman.

December 12th, 1895, 4:30 P. M.

The Rate Committee met again, and the Chairman read the following telegram which had been received from Mr. S. R. Knott, First Vice-President of the L. & N. R. R.:

'Louisville, Ky. December 12th, 1895.

W. S. McChesney, St. Louis:

Letter referred to was mailed last night. Traffic Manager Hill is not in the city, so that Frink's efforts with him to secure immediate withdrawal cannot succeed. In meantime we shall insist upon rate via our line, East St. Louis to Evansville, being not higher than rate effective via St. Louis Air Line, which we understand to be four (4) cents per 100 lbs.

We have no communication from L. E. & St. L. on this matter, and do not expect any. That management understands that Mr. Hill makes and speaks for the rates between St. Louis and Louisville.

I do not myself question that Hill had good reasons for making rate, and approve of the policy he pursued in doing so openly and legally.

That the Air Line ignored its obligation in failing to take the matter up regularly with the Southern Freight Committee in accordance with the rules thereof, must be condemned by those members who have been honestly keeping to their agreement.

It has been for some time openly charged that packing-house product rates from Chicago to Ohio River have been

reduced by secret and illegal concessions. As those conditions are continuing we would have been compelled, at our own instance, to have presented the matter to the Southern Freight Committee and secured its Co-operation in making rate of four cents, East St. Louis to Evansville, which is necessary that St. Louis may be properly in line with the rates applicable from Chicago.

Our rate of four cents to Evansville has been legally issued in accordance with advice given Chairman Frink and Messrs. Stith, Poe and Lary.

(Sig.) S. R. Knott.'

As this seemed to make an immediate restoration of rates impossible, the resolution offered at the session of December 11th was taken up and unanimously adopted.

The Committee then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of three pages of printed matter, is marked "Complaint's Exhibit No. 1 of the Southern Freight Association."

Complaint offers in evidence record of meeting of the Southern Freight Committee, held in St. Louis, February 12th, 1895, contained in same book as preceding record.

Which record is in words and figures as follows, to-wit:

"Proceedings of a meeting of

THE SOUTHERN FREIGHT ASSOCIATION

Held February 12th, 1895.

St. Louis, Feb. 12th, 1895.

At a meeting held February 12th, 1895, the following representatives were present:

E. P. Bryan, Superintendent of Terminals, L. & N. R. R.

J. M. Denyven, Assistant General Freight Agent M. & O. R. R.

J. C. Lincoln Assistant General Freight Agent, St. L. I. M. & S. Ry.
E. F. Hilgard, Assistant General Freight Agent, Cairo Short Line.
S. H. Klinger, Manager, St. Louis Transfer Co.

The meeting convened at 2:30 P. M.

Subject 171. Rates on Stoves, etc., L. C. L., to Mississippi Valley points.

Consideration was given to the late radical advance which had been made in these rates and to the fact that very low, any quantity, rates were in effect from some other sources of supply to that territory, and it was

Resolved: That Stoves, stove furniture and hollowware, L. C. L., be made sixth class rates to Mississippi Valley points covered by S. F. C. Tariff No. 1-A, and that sixth class differentials be authorized to apply from other points on this commodity.

Subject 172. Cost of transfer assessed by the St. Louis Transfer Co., on shipments of moss, and other light and bulky freight consigned to parties at St. Louis.

It was shown that the agreement now in effect permitted a maximum payment of four (4) cents per 100 lbs. in cases where the transfer made delivery at its depot, and of two (2) cents per 100 lbs. in cases where it made delivery at store door.

It appeared that the question had arisen from a claim made by the Transfer Co. for eight (8) cents per 100 lbs. on some car loads of moss which had come from New Orleans billed at a minimum weight of 20,000 pounds per car.

After some discussion, it developed that this was the only difference which had arisen between the Transfer Co. and the road for nearly two years, and the representative of the Transfer Company considered it of too little importance to make an issue on, and that the allowance made in accordance

with the rule was sufficient payment for the service of that company.

The subject is, consequently, dropped.

Subject 173. Methods of handling Grain, Grain Products and Hay, to Mississippi Valley points, and of assessing revenue thereon; also comparison of rates in effect at St. Louis with those in use at Missouri River points, Peoria, etc.

This subject was discussed at length, showing proportional rates in effect at many points, and "reconsignment and Milling in transit" from Missouri River territory, and other points, which effected rates much lower than a relative adjustment with those in effect at St. Louis.

Ways and means for restoring the proper relation of rates were discussed, consuming the remainder of the session, and further consideration of the subject was postponed until Tuesday Feb. 19th, 1895, to which time the meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of two printed pages, is marked "Complaint's Exhibit No. 2 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Committee, held in St. Louis, February 19th, 1895, contained in the same book as the preceeding record.

Which record is in words and figures as follows, to-wit:

"Proceedings of a meeting of
THE ST. LOUIS FREIGHT COMMITTEE
Held February 19th, 1895.

St. Louis, Mo., March 1st, 1895.

The meeting convened at 10 o'clock A. M., and the lines were represented as follows:

E. P. Bryan, Superintendent Terminals, L. & N. R. R.
J. T. Poe, General Freight Agent, M. & O. R. R.
J. M. Denyven, Ass't. General Freight Agent, M. & O. R. R.
Geo. E. Lary, General Freight Agent, Cairo Short Line.
E. F. Hilgard, Ass't General Freight Agent, Cairo Short Line.
W. C. Stith, General Freight Agent, St. L. I. M. & S. Ry.

Subject 173 Continued. After further canvassing this subject, and considering the means which could be properly used to place the Grain, Grain Product and Hay business of St. Louis and East St. Louis in line with that from other competitive markets, the following resolution was offered:

Resolved, That Grain in car loads, minimum weight 30,000 pounds, and hay in car loads, minimum weight 20,000 pounds, originating upon lines west of the Mississippi River or in Illinois, may be reconsigned from St. Louis or East St. Louis at proportional rates to the following Mississippi Valley points, namely: Mobile, Ala., New Orleans, Baton Rouge and Vidalia, La., Vicksburg, Natchez, Rosedale, Friars Point, Greenville, Huntington and Bayou Sara, Miss., Memphis, Tenn., and Helena, Ark.; thereby protecting the published through rate from the point of origin to such destinations, subject to the following conditions.

1st. The roads leading from St. Louis and East St. Louis to the Mississippi Valley points named above, will accept the balance of the through rate, point of origin to destination, after deducting the charge of connecting lines up to St. Louis or East St. Louis, subject to the following minima.

The minimum rates on grain, which shall be accepted south of St. Louis or East St. Louis are as follows: To

Memphis, Tenn., eight (8) cents per 100 pounds, to Mobile and New Orleans fifteen(15) cents per 100 pounds, and to the other points named above, seventeen cents per 100 pounds.

The minimum rates on hay shall be ten (10) cents per 100 pounds to Memphis, seventeen and one-half (17½) cents to Mobile and New Orleans, and nineteen (19) cents to the other points named.

2nd. The business so reconsigned shall be subject to supervision by the Chairman of the Southern Freight Committee, who shall make an adequate check of the grain movement contemplated herein.

3rd. Record shall be kept of grain subject to reconsignment, by the registration of the original expense bills (without alteration or erasure) therefor, when presented to the Chairman for reconsignment privilege.

4th. Expense bills which are not presented and surrendered within ninety (90) days of the date of their issue shall not be accepted for reconsignment, but this rule does not affect tonnage already filed.

5th. It shall be obligatory upon all lines to furnish all billing, covering grain subject to transit privilege, to the Chairman, for the proper carrying out of the rules and regulations governing such privileges as set forth herein.

6th. Transfers of expense bills, elevator tickets or bills of lading, (except 'shipper's order' bills of lading,) must be made by formal assignment or order. Endorsements in blank shall not be accepted.

7th. Shippers detected in using expense bills, or in furnishing billing or other instructions not bone fide in all particulars, or in restoring to any practice, in reconsigning grain or hay, which tends to reduce the legitimate revenues of the railroad companies, shall be reported to the Southern Freight Committee by the Chairman.

8th. In reconsigning, the weights shall not exceed those shown on the expense bill used in securing the reconsignment, and the weights shown on the expense bill surrendered shall in no case be less than the weight billed out; provided also, that nothing herein contained shall prevent the cars from being loaded to their maximum carrying capacity, subject to the inspection and approval of the Chairman or his authorized representative.

9th. In case rates to St. Louis or East St Louis are changed, the lines south thereof, parties to this agreement, will protect the through rate in effect at the date of reconsignment, subject to the minimum proportions established herein.

10th. Expense bills for one kind of grain shall not be accepted in the reconsignment of another kind, or of hay.

11th. Wheat, oats and corn, brought from Illinois or the territory west of the Mississippi River to St. Louis or East St. Louis, may be milled at those places and reshipped thence in car-loads as flour, meal, hominy, grits, bran or mill-stuff under the same rules and regulations as have been provided for the reconsignment of grain; but the through rates shall be assessed upon the rate on the product shipped, from the original point of shipment of the grain to the final destination of the product, and shall also be subject to the minimum weights established to apply on reconsigned grain.

The minimum rates on bran, shorts and mill-stuffs, so reconsigned, shall be the same as those already provided for grain.

The following shall be the minimum rates on flour, cornmeal, oatmeal, hominy and grits so reconsigned: To Memphis, Tenn., eight and one half (8½) cents per 100 pounds; to all other points named above seventeen and one-half (17½) cents per 100 pounds.

Upon roll call, all lines voted "aye" except the Louisville and Nashville. The representative of that line asked that its vote be delayed, and agreed to communicate it to the Chairman at a later date.

The affirmative vote of the Louisville & Nashville was received and recorded on February 28th, and the resolution was made effective on the 1st of March, 1895.

Subject 174. Rates on flour for export, in export sacks. It was represented that competition via other routes rendered it inexpedient to carry fixed rates on this business to New Orleans and Mobile, inasmuch as those rates were constantly fluctuating, and it was

Resolved, that the rate on "Flour for export, in export sacks," applying from St. Louis and East St. Louis to New Orleans and Mobile be cancelled from tariff S. F. C., No. 1-A

Subject 175. Methods of handling grain, grain products and hay to Nashville, Tenn.

It was shown that notwithstanding reconsignment and milling in transit to Nashville had been discontinued, freight had been since taken at less than tariff rates to that point.

After a lengthy discussion of the situation it was considered that the reconsignment arrangements in effect at that point fully protect it as a market, and it was

Resolved, that agreed, published tariff rates be fully maintained by all lines on all shipments moving from or through St. Louis or East St. Louis to Nashville and South Nashville, Tenn.

This resolution was unanimously adopted.

Subject 176. Rule adopted on the Mobile & Ohio R. R. governing the return of attendants of live stock shipments.

After consideration of this subject, and finding that it is not now possible to establish an uniform rule governing all lines, the Chairman was instructed to furnish all lines with

a copy of the letter which he had received from Mr. Poe on this subject and to cancel it.

Subject 177. Trackage of $1.00 per car, charged by the National Stockyards at East St. Louis on dead freight delivered to or received from industries located on the tracks of that company.

(Sub. 7 and 79.) This subject was referred to the Committee by the Local Freight Agents'- Association, which had adopted the following resolution:

'Resolved, that it is the sense of this Association that the practice of absorbing National Stockyards trackage of $1.00 per car is wrong and should be abolished. This trackage charge is an arbitrary in favor of the National Stockyards on all dead freight to or from private industries located on the tracks of the National Stockyards Co.'

It was the opinion of the representatives of these lines that the above resolution was correct on general principles, but definite action was postponed to some future meeting.

Subject 178. Rate on building tile, C. L., from St. Louis to Memphis, Tenn.

It was contended that it is inexpedient to carry a higher rate from St. Louis to Memphis on this commodity than is in effect on the same from Chattanooga, Tenn., to Memphis; and that while all lines desired the restoration of the regular rate as originally published in tariffs S. F. C. No. 1-A, the present rate should remain in effect pending the result of the effort now being made to have the rate from Chattanooga restored to that figure.

The subject was passed for further consideration at the next meeting of the Committee.

Subject 179. Cairo differential, under St. Louis, on sewer pipe.

It was explained by the Chairman that the differential basis on drain tile and sewer pipe is now different from that

used on building tile, and that it seemed proper to make those differentials alike.

As the Committee had no definite expression from the Illinois Central Railroad on this subject, and as it was not deemed proper to take any action without the concurrence of that line, the subject was passed for future consideration.

Subject 180. Application of reduced rate on furniture to Mississippi Valley points, as provided in tariff S. F. C. No. 1-A, on furniture manufactured from bamboo, rattan, reed or willow.

This subject was presented at the request of the Illinois Central Railroad. It was the opinion of all lines that those rates should not be applied on such shipments, and it was

Resolved, that furniture manufactured from bamboo, rattan, reeds or willow be excepted from the present commodity rate on furniture to Mississippi Valley points, and that tariff S. F. C. No. 1-A be so amended.

Subject 181. Rate on smoking tobacco to Mississippi Valley points.

This subject was introduced on a request to have the former rate restored.

It was not thought that the volume of the smoking tobacco trade warranted the making of a commodity rate, and the subject was dropped.

Subject 182. Allowance of ice with shipments of beer.

A communication from the Iron Mountain road was read which recommended the adoption of the following rule:

'Shippers may be permitted to load as much ice in car loads of beer as they see fit for the purpose of properly protecting the shipment in transit; any ice remaining in the car at destination, which is taken out of the car and delivered to the consignee, shall be charged and collected for at the tariff rate on ice in car loads.'

This rule was unanimously adopted.

The Committee then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of five printed pages, is marked "Complaint's Exhibit No. 3 of the Southern Freight Committee."

Complainant offers in evidence record of Joint Conference of Lines Interested in Mississippi Valley Traffic, held at St. Louis, December 22nd, 1894, contained in the same book as the proceeding record.

Which record is in words and figures as follows, to-wit:

"Joint Conference of

LINES INTERESTED IN MISSISSIPPI VALLEY TRAFFIC

St. Louis, Mo., December 22nd, 1894.

At a joint conference of lines interested in Mississippi Valley traffic, held Dec. 20th and 21st, 1894, the following lines were represented:

Illinois Central R. R., North, M. C. Markham, Ass't Traffic Manager.

Illinois Central R. R., North, W. E. Keepers, General Freight Agent.

Illinois Central R. R., South, D. B. Morey, Gen'l Freight Agent.

Yazoo & Mississippi Valley R. R., W. D. Hurlbut, Ass't. Gen'l. Frt. Agent

Chesapeake & Ohio Southwestern, F. C. Dumbeck, Gen'l. Freight Agent.

Louisville & Nashville R. R., C. B. Compton, Gen'l. Freight Agent.

Louisville & Nashville R. R., E. P. Bryan, Sup't. Terminals.

Queen & Crescent, H. F. Smith, Gen'l. Freight Agent.

Queen & Crescent, T. C. Powell, Ass't. Gen'l. Frt. Agent.

Cairo Short Line, George E. Lary, Gen'l. Freight Agent.

Cairo Short Line, E. F. Hilgard, Ass't. Gen'l. Frt. Agent.

Mobile & Ohio R. R., J. T. Poe, Gen'l. Freight Agent.

Mobile & Ohio R. R., J. M. Denyven, Ass't. Gen'l. Frt. Agent.

K. C., Ft. Scott & Memphis R. R., J. J. Fletcher, Gen'l. Freight Agent.

K. C., Ft. Scott & Memphis R. R., Frank Shearer, Com'l. Agent.

Missouri Pacific Ry., W. C. Stith, Gen'l. Freight Agent.

Toledo, St. L. & Kansas City, D. F. Jennings, Ass't. Gen'l. Agent.

Paducah, Tennessee & Alabama Ry.; The Tennessee Midland R. R., George McFadden, Gen'l. Freight Agent.

C. C. C. & St. L. Ry., W. Nichols.

A. & V. and V. St. P. R. R's., I. Hardy, Ass't. Gen'l. Frt. Agent.

Cincinnati, Hamilton & Dayton R. R., C. S. Walker, Gen'l. So. Agent.

The meeting convened at 10:30 A. M., Thursday, December 20th, 1894, and elected S. Frink Chairman, and W. H. McLean Secretary.

It was explained that the object of the conference was to re-establish rates from all territories to Mississippi Valley points and to provide means for their maintenance.

On motion it was unanimously,

Resolved, That the rates published in Southern Freight Committee Tariff No. 1 to Mississippi Valley points be checked over and approved or modified.

The conference then proceeded to check these rates, consuming the rest of the day in that work.

Friday, December 21st, 1894.

The lines convened at 10:30 A. M., December 21st, 1894, with the same representation, except that the following lines were not represented:

Cleveland, Cincinnati, Chicago & St. Louis Ry.

Toledo, St. Louis & Kansas City Ry.

W. C. Stith, G. F. A. Mo. Pacific Ry., represented J. J. Fletcher, G. F. A., K. C., F. S. & M. Ry.

Check of Southern Freight Committee Tariff No. 1 was continued and completed and S. Frink, Chairman of the Southern Freight Committee, was instructed to publish, effeective January 16th, 1895, as a joint tariff from St. Louis, Mo., and points common with St. Louis, the figures resulting from this check. Rates from other territories to be lined up on the agreed basis.

(This publication will be styled Joint Freight Tariff S. F. C. No. 1-A).

On roll call the following resolution was then unanimously adopted:

'Resolved, That the lines here represented pledge themselves to strictly maintain the rates agreed upon in the last two days session of the lines interested in Mississippi Valley Traffic; this pledge to rule on and after the date the new tariff becomes effective. (January 16th, 1895.)'

This was subsequently amended by making the new tariff effective as follows: Reductions Jan. 21st, 1895; Advances Feb. 1st, 1895.

It was explained that outstanding contracts would interfere with a strict maintenance of this obligation before that date.

Consideration was then given to the use of official classification from one territory as against So. Ry. & S. S. Association Classification from another, to Mississippi Valley

points, and the following agreement was signed and filed with the Chairman of Central Tarffic Association:

'St. Louis, Mo., December 21st, 1894.

Memorandum of Agreement made and entered into between the Louisville & Nashville R. R., the Chesapeake & Ohio Southwestern R. R., the Mobile & Ohio R. R., the Missouri Pacific Ry., the Queen & Crescent Route, the Paducah, Tennessee & Alabama, and Tennessee Midland Railroads, the Illinois Central R. R. and the Yazoo and Mississippi Valley R. R.

It is this day mutually agreed that, taking effect January 15th, 1895, through rates from points north of the Ohio River and west of the western termini of the trunk lines to Mississippi Valley points shall be made subject to the Southern Railway and Steamship Association Classification, with such exceptions as may be agreed upon and in use from Cincinnati, Louisville, Evansville, Paducah, Cairo, St. Louis and Chicago; and that, if the through rates to the territories named are not made upon that basis, the lines from the Ohio and Mississippi River crossings, to Mississippi River points will charge full local rates from such crossings to destination.

The following points constitute what is termed "Mississippi Valley Points:" Hickman, Ky.; Memphis, Tenn.; Helena and Arkansas City, Ark.; Friar's Point, Greenville, Huntington, Rosedale, Vicksburg and Natchez, Miss.; Bayou Sara, Vidalia, Baton Rouge and New Orleans, La.; and Mobile, Ala.

It is understood that the foregoing applies only on Southbound traffic.

(Signed) C. B. Compton, G. F. A., L. & N. R. R.
H. F. Smith, G. F. A., Q. & C. Route.
F. C. Dunbeck, G. F. A., C. & O. S. W.

Geo. McFadden, G. F. A., P. T. & A. Ry. and Tenn. Mid. Ry.
J. T Poe, G. F. A., M. & O. R. R.
W. C. Stith, G. F. A., Mo. Pac. Ry.
W. Keepers, G. F. A., Ill. Cent. R. R.
D. B. Morey, G. F. A., Ill. Cent. R. R.
W. D. Hurlbut, A. G. F. A., Y. & M. V. R. R.

Consideration was then given to the question of the differential basis for making rates from territories other than St. Louis Mo., and the sense of the conference was expressed as being opposed to the present differential basis as ineffectual and unsatisfactory, and unfair to the various competing interests, and that another Conference be called in January, 1895, to expressly consider this question, meantime interested lines are requested to give the question the consideration it merits to the end that an intelligent and satisfactory settlement be made of it when it is presented.

W. H. McLean,
Secretary.

S. Frink,
Chairman.

Note: The lines represented in this conference were convened at the rooms of the Southern Freight Committee, St. Louis, Mo., on January 22nd, 1895, at 10:30 A. M., to consider the question of differentials, but failed to reach any satisfactory conclusion."

Above exhibit, consisting of three printed pages, is marked "Complaint's Exhibit No. 4 of the Southern Freight Committee."

Complaint offers in evidence copy of circular Letter B-28, Auth. 33, of the Southern Freight Committee, dated St. Louis, January 15th, 1895, signed by S. Frink, Chairman, contained in the same book as the preceding records.

Which letter is in words and figures as follows, to-wit:

"THE SOUTHERN FREIGHT COMMITTEE.

St. Louis, January 15th, 1895.

Circular Letter B-28, Auth. 33.

Dear Sir:

Referring to the agreement which was signed in St. Louis, December 21st, 1894, relative to the use of the same classification from points in Central Traffic Association territory to Mississippi Valley points, which is in use from Chicago, St. Louis and Ohio River points, it has been suggested by some of the parties to that agreement that the notice given to the Central Traffic Association lines was unduly short, although their Commissioner was notified by a letter written on the 22nd of December, 1894, and that while they wish to repeat and re-affirm the terms of that agreement, except its date of effectiveness, they consider it a courtesy due to the C. T. A. lines that they should have until February 15th, 1895, to arrange their rate schedules in conformity with the provisions of that agreement.

Considering this reasonable, I beg to advise you that the effectiveness of that agreement is hereby postponed until February 15th, 1895, and that on and after that date it will be positively in effect.

Respectfully,
S. Frink,
Chairman."

Above exhibit is marked "Complainant's Exhibit No. 5 of the Southern Freight Committee.

Complainant offers in evidence record of meeting of the Southern Freight Association, held in St. Louis, August 15th, 1900, contained in printed record of "Proceedings of

Meetings of the Southern Freight Association, from May 1st, 1900, to January 1st, 1902."

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., August 15th, 1900.

Proceedings of the monthly meeting of the Southern Freight Association, held at its office in St. Louis this day.

The lines were represented as follows:

Louisville and Nashville R. R., J. Fitzgerald, Sup't. of Terminals.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

St. Louis, Iron Mountain & So. Ry., S. V. Derrah, A. G. F. A.

Illinois Central R. R., G. W. Becker, A. G. F. A.

In the absence of the Chairman, Mr. W. H. McLean presided.

The following subjects were considered:

Subject 12. Rates on Hay (letter of Smith, Vincent & Co). It was suggested that this subject be continued on the docket until the next meeting.

Subject 13. Report of Chairman in regard to through grain from the west. The Chairman reported the situation from the west and that from the south, and the subject was dropped.

Subject 14. Empty beer kegs, northbound, from New Orleans, originating on So. Pac. Co. lines. It was suggested that Chairman open correspondence with northbound lines, looking to an adjustment of these rates.

Subject 15. Expense bills (time limit on same). At a suggestion of one of the lines, the proposition was advocated of extending the limit of expense bills necesary for reconsignment to ninety days. The Chairman explained that such action was unnecesary at the present time, and the question was passed.

Subject 16. Minima to Paint Rock in construction of through rates to Carolina.

This subject was to be disposed of by correspondence.

The meeting then adjourned.

W. H. McLean, Acting Chairman."

Above exhibit, consisting of one printed page is marked "Complainant's Exhibit No. 6 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held in St. Louis, December 27th, 1900, contained in the same book as the last preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., December 27th, 1900.

Proceedings of a meeting of the Southern Freight Association, held in its office in St. Louis this day.

The lines were represented as follows:

Louisville & Nashville R. R., J. Fitzgerald, Sup't. of Terminals.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

Illinois Central R. R., G. W. Becker, A. G. F. A.

St. Louis, Iron Mountain & Southern Ry., S. V. Derrah, A. G. F. A.

The following subjects were considered:

Subject 33. (Subject 28—Continued.) Inspection of "shipper's order" freight without surrender of bill of lading.

This subject was passed at the request of a member who desired reply from legal department before acting.

Subject 34. (Subject 32—Countinued.) Differentials on canned goods, St. Louis over Ohio River for the Southeast.

In view of the present confusion of rates, it was

Resolved, That proportional rates on canned goods from St. Louis, etc., to the Ohio River for the Southeast, be established as follows, adopting the list of the Southeastern Missisippi Valley Association:

Carloads, twelve (12) cents per 100 lbs.; less than carloads, fourteen (14) cents per 100 lbs. Proportional rates, St. Louis to Memphis, to be made on the usual basis.

Subject 35. Method of determining weights of shipments of Grain.

In view of the unreliability of the weights given on shipments of grain, it was

Resolved, That the lines, members of the Southern Freight Asociation, agree to instruct their respective local agents to weigh, on track scales, all grain shipped from St. Louis and East St. Louis, locally or reconsigned from those points, when destined to territory south of the Ohio and on or east of the Mississippi Rivers; and to assess charges according to track scale weights.

In the event that there is objection to the railroad weights, the car shall be reweighed if practicable.

Resolved, Further, That on Grain from elevators, no change will be made from elevator weights when the variation does not exceed five hundred pounds.

On grain consigned through from connecting lines, destined to the above mentioned territory, if waybills for such shipments bear endorsements to the effect that the same has been weighed by them, their weights may be accepted at the option of the receiving line.

Subject 36. Commodity rates to Carolina territory.

This subject was passed.

Subject 37. Absorption of switching charge on through freight paying only one cent from East St. Louis to Ohio River.

This subject was ordered to be struck from the docket.

Subject 38. Publication of rates from St. Louis by the S. E. M. V. Association without the concurrence of the S. F. Association.

The Chairman was directed to continue correspondence with the Chairman of the S. E. M. V. Association to the end that rates from St. Louis must have the concurrence of the S. F. Association or the independent action of one of its members before they are published. In case of independent action the member taking it will be expected to follow the rules of the S. F. Association Articles of Association.

Subject 39. Proportional rate on Brick, C. L., from St. Louis to the Ohio River for the Southeast.

In order to preserve a proper relation between rates from St. Louis and those from other producing points, it was

Resolved, That a proportional rate of five (5) cents per 100 lbs. be established from St. Louis to the Ohio River, on Brick, common, pressed, enamelled and paving, in straight or mixed carloads, minimum weight 30,000 lbs. when destined to points in Southeastern territory.

Subject 40. Commodity rate on Empty Barrels, C. L., from St. Louis, etc., to the Ohio River for the Southeast.

It was claimed that under the present classification the proportional rate to Ohio River is higher than the local rates from East St. Louis to the Ohio River crossings.

The Chairman was directed to ascertain the lowest local rate, and authorized to publish that rate as a proportional rate on that commodity.

Subject 41. Proposition to discontinue the reconsignment of L. C. L. shipments of Grain Products.

As it is understood that such shipments are reconsigned from points on and south of the Ohio River, it was deemed inexpedient to make any change in the present rules.

Subject 42. Proportional Rate on Iron Pyrites, from St. Louis to the Ohio River for the Southeast.

It was moved that a proportional rate of seventy-five cents per gross ton be authorized on Iron Pyrites, C. L., from St. Louis, etc., to the Ohio River, on Southeastern traffic.

It was also moved that action on the foregoing motion be postponed until it can be learned what rates will be charged on the same by lines south of the Ohio River.

Both motions were voted upon, and both were declared lost.

Subject 43. Absorption of transfer on L. C. L. shipments from Granite City, Ill.

The following was adopted:

Resolved, That the established rates from St. Louis and East St. Louis, to points south of the Ohio, and on and east of the Mississippi River, do not apply on L. C. L. shipments from Granite City, Ill.

The intention of this resolution being that the shippers must make the delivery of such freight at the depots of the receiving lines at their own expense.

Subject 44. Limitation of commodity rates on Packing-house Products, to Ohio River for the Southeast, to straight or mixed carloads.

The Chairman was directed to correct the list on page 3, of S. F. A. Southeastern Tariff, by inserting the words "in straight or mixed carloads," making the list commence "Packing-house Products, in straight or mixed carloads, will consist of ————————."

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of three printed pages, is marked "Complainant's Exhibit No. 7 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., February 28th, 1901, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., Feb. 28th, 1901.

Proceedings of a postponed meeting of the Southern Freight Association, held in its office in St. Louis this day.

The lines were represented as follows:

St. Louis, Iron Mountain & Southern Ry., E. B. Lane, A. G. F. A.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

Illinois Central R. R., Geo. W. Becker, A. G. F. A.

Louisville & Nashville R. R., John Fitzgerald, Sup't. Terminals.

Subject 46. (Sub. 33 Cont'd.) Inspection of "Shipper's order" freight without surrender of bill of lading.

It was decided that each line should act for itself on this matter, and the subject was struck from the docket.

Subject 47. (Sub. 36 Cont'd.) Commodity rates to Carolina territory. Are there any which should be omitted?

Inasmuch as the S. E. M. V. Association has decided not to omit any of the present commodity rates south of the Ohio River, it was decided to continue them all from St. Louis.

Subject 48. (Sub. 40 contd.) Commodity Rate from St. Louis, etc., to Ohio River on empty barrels, C. L., when destined to points in the Southeast.

In view of the fact that the present tariff rates are higher than combination of locals via Cairo and Evansville, it was

Resolved, That proportional rates be established on Empty Barrels, C. L., minimum weight 20,000 lbs., as follows: From St. Louis and common points to Evansville,

Ind., and Cairo, Ill., eight (8) cents per 100 lbs., and to Memphis, Tenn., twelve (12) cents per 100 lbs. The above rates to apply on traffic to Southeastern points.

Subject 49. Rates on Lubricating Oil, L. C. L., to New Orleans and Mobile.

The line proposing this subject asked that it be postponed to the next meeting, which was done.

Subject 50. Rates from St. Louis to Southern Pacific stations, New Orleans to Willswood, inclusive, Thibodaux Branch and Napoleonville Extension.

Inasmuch as New Orleans rates are in effect from Kansas City territory to those points, it was agreed to do the same from St. Louis, with the following restrictions:

1. Those rates will not apply via the Louisville & Nashville Railroad.

2. Those rates will apply via the Mobile & Ohio Railrod from St. Louis, Mo., East St. Louis, Ill., and stations on its own line between East St. Louis and Cairo, Ill., only.

3. Those rates will apply via the Illinois Central Railroad from St. Louis, Mo., East St. Louis, Ill., Odin and Sandoval, Ill., and stations on its own line between East St. Louis, Odin and Sandoval and Cairo only.

Subject 51. Commodity rate from St. Louis to Ohio River on Oat Meal destined to the Southeast.

It was decided to be inexpedient to make such rate at present.

Subject 52. Collection of back charges and prepay freight charges on grain at East St. Louis.

It was decided that this is a subject to be handled by accounting and treasury officials, and it was struck from the docket.

Subject 53. Irregularity in the matter of payment of drayage on vegetables.

The representative of the line presenting this subject

stated that further investigation had convinced him that the situation is satisfactory, and the subject was cancelled.

Subject 54. Rate on Clariphos, C. L., to New Orleans, La.

Inasmuch as a rate of twenty (20) cents per 100 lbs. has been made on Vinegar, C. L., from St. Louis to New Orleans, it was

Resolved, That the rate on Clariphos, C. L., minimum weight 24,000 lbs., be made twenty (20) cents from St. Louis, etc., to New Orleans, La.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of two pages of printed matter, is marked "Complainant's Exhibit No. 8 of the Southern Freight Association.

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., May 9th, 1901, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD. THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., May 9th, 1901.

Proceedings of a meeting of the Southern Freight Association, held in its office in St. Louis this day.

The lines were represented as follows:

St. Louis, Iron Mountain & Southern Ry., E. B. Lane, A. G. F. A.

Illinois Central R. R., Geo. W. Becker, A. G. F. A.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

Louisville & Nashville R. R., John Fitzgerald, Sup't. of Terminals.

The following subjects were considered:

Subject 55 (Sub. 49 Cont'd.) Rates on Lubricating Oil, L. C. L., to New Orleans and common points.

It was urged that the classification rates now in effect are prohibitive so far as the rail lines are concerned, and that the contrast between those rates and the commodity rates on linseed oil, etc., is too great. It was therefore, resolved that the rates be made from St. Louis, etc., as follows:

"Oil," other than Linseed, Cotton-seed, Corn, Creosote, Coal Oil and its products, in barrels, any quantity, to Memphis, Tenn., 25 cents per 100 lbs.; to New Orleans and Group, 35 cents per 100 lbs.

Subject 56. Rates on Grain from the West and points in Illinois to Mississippi Valley common and basing points, and to interior junctions on and west of the Mobile & Ohio R. R.

This subject was referred to the Mobile & Ohio and Illinois Central roads to prepare and present a proposition in detail which is to be submitted to members by the Chairman in writing.

Subject 57. Membership of the Southern Ry.

The Chairman read the correspondence bearing on this subject, and was directed to continue it with representatives of that road.

(Since adjournment a letter has been received from T. C. Powell, A. F. T. M. of the So. Ry., stating that it would become a member of this Association July 1st, 1901.)

Subject 58. Amount to be absorbed for wagon transfer of Grain Products in carloads when destined to Mississippi Valley common and basing points or to interior Mississippi junction points.

This subject was presented by the local representative of the Southern Ry.

The Chairman was directed to reply that when the ship-

per delivered such shipments to the St. Louis Transfer Co. at its depot, the Transfer Co. was entitled to its full tariff rate in all cases where no abatement from full tariff rates is made by a milling in transit arrangement; and that where the freight is shipped under a milling in transit rate, the amount to be paid for transfer and absorbed out of the rate must not exceed 2 cents per 100 lbs.

Subject 59. Record of a conference of represetatives of Southern lines, held in New Orleans, March 14th, 1901, at which certain rates to Jackson and Meridian, Miss., were adjusted.

This record was ordered to be spread upon the proceedings for record, and for the information of members, and is as follows:

'At a conference of the undersigned, with committees representing the jobbing interests at Jackson and Meridian, Miss, held at St. Charles Hotel, New Orleans, March 14th, 1901, it was decided to issue the following rates to Jackson and Meridian, Miss., effective April 1st, 1901:

From	Nails C. L.	Spl. Iron C. L.	Bagging and Ties C. L.	Grain and Corn Meal C. L.	Flour in Sacks C. L.	Flour in Bbls., per Bbl. C. L.
St. Louis	20	23	22	16	18	36
Cincinnati	23	26	25	18	20	40
Louisville	20	23	22	16	18	36
Evansville	18	21	20	14	15½	31
Cairo	15	18	18	12	14	28
Nashville	15	18	18	12	14	28
Chicago	26	29	28	22	24	48
Milwaukee	28	31	30	24	26	52
Peoria	25	28	26	19	21	42
Springfield	23	26	25	18	20	40
Memphis	13	16	15	10	12	24
Kansas City when from beyond				18	20	40

(Signed) Ala. & Vicksburg R. R., by T. F. Steele.
N. O. & N. E. R. R., by T. F. Steele.

Ill. Cen. & Y. & M. V. R. R.'s, by F. B. Bowes.
M. & O. R. R., by J. T. Poe.
So. Ry., by T. C. Powell.
Ala. G. S. R. R., by L. Sevier.'

Subject 60. Receiving L. C. L. Freight.

The local freight agents ask approval of the folowing regulation which was adopted by them in January, 1899:

'On and after January 2nd, 1899, the railroad companies named below will receipt for freight in less than carload lots only when plainly marked or tagged with full destination and with either the name of consignee or other distinguishing mark.'

Upon motion the regulation was unanimously approved.

Subject 61. Weighing and transfer of grain through elevators.

After some discussion this subject was passed to be considered by a special conference to be called for that purpose.

Subject 62. Filing tariffs with the Interstate Commerce Commission.

The Chairman read a letter received from the Auditor of the I. C. C. asking that each road file authority for the filing of tariffs by the Chairman.

The Chairman was directed to furnish each road with a copy of that letter for their individual action.

Subject 63. Substitution or partial unloading of Packing-house products in transit.

It was resolved that the rules of the Southern and Western Lines be approved and sustained; viz:

'Resolved, that it is the sense of this meeting that the partial unloading or substitution of fresh meat or packing-house products in transit, at re-icing points or elsewhere is contrary to the rules of the Association, and should be immediately discontinued.

'Resolved, further, that all agents be instructed to see that the practice is discontinued.

'Resolved, further, that a copy of this resolution be furnished to connecting lines, with notice that we will not in future be parties to any contracts in conflict therewith.'

Subject 64. Proposed cancellation of Southern Freight Association Tariff No. 27.

This tariff was issued in November, 1896, showing rates on certain commodities from Belleville, Ill., and has long been obsolete, the rates having been provided for in other tariffs.

The Chairman was directed to cancel the issue.

Subject 65. Rates on Drain Tile to Mississippi Valley points.

This subject was introduced at request of manufacturers who showed that the commodities shipped from St. Louis under those names were strictly analagous, except Drain Tile is cheaper and less liable to breakage than Sewer Pipe. The difference between the two being that Sewer Pipe has a flange at one end for the insertion of the next piece, and Drain Tile is made in straight lengths and without any flanged end.

It was resolved, that Sewer Pipe and Drain Tile should be covered by the same rates to Mississippi Valley points as are now provided for shipments of Sewer Pipe.

Subject 66. Rate on Asphalt to Ohio River for the Southeast.

Inasmuch as the S. E. M. V. lines have provided that Asphalt shall be carried in its territory at the same rates as Cement, it was ordered that Cement rates should govern from St. Louis, etc., to Ohio River, namely C. L. 4 cents per 100 lbs., and to Memphis 8 cents per 100 lbs., on traffic for Southeast.

Subject 67. Rates on Automobiles and Locomobiles to Mississippi Valley points.

It was ordered that the same rules should apply from St. Louis, etc., as has been made to apply from Chicago, namely,

Carloads, minimum weight 16,000 lbs., third class.

Less than carloads, not crated or boxed, set up, wheels on or off, each vehicle minimum weight 6,000 lbs., first class.

Less than carloads, set up, crated or boxed, wheels on or off, each vehicle minimum weight 5,000 lbs., first class.

Subject 68. Proposed restriction of present commodity rates in common furniture to Mississippi Valley by excepting certain articles as proposed in S. E. M. V., File 2921, Subject 3721 of 25th meeting.

The Chairman was instructed to submit this proposition in writing.

Subject 69. Wagon transfer of freight reconsigned or milled in transit.

The following was adopted:

'Resolved, that R. C. Circulars No.'s 14-M. V. and 20, providing rules and regulations for reconsignment of grain and hay and milling in transit of grain be amended so as to provide that the lines, members of this Association, will pay, when the service is performed by the St. Louis Transfer Co. from depots, for transfer between St. Louis and East St. Louis, not to exceed two cents per 100 lbs. on grain products, and five dollars per car, minimum weight 2,000 lbs., on hay.

Subject 70. Rates on Cement, C. L., from St. Louis, etc., to Jackson and Meridian, Miss.

In consequence of combination of local rates via Memphis, it was

'Resolved, that a rate of eighteen cents per 100 lbs. be established on Cement, C. L., from St. Louis, etc., to Jackson and Meridian, Miss.'

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of four printed pages, is marked "Complainant's Exhibit No. 9 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, June 21st, 1901, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., June 21st, 1901.

Proceedings of a meeting of the Southern Freight Association, held in its office, in St. Louis, on Thursday, June 20th, 1901.

The lines were represented as follows:

Louisville & Nashville R. R., J. Fitzgerald, Sup't of Terminals.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

Illinois Central R. R., G. W. Becker, A. G. F. A.

St. Louis Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

The following subjects were considered:

Subject 71. (Subject 69 continued.)

Proposed restriction of the application of commodity rates on furniture to Mississippi Valley points.

The Chairman reported that correspondence had secured concurrence in the proposed change, and that it had been made effective.

Subject 72. (Subject 61 continued.)

Weighing and Transfer of Grain through Elevators.

The Chairman reported that the general conference on this subject, which was provided for at the May meeting, was held at the Southern Hotel, St. Louis, June 4th, 1901, but failed to take any action on the subject.

After some discussion the following resolution was offered, discussed and failed of adoption:

'Resolved, that on Grain, in carloads, shipped from St. Louis or East St. Louis and consigned through to points of destination east of the line of the Mobile & Ohio R. R., Corinth to Mobile (not including Aberdeen and Columbus, Miss.); on and south of the Memphis Division of the Southern Ry., Corinth to Chattanooga (not including Corinth); east of the line of the Cincinnati, New Orleans & Texas Pacific Ry., Chattanooga to Isham; and south of the southern boundary lines of the states of Kentucky and Virginia, transferred through elevators in St. Louis or East St. Louis, the transportation companies must pay not to exceed three-quarters (¾) of one cent per hundred pounds for transfer or elevation, provided that no change of consignee or destination is made enroute (either at the Ohio River or south thereof); and provided, further, that on Grain from west of the Mississippi River, whether handled through elevators in St. Louis or not, the cost of transfer across the Mississippi River shall include not only the delivery of the Grain to the East St. Louis elevators, but also such switching expense as may be incurred in making delivery to the Southern roads.

"The amount allowed for transfer or elevation to be paid only on certificates of the elevators showing that the service was actually performed. Effective July 1st, 1901.'

Immediately after the vote was taken the following notice was served upon the Chairman.

'St. Louis, Mo., June 20th, 1901.

Mr. S. Frink, Chairman, Southern Freight Association:

Dear Sir: Allowance for transfer or elevation of Grain at St. Louis or East St. Louis.

Referring to the above mentioned subject. Please be advised that, effective July 1st, 1901, the Illinois Central R. R. Co., and the Mobile & Ohio R. R. Co. will make an allowance for transfer or elevation of Grain, as provided for in the resolution which was offered at today's meeting, and which failed of adoption.

Yours truly,

(Signed) Geo. W. Becker, A. G. F. A., I. C. R. R.
Haiden Miller, G. F. A., M. & O. R. R.'

Consequently all other lines are at liberty to pursue the course defined by the Illinois Central and Mobile & Ohio Roads, as covered by the above resolution and notice.

Subject 73. (Subject 56 continued).

Rates on Grain from the West and Illinois to Mississippi Valley and to Mississippi interior junctions.

This subject was referred to the representatives of the Mobile & Ohio and Illinois Central roads by the May meeting, to be definitely formulated for presentation to the Association.

Those representatives reported progress but asked for further time.

The subject was, therefore, passed to the next meeting.

Subject 74. Proportional rates to River Crossings for the Southeast versus Local Rates to those Crossings.

It was shown that the local rates were, in many instances, lower than the provided proportionals, and that combined locals would reduce the published through rates. It was also shown that such combinations were being used to some extent without giving the usual notice to the Chairman.

It was also stated that negotiations are under way which would, if successfuly concluded, advance at least some of

these local rates and so give greater protection to the published through rates.

It was therefore deemed best to defer action, and the subject was passed to the next meeting.

Subject 75. Proportional rate to Ohio River on Sulphuric Acid in tank cars destined to the Southeast.

The Chairman reported that this commodity is included in Fertilizer Material to common points in S. E. M. V. territory, and that he had published the rates on that basis from St. Louis.

His action was approved by the Association.

Subject 76. Rates on Grain and Grain products to Gulf and Ship Island stations.

It was shown that this subject is not definitely understood and adjusted so as to produce harmony of rates, and pending further information, it was passed to the next meeting.

Subject 77. Minimum weight of packing house products to be carried in "private cars."

It was shown that small lots of meats are frequently offerred for transportation in "private cars," which involved payment of extra car mileage if taken, and it was

Resolved, that a minimum weight of 10,000 lbs. be established on such shipments in "private cars."

It was also agreed that each line would notify its agents of this action and direct that the above minimum be observed in all cases.

Subject 78. Absorption of transfer on shipments of Grain products.

It was claimed that the amount absorbed by the East side lines covered the entire cost of delivery from mills to East Side depots, and that the present arrangement did not effect the equalization of routes which was contemplated in the arrangement for drayage and transfer. It was also shown that the conditions at St. Louis would be

somewhat changed July 1st prox., and the subject was passed to next meeting with the understanding that investigation as to facts would be made meantime.

Subject 79. Date of regular meetings.

Owing to the fact that the second Thursday of each month makes the meeting of this Association coincide with that of the S. E. M. V. Association every other month, it was directed that hereafter this Asociation meet on the third Thursday of each month.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of three printed pages, is marked "Complainant's Exhibit No. 10 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., July 24th, 1901, contained in the same book as the preceding record:

Which record is in words and figures as folows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., July 24th, 1901.

Proceedings of a meeting of the Southern Freight Association, held in its office in St. Louis this day:

The lines were represented as folows:

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

Louisville & Nashville R. R., John Fitzgerald, Sup't of Terminals.

Illinois Central R. R., Geo. W. Becker, A. G. F. A.

Southern Ry., R. A. Campbell, A. G. F. A.

St. Louis Transfer Co., C. F. Irwin.

The following subjects were considered:

Subject 80. (Sub. 73 Cont'd.) Rates on Grain from the West and Illinois to Mississippi Valley and Mississippi interior junctions.

This subject was ordered to be struck from the docket.

Subject 81. (Sub. 74, Cont'd.) Proportional rates to the Ohio River for the Southeast compared with local rates to Ohio and Mississippi River crossings.

It being shown that the local rates to Evansville, Cairo and Memphis were, in some cases, less than the proportional rates applying on Southeastern traffic and the published through rates consequently higher than combined locals, the following resolutions were adopted:

Resolved, that, effective August 1st, 1901, these lines will not quote less than published tariff rates on Sash, Doors and Blinds destined to Southeastern territory, and that prior to that date the rate on same in carloads from St. Louis shall be six and one-half (6½) cents higher than the rate from the Ohio River or ten and one-half cents higher than the rate from Memphis, Tenn.

This resolution was adopted with the understanding that, effective August 1st, prox., the rate from East St. Louis to Evansville would be advanced so as to fully protect the present published rates from St. Louis.

It was also resolved, that the Proportional rates from St. Louis to Ohio River for the Southeast on Canned Goods, C. L., and Candles, C. L., be made eleven (11) cents per 100 lbs., in order to meet the combination of local rates via Memphis, Tenn.

The remainder of the subject was continued on the docket with the understanding that the representatives of the L. & N. and Southern Ry's. would take the subject up, with a view to advance the local rates from East St. Louis to Evansville, Ind., sufficiently to protect the present through rates against that combination.

Subject 82. (Sub. 76, Cont'd.) Rates on Grain and Grain Product to Gulf and Ship Island stations.

This was referred to the representative of the Illinois Central road, who agreed to submit the position of that Company relative to those rates to the Chairman in writing.

Subject 83. (Sub. 78 Cont'd.) Absorption of transfer on Grain Products to the Southeast.

Discussion of the subject developed that the St. Louis Transfer Company is hauling the product of the Purina Mill from the mill to East St. Louis for two cents per 100 lbs., all of which is absorbed by the roads. In defense of this it was stated that the Terminal Railway Association has a track alongside that mill and charges only two cents per 100 lbs. to transfer from that track to the roads at East St. Louis and in consequence the St. Louis Transfer Company must perform the service at the same rate or not secure the business at all. It was also shown that the conditions would force the St. Louis, Iron Mountain & Southern Railway to pay drayage from the mill to its depot, or surrender the traffic to the east side lines.

The subject was referred to the representative of the I. M. & S. to present a proposition for the relief of that Company from the disabilities arising in such cases and it was continued on the docket.

Subject 84. Accepting shipper's weights on Woodenware, C. L.

It was shown that there had beeen cases where shipper's weights had been accepted and it was

Resolved, that actual scale weights be applied on all shipments of Woodenware.

Subject 85. Percentages between St. Louis and East St. Louis and Hickman, Tenn.

This subject was referred to the interested lines to be adjusted by them with the N. C. & St. L. road.

Subject 86. L. C. L. shipments from Hammar Paint Co., East St. Louis to the Southeast.

It appears that the above company is situated on the track of the B. & O. S. W. Ry. in East St. Louis and that that Company takes both C. L. and L. C. L. shipments from them free of charge for switching or drayage and that it is necessary to do the same in order to secure any portion of the business of that firm.

Several propositions were made but each failed of adoption.

The subject was continued, the Chairman, meanwhile, to canvass the subject with the representative of the B. & O. S. W. and report the result as soon as posible.

Subject 87. Rate on soap stock from Ohio River to St. Louis on shipments from the Southeast.

It was resolved, that the Southern lines be authorized to use a proportional rate of seven (7) cents per 100 lbs. on Soap Stock, C. L., minimum weight 24,000 lbs., from the Ohio River or Belmont, Mo., to St. Louis. Corresponding rate of eleven cents may be used from Memphis, Tenn.

Subject 88. Allotment of the expenses of the Association.

This subject was introduced on account of the accession of the Southern Ry. to membership.

The following was adopted, subject to confirmation by the St. Louis Transfer Company:

Louisville & Nashville	17½ per cent
Mobile & Ohio	17½ per cent
Illinois Central	17½ per cent
Southern	17½ per cent
Iron Mountain	17½ per cent
St. Louis Transfer Co.	12½ per cent

Subject 89. Minimum weight of Packing-house Products to be taken in refrigerator cars.

This subject was introduced on account of complaints resulting from the action taken under subject 77 of meeting of June 21st, 1901.

After discussing the subject, it was

Resolved, that the previous action be reaffirmed and that the rule requiring a minimum weight of 10,000 lbs. be applied on all shipments loaded in refrigerator cars, whether private cars or those belonging to the railroads, at the shipper's plant; and that the rule govern to all points of destination.

Subject 90. Rates on Cotton Piece Goods to Mississippi Valley common and basing points.

It was claimed that the advance in classification affected the rates from St. Louis and did not affect the rates from Southern milling points. The subject was referred to the representatives of the Iron Mountain to investigate and report on.

Subject 91. Rate to Ohio River on Sash, Doors and Blinds for the Southeast.

This subject was acted upon under Subject No. 81, this meeting.

Subject 92. Basis of rates from St. Louis to the Southeast.

This subject was introduced at the request of Mr. Powell of the Southern Ry., and as Mr. Campbell was not informed as to what was desired it was continued to next meeting.

Subject 93. Proposed conference of the W. T. L., S. E. M. V. and S. F. Association lines relative to rates on Grain and Grain Products from Missouri River points to New Orleans, La., and points taking New Orleans rates. Suggestion from Chairman Mahoney of the W. T. L. Association.

The Chairman was directed to advise Chairman Mahoney that the lines members of this Association would attend such a meeting.

CORRECTION AND ADDENDUM.

Please refer to the last line of page 22 of June 21st, 1901, and correct the fourth word from the end of the line to read "may" instead of "must," making it read "the transportation companies may pay," etc.

Also be advised that the Illinois Central road advised, under date of July 1st, 1901, that it is its intention to absorb three-fourths (¾) of a cent per 100 lbs. Elevator charges on Grain destined to Nashville, Tenn., if it sees fit to do so.

S. Frink, Chairman."

Above exhibit, consisting of four printed pages, is marked "Complainant's Exhibit No. 11 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., August 22nd, 1901, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., Aug. 22nd, 1901.

Proceedings of a meeting of the Southern Freight Association held at its office in St. Louis this date.

In the absence of S. Frink, Chairman, Mr. W. H. McLean presided.

The lines were represented as follows:

St. Louis, Iron Mountain & So. Ry., W. C. Stith, F. T. M.; E. B. Lane, A. G. F. A.

Illinois Central R. R., Geo. W. Becker, A. G. F. A.; B. J. Rowe, C. A.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

Louisville & Nashville R. R., John Fitzgerald, Supt. Ter.; J. N. Chandler, G. A.

Southern Ry., R. A. Campbell, A. G. F. A.

St. Louis Transfer Co., A. de Figueredo, A. M.; C. F. Irwin, Agent.

The following subjects were considered:

Subject 94. (Subject 83 continued.) Consideration of Wagon Transfer Agreement and such changes as may be necessary.

Discussion developed that conditions had changed since the original agreement was signed, and the following amendment to the original agreement was offered:

'THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., August 22nd., 1901.

Proposed Amendment to Drayage Agreement.

7th. It is agreed that on business originating at industries, warehouses and store doors, at St. Louis, with or without track connections, and hauled to depots at East St. Louis; and on business originating at industries, warehouses, store doors, etc., at East St. Louis, with or without track connections, hauled to depots at St. Louis; the parties hereto will not pay in excess of two (2) cents per one hundred pounds for hauling such business; and, that only to the recognized Transfer Companies; any additional cost for transfer to be collected from shippers.

It is further agreed that the St. Louis Transfer Co. will make the same rate from stores, warehouses and industries in St. Louis, to depot of St. Louis, Iron Mountain & Southern Ry., and Louisville & Nashville Broadway station, as they make to their own depots. No drayage will be paid on business hauled from industries, warehouses, store doors, etc., at St. Louis, to depots in St. Louis; and no drayage will be allowed from industries, warehouses and store doors, etc., at East St. Louis, to depots at East St. Louis.

It is further agreed that the St. Louis Transfer Co. will use a rubber stamp, and stamp dray tickets showing whether freight is hauled from store, etc., or depot.

8th. It is agreeed that on busines destined to industries, warehouses, stores, etc., with or without track connections, at St. Louis, originating in territory covered by this agreement, the lines terminating at East St. Louis will not, in any case, pay in excess of two (2) cents per one hundred pounds to effect such delivery; and the lines terminating at St. Louis will not pay in exces of two (2) cents per one hundred pounds for effecting delivery of business originating in the same territory, and destined to industries, warehouses, stores, etc., with or without track connections, at East St. Louis, any additional cost for transfer to be collected from consignees. It is further agreed that the St. Louis Transfer Company will make the same rate to stores, warehouses and industries in St. Louis, from depots of the St. L. I. M. & S. Ry., and L. & N. R. R., at Broadway Station, as they make from their own depots. It being understood that no drayage shall be allowed by the lines terminating at St. Louis on business consigned to parties at St. Louis; and that no drayage shall be allowed by lines terminating at East St. Louis, to parties located at East St. Louis.

It was then agreed that the amendment should be submitted to all members and meeting be held on Wednesday, A. M., at 10 o'clock, August 28th, to take definite action on it.

Subject 95. (Subject 86 continued.) Payment of drayage on shipments from Hammer Paint Co., East St. Louis.

This subject was ordered stricken from the docket.

Subject 96. (Subject 91 continued.) Proportional rates to the Ohio River for Southeast compared with local rates.

It was explained that the local rate from East St. Louis

on sash doors and blinds to the Ohio River had beeen advanced to protect the proportional rate for Southeast.

The L. & N. and Southern Ry. were unable to report further on the subject and it was ordered that it be continued on the docket.

Subject 97. (Subject 90 continued.) Rates on Cotton Piece Goods to Mississippi Valley points.

This subject was ordered stricken from the docket.

Subject 98. (Subject 92 continued.) Basis of rates, St. Louis to Southeast.

It was explained that this subject was now under consideration with S. E. M. V. Asociation, and that it had been referred to Conference Committee of S. E. M. V. Association, to be by them taken up with this Association. The Chairman was instructed to correspond with Chairman Washburn and to continue the subject on the docket.

Subject 99. Competition established by M. K. & T. tariff to N. O. & N. E. stations.

The Chairman was instructed to take this matter up with M. K. & T. Ry. and find if it was a fact that the tariff had been cancelled, as one of the members stated that he had been advised by M. K. & T. Ry. to that effect.

That member subsequently explained that he found the cancellation to which he referred only carried Grain and Grain Products.

The I. M. & S. Ry. agreed to interest itself in the matter and take the question up with the M. K. & T. Ry.

It was ordered continued on the docket.

Subject 100. Differentials on Scrap Iron, C. L., St. Louis to Ohio River for Southeast.

It appears that rate of 75 cents per ton, 2,000 lbs., applies St. Louis to Ohio River crossings for Southeast, when destined to furnaces located in the Birmingham Group and points contiguous thereto.

Motion was offered to put the same rate in effect, St.

Louis to Ohio River crossings, on Scrap Iron, C. L., when destined to all Southern furnaces.

The motion failed of adoption and the representative of So Ry. advised that he would give notice of independent action.

Subject 101. Rates on exhibits for St. Louis fair.

It appears that Southern Classification fully covers this question, and it was ordered stricken from docket.

Subject 102. Glucose barrels returned, St. Louis to New Orleans.

Motion to put in effect a 19-cent rate on empty Glucose, Syrup and Molasses Barrels, C. L., minimum weight 20,000 lbs., and an amendment to same to make rate 25 cents, minimum weight 20,000 lbs., was offered, and failed of adoption.

Subject 103. No observance of Reconsigning Rules covering the Issuance of Bills of Lading on Grain, for the Southeast, on basis of one cent per 100 lbs., East St. Louis to the Ohio River.

The consensus of opinion on this subject was that change of ownership or destination, South of Ohio River, at St. Louis, did not affect Grain consigned through from western points, to southeastern destination; and it was ordered stricken from the docket.

Subject 104. Minimum Weights on Grain and Grain Products, to Mississippi Valley.

Transcript from Proceedings of Joint Conference between Western S. E. M. V. and So. Frt. Assn. Lines, August 12th, 1901, was read as follows:

The minimum weight upon Grain Products, from all territory to Mississippi Valley common points, Jackson and Meridian, Miss., Lake Charles, West Lake, Minden, Shreveport, Alexandria, Monroe, La., and Texarkana, Ark., be made 30,000 lbs. per car, except where the marked capacity of car is less, in which case the marked capacity

will be the minimum. That on Grain, the undersigned lines may continue in operation the present rule, but the minimum weight to be not less than 30,000 lbs., except where marked capacity of car is less, in which case the marked capacity will be the minimum.

On motion this rule was adopted from St. Louis.

Subject 105. Rates on Beef, Pork, Pigs' Feet and Tongues, pickled, in barrels, C. L. and L. C. L., to Mississippi Valley points.

Transcript of proceedings of Joint Conference described under Subject 104 was read as follows:

The present rates on Beef, Pork, Pigs' Feet and Tongues, pickled, in barrels, to Memphis, Tenn., New Orleans, La., and Group points, to be applied on C. L. only and that the L. C. L. rates to be made 5 cents per 100 lbs. higher, the rate to be expressed per barrel, using a minimum weight of 330 lbs. per barrel in figuring the rate.

The above to apply from the Missouri River, Ohio River, St. Louis and points basing thereon.

On motion this rule was adopted from St. Louis.

Subject 106. Acceptance of shipper's weights on Woodenware.

All lines except the I. M. & S. Ry. stated positively that they weighed all this character of freight on their own scales. The I. M. & S. advised that they accepted shipper's weights from Cupples Wooden Ware Co. in accordance with contract with Western Weighing and Inspection Bureau. They however agreed on this freight when destined to southeast or Mississippi Valley to instruct their Agent to weigh it on their own scales.

Subject 107. Percentage divisions betweeen Ohio River points and points in Illinois, applying via East St. Louis.

It was agreeed that the M. & O., Ill. Cent. and Southern Ry. would take up and dispose of this subject.

Subject 108. (Subject 82 continued.) Rates on Grain and Grain Products to G. & S. I. points.

Continued on docket pending further advice from Illinois Central R. R.

Subject 109. Docket advices.

The following resolution was adopted:

Resolved, that in future the Chairman issue prior to regular meetings, Docket advices of Subjects to be considered, giving in same all information he may have with respect to the matter to be considered.

Subject 110. Regulations adopted by the Southern Freight Association.

The following resolution was adopted:

Resolved: That in future the chairman issue in Rate Advice or Circular Series all Resolutions adopted by this Association, whether the same relate to Rates or Rules.

Subject 111. Rates from St. Louis to Carolina Territory on Grain.

It developed that the Louisvile grain dealer has an advantage of one cent per 100 lbs. over the St. Louis grain dealer, by manipulation of the Louisville Bridge Toll. The Chairman was directed to open corespondence with M. P. Washburn, and report result at next regular meeting.

W. H. McLean,
Acting Chairman."

Above exhibit, consisting of five printed pages, is marked "Complainant's Exhibit No. 12 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Asociation, held at St. Louis, Mo., September 13th, 1901, contained in the same book as the preceding record.

Which record is in words and figures as folows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., September 13th, 1901.

Proceedings of a special meeting of the Southern Freight Association, held in its office in St. Louis this day.

The lines were represented as folows:

St. Louis, Iron Mountain & Southern, J. C. Lincoln, G. F. A., and E. B. Lane, A. G. F. A.

Mobile & Ohio, J. M. Denyven, A. G. F. A.

Louisville & Nashville, John Fitzgerald, Supt. of Terminals.

Illinois Central, B. J. Rowe, C. A.

This meeting was called to consider what action, if any, should be taken in consequence of the reduction of rates on Grain and Grain Products from Missouri River points to New Orleans, La., and group.

After some discussion, the following was offered:

Resolved, that to meet rates established from Kansas City, the following rates be authorized from St. Louis, East St. Louis, etc., to Mobile, New Orleans and group:

Wheat and flour and articles taking same rates fourteen and one-half (14½) cents; and Corn and Oats and articles taking same rates eleven (11) cents per 100 lbs., car loads 30,000 lbs. minimum.

Trans-Missouri description.

The above resolution did not receive unanimous concurrence and the meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of one printed page, is marked "Complainant's Exhibit No. 13 of the Southern Freight Association."

Complainant offers in evidenee record of meeting of the Southern Freight Association, held at St. Louis, Mo., Nov-

ember 21st, 1901, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., November 21st, 1901.

Proceedings of a meeting of the Southern Freight Association held in its office in St. Louis this day.

The lines were represented as follows:

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

Louisville & Nashville, D. M. Goodwyn, G. F. A.; John Fitzgerald, Supt. Term.

St. Louis Transfer Co., A. de Figuerado, Asst. Mgr.; C. F. Irwin, Agent.

Illinois Central, Geo. W. Becker, A. G. F. A.

Mobile & Ohio, J. M. Denyven, A. G. F. A.

Southern Ry., J. M. Denyven, A. G. F. A. of M. & O. R. R.

The consideration of Subject 126 was resumed, resulting in the adoption of the following agreement which it is agreed shall be observed by all parties until the next regular meeting of the Association and that it shall then be presented for final action.

(6.) It is understood and agreed that, on busines transferred by the St. Louis Transfer Company, having terminal facilities in St. Louis, between the depots of that Transfer Company or the depots of west side lines and the depots at East St. Louis, the rate to be allowed to that Transfer Company shall not exceed four (4) cents per 100 pounds, with minimum charge of ten (10) cents for any single shipment.

It being further understood and agreed that the St. Louis Transfer Company may haul carload freight to and from

industries, warehouses and store doors having track connections, receiving for such service not in excess of two (2) cents per 100 pounds.

It being further understood and agreed that the St. Louis Transfer Company will correctly report, in making settlements with the Railroad Companies, by use of stamps or otherwise, the business which, under this agreement, is entitled to full transfer rates or rates that are provided in sections 7 and 8 of this agreement.

(7.) It is understood and agreed that on freight in less than carloads, originating at industries, warehouses or store doors in St. Louis, with or without track connections; and in carloads from industries, warehouses or store doors in St. Louis, not having track connections, hauled to depots in East St. Louis; and on freight as above described originating in East St. Louis hauled to depots in St. Louis, the Railroads parties hereto, will not pay in excess of two (2) cents per one hundred pounds for that service, and that only to the St. Louis Transfer Company. It is also agreed that an additional charge for drayage, not less than the St. Louis Transfer Company would charge for hauling the same freight to the St. L. I. M. & So. or L. & N. depots in St. Louis, shall be collected from shippers.

It is further understood and agreed that the St. Louis Transfer Company shall make the same rates from industries, warehouses and stores in St. Louis to the depots of the St. L. I. M. & S. and L. & N. roads in St. Louis as they make to their own depots. No drayage will be paid on freight hauled from industries, warehouses or stores in St. Louis to depots in St. Louis, and no drayage will be paid on freight hauled from industries, warehouses or stores in East St. Louis to depots in East St. Louis.

It is further understood and agreed that the Railroads shall not, in any case, pay more than two (2) cents per 100 lbs. on Grain Products which are shipped under the "mill-

ing in transit" arrangement, or five dollars ($5.00) per car on Hay which is shipped under the "reconsignment" arrangement, when hauled between depots in St. Louis, Mo., and East St. Louis, Ill.

It is further understood and agreed that the St. Louis Transfer Company shall use a stamp on their dray tickets for all freight provided for in the first clause of this article, showing that such freight was hauled from "store door" and not from depot.

(8.) It is understood and agreed that, on freight in less than car loads destined to industries, warehouses, including the storage warehouse of St. Louis Transfer Company, or stores, with or without track connections in St. Louis, and in car loads destined to industries, warehouses or stores in St. Louis not having track connections, originating in the territory covered by this agreement, the lines terminating at East St. Louis will not in any case pay in excess of two (2) cents per 100 lbs. to affect such delivery; it being further understood and agreed that a supplementary payment of two (2) cents per 100 lbs. may be made upon the certificate of the St. Louis Transfer Company that the freight was not stored in its warehouse but was delivered direct to consignees from their depots in St. Louis, and also that a supplementary payment of two (2) cents per 100 pounds may be paid to the St. Louis Transfer Company on car load freight on its certiifcate that the freight has been stored in its storage warehouse in St. Louis,, upon condition that it wil collect and retain the same amount of drayage for delivery of such freight from its warehouse as it would collect for delivery of the same freight from the depots of the St. L. I. M. & S. or L. & N. roads in St. Louis.

It is further understood and agreed that in all cases of delivery of freight to consignees industries under the provision of this article the Transfer Company shall collect,

and retain, from consignees, as much as they would collect for delivering the same freight from the depots of the St. L. I. M. & S. or L. & N. roads in St. Louis.

It is further understood and agreed that the lines terminating at East St. Louis may pay, on north bound perishable freight consigned to St. Louis proper, not to exceed two (2) cents per 100 pounds, to effect St. Louis proper delivery to any person or corporation undertaking the transfer of the same; and it is further understood and agreed that, when occasion requires, the lines terminating at East St. Louis may allow two (2) cents per 100 lbs. on perishable freight, consigned and destined to St. Louis receivers, when delivered to the East St. Louis Ice & Cold Storage Company.

It is further understood and agreed that the St. Louis Transfer Company will make the same rates to industries, warehouses or stores in St. Louis from the depots of the St. L. I. M. & S. and L. & N. roads in St. Louis as they make from their own depots.

It is further understood and agreed that no drayage shall be paid by the lines terminating in St. Louis on freight consigned to parties located in St. Louis, and that no drayage shall be paid by lines terminating in East St. Louis on freight consigned to parties located in East St. Louis.

It is further understood and agreed that the St. Louis Transfer Company, in making settlements with the railroad companies, will show definitely such freight as shall be handled direct to industries, warehouses or stores, and also such freight as is handled to their own storage warehouse and is not delivered to consignees from their depots.

It is further understood and agreed that the St. Louis Transfer Company shall retain all payments or allowances made for transfer and drayage and shall use no part of them to influence the routing of traffic or to disturb rates in any manner whatever.

Subject 127. (Subject 113 continued). Proportional rates to the Ohio River for the Southeast compared with local rates.

This subject was continued to next meeting.

Subject 128. (Subject 114 continued). Basis for rates from St. Louis to the southeast.

The Chairman reported continued effort to arrange a conference with Southern lines for the joint consideration of this subject and that no definite date had been secured.

The subject was continued on the docket.

Subject 129. (Subject 115 continued). Rates on Grain and Grain Products to Gulf and Ship Island R. R. stations.

This subject was continued with the understanding that the representatives of the I. C., M. & O., L. & N. and St. L. I. M. & S. roads would confer with their connections and advise the Chairman as to basis for rates.

Subject 130. (Subject 116 continued). Rates on Grain to Ohio and Mississippi River crossings for Carolina Territory.

This subject was ordered continued.

Subject 131. (Subject 118 continued). Rates to N. O. & N. E. and A. & V. stations.

After some discussion, the following resolution was adopted:

Resolved: That the Chairman be authorized to publish rates to N. O. & N. E. and A. & V. stations as shown in proceedings of Executive Officers' meeting held at Louisville, November 7th and 8th, 1901, observing combination of locals as maximum.

Proofs of tariffs so constructed to be furnished each line.

When replies are received the Chairman shall announce date of effectiveness.

Subject 132. Communication relative to car service.

The Chairman was directed to reply that the subject is not within the province of this Association.

Subject 133. Minimum charge from St. Louis and East St. Louis to N. C. & St. L. Ry. stations.

It was resolved, that the minimum charge be made fifty (50) cents.

The affirmative vote of the L. & N. road was given subject to confirmation.

Subject 134. Rate on Wall Plaster to Ohio River for Southeast.

It was resolved, that the proportional rate on Wall Plaster, C. L., minimum weight 60,000 pounds, but not in excess of marked capacity of cars, be made four (4) cents per 100 pounds from St. Louis and East St. Louis to the Ohio River for the Southeast.

This will make a corresponding rate of eight (8) cents per 100 pounds to Memphis on like shipments.

Subject 135. Rates on Brick to Ohio River for the Southeast.

This subject was continued on the docket.

Subject 136. Charge for sacking Grain on tracks.

The Western Trunk Lines having agreed to charge two ($2.00) dollars per car for this service solicited like action by our lines.

The Chairman was instructed to submit this proposition in writing.

Subject 137. Inspection of freight destined to Memphis, Tenn., and Mississippi River points.

It was represented that the Southern Inspection Bureau now inspects all shipments moving from St. Louis and East St. Louis to the territory covered by this Association, except that referred to above, and it was desired to include that also.

This subject was continued pending advice as to the position of the St. L. I. M. and S. Ry. regarding it.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of four printed pages, is marked "Complainant's Exhibit No. 13 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., December 20th, 1901, contained in the same book as the preceding record.

Which record is in words and figures as folows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., December 20th, 1901.

Proceedings of a meeting of the Southern Freight Association held in its office in St. Louis this day.

The lines were represented as follows:

St. L. I. M. & S. Ry., E. B. Lane, A. G. F. A.

St. Louis Transfer Co., A. De Figuerado, A. M., and C. F. Irwin, Agent.

Southern Ry., C. D. Moris, C. C.

M. & O. R. R., J. M. Denyven, A. G. F. A.

L. & N. R. R., John Fitzgerald, Supt. Terminals.

Illinois Central R. R., Geo. W. Becker, A. G. F. A.

The following subjects were considered:

Subject 138. (Subject 126 cont'd). Proposed Drayage Agreement.

After a long discussion on this subject it was referred to the representatives of the St. Louis Transfer Co., St. Louis, Iron Mountain & Southern Ry., and Illinois Central R. R., as a Committee to revise, and that Committee was in-

structed to report to an adjourned meeting to be held Thursday, December 26th, at 2:30 P. M.

It was also resolved, that, pending final action on the Drayage Agreement the St. Louis Transfer Co. be allowed to collect its tariff rates on articles covered by the exceptions in their tariff No. 23.

In case of receipt or delivery at store doors the Transfer Co. to collect one-half of such charge from the Railroads and one-half from shippers or consignees.

Subject 148. Communication from the Merchants' Exchange soliciting a conference for the purpose of arranging to place the railroad scales under the supervision of the Merchants' Exchange for the weighing of grain and other farm products.

A Committee consisting of representatives of the Louisville & Nashville, Mobile & Ohio and Illinois Central roads, was appointed for that purpose.

The meeting then adjourned until 2:30 P. M., December 26th, inst.

S. Frink, Chairman."

Above exhibit, consisting of one printed page, is marked "Complainant's Exhibit No. 15 of the Southern Freight Association."

Complainant offers in evidence record of Proceedings of Conference to consider rates to Louisiana Points, held at the General Offices of the Southern Railway, Louisville, Ky., October 30-31, 1900, contained in same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"Proceedings of conference to consider rates to Louisiana points. Held at the general offices of the Southern Railway, Louisvile, Ky., October 30-31, 1900.

ATTENDANCE.

Southern Freight Association Lines:
Mobile & Ohio Railroad, by W. H. McLean.
Illinois Central Railroad, by D. W. Longstreet, C. C.
St. Louis, Iron Mountain & Southern Railway, by W. B. Knight, A. G. F. A.
Louisville & Nashville Railroad, J. F. Seger, C. C.
Southeastern Mississippi Valley Ass'n Lines:
Louisville & Nashville Railroad, by J. F. Seger, C. C.
Cincinnati, New Orleans & Texas Pacific Railway, by W. H. McGuffy, A. C. C.
Southern Railway, by A. R. Smith, C. C.
Illinois Central Railroad, D. W. Longstreet, C. C.
Mobile & Ohio Railroad, by W. H. McLean.
Nashville, Chattanooga & St. Louis Railway, by C. D. Boyd, C. R. C.; R. W. McCleary.
Also present, Mr. C. E. Perkins, A. G. F. A. of the Kansas City Southern Railway.

Kansas City Southern Railway.

The following was offered.

'Moved that Texas differentials and definition of defined territories be applied on traffic to Kansas City Southern Ry. local stations in Louisiana; St. Louis being the basing rates.

'Provided, that this is understood to apply only to Kansas City Southern Ry. local stations and not to common points, except when routed via the K. C. S. Ry., and

'Provided, further, that rates are subject to combinations on Ohio and Mississippi River crossings as maxima.'

Adopted.

Mansfield, La.

The following was offered:

'Moved, that to Mansfield, La., the same adjustment ob-

tain as to Kansas City Southern Railway local stations.'

Adopted.

Lake Charles and West Lake, La.

The following was offered:

'Moved, that the rates from St. Louis to Lake Charles and West Lake, being fixed by agreement of terminal lines, that the rates from defined territories be made by use of Texas differential over rates from St. Louis, with the provision that through rates thus established shall not exceed actual combinations upon Ohio and Mississippi River crossings.'

Adopted, the C., N. O., and T. P. Ry. not voting.

The Southern Pacific Company.

The following was offered:

'Resolved, that the rates to Southern Pacific Co. local stations in Louisiana, located on the main line, the Alexandria Branch, and the Louisiana Western Railroad, be made on the following basis:

'1. From St. Louis and points taking St. Louis, as shown in Southern Freight Association Tariff No. 16-C Serial, by use of the following agreed basing rates, plus current locals of the Southern Pacific Co., class rates so made not to be in excess of Texas common points class rates.

'The agreed basing rates to New Orleans referred to being as folows:

Classes and Commodities. Subject to Current Western Classification. (Except as provided.)

First class	$ .75
Second class	.65
Third class	.50
Fourth class	.45

Fifth class	.35
Class A	.30
Class B	.30
Class C	.25
Class D	.20
Class E	.18
Agricultural implements or farm wagons, straight C. L., per 100 lbs.	.25
Bagging and ties, L. C. L., per 100 lbs.	.21
Brick, fire, C. L. 30,000 lbs. minimum, per 100 lbs.	.15
Candles, L. C. L., per 100 lbs.	.25
Cider and vinegar, C. L., per 100 lbs.	.20
Same L. C. L.	.35
Crackers, L. C. L., per 100 lbs.	.35
Fertilizers, C. L., per ton of 2,000 lbs.	3.05
Same, L. C. L.	3.66
Flour, in barrels, C. L., minimum weight 30,000 lbs, per bbl.	.34
Same, L. C. L.	.40
Flour, in sacks, C. L., minimum weight 30,000 lbs., per 100 lbs.	.17
Same, L. C. L.	.20
Hominy, grits, and corn meal, in barrels, C. L. 30,000 lbs. minimum, per bbl.	.30
Hominy, grits, and corn meal, in barrels, L. C. L., per bbl.	.40
Grain or hay, straight or mixed C. L., per 100 lbs.	.18
Same, L. C. L.	.20
Bran and mill stuff, straight or mixed C. L., per 100 lbs.	.15
Same, L. C. L.	.20
Meats, dried, salted, or smoked, C. L., per 100 lbs.	.25
Same L. C. L.	.28

(Rates named on Meats, dried, etc., will also apply on Packing-house products as described in ex-

ceptions to Western Classification applying on Texas Traffic.)

Beef, pork, and pigs' feet, in barrels, per bbl.	.75
Shot, in kegs or double sacks, L. C. L., per 100 lbs.	.35
Soap, common, C. L., per 100 lbs.	.25
Same, L. C. L.	.25
Stoves, coal or wood, and their furniture and hollow-ware, released, C. L., per 100 lbs.	.25
Same, L. C. L.	.35
Tobacco, plug, in packages, weighing each 60 lbs. or over, L. C. L., per 100 lbs.....	.40
Apples, packed or in bulk, C. L., or in boxes or barrels, prepaid or guaranteed, C. L., per 100 lbs.....	.27½
Same, L. C. L.....	.35
Potatoes, cabbage, and onions, packed or in bulk, C. L., per 100 lbs.....	.27½
Potatoes, in sacks or barrels, cabbage in barrels or crates, L. C. L., per 100 lbs.....	.35
Onions, in sacks or barrels, L. C. L., per 100 lbs..	.35
Whiskey and gin, in barrels, L. C. L., per 100 lbs.	.25
Bottled beer and coal oil, in barrels, L. C. L., per 100 lbs.	.25
Wire (iron or steel), plain, galvanized, barbed or painted, and staples per 100 lbs., straight or mixed, or mixed with nails, per keg.....	.14½
Same, L. C. L.....	.25
Beer, in wood, and ice, in all 15 tons, per car.....	65.00
Horses and mules, released, C. L., in ordinary or stable cars, per car.....	75.00
Cattle and hogs, single deck, released, C. L., in ordinary or stable cars, per car.....	60.00
Sewer pipe, C. L., minimum weight 30,000 lbs., per 100 lbs.	.14

'SPECIAL RULING.—When through rates are governed by straight Western Classification, then these basing rates will be governed by the same classification. When through rates are subject to exceptions, then these basing rates will likewise be subject to exceptions.

'That rates from St. Louis to Southern Pacific R'y. main line points, Alexandria Branch, and Louisiana Western R'y. stations shall be, on horses and mules, from St. Louis, Mo., $100.00 per car.

'On fertilizers, car loads, rate from St. Louis to main line points on the Southern Pacific Company and Alexandria Branch shall be $6.00 per ton of 2,000 lbs., as maximum. This does not apply to Louisiana Western R'y. stations.

'2. Rates from Louisville, Jeffersonville and New Albany, and from Louisville territory, on and south of the Ohio River, the same as from St. Louis.

'3. Rates from Cairo, Columbus, Hickman, Paducah, and Brooklyn shall be the following differentials less than from St. Louis.

1	2	3	4	5	A	B	C	D	E
15	12	10	8	6	5	5	5	5	5

4. Rates from Evansville, Henderson, and Owensboro shall be made the following differentials less than from St. Louis:

'On classes:

1	2	3	4	5	A	B	C	D	E
3	3	3	2	2	2	2	2½	2	2

'5. Rates from Cincinnati and Cincinnati territory,, south of the Ohio River, on basis of New Orleans differences with relation to Louisville.

'6. Rates from Nashville, Tenn., same as from Cairo, Ill.

'7. Rates from Chicago and Milwaukee territories shall be made the present differentials over St. Louis as shown in Southern Freight Asociation Tariff No. 16-C.

'8. Rates from defined territories north of the Ohio River, except as herein provided, to be made on authorized Texas differentials over rates from St. Louis.

'9. That rates on grain and grain products from St. Louis to local stations on the Southern Pacific Co., Alexandria Branch and Louisiana Western R. R. shall be on basis of the St. Louis-Texas Group 3 grain rates as maxima.

'10. It is understood that rates from all points are subject to combinations on Ohio and Mississippi River crossings as maxima.'

The above was adopted as a whole, the following statement being made jointly by the representatives of the Southern R'y. and N. C. & St. L. R'y.:

'Record the Southern R'y, and N. C. & St. L. R'y. as voting Aye on the proposition as a whole, with the understanding that we will operate from Chattanooga, Birmingham, Decatur, Huntsville, Atlanta, Knoxville, and other Southeastern points, rates made with relation to those from Nashville on basis of the differences in rates to New Orleans.'

The following was offered:

'Moved, That rates from St. Louis to branch line points on the Southern Pacific Co. in Louisiana, Emile Daigle's Freight Line, Iberia and Vermilion Ry., Bayou Lafourche Landings and Bayou Vermilion Landings, and other landings in Louisiana reached by the Southern Pacific Co., be made from St. Louis by combination on New Orleans, using proportional figures named in preceding resolution to New

Orleans, plus locals out. This is to apply to all classes and commodities.

'That rates from Louisville and Louisville territory on and south of the Ohio River be established on the same basis as from St. Louis.

'That rates from Cincinnati and Cincinnati territory on and south of the Ohio River be established on the same basis as applies to main line points.

That rates from defined territories north of the Ohio and east of the Mississippi Rivers be established on the same basis as authorized to Southern Pacific Co. main line points.

'The rates to New Orleans (proper) to be the minimum through rates from all points.'

Adopted.

Texas and Pacific Railway.

The following was offered:

'Moved, That as the Texas common point rate is the basis from St. Louis, the Texas differentials be used from all territories to local stations on the T. & P. R'y. in Louisiana north of Port Allen.'

The following amendment was offered:

'Provided, That to stations east of Alexandria the Louisville rates be the same as from St. Louis; the rates from other points being adjusted on the same basis as to the Southern Pacific R'y. stations.

'It is understood that the rates from all points are subject to the lowest actual combination as maximum, and that to T. & P. R'y. stations east of Port Allen, La., the rates to New Orleans (proper) shall be the minima from all points.'

Adopted.

The original motion, as amended, was also adopted.

Kansas City, Watkins & Gulf Railroad.

The following was offered:

'Moved, That the authorized basis for rates from St. Louis being the current Texas common point rates, that rates from all territories be established on Texas common point differential basis;

'Provided, That lowest combination through Ohio or Mississippi River crossings shall be the maximum rate to apply."

The following substitute was offered:

'Resolved, That rates from St. Louis to Kansas City, Watkins & Gulf R. R. stations be established on basis of the Texas common point rates, and that rates from Louisville be the same as the rates from St. Louis. Rates from other Ohio River crossings and territories east of the Mississippi and south of the Ohio Rivers to be established on the same basis as rates to Southern Pacific Co. stations have been established in this meeting. That rates from defined territories north of the Ohio River and east of the Mississippi River be established on Texas difference over Louisville; provided, that actual combination on the Ohio or Mississippi River crossings shall be maximum from all territories.'

Lost.

The original motion was adopted, the I. C. R. R. and C., N. O. & T. P. R'y. not voting.

Vicksburg, Shreveport & Pacific Railroad.

'Resolved, That when rates from St. Louis to V. S. & P. R. R. local stations have been fixed on a basis satisfactory to the General Freight Agent of the V. S. & P. R. R., the following basis shall obtain from other points:

'1. From Louisville and Louisville territory south of the Ohio River, same as from St. Louis.

'2. From Cairo, Columbus, Hickman, Brooklyn, Belmont, and Paducah, the following differentials less than St. Louis.

'(a) On Classes:

1	2	3	4	5	A	B	C	D	E
15	12	10	8	6	5	5	5	5	5

'(b) On commodities: Vicksburg differences.

'3. From Evansville, Henderson, and Owensboro, the following differentials less than from St. Louis:

'(a) On Classes:

1	2	3	4	5	A	B	C	D	E
3	3	3	2	2	2	2	2½	2	2

'(b) On commodities: Vicksburg differences.

'4. From Cincinnati and Cincinnati territory south of the Ohio River, the following differentials above Louisville:

'(a) On Classes:

1	2	3	4	5	A	B	C	D	E
8	8	6	4	4	3	2	2	2	2

'(b) On commodities: Vicksburg differences.

'5. From Nashville: Same as Cairo on both classes and commodities.

'6. From defined territories east of the Mississippi and north of the Ohio Rivers: Texas differentials above St. Louis.

'7. Rates from all points are subject to combinations as maxima.'

Adopted. The following statement being jointly recorded by the representatives of the Sou. Ry. and N. C. & St. L. Ry.

'Record of the Southern Ry. and N. C. & St. L. Ry. as voting Aye on the proposition as a whole, with the under-

standing that we will operate from Chattanooga, Birmingham, Decatur, Huntsville, Atlanta, Knoxville, and other Southeastern points rates made with relation to those from Nashville on basis of the difference of rates to New Orleans.'

Rates to Rayville, Gibbsland, etc.

The following motion was offered:

'Moved, That the basis outlined in the case of V. S. & P. local stations so far as relates to application of territorial descriptions be applied also to Rayville, Gibbsland, Ruston, Sibley, Minden, stations on the Louisville & Northwestern R. R., and Sibley, Lake Bisteneau, and Southern Railway.'

Adopted, the following statement being jointly recorded by the representatives of the Sou. Ry. and N. C. & St. L. Ry.:

'Record the Southern Ry. and N. C. & St. L. Ry. as voting Aye on the proposition as a whole, with the understanding that we will operate from Chattanooga, Birmingham, Decatur, Huntsville, Atlanta, Knoxville, and other Southeastern points rates made with relation to those from Nashville on basis of the difference in rates to New Orleans.'

Oak Ridge, La.

The following was offered:

'Moved, That the same basis as adopted to Rayville, etc., be applied to Oak Ridge, La.'

Adopted, the Southern Ry. and N. C. & St. L. Ry. making identically the same statement as in the case of Rayville, etc.

Collinston and Bastrop, La.

The following was offered:

'Moved, That the rates to Collinston and Bastrop, La., be made combination of locals from all points east of the Mississippi River.'

The following substitute was offered:

'Moved, That the rates to Bastrop and Collinston be fixed on the following basis from points east of the Mississippi River; lowest combination, but not in excess of Texas differentials above St. Louis.'

Adopted, the Iron Mountain Ry. not voting.

New Orleans & Northwestern Railroad.

The following was offered:

'Moved, That the rates to New Orleans and Northwestern Railroad local stations be made on Natchez combination from all points on and east of the Mississippi River.'

Adopted.

Houston & Shreveport Railroad.

The following was offered:

'Moved, That rates from St. Louis and defined territories to local stations on the Houston & Shreveport Railroad be made on Texas differentials basis, with combination of locals as maximum. With the further provision that in the event of the use of Shreveport combination not being agreeable to the traffic department of the Houston & Shreveport R. R., that that combination shall be ignored from all territories.'

Adopted.

Texarkana, Shreveport & Natchez Railway.

The following was offered:

'Moved, That the same basis for through rates as adopted to Kansas City Southern Railway local stations be applied to T. S. & N. local stations.'

Adopted.

Shreveport & Red River Valley Railway.

The following was offered:

'Resolved, That rates from St. Louis to points on the

Shreveport & Red River Valley Railway being fixed, the rates from defined territories be made on Texas differential basis, observing combination of locals as maximum, with the provision that if the use of Shreveport combination is not acceptable to the General Freight Agent of the Shreveport & Red River Valley Railway, that that combination be ignored from all territories.'

Adopted.

Natchitoches & Red River Valley Railway.

The following was offered:

'Resolved, That rates from St. Louis to local stations on the Natchitoches & Red River Valley Railway being made with relation to Texas common points rates applicable to Cypress, La., that rates from all defined territories be established by the application of Texas differentials.

'Provided, That lowest combination through Ohio or Mississippi River crossings shall be the maximum rate to apply.'

The Avoyelles Railway.

The following was offered:

'Moved, That the same resolution be adopted in connection with the Avoyelles Ry., as in the case on Natchitoches & Red River Valley Ry.'

The following substitute was offered:

'Moved, That the same basis be applied to the Avoyelles Ry. as applied to T. & P. stations east of Alexandria.

Adopted.

St. Louis, Iron Mountain & Southern Railway.

The following was offered:

'Resolved, That rates from St. Louis to St. Louis, Iron Mountain & Southern R'y. local stations in Louisiana being fixed by that line, the rates from defined territories east of

the Mississippi River be established on Texas differentials as adjusted to Arkansas traffic, with combinations on Ohio and Mississippi River Crossings as maxima.'

Southern Pacific-Texas & Pacific Joint Track Stations in Louisiana.

The following was offered:

'Moved, That from Louisville and Louisville territory south of the Ohio River be made the same as St. Louis.

'Rates from Cincinnati and Cincinnati territory south of the Ohio River to be Vicksburg differentials above Louisville.

'Rates from defined territories north of the Ohio and East of the Mississippi Rivers, Texas differences over St. Louis, excepting that rates from Chicago, Cairo, and Nashville be made on the same basis as rates are made from the same points to Southern Pacific Main Line local stations in Louisiana.

'It is understood that rates from all points are subject to combinations on Ohio and Mississippi River crossings as maxima.'

Adopted, the following statement being jointly recorded by the representatives of the Sou. R'y. and N. C. & St. L. R'y.:

'Record the Southern R'y. and N. C. & St. L. R'y. as voting Aye on the proposition as a whole, with the understanding that we will operate from Chattanooga, Birmingham, Decatur, Huntsville, Atlanta, Knoxville, and other Southeastern points rates made with relation to those from Nashville on basis of the differences in rates to New Orleans.'

Natchez, Red River & Texas Railroad.

The following was offered:

'Moved, That rates to Natchez, Red River & Texas R. R.

stations from all points be made on Vidalia, La., combination.'

Adopted.

St. Louis Southwestern Railway.

The following was offered:

'Moved, That the same adjustment be applied to stations on the St. Louis, Southwestern R'y. in Louisiana as to stations on the H. C. A. & N. Division of the Iron Mountain Road.'

Adopted.

Red River Landings.

The following was offered:

'Whereas, The rates from St. Louis to Red River Landings are fixed,

'Moved, That rates from Ohio River crossings and points in S. E. M. V. Association territory be established on Vicksburg differences. That rates from defined territories north of the Ohio and east of the Mississippi rivers be made on Texas differentials over St. Louis,

'Combinations on Ohio and Mississippi River Crossings to be maxima.'

Adopted, the following statement being jointly recorded by the representatives of the Southern Ry. and N. C. & St. L. Ry.:

'Record the Southern Ry. and N. C. & St. L. Ry. as voting Aye on the proposition as a whole, with the understanding that we will operate from Atlanta, Knoxville, and other Southeastern points in S. E. F. Association territory rates made with relation to those from Nashville on basis of the difference in rates to New Orleans.'

Application of Differentials Herein Named.

It was understood that the following explanatory note would be inserted in the proceedings of this meeting:

'In the application of Texas differentials, where reference is made to their application from points east of the Mississippi River, it is not intended to exclude points west of the Mississippi River in Omaha-Davenport, Chicago, and Fox River territories.'

The following was offered:

'Moved, That the rates adopted in this meeting be made effective January 1, 1901, or sooner if possible.'

Adopted.

It was understood that Chairman Washburn would summit the action adopted at this conference by mail proposal to the absent members of the S. E. M. V. Association for concurrence, and that all interested parties would be notified as soon as concurred in.

It was understood that Mr. W. B. Knight would furnish Chairman Washburn with a list of the western lines interested in this matter, and that if any line east of the Mississippi should desire to change the rates adopted at this conference, they will notify Chairman Washburn, who in turn will notify the lines embraced in the list to be furnished by Mr. Knight, including Chairman Frink.

R. W. McCleary, Chairman."

J. E. Hannon, Secretary.

Above exhibit, consisting of seven printed pages, is marked Complainant's Exhibit No. 16 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., January 9th, 1902, being contained in book containing proceedings of meetings of the Southern Freight Association from Jan. 1st, 1902, to January 1st, 1904.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., January 9th, 1902.

Proceedings of a special meeting of the Southern Freight Association held in its office in St. Louis this day.

The lines were represented as follows:

Louisville & Nashville R. R., D. M. Goodwyn, G. F. A.; John Fitzgerald, Sup't. of Terminals.

St. Louis, Iron Mountain & Southern Ry., E. B. Lane, A. G. F. A.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

Illinois Central R. R., G. W. Becker, A. G. F. A.; B. J Rowe, C. A.

Southern Ry., C. D. Morris, C. C.

The meeting was called for the special purpose of considering rates to Mississippi Valley common and basing points and their maintenance.

Subject 1. Rates to Mississippi Valley common and basing points and their maintenance.

After a full discussion of the subject and expressions of the desirability of the absolute maintenance of the rates referred to, it was unanimously

Resolved, That rates from St. Louis Group to Mississippi Valley common and basing points as published by the Association shall be absolutely maintained and quotations at variance therewith, if any, be withdrawn .

That no changes be made in such rates, either openly or secretly, without the proper Association action under the agreed and established rules.

That the obligation assumed by adopting the foregoing is not only as to the representatives here present, but is assumed on behalf of the several lines and includes all the representatives of all the lines.

Subject 2. Rates on produce to Mississippi Valley.

This subject was discussed especially with reference to reconsignment of vegetables and fruits and the following was adopted:

Resolved, That nothing less than St. Louis and East St. Louis proper rates be charged on produce to Mississippi Valley territory, except on through shipments from connecting lines which are handled on the basis of agreed through rates and divisions.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of one printed page, is marked "Complainant's Exhibit No. 17 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., January 30th, 1902, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., January 30, 1902.

Proceedings of a meeting of the Southern Freight Association held in its office in St. Louis this day.

The lines were represented as follows:

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

Southern Ry., R. A. Campbell, A. G. F. A.

St. Louis Transfer Co., A. DeFiguerado, A. M.; C. F. Irwin, Agent.

Illinois Central R. R., G. W. Becker, A. G. F. A.

Louisville & Nashville R. R., John Fitzgerald, Supt. of Terminals.

The following subjects were considered:

Subject 3. (Continued from 1901.) Drayage Agreement.

The Committee, to which this subject was committed, reported progress, and stated that it had been prevented from concluding its work and was not ready to make a report.

The further consideration of the subject was deferred until the Committee is ready to report, and it was directed that then a special meeting of the Association should be called to receive and act upon that report. Meantime, members are requested to examine the drafts of agreement which have been submitted by members of the Committee and send any criticisms thereon to the Chairman of the Committee in writing.

Subject 4 (Continued from 1901). Proportional rates St. Louis to Ohio River for Southeast compared with local rates.

The Committee to which this subject was committed was not ready to report as no definite action had yet been taken.

It was Resolved, That the Committee be urged to take this subject up, push it to a conclusion, and report.

On account of the similarity between the subjects, Subject 140 of December 19th, 1901, has been united with the above.

In connection with the latter subject the Chairman reports that the Southeastern Freight Association considered the proposition to advance rates from the East at its meeting at Tampa, Fla., January 14th, 15th and 16th, under Subject No. 1454, File 33,896, and decided that it is "inexpedient to make such changes at this time."

Subject 5. (Continued from 1901). Rates on Grain and Grain products to Gulf & Ship Island R. R. stations.

The Chairman stated that this subject had been concluded by correspondence and that he had been directed to publish

Hattiesburg, Miss., rates on Grain and Grain Products to all G. & S. I. stations, except Gulfport, Miss.

Subject 6. (Continued from 1901.) Rates on Grain to Ohio River for Carolina Territory.

The following preamble and resolution was adopted:

'Whereas, Grain rates from Louisville to Carolina Territory apply from Jeffersonville and New Albany, Ind., and it is the custom of the Louisville lines to refund the bridge toll, and

Whereas, The four percent proportional rate on Grain from East St. Louis applies to Louisville proper,

Resolved, That the Chairman of this Association request the S. E. M. V. Association to discontinue allowing Louisville shippers the bridge toll on Grain shipped from that point to Carolina Territory, when originating at or handled via East St. Louis, as this refund of the Louisville bridge toll has the effect of reducing the established total rates, in effect via other crossings, the amount paid for bridge toll.

Subject 7. (Continued from 1901.) Minimum charge from St. Louis, Mo., to N. C. & St. L. stations.

The Chairman announced that this had been adjusted by correspondence, to the effect that the minimum charge should not be less than fifty cents through.

Subject 8. (Continued from 1901.) Rates to Ohio River for Southeast on brick.

This subject was passed to next meeting.

Subject 9. (Continued from 1901.) Charge for sacking Grain on R. R. tracks.

The Chairman reported that all lines had agreed to the proposition to charge shippers two dollars per car for the privilege of sacking Grain on their tracks in St. Louis and East St. Louis.

Subject 10. (Continued from 1901.) Inspection of Freight destined to Memphis, Tenn., New Orleans, La., etc.

The Chairman reported that all lines had employed the Southern Weighing and Inspection Bureau to perform this service:

The Chairman was further instructed to inquire of Chief Inspector Wolf whether he inspects freight handled by the St. L. I. M. S. Ry., to and via Memphis, Natchez, Baton Rouge and New Orleans, at the points named, and to report his reply to members.

Subject 11. (Continued from 1901). Differentials over Ohio to be used in making rates from St. Louis to Knoxville, Tenn.

This was continued to next meeting.

Subject 12. (Continued from 1901.) Communication from Merchants' Exchange relative to use of R. R. scales.

As this is a subject for the consideration of Transportation Departments, it was ordered struck from the docket.

Subject 13. Rates on Brick, all kinds, to Jackson and Meridian, Miss.

This subject was ordered to be struck from the docket.

Subject 14. Elevation or transfer allowance on Illinois Grain.

This subject was referred to the M. & O. and Illinois Central to arrange and report their action to the Chairman.

Subject 15. Signing Bills of Lading and Receipts for Grain sacked in yards as 'shipper's load and count,' it was

Resolved, That, on Grain, sacked on tracks in R. R. yards in St. Louis or East St. Louis, Receipts and Bills of Lading be given 'shipper's load and count.'

Subject 16. Articles taking Woodenware rates, C. L., to Mississippi Valley.

This subject was introduced by Woodenware dealers who request the addition of various articles to the present list of articles which may be included at the carload rate.

It was moved that the list be amended as requested, but upon vote the motion was lost.

Subject 17. Rates from St. Paul, Minn., and common points to New Orleans.

This subject was passed to next meeting.

Subject 18. Rates to Gulf and Ship Island stations.

This subject was ordered struck from the docket.

Subject 19. Rates to N. O. & N. E. and A. & V. stations.

In view of the position taken by the representatives of those lines, it was

Resolved, That all rates to N. O. & N. E. and A. & V. stations be made on the differential basis provided, regardless of combinations.

The above amends action taken under Subject 131 of November 21st, 1901.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of three printed pages, is marked "Complainant's Exhibit No. 17 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., March 20th, 1902, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., March 20th, 1902.

Proceedings of a regular monthly meeting of the Southern Freight Association, held in its office in St. Louis this day.

The lines were represented as follows:

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

Louisville & Nashville R. R., John Fitzgerald, Supt. of Terminals, and C. D. Boyd, A. G. F. A.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

Southern Ry., R. A. Campbell, A. G. F. A.

Illinois Central Ry., G. W. Becker, A. G. F. A.

St. Louis Transfer Co., C. F. Irwin, Agent.

The following subjects were considered:

Subject 35 (Subject 24 Continued). Proportional rates to Ohio River for the Southeast, compared with local rates to Ohio River crossings.

The Committee consisting of representatives of the Louisville & Nashville and Southern Ry., reported a revision of the rates from East St. Louis to Evansville, Ind., which is to be referred by the Chairman to other lines which may be interested in freight traffic from East St. Louis, and, if concurred in by them, will become effective.

Upon the effectiveness of those rates, the Chairman was directed to publish the following differentials, to be added to rates south of the Ohio River, to make through rates from St. Louis to Southeastern territory:

Cement, C. L., minimum wt. 24,000 lbs..	5c	per 100 lbs.
Clay, C. L., minimum wt. 30,000 lbs..	5c	per 100 lbs.
Lumber, C. L., minimum wt. 24,000 lbs..	7c	per 100 lbs.
Tobacco, plug, any quantity.....	14½c	per 100 lbs.

In this connection the following was offered:

Resolved, That where rates have been fixed by this Association, and it is found that they may be cut by use of combinations, such combinations shall not be quoted, nor used, unless promulgated by the Chairman of this Association in the regular manner, and under the publication thereof.

By request of the representative of the Illinois Central road action on this resolution was deferred to next meeting.

Subject 36. Wagon transfer of carload freight from the St. L. I. M. & S. Ry. to the storage warehouse of the St. Louis Transfer Company at Broadway and Spruce Streets.

The representative of the St. L. I. M. & S. Ry. stated that, under the Drayage Agreement lately adopted, the lines operating via East St. Louis were allowed to deliver freight to that storage warehouse absorbing the cost of such delivery out of the rate to St. Louis, which privilege was denied to the St. L. I. M. & S. Ry., and that by so doing an unjust discrimination was made against that route and in favor of those operating via East St. Louis.

To remedy this and put all routes upon an equal footing as competitors, he offered the following:

Resolved, That the St. L. I. M. & S. Ry. be permitted to pay to the St. Louis Transfer Company one cent per 100 pounds, on carload freight arriving at St. Louis for storage in the warehouse of the St. Louis Transfer Company, located at Broadway and Spruce Streets.

The representative of the L. & N. R. R. then offered the following amendment:

'And that the L. & N. R. R. be permitted to make an equalizing allowance to the St. Louis Transfer only, of not exceeding two cents per 100 pounds on like freight from the L. & N. Broadway depot in St. Louis to the storage warehouses of the St. Louis Transfer Company in St. Louis for storage therein.'

The Amendment was accepted by the maker of the original resolution and was put to vote and lost.

After a long discussion, developing a marked diversity of opinion; a vote was taken upon the original resolution without the Amendment, wth the followng result:

Iron Mountain, Aye.

Illinois Central and Southern Ry's., Aye, provided status of L. & N. is not changed.

Louisville & Nashville, Aye, provided the L. & N. is authorized to equalize from its Broadway station.

Mobile & Ohio and St. Louis Transfer Company withheld their votes for the purpose of consulting other officers of their respective companies.

The subject was then passed to a future meeting.

Subject 37. Rates on Soap Powders to the Ohio River.

The S. E. M. V. Association having authorized the application of rates on Laundry Soap, south of the Ohio River, on Soap Powders, the Chairman was directed to use the present soap differentials to make rates on Soap Powders from St. Louis.

Subject 38. Rates to Ohio River on Vinegar, C. L., minimum weight 50,000 lbs., when destined to S. E. M. V. Association territory.

The Chairman was directed to add a differential of seven (7) cents to the rates south of the Ohio River to make rates from St. Louis in accordance with S. E. M. V. Rate Advice No. 4289.

The meeting then adjourned until 10:30 A. M., Thursday, March 27th, inst.

S. Frink, Chairman."

Above exhibit, consisting of three printed pages, is marked "Complainant's Exhibit No. 18 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., July 10th, 1902, contained in the same book as the preceding record.

Which record is in words and figures, as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., July 10th, 1902.

Record of a meeting of the Southern Freight Association, held in its office in St. Louis this day.

The lines were represented as follows:

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

Louisville & Nashville R. R., John Fitzgerald, Sup't. of Terminals

Illinois Central R. R., G. W. Becker, A. G. F. A.

Southern Ry., C. D. Morris, Chief Clerk.

The following subjects were discussed:

Subject 92 (Subject 88 continued) Rates on Woodenware to Mississippi Valley points.

The discussion developed upon the point of a correct list of articles to be included in the list to be classed as woodenware, and a list prepared by the S. E. M. V. Association had been submitted in writing.

All members had individually announced their acceptance of the list proposed, viz:

Baskets or Hampers, veneer, splint or willow (not decorated or fancy); Barrel covers; Baseball Bats; Bottle Wrappers, wooden; Bowls, wooden; Bread boards; Brooms; Broom racks; Brush Blocks; Brushes, scrub and whitewash; Buckets or Pails, paper, fibre, or woolen; Bungs and plugs; Bung Starters; Butter Boxes; Butter Ladles; Butter Moulds; Butter Plates; Butter Firkins; Butter Workers; Cheese Safes; Churns; Clothes Horses and Racks; Clothes Pins; Faucets, wooden; Fish Packages (kits and firkins); Handles, wooden; Ironing Boards; Kegs; Ladders, not over 18 feet long; Lap Boards; Ladles, wooden; Lemon Squeezers, wooden; Match splints; Measures, wooden; Meat Blocks; Mops; Pails, Paper, fibre or wooden; Potato Mash-

ers, wooden; Rolling Pins, wooden; Rope Reels; Scoops and Shovels, wooden; Sieves; Sieve Rims; Skewers, wooden; Spoons, wooden; Tea Caddies, wooden; Toothpicks, wooden; Towel Racks, wooden; Trays, wooden; Tubs, wooden; Washboards; Well Buckets, wooden.

(Subject entered to complete record).

Subject 93 (Subject 91 continued) Rates to V. S. & P. stations versus rates to same from New York and Baltimore.

Correspondence of a member with the V. S. & P. Ry. indicated that the rates from the East to Monroe and Shreveport are below the normal basis, which has the effect of producing the present totals to V. S. & P stations. As it appears that no change can be made from St. Louis or East St. Louis without a corresponding change in the rates to Monroe and Shreveport, the subject was stricken from the docket.

Subject 94. Rates on Brick from Collinsville, Ill.

The following previous action of this Association was cited:

'Subject 76 of July 18th, 1894: Resolved, that the rate on Brick, C. L., from Collinsville, Ill., to Southeastern and Mississippi Valley points, including Meridian, Miss., and Mobile, Ala., be made the same as from St. Louis, Mo., the proportion of the through rate for the line Collinsville to East St. Louis not to exceed two cents per 100 lbs.'

'Subject 115 of October 10th, 1894. Under Subject 76 it was agreed that St. Louis rates should apply on Brick, C. L., from Collinsville, Ill., to the Southeast and to Mississippi Valley points, and that the Vandalia Line be allowed two cents per 100 lbs. to East St. Louis.

Investigation developed the fact that the local rate of the Vandalia Line to East St. Louis on this traffic is one cent per 100 lbs. with minimum of $5.00 per car, this amount with $1.50 switching will be the maximum allowance out of the through rate named.'

'Subject 131 of November 10th, 1894. Notification from the Vandalia Line demanded on Brick, C. L., from Collinsville, Ill., when destined beyond. (Subjects 76 and 115). As the notification from the Vandalia Line, sent to the Chairman, demanding an arbitrary of two cents per 100 lbs., minimum 30,000 lbs., on Brick, Collinsville to East St. Louis, was withdrawn by later advice received by individual members of this Committee, the subject was consequently dropped.'

In view of the foregoing the representative of the Illinois Central R. R. announced its intention to apply the rates on Brick as previously provided, and also to extend those provisions to cover Jackson, Miss. The representative of the Mobile & Ohio R. R. announced its intention to make the same application of rates as announced by the Illinois Central, and also to apply the same ruling to Interior Tennessee and Mississippi junctions, but that it would not apply the rule to Interior Junctions until further notice.

The Southern Ry. announced that it would not make higher rates than the I. C. and M. & O. announced.

The Louisville & Nashville and St. L. I. M. & S. Rys. announced that they would not participate in the traffic referred to upon the basis indicated.

Subject 95. Rate on Enamelling Plates, C. L., to New Orleans, La.

It was shown that "Enamelling Plates" are sheets of Iron or Steel, of various sizes, which are used in making enamelled ware, being enamelled after the ware is put in form, and strictly analogous to other Sheet Iron.

Each of the lines, members, announced its intention to add "Enamelling Plates" to its list of articles taking Special Iron rates to Mississippi Valley common and basing points.

Subject 96. Rates on Enamelled Ware, etc., C. L., from St. Louis to New Orleans. After some discussion, each

member for itself individually announced its intention to continue the present rates until further notice.

Subject 97. Quotation of combination rates (when less than published tariff) without having reported same to the Chairman for his verification. (See Subject 39 of April 3rd, 1902.)

The Illinois Central announced that when combinations on Ohio River or Mississippi River crossings make less than the published tariff, it will quote such combination rates and request the Chairman of the Association to publish through rates on that basis.

Subject 98. Absorption of switching on Hay at East St. Louis.

This was based on an application from the St. Louis Hay & Grain Co. for such absorption on inbound hay, contemplating the establishment of a warehouse to which all hay received at East St. Louis should be delivered.

This subject was cancelled.

Subject 99. Application of rates on Acids and Ammonical Waters, in iron drums, to Mississippi Valley.

The point in question was what is covered by "Ammonical Waters." It was explained that the term covered Liquid Ammonia, and the subject was then dropped.

Subject 100. Reconsignment of Corn and Oats, C. L., to lower Mississippi Valley common and basing points. (New Orleans, La., and group.)

A committee appointed by a meeting of interested lines held in Chicago, Ill., submitted a plan for handling such reconsignment as follows:

Rules and Regulations governing the Reconsignment of Corn and Oats at St. Louis and East St. Louis, when destined to Mobile, Ala., Greenville, Vicksburg and Natchez, Miss., Baton Rouge and New Orleans, La., and points taking same rates.

Corn and Oats in straight carloads, minimum carload weight 30,000 lbs., originating beyond, may be reconsigned at the authorized proportional rate from St. Louis or East St. Louis to the points named above, under the following rules:

Rule 1. Traffic subject to these rules and rates is Corn and Oats, consigned locally to St. Louis or East St. Louis and reshipped from St. Louis or East St. Louis, or that is consigned through St. Louis or East St. Louis and accorded the privilege of stopping at St. Louis or East St. Louis for cleaning, sacking, mixing or handling through Elevators, Warehouses and Railroad Yards for any purpose whatever (except inspection in original cars under the supervision of the Chairman of the Southern Freight Association).

Rule 2. All reconsignment is to be subject to the supervision of the Chairman of the Southern Freight Association.

Rule 3. (a) In order to secure the proportional rate, original paid freight bills, representative of the property forwarded, showing point of origin and charges to St. Louis or East St. Louis, must be surrendered to the Chairman of the Southern Freight Association, who will retain the said paid freight bills and will endorse on shipper's ticket or bill of lading the proportional rate.

(b) Paid freight bills surrendered must be for the same kind of grain as reconsigned and only those covering Grain unloaded into the Elevators or warehouses from which the reconsignments are made will be accepted.

(c) Paid freight bills surrendered for grain unreconsigned, not handled through elevators or warehouses, must be for the identical shipment received at St. Louis or East St. Louis. (The idea being to preserve the identity of the so-called "track grain.")

Rule 4. Paid freight bills, which are not surrendered within six months from the date of their issue, will not be accepted for reconsignment.

Rule 5. Paid freight bills must cover as much weight as is reconsigned. If weight of grain reconsigned exceeds the weight shown on paid freight bills, St. Louis or East St. Louis proper carload rate will be charged on the excess. Any excess of weight shown on in-bound freight bills over the weight shipped out may be credited to the shipper and applied on subsequent shipments.

Rule 6. Waybills issued at proportional rate must show the point of origin and the Chairman's reconsignment number, and copies of waybills for shipments forwarded under these rules must be furnished to the Chairman of the Southern Freight Association.

Rule 7. Reconsignment will be accorded to such shippers only as conform to these rules.

The lines, members, individually announced their purpose to operate upon the plan submitted by the committee, same to become effective upon a date to be fixed hereafter.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of four printed pages, is marked "Complainant's Exhibit No. 19 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., March 19th, 1903, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., March 19th, 1903.

Proceedings of the meeting of the Southern Freight Association held in its office in St. Louis this date.

The lines were represented as follows:

Southern Ry., R. A. Campbell, A. G. F. A.

Louisville & Nashville R. R., John Fitzgerald, Supt. Terminals, and J. N. Chandler, G. A.

Illinois Central R. R., Geo. W. Becker, A. G. F. A.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

The following subjects were discussed:

Subject 183. Rules for Reconsignment, and Milling in Transit.

After discussion, the Chairman was directed by the lines, individually, to publish the rules heretofore discussed, so far as they pertain to what is known as Southeastern Territory, leaving the rules governing Reconsignment and Milling in Transit to Carolina Territory for future consideration. Meanwhile that part of Tariff 34-A to remain in effect. The Chairman was also directed to continue the subject of Milling in Transit, so far as it affects the practice of the St. L. I. M. & S. Road to certain points in Mississippi Valley, on the docket.

Subject 184 (Sub. 153 Continued). Revision of Articles of Association.

The Committee to which this subject was assigned asked for further time, which was granted, the subject being continued on the docket.

Subject 185 (Sub. 178 Continued). Furnishing Grain Doors for shipment of Tankage.

This subject was discussed and objection was made by some lines, claiming that the subject should be handled by the transportation department. It was stricken from the docket.

Subject 186 (Sub. 179 Continued). Transportation of Exhibits for the Louisiana Purchase Exposition.

Pending further information, this subject was continued on the docket.

Subject 187. Manner of recording Proceedings.

After some discussion, the Chairman was directed to continue the present method.

Subject 188. Handling Perishable Freight by the Terminal Railway Association.

The discussion of this subject elicited no sufficient reason for making any change, and the subject was stricken from the docket.

Subject 189. Proportional rates to New Orleans for Southern Pacific Stations in Louisiana.

The Chairman submitted correspondence showing that it was thought that some rates might be advanced on account of late advance in local rates to New Orleans, but that no specific advance had been proposed. He was instructed to prepare a statement showing the old rates to New Orleans, present rates to New Orleans, and the proportional rates applying on such articles destined to Southern Pacific Stations in Louisiana, so that the subject might be definitely considered.

Further consideration of the matter was postponed until next meeting.

Subject 190. Proportional rates to Ohio River, on Oat Meal, etc., destined to the Southeast.

The Chairman explained that the present proportional rate of 7 cents per 100 lbs. was established when these articles were classified as Class C, that the classification had been changed to the 4th, 5th and 6th class, according to packages and quantity, and that now no authority existed for the proportional rate which is used.

This subject was discussed at some length, and it was proposed that a proportional rate of 10 cents per 100 lbs. be established, applying on any quantity.

No further action was taken.

Subject 191. Rate on Demijohns and Carboys, straight carloads, or mixed with Bottles and Fruit Jars, to New Orleans and Group.

It was shown that the rate on such carloads in effect prior to the revision of rates to those points had been omitted from the present tariff. It was suggested that a rate of 33 cents per 100 lbs. be made to apply.

No further action was taken.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of two printed pages, is marked "Complainant's Exhibit No. 20 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo. May 28th, 1903, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., May 28th, 1903.

Proceedings of a meeting of the Southern Freight Association held in its office, in St. Louis, this day.

The lines were represented as follows:

St. Louis Transfer Company, A de Figuerado, Act'g Mgr.

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A., and J. T. Moore, A. G. F. A.

Louisville & Nashville R. R., J. N. Chandler, G. A.

Southern Ry., C. D. Morris, C. C.

Illinois Central R. R., Geo. W. Becker, A. G. F. A.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

The following subjects were discussed:

Subject 202. (Sub. 192, Cont'd.) Revision of Articles of Association.

The Ex-Officio Chairman reported that various imperative causes had prevented taking up this subject in Committee.

It was suggested that the Chairman of the Committee prepare such a document upon the general lines adopted by the S. E. M. V. Association, and submit it to the members. No further action was taken, the subject being continued on the docket.

Subject 203. (Sub. 193, Cont'd.) Transportation of Exhibits for the Louisiana Purchase Exposition.

A member stated that the S. E. M. V. Association had adopted rules at a late meeting which would probably cover the need of this Association.

The subject was therefore continued on the docket.

Subject 204. .(Sub. 198, Cont'd.) Accumulation of L. C. L. freight into carloads by car transfer companies.

After some discussion the subject was passed to the next meeting.

Subject 205. Advancing charges to private teams.

It was explained that such practice involved expense which is not necessary, for the reason that such charges are principally for cartage, and should be collected by shippers on their invoices to consignees, and that the roads should not become collection agencies.

The following recommendation was submitted:

'Recommended: That the practice of advancing charges to shippers or private teams be discontinued, and that, in future, the only charges that will be advanced, are as follows:

Proportions of connecting lines, and charges of

The Terminal Ry. Association of St. Louis, The St.

Louis Terminal Ry. Co., The Interstate Car Transfer Co., The Wiggins Ferry Co., The East St. Louis Connecting Railway, The St. Louis Transfer Ry., and the St. Louis Transfer Co.

Icing charges on meats, fruits and other perishable property, and feed charges on live stock.

No further action was taken.

Subject 206. Absorption of switching on Brick, C. L., from Maryland Heights, Mo.

It was argued, that rates from Maryland Heights to Southern and Southeastern points of destination, should be made on combination of rates. To that end, it was 'recommended, that rates on Brick, C. L., from Maryland Heights, Mo., to S. E. M. V. and S. E. F. Association territories, be made on combination.

Recommended further, that switching from Forsythe Junction to connections in St. Louis be not absorbed, but be added as an arbitrary to the St. Louis rate.'

No further action was taken.

Subject 207. Issuance of exchange bills of lading by intermediate or terminal lines.

This subject was introduced at the request of the Western Trunk Line Committee. It was shown that this practice prevailed to a great extent, that it occasioned considerable unnecessary expense, and that it involved uncalled-for responsibilities.

The Chairman was directed to advise Chairman of the Western Trunk Line Committee that the members of this Association would favor the discontinuance of this practice, conditioned upon like action by the members of other Associations.

Subject 208. Rate on Compressed Cotton from St. Louis and East St. Louis to New Orleans, La.

This subject was withdrawn by the proponent.

Subject 209. Application of Cairo rates from Gale, Ill., to certain Mississippi River points.

Such application being insisted on by a member, the Chairman was directed to eliminate such application from the tariff from St. Louis to those points.

Subject 210. Rate on Bran, to Helena, Ark., compared with the rate on Flour, to the same point.

This subject was withdrawn by the proponent.

Subject 211. Method of handling Hay, from warehouses in East St. Louis to Southern and Southeastern points.

This was discussed at some length, it being claimed that irregularities exist which should be eliminated.

Pending individual investigation of the subject, it was continued on the docket.

Subject 212. Payment of Transfer to private teams or Transfer Companies other than the St. Louis Transfer Company, on traffic destined to points in Louisiana west of the Mississippi River.

It was shown that the practice to that territory is dependent upon that of lines not here represented or members of this Association.

The subject was ordered to be stricken from the docket.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of two printed pages, is marked "Complainant's Exhibit No. 21 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., dated September 10th, 1903, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., September 10, 1903.

Proceedings of a Special Meeting of the Southern Freight Association, held in its office in St. Louis, August 27th, 1903.

The lines were represented as follows:

Illinois Central R. R., B. J. Rowe, C. A.

St. L. I. M. & S. Ry., E. B. Lane, A. G. F. A.

Louisville & Nashville R. R., John Fitzgerald, Supt. of Terminals.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

Southern Ry., C. P. Hoy.

The purpose of the meeting was the consideration of a movement to publish rates on Live Stock, in carloads, in cents per 100 lbs., instead of in dollars and cents per car.

Subject 231. Rates on Live Stock in cents per 100 lbs.

The primary effort of the meeting was to determine the rates in cents per 100 lbs. to be charged from St. Louis and East St. Louis to the Ohio River on shipments destined to southeastern points.

Conflicting evidences as to the precise basis to be used south of the Ohio River were presented and the subject was discused at length without having reached a definite conclusion.

Under the then understanding of the basis south of the Ohio, it was proposed to make the proportional rates, St. Louis and East St. Louis to the Ohio River, on southeastern business, as follows:

	Minimum Weight.	Per 100 Lbs.
Horses and Mules, C. L.	24,000 lbs.	10 cents
Cattle, C. L.	20,000 lbs.	10 cents
Sheep, S. D., C. L.	14,000 lbs.	18 cents
Sheep, D. D., C. L.	20,000 lbs.	18 cents
Hogs, S. D., C. L.	18,000 lbs.	14 cents

Further consideration of the subject was deferred until the coming regular meeting of the Association, and the special meeting adjourned. S. Frink, Chairman."

Above exhibit, consisting of one printed page, is marked "Complainant's Exhibit No. 22 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., September 10th, 1903, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., September 10th, 1903.

Proceedings of a regular monthly meeting of the Southern Freight Association, held in its office in St. Louis this day.

The lines were represented as follows:

Louisville & Nashville R. R., John Fitzgerald, Supt. of Terminals.

Southern Ry., C. D. Morris, C. C.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

St. Louis Transfer Co., A. de Figuerado, Asst. Mgr.; C. F. Irwin, Freight Agent.

Illinois Central R. R., Geo. W. Becker, A. G. F. A.

Subject No. 231, Continued: Rates on Live Stock.

After a long discussion on the following rates from St. Louis and East St. Louis to the Ohio River for the Southeast were proposed:

	Minimum Weight.	Per Cwt.
Horses, Mules and Cattle, L. C.	24,000 lbs.	10½c
Sheep, S. D., C. L.	14,000 lbs.	18½c
Hogs, S. D., C. L.	18,000 lbs.	14½c

The Chairman understood from the discussion that Sheep may be taken in double-decked cars at the rate named for Sheep in single-decked cars, applying a minimum C. L. weight of 20,000 lbs.

The Chairman was also directed to prepare a table of rates on Live Stock to Mississippi River points and Mobile, Ala., in cents per cwt., preserving as nearly as practicable, the present C. L. rates upon the basis of the minimum weights provided south of the Ohio River. No further action was taken.

Subject 232. St. Louis Transfer Co.'s Tariff No. 24.

It was shown that this tariff makes many material advances in rates for transfer of L. C. L. freight.

Further that the St. Louis Transfer Co. had agreed to perform that service at the rates named in Transfer Tariff No. 23, and had given no proper notice of its purpose to withdraw from that agreement.

It was further shown that, in all cases where the rates from St. Louis and East St. Louis are the same, any advance in the rates for transfer would by so much decrease the net earnings of the roads, and the consent of the roads was deemed necessary, under the circumstances, before any advance on the rates for transfer could be properly made.

On the other hand it was shown that the wages of employes and the cost of necessary supplies, repairs and renewals have materially increased and that the efficiency of the men and teams had been diminished by the shortening of the hours for delivering and receiving freight at the depots of the railroads as well as by the increase of traffic, making it more difficult to receive and deliver freight, both

at railroad depots and warehouses of shippers and consignees and so occasioning increased delays.

After a long discussion the Transfer Company agreed to continue the service at the rates named in its Tariff No. 23 until October 1st, 1903, on which day a special meeting of the Association shall be held for the further consideration of the subject.

Subject 233. Proportional rates, St. Louis and East St. Louis, to the Ohio River, on Cotton, compressed and uncompressed, destined to the Southeast.

This subject was introduced because no such rates had been properly published, and conflicting quotations had been made.

After discussion, it was proposed to establish the following rates:

Cotton, compressed, 11 cents per cwt.

Cotton, uncompressed, 16 cents per cwt.

No further action was taken.

Subject 234 (Subject 228 Continued). Method of handling Live Stock from the National Stock Yards.

The Committee appointed to confer with the Eastbound Freight Committee on this subject for the purpose of uniformity of practice, reported that it is still under consideration in that body and that there is a prospect of the adoption of uniform practice.

The following rule was proposed for consideration:

"The ..... R. R. Co. hereby announces that it will, under no circumstances, issue receipts or bills of lading for shipments of Live Stock from the National Stock Yards until the Stock is loaded in the cars and properly sealed for delivery to its line, unless the National Stock Yards give this railroad a guaranty indemnifying this company for any receipts or bills of lading the..... R. R. Co. may issue on orders from shippers on the National Stock Yards, directing the loading of the stock covered by

the same; orders in each and every instance to bear the guaranty mentioned in the foregoing, and this guaranty to read as follows:

This certifies that the Stock referred to in this order is in the possession of this Company, and will be loaded out for account of the .....R. R.

The above guaranty must invariably be signed by an authorized official of the National Stock Yards.'

Further consideration of the subject was postponed until the next meeting.

Subject 235. (Subject 226 continued.) Accumulation of L. C. L. freight into carloads by Car Transfer Company —membership of the Terminal Railroad Association.

The Terminal Railroad Association having declined to become a member of this Association, the subject was stricken from the docket.

Subject 236. Reconsignment Rules relative to freight bills to be surrendered on shipments of Grain from elevators.

This subject was considered on a request, from the Elevator Companies of St. Louis and East St. Louis, that the rules at present in effect be modified. Discussion of the subject developed no desire to modify the rules at the present time and the subject was stricken from the docket.

On account of the lateness of the hour, the discussion of the other subjects docketed for this meeting was postponed.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of three printed pages, is marked "Complainant's Exhibit No. 23 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., January 28th, 1904, contained in book containing "proceedings

of meetings of the Southern Freight Association, from January 1, 1904, to January 1, 1906."

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., January 28th, 1904.

Proceedings of a meeting of the Southern Freight Association, held in its office in St. Louis this day.

The lines were represented as follows:

Louisville & Nashville R. R., John Fitzgerald, Supt. Terminals.

Louisville & Nashville Railroad, J. N. Chandler, Gen'l Agent.

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

Southern Ry., C. D. Morris, Chief Clerk.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

St. Louis Transfer Co., C. F. Irwin, Agent.

Illinois Central R. R., Geo. W. Becker, A. G. F. A.

The following subjects were discussed:

Subject No. 1. Rules governing Reconsignment.

It was recommended that Barley and Rye be reconsigned to Interior Mississippi Junctions, and Yazoo City, Miss,, at the rates and rules already provided for Corn.

No objection was made, and no further action was taken.

It was recommended that the rules relative to freight bills required to be surrendered for reconsignment to Southeastern Mississippi Valley and Southeastern Freight Association territories, be amended as follows:

Add the following Note to Rule 1:

'This rule will not prohibit the change of consignee or destination, or both, on bona fide through shipments, provided said shipments are not stopped at St. Louis or East

St. Louis by the consignee for any purpose, and provided further, that instructions to change the consignee, or destination, or both, are lodged with the agent of the line forwarding the shipment from St. Louis or East St. Louis, prior to the delivery of the shipment to the forwarding company.'

Objection having been made, no action was taken.

Further consideration of this subject was deferred until Saturday, January 30th, at 2:30 o'clock, p. m.

Subject No. 2. Minimum Charge to the Southeast.

The following rule was recommended:

Minimum Charge

To "Common and Basing Points," except

Aldrich, Ala.; Blocton, Ala.; Blocton Junction, Ala.; Brierfield, Ala.; Calera, Ala.; Columbiana, Ala.; Dukes, Ala.; Gainesville, Fla.; Gurnee, Ala.; Lake City, Fla.; Lanette, Ala.; Live Oak, Fla. (proper); Montevallo, Ala.; Palatka, Fla.; Shelby, Ala. South Calera, Ala.; Sylacauga, Ala.; West Point, Ga.; Woodstock, Ala.

Compute the charge to and from the Ohio River Crossings separately, as provided in Rule No. 7 of the Southern Classification. The sum of the two amounts so found will be the minimum charge through.

To the points named above and all "junction points," add to the amount obtained as above the charge of the Terminal Line, which will be found by the same rule, as qualified by the various notes of exception published in the Classification in use.

No objection was made.

Subject No. 3. Publication of application of Southbound Rates on North-bound Traffic, in Tariff to Mississippi River points and Mobile, Ala.

It was recommended that the publication of such application be discontinued.

No objection was made and no further action was taken

Subject No. 4. Reconsignment of Pig Iron.

This subject was stricken from the docket.

Subject No. 5. Rate on Flue Linings to New Orleans and Group (S. E. M. V. A. Rate Advice No. 6769, November 11th, 1903).

The Chairman was instructed to advise the Chairman of the Southeastern Mississippi Valley Association that objection was made to the proposed change, and that it could not be made effective from St. Louis.

Subject No. 6. Handling Corn to Mississippi Valley and Southeast during the Germinating Season.

After some discussion, this subject was stricken from the docket.

Subject No. 7. Partial Prepayment of Freight Charges, on Freight Originating beyond St. Louis or East St. Louis, and Destined to Southern Territory.

This subject was stricken from the docket.

Subject No. 8. Charge for Transfer of Grain Products, Milled in Transit, from St. Louis Transfer Company's depots to East Side lines.

The St. Louis Transfer Company agreed to accept two cents per 100 lbs. for such transfer, provided shipping tickets were marked "Milled in Transit."

Subject No. 9. Rate on Fruit Jars, C. L., to the Southeast.

It was recommended that the proportional rate to Ohio River on fruit jars, C. L., be made eight (8) cents per 100 lbs., same as rate on Bottles.

No objection was made, and no further action was taken.

Subject No. 10. Issuing Exchange Bills of Lading.

It was recommended that Bills of Lading be not issued in exchange for connecting Lines Bills of Lading prior to the receipt of the freight. This rule not to apply to issuance

of Bills of Lading for receipts, issued by the St. Louis Transfer Company, Terminal Ry. Assn., Wiggins Ferry Co., Interstate Car Transfer Co., or other lines doing switching service in St. Louis or East St. Louis, showing that the property has been received for account of the lines named in their receipts.

No objection was made. The Mobile & Ohio R. R. withheld its view.

Subject No. 11. Reconsignment of Sorghum Seed.

It was recommended that Sorghum Seed be reconsigned from St. Louis and East St. Louis, to the Southeast, under the conditions provided for the reconsignment of Corn.

No objection was made. The Louisville & Nashville R. R., Illinois Central R. R. and Southern Ry. withheld their views.

The other subjects on the docket were continued for further discussion.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of three printed pages, is marked "Complainant's Exhibit No. 24 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., dated January 30th, 1904, contained in the same book as the last preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., January 30th, 1904.

Proceedings of a special meeting of the Southern Freight Association, held at its office in St. Louis, this day.

The lines were represented as follows:

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

Southern Ry., C. D. Morris, Chief Clerk.

Louisville & Nashville R. R., John Fitzgerald, Supt. Terminal; J. N. Chandler, General Agent.

Illinois Central R. R., Geo. W. Becker, A. G. F. A.

This meeting was called for further discussion of Subject No. 1 of January 28th, 1904.

Subject No. 12. Rules Governing Reconsignment.

It was recommended that the following changes be made in the rules governing reconsignment and milling in transit to Southeastern Territory.

Rule No. 3 to read as follows:

Rule No. 3 (a) In order to secure the proportional rate, original paid freight bills or certified copies, as provided herein, must be surrendered to the Chairman of the Southern Freight Association.

If shippers desire to retain possession of the original paid freight bills, such originals can be released by presentation of a copy written in ink, together with the original, to the Chairman of the Southern Freight Association, who will certify the copy, if correct, and cancel the original.

On surrender by the shippers of either the original or the certified copy of paid freight bill, the Chairman will endorse the proportional rate authorized herein, on shippers' tickets or bills of lading.

(b) Shippers must surrender paid freight bills for the same kind of property as is reconsigned, i. e., products of Wheat or Corn paid freight bills for Products of Wheat or Corn, Wheat paid freight bills for Wheat, Corn paid freight bills for Corn, Oats paid freight bills for Oats, Hay paid

freight bills for Hay, except that Wheat or Corn paid freight bills may be used for their products milled in transit.

(c) Flour or Hay loaded from mills, elevators, warehouses or on tracks in St. Louis shall be rated from St. Louis.

Flour or Hay, loaded from mills, elevators, warehouses or on tracks in East St. Louis shall be rated from East St. Louis.

All Grain reconsigned to Southeastern Territory, as described, shall be rated from East St. Louis.

Clause (d) being cancelled.

No objection was made, and no further action was taken.

The Illinois Central R. R. then announced that the rules for the Southeast would also apply on shipments destined to Mississippi River points, Mobile, Ala., interior Mississippi junctions and Yazoo City, Miss., via its line.

The St. Louis, Iron Mountain & Southern Ry. insisted that the present rules continue in effect via its line, so far as it participates in the business.

The Louisville & Nashville withheld its views. Other lines made no objections.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of two printed pages, is marked "Complainant's Exhibit No. 25 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., February 10th, 1904, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., February 10th, 1904.

Proceedings of a special meeting of the Southern Freight Association, held in its office in St. Louis, this day.

The lines were represented as follows:

Louisville & Nashville R. R., D. M. Goodwyn, G. F. A.; John Fitzgerald, Supt. Terminals.

Southern Ry., R. A. Campbell, A. G. F. A.

Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

Illinois Central R. R., Geo. W. Becker, A. G. F. A.

Subject No. 13. Switching of Grain and Absorption of Charges for that service.

The method pursued by the Southern Ry. in making free delivery of Grain to Southern Elevator and charging one cent per 100 lbs. for delivery from that Elevator to Southern Roads was discussed. The other lines claimed that they should not be charged for both services and that the Southern Ry. should charge only one-half a cent per 100 lbs. for making such deliveries.

The representatives of the Southern Ry. expressed a readiness to revise its method to that end. Switching charges and adsorption thereof from other Elevators was discussed at length resulting in the following announcement:

It was announced by all present that switching charges at East St. Louis on reshipped Grain to Southeastern Territory is only being absorbed when necessary to equalize with lines competing for the traffic. (See Through Freight Tariff No. 38-A, effective February 6th, 1904.) It was also announced that this practice would be continued, pending further consideration of the subject.

Switching at St. Louis.

It was agreed to hold a special meeting of the Association, on..... 1904, to consider the general question of absorbing switching charges at St. Louis, and points in St. Louis Group, on all Classes and Commodities to and from Southeastern, Carolina and Mississippi Valley Territories.

Prior to said meeting it is suggested that all lines ascertain the present method of handling Grain from the west, delivered at St. Louis Elevators and subsequetly re-shipped to the Southeast. Also that full information be obtained as to switching charges now being absorbed in St. Louis and Group on business from and to Southeastern, Carolina and Mississippi Valley Territories.

The meeting then adjourned."

Above exhibit, consisting of one printed page, is marked "Complainant's Exhibit No. 26 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., February 25th, 1904, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis Mo., February 25th, 1904.

Proceedings of a regular meeting of the Southern Freight Association, held in its office in St. Louis, this day.

The lines were represented as follows:

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

Louisville & Nashville R. R., J. N. Chandler, Gen'l. Agent.

Southern Ry., R. A. Campbell, A. G. F. A.
Illinois Central R. R., Geo. W. Becker, A. G. F. A.
Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.

The following subjects were discussed:

Subject No. 14. Refusal of Switching lines and Elevators to Seal Cars of Grain or to be Responsible for Leakage.

It was reported that the transportation officers had taken action not to move cars which are not properly sealed.

The subject was continued for the information as to the action taken on this subject by the various lines.

Subject No. 15. Rate on Locomotives to Ohio River for the Southeast.

It was recommended that the rate on "Dead" Locomotives be made fifty-two (52) dollars each; and on "Live" Locomotives forty-four (44) dollars each.

No further action was taken.

Subject No. 16. Membership of the St. Louis & San Francisco R. R.

In view of the increasing participation of that line in southern and southeastern traffic, it was considered that its membership in this Association is desirable and the Chairman was instructed to correspond with its Traffic Manager to that end.

Subject No. 17. Proposition to include Tile, Building and Roofing, in list taking Brick Rates.

After discussion this subject was ordered to be struck from the docket.

The other subjects on the docket were continued for further investigation and discussion.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of one printed page, is marked "Complainant's Exhibit No. 27 of the Southern Freight Association."

Complaint offers in evidence record of meeting of the Southern Freight Association, held in St. Louis, Mo., March 24th, 1904, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., March 24, 1904.

Proceedings of a meeting of the Southern Freight Association, held in its office in St. Louis, this day.

The lines were represented as follows:

Louisville & Nashville R. R., J. N. Chandler, Gen. Agent.
Southern Ry., R. A. Campbell, A. G. F. A.
Mobile & Ohio R. R., J. M. Denyven, A. G. F. A.
Illinois Central R. R., Geo. W. Becker, A. G. F. A.
St. Louis, Iron Mountain & Southern Ry., Not represented.

The following subjects were discussed:

Subject No. 18. Southern Ry. Switching Charge on Grain delivered to connections.

The representatives of the Southern Ry. explained the difficulties in the way of effecting the desired change and asked for more time to perfect a suitable arrangement.

The subject was continued.

Subject No. 19. Absorption of Non-competitive Switching Charges.

Owing to present conditions affecting this subject it was struck from the docket.

Subject No. 20. Proper Basis for Rates on Packinghouse Products, etc., from Missouri River to Nashville, Tenn.

Action of Western Trunk Line Committee, November, 1898, made basis same as to Southeastern points.

Subject No. 21. Rates on Bagging, etc., to Mississippi Valley Points.

The St. L. I. M. & S. Ry. having established certain reduced rates, the other lines, individually, ordered the same rates to be made effective.

Subject No. 22. Exhibits for Lewis & Clark Centennial at Portland, Ore., in 1905.

It was considered that this subject should be handled by the Southern lines, and it was struck from the docket.

Subject No. 23. Rates on Candy, to Memphis, Tenn., etc.

This subject was discussed, no recommendation was made, and it was struck from the docket.

Subject No. 24. Weights on Hay.

The point discussed was the method of arriving at proper weight on cars of Hay.

It was considered that this should be taken up with the Southern Weighing and Inspection Bureau, and was therefore struck from the docket.

Other subjects on the docket were continued for further investigation and discussion.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of two printed pages, is marked "Complainant's Exhibit No. 28 of the Southern Freight Association.

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., March 16th, 1905, contained in the same book as the preceding record.

Which record is in words and figures as follows, to-wit:

1403

'RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis, Mo., March 16th, 1905.

Proceedings of a regular monthly meeting of the Southern Freight Association, held in its office in St. Louis this day.

The lines were represented as follows:

Mobile & Ohio R. R., W. K. Vandiver, C. C.
Louisville & Nashville R. R., J. N. Chandler, G. A.
Southern Ry., C. D. Morris, C. C.
Illinois Central R. R., F. H. Law, C. C.
St. Louis, Iron Mountain & So. Ry., W. A. Rambach, C. C.

The following subjects were discussed:

Subject 82. Divisions on Grain and Grain Products from interior Illinois points to Mississippi Valley.

This subject was ordered to be struck from the docket

Subject 83. Increase in Switching Charges.

This subject was ordered to be struck from the docket.

Subject 84. Marking L. C. L., shipments of Brick, Sewer Pipe, etc.

It was recommended that Classification Rule 4-B govern.

Subject 85. Proposition to advance rates on Sewer Pipe, to Mississippi Common and basing points.

This subject was continued awaiting action of the S. E. M. V. Association upon the recommendation made at the last meeting.

Subject 86. Proportional rate to Ohio River, on Sugar, destined to the Southeast.

It was recommended that the present proportional rate be cancelled.

No objection was made and no further action was taken.

Subject 87. Rates to Mississippi Valley on Rope, Sisal Twine and Lath Yarn, any quantity.

It was recommended that Sisal Twine and Lath Yarn be

added to the item "Rope (except cotton), carloads, any quantity."

No objection was made and no further action was taken.

Subject 88. Rates to Mississippi Valley common and basing points on Syrup and Molasses, in tin cans, boxed.

Objection was made to any change in the present rating, and no further action was taken.

The meeting then adjourned.

S. Frink, Chairman."

Above exhibit, consisting of one printed page, is marked "Complainant's Exhibit No. 29 of the Southern Freight Association."

Complainant offers in evidence record of meeting of the Southern Freight Association, held at St. Louis, Mo., April 18th, 1905, contained in the same book as the preceding record.

Which record is in words and figures, as follows, to-wit:

"RECORD THE SOUTHERN FREIGHT ASSOCIATION.

St. Louis., Mo., April 18th, 1905.

Proceedings of an adjourned meeting of the Southern Freight Association held in its office in St. Louis this day.

The lines were represented as follows:

St. Louis, Iron Mountain & So. Ry., E. B. Lane, A. G. F. A.

Illinois Central R. R., J. R. Peachy, A. G. F. A.

Louisville & Nashville R. R., John Fitzgerald, Supt. of Terminals.

Mobile & Ohio R. R., J. M. Denyven, G. F. A.

Southern Ry., C. D. Morris, C. C.

The St. Louis and San Francisco Ry. participated in the meeting, being represented by E. K. Voorhees, G. F. A.

The following subject was discussed:

Subject 89 continued. Reconsignment of Grain, C. L., to Mississippi Valley and milling in transit of Bran and Mill Feed.

After prolonged discussion it was recommended that, effective May 31st, 1905, Corn, Oats, Rye and Barley, straight or mixed, C. L., minimum weight 30,000 lbs., be reconsigned to New Orleans and Group at eleven (11) cents per 100 lbs. Same to Memphis, Tenn., seven (7) cents per 100 lbs.

Also that a milling in transit rate of fourteen (14) cents be made, effective same date, on Bran and Mill Feed to New Orleans and group.

Also that the rules in the Tariff covering reconsignment to the Mississippi Valley be so modified as to cover these changes in accordance with the general rules governing reconsignment and milling in transit.

No objection was made, and no further action was taken.

The meeting then adjourned.

S. Frink, Chairman."

"Chicago, April 3rd, 1902.

In your reply please refer to File No. 955.

Exceptions to applications of Milwaukee rates on butter, cheese, etc., Ill. and Wis. points to C. & O. R. Committee territory.

Mr. S. Frink,
Chairman So. Frt. Ass'n.,
St. Louis.

Dear Sir: Answering your pencil letter 2nd inst., and returning correspondence attached to same, in relation to joint notice of northwestern lines effective Jan. 14th. This

is a matter now under correspondence with the Northwestern people in regard to several minor details and in a few days the tariffs promulgated from this office will be practically in line with the circular referred to, that is in so far as the exceptions named on page 2 are concerned. As a matter of fact the minimums of class and commodity rates specified by them on title page, their percentage proportion of the through rates now published betwen C. & O. R. Committee points allows them in nearly all cases in excess of these minimums and the only question to settle is the matter of their taking exception to applying Milwaukee rates on several of the commodities specified from points intermediate between Chicago and Milwaukee.

Very truly,
C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit No. 33 of the Southern Freight Association."

Complainant offers in evidence letter dated Chicago, May 9th, 1902, to Mr. S. Frink, Chairman So. Frt. Ass'n., signed by C. E. Fulton, Secretary C. & O. R. Committee.

Which letter is in words and figures as follows, to-wit:

Chicago, May 9th, 1902.

In your reply please refer to File No. 955.

Exceptions to application of Milwaukee rates on butter, cheese, etc., from points intermediate betwen Milwaukee and Chicago.

Mr. S. Frink,
Chairman So. Frt. Ass'n.,
St. Louis.

Dear Sir: Please see my letter April 3rd. The representatives of Northwestern lines in conference with the C. & O. R. Committee lines yesterday, regarding the non-appli-

cation of Milwaukee rates from several points on western roads usually taking Milwaukee rates, unanimously adopted the following:

Resolved, That the C. & O. R. Committee tariffs naming points taking Milwaukee rates be modified in accordance with C. M. & St. P. Ry., C. & N. W. Ry., and W. C. Ry. joint notice effective Jan. 14th, 1902, to provide for the exceptions specified, same to read as follows:

'Exceptions: By request of the C. M. & St. P. Ry., C. & N. W. Ry., and W. C. Ry., Φ Milwaukee rates will not apply on shipments of butter; cheese; eggs; grain; grain products (except that on malt from Kenosha Milwaukee rates will apply); poultry, dressed, and potatoes, in any quantity, from stations marked thus Φ, destined to points named in this tariff or any point south of the Ohio River. Local rates will apply south of Chicago on the above named commodities coming from points prefixed thus Φ."

The foregoing will be taken care of in an amendment to the tariffs promulgated from this office and is furnished for your information.

Very truly,
C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit No. 34 of the Southern Freight Association.

Complainant offers in evidence letter dated Chicago, April 17th, 1902, signed C. E. Fulton, Secretary, Chicago & Ohio River Committee, addressed to Mr. Seth Frink, Chairman So. Frt. Ass'n., Mr. J. M. Washburn, Chairman S. E. M. V. Ass'n., and Mr. S. P. Parrott, Chairman S. E. F. Ass'n.

Which letter is in words and figures as follows, to-wit:

"Chicago, April 17th, 1902.

Southern Lines publishing through rates from territory north of the Ohio River to southern points.

Mr. Seth Frink, Chairman, So. Frt. Ass'n., St. Louis; Mr. M. P. Washburn, Chairman, S. E. M. V. Ass'n., Louisville; Mr. S. F. Parrott, Chairman, S. E. F. Ass'n., Atlanta.

Gentlemen:—

From time to time the question comes up in the way of correspondence attached to claims, etc., referring to authority for rates from territory north of the Ohio River to the south where same are published by your respective associations and individual southern lines although changes in such rates may have been made by the initial lines and business moved before your publications were issued.

As a matter of fact the transportation companies north of the River do not in any of their individual issues nor do the various northern Associations, publish any through rates or show a basis for through rates on traffic from southern points to points north of the river, and the general opinion prevails that the same practice should exist on south-bound traffic. This has reference to where lines comprising your different Associations published in their tariffs through rates from Mississippi and Ohio River crossings to the south, providing also for the arbitraries from different sections of the country north of the Ohio River, in connection with which the C. & O. R. Committee published through rates from Indianapolis, Chicago and Milwaukee and points taking same rates to all territory south of the river, and the roads parties to our tariffs object to the division or basis of such rates being shown in your respective issues showing rates from Ohio and Mississippi River points. At our regular meeting yesterday the following was unanimously adopted:

Resolved, That the C. & O. R. Committee respectfully requests the withdrawal of such tariffs, with the statement

that if the southern roads, through their Chairman, will communicate their wishes as to the publication by the C. & O. R. Committee of any necessary tariffs, the matter shall receive prompt attention.

May I ask that you kindly give this matter your consideration and advise.

Yours very truly,
C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit No. 35 of the Southern Freight Association."

Complainant offers in evidence letter dated Chicago, April 21st, 1902, addressed to Mr. Seth Frink, Chairman So. Frt. Ass'n., St. Louis, and signed by C. E. Fulton, Secretary Chicago & Ohio River Committee.

Which letter is in words and figures as follows, to-wit:

Chicago, April 21st, 1902

In your reply please refer to File No. 973. Southern lines publishing through rates from territory north of the Ohio River.

Mr. Seth, Frink,
Chairman, So. Frt. Ass'n., St. Louis,

Dear Sir: Answering yours 18th, in relation to my joint letter 18th not being sufficiently plain as to what is desired.

In connection with this matter would call attention to your tariffs 23-G which provide for through class and commodity rates from Chicago, Milwaukee, etc., to southern junction points east and west of the M. & O., and 20 V, which reproduces the issues of this office naming proportional rates between Chicago, Milwaukee and Ohio River crossings or southeastern territory. As all lines interested are furnished with the promulgations from this office, what is the necessity of reproducing the information in your

tariffs considering that the Southern Freight Ass'n. have no jurisdiction whatever over rates from Chicago and Ohio River Committee territory?

There are changes made, both advances and reductions, by the C. & O. R. lines which are not provided for promptly in your reductions and have not been issued by you when your tariff may be used for quoting a rate by a southern representative, and although the lines north of the river are not legally bound by such tariffs, they create more or less confusion and inconvenience in correspondence attached to claims, and it would seem that the rates embodied in your tariffs from points north of the Ohio River should be eliminated.

Very truly yours,

C. E. Fulton, Secretary."

Copy to Mr. M. P. Washburn, Mr. S. F. Parrott.

Above exhibit is marked "Complainant's Exhibit No. 36 of the Southern Freight Association."

Complainant offers in evidence carbon copy of letter dated March 25th, 1903, from S. Frink, Chairman.

Which letter is in words and figures as follows, to-wit:

March 25th, 1903.

Dear Sir: I am requested by the Southeastern Mississippi Valley Association, file 2784, to submit the following rule for your individual concurrence.

Please favor me with it, or such objection as you may have to make.

Yours truly,

S. Frink, Chairman.

F.

'Race horses shall be handled on regular live-stock contract, and not exceeding one attendant will be passed free with each horse, with maximum free transportation for five

attendants to each car. All other attendants to pay full fare, and all persons carried with the stock at their own risk of personal injury from any cause whatever; the carrier assuming no responsibility for loss or injury to personal effects.'

Copy to H. M.,—R. A. C.,—J. F.—G. W. B.—E. B. L."

Above exhibit is marked "Complainant's Exhibit No. 37 of the Southern Freight Association."

Complainant offers in evidence carbon copy of letter dated April 6th, 1903, from the Chairman to Mr. C. E. Fulton, Chairman, and Mr. J. F. Tucker, Chairman, Chicago, Ill.

Which letter is in words and figures as follows, to-wit:

"April 6th, 1903.

Mr. C. E. Fulton, Chm.,
Mr. J. F. Tucker, Chm.,
Chicago, Ill.

Dear Sir: I presume you have received a communication, dated on or about March 24th, from Chairman Washburn, relative to passage of attendants with race horses, citing the following rule as being in effect by various lines, and the S. E. M. V. Association, and asking that it be put in effect by the lines north of the Ohio River, provided that a similar rule is put in effect by the express companies:

'Race horses shall be handled on regular live-stock contract, and not exceeding one attendant will be passed free with each horse, with maximum free transportation for five attendants to each car. All other attendants to pay full fare, and all persons carried with the stock at their own risk of personal injury from any cause whatever; the carrier assuming no responsibility for loss or injury to personal effects.'

Kindly advise me what action your lines propose on this subject. Yours truly,

F. Chairman."

Above exhibit is marked "Complainant's Exhibit No. 38 of the Southern Freight Association."

Complainant offers in evidence letter dated April 8th, 1903, from J. F. Tucker, Chairman, to Seth Frink, Chairman So. Frt. Ass'n.

Which letter is in words and figures as follows, to-wit:

"Chicago, April 8, 1903.
Please refer to File 10435.

Mr. Seth Frink, Chairman Southern Freight Association,
St. Louis, Mo.

Dear Sir: Acknowledging receipt of your favor of the 6th inst., would advise that we informed Chairman Washburn that as there are through rates on race horses from points in C. F. A. territory to southern points, there would seem to be no necessity for adopting rule such as he suggests because any shipments from this territory to southern points will be based upon local rates to the Ohio River crossings plus locals therefrom, and the regulations governing local rates to the crossings are the ones to be observed by railroads in this territory.

Yours very truly,
J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit No. 39, of the Southern Freight Association."

Complainant offers in evidence carbon copy of letter, dated August 29th, 1905, addressed to C. E. Fulton, Chairman Central Traffic Ass'n, Chicago, Ill.

Which letter is in words and figures as follows, to-wit:

"August 29, 1905.

Mr. C. E. Fulton,
Chairman, Central Traffic Ass'n., Chicago, Ill.

Dear Sir: I am in receipt of your Rate Basis No. 14-GL and note on page 32 what appears to be a slip in the type under exceptions. For instance, see Manteno, Ill., group 1, exception F, on pages 40 and 41; there are no exceptions F under Ill. Cent., but there are under C. B. & Q., and it seems to me that the F should be opposite Maple Lake. So Maywood, Ind., on the Vandalia, exception A and Mason, Ill. The exception A was evidently meant to be opposite Mason on the A. T. & S. F., and G opposite the Big Four and so on down the line. I think it would be well to examine all of these exceptions in the new issue.

Will you kindly send me another copy of this Rate Basis and also advise if you will make correction.

Yours truly,

Chairman.

"H."

Above exhibit is marked "Complainant's Exhibit No. 40 of the Southern Freight Association."

Complainant offers in evidence letter dated Chicago, August 30th, 1905, from C. E. Fulton, Secretary, to S. Frink, Chairman So. Frt. Ass'n.

Which letter is in words and figures as follows, to-wit:

"Chicago, August 30th, 1905.

Mr. S. Frink, Chairman Southern Freight Association,
St. Louis, Mo.

Dear Sir: Replying to your favor of 29th inst., beg to advise that, through a typographical error, all the Exceptions shown on the first half of page 32 have been improp-

erly given. The letters in each case should be dropped just one line. Correction will be made accordingly, with the first Supplement issued.

Yours truly,

C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit No. 41 of the Southern Freight Association."

Complainant offers in evidence copy of telegram, dated June 1st, 1905, from S. Frink, to C. E. Fulton, Chicago, Ill.

Which telegram is in words and figures as follows, to-wit:

"St. Louis, Mo., June 1, 1905.

To C. E. Fulton,

827 Monadnock Block, Chicago, Ill.

Do the reduced proportional rates Chicago to Ohio River Classes 1 to 6, thirty-five cent scale apply on traffic destined Carolinas north of Walhalla Line. Rush answer.

S. Frink."

Above exhibit is marked "Complainant's Exhibit No. 42 of the Southern Freight Association."

Complainant offers in evidence copy of telegram, dated June 1st, 1905, from C. E. Fulton to S. Frink.

Which telegram is in words and figures as follows, to-wit:

"1590. CH. U7. KM. 26 D. H.

T A-Chicago, Ill., June 1st, 1905. 1772

S. Frink,

St. Louis, Mo.

Your message. Reduced class rates apply to all points

south of states Kentucky and Virginia east of Illinois Central and Mobile and Ohio, thus including Carolinas.

C. E. Fulton.
2:12 P. M."

Complainant offers in evidence carbon copy of a letter, dated May 5th, 1903, addressed to Mr. J. F. Tucker, Chairman, Chicago, and C. E. Fulton, Chairman, Chicago.

Which letter is in words and figures as follows, to-wit:

"May 5th, 1903.

Mr. J. F. Tucker,
Chm., Chicago.
Mr. C. E. Fulton,
Chm., Chicago.

Gentlemen: I quote you below my letter to Chairman Washburn, of April 25th, relative to rates on certain grain products to Memphis, Tenn. He advises that no objection is made to the advance as proposed, provided a like advance is made from points in the territory north of the Ohio and east of the Mississippi Rivers.

Can this be done?

'Our members desire to make the following changes in rates to Memphis, Tenn., provided like changes can be made from Ohio River crossings:

Flour in Bbls., C. L., per Bbl.....22 instead of 20
Flour in Half Bbls., C. L., per half barrel..11 instead of 10
Flour in sacks, C. L.....11 instead of 10
Oat Meal, Rolled Oats, Shredded Oats,
Oat Groats, Rolled Wheat, Cracked
Wheat, and Crushed Wheat, in
Straight or Mixed C. L.'s.....11 instead of 10

The reason for this proposed advance in rates is that Memphis combination to Southeastern territory will cut regularly published through rates 1c per 100 lbs., and it was not thought proper to charge a higher rate on flour than should be charged on the cereal food products mentioned in the last clause.' Yours truly,

Chairman."

Above exhibit is marked "Complainant's Exhibit No. 44 of the Southern Freight Association.

Complainant offers in evidence letter dated May 6th, 1903, from J. F. Tucker, Chairman to S. Frink, Chairman Southern Freight Association.

Which letter is in words and figures as follows, to-wit:

"Chicago, May 6th, 1903.
Please refer to File 10,633.

Mr. S. Frink, Chairman, Southern Freight Association,
St. Louis, Mo.

Dear Sir: This will acknowledge receipt of your favor of the 5th inst. relative to advanced rates on grain products to Memphis from points in Central Freight Association territory.

I think there is no doubt that the Central Freight Association roads will be glad to have the advanced rates made effective at as early a date as they take effect from the Ohio River Crossings, St. Louis, Chicago, etc. In fact, the roads in this territory are particularly anxious to obtain higher rates on this business.

Yours very truly,
J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit No. 45, of the Southern Freight Association."

Complainant offers in evidence letter dated May 13th, 1903, from C. E. Fulton, Chairman of the Mississippi Valley Freight Association to Seth Frink, Chairman of the Southern Freight Association.

Which letter is in words and figures as follows, to-wit:

"Chicago, May 13th, 1903.

In your reply please refer to File No. 642.
Proposed advance in rates on grain products to Memphis.

Mr. Seth Frink,
Chairman, Southern Freight Assn.,
St. Louis, Mo.

Dear Sir: Answering your joint letter May 5th to Chairman Tucker and myself regarding rates on certain grain products to Memphis, Tenn.

This advance of 1 cent per cwt. has been concurred in by lines in this Association, and new rates have been published in Supplement 6 to Tariff No. 7 which will be forwarded to-day, effective 28th inst. Yours truly,

C. E. Fulton, Chairman."

P. S. I trust our making this advance effective 28th inst. will be satisfactory to you, although this point should have been taken up with your office. Same was however overlooked in our anxiety to get out supplement. C. E. F."

Above exhibit is marked "Complainant's Exhibit No. 46 of the Southern Freight Association."

Complainant offers in evidence letter dated August 23rd, 1904, from C. E. Fulton, Secretary, to S. Frink, Chairman Southern Freight Association.

Which letter is in words and figures as follows, to-wit:

"Chicago, August 23, 1904.

In your reply please refer to File No.—
Proportional rates, Chicago to Ohio River crossings.

Mr. Seth Frink,
Chairman, Southern Freight Assn.,
St. Louis, Mo.

Dear Sir: With reference to your Through Freight Tariff 20 CC and succeeding supplements thereto.

It is noticed that the tariff in question is principally intended for through rates from St. Louis, Ohio River crossings, etc., to Southeastern territory, but you include therein bodily the issues of this Committee naming proportional rates between Milwaukee, Chicago, Indianapolis and Ohio River crossings on Southeastern traffic, in connection with which I would call your attention particularly to proportional rates applicable on holly branches, evergreens and mistletoe.

It would appear you have evidently incorporated the rates bodily from our S. E. Prop. Tariff No. 46, which within the last year or so has been succeeded by S. E. Prop. Rates Nos. 1 and 2, the latter being at present in effect, and which you will note makes no reference to any proportional rates on holly branches, evergreens and mistletoe, leaving Official or Southern Classification basis to apply, whichever makes lowest.

It seems to me that if you are going to an unnecessary expense in publishing these rates from Milwaukee, Chicago and Indianapolis to Ohio River crossings, that you should keep it up and in line promptly with any changes that are made. I think if you will take occasion to compare our present S. E. Prop. Tariff No. 2 you will find your issue has several proportional commodity rates that are really obsolete and wiped out some time ago. In view of every line interested and most of them being parties to the tariffs promulgated from this office naming proportional rates north

of the Ohio River, may I ask on what grounds you consider it necessary to republish in your tariff a repetition of rates that any and all roads interested already have, and are furnished promptly with changes, advances or reductions?

Considering the foregoing, I will appreciate your advices as to what in your opinion, or representatives of roads comprising the Southern Freight Association, deem it necessary that C. & O. R. Committee rates should be published in tariffs of your Association. Yours truly,

C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit No. 47 of the Southern Freight Association."

Complainant offers in evidence carbon copy of letter dated November 14th, 1904, to Mr. C. E. Fulton, Chairman.

Which letter is in words and figures as follows, to-wit:

"Nov. 14th, 1904.

Mr. C. E. Fulton,
Chm., Chicago, Ill.

Dear Sir: The rate on Household goods, L. C. L., from Chicago to Cairo, when destined to the Southeast is 40 cents per 100 pounds, a commodity rate. A few years back, I believe, this rate was advanced from 23 cents or 25 cents, and based on this 40 cent rate the rate to Nashville as published by you is 52 cents, or 12 cents from Cairo.

Your Mississippi Valley Tariff No. 102 has no commodity rate, but the Class rate would be 25 cents Chicago to Paducah, and the through rate to Nashville would be 37 cents on traffic moving via that crossing.

Will you please take this matter up with a view to advancing the rate to Paducah on this specific commodity and advise me of the action taken? Yours truly,

Chairman.

H."

Above exhibit is marked "Complainant's Exhibit No. 48 of the Southern Freight Association."

Complainant offers in evidence letter dated Chicago, November 16th, 1904, addressed to Mr. Seth Frink, and signed by C. E. Fulton, Secretary.

Which letter is in words and figures as follows, to-wit:

"Chicago, Nov. 16, 1904.

Rates on household goods L. C. L., Chicago to Nashville vs. based on combinations via Paducah.

Mr. Seth Frink,
Chairman, Southern Freight Assn.,
St. Louis, Mo.

Dear Sir: In response to yours of the 14th, calling attention to rates that may be made on household goods L. C. L,. for Nashville, using Paducah rates, resulting in less than published through rates from Chicago to Nashville.

Are you not in error in stating that the rate is 12 cents from Paducah to Nashville, in view of the fact that as far as I can ascertain rate is 23 cents, and while combination on Paducah would make 48 cents it is not permissible to so base, and the commodity in question is so rarely forwarded that it hardly seems possible for contracting or soliciting agents running around and calling attention to this combination to shippers.

The line directly interested in the handling of traffic Chicago to Paducah, i. e., the I. C. R. R., are not favorable towards making exceptions to the Southern Classification on household goods, L. C. L., Chicago to Paducah, in view of the fact that basis for through rates to Paducah are established differentials over Cairo and that traffic, either household goods or any other commodity, destined to Nashville, Chattanooga, Knoxville, Birmingham, etc., it would not be

permissible to use combination of Chicago to Paducah rates with locals south thereof, and it is so understood by each and every representative interested at different points north of the Ohio River.

By making an exception on household goods, L. C. L., it really calls attention to the fact that if it is permissible to use combination on Paducah, I think you can find it very easy to take all classes and commodities now in effect and publish from Chicago to many southeastern points a combination on Paducah, plus locals south thereof, that would result in less than through rates published from Chicago.

In view of this fact and household goods being so rarely forwarded, it hardly seems necessary to make special exception to the Southern Classification in rates Chicago to Paducah.

May I ask what condition brought about attention to combination referred to in your letter of the 14th?

Yours truly,

C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit No. 49, of the Southern Freight Association."

Complainant offers in evidence carbon copy of letter dated November 18th, 1904, from ....., Chairman, to C. E. Fulton, Chairman, Chicago, Ill.

Which letter is in words and figures as follows, to-wit:

Nov. 18th, 1904.

Mr. C. E. Fulton,
Chm., Chicago, Ill.

Dear Sir: Replying to yours of Nov. 16th, without file number, in relation to rate on household goods, L. C. L., Chicago to Paducah, we have a commodity rate published from Paducah to Nashville of 12 cents per 100 pounds. The 23 cent rate you refer to is 4th class rate.

This question comes up from the fact that we are re-issuing our tariff from St. Louis and Chicago to N. C. & St. L. local stations, and we base our rates on Cairo, Paducah, Nashville, Huntsville and other Junctions, there being a commodity rate of 40 cents to Cairo, and no corresponding commodity rate to Paducah. We are compelled to use the Class rate to Paducah, which is much lower, and by establishing the Paducah combinations the lines North of the river would have to do considerable shrinking on business moving via Cairo. I notice that you state the Illinois Central are not favorable towards making exceptions to the Southern Classification Chicago to Paducah, in view of the fact that basis for through rates to Paducah are established differentials over Cairo. If this is the case, should not the commodity rates on household goods, L. C. L., be provided to Paducah at the established differential, whatever it is, over Cairo.

Yours truly,

Chairman."

Above exhibit is marked "Complainant's Exhibit No. 50, of the Southern Freight Association."

Complainant offers in evidence letter dated November 29th, 1904, from S. Frink, Chairman, to C. E. Fulton, Chairman, Chicago, Ill.

Which letters is in words and figures as follows, to-wit:

"Nov. 29th, 1904.

Mr. C. E. Fulton,
Chm., Chicago, Ill.

Dear Sir: Will you please refer to your letter of Nov. 16th, and give me reply to my letter of Nov. 18th, in regard to the rate on household goods, L. C. L., Chicago to Paducah.

Yours truly,

S. Frink, Chairman.

S. F. H.

This matter is up with the Ill. Cen. Will let you know promptly as possible.

C. E. F."

Above exhibit is marked "Complainant's Exhibit No. 51, of the Southern Freight Association.

Complainant offers in evidence letter dated Chicago, December 13th, 1904, from C. E. Fulton, Secretary, to Seth Frink, Chairman Southern Frt. Ass'n.

Which letter is in words and figures as follows, to-wit:

"Chicago, Dec. 13, 1904.

In your reply refer to File No. 1231.

Rates on household goods, L. C. L., Chicago to Nashville, vs. Combination on Paducah.

Mr. Seth Frink,
Chairman, Southern Frt. Ass'n.,
St. Louis, Mo.

Dear Sir: With further reference your two communications of November 14th and 18th.

The result of taking this matter up with the I. C. R. R. who are the particular parties interested so far as rates from Chicago to Paducah and Nashville are concerned, is following from General Freight Agent Keeper's office this morning:

'Some years ago, possibly as far back as seven years, we had this same matter under consideration and in accordance with position assumed by you. There is no regular movement of household goods and I cannot see that anything would be gained by advancing local rates to Paducah on this particular commodity. In fact we can make lower rates to points in the Southeast on many commodities by using Cairo combination subject to Illinois classification north thereof. Instructions that are current in this office are that rates to

points in the Southeast must be constructed on basis of regular C. & O. R. Committee arbitraries, irrespective of lower combinations being available by using Illinois Classification to Cairo, or local rates to Paducah.'

Considering the foregoing, I would not deem it advisable to make any exception to southern classification by providing for commodity rate at 1st class basis on household goods Chicago to Paducah. Yours truly,

C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit No. 52 of the Southern Freight Association."

St. Louis, Jan. 3rd, 1907.

Met, pursuant to adjournment as above, on Thursday morning, January 3rd, 1907, at 10:30 a. m., in the office of the Special Commissioner, Roe Building, St. Louis, Mo.

Present, parties as before.

The following proceedings were had:

Complainant offers in evidence the following letters:

Letter dated Chicago, January 29th, 1900, addressed to R. M. Fraser, Chairman, and signed "C. E. Fulton, Secretary," as follows:

"Chicago, January 29th, 1900.
Please refer to File No. 823.

Mr. R. M. Fraser,
Chairman, St. Louis.

Dear Sir: Your favor 27th, file B-153. As requested, I take pleasure in sending you copy of our circular covered by file 823, regarding the filing of tariffs with the commission. Yours truly,

C. E. Fulton, Secretary."

Information Circular attached to letter, dated Chicago, January, 1900, as follows:

"Chicago, January —, 1900.

Tariffs issued by the Chicago & Ohio River Committee and filed with the Interstate Commerce Commission.

File No. 823.

. . . . . .

. . . . . .

. . . . . .

Dear Sir: For your information, and for the purpose of relieving your Tariff Department, I submit herewith copies of corespondence between this office and Auditor Smith of the Interstate Commerce Commission:

———x———

Chicago, Jan. 10th, 1900.

Mr. J. M. Smith,
Auditor, Inter-State Commerce Commission,
Washington.

Dear Sir: I have yours 5th inst. It does not occur to me that the first suggestion as outlined would be of any benefit to your office, and would certainly cause considerable inconvenience to this.

The second suggestion comes pretty near to what I believe will result satisfactorily to both of us, and I think pos-

sibly the plan as inaugurated by this office January 1st, still betters the situation.

You will observe from tariff Thro. Frt. Rates No. 41 attached, that it bears an I. C. C. number, and while promulgated from this office and distributed to shippers, connections and others interested as a matter of convenience and economy, it is the individual tariff of the roads represented thereon, and as it is filed with you by this office as notice from those roads, is not that all that is necessary?

In accordance with the foregoing, I would interpret from your letter that this tariff being filed with you for all roads represented thereon, it will not be necessary for an additional service on the part of each road named to file their concurrence and individual I. C. C. number. Representatives of roads named on the tariff individually direct me to file same with the Commission, giving the required 12 or 5 days' notice of changes in rates, and under these circumstances I do not understand that it will be necessary for such roads to again file the tariff under individual I. C. C. numbers. For the purpose of convenience to both your office and this, does not the attached tariff as it stands literally comply with all that is required?

Very truly,

(Sig.) C. E. Fulton,
Secretary.

———x———

Washington, January 15th, 1900.

Mr. C. E. Fulton,
Secretary Chicago & Ohio River Committee, Chicago,

Dear Sir:—

I am in receipt of your favor 10th inst. in reply to my letter of the 5th, relative to schedules published by your Committee, and with which you enclose copy of Through Freight Rates No. 41, I. C. C. No. 52.

From your letter I infer that you wish to adopt method No. 2 suggested in my letter January 5th, and that it is the desire of all carriers members of your Committee that tariffs of rates, fares and charges in force from their stations shall be published by your Committee and filed with this Commission in their behalf, giving the Commisson legal notce of all changes in rates, resulting from such publications.

Such method will be satisfactory to the Commission, providing the roads members of your Committee file a letter here stating that Mr. C. E. Fulton, Secretary of the Chicago & Ohio River Committee, is authorized to publish and file tariffs on their behalf and that tariffs so published and filed will be their tarifs. Herewith I enclose a form of general concurrence, and beg to request that a copy thereof be furnished to each one of the carriers members of Committee with instructions that same be filed, after signature, with the Commission.

Upon receipt of such general concurrence, duly signed, it will not be necessary for the lines so filing to file copies of the tariffs published and filed by you, nor certificates of concurrence in each individual issue in which they are named as parties. Respectfuly yours,

(Sig.) J. M. Smith, Auditor.

———x———

(Sample.)

CHICAGO & EASTERN ILLINOIS RAILROAD.

Chicago, Ill.....1900.

To the Interstate Commerce Commission,
Washington, D. C.,

This is to certify that the Chicago & Eastern Illinois Railroad Company assents to and concurs in all Tariffs, Supplements, Amendments, Circulars or other documents governing freight charges from or to stations on said rail-

road which may hereafter be published and filed by the Secretary of the Chicago & Ohio River Committee, and which said Tariffs, Supplments, Amendments, Circulars or other documents to which the said Chicago & Eastern Illinois Railroad Company is named as a party may be accepted by the Interstate Commerce Commission as filed in behalf of the said Chicago & Eastern Illinois Railroad Company, except in cases where the said Chicago & Eastern Illinois Railroad Company shall give the Commission notice to the contrary.

———x———

In accordance with the foregoing, will you kindly advise the Interstate Commerce Commission, *sending to this office a copy of same for file and future reference.*

Very truly,

C. E. Fulton,
Secretary."

Letter dated January 27, 1900, addressed to Mr. C. E. Fulton, Secretary C. & O. R. Committee, Chicago, Ill., presumably from Mr. R. M. Fraser, but which is unsigned; as follows:

"Jan. 27, 1900.
B-153.

Mr. C. E. Fulton, Sec'y. C. & O. R. Committee, Chicago, Ill.

Dear Sir:—Will you kindly send me, by return mail, a copy of your Circular Letter, dated Jan. 22nd, subject, Tariffs issued by the C. & O. R. Committee and filed with the Interstate Commerce Commission, file 823. I desire this for my personal information.

Yours truly,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 596."

Complainant offers in evidence letter dated St. Louis, Mo., Feb. 2nd, 1900, addressed to the St. Louis-Cincinnati-Louisville Freight Committee, signed "R. M. Fraser, Chairman."

Which letter is in words and figures as follows, to-wit:

"ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Feb. 2, 1900.
Files B-6-53-80 & 185.

To the Freight Committee:

Gentlemen:—I am in receipt of letter from a member calling attention to C. & O. R. Committee Tariff No. 41, rate on Car Wheels; New, (Iron or Paper) and Axles, 10 cents per 100 lbs., between Chicago, Cincinnati, etc., requesting that vote of this Committee be taken on proposition to make same rates apply between East St. Louis, Cincinnati and Louisville.

In view of the fact that Joint Tariff I. C. C. B-20 is now in the hands of the Printer, and believing that the Individual Roads would favor making rate, I assumed the responsibility of including the rate in Tariff No. 20. I have also changed rate on Oil, Cotton-seed to 12 cents, and included under the heading, *Soap Stock;* Grease (including Garbage Grease); Cotton-seed Foots and Settlings 10 cents, in line with C. & O. R. Committee Supplement No. 1 to Tariff No. 41.

I have also revised our Packing-house list, making it to include same articles as C. & O. R. Committee Supplement.

I trust that my action in making these changes, additions, etc., will meet with your approval.

Respectfully,

R. M. Fraser, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 597."

Complainant offers in evidence letter dated Feb. 26th, 1900, addressed to J. F. Tucker, Chairman C. F. A.—being an unsigned carbon copy; also letter dated Chicago, Feb. 24, 1900, addressed to Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, and signed "J. F. Tucker, Chairman."

Which letters are in words and figures as folows, to-wit:

Chicago, February 24, 1904.

Mr. R. M. Fraser,
Chairman St. Louis East-bound Freight Committee,
St. Louis, Mo.,

Dear Sir:—Please advise present rate on staves and heading, in carloads, from East St. Louis, Ill., to Cincinnati, Ohio, and if it is contemplated to make any change thereon in the near future.

Yours very truly,

J. F. Tucker, Chairman."

"Feb. 26, 1900.
B-52.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 24th. By reference to this Committee's tariff No. B-20, effective Feb. 15th, you will see that the rate on Lumber, etc. (including Staves and Heading) is 9 cents per 100 lbs., East St. Louis to Cincinnati, and I am not aware of any change being contemplated

If this answer is not satisfactory, or you desire any further information on the subject please write me so that I may receive letter care of Grand Hotel, Cincinnati, 28th inst., A. M. in time for our regular monthly meeting.

Respectfully,

Chairman."

The above letter has the following notation in ink at the bottom: "No answer recd. at Cinti. 28th therefore presume my reply satisfactory.

File. 3-1-1900."

Above exhibit is marked "Complainant's Exhibit Fraser No. 598."

Complainant offers in evidence letter dated Chicago, Jan. 31, 1900, addressed to Mr. R. M. Fraser, Chairman St. Louis E. B. Frt. Committee, and signed "J. F. Tucker, Chairman;" carbon copy of letter dated Feb. 5th, 1900, addressed to Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill., unsigned, but presumably from Mr. R. M. Fraser; also unsigned copy of letter addressed to Mr. J. F. Tucker, Chairman C. F. A., dated March 3rd.

Which letters are in words and figures as following, to-wit:

Jan. 31, 1900.

Please refer to File E-698.

Mr. R. M. Fraser,

Chairman St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir:—At present we find there is in effect from Cincinnati and Louisville to East St. Louis rate of 17 cents on whiskey in wood.

Because of this fact application was filed by the Terre Haute Committee for a similar rate from that point. The information is that the rate from Cincinnati and Louisville to East St. Louis should if possible be advanced so as to render unnnecessary any reducton from Terre Haute.

Will you kindly submit to the Cincinnati-Louisville-St. Louis Committee the question of cancelling said rate. We would like to have this point settled at the earliest moment

possible, so as to be enabled to dispose of the Terre Haute application without delay.

Yours very truly,

J. F. Tucker, Chairman."

"Feb. 5, 1900.
B-116.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours Jan. 31st, file E-698. The rate on Whiskey, between East St. Louis, Cincinnati and Louisville was under consideration at the January, February, March, April, May, November and December, 1899, meetings as you will see by reference to proceedings of this Committee. I have no reason to believe that there will be any change made in the near future. I will, howver, put your letter on the docket for consideration at the next meting, which will, no doubt, be held in Cincinnati, February 28th.

Respectfully,

Chairman."

"March 3, 1900.
B-116.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours Jan 31st, file E-698, was considered at meeting Feb. 28th, and the following resolution adopted:

Resolved: That it is impracticable to make any change at this time, in the rate on Whiskey, Louisville and Cincinnati to East St. Louis, and that Charman Tucker be advised accordingtly.

Respectfuly,

Chairman."

Above exhibit, consisting of three pages, is marked "Complainant's Exhibit Fraser No. 599."

Complainant offers in evidence letter dated Chicago, March 1st, 1900, addressed to Mr. R. M. Fraser, Chairman St. L. C. & L. Frt. Committee, and signed by C. E. Fulton, Secretary.

Which letter is in words and figures as follows, towit:

"Chicago, March 1st, 1900.

Class and commodity rates betweeen East St. Louis and Ohio River crossings vs. Chicago & Ohio River crossings.
Mr. R. M. Fraser, Chairman St. L. C. & L. Frt. Com., St. Louis.

Dear Sir:—I have your two favors 27th ultimo, file B-205, with attached thereto printer's proof of tariff which should have become effective March 12th. Our reason for leaving grease and tallow in the commodity list taking packing-house product rates is to provide for rate between Chicago and Indianapolis and Indianapolis and Ohio River crossings. As to rate of 8 cts. north-bound on flour spar: While the minimum was advanced to 40,000 lbs., it was very emphatically stated that the rate could not be advanced to 93.33 per cent of 6th class basis.

In looking over your proof, I notice a few omissions: Flax, in bales, O. R. fire and water, C. L., should provide for a minimum of 20,000 lbs. Glucose and Grape Sugar should read, C. L. 30,000 lbs. minimum. Kaolin, C. L., should read in bulk with minimum of 40,000 lbs. Our rate on peaches C. L. between Chicago and the River is 34 cents, while you provide for 40 cents, and the action of the conference resulted in a decision that no change could be made in the rate between Chicago and the Ohio River; I presume therefore you will want to reduce your figures to the same between East St. Louis and Ohio River points. Rope, in coils or packages, O. R. C., C. L., should read minimum 30,000 lbs. Presume you will eliminate cotton-seed cake,

hulls and meal from list of articles taking grain product rates and restore same to classification basis.

Very truly,

C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit Fraser No. 600."

Complainant offers in evidence letter dated Chicago, February 23rd, 1900, addressed to Mr. R. M. Fraser, Chairman, St. L.-C.-&-L. Frt. Committee, and signed by C. E. Fulton, Secretary, in relation to Joint Conference at Indianapolis.

Above exhibit is in words and figures as follows, to-wit:

Chicago, Feb. 23rd, 1900.

Mr. R. M. Fraser, Chairman St. L. C. & L. Frt. Com., St. Louis.

Dear Sir:—I enclose you herewith proof of Chicago & Ohio River Committee proceedings, as also of the Joint Conference held at Indianapolis 21st inst. that is in the shape they have gone to the printers. Won't you kindly go over same promptly and advise me by wire if your memorandum of the various changes differs any from my record.

Would call your attention to page 11, Subject 376. I have notified Genl. Frt. Agent Campbell of the action taken as to the 10 cent rate on manufactured iron New Albany to Chicago, petitioning him, with the B. & O. S. W., to cancel their rates to East St. Louis. Can you not join forces with me and take the matter up with him in such a way that for the purpose of maintaining rates in other directions he will be willing to withdraw this rate?

In accordance with resolution on page 15 we are today reissuing our tariffs, expecting to send them to the printers

tomorrow morning, with the understanding that they will be out effective March 12th.

Very truly,

C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit Fraser No. 601.

Complainant offers in evidence letter dated Union Station, St. Louis, Mo., March 9, 1900, to the St. Louis-Cincinnati-Louisville Freight Committee, signed R. M. Fraser, Chairman, being a circular letter.

Which letter is in words and figures as follows, to-wt:

"St. Louis-Cincinnati-Louisville Freight Committee.

Office of the Chairman, 404-406 Union Station.
St. Louis, Mo., March 9, 1900.
File: B-9 B-1903.

To the Freight Committee:

Gentlemen:—This is to advise that Individual Tariffs have been issued as follows:

Louisville, Henderson & St. Louis Railway.

Tariff No. A-272, I. C. C. No. 79, issued Feb. 16th, effective Feb. 21st, 1900, rate $22.00 per car (including $1.00 per car switching, Madison to East St. Louis, and $1.00 per car at Louisville) on Empty Barrels, carloads, East St. Louis to Louisville, Ky.

Louisville, Henderson & St. Louis Railway.

Tariff A-274, I. C. C. No. 81, issued Feb. 22nd, effective Feb. 27th, 1900, rate 7 cts. per 100 lbs., on Tobacco Stems, in Bales, carloads, minimum 30,000 lbs., East St. Louis to Louisville, Ky.

In view of the above, please let me have your vote, as

to whether I shall amend Joint Freight Tariff I. C. C. No. B-21, naming rate of $22.00 per car on Empty Barrels, C. L., also rates of 7 cts. per 100 lbs. on Tobacco Stems, in bales, C. L. minimum 30,000 lbs, from *East St. Louis to Louisville, only,* or do you desire Tariff amended, making rate apply *between East St. Louis, Cincinnati, Louisville, New Albany, Jeffersonville, etc.*

Please be specific in your reply. If the vote on either or both of the foregoing propositions, stands two-thirds in the affirmative, I will issue amendment to the Tariff, effective on legal notice.

Your prompt reply is requested.

Respectfully,

R. M. Fraser, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 602."

Complainant offers in evidence circular letter dated Chicago, March 20, 1900, addressed to the General Freight Agents, and signed by J. F. Tucker, Chairman.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor, Monadnock Block.

Chicago, March 20, 1900.

I. C. C., Advice No. 100.

To the General Freight Agents,

Gentlemen: According to advices received from Washington, D. C., the following tariffs have been filed with the Interstate Commerce Commission:

C. H. & D. Ry., 2908, effective Mar. 13, 1900, new railway cars.

From Dayton, Ohio to	Private Parlor, Dining, Sleeping.	Passenger.	Baggage, Mail, Express.	Box, Caboose, Flat, Gondola, Platform, Tank.
Detroit and Kalamazoo	$15.90	$13.25	$10.60	$ 7.95
Bay City, (via M. C.)	18.00	15.00		9.00

C. H. & D. Ry., J. F. T. 2900, effective Mar. 12, 1900, on new railway cars:

From Dayton, Ohio to	Private Parlor, Dining, Sleeping.	Passenger.	Baggage, Mail, Express.	Box, Caboose, Flat, Gondola, Platform, Tank.
Chicago, Ill.	$15.90	$13.25	$10.60	$ 7.95
E. St. L., Ill.	22.38	18.65	14.92	10.41
Peoria, Ill....	19.26	16.02	12.84	9.63

From Jeffersonville to East St. Louis, Ill.	Private Parlor, Dining, Sleeping.	Passenger.	Baggage, Mail, Express.	Box and 8-Wheel Caboose.	Flat, Gondola, Platform, 4-Wheel Caboose.
Indianapolis, Ind. ...	7.98	6.65		5.32	3.99
E. St. L. Ill. (267 miles)	$32.04	$26.70	$21.36	$16.02	$10.68

Switching charges as follows, to be deducted before prorating:

On passenger cars, $1.00 per car.
On freight cars, .50 per car.

Messengers in charge of passenger equipment will be carried free.

C. B. & Q. R. R., G. F. O. 3698, effective Mar. 15, 1900, stoneware, 24,000 lbs., Macomb, Ill., to Martinsville, Ind. (Big Four), 15 cents per 100 lbs.

Can. Pac. Ry. E. D. 485, effective Mar. 16, 1900, wood pulp, 30,000 lbs., Sault Ste. Marie to Ithaca, 25 cts. per 100 lbs. (N. Y. C. and D. L. & W.)

L. H. & St. L. Ry. A-283, effective Mar. 18, 1900, fire brick and fire clay, 40,000 lbs., East St. Louis to Louisville, 6 cents per 100 lbs.

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 603."

Complainant offers in evidence Circular Letter, addressed to the members of the St. Louis-Cincinnati-Louisville Freight Committee, dated St. Louis, March 5th, 1900, and signed R. M. Fraser, Chairman.

Which letter is in words and figures as follows, to-wit:

"St. Louis-Cincinnati-Louisville Freight Committee.

Office of the Chairman, 404-406 Union Station.
St. Louis, Mo., March 5, 1900.
File 36.

To the Freight Committee:

Gentlemen:—I give below copy of letter dated 3rd inst.:

'Dear Sir:—Referring to proceedings of Committee meeting at Grand Hotel, Feb. 28th, in which is given a list of

additions, changes, etc., agreed upon at Conference Meeting, held at Indianapolis on the 21st ult., and which covers minimum carload weight on Pig Lead and Spelter of 40,000 lbs. effective March 15th.

It is called to our attention by the St. Louis shippers, that it is impracticable for them to at all times make shipments of this minimum, from the fact that the commercial carload of Pig Lead and Spelter is from 30,000 to 33,000, and it is claimed that if the 40,000 lbs., minimum is carried, it wil work a serious hardship to Pig Lead and Spelter dealers, and they ask therefore that the minimum be maintained on basis of the Official Classification.

Feeling that their contention in this regard is based upon sound reasoning, I would request that you submit the matter by letter to vote of members of the Committee, and if favorable action, looking towards a restoration to classification basis is secured, that change be made effective on legal notice.'

Please let me have your views on the proposition.

If two-thirds of the roads, members of this Committee. vote in the affirmative, I. C. C. No. B-21, effective March 15th, will be amended, making Pig Lead and Spelter, minimum weight, as per Official Class'n.

Prompt reply requested.

Respectfully,

R. M. Fraser, Chairman."

This letter contains the following notation: "Mr. R. M. F. We are in favor of holding minimum weight of Pig Lead and Spelter to basis of 30,000 lbs. per car as authorized by Official Classification. W. J. Scott, D. F. A. S. 3-6-00."

Above exhibit is marked "Complainant's Exhibit Fraser No. 604."

Complainant offers in evidence circular letter addressed to members of the St. Louis-Cincinnati-Louisville Freight Committee, dated March 30th, 1900, signed R. M. Fraser, Chairman.

Which letter is in words and figures as follows, to-wit:

"ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., March 30, 1900.
File B-88.

To the Freight Committee:

Gentlemen:—This is to advise that Individual Tariff has been issued as follows:

Louisville, Henderson & St. Louis Railway.

Tariff No. A-286, effective March 29th, 1900, rate of 6 cts. per 100 lbs., on Spent Tan Bark, C. L., 30,000 lbs. minimum, from Louisville, Ky., to East St. Louis, Ill.

In view of the above, please let me have your vote, as to whether I shall amend Joint Freight Tariff, naming rate in accord with the above, from and to the same point, or do you desire Tariff amended, making the rate apply *between East St. Louis, Cincinnati, Louisville, New Albany, Jeffersonville, etc.?*

Please be specific in your reply.

If the vote stands two-thirds in the affirmative, I will issue Amendment to the Tariff, effective on legal notice.

Your prompt reply is requested.

Respectfully,

R. M. Fraser, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 605."

Complainant offers in evidence letter addressed to members of the St. Louis-Cincinnatti-Louisville Freight Committee, dated St. Louis, Mo., July 5th, 1900, signed R. M. Fraser, Chairman; also letter addressed to members of the Freight Committee dated St. Louis, July 13th, 1900, and signed R. M. Fraser, Chairman; and letter addressed to members of the Freight Committee, dated December 6th, 1900, and signed R. M. Fraser, Chairman.

Which letters are in words and figures as follows to-wit:

"ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., July 5, 1900.
File B-53.

To the Freight Committee:

Gentlemen:—Referring to proceedings of June 27th, page 4, "*Rates on Packing-house Products.*"

As instructed, the subject was taken up with Chairman Tucker and Secretary Fulton. Replies were received to the effect that they were not aware of any irregularities in the rates on this traffic, but stated, that if the Western Roads had not been adhering to tariff rates, they would undoubtedly do so, commencing with July 1st.

This information was communicated to G. F. A. Campbell, June 29th, who states that he would await developments and notify me before taking any action.

In accordance with the above, I am today in receipt of communication from G. F. A. Campbell, as follows:

'Referring to question brought up at last meeting of the St. Louis-Cincinnati-Louisville Freight Committee, relative to rate on Packing-house Products from Mississippi River to Louisville, at which meeting I stated that conces-

sions were being offered by lines through Upper Mississippi River Gateways, and that if conditions did not improve by July 1st, I would take independent action and make 10 cent rate from East St. Louis to Louisville.

Beg to advise you, that I learn there has been no improvement in the situation through Upper Mississippi River Crossings, there being a concession of 2 cents per 100 lbs. made, at the present time, from Upper Mississippi River, therefore, effective on Legal Notice, we will make the 10 cent rate applicable from East St. Louis to Louisville and Cincinnati.

Please give all lines notice accordingly.

It was understood at the meeting of the Committee that before taking this action I should give such notice.'

Since receipt of the foregoing letter I am further advised by the L. E. & St. L. C. R. R. that they have today issued Supplement No. — to Tariff I. C. C. No. 656, naming rate of 10 cts. per 100 lbs. on Packing-house Products and Provisions, C. L., minimum 28,000 lbs., and on Fertilizer C. L., minimum weight as per Official Class'n *between* East St. Louis, Cincinnati, Louisville, etc.

Will you kindly advise whether you desire an amendment issued to Joint Freight Tariff I. C. C. No. B-22, establishing rate of 10 cents per 100 lbs. on Packing-house Products and Provisions, C. L., minimum 28,000 lbs., and on Fertilizer C. L. minimum weight as per Official Class'n., *between* East St. Louis, Cincinnati, Louisville, etc.

If two-thirds of the members vote in the affirmative, an Amendment will be issued, effective on Legal Notice.

Prompt reply requested.

Respectfully,

R. M. Fraser, Chairman."

"St. Louis-Cincinnati-Louisville Freight Committee.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., July 13, 1900.

File B-53.

To the Freight Committee:

Gentlemen:—Referring to Circular Letter July 5th, regarding publishing rate of 10 cts. per 100 lbs., on Packing-house Products and Fertilizer, in this Committee's Joint Freight Tariff No. B-22, between East St. Louis, Cincinnati, Louisville, etc.

This is to advise, that as two-thirds of the members did not vote in the affirmative, the proposition is declared lost and Amendment to this Committee's Tariff *will not be* issued.

This for your information.

Yours truly,

R. M. Fraser, Chairman."

"St. Louis-Cincinnati-Louisville Freight Committee.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Dec. 6, 1900.

File B-131.

To the Freight Committee:

Gentlemen:—At meeting 29th ult. it was

'Resolved, that all roads members of this Committee, having in effect tariffs naming unauthorized rates on various Commodities, between points under the jurisdiction of this Committee, withdraw same effective Jan. 1st, 1901.'

It was suggested that as members have individually advised that all unauthorized tariffs will be cancelled effective Jan. 1st, 1901, the Chairman send to each member a list of said tariffs, of which he has a record, it being understood that *all unauthorized Tariffs* are to be cancelled, although they may not be mentioned in the following list:

Brick, Fire and Clay.

L. E. & St. L. C. Supplement 06 to I. C. C. 656, effective September 26th, 1900.

Brick, Fire.

L. H. & St. L. Tariff A-279, I. C. C. 85, March 14, 1900.

Iron, Bar, Beams, Plate and Steel Plates.

B. & O. S. W. Special Tariff, B-176, I. C. C. 2615, Aug. 30, 1900.

L. E. & St. L. C. Supplement 06 to I. C. C. 656, Sept. 26, 1900.

L. H. & St. L. Tariff A-280, I. C. C. 86, March 14, 1900.

L. H. & St. L. Tariff A-281, I. C. C. 87, March 15, 1900.

Iron and Steel Manufactured Articles.

B. & O. S. W. Special Tariff, B-176, I. C. C. 2615, Aug. 30, 1900.

L. E. & St. L. C. Supplement 06 to I. C. C. 656, Sept. 26, 1900.

L. H. & St. L. Tariff A-315, I. C. C. 120, July 21, 1900.

Packing-house Products, Provisions and Fertilizer.

B. & O. S. W. Special Tariff, B-160, I. C. C. 2589, July 10, 1900.

C. C. C. & St. L. Joint Frt. Tariff, X-2428, I. C. C. 1467, Aug. 4, 1900.

L. E. & St. L. C. Supplement 06 to I. C. C. 656 Sept. 26, 1900.

L. H. & St. L. Tariff A-315, I. C. C. 120 July 21, 1900.

T. H. & I. Supplement 9 to Joint Frt. Tariff 1735, Aug. 31, 1900.

T. St. L. & K. C. Amendment 7 to I. C. C. 813, July 12, 1900.

Tobacco, Manufactured.

L. E. & St. L. C. Supplement 06 to I. C. C. 656, Sept. 26, 1900.

Tobacco, Plug.

B. & O. S. W. Special Tariff, B-177, I. C. C. 2618, Sept. 5, 1900.

L. H. & St. L. Tariff, A-320, I. C. C. 124, Aug. 9, 1900.

Wire, Barbed.

L. H. & St. L. Tariff, A-325, I. C. C. 129, Oct. 20, 1900.

Please do not fail to take action in line with the above resolution, etc., and send me a copy of your cancellation notice.

Respectfully,

R. M. Fraser, Chairman."

Above exhibit, consisting of three letters, is marked "Complainant's Exhibit Fraser No. 606."

Complainant offers in evidence letter dated St. Louis, Mo., Aug. 13th, 1900, addressed to members of the St. Louis-Cincinnati-Louisville Freight Committee, and signed "R. M. Fraser, Chairman."

Which letter is in words and figures as follows, to-wit:

"ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Aug. 13, 1900.
File B-196.

To the Freight Committee,

Gentlemen:—Referring to Circular Letteer 2nd inst., regarding Exhibits for the American Hereford Cattle Breeders' and National Shorthorn Breeders' Associations, to be held in Kansas City, Mo., Oct. 16th to 26th inclusive, also Annual Horse Show, to be held in that city, Oct. 22nd to 27th inclusive.

The vote on the proposition resulted as follows:

That on all exhibits forwarded from Cincinnati, Louis-

ville, New Albany, Jeffersonville, etc., via East St. Louis, to the joint exhibition of the American Hereford Cattle Breeders' Ass'n. and National Shorthorn Breeders' Ass'n., to be held at Kansas City, from October 16th to 26th, 1900, inclusive, full tariff rates will be charged to East St. Louis, and such exhibits (excepting horses and mules), if unsold and reshipped from Kansas City within thirty (30) days after the close of the said Exhibition, may be returned free, at owner's risk, to the original forwarded at the original point of shipment by the Railway Companies, members of the St. Louis-Cincinnati-Louisville Freight Committee, which carried the same, upon presentation of the original bill of lading, or contract, or paid freight bill, together with a certificate, signed by the proper officers of the Exhibition mentioned, to the effect that the shipments are unsold exhibits which have paid full tariff rates one way, such certificates to be attached to the manifest of each shipment.

Full tariff rates will be charged in both directions on Horses and Mules, for exhibition at Annual Horse Show, Oct. 22nd to 27th inclusive.

Yours truly,

R. M. Fraser, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 607."

Complainant offers in evidence letter dated Chicago, June 21st, 1900, addressed to R. M. Fraser, Chairman St. Louis East-bound Freight Committee, signed by J. F. Tucker, Chairman. Also letter dated Chicago, June 20, 1900, in reference to government rates, addressed to the General Freight Agents, and signed by J. F. Tucker, Chairman. Also unsigned copy of letter dated June 20, 1900, addressed to Mr. J. F. Tucker, Chairman C. F. A., presumably from R. M. Fraser, to which is also attached a circular letter, on

the letter-head of the St. Louis-Cincinnati-Louisville Freight Committee, dated St. Louis, Mo., May 7th, 1900, addressed to members of the freight Committee, which letter in turn contains Special Orders No. 72 of the Army, signed "H. C. Corbin, Adjutant General."

Which letters are in words and figures as follows, to-wit:

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 21, 1900.

Please refer to File F-134.

Mr. R. M. Fraser, Chairman St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir:—In reply to your favor of 20th inst. File B-222, herewith please find copy of Advice Letter F-283 regarding action of the Central Freight Association with relation to the routing of freight by the war department to be settled for on short line distance.

Yours very truly,

J. F. Tucker, Chairman."

Enclosure:

"CENTRAL FREIGHT ASSOCIATION.

8th Floor Monadnock Block.

Chicago, June 20, 1900.

Subject. Disposition of Question: Is the War Department authorized to issue transportation requests and bills of lading between given points via any routes selling tickets and moving freight between such points, at the short line rates; settlement to be made at the lowest net cash rate?

Advice Letter—No. F-283.

To the General Freight Agents:

Gentlemen:—Referring to Advice Letter No. F-134, dated May 8, 1900, containing the following query made by

Mr. J. B. Bellinger, Major and Quartermaster, U. S. V., Recorder of the Board:

Question: Is the War Department authorized to issue transportation requests and bills of lading between given points via any routes selling tickets and moving freight between such points, at the short line rates; settlement to be made at the lowest net cash rates?

(This applies only in cases of competition with 50% land grant roads, and does not involve competition with free land grant and bond-aided roads.)

At meeting of the Central Freight Association on the 14th instant, it was unanimously decided that the following reply made by this office to Quartermaster Bellinger is correct, and in accordance with the wishes of all roads interested:

'The proper representatives of the individual roads members of this Committee request me to advise that so far as transportation over their lines is concerned, bills of lading should be issued only on basis of their established tariffs, at Washington, or individual quotations of representatives of the St. L.-Cin.-Louisville Frt. Com. roads, and that individual bids will only apply via the routes which are named in connection with such quotations.'

Yours very truly,

J. F. Tucker, Chairman."

"June 20, 1900.
B-222.

Mr. J. F. Tucker,
Chairman C. F. A., Chicago, Ill.

Dear Sir:—Referring to your advice letter of May 8th, No. F-134, regarding routing of freight by the War Department, U. S. A., via various routes to be settled for on short line distance.

This subject was considered by the St. Louis-Cincinnati-

Louisville Freight Committee at their meeting held 23rd ult., and laid over pending action of the Central Freight Ass'n. Will you, therefore, kindly give me the decision reached by the C. F. A. at their meeting 13th, not later than Wednesday A. M., 27th, as I have a meeting called for that date. Awaiting your reply, I am,

Yours truly,

Chairman."

"ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., May 7, 1900.
File B-222.

To the Members of the Freight Committee:

Gentlemen:—I am in receipt of the following letter from Major J. B. Bellinger, U. S. V., Washington, D. C., with a copy of order No. 72, which I submit for your information, so that subject may be duly considered and disposed of at the next regular meeting of the Committee.

'Sir:—The Board of Officers convened by Paragraph 13, Special Order No. 72, dated Headquarters of the Army, Washington, March 27, 1900, for the purpose of considering and reporting upon the preparation and payment of transportation vouchers by officers of the Quartermaster's Department, with a view to improving the present system relating to these matters, would be pleased to have you submit the following question to the heads of the Traffic Department of the lines which are members of your association; also to the outside lines operating within the territory of your Association, and advise it promptly by a general circular or letter.

Question: Is the War Department authorized to issue transportation requests and bills of lading between given points via any routes selling tickets and moving freight

between such points, at the short line rates; settlement to be made at the lowest net cash rate?

This applies only in cases of competition with 50% land grant roads, and does not involve competition with free land grant and bond-aided roads.

A copy of the order convening the Board is herewith enclosed, and the information requested is desired with a view of avoiding any delay, arising in the settlement of accounts, due to mistakes being made in the routing by inexperienced officers.'

'Special Orders, No. 72.

Headquarters of the Army, Adjutant General's Office, Washington, March 27, 1900.

Extract.

13. By direction of the Secretary of War, a board of officers, to consist of:

Colonel Amos S. Kimbal, assistant quartermaster general U. S. Army;

Lieutenant Colonel Charles R. Barnett, deputy quartermaster general of the U. S. Army;

Major John S. Bellinger, quartermaster U. S. Volunteers;

Is appointed to meet in this city April 5, 1900, or as soon thereafter as practicable at the call of the president of the board, for the purpose of considering and reporting upon the subjects relating to the transfer and disbursement of public funds, the rendition of accounts therefor, and the preparation and payment of transportation vouchers by officers of the Quartermaster's Department, with a view to improve the present system relating to these matters.

Upon the final adjournment of the board, Colonel Kimball, and Lieutenant Colonel Barnett, will return to their proper stations. The travel enjoined is necessary for the public service.

By command of Major General Miles.
Official Copy, A. G. O.
H. C. Corbin, Adjutant General."

Above exhibit, consisting of four pages, is marked "Complainant's Exhibit Fraser No. 608."

Complainant offers in evidence letter dated St. Louis, Mo., February 10th, 1900, addressed to members of the St. Louis-Cincinnati-Louisville Freight Committee, and signed by R. M. Fraser, Chairman.

Which letter is in words and figures as follows, to-wit:

"ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Feb. 10, 1900.
File B-63.

To the Freight Committee,

Gentlemen:—This is to advise that Individual Tariffs have been issued as follows:

Baltimore & Ohio Southwestern Railroad Company.

Tariff No. B-83, Series 1900, I. C. C. 2466, issued February 3, effective February 8, 1900, rate 10 cts. per 100 lbs. on Bar Iron, C. L. Minimum Weight, Official Class'n., from New Albany, Ind., to East St. Louis, Illinois.

Louisville, Evansville & St. Louis Consolidated Railroad

Supplement No. 01 to Tariff I. C. C. No. 614, issued February 9, effective February 15, 1900, rate 10 cts, per 100 lbs. on Bar or Plate Iron, C. L., Minimum Weight 30,000 lbs., from Louisville, Ky., New Albany and Jeffersonville, Ind., to East St. Louis, Ill.

In view of the above, please let me have your vote, as to whether I shall amend Joint Tariff I. C. C. No. B-20, naming rate of 10 cts. per 100 lbs. on Bar or Plate Iron, C. L., Minimum Weight 30,000 lbs., *from Louisville, Ky., New*

Albany and Jeffersonville, Ind., to East St. Louis, only, or do you desire Tariff amended, making rate apply *between East St. Louis, Cincinnati, Louisville, New Albany, Jeffersonville, etc.*

Please be specific in your reply. If the vote on either of the foregoing propositions, stands two-thirds in the affirmative, I will issue amendment to the Tariff, effective on legal notice.

Your prompt reply is requested.

Respectfully,

R. M. Fraser, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 609."

Complainant offers in evidence letter dated St. Louis, Mo., October 12th, 1900, addressed to members of the St. Louis-Cincinnati-Louisville Freight Commitee, and signed "R. M. Fraser, Chairman." Also letter dated October 5th, 1900, to the same, and also signed by R. M. Fraser, Chairman.

Which letters are in words and figures as follows, to-wit:

"ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Oct. 12, 1900.

File B-49.

To the Freight Committee:

Gentlemen:—Referring to Circular Letter B-49, issued Oct. 5th, 1900, regarding proposition to establish proportional rate of 10 cts. per 100 lbs. on Hay, C. L., 20,000 lbs. minimum, from East St. Louis to Louisville and Cincinnati.

This is to advise, that as a majority of the Committee

voted in the negative, the proposition is declared lost and Amendment will not be issued to the Tariff.

This for your information.

Yours respectfully,

R. M. Fraser, Chairman."

"St. Louis-Cincinnati-Louisville Freight Committee.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Oct. 5, 1900.

File B-49.

To the Freight Committee:

Gentlemen:—I am in receipt of letter 4th from a member as follows:

"Louisville dealers are complaining seriously in regard to our requiring 15 cents per 100 lbs. on hay from East St. Louis to Louisville when coming from, say, the Missouri River. While we have a rate of 12 cents per 100 lbs. with a minimum of 30,000 lbs. per car, this rate cannot be used. Considering the proportions we get on hay from other points, I believe it would be reasonable to apply a proportional *rate of* 10 *cents per* 100 *lbs., minimum weight* 20,000 *lbs. per car,* from East St. Louis to Louisville on hay from the West, and will be glad if you will submit a proposition to this effect to interested members at once."

The 10c proportional rate in effect last year was cancelled by Tariff I. C. C. B-17, Jan. 2nd, and Official Class'n. rating provided until the issue of Amendment No. 1 to I. C. C. B-23, July 5th, 1900, making Proportional Rate of 12c, minimum C. L. 30,000 lbs., now in effect.

The proposition contained in above letter refers to a reduction in rate and weight to Louisville only. In voting advise specifically if you desire that the reduction be made to Louisville only, or whether same shall apply to Cincinnati, Louisville, etc.

If two-thirds of the members vote in the affirmative on

either or both propositions, I will issue Amendment No. 2 to Joint Proportional Tariff No. B-23, effective on legal notice, otherwise no further action will be taken.

Respectfully,

R. M. Fraser, Chairman."

Above exhibit, consisting of two letters, is marked "Complainant's Exhibit Fraser No. 610."

Complainant offers in evidence letter dated St. Louis, Mo., December 8th, 1900, addressed to members of the St. Louis-Cincinnati-Louisville Freight Committee, and the St. Louis East-bound Freight Committe, and signed by R. M. Fraser, Chairman.

Which letter is in words and figures as follows, to-wit:

"ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Dec. 8, 1900.

File B-211-3206-A.

To the St. Louis-Cincinnati-Louisville, and St. Louis East-bound Freight Committees:

Gentlemen:—At special meeting of the St. Louis East-bound Freight Committee yesterday, attention was called to action of the St. Louis-Cincinnati-Louisville Freight Committee (see proceedings Feb. 28th, 1900) as follows:

'Rate on Starch, C. L., between East St. Louis, Cincinnati, Louisville, etc.

At conference meeting Indianapolis, 21st inst., action taken to eliminate from list of article taking grain products rates and insert in Tariff, Starch, C. L., 12 cts. per 100 lbs.'

And it was:

'Resolved, that Circular Letter be issued calling attention to the action of the St. Louis-Cincinnati-Louisville Freight

Committee, with the view of ascertaining whether the roads who publish individual tariffs naming rates to or from or between East St. Louis, Cincinnati, Louisville and other points under the jurisdiction of the St. Louis-Cincinnati-Louisville Freight Committee, in which Starch, C. L., is included in the list or articles taking grain products rates, will amend same effectve Jan. 1st, 1901, eliminating Starch from Grain Products list and make rate on Starch, C. L., 12 cts. per 100 lbs., between East St. Louis, Cincinnati, Louisville, etc.'

Note: St. Louis-Cincinnati-Louisville Freight Committee's Joint Freight Tariff I. C. C. B-22 publishes rate on Starch, C. L., 12 cts. per 100 lbs., and Starch does *not* appear in list of Grain Products. On receipt of replies the result will be communicated by Circular Letter or submitted to the St. Louis East-bound Freight Committee or St. Louis-Cincinnati-Louisville Freight Committee, as circumstances warrant. Please let me have an immediate answer.

Respectfully,

R. M. Fraser, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 611."

Complainant offers in evidence carbon copy of letter, dated Dec. 10, 1900, unsigned, but purporting to be from Mr. R. M. Fraser, marked "Personal," and addressed to Mr. J. F. Tucker, Chairman C. F. A.

Which letter is in words and figures as follows, to-wit:

"Dec. 10, 1900.

B-8 and 3272.

PERSONAL.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 10th, file 7208. I regret that you have asked me for a statement showing the quantity of grain

transported by each road, East St. Louis to Louisville, in October and November, as I do not feel at liberty to give you the information without the authority from the roads interested.

The next meeting of this Committee will be held at Louisville, Ky., 19th inst., and if you so desire I will submit your letter at meeting and advise you the result.

The tonnage for October was 6364.92 tons instead of 6464 tons, as stated by you.

Respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 612."

Complainant offers in evidence letter dated December 10, 1900, addressed to Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo., and signed by J. F. Tucker, Chairman.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, December 10, 1900.

Please refer to File 7208.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to yours of the 3rd, your B-8-3272. In that letter you state that the shipments of grain from East St. Louis to Louisville during the month of October amounted to 6464 tons; for the month of November 5522 tons. Please advise me the roads that took this—i. e., how much each road took.

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 613."

Complainant offers in evidence letter dated Chicago, December 10, addressed to Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, and signed J. F. Tucker, Chairman.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, December 10, 1900.

Please refer to File 7208.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I am in receipt of yours of the 8th, your B-8, with enclosures, copy of Proportional Tariff I. C. C. B-23 and amendment.

The 4c rate seems to apply only via the B. & O. S. W., and on shipments to Louisville, New Albany and Jeffersonville proper and for points beyond. What authorization is there for this proportional rate—what legislation made it effective?

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 614."

Complainant offers in evidence letter dated Chicago, December 10, 1900, addressed to Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, and signed by J. F. Tucker, Chairman.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, December 10, 1900.

Please refer to File 7208.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I have your personal of the 7th, your B-8-3272.

It seems singular to me why the Louisville and Cincinnati gateways, under the conditions as I understand them, that the rate to Louisville and Cincinnati plus the rates from those points to the Virginia cities and the Atlantic seaboard points was less than the authorized through rate via the direct lines, did not succeed in handling more of the traffic.

Now, if as written you Saturday, you could give me the detail by roads of the tonnage to Louisville and Cincinnati, I think it will enable me to arrive at a better understanding of the matter.

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 615."

Complainant offers in evidence letter dated Chicago, December 7, 1900, addressed to Mr. R. M. Fraser, Chairman, etc., and signed by Mr. J. F. Tucker, Chairman.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, December 7, 1900.

Please refer to File 7208.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—Won't you kindly promptly send me copy of

your tariff showing what proportional and local rates there are on grain from East St. Louis to Louisville, and also advise any conditions that surround these rates, i. e., as to where the grain shall originate or where it shall be destined to.

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 616."

Complainant offers in evidence unsigned copy of letter purporting to be from Mr. R. M. Fraser, Chairman, dated Dec. 7, 1900, addressed to Mr. J. F. Tucker, Chairman C. F. A.

Which letter is in words and figures as follows, to-wit:

"Dec. 7, 1900.

B-8 & 3272.

PERSONAL.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 4th, file 7208. As requested I give below our record of the total Grain Tonnage from East St. Louis for October and November, 1900.

"ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

To Louisville, Ky.

October, 6,364.92 tons.
November, 5,522.97 tons.

To Cincinnati, O.

October, 2,111.00 tons.
November, 672.40 tons.

ST. LOUIS EAST-BOUND FREIGHT COMMITTEE.

To Western Termini and Trunk Line Territory.

October, 14,987.63 tons.

November, 18,442.43 tons.

The above figures make the total tonnage for each month as follows:

October, 1900.

To Louisville	6,364.92 tons	
To Cincinnati	2,111.00 tons	
To Western Terminal and Trunk Line territory	14,987.63 tons	23,463.55 tons

November, 1900.

To Louisville	5,522.97 tons	
To Cincinnati	672.40 tons	
To Western Termini and Trunk Line Territory ...	18,442.43 tons	24,637.80 tons

Please consider the above information confidential.

Respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 617."

Complainant offers in evidence copy of letter, dated Deber 12, 1900, which purports to be a copy of letter from R. M. Fraser, Chairman, addressed to Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Which letter is in words and figures as follows, to-wit:

"Dec. 12, 1900.

B-131 and B-53.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—At a meeting of this Committee held 28th ult. subject of unauthorized rates was considered and the following motion taken:

'Resolved, that all roads, members of this Committee, having in effect tariffs naming unauthorized rates on var-

ious commodities between points under the jurisdiction of this Committee, withdraw same effective Jan. 1st, 1901.'

I am today in receipt of letter from one of the members in which he says:

'In connection with this matter it occurs to us that inasmuch as some of the special rates referred to above, particularly on Packing-house Products, Provisions and Fertilizer, have beeen made effective from some of the Upper Mississippi River crossings, by lines, such as the C. B. & Q., C. & A., Santa Fe, C. M. & St. P., C. G. & W., and C. & N. W., steps should be taken to see that rates from the upper crossings are also restored to proper basis from Jan. 1st, 1901.'

Will you kindly take this matter up with lines interested with the view to having the rate of 10 cents per 100 lbs., on Packing-house Products, Provisions, and Fertilizer, cancelled, effective Jan. 1st, and thereafter apply the rate of 12 cts. to Cincinnati, Louisville, etc., also, effective Jan. 1st, 1901, restore the authorized tariff rates on other traffic, in line with the action taken by this Committee.

I will be very much obliged for a reply not later than Monday night's (17th inst.) mail, with such information as you can give on this subject.

Respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 618."

Complainant offers in evidence Circular Letter to members of the St. Louis-Cincinnati-Louisville Freight Committee, dated December 6, 1900, and signed by R. M. Fraser, Chairman.

Which letter is in words and figures as follows, to-wit:

"ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Dec. 6, 1900.
File B-131.

To the Freight Committee:

Gentlemen:—At meeting 28th ult. it was:

"Resolved, that all roads members of this Committee, having in effect tariffs naming unauthorized rates on various commodities, between points under the jurisdiction of this Committee, withdraw same effectve Jan. 1st, 1901.'

It was suggested that as members have individually advised that all unauthorized tariffs will be cancelled effective Jan. 1st, 1901, the Chairman send to each member a list of said tariffs, of which he has a record, it being understood that *all unauthorized Tariffs* are to be cancelled, although they may not be mentioned in the following list:

Brick, Fire and Clay.

L. E. & St. L. C. Supplement 06 to I. C. C. 656, effective September 26th, 1900.

Brick, Fire.

L. H. & St. L. Tariff A-279, I. C. C. 85, March 14, 1900.

Iron, Bar, Beams, Plate and Steel Plates.

File B-53.

To the Freight Committee,

Gentlemen: Referring to Circular Letter July 5th, regarding published rate of 10 cts. per 100 lbs. on Packing-house Products and Fertilizer, in this Committee's Joint Freight Tariff No. B-22, between East St. Louis, Cincinnati, Louisville, etc.

This is to advise that, as two-thirds of the members did not vote in the affirmative, the proposition is declared lost and Amendment to this Committee's Tariff *will not* be issued. This for your information.

Yours truly,
R. M. Fraser, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 620."

Complainant offers in evidence letter dated St. Louis, July 5th, 1900, addressed to members of the St. Louis-Cincinnati-Louisville Freight Committee, and signed by R. M. Fraser, Chairman.

Which letter is in words and figures as follows, to-wit:

"ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman.
404-406 Union Station.

St. Louis, Mo., July 5, 1900.
File B-57.

To the Freight Committee,

Gentlemen: Referring to proceedings of June 27th, page 4, '*Rates on Packing-house Products.*'

As instructed the subject was taken up with Chairman Tucker and Secretary Fulton. Replies were received to the effect that they were not aware of any irregularities in the rates on this traffic, but stated, that if the Western Roads had not been adhering to the tariff rates, they would undoubtedly do so, commencing with July 1st.

This information was communicated to G. F. A. Campbell, June 29th, who stated that he would await developments and notify me before taking any action.

In acordance with the above, I am to-day in receipt of communication from G. F. A. Campbell, as follows:

'Referring to question brought up at last meeting of the St. Louis-Cincinnati-Louisville Freight Committee, relative to rate on Packing-house Products from Mississippi River to Louisville, at which meeting I stated, that concessions were being offered by lines through Upper Mississippi River Gateways, and that if conditions did not improve by July 1st, I would take independent action and make 10 cent rate from East St. Louis to Louisville.

Beg to advise you, that I learn there has been no improvement in the situation through upper Mississippi River crossings, there being a concession 2 cents per 100 lbs. made, at the present time, from Upper Mississippi River, therefore, effective on Legal Notice, we will make the 10 cent rate applicable from East St. Louis to Louisville and Cincinnati.

Please give all lines notice acordingly.

It was understood at the meeting of the Committee that before taking this action I should give such notice.'

Since receipt of the foregoing letter I am further advised by the L. E. & St. L. C. R. R. that they have to-day issued Supplement No. 5 to Tariff I. C. C. No. 656, naming rate of 10 cents per 100 lbs. on Packing-house Products and Provisions C. L., minimum 28,000 lbs., and on Fertilizer

C. L., minimum weight as per Official Class'n. *between* East St. Louis, Cincinnati, Louisville, etc.

Will you therefore kindly advise whether you desire an Amendment issued to Joint Freight Tariff I. C. C. No. B-22, establishing rate of 10 cents per 100 lbs. on Packing-house Products and Provisions, C. L. minimum 28,000 lbs., and on Fertilizer C. L., minimum weight as per Official Class'n., *between* East St. Louis, Cincinnati, Louisville, etc.

If two-thirds of the members vote in the affirmative, an Amendment will be issued, effective on Legal Notice.

Prompt reply requested.

Respectfully,
R. M. Fraser, Chairman."

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman,
8th Floor Monadnock Block.

Chicago, July 7th, 1900.
Please refer to File 6932.

Mr. R. M. Fraser, Chairman,
St. Louis-Cincinnati-Louisville Freight Committee,
St. Louis, Mo.

Dear Sir: I am in receipt of yours of the 6th, your B-53. You stated that the Chicago & Alton were doing a certain thing; they deny it—there you are. Now, if it was generally understood, it seems to me there ought to be some reasonable information furnished to base the complaint upon. However, as you say, the western roads are getting into line, so the papers state, and if there has been anything of that sort (which I cannot confirm), it will cease.

Yours very truly,
J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 623."

Complainant offers in evidence letter dated Chicago, July 5, 1900, addressed to Mr. R. M. Fraser, Chairman St. L. C. L. Freight Committee, and signed by J. F. Tucker, Chairman.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Chicago, July 5, 1900.
Please refer to File 6932.

Mr. R. M. Fraser, Chairman,
St. Louis-Cincinnati-Louisville Freight Committee,
St. Louis, Mo.

Dear Sir: I have yours of the 3rd, B-53, in relation to the traffic via Chicago and Chicago Junctions. The trouble is you furnish no ground for the complaint. You state:

'The Chicago & Alton, for instance, who have rail connections with the B. & O. S. W. at Ashland, have been refunding to shippers their revenue received East of the Mississippi, thus reducing the through rate.'

I do not like to state this to the Alton without being able to furnish some proof. Will you kindly give me what information you have that would enable me to follow this matter up?

Chicago, July 2, 1900.
Please refer to File 6932.

Packing-house Products, East St. Louis to Cincinnati, Louisville, Etc.

Mr. R. M. Fraser, Chairman,
St. Louis Eastbound Traffic Association,
St. Louis, Mo.

Dear Sir: I have yours of the 29th ultimo, your B-53. It seems you have had this matter up with Secretary Fulton of the Chicago & Ohio River Committee. We cannot ascertain that authorized rates are not adhered to via the Upper Mississippi River crossings. If you have any information, let us have it, so that we can investigate, and also let us have any information you have to carry out your statement 'that practically all this traffic has been diverted from this Committee's lines from East St. Louis and from the West.' If any lower rates are made from the Upper Mississippi River crossings than from East St. Louis, we do not know it, and cannot find out that it is so.

We have no information in relation to the restoration of rates by the western lines, nor as to what rates the restoration you speak of includes. Give us what facts you have so as to start us right. Do not think because business is light, therefore it necessarily follows that rates have gone to pieces.

Yours very truly,
J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 625."

Complainant offers in evidence letter dated Chicago, June 28th, 1900, addressed to Mr. R. M. Fraser, Chairman St. L. C. L., Frt. Committee, and signed by C. E. Fulton, Sec'y.

Which letter is in words and figures as follows, to-wit:

"Chicago, June 28th, 1900.

Packing-House Product Rates.

Mr. R. M. Fraser, Chairman St. L. C. L. Frt. Committee,
St. Louis.

Dear Sir: Answering yours 27th, file B-53. There is no intimation, neither have I any knowledge or record that the tariff rates on packing-house products from and through Chicago to Ohio River crossings are not being maintained.

As you state, the rates from Trans-Mississippi or Western points have for some time been at variance with the tariff, but no doubt you are aware there is very little movement if this traffic through Chicago and Chicago rate points destined to Ohio River crossings and on such business as does go we exact our 75% of a 12-cent rate from the Mississippi River, or 9 cents south of Chicago and Chicago junctions.

Your understanding as to the western lines restoring the rates July 1st is in accordance with my inofrmation, and that coupled with the fact that tariff rates are being maintained from and through Chicago in connection with Association lines should be an inducement for the East St. Louis lines to maintain tariff rates on shipments destined to Cincinnati and Louisville.

Very truly,
C. E. Fulton, Secretary."

A pencil notation on above letter reads as follows: "Showed correspondence to G. F. A. Campbell, who said that he would wait to see what the conditions were after the 1st before taking any action. 6/29. R. M. F."

To the Freight Committee:

Gentlemen:—Referring to the subject of Rates on Cotton-Seed Oil-Cake and Meal to Cincinnati and Louisville, published in Southwestern Freight Committee's Division Sheet No. 14, Sept. 10th, 1900. See proceedings of Meetings October 24th, November 28th and December 9th, 1900, also January 23rd and Feb. 27th, 1901.

Since meeting Feb. 27th, I received letter as follows:

SOUTHWESTERN FREIGHT COMMITTEE.

St. Louis, Mo., Feb. 26th, 1901.

File D-830.

Mr. R. M. Fraser, Chairman, St. L. C. L. Fr. T. Committee, Union Station, St. Louis, Mo.:

Dear Sir:—Answering your file B-6 and B-70 of Feb-

ruary 25th. At meeting of Special Committee referred to in my letter of 19th, the Missouri, Kansas & Texas, Missouri Pacific, St. Louis Southwestern and St. Louis & San Francisco adopted resolution allowing lines east of East St. Louis 12 cts. per 100 lbs. on Cotton-seed Oil, carloads, and 10 cts. on Cotton-seed Meal and Cake, carloads, to Cincinnati, Ivorydale and Louisville, except that the Misouri, Kansas & Texas decline to participate in such basis on Louisville traffic, making through rate on combination of locals via their line.

Yours truly,

(Signed) G. W. Cale, Chairman.

I was informed to-day by Chief Clerk, Southwestern Freight Committee, that Supplement would be issued at once in line with above and will therefore dispose of this controversy in a satisfactory manner.

Respectfully,

R. M. Fraser, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 629."

Complainant offers in evidence latter dated December 1, 1900, addressed to The Freight Committee and signed R. M. Fraser, Chairman.

Which letter is in words and figures as follows, to-wit:

ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., December 1, 1900.

Files B-6 & B-70

To the Freight Committee:

Gentlemen.—At meeting 28th ult., subject of Rates on Cotton-Seed Oil, Cake and Meal (Texas Points) from East

St. Louis to Cincinnati and Louisville as published in Southwestern Freight Committee's Division Sheet No. 14, was considered and the following resolution adopted:

"Resolved, That the subject be laid over until next meeting, in the meantime the Chairman to write G. F. A., C. & E. I. R. R., also each member of this Committee for information as to whether the rates named in the division sheet referred to had been authorized and are in effect via their line."

The present authorized rate between East St. Louis, Cincinnati, Louisville, etc., on Cotton-Seed Oil, in carloads, is 12 cts. per 100 lbs. and has been in effect since Feb. 15th, Joint Freight Tariff, I. C. C. B-20 and subsequent issues.

The present authorized rate from East St. Louis to Cincinnati, Louisville, etc., on Cotton-Seed Meal and Cake, in carloads, is 10c per 100 lbs. and has been in effect since May 15th, as per Proportional Tariff, I. C. C. B-19, Amendment 3 and subsequent issues.

Southwestern Freight Committee's Division Sheet No. 14, effective Sept. 10th, 1900, page 26, names rate of 10 cts. on Cotton-Seed Oil and 8 cts. per 100 lbs. on Cotton-Seed Meal and Cake, C. L.

Have you authorized or have you in effect the above-named rates in Southwestern Freight Committee's Division Sheet No. 14; if so, will you withdraw your authority and cancel the rates effective Jan. 1st, 1901, on receipt of notice to the effect that all members favor this proposition?

Prompt reply requested.

Yours truly,

R. M. Fraser, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 630."

Complainant offers in evidence letter dated Feb. 2, 1900, addressed to The Freight Committee and signed R. M. Fraser, Chairman.

Which letter is in words and figures as follows, to-wit:

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Feb. 2, 1900.
Files B-6-53-80 & 165.

To the Freight Committee:

Gentlemen:—I am in receipt of letter from a member calling attention to C. & O. R. Committee Tariff No. 41, rate on Car Wheels; New, (Iron or Paper) and Axles, 10 cts. per 100 lbs., between Chicago, Cincinnati, etc., requesting that vote of this Committee be taken on proposition to make same rates apply between East St. Louis, Cincinnati and Louisville.

In view of the fact that, Joint Tariff I. C. C. B-20 is now in the hands of the printer and believing that the Individual Roads would favor making rate, I assumed the responsibility of including the rate in Tariff No. 20. I have also changed rate on Oil, Cotton-Seed, to 12 cts. and included under the heading, *Soap Stock;* Grease (including Garbage Grease); Cotton-Seed Foots and Settlings, 10 cts, in line with C. & O. R. Committee Supplement No. 1 to Tariff No. 41.

I have also revised our Packing House list, making it to include same articles as C. & O. R. Committee Supplement.

I trust that my action in making these changes, additions, etc., will meet with your apporval.

Respectfully,

R. M. Fraser, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 631."

St. Louis, Mo., May 4, 1901.
File B-316.

To the Freight Committee:

Gentlemen:—Below please find copy of correspondence between G. F. A. Jeffries and myself regarding discrepancies in the tariff rates, Evansville to Cincinnati. As I do not appear to be making much headway and being unable to give particulars as to "how the discrepancies affect the other roads" I leave it for you to make such explanation as you deem proper, so that the subject may be considered by the Evansville Committee, as suggested by Mr. Jeffries.

"St. Louis, Mo., April 26, 1901.
B-316.

Mr. F. P. Jeffries, G. F. A., E. & T. H. R. R., Evansville, Ind.:

Dear Sir:—I have just been furnished with copy of your E. & T. H. and E. & I. Tariff, G. F. D. No. 3135, effective May 15, 1900, naming rates on Commodities Evansville to Cincinnati, which differ materially with the rates authorized in this Committee's Tariff ICC No. A-1, effective April 10th, 1901.

In your letter to me, Dec. 4th, 1900, and Jan. 25th, 1901, you stated in substance that you would co-operate with this Committee in the adjustment of rates and have considera-

tion given to any irregularities that were brought to your attention.

In line with the above I bring this matter to your attention for the reason that the rates issued by the E. & T. H. disturb the situation at Evansville; not only between Evansville and Cincinnati, but between Evansville and Louisville and between Evansville and local points.

It is desirable that uniform rates should prevail from Evansville to Cincinnati and Louisville and I will be pleased to have you advise me whether you will reissue your tariff so that the wording and rates will be in line with this Committee's Tariff, as follows:

Charcoal, C. L., 10 tons minimum.....$1.20 per net ton
Cotton Jeans & Domestics, (Yarn Sheeting, Ducking and Drilling,) in bales O. R. C. or in boxes .....25c per cwt.
Cotton Waste, pressed in bales, (C. L. minimum 24,000 lbs.).....12c per cwt.
Feathers, in bales or sacks, (lots 5000 lbs. and over .....30c per cwt.
Hides, Green, salted, in bundles C. L.....12c per cwt.
Hides, Green, salted, in bundles, L. C. L., Off'l Class'n. .....17c per cwt.
Iron Scrap, C. L., (minimum 15 gross ton, per gross ton) $1.80
Rags or Paper Stock, N. O. S., C. L., minimum 30,000 lbs., (Rule 5-C of the Official Class'n. not to apply) .....12c per cwt.
Rags, pressed in bales or sacks, L. C. L.....15c per cwt.
Lumber, C. L..... 9c per cwt.
Tallow, or grease, in barrels, C. L.....10c per cwt.
Tallow or Grease, in barrels, L. C. L., Official Class'n .....20c per cwt.
Wool, (C. L. minimum 20,000 lbs.).....29c per cwt.
Wool, L. C. L., Official Classification.....40c per cwt.

Will you please give this your early consideration and advise your conclusions?

Respectfully,

(Signed) R. M. Fraser, Chairman.

"Evansville, Ind., April 27, 1901.

Mr. R. M. Fraser, Chairman, St. Louis-Cincinnati-Louisville Frt. Com., St. Louis, Mo.:

Dear Sir:—I have your favor April 26th, file B-316. Inasmuch as the rates shown in our G. F. D. 3133 are those checked in by the Evansville Committee, I will take the liberty of referring the matter to the Evansville Committee for consideration at its next meeting. In the meantime, in order to enable the Committee to intelligently consider this matter from your standpoint, will you not kindly advise me what rates shown in the tariff in question disturb the Evansville-Louisville situation?

In this connection I notice that your Committee made a few reductions in the rates from Evansville to Cincinnati which hardly seemed necessary under the present conditions and which have disturbed the conditions here considerably, creating a feeling of uneasiness which may result in still further reductions.

Yours truly,

HRG. (Signed) F. P. Jeffries.

"St. Louis, Mo., April 29, 1901.

B-316.

Mr. F. P. Jeffries, G. F. A., E. & T. H. R. R., Evansville, Ind.:

Dear Sir:—Your two letters 27th, file 37431-A. If you will compare the items on your G. F. D. 3135 (not 3133) with our I. C. C. No. A-1 you will see that, with the exception of Charcoal and Hides, Green salted, in bdls., C. L., they all differ, either in the wording, weights or rates.

Your I. C. C. No. 381, effective May 1st, removes the discrepancies on Cotton Jeans, etc., and Tallow or Grease, only.

I trust after further consideration the other discrepancies may be removed.

I do not know what reductions you refer to as being made by this Committee and, therefore, cannot explain; possibly the rates were higher than from East St. Louis and therefore were put in line. I will be pleased to have you advise me as early as possible your decision regarding the discrepancies mentioned.

Awaiting your reply, I am, yours respectfully,

(Signed) R. M. Fraser, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 636."

Complainant offers in evidence proceedings of a meeting of the Rate Clerks and signed R. M. Fraser, Chairman.

Which proceedings is in words and figures as follows, to-wit:

Southern Ry. (St. L.-L. Lines), C. D. Morris.
Louisville & Evansville Mail Co., C. V. Williams.
R. M. Fraser, Chairman.

Meeting convened 10:00 A. M.

Rates Between Evansville, Louisville and Cincinnati.

In accord with resolution adopted at meeting Jan. 23rd, 1901, and Circular Letter Feb. 19th, 1901, file B-316, the Rate Clerks met in this office to-day and after a general discussion the individual lines gave notice that the Class Rates via Rail Lines between Evansville and Cincinnati would be as follows:

1	2	3	4	5	6
40	34	25	17	15	12

The Class Rates via the Boat Line to be the following differentials less than the Class Rates established via Rail Routes:

1	2	3	4	5	6
5	4	3	2	2	2

It being further understood that when a Commodity Rate is established which is the same as a Standard Class Rate, the Boat Line Rate will be the differential for that class, less than via Rail, and where a Commodity Rate is established that is not a class rate the Boat Line will be the differential less than the next nearest class rate via Rail.

Note:—The rates on Live Stock, C. L., between Evansville and Cincinnati were referred to the Freight Committee, to be considered at their meeting 27th inst. It being understood that the rates decided upon by the Freight Committee are to be named in the tariff when issued.

"The rates between Evansville and Louisville were then taken up and the individual lines gave notice that the rates via Rail Lines between Evansville and Louisville would be the following differentials *less* than the rates between Evansville, and Cincinnati, viz.:

1	2	3	4	5	6
—	—	—	—	—	—
12	10	5	3	3	2

and which establishes the following Rail rates between Evansville and Louisville:

1	2	3	4	5	6
—	—	—	—	—	—
28	24	20	14	12	10"

The Class Rates via the Boat Line to the following differentials less than the Class Rates established via Rail Routes, viz.:

1	2	3	4	5	6
—	—	—	—	—	—
5	4	3	2	2	2

The Rule regarding establishing Commodity Rates via the Boat Line between Evansville and Louisville are to be the same as given between Evansville and Cincinnati and which are noted above.

Note:—The Rate on Plows, Louisville to Evansville, was referred to the Freight Committee, to be considered at their meeting 27th inst. It being understood that the rates decided upon by the Freight Committee are to be named in the Tariff when issued.

The question of manner of issuing the Tariffs was considered and it was

Resolved, That the Chairman submit to the Freight Committee proposition to issue separate Tariffs, one to name rates between Evansville and Cincinnati and the other to name rates between Evansville and Louisville. The Tariffs to be of different color and proof copy of same to be sent to each member for their check and approval before final issue.

And it was further

Resolved, That the question of cancelling the tariffs of the individual lines which are at present in effect between Evansville and Cincinnati and Evansville and Louisville be referred to the Freight Committee at their meeting to be held 27th inst. for their consideration and action.

R. M. Fraser, Chairman.

Adjourned.

St. Louis, Mo., Jan. 26, 1901.
File B-316.

To the Freight Committee:

Gentlemen:—You are hereby requested to attend a meeting at the Louisville Hotel, Louisville, Ky., Wednesday, January 30th, 1901, at 10:00 A. M., with the Tariffs and other information necessary to prepare a Tariff in line with resolutions adopted at meeting 23rd inst., as follows:

"Resolved, That rates applying on traffic between Evansville, Louisville and Louisville Points, Cincinnati and Cincinnati Points, be handled under the jurisdiction of the St. Louis-Cincinnati-Louisville Freight Committee.

The Louisville and Evansville Mail Line having expressed their willingness to become a member of this Committee for the handling of the traffic mentioned. The Evansville & Terre Haute R. R. be also invited to become a member, effective Feb. 1st, 1901.

And it is further

Resolved, That the Chairman call a meeting at Louisville, at an early date, of Rate Clerks to check in rates be-

tween Cincinnati and Evansville and Louisville and Evansville."

Please be present or authoritatively represented in order that it may be clearly understood what duties this Office is expected to perform in connection with the above mentioned traffic and the expense divided.

Respectfully,

R. M. Fraser, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 639."

Complainant offers in evidence letter dated Aug. 12, 1901, addressed to the Freight Committee, and signed R. M. Fraser, Chairman.

Which letter is in words and figures as follows, to-wit:

ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Aug. 12, 1901.

File B-383.

To the Freight Committee:

Gentlemen:—Referring to Circular Letter July 20th, regarding Mo. Pac. Division Sheet No. 1 to Arkansas Freight Committee Tariff No. 3, corrected, showing rates and divisions on traffic from Arkansas via East St. Louis to Cincinnati-Louisville etc.

This is to advise that members have answered to the effect that they have not authorized or approved the division sheet and favor consideration of the subject at a Committee Meeting.

For your information, I give below a copy of a letter from G. F. A. Lincoln to a member of this Committee, as follows:

"We have had in effect a percentage sheet for a number

of years, allowing the lines east of East St. Louis on northbound traffic from Little Rock and Pine Bluff 40% of the through rate. It seems, however, a number of lines have questioned our proposed division sheet to Arkansas Freight Committee Tariff No. 3 corrected, and we are now endeavoring to arrange through Chairman Cale for a Joint Conference with the St. Louis-Louisville-Cincinnati Freight Committee.

If I received communication from Chairman Cale, I will endeavor to arrange for the Conference at our next regular meeting, which will be in St. Louis, Wednesday, Sept. 25th.

You will therefore please understand that no member of the Committee should authorize the divisions mentioned, at least, until after the Conference meeting referred to.

Respectfully,

R. M. Fraser, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 640."

Complainant offers in evidence letter dated July 2, 1901, addressed to Mr. R. M. Fraser and signed J. C. Lincoln. Also letter dated July 9, 1901, addressed to R. M. Fraser and signed C. C. Cameron, Asst. Genl. Frt. Agt.

Rates on Agricultural Implements, Etc.

Mr. R. M. Fraser, Chairman, St. L.-Cincinnati-Louisville Frt. Committee, St. Louis, Mo.:

Dear Sir:—I am in receipt of yours of the 1st inst., file B-119, quoting resolution adopted at meeting of the St. Louis-Louisville Freight Committee held in Cincinnati on June 26th, as follows:

"Resolved, That the roads, members of this Committee, will not be a party to the Exceptions to Western Class'n., authorizing the application of the carload rate on entire lot of Agricultural Implements, Furniture and Vehicles, although it may be less than two or more full carloads."

We regret very much that the Cincinnati and Louisville Lines have seen fit to take this action, as it will operate seriously to the disadvantage of the St. Louis route in handling traffic. You are no doubt aware that the lines leading south from the Ohio River through Memphis join in the application of Exceptions to Western Class'n. as published by Chairman Cale. If your lines insist on maintaining this position, it will force the cancellation of through rates on the articles specified via the St. Louis gateway, forcing the traffic via Memphis entirely. We earnestly hope that the lines, members of your Committee, will find it to their advantage to reconsider the matter and rescind the action taken at the Cincinnati meeting.

Yours truly,

(Signed) J. C. Lincoln.

At Pittsburg, July 9, 1901.
File 31531-J.

Minimum weights on L. C. L. shipments of agricultural implements, furniture, machinery, vehicles, etc., to Arkansas, Louisiana and Texas Points.

Mr. R. M. Fraser, Chairman St. L.-C.-L. Frt. Com., St. Louis, Mo.:

Dear Sir:—Referring to letter of July 2nd, addressed to you by Gen'l Frt. Agt. Lincoln, of the Missouri Pacific Railway, relative to above subject.

It is true that the basis referred to is in effect via Memphis to Arkansas and Louisiana, also to Texas Points, but was only established through that gateway because of its having been previously established via East St. Louis.

We are in favor of withdrawing the basis via all crossings and through all gateways, to Texas as well as to Arkansas and Louisiana, and will lend our efforts in that direction.

I suggest you take the matter up with the members of your Committee to ascertain if they are willing to charge the regular carload minimum or L. C. L. rate on all shipments via East St. Louis, with the understanding that the basis is withdrawn through the other gateways. If there can be a unanimous understanding in your Committee, I think there will be no trouble in having a similar understanding with the Southern roads.

Your early reply will be appreciated.

Yours truly,

(Signed) C. C. Cameron,
Asst. Genl. Frt. Agt.

Please let me have a reply to A. G. F. A. Cameron's proposition and oblige.

Respectfully,

R. M. Fraser, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 641."

Complainant offers in evidence letter dated June 7, 1901, addressed to the Committee and signed R. M. Fraser, Chairman.

Which letter is in words and figures as follows, to-wit:

ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.
St. Louis, Mo., June 7, 1901.
File B-119.

To the Freight Committee:

Gentlemen:—Referring to Circular letter May 6th, copy

of correspondence with Southwestern Lines, regarding divisions from Cincinnati-Louisville, etc., via East St. Louis to Arkansas and Louisiana points.

I give below copies of letters June 4th and 6th from G. F. A., St. L. & S. F. R. R.:

"Referring to the subject of through rates and divisions on traffic from Cincinnati, Louisville and certain points taking same rates to points in the State of Arkansas.

Further consideration of this matter leads us to the conclusion that it will be impossible for us to apply the differential basis to all points on our line in Arkansas, owing to the disastrous effect which such application would have upon upon our rates to points in Missouri and Kansas within territory of the Western Trunk Line Committee and Trans-Missouri Freight Bureau.

We have not heretofore applied Ft. Smith rates as maximum to intermediate points on our line, for the reason as outlined above and as the rates from St. Louis to points in Northern Arkansas are in a great many cases less than the rates applying to Ft. Smith, the use of the differential basis to all of our Arkansas points would have the effect of greatly aggravating the present situation, and would doubtless result in very material reduction to points in Missouri and Kansas. We are willing to apply differentials to the territory on our line usually taking Ft. Smith basis of rates, namely, our points in Arkansas, Indian Territory, Van Buren to Wister, I. T., inclusive, and all stations on our Mansfield Branch.

The amount of traffic from Cincinnati and Louisville to points in Arkansas on our lines is very light indeed, and I believe that you will recognize the fact that we could not reasonably be expected to establish a basis for rates to these stations where the tonnage is very light, which will have the effect of materially reducing rates to other points where business acounts to considerable.

I trust that the manner in which we will apply these rates will be satisfactory to the lines members of your Committee."

"St. Louis, June 6, 1901.

"Referring to your conversation over the telephone yesterday with the writer.

We have not yet published rates in line with the previous agreement, as our letter is intended as cancellation of our concurrence in the original proposition to make rates to all points in Arkansas on differential over St. Louis rates, and we desire to know whether or not the proposition contained in our letter of the 4th is satisfactory to members of your committee before we take any steps toward publication of rates from Cincinnati and Louisville."

Please advise what reply shall be given to G. F. A. Russell.

Respectfully,

R. M. Fraser, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 642."

Complainant offers in evidence letter addressed to The Committee and signed R. M. Fraser, Chairman, dated March 7, 1902. Also letter dated April 12, 1901, addressed to the Committee and signed R. M. Fraser, Chairman.

Which letters are in words and figures as follows, to-wit:

ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., March 7, 1902.

File A-102.

To the Freight Committee:

Gentlemen—I am in receipt of letter dated 14th inst., from a member, in which he says:

The rate on sash, doors and blinds from East St. Louis to Evansville is 11 cts, per cwt., L. C. L., and 9 cts. C. L. I do not believe that a higher rate should prevail from Louisville. Will you, therefore, submit a proposition to the interested lines of the St. Louis-Cincinnati-Louisville Freight Committee to make the rate on sash, doors and blinds carloads and less from Louisville to Evansville, same as from East St. Louis, namely C. L. 9 cts., L. C. L. 11 cts?"

Please let me have your vote on above proposition at your earliest convenience. If two-thirds of the members vote in the affirmative, amendment to the tariff will be issued effective on legal notice.

Yours respectfully,

R. M. FRASER, Chairman.

ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., April 12, 1901.
File A-102.

To the Freight Committee:

Gentlemen:—I am in receipt of a letter dated 11th inst. from a member, in which he says:

"The rate on sash, doors and blinds, from St. Louis to Evansville, is L. C. L., 13c cwt., 11c from East St. Louis, 2c Bridge, C. L., 7c per 100 lbs., 5c from East St. Louis, 2c Bridge, the distance being 165 miles.

Parties at Louisville in competition with St. Louis shippers demand same rate from Louisville to Evansville.

Please submit proposition to the lines interested and advise result."

The authorized rate from Louisville to Evansville is as per Official Classification:

Blinds and Sash, N. O. S., L. C. L., 1st class...28c per 100
Doors, Wooden, N. O. S., L. C. L., 3rd class..20c per 100
Blinds, Doors and Sash, C. L., 5th class.....12c per 100

Please let me have your vote on above proposition at your earliest convenience.

If two-thirds of the members vote in the affirmative amendment to the tariff will be issued, effective on Legal Notice.

The figures named above as in effect St. Louis to Evansville are in accord with the Illinois Commissioner's Class'n. and Tariff.

There are undoubtedly many similar differences between rates from St. Louis and Louisville to Evansville and in my opinion this subject should receive special consideration at the next meeting in Louisville, 24th inst. Members should attend the meeting prepared to arrange in some manner to, if possible, avoid the necessity of issuing so many Circular Letters, and also avoid expense of reissuing tariffs.

Respectfully,

R. M. Fraser, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 643."

Complainant offers in evidence letter dated March 1, 1902, addressed to Mr. R. M. Fraser, and signed J. F. Tucker, Chairman.

Which letter is in words and figures as follows, to-wit:

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th floor Monadnock Block.

Chicago, March 1, 1902.

Please refer to file 8870.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—Referring to your Special No. 1 of Minutes

of Special Committee Meeting held at St. Louis Thursday in the matter of rates on articles of iron and steel manufacture.

Where are these southern mills located that force this rate of 8 cents per 100 pounds from Louisville? My understanding is that there is also a rate of 9 cents per 100 pounds on the same traffic from Cincinnati, Covington and Newport to East St. Louis. It is understood by your Committee that this rate was to be continued without tariffs, or is each individual road to issue its own tariff? How was this matter left?

The chances are a continuation of these low rates from Cincinnati and Louisville on this strongly competitive character of traffic will undoubtedly, in the end, force similar reductions from other localities—but this competion from the southern mills is a new phase. I would like to know where these southern mills are located and what rates they make to East St. Louis.

I think the Cincinnati and Louisville Committee should take this matter up and make a recommendation to the Central Committee. They are the initial roads and as they are authorized rates, it seems to me the Central Committee should take some action.

Yours very truly,

J. F. Tucker, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 644."

Complainant offers in evidence letter dated February 22, 1902, addressed to Mr. R. M. Fraser and signed J. F. Tucker, Chairman.

Please refer to file 9003.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—I am in receipt of your favor of the 20th inst., your B-419: The understanding, as I remember it, was that the St. Louis-Louisville-Cincinnati Freight Committee was to meet the river competition and confine itself to rates between points on the river. However, we have not heard of any disturbances and until we do consider the matter as tabled.

Yours very truly,

J. F. Tucker, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 645.

Complainant offers in evidence letter dated April 13, 1901, addressed to the Freight Committee and signed R. M. Fraser, Chairman.

Which letter is in words and figures as follows, to-wit:

"ST. LOUIS-CINCINNATI-LOUISVILLE FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., April 13, 1901.

File B-351.

To the Freight Committee:

I am in receipt of a letter dated 12 inst., from a member in which he says:

"Request is made that application of proportional rate 8 cents per 100 lbs. on Cement Plaster, C. L., from East St. Louis to Louisville and Cincinnati to be extended to shipments of Wall Plaster, carloads. These Commodities are

practically the same, the only difference being the addition of a certain quantity of sand, which results in a lower value on the Wall Plaster than on the other."

Proportional Tariff I. C. C. No. B-23 at present in effect, provides for rate on Cement Plaster, C. L., 8 cts. per 100 lbs., from East St. Louis to Cincinnati-Louisville, etc.

If two-thirds of the members vote in the affirmative the Tariff will be amended or re-issued to read:

Plaster, Cement and Wall, C. L., 8 cts. per 100 lbs., from East St. Louis to Cincinnati-Louisville, etc.

Prompt reply requested.

Respectfully,

R. M. Fraser, Chairman.

CALL FOR MEETING.

Chicago, April 2, 1902.

At Chicago, Ill., Tuesday, April 8, 1902, to consider rates on packing-house products and bulk meats, from Missouri River points to points in Central Freight Association territory.

Four.

C. M. No.

To the Representatives of Eastbound Roads from Chicago, Peoria and East St. Louis, Ill.:

Gentlemen:—You will recall the western roads now pub-

lish tariffs naming through rates on packing-house products and bulk meats, in carloads, from Missouri River points to points in Central Freight Association territory.

In connection therewith the question of equalizing the through rates via East St. Louis and those applying via Chicago and Peoria has been raised, and upon the matter being presented to the St. Louis Eastbound Freight Committee it was recommended that a joint meeting of the representatives of easabound roads from Chicago, Peoria and East St. Louis, also the representatives of roads members of the Chicago & Ohio River Committee, and the St. Louis-Cincinnati-Louiisville Committee be held for the purpose of checking the rates through the various gateways with a view of determining just what changes are necesary in order to bring about an equalization.

A meeting of the representatives of your companies is, therefore, hereby called at this Association's rooms, Tuesday, April 8, 1902, at 2:30 P. M., for the purpose mentioned.

We would respectfully ask you to kindly bring to the meeting a list of the points to which you have discovered any changes are necessary in the present rates in order to accomplish equalization, thus permitting the work to be done as speedily as possible.

In case you cannot attend the meeting called hereby, kindly write me upon receipt hereof, so we will be able to notify the other members intersted that it will not take place.

Yours very truly,

J. F. Tucker, Chairman.

P. S.—The representatives of the Chicago & Ohio River Committee and Cincinnati-Louisville-St. Louis Committee have also been asked to be present. J. F. T.

Above exhibit is marked "Complainant's Exhibit Fraser No. 647."

Chicago, Jaunary 29, 1901.

Please refer to file 7692.

Mr. S. T. McLaughlin, G. F. A., B. & O. S. W. R. R., Cincinnati, Ohio:

Dear Sir:—Attention is called to the fact that you are today protecting through rate of 21 cents on hides from Pine Bluff, Ark., to Louisville and dividing same east and west of East St. Louis on percentages, but upon referencs to records we are unable to find that the through rate is authorized, or that any basis of divisions for dividing same has been approved. In our opinion, therefore, the matter should be taken up by the St. Louis Eastbound Freight Committee and the rate either adjusted by charging authorized local or proportional rates from East St. Louis to Louisville, or all lines privileged to join on same basis as the B. & O. S. W. R. R. With that end in view copy of letter has been sent to Chairman Fraser.

Yours very truly,

Chairman.

Rates on Soap Stock vs. Fertilizer, between Chicago & Ohio River crossings and St. Louis & Ohio River crossings.

Mr. R. M. Fraser, Chairman St. L. C. L. Frt. Com., St. Louis:

Dear Sir:—Again referreing to yours 28th ult., file B-321, as also my letter March 6th. The general committee, at their meeting yesterday, after discussion, and carrying out

the opinion advanced in my letter of date above referred to, unanimously decided that no change should be made between Chicago & Ohio River Committee points on either soap stock or fertilizer, and in their opinion the fertilizer rates should not be reduced from St. Louis to Ohio River crossings on account of a 10 ct. rate being applied on soap stock.

Very truly,

C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit Fraser No. 650."

Complainant offers in evidence letter dated Chicago, March 6th, 1901, addressed to Mr. R. M. Fraser, Chairman St. L. C. L. Frt. Committee, and signed by C. E. Fulton, Secretary.

Which letter is in words and figures as follows, to-wit:

"Chicago, March 6th, 1901.

Rates on soap stock vs. fertilizer, between Chicago and Ohio River crossings, and St. Louis & Ohio River crossings.

Mr. R. M. Fraser, Chairman, St. L. C. L. Frt. Com., St. Louis:

Please refer to File 901.

Dear Sir:—With further reference to yours February 28th, file B-321. The responses of the general committee to proposal No. 21, which incorporated your letter 28th, indicates a strong objection to reducing the fertilizer rate, with a tendency toward advancing the soap stock rate. However, in this connection, there are one or two features to be considered, and by request of several of the members the subject is docketed for consideration at the regular meeting, 20th inst. It is hoped that your Committee will hold the matter in abeyance until further advised. In this connection, will advise that C. &

O. R. Committee lines are adverse to the reductions from East St. Louis, which, if done, naturally means a corresponding reduction from Chicago and other fertilizer producing points, and at the present time the claim is made that there is no call or necessity for the reduction; neither can they see the consistency of allowing the soap stock rates to affect fertilizer. From Chicago the lines interested have had no trouble whatever in holding different rates on these two commodities and the opinion is expressed that it would be absurd on account of the soap stock rate to force a reduction in the fertilizer rate. You can very clearly see that while our fertilizer rate Chicago to the river is 12 cents, the soap stock rate being 10 cents, there is no movement of the latter commodity whatever to Southern Indiana points, Evansville and points in Kentucky, to which at the present time a large volume of fertilizer is being moved, and both shippers and consignors are satisfied with the present fertilizer rates. It seems to me that the foregoing facts placed before the St. L. C. & L. Frt. Committee they would waive their demand for a reduction in the fertilizer rate. You no doubt will agree with me that if this commodity is reduced from St. Louis to Cincinnati it naturally follows with a corresponding reduction throughout the entire territory and with the exception of East St. Louis there have been no complaints whatever to the present fertilizer rates from Chicago.

Very truly,

C. E. Fulton, Secretary."

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Feb'y 19th, 1903.

Please refer to File 10261.

R. M. Fraser, Esq., Chairman, St. Louis-Cincinnati-Louisville Committee, St. Louis, Mo.

Dear Sir: At the present time there is in effect a through rate of 75 cents per hundred lbs. on Canned Goods, carloads, from Pacific Coast to Lexington, Ky., via Southern routes. This rate is also published through E. St. Louis in connection with the Southern R'y. and divides by the lines west of E. St. Louis being allowed 63.4 cents per hundred lbs., and from E. St. Louis to Lexington 11.6 cents per hundred lbs. accrues. Some of the roads leading eastwardly from E. St. Louis to Cincinnati desire to join in the 75 cents rate, and we are informed that the roads south of Cincinnati are willing to accept 6 cents per hundred lbs., thus leaving 69 cents to be prorated to Cincinnati. At the present time the Central Freight Association roads are authorized to join in the 75 cent rate to Lexington through E. St. Louis and Cincinnati provided they are allowed east of East St. Louis the established percentage proportion of the 75 cent rate, which would make 11.6 cents per 100 lbs., that is 15.5 per cent of 75 cents. One of the lines from E. St. Louis to Cincinnati suggests, however, that the rate be joined in by first allowing the rates south of Cincinnati 6 cents and the lines east of E. St. Louis to Cincinnati their established percentage proportion of the remainder, which

would be 10.7 cents or 15½ per cent of 69 cents. It occurred to me as best to have the matter considered by the St. Louis-Cincinnati-Louisville Freight Committee for the purpose of ascertaining if all lines are willing to join in the rate on the basis mentioned. Will you please have prompt action taken and oblige?

This will cancel my letter addressed to you on the 9th inst., as Chairman of the St. Louis Eastbound Freight Committee, upon the same subject.

Yours respectfully,

J. F. Tucker, Chairman."

Feb. 28, 1903.

B-458

Mr. J. F. Tucker, Chairman C. F. A.,
Chicago, Ill.

Dear Sir: Yours 19th, file 10261 was submitted to members by Circular Letter No. B-64 Feb. 23 (copy attached). I am in receipt of replies from all parties to the effect that the proposed figures (10 7/10 cts.) East St. Louis to Cincinnati will be accepted.

Lines working via Louisville state that the proposed divisions via Cincinnati should also be made to apply via Louisville. A suggestion is made, that you will find that the various Western roads will not consent to participate in the proposed divisions, particularly so as they can handle the business via East St. Louis in connection with the So. R'y on a basis which will allow them to East St. Louis, the same earnings as they would receive on shipments for Cincinnati proper.

It is also suggested that the proposed divisions via East St. Louis could more readily be arranged provided you can induce the So. Ry. to not join in divisions on basis of 15½% of the through rate, East St. Louis to Lexington.

Hoping that matters can be arranged as suggested, and awaiting your advice on the subject, I am,

Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, March 10th, 1903.

Please refer to File 10261.

Mr. R. M. Fraser, St. Louis-Cincinnati-Louisville Freight Committee, St. Louis, Mo.

Dear Sir: Acknowledging receipt of your favor of the 28th ult., file B-458, regarding rate and divisions on Canned Goods from Pacific Coast to Lexington, Ky., would state, that Assistant General Freight Agent Campbell of the Southern R'y. writes as follows:

'The seventy-five cent rate on canned goods, carloads, from Pacific Coast points to Lexington, Ky., was made effective via New Orleans in connection with the Queen & Crescent, and naturally if we participate in the rate via East St. Louis we must accept the business on agreed percentages, viz.: 84½ per cent for lines west and 15½ per cent for our line from East St. Louis to Lexington.

Under the circumstances I do not see how we can demand higher divisions.'

In answer to our request that the Southern Ry. demand east of East St. Louis on this business 16.7 cents per 100 lbs. We really seem to be unsuccessful in having Mr. Campbell make any change.

Yours respectfully,

J. F. Tucker, Chairman."

Above exhibit, consisting of four pages, is marked "Complainant's Exhibit Fraser No. 652."

Complainant offers in evidence letter dated Chicago, March 13th, 1903, addressed to Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, and signed by J. F. Tucker, Chairman.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, March 13th, 1903.

Please refer to File I-61.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: Please see my letter of Feb'y 26th, relating to rates on Brick and articles taking brick rates from East St. Louis being advanced to $1.90 per ton, and kindly advise what action has been taken in the matter. The Cincinnati lines are anxious that new rates checked in to apply on brick be made effective as early as possible, and the only obstacle is the advancement of the rate to East St. Louis by your Committee.

Yours respectfully,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 653."

Complainant offers in evidence letter dated Chicago, March 13th, 1903, in reference to brick rates—proposed advance, addressed to Mr. R. M. Fraser, Chairman St. L. C. L. Freight Committee, and signed by C. E. Fulton, Secretary.

Which letter is in words and figures as follows, to-wit:

"Chicago, March 13, 1903.
In your reply refer to File No. 1061.
Brick rates—proposed advance.

Mr. R. M. Fraser, Chairman, St. L. C. L., Committee,
St. Louis, Mo.

Dear Sir: With further reference to yours of 5th, file B-345. As you are aware, the Louisville and Cincinnati Committees have checked in rates from those points to C. F. A. territory on basis of recommended advance to apply from Louisville and Cincinnati to Chicago, and this is to advise that if they are authorized by the Central Freight Association the rates as recommended to apply between Chicago and Ohio River Committee points, as per my letter to you of January 22nd, will be placed in effect on same date, regardless of whether you apply same rates from E. St. Louis to Louisville and Cincinnati or not.

The foregoing purely for your information and file.

Yours truly,
C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit Fraser No. 654."

Complainant offers in evidence letter dated February 27, 1903, addressed to Mr. R. M. Fraser, Chairman St. L. C. L. Frt. Committee, and signed by C. E. Fulton, Secretary.

Which letter is in words and figures as follows, to-wit:

"Chicago, Feb. 27, 1903.
In your reply refer to File No. 1061.
Brick rates—proposed advance.

Mr. R. M. Fraser, Chairman, St. Louis-Cincinnati-Louisville Frt. Committee, St. Louis, Mo.

Dear Sir: I am obliged for yours of the 24th, file B-345. The recommendation of the C. & O. R. Committee lines as

to $1.90 per ton on brick between Chicago & Ohio River crossings was contingent on the same advances applying between East St. Louis and Ohio River crossings, and while Chairman Fetter advises me that the Cincinnati lines have checked in $1.10 to Indianapolis and $1.90 to Chicago, it appears no action has yet been taken as to any advance between E. St. Louis, Cincinnati, Louisville and Indianapolis.

As per copy of my letter to him this day, you will notice I have called attention to this discrepancy. May I also ask if your committee has suggested any change from E. St. Louis to those points that will enable the C. & O. R. Committee lines carrying out their proposition.

Yours truly,

C. E. Fulton, Chairman."

Enclosure.

Above exhibit is marked "Complainant's Exhibit Fraser No. 655."

Complainant offers in evidence letter dated January 22nd, 1903, addressed to Messrs. Fraser, Fetter, Gray, Brent, and Jeffries, Chairman respectively of the St. Louis, Cincinnati, Indianapolis, Louisville and Indianapolis Committees, and signed by C. E. Fulton, Secretary.

Which letter is in words and figures as follows, to-wit:

"Chicago, Jan. 22, 1903.

In your reply refer to File No. 1061.

Brick rates—proposed advance.

Messrs. R. M. Fraser, Chairman, St. Louis Committee, St. Louis; O. G. Fetter, Chairman, Cincinnati Committee, Cincinnati; S. F. Gray, Chairman Indianapolis Committee, Indianapolis; C. R. Brent, Chairman Louisville Committee, Louisville; F. P. Jeffries, Chairman, Evansville Committee, Evansville.

Gentlemen: As you are aware, and effective January 1, 1903, rates on brick and commodities taking same rates from Eastern Ohio and western Pensylvania points to Central Freight Association territory have been advanced from 15 to 25 cents per ton, in connection with which the C. & O. R. Committee at their regular meeting yesterday decided that providing a corresponding rate is made from St. Louis, Indianapolis and Ohio River crossings to C. F. A. points, the following rates will simultaneously be placed in effect between C. & O. R. Points:

Chicago & North Bank O. R. Crossings...$1.90 per net ton
Chicago & Indianapolis ..... 1.35 per net ton
Indianapolis & North Bank O. R. Cross'ngs 1.10 per net ton

Wont' you kindly convene your respective committees for the purpose of revising and advancing rates in accordance with the foregoing, and advise me as promptly as possible, the date effective of any such advance.

Yours truly,

C. E .Fulton, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 656."

Complainant offers in evidence unsigned copy of letter purported to be from R. M. Fraser, dated May 2, 1903, addressed to Mr. J. F. Tucker, Chairman C. F. A.

Which letter is in words and figures as follows, to-wit:

"May 2, 1903.

B-317.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir: Yours 1st, file 9311-A. I am not aware of the arrangement referred to having been recommended to C. F. A. This Committee, did, however, following your letter April 23rd, 1902, file 9311, make recommendation

as per letter May 2nd, file 4008-A (See your Advice Letter H-13, also your letter May 13th, File H-13-9311.)

The proposition referred to being declined, resulted in the official notice to you as per letter May 19th, 1902, file F-9885 from Wabash R'y, which explains itself.

Hoping that the above answer will give you the information desired, I am,

Yours respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 657."

Complainant offers in evidence Advice Letter No. 1, dated October 16, 1903, addressed to the Representatives of Eastbound Roads from Cairo, Chicago and Mississippi River, and signed by J. F. Tucker, Chairman; also attached Memorandum of Net Rates on Government Freight, from Western Points to Baltimore, Boston, New York, Philadelphia and Washington.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, October 16, 1903.

Subject: Net rates on eastbound Government freight from western points to Boston, New York, etc.

Advice Letter No. 1.

918½

To the representatives of eastbound roads from Cairo, Chicago and Mississippi River.

Gentlemen:

At meeting of the Central Freight Association March 11 and 12, 1903, under Docket No. 4811 (pages 93 C. F. A. Proceedings,) there was considered the resolution of the

Trunk Line Freight Committee providing a rule to govern the rating to apply on westbound consignments of United States Government freight from Trunk Line Association territory, and it was

Recommended, That a corresponding rule be adopted to govern on eastbound shipments, viz:

That all lines members of the Central Freight Association, in conjunction with their Trunk Line Association connections, be permitted to make rates on United States Government traffic, carried under Government bills of lading, based upon the greatest 'Land Grant' deductions via standard all-rail lines having prorating arrangements with the Illinois Central R. R. between Kankakee and Chicago, when destined to or coming from Chicago, and in addition thereto to meet, via Trunk Line Association lines, the rates of any other 'Land Grant' routes north of the Ohio River and east of the Mississippi River, and equalize the proportions to or from Chicago, Peoria, East St. Louis or other Mississippi River crossings on business to or from points beyond. In other words, that authority will be given that will place all C. F. A. and their Trunk Line connections upon a parity in granting to the Government the lowest net cash rates available via any standard all-rail route north of the Ohio and east of the Mississippi Rivers.'

Based upon said recommendation, this office has compiled a memorandum of net rates which will apply on Government freight frowarded from various western points to Baltimore, Boston, New York, Philadelphia and Washington, based on authorized 'land grant' deductions, and a copy of such memorandum is attached hereto.

Yours very truly, J. F. Tucker,

(Enclosure) Chairman."

Above exhibit, consisting of ten pages, is marked "Complainant's Exhibit Fraser No. 658."

Complaint offers in evidence, the following letters:

Unsigned copy of letter, purporting to be from R. M. Fraser, dated May 22, 1903, addressed to Mr. J. F. Tucker, Chairman C. F. A., as follows:

Important. May 22, 1903.

Mr J. F. Tucker, Chairman C. F. A., Chicago, Ill. B-454.

Dear Sir:

C. F. A. Info. 3894, Dec. 27th, names rate on Spent Tan Bark, C. L., minimnm 40,000 lbs., 7½ cts. per 100 lbs. Piqua, Ohio to East St. Louis, a distance of 354 miles. The rate from Louisville, Ky., to East St. Louis, 271 miles, as per St. Louis-Cincinnati-Louisville Freight Committee Joint Freight Tariff I. C. C. No. 33, Jan. 1st, 1903, and subsequent issues, is also 7½ cts. per 100 lbs. An effort is being made to have the rate from Louisville reduced and

I am informed one of the arguments being the much less distance from Louisville than from Piqua.

Will you please inform me not later that Monday night mail (25th) whether you consider the Piqua rates on this commodity are in line with rates between other C. F. A. Points, distance, etc., considered, if not, what is prospect for an advance in the Piqua rate.

In this connection, I desire to say that if the Louisville rate is reduced, the rate from Columbus, Ind., to East St. Louis (280 miles) will undoubtedly come down also.

Hoping to receive your reply *Tuseday* 26th before starting for Louisville for regular Meeting 27th at Louisville Hotel, I am, Yours respectfully,

Chairman."

Letter dated Chicago, May 25th, 1903, addressed to Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, and signed by J. F. Tucker, Chairman, as follows:

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, May 25th, 1903.
Please refer to File 10700.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:

In reply to your favor of the 22nd inst. file B-454, would state that on the 22nd inst. we addressed a letter to Messrs. McLeod, Hill and Brister, asking if it is not possible for them to make some advance in the present rates on Tan Bark from Columbia, Ind., and Piqua, O., in order to render unnecessary any action in the rates from Cincinnati and Louisville. We will advise you as promptly as possible what reply they make. Yours respectfully,

J. F. Tucker, Chairman."

Letter dated Chicago, June 2nd, 1903, addressed to Mr. R. M. Fraser, Chairman, St. L. C. L. Freight Committee, and signed by J. F. Tucker, Chairman, as follows:

"CENTRAL FREIGHT ASSOCIATION

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 2nd, 1903.

Please refer to File 10700.

Mr. R. M. Fraser, Chairman, St. Louis-Cincinnati- Louisville Freight Committee, St. Louis Mo.

Dear Sir:

Referring to your favor of May 22nd, file B-454, would state, the initial lines at Piqua have signified their willingness to adopt rate of 9 cents per 100 lbs. on shipments on Tan Bark from that point to East St. Louis. We will, therefore, issue an Information Circular at once approving the rate. Initial lines from Columbia, Ind., are, however, of the opinion that 7½ cents per 100 lbs. is as high a rate as can be obtained on shipments of Tan Bark from that point to East St. Louis. Yours respectfully,

J. F. Tucker, Chairman."

Also letter dated Chicago, October 27, 1903, addressed to Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, and signed by J. F. Tucker, Chairman, as follows:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, October 27, 1903.

Please refer to File 10077-A

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:

We understand that you have published rate of 6½ cents per hundred pounds on spent tan bark, C. L., from Louis-

ville to East St. Louis, but in this connection it is observed that this Association has authorized rates on tan bark from intermediate points, and it will be necessary to reduce same unless the rate from Louisville is advanced to 7½ cents per hundred pounds.

Please advise if you think there is any possibility of this rate being advanced, and the reasons for authorizing the rate of 6½ cents. Yours very truly,

J. F. Tucker, Chairman."

Also copy of letter, unsigned, but presumably from Mr. R. M. Fraser, dated Oct. 29, 1903, and addressed to Mr. J. F. Tucker, Chairman, C. F. A., as follows:

"Oct. 29, 1903.
B-454.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:

Yours 27th, file 10077-A. Yes sir, rate 6½ cts. per 100 lbs. on Tan Bark, spent, C. L., minimum 50,000 lbs., Cincinnati, Louisville, etc., to East St. Louis is published in this Committee's Tariff I. C. C. B-36, issued Sept. 25th, 1903, copy sent you when issued and I also attach copy;

I do not think there is any probability of rate being advanced in the near future.

Please see correspondence on the subject of Spent Tan Bark rates in May and June, your file 10700.

Respectfully,
Chairman."

Also letter dated Chicago, October 31, 1903, addressed to Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, and signed by J. F. Tucker, Chairman, as follows:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, October 31, 1903.

Please refer to File 10077-A

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:

With reference to your favor of the 29th inst., file B-454, would respectfully ask that you advise why it was necessary to reduce to 6½ cts. per hundred pounds, the rate on spent tan bark, C. L., from Cincinnati, Louisville, etc., to East St. Louis? It really seems that if this rate is not advanced it will cause corresponding reductions from Piqua, Columbus, and a few other points in Indiana and Ohio, from which tan bark is shipped in competition with Cincinnati & Louisville.

Yours very truly,

J. F. Tucker, Chairman."

Also unsigned copy of letter purporting to be from R. M. Fraser, Chairman, addressed to Mr. J. F. Tucker, Chairman C. F. A., dated Nov. 2, 1903, as follows:

"Nov. 2, 1903.

B-454.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:

Yours Oct. 31st, file 10077-A.

The rate in tariff I. C. C. B-31, Aug. 1902, was 6 cts. per 100 lbs., and was advanced to 7½ cts. Jan. 1st, 1903, as per Tariff I. C. C. B-33. Since that date there has been repeated efforts made for a reduction on the argument that the commodity could not be moved at the advanced rate. At meeting Sept. 23rd the subject was very generally dis-

cussed and rate authorized of 6½ cts. per 100 lbs., C. L., minimum 50,000 lbs.

This is all the information I am able to give on the subject." Respectfully,

Chairman."

Above exhibit, consisting of seven letters, is marked "Complainant's Exhibit Fraser No. 659."

Complainant offers in evidence letter dated Chicago November 3rd, 1903, addressed to representatives of railroads in C. F. A. interested in the rates on Alcohol, Highwines, Spirits and Whiskey, and signed by J. F. Tucker, Chairman, called a meeting for Tuesday, November 10, 1903.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Call for meeting. Chicago, November 3, 1903.

At Chicago, Tuesday, November 10, 1903, to consider rates on spirits, whiskey, etc.

C. M. No. 136

To the representatives of railroads in Central Freight Association interested in the rates on Alcohol, Highwines, Spirits and Whiskey.

Gentlemen:

In case your company is interested in the rates on alcohol, highwines, spirits and whiskey, as requested in Circular Letter C. M. No. 133, dated October 15th, 1903, from this office, please do not fail to be present at this Association's rooms, Tuesday, November 10, 1903, at 10:30 A. M., to attend meeting which is to consider the question of revising the rates as provided in the Official Classification for the commodities mentioned. Yours very truly,

J. F. Tucker, Chairman."

A. Broaddus, Manager, Cumberland Gap Dispatch.
R. S. Baskett, Agent, Cumberland Gap Dispatch.
(Subsequent to meeting the I. C. R. R. announce their concurrence to the following resolutions)

On motion, Mr. C. E. Fulton was appointed to the Chair, with Mr. C. R. Brent acting as Secretary.

CONSOLIDATION OF WHISKEY SHIPMENTS.

The Chairman in reverting to proceedings of September 25th wherein it was decided that effective October 15, 1903, whiskey in wood any quantity, from Cincinnati, Louisville, Jeffersonville, New Albany and all points in Kentucky would be subject to 15 per cent. less than 2nd class rates to all points governed by the Official Classification, reported that notices had been received to the effect that the announcement of September 25th could not be carried out, such notices being in accordance with the different legal advices of their respective roads, Furthermore, from such points as Lawrenceburg, Aurora and Lynchburg, carload shipments at 4th class rates as against 2nd class rates from Cincinnati was a discrimination that could not be enforced from the latter point.

For the purpose of properly protecting the revenues of transportation companies in interest where the practice of consolidation existed, opinon prevailed that the Official Classification should provide for rates any quantity on whiskey in wood.

It was stated that so far as rates from Louisville and Cincinnati to Virginia and eastern cities were concerned, the present 4th class rates any quantity would continue in effect.

The result of discussion was to finally adopt the following:

'It is the sense of this meeting that the rating on whiskey in wood between all points, the rates between which are governed by the Official Classification, should be made the same on carloads and less than carloads.

This practice obtains between points in the south or territory governed by the Southern Classification, and for the purpose of providing uniform rates and classification throughout the territory governed by the Official Classification, it is

Recommended, That Chairman Tucker arrange for a meeting of representatives of all lines in Central Freight Association territory entering points at which whisky is produced, with a view to recommending to the Official Classification Committee on rating on whiskey in wood, any quantity.

It is further

Resolved, That pending action towards changing the Official Classification rating on whiskey as proposed in the preceding resolution, the lines leading north from the Ohio River at Louisville and Cincinnati hereby agree that they will take no action towards meeting the any quantity rates published by the southern routes to Virginia and eastern cities via rail and water gateways.

Adjourned.

C. R. Brent,
Secretary.

C. E. Fulton,
Chairman.

Above exhibit, consisting of two pages, is marked "Complainant's Exhibit Fraser No. 661."

Complaint offers in evidence unsigned copy of letter, purporting to be from R. M. Fraser, Chairman, dated Jan. 20, 1904, addressed to Mr. J. F. Tucker, Chairman, C. F. A.

Which letter is in words and figures as follows, to-wit:

Personal. Jan. 20, 1904.
B-377.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:

Yours 19th, file 11410. The rates published on Asphaltum Pitch in this Committee's Proportional Tariff, I. C. C. B-37 are as authorized by C. F. A. Info. 4650, 4732 and 4821, viz.: 90% of 6th class.

As regards the shipment of solid Asphalt in barrels, for your *personal* information the rate is carried in Southwestern Tariff Committee Tariff No. 20-L, Aug. 22nd, 1903, through 26 cts., division as stated.

This information not to be communicated to others.

Respectfully,
Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 662."

Complainant offers in evidence letter dated Chicago, January 21, 1904, addressed to Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, and signed by J. F. Tucker, Chairman.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jan'y 21, 1904.
Please refer to File 11410.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir:

This will acknowledge receipt of your favor of Jan'y 20, file B-377, regarding rates to apply on shipments of

Solid Asphalt, in bls., from East St. Louis to Louisville.

Will you please answer the main point in connection with which my letter of the 19th was written, namely, is it proper for the line east of E. St. Louis to accept less rate on this traffic than named in your tariff I. C. C. B-37, or should the railroad accept the Inspector's correction to minimum rate named in Proportional Tariff B-37 issued by you. From my point of view, I do not see how the lines east of East St. Louis, in case they desire any of this business in competition with the direct routes operating south of the Ohio River, can get it unless they make divisions on less basis than Tariff B-37 provides.

Yours respectfully,
J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 663."

Complaint offers in evidence carbon copy letter, unsigned, addressed to Mr. C. E. Fulton, Secretary C. & O. R. Committee, and dated January 28, 1904.

Which letter is in words and figures as follows, to-wit:

Jan. 28, 1904.
B-330

Mr. C. E. Fulton, Sec'y. C. & O. R. Committee, Chicago, Ill.

Dear Sir:

Yours 27th, file 1093, regarding C. L. minimum weight on Soap Stock, etc. This Committee's tariff I. C. C. B-36 carries a carload minimum weight of 40,000 lbs. One of the members called attention to the Chicago & Ohio River Committee's Tariff that named a 30,000 lbs. minimum, and requested amendment to be issued to I. C. C. B-36, making the minimum 35,000 lbs. (See Amendment No. 4.)

This subject will be submitted at meeting called for Louisville February 3rd, and you will be advised of the result.

Respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 664.",

Complainant offers in evidence letter dated Chicago, January 27th, 1904, addressed to Mr. R. M. Fraser, Chairman, St. Louis-Cincinnati-Louisville Committee, and signed by C. E. Fulton, Secretary.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.
CHICAGO & OHIO RIVER COMMITTEE
Secretary's Office, 836 Monadnock Block

Chicago, Jan. 27, 1904.

In your reply refer to File No. 1093.

Minimum weight on soap stock, cotton seed foots and settlings, tallow spent lye and grease.

Mr. R. M. Fraser, Chairman St. Louis-Cincinnati-Louisville Com., St. Louis, Mo.

Dear Sir:

At a meeting yesterday it was decided that effective on legal notice 40,000 lbs. minimum would be made to apply between Chicago and Ohio River crossings on soap stock, grease, etc., providing same basis applies to and from St. Louis.

Please prepare your tariff and I will wire you later effective date between Chicago and the river.

Yours truly,

C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit Fraser No. 665."

Complainant offers in evidence letter dated Chicago, July 26, 1904, addressed to Mr. R. M. Fraser, Chairman St. L. C. L. Committee, and signed by C. E. Fulton, Secretary.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.
CHICAGO & OHIO RIVER COMMITTEE.
Secretary's Office 836 Monadnock Block.

Chicago, July 26, 1904.

Personal. In your reply refer to File No. .....

Mr. R. M. Fraser, Chairman, St. L. C. L. Committee, St. Louis, Mo.

Dear Sir:

Your letter 20th, file B-356, came to hand during my absence from the city.

The cost of promulgations from this office goes into the general monthly expense account of the C. & O. R. Committee and is paid by the members on a prorata basis.

The amounts coming from other roads not members of the Association paying for such tariffs is credited in the subsequent month's account to roads having already paid the printing bill.

Yes sir, this office distributes by mail all of the tariffs to shippers, railroads, Interstate Commerce Commission, etc., which it is expected relieves the respective General Freight Offices of all roads named on the tariffs from any and all labor and expense in connection therewith.

Yours truly,
C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit Fraser No. 666."

Complainant offers in evidence letter dated Chicago, July 19, 1904, marked "Personal," addressed to Mr. R. M. Fraser, and signed by C. E. Fulton, Secretary.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.
CHICAGO & OHIO RIVER COMMITTEE.

Secretary's Office, 836 Monadnock Block.

Personal. Chicago, July 19, 1904.

Mr. R. M. Fraser, Chairman St. L. C. L. Committee, St. Louis, Mo.

Dear Sir:

Answering your personal communication of the 15th, file B-356.

The regular members of the C. & O. R. Committee as per caption hereof do not pay for supply of any tariffs promulgated by the C. & O. R. Committee. Other roads not members of the same and represented on these tariffs like the B. & O. Lake Shore, Nickel Plate, Grand Trunk, etc., who receive quite a large supply, pay for the same practically at cost. In fact all roads parties to the tariffs not members of the Association pay for the privilege. Take for instance the C. P. & St. L. Ry. not a member of the Association and an intermediate line between Chicago and the river, are parties to the tariffs, and while they do not get as large a supply as the Lake Shore, E. J. & E. Ry., etc., they pay an arbitrary proportion of $5.00 per month, which gives them the privilege of being represented on all tariffs promulgated from this office. Then again the Southern Ry. (St. L.-Louisv. Div.) are members of the C. & O. R. Committee but their interests are infinitesimal as compared with the P. C. C. & St. L., Monon or C. C. C. & St. L. Ry., and at the same time they receive a very small number of tariffs yet are represented on all of them, and for which

they pay an arbitrary proportion of C. & O. R. Committee monthly expenses.

I presume you are familiar with the fact that all tariffs promulgated from this office are not issued individually by any of the lines represented thereon, and they are furnished to all roads and connections, as also shippers, Interstate Commerce Commission, etc., relieving the different General Freight offices interested of any clerical work, thereby reducing their expenses for such tariffs to an exceedingly small figure.

Yours truly,

C. E. Fulton, Secretary."

Above exhibit, consisting of two pages is marked "Complainant's Exhibit Fraser No. 667."

Complainant offers in evidence unsigned copy of letter dated March 31st, 1904, addressed to Mr. C. E. Fulton, Sec'y. C. & O. R. Committee:

Which letter is in words and figures as follows to-wit:

"March 31, 1904.

Mr. C. E. Fulton, Sec'y. C. & O. R. Committee, 836 Monadnock Block, Chicago, Ill.

Dear Sir:

Yours 30th, file 944. I have examined the tariffs issued by this Committee and do not find the commodity you name published. I do, however, find that in amendment No. 7 to I. C. C. B-13, effective May 4th, 1899, there was a commodity rate of 17 cents per 100 lbs. on *Acid, Liquid Carbonic,* in drums, L. C. L., it having been published at that time by request. This rate expired Dec. 31st, 1899, it being *dropped with the issue of Joint Freight Tariff I. C. C. B-16, effective Jan. 1st,* 1900, and since that Official Class'n. has governed. I do not recall any controversy on the subject and do not find any mention of the

commodity in Proceedings of meeting, Chicago, Dec. 10th-12th, 1902, except on page 16, 'Gas, Liquid, Carbonic Acid.' See page 5, paragraph 3 of these proceedings.

The paragraph referred to provides for *Drums, empty,* returned, used for transporting Carbonic Acid Gas, etc., 4th class.

If the C. & O. R. Committee have been carrying the Commodity at 4th class since Jan. 1st, 1900, because of the rate being in effect from East St. Louis, I will be pleased to have you 'show me' where you find it. However, the rate is not authorized or published in our Tariffs at present and therefore should be eliminated from your issue. Awaiting your reply, I am,

Yours respectfully,
Chairman."

Convened 11:00 A. M., C. E. Fulton occupying the chair.

SCRAP IRON RATES.

General discussion developed the fact that there are at present in effect individual tariffs covering unauthorized rates from Chicago to Terre Haute and Muncie, and from

East St. Louis to Cincinnati, Louisville, etc., which menace rates on scrap iron throughout Central Freight Association territory.

Attention was also directed to rates originally authorized from E. St. Louis to Terre Haute of $1.35, to Gas Belt points $1.70 per gross ton, which subsequently to Terre Haute as per C. F. A. Authorities was reduced to $1.15, but no corresponding reduction E. St. Louis to Gas Belt points, and representatives of Gas Belt interests desired that the rates from E. St. Louis to Gas Belt points be made usual differential over Terre Haute or a rate of $1.50 per ton.

As to the matter of advancing rates E. St. Louis to South Bend and Fort Wayne, as also from Ohio River gateways to Chicago, attention was cited to the fact that present rates on scrap iron, particularly from Ohio River crossings to Chicago at $1.80 per ton, as compared with $1.60 on iron pipe, and $1.40 on pig iron, did not warrant any advances in the scrap iron rates.

In view of the conditions as outlined above, the following upon motion was unanimously adopted:

'Resolved, That the Chairman submit the foregoing facts to Mr. J. F. Tucker, Chairman, Central Freight Association with the request that he use every effort with representatives of lines having in effect individual tariffs covering unauthorized rates, to have same cancelled, and failing in this that he endeavor to secure an advance more nearly approximating the authorized basis.

No further business being presented, the meeting on motion adjourned.

C. E. Fulton, Chairman."

Above exhibit, consisting of two pages, is marked "Complainant's Exhibit Fraser No. 669."

Complainant offers in evidence Proceedings of Conference Meeting between Representatives of Initial Lines from Chicago, East St. Louis and Peoria, to consider Rates on Scrap Iron, from Chicago, East St. Louis and Peoria, to Indiana Gas Belt Stations, and intermediate points, held in Chicago, September 7, 1905.

Which record is in words and figures as follows, to-wit:

H. R. Griswold, Vandalia R. R.
E. R. Newman, Wabash R. R.

Also present:

C. E. Fulton, Sec'y. Chicago & Ohio River Committee.

The Chairman presented proceedings of a meeting, held on July 7th last, at French Lick, Ind., by the St. Louis-Cincinnati-Louisville Freight Committee and the Chicago & Ohio River Committee, regarding rates on scrap iron, carloads, from and to points in Illinois and Indiana, at which time the following resolution was adopted:

'Resolved, That the Chairman submit the following facts to Mr. J. F. Tucker, Chairman of the Central Freight Association, with the request that he use every effort with representatives of lines having in effect individual tariff covering unauthorized rates, to have same cancelled, and failing in this that he endeavor to secure an advance more nearly approximating the authorized basis.

Correspondence was also read showing that an effort had been made to have rate of $1.15 per gross ton published on scrap iron, carloads, from Chicago, Ill., to Muncie, Ind., and rate of $1.00 per gross ton published on like traffic from Chicago to Terre Haute, Ind., advanced, to normal basis, but without anything being accomplished, hence the representatives of competing railroads thought it advisable that the Chicago, East St. Louis and Peoria lines should be convened to consider the subject of placing their shippers on a competitive basis.

It was stated as the belief that the rate from Chicago to Muncie was established on account of the rate current from Chicago to Terre Haute, and that the latter rate was made effective in view of the rate prevailing from Chicago to East St. Louis. Information was also furnished that the Chicago-East St. Louis roads expect in the near future to restore the rate from Chicago to East St. Louis to probably $1.40 per gross ton, and if this is done it is expected rate from Chicago to Terre Haute will be advanced, and this may enable restoration of rate of $1.40 per gross ton from Chicago to Muncie.

In view of the foregoing, it is

Recommended, That no change be made in the present rates from Chicago, East St. Louis and Peoria, Ill., to points in Central Freight Association terrotory, as established by the records of the Central Freight Association.

It is also

Recommended, That after the Chairman of the Central Freight Association obtains information as to what conclusions the Chicago-East St. Louis, lines reach concerning the advance in the rate from Chicago to East St. Louis, another meeting of the initial eastbound roads at Chicago, East St. Louis and Peoria be held to further consider the matter of rates on scrap iron, carloads, from and to Illinois and Indiana points.

It is suggested that the next meeting to discuss this question be held at Chicago Thursday morning, the 14th instant, if practicable, but this will depend upon whether or not a report is received by that time of an advance in the rate from Chicago to East St. Louis.

E. Morris, Chairman."

Above exhibit, consisting of three pages, is marked "Complainant's Exhibit Fraser No. 670."

Complainant offers in evidence letter marked "Advice Letter No. K-160, addressed to the General Freight Agents, dated November 21, 1904, and signed by J. F. Tucker, Chairman.

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, November 21, 1904.

Subject:—Proposed rate on glass bottles, C. L., from Evansville Ind., to Cincinnati, Ohio.

Advice Letter No. K-160.

To the General Freight Agents, Gentlemen:

The following is received from Mr. D. H. Hillman, Chairman, Evansville Freight Committee:

'Lines at Evansville individually desire to publish rate of 10 cents per 100 lbs. on glass bottles, C. L. Evansville, Ind., to Cincinnati, Ohio, for the reason that there is now already published from Alton, Ill., by the Illinois Terminal Railroad, a rate of 12 cents per 100 lbs. On account of the geographical location, river competition, and less haul, the lines from Evansville feel that a 10 cent rate would be on a justly comparative basis and they desire to individually publish such rate.'

The present published rate from Alton is as stated above; the present fifth class rate from Evansville to Cincinnati is 15 cents per 100 lbs.

Please note on the enclosed blank your views on this proposition, and oblige, Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 571."

Complainant offers in evidence unsigned copy of letter, presumably from R. M. Fraser, dated Dec. 3rd, 1904, addressed to Mr. J. F. Tucker, Chairman C. F. A.

Which letter is in words and figures as follows, to-wit:

"Dec. 3, 1904.

4301 & B-308

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:

On receipt of your wire regarding rate on Missouri River Wheat, I transmitted same to directly interested members by letter (copy attached) and received replies by Special Messenger, as follows:

B. & O. S. W. R. R. 'Your Circular Letter of the 3rd inst. file 4301 and B-308, addressed jointly to Messrs, Nichols, Hodgdon, Campbell, and myself, relative to rate on Missouri River Wheat from East St. Louis to Cincinnati, Jeffersonville, Louisville, etc. We have issued our tariff, effective Dec. 15th, advancing the rate to Louisville, Lawrenceburg, Jeffersonville and Cincinnati to 7 cents per 100 lbs., superseding our Tariff B-225.'

C. C. C. & St. L. Ry. 'Yours 4301 & B-308. Effective Dec. 5th our rate on Mo. River Wheat from East St. Louis to Cincinnati, Jeffersonville, Louisville, etc., will be 7 cts. per 100 lbs.'

Southern Ry. 'Your letter of this date, file 4301 and B-308. So far as Cincinnati is concerned we will maintain on wheat from East St. Louis, originating Missouri River points, whatever rate is adopted by the direct lines, be this 6 or 7 cents, but to Louisville, Evansville and New Albany, on such business the present rate of 4 cents per 100 lbs. will remain unchanged.'

T. H. & I. R. R. 'Referring to your letter of Dec. 3rd, file 4301 and B-308, with reference to rate on wheat, East St. Louis to Cincinnati, Jeffersonville, Evansville and Louisville, when from the west.

Our tariff is issued making rate of 7 cts. per 100 lbs. on this business, effective Dec. 5th. It has been customary for us to apply this rate to strictly intermediate points, and unless some good reason is advanced why we should not do this, we will follow the old practice.'

Trusting the above will give you the desired information, I am, Yours respectfully,

Chairman.

P. S. This is the information promised in my wire to you this A. M."

Above exhibit is marked "Complainant's Exhibit Fraser No. 672."

Complainant offers in evidence Circular letter dated May 5th, 1905, marked "Confidential," and signed "J. F. Tucker, Chairman."

Which letter is in words and figures as follows, to-wit:

CENTRAL FREIGHT ASSOCIATION

Eighth Floor Monadnock Block.

Confidential. Chicago, May 5, 1905.

I. C. C. Advice No. 419.

To the General Freight Agents,

Gentlemen: This office is informed that the following tariffs have been issued:

Item. 1 C. B. & Q. GFO 7151, 3-30 powder, 20,000 lbs., Edwards, Ill. to Louisville, 37 cents. (IC, B&OSW.)

2 M. I. & I. Line, ICC 148, 5-2, salt, 30,000 lbs., Manistee and Ludington to (IC) New Orleans, Natchez, Rosedale, Vicksburg and group, 22 cents.

3 L. H. & St. L. ICC 294, 5-1, fire brick, 30,000, lbs. Louisville to Evansville, 5 cents.

4 Santa Fe, 4-20, 70,000 lbs. flour, KC to Glasgow, 29.15 Anchor Line to Phila. (See Note.)

5 C. & E. I. 4-22, Chicago to Liverpool P.H.P., boxed and canned meats, lard, tallow and oleo oil, C. L. large 36, small 41.63 cents.

6 Ill. Cent. 4-15, 200 bbls. red oil, St. Louis to Rotterdam, 32 cents.

7 C. & A., 4-24, 3250 sax flour, KC to Manchester 29.53; 21.09 to N. Y. (USBCo.) (See Note.)

8 Frisco 5-1, 1 car walnut logs, E. St. Louis to Antwerp, 36 cents.

9 Ill. Cent. 4-27, 25 cars lard, So. Omaha and Sioux City to Liverpool and Manchester, via N. O. large 39, small 42 cents.

10 Mo. Pac. 4-28, 1 car washing powder, Omaha to London, via Westwego, 42 cents; 2 cars tallow St. Jos. to Liverpool, 37 cents, via Westwego.

11 C. G. W. 4-25, 196,000 lbs. flour, KC to La Guayra, 42.1; L. V. T. to N. Y. (See Note.)

12 Frisco 5-5, 7 to 10 cars lard KC to Hamburg, via N. O., large 36, small 39 cents.

Note: These items included because report does not show whether or not lines east of junctions with western roads are allowed authorized proportions.

Yours very truly,
J. F. Tucker, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 673."

Complainant offers in evidence Circular letter dated May 29th, 1905, marked "Circular Letter No. 383, cancelling Circular No. 353, "relating the rules governing shipments of packing house products between Association points proper.

Which letter is in words and figures as follows, to-wit:

CENTRAL FREIGHT ASSOCIATION
CHICAGO & OHIO RIVER COMMITTEE

Secretary's Office, Room No. 836 Monadnock Block.

Circular Letter No. 383 Chicago, May 29th, 1905.
Cancelling Circular No. 353. File No. 985.

Rules governing shipments of packing house products, Fresh Meats, etc., between Association points proper.

To the General Freight Agents. In accordance with action taken by the Chicago Committee at meeting March 29th, and as decided by a Sub-committee April 4th, the following rules will be established to govern transportation of

the various commodities as mentioned herein, from and to all points in Chicago and Ohio River Committee territory, effective April 5, 1904, and as revised on May 23rd, 1905:

Rule 1. When any of the following specified articles are shipped by one shipper or owner at one time to one consignee and destination, in either straight or mixed carloads, and the aggregate weight of the entire shipment is 28,000 lbs. or more, the carload rate per 100 lbs. applying on each article shall be charged:

Beef, pickled, in bbls. or tierces; Casings, Sausage (Beef or Hog), in bbls. or tierces, one-quarter bbls., one-eighth bbls., one-eighth bbls., crated or boxed; kegs, tubs or pails, crated or boxed; Grease, N. O. S., in bbls., tierces or boxes; Guts (Beef or Hog), in bbls., half bbls., tierces or casks; Lard (except leaf lard); Lard Substitutes, N. O. S.; Liver, pickled, in bbls., tierces or casks; Meats, canned, N. O. S., boxed; Meats, dessicated, in cans, boxed; Meats, dried, N. O. S., in boxes, bbls., or casks; Meats, dried, sliced in paper boxes packed in cases; Meats, potted, in cans, glass or earthenware, boxed; Meats, salted, packed or in bulk, or boxed; Meats, smoked (except Tongue), in bbls., boxes or casks; Oil, Oleo, in bbls., or tierces; Oil, Tallow, in bbls. or tierces; Oil, Red, in bbls., or tierces; Oil, Tanners', in bbls. or tierces; Pigs' Feet, pickled; Pigs' Feet, packed; Pork, pickled, in bbls., or tierces; Sausage, Bologna, or smoked, in bbls., boxes, kegs, casks or baskets; Sausage, canned; Stearine, in bbls., tierces or bags; Tails, Cattle or Ox, edible, salted or dried, in boxes, bbls., or casks; Tallow, in bbls. or tierces; Tongue, pickled, in bbls. or tierces; Tripe, pickled, in bbls., kegs or kits.

If the aggregate weight of the foregoing articles does not equal the required minimum weight of 28,000 lbs., sufficient weight at Packing-house Product rate shall be added to the weights thereof to make up the deficiency in weight. Any other articles loaded in the same car with

those described above will be charged for at less than carload rate authorized for such articles, and the weight thereof shall not be applied towards making up the required minimum weight of 28,000 lbs.

Rule 2. When any of the following specified articles are shipped with other articles taking 5th class in carloads, as per current Official Classification, by one shipper or other at one time to one consignee and destination, and the aggregate weight of the entire shipment is 28,000 lbs., or more, the carload rate for 100 pounds applying on each article shall be charged:

Beef, pickled, in bbls. or tierces; Casings, Sausage (Beef or Hog), in bbls. or tierces, one-quarter bbls., one-eighth bbls., one-eighth bbls., crated or boxed; kegs, tubs or pails, crated or boxed; Grease, N. O. S., in bbls., tierces or boxes; Guts (Beef or Hog), in bbls., half bbls., tierces or casks; Lard (except leaf lard); Lard Substitutes, N. O. S.; Liver, pickled, in bbls., tierces or casks; Meats, canned, N. O. S., boxed; Meats, dessicated, in cans, boxed; Meats, dried, N. O. S., in boxes, bbls., or casks; Meats, dried, sliced in paper boxes packed in cases; Meats, potted, in cans, glass or earthenware, boxed; Meats, salted, packed or in bulk, or boxed; Meats, smoked (except Tongue), in bbls., boxes or casks; Oil, Oleo, in bbls., or tierces; Oil, Tallow, in bbls. or tierces; Oil, Red, in bbls., or tierces; Oil, Tanners', in bbls. or tierces; Pigs' Feet, pickled; Pigs' Feet, packed; Pork, pickled, in bbls., or tierces; Sausage, Bologna, or smoked, in bbls., boxes, kegs, casks or baskets; Sausage, canned; Stearine, in bbls., tierces or bags; Tails, Cattle or Ox, edible, salted or dried, in boxes, bbls., or casks; Tallow, in bbls. or tierces; Tongue, pickled, in bbls. or tierces; Tripe, pickled, in bbls., kegs or kits.

If the aggregate weight of the foregoing articles, including those taking fifth class, carloads, as per current Official Classification, does not equal the required minimum

weight of 28,000 lbs., sufficient weight at Fifth Class rate shall be added to the weights thereof to make up the deficiency in weight.

Any other articles than those enumerated above and articles taking 5th class in carloads, as per current Official Classification, may be loaded in the same car, but such other articles will be charged for at the L. C. L. rate applying thereon, and the weight thereof shall not be applied towards making up the required minimum of 28,000 lbs.

Rule 3. When any of the following specified articles, or articles taking 5th class rates, in carloads, as per current Official Classification, are loaded into a car containing 3,000 pounds or less of dressed beef, sheep or hogs, said dressed beef, sheep or hogs or articles taking dressed meat rates as enumerated in Rule 4, shall be charged for at the dressed beef rate at 3,000 pounds, and the other specified articles, including those taking fifth class in carloads, as per current Official Classification, at the actual weight and at their carload class rate, but the weight of the latter shall not be used to make up a deficiency where the weight of the dressed beef, sheep or hogs or articles taking dressed meat rates as enumerated in Rule 4, is less than 3,000 pounds. Should the car contain a greater quantity than 3,000 pounds of dressed Beef, Sheep or Hogs or articles taking dressed meat rates as enumerated in Rule 4, the actual weight of the dressed beef, sheep or hogs or articles taking dressed meat rates as enumerated in Rule 4, shall be charged for. Any other articles than those enumerated below, and articles taking fifth class, in carloads, as per current Official Classification, may be loaded in the same car, but such other articles will be charged for, the less-than-carload rate applying thereon. In no case, however, will the minimum charge for the entire shipment be less than 20,000 pounds at the dressed beef rate.

Beef, pickled, in bbls. or tierces; Casings, Sausage (Beef

or Hog), in bbls. or tierces, one-quarter bbls., one-eighth bbls., one-eighth bbls., crated or boxed; kegs, tubs or pails, crated or boxed; Grease, N. O. S., in bbls., tierces or boxes; Guts (Beef or Hog), in bbls., half bbls., tierces or casks; Lard (except leaf lard); Lard Substitutes, N. O. S.; Liver, pickled, in bbls., tierces or casks; Meats, canned, N. O. S., boxed; Meats, dessicated, in cans, boxed; Meats, dried, N. O. S., in boxes, bbls., or casks; Meats, dried, sliced in paper boxes packed in cases; Meats, potted, in cans, glass or earthenware, boxed; Meats, salted, packed or in bulk, or boxed; Meats, smoked (except Tongue), in bbls., boxes or casks; Oil, Oleo, in bbls., or tierces; Oil, Tallow, in bbls. or tierces; Oil, Red, in bbls., or tierces; Oil, Tanners', in bbls. or tierces; Pigs' Feet, pickled; Pigs' Feet, packed; Pork, pickled, in bbls., or tierces; Sausage, Bologna, or smoked, in bbls., boxes, kegs, casks or baskets; Sausage, canned; Stearine, in bbls., tierces or bags; Tails, Cattle or Ox, edible, salted or dried, in boxes, bbls., or casks; Tallow, in bbls. or tierces; Tongue, pickled, in bbls. or tierces; Tripe, pickled, in bbls., kegs or kits.

Note.—Mixed cars containing fresh meats in boxes, dressed beef, or articles taking dressed beef rates, will only be accepted subject to the provisions of this rule.

Rule 4. Dressed Beef, Lamb, Mutton, Pork Loins, Pork cut in pieces, Veal, Dressed Hogs, Beef and Pork Tenderloins, Beef Round, Butts, Clods, Hearts, Livers, Leaf Lard, in racks, Loins or Ribs, Plucks, Rolls, Fresh Tongues, Skirts, Fresh Sausage, Tails, Boneless Chucks and Chuck Meats (either fresh or salted), in boxes or bbls., Beef Suet in boxes or bbls., and other Fresh Meats, N. O. S., when shipped by one packer or owner at one time to one consignee and destination, may be loaded in the same car subject to a minimum weight of 20,000 lbs., in any one car, and at the authorized dressed beef rates. If the actual weight

exceeds the minimum weight of 20,000 lbs., the actual weight shall be charged for.

Rule 5. Rule 5-C of Official Classification will apply on shipments of articles mentioned in any of the foregoing rules, when forwarded in *straight* carloads from one shipper to one consignee and one destination, the car containing the "part lot" to be subject to a minimum charge of 12,500 lbs. at the carload rate, or at actual weight if in excess of 12,500 lbs.; under this rule the same shipper or owner of the property will be limited to one car containing "part lot" on any one day to the same consignee and destination.

Rule 6. Rule 5-C of Official Classification will *not* apply on shipments of articles subject to the provisions of any of the foregoing rules when forwarded in mixed carloads. Yours truly,

C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit Fraser No. 674."

Complainant offers in evidence Circular Letter dated April 5th, 1904, marked "Circular Letter No. 353, Cancelling Circular No. 352," relating to rules governing shipments of packing-house products between Association points proper.

Which letter is in words and figures as follows, to-wit:

"Central Freight Association.
Chicago & Ohio River Committee.

Secretary's Office, Room No. 836, Monadnock Block.
Circular Letter No. 353. Chicago, April 5th, 1904.
Cancelling Circular No. 352. File No. 985.
Rules Governing Shipments of Packing-House Products, Fresh Meats, etc., Between Association Points Proper.
To the General Freight Agents:

In accordance with action taken by the Chicago Committee at meeting March 29th, and as decided by a Sub-Committee April 4th, the following rules will be established to govern transportation of the various commodities as mentioned herein, from and to all points in Chicago and Ohio River Committee territory, effective April 5th, 1904:

Rule 1. When any of the following specified articles are shipped by one shipper or owner at one time to one consignee and destination, in either straight or mixed carloads, and the aggregate weight of the entire shipment is 28,000 lbs. or more, the carload Packing-House Product rate per 100 lbs. will be charged:

Beef, pickled, in bbls. or tierces; Casings, Sausage (Beef or Hog), in bbls. or tierces, one-quarter bbls., one-eighth bbls., crated or boxed, kegs, tubs or pails, crated or boxed; Cattle Switches or Tails, N. O. S., green, salted, in bales, bbls. or bundles; Glue and Glue Stock; Grease, N. O. S., in bbls., tierces or boxes; Guts (beef or hog), in bbls., half bbls., tierces or casks, Hides, Calf, Beef or Horse, green, tied in bundles; Hide Pates or Scraps; Hog Skins, green, in bundles; Hog Skins, pickled; Hoofs; Horns; Lard; Lard, leaf, in pcks. on bulk; Lard Substitutes, N. O. S.; Liver, pickled, in bbls., tierces or casks; Meats, canned, N. O. S., boxed; Meats, dessicated, in cans, boxed;; Meats, dried, N. O. S., in boxes, bbls. or casks; Meats, dried, sliced, in paper boxes, packed in cases; Meats, potted, in cans, glass or earthenware, boxed; Meats, salted, packed or in bulk, or boxed; Meats, smoked (except Tongue), in bbls., boxes or casks, Oil, Oleo, in bbls., or tierces; Oil, Tallow, in bbls. or tierces; Oil, Red, in bbls. or tierces; Oil, Tanners' in bbls. or tierces; Pigs' Feet, Pickled; Pigs' Feet, packed; Pork, pickled, in bbls. or tierces; Sausage, Bologna, or smoked, in bbls., boxes, kegs, casks or baskets; Sausage, canned; Sheep Pelts or Skins, green, tied in bundles; Sheep Skins, pickled; Stearine, in bbls., tierces or bags; Tails, Cat-

tle or Ox, edible, salted or dried, in boxes, bbls., or casks; Tallow, in bbls. or tierces; Tongue, pickled, in bbls. or tierces; Tripe, pickled, in bbls., kegs or kits.

If the aggregate weight of the foregoing articles does not equal the required minimum weight of 28,000 lbs., sufficient weight at Packing-House Product rate shall be added to the weights thereof to make up the deficiency in weight. Any other articles loaded in the same car with those described above will be charged for at less-than-carload rate, authorized for such articles, and the weight thereof shall not be applied towards making up the required minimum weight of 28,000 lbs.

Rule 2. When any of the following specified articles are shipped with other articles taking 5th class, in carloads, as per current Official Classification, by one shipper or owner at one time to one consignee, and destination, and the aggregate weight of the entire shipment is 28,000 lbs., or more, the carload rate for one hundred pounds applying on each article shall be charged:

Beef, pickled, in bbls. or tierces; Casings, Sausage (Beef or Hog), in bbls. or tierces, one-quarter bbls., one-eighth bbls., crated or boxed, kegs, tubs or pails, crated or boxed; Cattle Switches or Tails, N. O. S., green, salted, in bales, bbls. or bundles; Glue and Glue Stock; Grease, N. O. S., in bbls., tierces or boxes; Guts (beef or hog), in bbls., half bbls., tierces or casks, Hides, Calf, Beef or Horse, green, tied in bundles; Hide Pates or Scraps; Hog Skins, green, in bundles; Hog Skins, pickled; Hoofs; Horns; Lard; Lard, leaf, in pcks. or bulk; Lard Substitutes, N. O. S.; Liver, pickled, in bbls., tierces or casks; Meats, canned, N. O. S., boxed; Meats, dessicated, in cans, boxed;; Meats, dried, N. O. S., in boxes, bbls. or casks; Meats, dried, sliced, in paper boxes, packed in cases; Meats, potted, in cans, glass or earthenware, boxed; Meats, salted, packed or in bulk, or

boxed; Meats, smoked (except Tongue), in bbls., boxes or casks, Oil, Oleo, in bbls., or tierces; Oil, Tallow, in bbls. or tierces; Oil, Red, in bbls. or tierces; Oil, Tanners' in bbls. or tierces; Pigs' Feet, Pickled; Pigs' Feet, packed; Pork, pickled, in bbls. or tierces; Sausage, Bologna, or smoked, in bbls., boxes, kegs, casks or baskets; Sausage, canned; Sheep Pelts or Skins, green, tied in bundles; Sheep Skins, pickled; Stearine, in bbls., tierces or bags; Tails, Cattle or Ox, edible, salted or dried, in boxes, or casks; Tallow, in bbls. or tierces; Tongue, pickled, in bbls. or tierces; Tripe, pickled, in bbls., kegs or kits.

If the aggregate weight of the foregoing articles, including those taking fifth class, carloads, as per current Official Classification, does not equal the required minimum weight of 28,000 lbs., sufficient weight at Packing-house Product rate shall be added to the weights thereof to make up the deficiency in weight.

Any other articles than those enumerated above, and articles taking 5th class in carloads, as per current Official Classification, may be loaded in the same car, but such other articles will be charged for at the L. C. L. rate applying thereon, and the weight thereof shall not be applied towards making up the required minimum of 28,000 lbs.

Rule 3. When any of the following specified articles, or articles taking fifth class rates, in carloads, as per current Official Classification, are loaded into a car containing 3,000 pounds or less of dressed beef, sheep or hogs, said dressed beef, sheep or hogs shall be charged for at the dressed beef rate of 3,000 pounds, and the other specified articles, including those taking fifth class, in carloads, as per current Official Classification, at the actual weight and at their carload *class* rate, but the weight of the latter shall not be used to make up a deficiency where the weight of the dressed beef, sheep or hogs is less than 3,000 pounds. Should the car

contain a greater quantity than 3,000 pounds of dressed beef, sheep or hogs, the actual weight of the dressed beef, sheep or hogs shall be charged for. Any other articles than those enumerated below, and articles taking fifth class, in carloads, as per current Official Classification, may be loaded in the same car, but such other articles will be charged for at the less-than-carload rate applying thereon. In no case, however, will the minimum charge for the entire shipment be less than 20,000 pounds at the dressed beef rate.

Beef, pickled, in bbls. or tierces; Casings, Sausage (Beef or Hog), in bbls. or tierces, one-quarter bbls., one-eighth bbls., crated or boxed, kegs, tubs or pails, crated or boxed; Cattle Switches or Tails, N. O. S., green, salted, in bales, bbls. or bundles; Glue and Glue Stock; Grease, N. O. S., in bbls., tierces or boxes; Guts (beef or hog), in bbls., half bbls., tierces or casks, Hides, Calf, Beef or Horse, green, tied in bundles; Hide Pates or Scraps; Hog Skins, green, in bundles; Hog Skins, pickled; Hoofs; Horns; Lard; Lard, leaf, in pcks. or bulk; Lard Substitutes, N. O. S.; Liver, pickled, in bbls., tierces or casks; Meats, canned, N. O. S., boxed; Meats, dessicated, in cans, boxed;; Meats, dried, N. O. S., in boxes, bbls. or casks; Meats, dried, sliced, in paper boxes, packed in cases; Meats, potted, in cans, glass or earthenware, boxed; Meats, salted, packed or in bulk, or boxed; Meats, smoked (except Tongue), in bbls., boxes or casks, Oil, Oleo, in bbls., or tierces; Oil, Tallow, in bbls. or tierces; Oil, Red, in bbls. or tierces; Oil, Tanners' in bbls. or tierces; Pigs' Feet, Pickled; Pigs' Feet, packed; Pork, pickled, in bbls. or tierces; Sausage, Bologna, or smoked, in bbls., boxes, kegs, casks or baskets; Sausage, canned; Sheep Pelts or Skins, green, tied in bundles; Sheep Skins, pickled; Stearine, in bbls., tierces or bags; Tails, Cattle or Ox, edible, salted or dried, in boxes, bbls., or casks; Tallow, in bbls. or tierces; Tongue, pickled, in bbls. or tierces; Tripe, pickled, in bbls., kegs or kits.

Note.—Mixed cars containing fresh meats, in boxes, dressed beef, or articles taking dressed beef rates, will only be accepted subject to the provisions of this rule.

Rule 4. Dressed Beef, Lamb, Mutton, Pork Loins, Pork cut in pieces, Veal, Dressed Hogs, Beef and Pork Tenderloins, Beef Round, Butts, Clods, Hearts, Livers, Leaf Lard, in racks Loins or Ribs, Plucks, Rolls, Fresh Tongues, Skirts, Fresh Sausage, Tails, Boneless Chucks and Chuck Meats (either fresh or salted), in boxes or bbls., Beef Suet in boxes or bbls., and other Fresh Meats, N. O. S., when shipped by one packer or owner at one time to one consignee and destination, may be loaded in the same car subject to a minimum weight of 20,000 lbs., in any one car, and at the authorized dressed beef rates. If the actual weight exceeds the minimum weight of 20,000 lbs., the actual weight shall be charged for.

Note.—Any of the articles enumerated in Rules 1 and 2 may be loaded in the same car to make up the minimum weight under this rule. Any other articles than those enumerated in Rules 1 and 2 loaded in the same car with those described above may be taken at the less-than-carload rate authorized for such articles, but the weight thereof shall not be computed towards making up the authorized minimum weight of the car into which they may be placed.

Rule 5. Rule 5-C of Official Classification will apply on shipments of articles mentioned in any of the foregoing rules, when forwarded in *straight* carloads from one shipper to one consignee and one destination, the car containing the "part lot" to be subject to a minimum charge of 12,500 lbs. at the carload rate, or at actual weight if in excess of 12,500 lbs.; under this rule the same shipper or owner of the property will be limited to one car containing "part lot" on any one day to the same consignee and destination.

Rule 6. Rule 5-C of Official Classification will ***not*** apply

on shipments of articles subject to the provisions of any of the foregoing rules when forwarded in mixed carloads.

Yours truly,

C. E. Fulton, Secretary."

Complainant offers in evidence Letter dated June 13th, 1905, addressed to R. M. Fraser, Chairman, St. Louis-Cincinnati-Louisville Committee, signed C. E. Fulton, Secretary.

Which letter is in words and figures as follows, to-wit:

Chicago, June 13, 1905.

In your reply refer to File No. 1272.

Mr. R. M. Fraser, Chairman, St. L.-C.-L. Committee, St. Louis, Mo.

Dear Sir: Yours of the 12th, file B-487 relative to rates on Trunks L. C. L., between E. St. Louis and Ohio River crossings, as also from and to Chicago.

In order that there may be no misunderstanding as to the application of 40 cent rate from Chicago to Ohio River crossings on Kentucky business applying to such points as Louisville, Newport, Covington, etc., we will with first supplement to tariff add a clause to the effect that same will apply only to interior Kentucky points and not to points on the Ohio River, although I am positive our lines fully understand this and in no case have used this rate to Louisville, etc., proper.

I also believe the understanding at meeting was that rates from St. Louis to Ohio River crossings on Kentucky business might be made same as from Chicago, but that between E. St. Louis and the river the Official Classification should apply same as from Chicago, and with correction to

our tariff as above stated, I think the matter will be satisfactorily disposed of.

Yours truly,
C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit Fraser No. 676."

Complainant offers in evidence Proceedings of Conference between the St. Louis-Cincinnati-Louisville Freight Committee and the Chicago & Ohio River Committee, held in Chicago, June 2nd, 1905.

Which proceedings are in words and figures as follows, to-wit:

Proceedings of Joint Conference Between the St. Louis-Cincinnati-Louisville Freight Committee and Chicago & Ohio River Committee, Held in Chicago & Ohio River Commitee Rooms, Chicago, Friday, June 2, 1905.

Representation C. & O. R. Committee:

C. E. Fulton, Chairman. B. & O. S. W. R. R., Archibald Fries, E. Hart, Jr.; C. & A. Ry., C. A. King, by F. S. Hollands; C. & E. I. R. R., S. J. Cooke, by R. E. Eggebrecht; C. & E. R. R., not represented; C. C. C. & St. L. Ry., C. Tillinghast, H. F. Frost; C. H. & D. Ry.; E. J. Hutchinson, J. E. Williams; C. I. & L. Ry., O. C. Carter; E. & T. H. R. R., D. H. Hillman; U. C. R. R., Geo. W. Becker; P. C. C. & St. L. Ry., M. S. Connelly, H. C. Matthews, F. E. Sawyer; So. Ry. (St. L. & L. Div.), R. A. Campbell, S. Neffler; Vandalia R. R., H. R. Griswold; Wabash R. R., E. R. Newman.

Representation St. Louis-Cincinnati-Louisville Committee:

R. M. Fraser, Chairman. B. & O. S. W. R. R., Archibald Fries, E. Hart, Jr.; C. & A. Ry., R. D. Yoakum, by

F. S. Hollands; C. P. & St. L. Ry., C. W. Galligan; C. H. & D. Ry., E. J. Hutchinson; C. C. C. & St. L. Ry., H. F. Frost; I. C. R. R., Geo. W. Becker; L. H. & St. L. Ry., L. J. Irwin; L. & E. P. Co., not represented; P. C. C. & St. L. Ry., F. E. Sawyer, H. C. Matthews; Southern Ry., R. A. Campbell, Vandalia R. R., H. R. Griswold.

Meeting convened 11:00 a. m., C. E. Fulton presiding.

Commodity Rates Between East St. Louis and Ohio River Crossings vs. Between Chicago and Ohio River Crossings.

General discussion of the commodity rates at present in effect between Chicago and Ohio River crossings, vs. between E. St. Louis and Ohio River crossings, resulted in the announcement of making no changes in the present rates on following commodities:

Brick, general, C. L.; Clay, shale or kaolin, common or crude (not ground or prepared); Coke, gas-house, C. L.; Cotton sheeting, duck and drilling, L. C. L.; Cotton yarn, warp, jeans and mop cotton, L. C. L.; Fertilizer, C. L.; Glycerine, crude, C. L.; Meats, fresh, dressed beef, mutton, etc., C. L.; Oil, corn, lard, oleo, red, tanners', C. L.

Note:—Lard oil between E. St. Louis and Ohio River crossings to be restored to Official Classification basis.

Oil, crude or fuel, crude naptha, etc., C. L.; Oil, rosin, C. L.; Packing-house products and provisions, C. L.; Pipe and fittings, cast iron, C. L.; Rosin, C. L.; Soap stock, tallow, spent lye, etc., C. L.; Tar, pitch and turpentine, C. L.; Vinegar, C. L.

The following changes were decided upon:

Cement, asphalt or tar paving, C. L., 11 cents between E. St. Louis and Ohio River crossings, and Chicago and O. R. crossings.

Cotton batting, C. L., rates Ohio River crossings to E. St. Louis and Chicago restored to Official Classification basis, providing corresponding rates apply from Ohio River crossings to Central Freight Association points, i. e., Detroit, Toledo, etc.

Drums, casks or tubes, iron, empty, second-hand—commodity rates between E. St. Louis and Ohio River crossings to be canceled carrying same as exception to Official Classification at fourth-class rates.

Iron, bar, C. L.—rates Louisville, Jeffersonville and New Albany to E. St. Louis, advanced to 10 cents same as now applies from O. R. Crossings to Chicago, providing rate from Vincennes and Terre Haute to E. St. Louis will be correspondingly advanced.

Iron, scrap, C. L.—decided that matter be made subject of joint conference meeting between E. St. Louis Committee, C. & O. R. Committee and Central Freight Ass'n lines for general check in lining up all rates.

Lead, red or white and litharge, in straight or mixed C. L., St. Louis lines directed attention to rate between Chicago and Ohio River crossings as per note reading, "foregoing rates do not apply on shipments of paints in oil or prepared," and suggesting that the note be eliminated.

As foregoing was in acordance with legislation of the Chicago and Ohio River Committee, May 17th, 1905, decided that the matter be again presented for consideration of the General Committee at its meeting June 21st.

Tanners' Offal, C. L. 10 cents between East St. Louis and Ohio River and Chicago and Ohio River crossings.

Trunks, nested, L. C. L.—Official Classification basis to apply from East St. Louis to Ohio River crossings.

Rates on butter and cheese when loaded in refrigerator cars vs. common cars.

A member directed attention to application of 2nd class rates on butter L. C. L. and 3rd class rates on cheese L. C.

L., whether in refrigerator or common cars, in connection with which it was recommended that on shipments of butter and cheese when in refrigerator cars rates to be charged for shall be just one class higher than at present provided for by the Official Classification, or on butter 1st class; cheese 2nd class rates.

Several objections were advanced to the proposition.

The general request was that the changes definitely decided upon as per the foregoing should become effective in the respective tariffs Jun 19, 1905.

No further business being presented, the meeting on motion adjourned. C. E. Fulton, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 677."

Complainant offers in evidence Letter dated Chicago, July 24, 1905, addressed to R. M. Fraser, Chairman, St. Louis-Cincinati-Louisville Freight Committee, and signed "J. F. Tucker, Chairman."

Which letter is in words and figures as follows, to-wit:

Chicago, July 24, 1905.

Please refer to File No. 12,275-B.

Mr. R. M. Fraser, Chairman,

St. Louis-Cincinnati-Louisville Freight Committee,

St. Louis, Mo.

Dear Sir: Referring to your file B-368 regarding rates on bar iron from Louisville and New Albany to East St. Louis:

Please advise me the present status of this subject so far as concerns the St. Louis-Cincinnati-Louisville Freight Committee. Is your Committee waiting to learn what will be done toward advancing the rates from Vincennes and Terre

Haute to East St. Louis, prior to making any advance in the present rate from Louisville and New Albany?

Yours very truly,
J. F. Tucker, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 678."

Complainant offers in evidence Letter marked "Confidential," dated Chicago, February 28, 1905, addressed to the General Freight Agents, and signed "J. F. Tucker, Chairman."

Which letter is in words and figures as follows, to-wit:

Chicago, February 28 1905.

Confidential. I. C. C. Advice No. 402.

To the General Freight Agents,

Gentlemen: This office is informed that the following tariffs have been issued:

Item 1. Ill. Cent. Supp 5 to ICC 2424, 2/27, (re-issues) (a) Owensboro to Kan. City on farm wagons, 20,000 lbs. 35½; buggies, 20,000, 37½. (b) Owensboro to E. St. Louis, sewer pipe, 24,000 lbs. 9½ cents. (c) Iron, bar and plate, C. L. between Louisville, New Albany, Jeff. and E. St. Louis, Belleville, Granite City and Madison, 8 cents.

Item 2. C. B. & Q. FO 5732, 2/28, dried beans, 24,000 lbs., Chicago to (M. & O.) Alabama Port, Ala., 35 cents.

Item 3. B. & O. S. W. ICC 4499, 2/28, bar iron, 40,000 lbs., Louisville, Jeff. and New Albany to E. St. Louis and Belleville, 8 cents.

Item 4. Ill. Cent. A-13,550, 2/27, P. H. P. 24,000 lbs., Chicago to Vera Cruz and Tampico, lard, in tierces, 39 cents; hams, bacon and canned meats, strt. or mixed CL, 44 cents. Marine insurance not included.

Item 5. Santa Fe, 2/28, 200 bbls. flour K. C. to Manaos, Brazil, 47.6 cents—TD to NY—see Note.

Item 6. Ill. Cent. 2/24, one car feathers, Chicago to Christiana via N. O., $1.05.

Item 7. Frisco 2/28, 2 cars canned meats, K. C. to New Castle, 43 cents, via N. O.

Item 8. Ill. Cent. 2/23, 75 tierces lard, E. St. Louis to Stettin, via N. O., 44 cents.

Item 9. Mo. Pac. 2/23, 400 tierces lard, K. C. to Hamburg, via Westwego, 38 cents.

Item 10. C. & A. 2/23, 420,000 lbs. flour, K. C. to Bristol, 30.9, 21.9 cents to N. Y. (I. S. Des.) (See Note.)

Item 11. Frisco from K. C. 3/1, 1 car canned meats, London, 39c; 500 half-bbls. lard, Trieste, 40 cents; 75 tierces lard, Glasgow, 40 cents; 75 tierces, 250 half-bbls. lard, Liverpool, 38, via N. O.

Note.—These items included because report does not show whether or not lines east of junctions with western roads are allowed authorized proportions.

Yours very truly,

J. F. Tucker, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 679."

Complainant offers in evidence Letter dated Chicago, Sept. 22nd, 1904, being a call for a meeting at Chicago, September 26th, 1904, to consider rates on cast-iron pipe, addressed to the representatives of initial lines at Cairo, East Cape Girardeau, East St. Louis and Thebes, Ill.; Evansville, Jeffersonville, New Albany, Noblesville and Vincennes, Ind.; Detroit, Mich.; Buffalo, N. Y.; Cincinnati, Cleveland, Columbus, Jackson, Massillon and New

Comerstown, Ohio; and Scottdale, Pa., and signed "J. F. Tucker, Chairman."

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.
Eighth Floor, Monadnock Block.

Chicago, September 22, 1904.

Call for Meeting,

At Chicago, Ill., Monday, September 22, 1904, to consider rates on cast-iron pipe.

C. M. No. 203

To the representatives of initial lines at Cairo, East Cape Girardeau, East St. Louis and Thebes, Ill.; Evansville, Jeffersonville, New Albany, Noblesville and Vincennes, Ind.; Detroit, Mich.; Buffalo, N. Y.; Cincinnati, Cleveland, Columbus, Jackson, Massillon and New Comerstown, Ohio; and Scottdale, Pa.

Gentlemen: Referring to Information Circular No. 5443, issued to-day, naming reduced rates on cast-iron pipes, in carloads, from various cast-iron shipping points in Central Freight Association territory to Chicago, Peoria, East St. Louis, etc.

In view of the reductions as provided by said Information Circular, it was decided that a meeting of the representatives of all roads that are initial at Central Freight Association points at which cast-iron pipe is manufactured, should convene at this Association's rooms Monday, September 26, 1904, at 10:30 a. m., to recheck the rates applying on cast-iron pipe from cast-iron pipe shipping points to points in Central Freight Association territory.

Please, therefore, arrange to be present at said meeting, it being understood that you will telegraph this office immediately upon receipt hereof in case you cannot be on hand.

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 680."

Complainant offers in evidence Letter dated Chicago, Jan. 16th, 1903, addressed to General Freight Agents, and signed "C. E. Fulton, Secretary."

Which letter is in words and figures as follows, to-wit:

"Chicago, Jan. 16, 1903.
In your reply refer to File No. 1050.
Iron Pipe Rates.

To General Freight Agents,

Gentlemen:—At your meeting December 10-12 in conference with the members of the St. Louis-Louisville-Cincinnati Committee it was decided that effective January 1, 1903, rates on iron pipe between Chicago and Ohio River crossings, and East St. Louis and Ohio River crossings should be $2.00 per ton, contingent upon same rate to prevail from Columbus, Massillon and New Comerstown to Chicago, in connection with which it was generally understood and so stated verbally by parties in interest, that the foregoing rates would be made effective from Ohio points to Chicago on January 1st, and therefore the rates were accordingly published between Chicago and Ohio River crossings, and southern connections were so notified.

After the tariffs were out and distributed it was ascertained that the Iron Pipe Committee had not as yet had a complete check of rates throughout C. F. A. territory, and that the matter would not be disposed of until meeting to be called January 6th; therefore in accordance with proceedings of your meeting December 10-12 southern connections were immediately notified and supplements issued to tariffs promulgated from this office, restoring northbound rate to old figures of $1.65 Ohio River to Chicago, until such time as it was definitely ascertained or final advices received of

exact date effective of $2.00 per ton rate from New Comerstown, Massillon and Columbus.

This office is now advised verbally by representatives of eastern lines that their tariffs are in the hands of printers and will provide for $2.00 rate effective February 1st, as also in receipt of C. F. A. Information No. 3963 which provides that advanced iron pipe rates throughout C. F. A. territory will become effective February 1st.

I have therefore this day notified by wire representatives of southern lines accordingly, and "issued supplement to Division Sheet No. 46, G. L., taking effect February 1st, providing for rate of $2.00 per ton, on iron pipe from north bank Ohio River crossings to Chicago, and $2.40 to Milwaukee, as also supplement to Through Freight Rates No. 46, applying from Ohio River crossings proper."

Yours truly,

C. E. Fulton, Secretary."

Above exhibit is marked "Complainant's Exhibit Fraser No. 681."

Complainant offers in evidence Unsigned copy of letter August 9th, 1905, addressed to J. F. Tucker, Chairman, C. F. A., and purporting to be from R. M. Fraser, Chairman.

Which copy of letter is in words and figures as follows, to-wit:

Aug. 9, 1905.

B-376.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 8th, file 10077-R. I give below copy of your wire asking *proper rates* on Sand from Mo. Pits and my reply thereto.

"Please advise what you understand are proper rates on Sand from Missouri Pits to Cincinnati, Louisville and New Albany.

J. F. Tucker."

"Your wire 5th. Authorized rates on Sand, Mo. Pits. to Cincinnati, Louisville and New Albany, $1.80 per ton.

R. M. Fraser."

It is a fact that the rate is to New Albany and Jeffersonville, Ind., $1.50 and to Louisville, Ky. (Bridge Toll higher), $1.60 per ton as per C. R. I. & P., GFD. No. 16,250-B, ICC. No. C-6518, effective June 27th, 1905.

The same rates are published in Frisco System, Joint Through Tariff No. 162-E, ICC. 4536, C&EI. GFD. No. 5-A, effective May 25th, 1905, via So. Ry. to New Albany and Louisville.

The rates are also published in Mo. Pac. Ry. Joint Freight Tariff No. I-S-12,332-C, ICC. No. 7479, effective April 13th, 1905, via B. & O. S. W. and Southern Ry. to New Albany and Louisville.

The So. Ry, is not disposed to carry a higher rate to New Albany than in effect to Gas Belt points, viz.: $1.50, and that I believe resulted in same rate to Jeffersonville and to Louisville the Bridge toll higher.

The rate named by Western Roads Tariffs to those points are printed on authority of the individual roads and are not authorized by this Committee. Respectfully,

Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 682."

Complainant offers in evidence Letter dated Chicago, November 12, 1901, addressed to R. M. Fraser, Chairman, St. Louis-Cincinnati-Louisville Freight Committee, and signed "J. F. Tucker, Chairman."

Which letter is in words and figures as follows, to-wit:

Chicago, Nov. 12, 1901.
Please refer to File 8614.

Glass sand from East St. Louis, Kankakee, etc.

Mr. R. M. Fraser, Chairman,
St. Louis-Cincinnati-Louisville Frt. Committee,
St. Louis, Mo.

Dear Sir: Acknowledging receipt of your favor of the 8th inst., file B-376, in which I presume you intended to refer to our Advice Letter G-506½.

As we understand it, the wishes of the St. Louis-Cincinnati-Louisville Committees are that basis for rates on glass sand to apply from and to C. F. A. points be decided on, and it seems that there will also be brought into question not only the rates subject to said Committee's jurisdiction, but also those points touched by St. Louis eastbound roads not members of said Committee. Hence we have sent call for meeting to all initial lines from East St. Louis and there will be no excuse for every one interested not being fully informed.

It seems to me while the question of establishing uniform basis on glass sand is being discussed, it would be well to present the proposition of the I. I. & I. R. R. for change in rates from Kankakee. As far as the I. I. & I. R. R. proposition is concerned, we believe that the shipments of sand on which the proposed rates will apply are forwarded principally if not altogether, from a few points in the vicinity of Utica, Ill., and it is easy enough to have western roads publish through rates from such points to C. F. A. destinations with the understanding that C. F. A. lines wil be allowed certain divisions thereof, thus eliminating the feature of proportional rates from the question.

Yours very truly,
J. F. Tucker, Chairman."

Above exhibit, consisting of two pages, is marked "Complainant's Exhibit Fraser No. 683."

Complainant offers in evidence letter dated Chicago, June 11th, 1901, addressed to R. M. Fraser, Chairman St. Louis-Cincinnati-Louisville Freight Committee, and signed "C. E. Fulton, Sec'y."

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Chicago & Ohio River Committee.

Secretary's Office,
836 Monadnock Block.

Chicago, June 11, 1901.

Sand Rates Illinois Points to Ohio River Crossings vs. from Klondyke, Mo., via St. Louis.

Mr. R. M. Fraser, Chairman,
St. Louis-Cincinnati-Louisville Frt. Committee,
St. Louis.

Dear Sir: No doubt you are aware that from Klondyke, Mo., the rate on sand to East St. Louis is 40 cents per ton, which plus your tariff rate of $1.35 St.Louis to Cincinnati results in a rate of $1.75 per ton for a distance of 481 miles, which severely menaces the rates from Illinois points to Cincinnati, rates from the latter points being 50 cents per ton for a distance less than 100 miles plus the $1.50 rate Chicago and Chicago rate points to Ohio River crossings for 300 miles.

This question was brought to the attention of the general committee at regular meeting to-day, a resolution being adopted referring the matter to your Committee with a view of ascertaining if possible whether or no the rates could be advanced from Klondyke to Cincinnati. It certainly looks that if $1.50 can be maintained for 300 miles from Chicago, etc., to Cincinnati, the same rate should certainly prevail for your distance East St. Louis to Cincinnati of 342 miles, and the opinion was further expressed that with the

concurrence of the St. Louis, Cincinnati and Louisville lines, you could prevail upon the initial lines to advance the arbitrary of 40 cents to at least 50 cents from Klondyke to East St. Louis.

Won't you kindly see that this matter is presented in accordance with the foregoing? Very truly,

C. E. Fulton, Secretary."

Above exhibit, consisting of two pages, is marked "Complainant's Exhibit Fraser No. 684."

Complainant offers in evidence letter dated Chicago, Sept. 29, 1905, addressed to Mr. R. M. Fraser, Chairman St. Louis-Cincinnati-Louisville Freight Committee, and signed "J. F. Tucker, Chairman."

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman,
8th Floor Monadnock Block.

Chicago, Sept. 29, 1905.
Please refer to File 12,564-B.

Mr. R. M. Fraser, Chairman,
St. Louis-Cincinnati-Louisville Freight Committee,
St. Louis, Mo.

Dear Sir: Will you kindly inform me the present rate on cotton linters, carloads, from East St. Louis to Cincinnati, Ohio, both when shipments originate at St. Louis or at points west thereof—for instance, in the State of Texas?

This inquiry is made because we find that the Chicago & Eastern Illinois Railroad, on August 3rd, on waybill No. K-15, billed a shipment of cotton linters from East St. Louis to Lockland, Ohio, at rate of 15 cents per hundred pounds, and, in defense thereof, it is stated that said rate is that current to Cincinnati, and is covered by Item 5 of Frisco Sys-

tem Eastbound Arbitrary Tariff No. 626-B, Mch. 16, 1904, but we have examined issues of the St. Louis-Cincinnati-Louisville Committee and cannot locate therein a rate of 15 cents from East St. Louis to Cincinnati, which would, no doubt, apply also to Lockland.

Yours very truly,
J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 685."

Complainant offers in evidence letter dated Chicago, July 29, 1905, addressed to Mr. R. M. Fraser, Chairman St. Louis-Cincinnati-Louisville Freight Committee, and signed "J. F. Tucker, Chairman."

Mr. R. M. Fraser, Chairman,
St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Will you please advise what the present rates are on cotton, compressed and uncompressed, carloads and less than carloads, from East St. Louis to Cincinnati, Jeffersonville, Louisville, and Lockland.

Yours very truly,
J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 687."

Complainant offers in evidence letter dated Chicago, June 23rd, 1905, marked "Advice Letter No. K-768," addresed to the General Freight Agents, and signed "J. F. Tucker, Chairman."

Which letter is in words and figures as follows, to-wit:

"CENTRAL FREIGHT ASSOCIATION.
8th Floor Monadnock Block.

Chicago, June 23, 1905.

Subject—Proposed through rates and divisions on mel-

ons, C. L., from points in Missouri and Arkansas to C. F. A. territory.

Advice Letter No. K-768.

To the General Freight Agents,

Gentlemen: The St. Louis Eastbound Freight Committee have adopted the following:

'Recommended, To the Central Freight Association, that Information No. 5244 be cancelled and the following rates be authorized on melons, C. L., minimum weight 25,000 lbs. from Mo. Pac. Ry. (I. M. & So.) and Frisco System stations, as follows:

Missouri Pacific Stations.

Bertrand, Blodgett, Buckeye, Cary, Charleston, Crawfords, Diehlstadt, Essex, Leedys, Melon Switch No. 1, Melon Switch No. 2, Melon Switch No. 3, Miner, Morley, Naylor, Oran, Ostner, Porter, Sargent, Sand Spur, Sikeston, Mo.

Frisco Stations.

In dividing the foregoing rates the following maximum proportions to be allowed the railroads south and west of Cairo, Gale, Thebes or East St. Louis, the balance of the through rates to accrue to the railroads east of Cairo, Gale, Thebes or East St. Louis.

To Cairo, Gale, or Thebes ..... 7.2 cts. per 100 lbs.
To East St. Louis ..... 9.2 cts. per 100 lbs.

The above figures will allow the lines east of Cairo, Gale, Thebes or East St. Louis the same as they receive out of the through rates authorized in C. F. A. Information No. 5244, the lines south or west of Cairo, Gale, Thebes or East St. Louis having reduced their rates 1.8 cts. per 100 lbs. to the above crosings.'

While under the proposition, the lines east of East St. Louis will be allowed the same earnings as they now receive on like traffic from stations named in Information No. 5244, yet it has the effect of extending the application of said proportions on shipments from additional points in Missouri and Arkansas; hence the necessity of submitting same for your consideration and views.

It will be observed that the through rates named from points of origin, already covered by Information No. 5244, are reduced to the extent of 1.8 cents per 100 lbs., but the entire reduction is borne by the roads west of the Mississippi River.

Please note on the enclosed blank, your views on this proposition, and oblige,

Yours very truly,
J. F. Tucker, Chairman."

Proportional Rates on Lumber and Articles Taking Same Rates.

For Your Information: Roads interested individually advise that, taking effect June 1, 1900, proportional rates sub-

ject to basis mentioned below will be published from Chicago, East St. Louis, or Peoria, Ill., on lumber and articles taking lumber rates, in car loads, originating at the Pacific Coast and destined to points in Central Freight Association territory, the object being to have the same through rates from the Pacific Coast via the three (3) gateways specified:

1st. The proportional rates from Chicago, Ill., will be such as are necessary to equalize with the rates from Pacific Coast points of origin to East St. Louis or Peoria, plus the established local rates from the latter points.

2nd. The proportional rates from Peoria will be such as are necessary to equalize with the rates from Pacific Coast points of origin to Chicago or East St. Louis, plus the established local rates from the latter points.

3rd. The proportional rates from East St. Louis will be such as are necessary to equalize with the rates from Pacific Coast points of origin to Chicago or Peoria, plus the established local rates from the latter points.

4th. The established local rates from East St. Louis, Ill., being the same as shown in Central Freight Association Information No. 1878 of December 5, 1899, it is permissible for the lines leading from Chicago and Peoria to equalize with the rates specified in Information No. 1878 from East St. Louis.

Yours truly

J. F. Tucker."

Complainant offers in evidence Information Circular No. 2154, dated Chicago, April 2, 1900, as follows:

"INFORMATION No. 2154.

(Abrogating Information No. 1143.)

Central Freight Association, Chicago, April 2, 1900.

Proportional Rates on Lumber and Articles Taking Same Rates.

For your Information:—Roads interested individually advise that, taking effect April 18, 1900, proportional rates subject to basis mentioned below will be published from Chicago, East St. Louis or Peoria, Ill., on lumber and articles taking lumber rates, in carloads, originating at the Pacific Coast and destined to points in Central Freight Association territory, the object being to have the same through rates from the Pacific Coast via the three (3) gateways specified.

1st. The proportional rates from Chicago, Ill., will be such as are necessary to equalize with the rates from Pacific Coast points of origin to East St. Louis or Peoria, Ill., plus the sixth class rates from the latter points.

2nd. The proportional rates from Peoria, Ill., will be such as are necessary to equalize with the rates from Pacific Coast points of origin to Chicago or East St. Louis, plus the sixth class rates from the latter points.

3rd. The proportional rates from East St. Louis, Ill., will be such as are necessary to equalize with the rates from Pacific Coast points of origin to Chicago or Peoria, plus the sixth class rates from the latter points.

Note: In case less than full sixth class rates are hereafter duly authorized from Chicago, Peoria, or East St. Louis, Ill., such commodity rates shall be used as the basis of equalization via any of the gateways mentioned herein.

Yours truly,

J. F. Tucker."

Above exhibit is marked "Complainant's Exhibit Fraser No. 696."

Complainant offers in evidence Information Circular No. 2021, dated Chicago, February 1, 1900, as follows:

"INFORMATION No. 2021.

(Abrogating Information No. 2002.)

Central Freight Association,

Chicago, February 1, 1900.

Switching Rates and Percentages Between Eastern Roads and Belt Lines on Traffic Interchanged with Western Roads.

For Your Information:—The Baltimore & Ohio R. R.; Cleveland, Cincinnati, Chicago & St. Louis R'y.; Chicago & Eastern Illinois R. R.; Chicago & Erie R. R.; Chicago, Indianapolis & Louisville R'y.; Grand Trunk Railway System; Lake Shore & Michigan Southern R'y.; Michigan Central R. R.; New York, Chicago & St. Louis R. R.; Pennsylvania Company; Pittsburg, Cincinnati, Chicago & St. Louis R'y.; and the Wabash Railroad; individually advise that, effective February 1, 1900, on east-bound and west-bound traffic originating at or destined to points in Central Freight Association territory, from or to points west of Blue Island, East Joliet or Kankakee, Ill., which is interchanged with the Atchison, Topeka & Santa Fe R'y.; Chicago, Milwaukee & St. Paul R'y.; Chicago & Northwestern R'y.; Chicago & Alton R. R.; Chicago Great Western R'y.; Chicago, Rock Island & Pacific R'y.; Chicago, Burlington & Quincy R. R.; Illinois Central R. R.; the Wabash Railroad, and Wisconsin Central R'y., via the so-called Belt Lines, the following will govern:

Rule 1. The duly authorized rates or proportions of through rates applying from or to Chicago, Ill., will also apply from or to Blue Island, East Joliet or Kankakee, Ill.

Rule 2. Out of the proportions provided in Rule 1 above as accruing east of Blue Island, Ill., the *Chicago Junction*

Railway will be allowed $3.50 per loaded car between Blue Island, Ill., and the junction of that company where the traffic is received from or delivered to the eastern road.

No allowance to be made for the return of empty cars.

Rule 3. The allowances to the *Chicago Terminal Transfer Railroad* and the *Chicago & Western Indiana Railway* are to be as per said Company's present tariffs, but such allowances are not to exceed $1.50 per loaded car and 75 cents for each empty car returned.

Rule 4. Out of the proportions provided in Rule 1 above as accruing east of East Joliet, Ill., the *Elgin, Joliet & Eastern Railway* will be allowed $4.00 per loaded car between East Joliet, Ill., and the junctions of that company where the traffic is received from or delivered to the eastern road.

No allowance is to be made for the return of empty cars.

Rule 5. Out of the proportions provided in Rule 1 above as accruing east of Kankakee, Ill., the *Indiana, Illinois & Iowa Railroad* will be allowed for the services performed between Kankakee, Ill., and all junctions east thereof on that road to and including South Bend, Ind., the following percentages of the rates or proportions charged from or to Kankakee, Ill., (i. e., of the rates or proportions duly authorized from or to Chicago), all eastern terminals and arbitraries, as per Fast Freight Line Hand Books, to be deducted prior to pro-rating and added to eastern roads proportions (see Note 2):

On shipments from or to—	Per cents.
Buffalo, N. Y., and Buffalo rate points	15
Pittsburg, Pa., and Pittsburg rate points	17
Salamanca, N. Y., and Salamanca rate points	15
Toronto, Ont., and Toronto rate points	15

Note 1. The carload rates specified herein as accruing to the C. J. R'y., C. T. T. R. R., C. & W. I. R'y., and E. J. & E. R'y., will be the full compensation paid such roads, re-

gardless of the weight, contents, or number of different consignments in any one car received from or delivered to them by any of the eastern roads.

Note 2. From and to all points in Central Freight Association territory, except the western termini of the trunk lines as provided above, the present percentages for dividing through rates on traffic interchanged between eastern and western roads via the I. I. & I. R. R. will continue in effect until March 1, 1900, the intention being that revised percentages for dividing such rates from other points in Central Freight Association territory, except the western termini of the Trunk Lines, will be arranged at once and be made effective as of February 1, 1900, all shipments on and after that date to be checked back.

Effective February 1, 1900, all arrangements in effect with the so-called Belt Lines named above, at variance with the foregoing, will be cancelled.

Yours truly,

J. F. Tucker."

Above exhibit, consisting of three pages, is marked "Complainant's Exhibit Fraser No. 697."

Complainant offers in evidence Information Circular No. 2002, dated Chicago, January 20, 1900, as follows:

"INFORMATION No. 2002.

(Abrogating Authority No. 576 and Information No. 1730.)

Central Freight Association,
Chicago, January 20, 1900.

Switching Rates Between Eastern Roads and Belt Lines on Traffic Interchanged with Western Roads.

For Your Information:—The Baltimore & Ohio R. R.; Cleveland, Cincinnati, Chicago & St. Louis Ry.; Chicago &

Eastern Illinois R. R.; Chicago & Erie R. R.; Chicago, Indianapolis & St. Louis Ry.; Grand Trunk Railway System; Lake Shore & Michigan Southern Ry.; Michigan Central R. R.; New York, Chicago & St. Louis R. R.; Pennsylvania Company; Pittsburg, Cincinnati, Chicago & St. Louis Ry.; and the Wabash Railroad; individually advise that on east-bound and west-bound traffic interchanged between those roads and the Atchison, Topeka & Santa Fe Ry.; Chicago, Milwaukee & St. Paul Ry.; Chicago & Northwestern Ry.; Chicago & Alton R. R.; Chicago Great Western Ry.; Chicago, Rock Island & Pacific Ry.; Chicago, Burlington & Quincy R. R.; Illinois Central R. R.; the Wabash Railroad, and Wisconsin Central Ry., originating at or destined to points in Central Freight Association territory via the so-called Belt Lines, as specified below, the eastern roads named above will pay the following amounts:

To the Chicago Junction R'y.

Between Blue Island, Ill., and the junctions of that company with the eastern roads mentioned above, $3.50 per loaded car.

No allowance for return of empty cars.

To the Chicago Terminal Transfer R. R.

The charges allowed are to be as per said company's present tariffs, but such allowance is not to exceed $1.50 per loaded car, and 75 cents per car for empty ones returned.

To the Chicago & Western Indiana R. R.

The charges allowed are to be as per said company's present tariffs, but such allowance is not to exceed $1.50 per loaded car, and 75 cents per car for empty ones returned.

To the Elgin, Joliet & Eastern R'y.

Between East Joliet, Ill., and the junctions of said company with the eastern roads mentioned above, $4.00 per loaded car.

No allowance is to be made for return of empty cars.

To the Indiana, Illinois & Iowa R. R.

1595

Between Kankakee, Ill., and Momence, Ill., San Pierre and Shelby, Ind., $4.00 per loaded car.

Between Kankakee, Ill., Knox, North Hamlet and North Judson, Ind., $4.50 per loaded car.

Between Kankakee, Ill., and North Liberty, South Bend, and Walkerton, Ind., $5.00 per loaded car.

No allowance is to be made for return of empty cars.

Note: The carload rates specified herein will be the full compensation paid the above named so-called Belt Lines, regardless of the weight, contents, or number of different consignments in any car received by or delivered to them by any one of the above mentioned eastern roads.

The foregoing will take effect February 1, 1900.

Yours truly,

J. F. Tucker."

Above exhibit, consisting of two pages, is marked "Complainant's Exhibit Fraser No. 698."

Complainant offers in evidence Information Circular No. 3842, dated Chicago, December 15, 1902, as follows:

"INFORMATION No. 3842.

(Abrogating Issues Shown on Page No. 6.)
Central Freight Association.

Chicago, December 15, 1902.

Rates on Grain and Grain Products.

For Your Information: Roads interested individually advise that tariffs will be issued, taking effect January 1, 1903, publishing the following rates: On Grain and Grain Products, C. L., minimum weight as per Official Classification, unless otherwise specified.

Rates in Cents Per 100 lbs.

The rates named herein from points in the State of Illinois to East St. Louis and Ohio River crossings will apply

as minimums on business either destined to or going beyond Cincinnati, Ohio; Jeffersonville, Ind.; Louisville, Ky.; New Albany, Ind.; Cairo, Ill.; Evansville, Ind.; and East St. Louis, Ill., except that to Cairo and East St. Louis the rates of Illinois Distance Tariff will be maxima.

To Youngstown, Ohio, the rates from all points of origin mentioned in this Circular will be 6th class rates, except that the rates from same points of origin to Buffalo, N. Y., on basis of 20 cents per 100 lbs., Chicago, Ill., to New York City, will be the maxima.

The following issues are hereby abrogated, effective January 1, 1903: Information Nos. 1891, 1934, 2036, 2124, 2255, 2266, 2347, 2401, 2448, 2507, 2542, 2544, 2587, 2591, 2613, 2840, 3295, 3392, 3422, 3553, 3572, 3597, 3659, 3662, 2713, 3717, 3722, 3734, 3738, 3755, 3780, and 3793.

Yours truly,

J. F. Tucker."

Above exhibit consisting of six pages, is marked "Complainant's Exhibit Fraser No. 699."

Complainant offers in evidence Information Circular No. 4650, dated Chicago, September 29, 1903, as follows:

INFORMATION No. 4650.

(Amendment No. 13 to Information No. 3852. Last Amendment Information No. 4634.)

Central Freight Association.

Chicago, September 29, 1903.

Rates on Asphaltum Pitch.

For Your Information:—Roads interested individually advise that tariffs will be issued, effective on legal notice, publishing the following rates:

On Asphaltum Pitch, C. L., (originating at points in Texas), minimum weight, in tanks, as per Official Classification; when shipped otherwise, 40,000 pounds.

From East St. Louis, Ill.

To all points in Central Freight Association territory. On basis of 90% of Sixth (6th) class rates.

(Advice Letter No. I-833.)

Yours truly,

J. F. Tucker.

Above exhibit is marked "Complainant's Exhibit Fraser No. 700."

Complainant offers in evidence Information Circular No. 4651, dated Chicago, April 24, 1903, as follows:

INFORMATION No. 4261.

(Amendment No. 1 to Information No. 4178.)

Central Freight Association.

Chicago, April 24, 1903.

Rates on Consignments Destined to Louisiana Purchase Exposition Co.

For Your Information:—Roads interested individually advise that the freight charges on consignments of any kind of contractors, or any one else, in connection with the Louisiana Purchase Exposition, should be prepaid, the prepayment to also include the charges of the terminal switching roads as well as the Exposition Company's switching charges.

The charge for handling construction material from St. Louis to the Exposition tracks is $6.00 per car, and an additional charge of $4.00 per car is made for switching on Exposition Site. To these charges must be added the bridge tariff rates between East St. Louis and St. Louis.

The foregoing does *not* refer to any consignments for the *Louisiana Purchase Exposition Co.* itself.

Yours truly,

J. F. Tucker.

Above exhibit is marked "Complainant's Exhibit Fraser No. 701."

INFORMATION No. 6065.

(Abrogating Information No. 6039.)
Central Freight Association.

Chicago, August 24, 1905.

Proportional Rates from East St. Louis on Cotton-seed, Ashes, Etc.

For Your Information:—Roads interested individually advise that, taking effect September 1, 1905, on shipments of cotton-seed ashes, cake, hulls, meal and motes, car loads originating at points in the State of Arkansas and forwarded to the western termini of the Trunk Lines, via East St. Louis, Ill., the lines east of East St. Louis will charge proportional rates that are not less than one (1) cent per 100 lbs. lower than the rates currently established by the records of the Central Freight Association on like traffic from Cairo, Gale or Thebes, Ill., to corresponding eastern destinations.

When shipments of the articles named are routed from Arkansas points via Cairo, East Cape Girardeau, Gale and Thebes, thence through East St. Louis, the roads will not charge east of East St. Louis less proportions than mentioned above, i. e., one (1) cent per 100 lbs. less than charged east of Cairo, etc.

Yours truly,

J. F. Tucker.

(Advice Letter No. K-884.)

(Amendment No. 1 to Information No. 663.)

Central Freight Association.

Chicago, March 21, 1902.

Rates on Lumber and Forest Products from Pacific Coast Points.

For Your Information:—Roads interested individually advise that the rates named in Information Circular No. 663, Series A, dated March 20, 1902, from Chicago, East St. Louis, Joliet and Peoria, Ill., and Mackinaw City, Mich., on lumber and forest products, in carloads, from *Pacific Coast points* will apply on business from *North Pacific Coast points.*

Yours truly,

J. F. Tucker.

Above exhibit is marked "Complainant's Exhibit Fraser No. 705."

Complainant offers in evidence Information Circular No. 664, dated Chicago, March 21, 1902, as follows:

Series A.

INFORMATION No. 664.

(Amendment No. 2 to Information No. 614.)
(Last Amendment Information No. 658.)

Central Freight Association.

Chicago, March 21, 1902.

Rates on Dressed Beef, Dressed Hogs and Dressed Sheep.

For Your Information:—Roads interested individually advise that tariffs will be issued, effective March 26, 1902, establishing rates as follows:

On dressed beef, dressed hogs and dressed sheep, C. L., minimum weight as per Official Classification. From all points in Central Freight Association territory, to all points east of the western termini of Trunk Lines, on basis of 40 cents per 100 lbs. Chicago to New York.

Note 1. The rates on the articles named above, in carloads, from points west of Chicago, taking in *excess* of 100 per cent of Chicago to New York rates will be made on basis established by J. T. A. Freight Circular No. 1712, dated July 18, 1898.

Note 2. Under the basis named for rates mentioned above, the allowance for car mileage on cars used for transporting shipments of said articles shall not exceed three-quarters (¾) of one cent per mile, except that the mileage on cars used for transporting like shipments which are forwarded via routes north of Lake Ontario shall not exceed one (1) cent per mile.

On dressed beef, hogs and sheep, C. L., originating on or west of the Missouri River minimum weight as per Official Classification from East St. Louis, Ill., to Syracuse, N. Y., 37 cents per 100 lbs.

Yours truly, J. F. Tucker.

Above exhibit is marked "Complainant's Exhibit Fraser No. 706."

Complainant offers in evidence Information Circular No. 642, dated Chicago, February 18, 1902, as follows:

Series A.

CORRECTED INFORMATION No. 642.

(Abrogating Information No. 638.)

Rates on Pig Lead, Ore and Spelter.

For Your Information:—Roads interested individually advise that tariffs will be issued, effective February 24, 1902, and expiring April 30, 1902, unless sooner revoked, publishing the following rates:

On pig lead, ore and spelter, valuation not to exceed $100.00 per ton, C. L., minimum weight 30,000 pounds.

From Missouri River points (on shipments originating at points beyond),

To Baltimore, Md. .....22 cents per 100 lbs.
To Boston, Mass. .....27 cents per 100 lbs.
To New York, N. Y. .....25 cents per 100 lbs.
To Philadelphia, Pa. .....23 cents per 100 lbs.

Of the foregoing through rates the following proportions will be charged east of points named below:

Rates in Cents per 100 Lbs.

TO	East of Mississippi River East Bank Points East St. Louis to East Dubuque, Ill. Both Inclusive.	East of Chicago and Chicago Junctions.	East of Peoria, Ill.
Baltimore (Proper), Md.....	16.0	13.1	13.5
Boston (Proper), Mass.....	20.8	16.8	17.5
New York (Proper), N. Y...	18.9	15.7	16.2
Philadelphia (Proper), Pa...	17.0	13.9	14.4

The proportions named above, from the Mississippi

River, Chicago and Peoria, will also be the minimum rates accepted from same gateways on shipments of pig lead, ore and spelter originating at points in the State of Missouri.

Yours truly,

J. F. Tucker.

INFORMATION No. 433.

(Abrogating issues named below.)
Central Freight Association.

Chicago, October 3, 1900.

Rates and Divisions Applying on East-bound Trans-Continental Traffic.

For Your Information:—Roads interested individually advise, that effective October 15, 1900, they will participate in through rates on traffic from Pacific Coast Points to points *east* of the WESTERN TERMINI OF THE TRUNK LINES, subject to the following regulations:

One. On shipments from Pacific Coast terminal points they will accept east of the gateways named in paragraph "THREE" hereof, the percentages shown opposite such gateways of the authorized gross through rates published from "Pacific Coast Terminals," but in no case is the proportion received east of said gateways with Western Roads or Ohio River crossings to be less than said percentages of a minimum through rate of 75 cents per 100 lbs. from "Pacific Coast Terminals" to destination.

Two. On traffic from points taking Pacific Coast Terminal rates, also from points east of the Pacific Coast which take rates based on those applying from the "Pacific Coast Terminals" plus local rates from such interior points of origin to the nearest Pacific Coast Terminal point, the roads east of gateways with Western Roads or Ohio River crossings will accept the same revenue as they receive under paragraph "ONE" hereof, on like traffic subject to the rates published from "Pacific Coast Terminal" points. See Note 3.

Three. The percentages of the through rates accruing east of gateways with Western Roads or Ohio River crossings are:

East of—	Per cent.
Alton, Ill.	29
Ashland, Ill.	29
Beardstown, Ill.	29
Bloomington, Ill.	29
Cairo, Ill.	29
Chicago, Ill.	25
Cincinnati (Note 1), O.	22
Crandall, Ill.	29
Dwight, Ill.	25
East Hannibal, Ill.	29
East St. Louis, Ill.	29
Eureka, Ill.	29

East of—	Per cent.
Joliet, Ill.	25
Kankakee, Ill.	25
Louisville (Note 2), Ky.	25
Morton, Ill.	29
Pekin, Ill.	29
Peoria, Ill.	29
Seneca, Ill.	25
Streator, Ill.	25
Wann, Ill.	29

Rates and Divisions on Wool.

Four. On shipments of compressed wool, in carloads, originating:

(a) At points on the Oregon Short Line, Kuna, Idaho, and points west thereof.

(b) At points on the Northern Pacific Ry., Mullan or Granite City, Idaho, and points west thereof.

(c) At points on the Great Northern Ry., Priest River, Idaho, and points west thereof.

The railroads east of gateways with Western Railroads, also north of Ohio River crossings, will accept the established percentage proportions mentioned in paragraph "THREE" above, of rates published by initial railroads on like traffic from Pacific Coast Terminal points, but not less than established percentage proportions of a minimum through rate of 75 cents per 100 lbs., from the Pacific Coast Points to destination.

Rates and Divisions on Asiatic Traffic.

Five. The rates from Asiatic ports to points of destination in Trunk Line Association territory via steam vessel to the Pacific Coast after deducting 5 cents per 100 lbs. on all classes, for transfer from ship to rail, are to be di-

vided half to the Pacific Ocean Steam Carrier's and half from the Pacific Coast Terminals eastwardly, provided the proportion from the Pacific coast to Trunk Line Association point of destination is not less than 75 cents per 100 lbs., excluding transfer, such proportion from the Pacific Coast to be divided on established percentages specified in paragraph "THREE" hereof, accruing to roads east of gateways with Western Roads and Ohio River crossings.

Six. When through rates are made from Asiatic ports via sailing vessels to the Pacific Coast, and thence railroads to destination, the actual charter allowance to the vessel, plus the cost of transfer at the Pacfic Coast, not exceeding 5 cents per 100 lbs., shall first be deducted and the remainder of the through rate shall be divided on the percentages specified in paragraph "THREE" hereof, provided the rate from the Pacific Coast to Trunk Line Association point of destination is not less than 75 cents per 100 lbs., excluding transfer as aforesaid.

Seven: Through shipments of tea shall be delivered to the rail carrier in good order and any cooperage thereon found necessary after leaving the rail starting point shall be made a line charge and be shared from starting point to destination on the divisions of revenue.

Eight: The rules contained herein do not apply to fruits carried by passenger trains or at passenger train speed.

Nine: In dividing the through rates applying on shipments referred to herein, the local rate (class or commodity, whichever is lower), will be the maximum proportion accruing to the railroads either east or west of the junctions with the Western Roads, and either north or south of the Ohio River Crossings.

Traffic Routed via the Canadian Pacific Ry.

Ten. On traffic forwarded via the Canadian Pacific Ry. at differential rates and routed via Chicago, Ill., the rail-

way companies east of Chicago shall charge and collect east of Chicago the established percentages of the gross (standard) tariff rates applicable upon similar traffic transported by other Trans-Continental lines and routed via Chicago.

Note 1. When traffic routed via Cincinnati is handled through the Cincinnati Street Railway Connection or Transfer Company, the charge for such transfer will be paid by the lines north of the Ohio River and be adjusted by voucher, to which will be attached evidence that an actual payment of such transfer charges has been made.

Note 2. If traffic via Louisville, Ky., is carried through that point via the Louisville & Nashville R. R. to Cincinnati, Ohio, and delivered at the latter point to the eastern lines, the established division east of Cincinnati, Ohio, shall apply.

Note 3. For list of interior Pacific Coast points included under paragraph "TWO" herein, see pages 16 to 23, both inclusive, of Circular No. 24-A, issued by Agent Countiss of the Trans-Continental Freight Bureau, effective June 25, 1900.

The foregoing abrogates the following issues so far as they refer to Trans-Continental east-bound rates or divisions:

Joint Committee Circulars Nos. 992, 1216, 1861, Joint Traffic Association Freight Circulars 602, 630, 1222, 1614, 1759 and Central Freight Association Informations Nos. Series "11, 127, 185, and 388.

Yours truly,

J. F. Tucker.

Complainant offers in evidence Information Circular No. 388, dated Chicago, June 21, 1900.

Series A.

INFORMATION No. 388.

Central Freight Association.

Chicago, June 21, 1900.

Divisions of Rates Applying on Eastbound Trans-Continental Traffic.

For Your Information: Roads interested individually advise that, taking effect June 25, 1900, on eastbound traffic destined to points east of the western termini of Trunk Lines from points taking Pacific Coast terminal rates, also from points east of the Pacific Coast which take rates based on those applying from the Pacific Coast terminals, plus local rates from such interior points of origin to the nearest Pacific Coast terminal point, the roads east of Chicago or other junctions with western roads will accept the same revenue as they receive on like traffic under the rates published from Pacific Coast terminal points.

In dividing the through rates applying on shipments referred to above, the local rate (class or commodity, whichever is lower), will be the maximum proportion accruing to the railroads, either east or west of the junctions with western roads, and either north or south of the Ohio River crossings.

For list of interior Pacific Coast points included under this arrangement, see pages 16 to 23, both inclusive, of Circular No. 24-A, issued by Agent Countiss of the Trans-Continental Freight Bureau, to take effect June 25, 1900.

Yours truly,

J. F. Tucker.

Complainant offers in evidence Information Circular No. 316, dated Chicago, February 20, 1900, as follows:

Series A.

INFORMATION No. 316.

(Abrogating Information No. 310.)
Central Freight Association.

Chicago, February 20, 1900.

Switching Rates and Percentages Between Eastern Roads and Belt Lines on Traffic Interchanged With Western Roads.

For Your Information:—The eastern railroads, viz.: The Baltimore & Ohio R. R., Cleveland, Cincinnati, Chicago & St. Louis Ry.; Chicago & Eastern Illinois R. R.; Chicago & Erie R. R.; Chicago & Indiaiapolis & Louisville Ry.; Grand Trunk Railway System; Lake Shore & Michigan Southern Ry.; Michigan Central R. R.; New York, Chicago & St. Louis R. R.; Pennsylvania Company; Pittsburg, Cincinnati, Chicago & St. Louis R'y.; and The Wabash Railroad, individually advise that, effective February 1, 1900, on eastbound and westbound traffic originating at or destined to points east of the western termini of the Trunk Lines, from or to points west of Blue Island, East Joliet or Kankakee, Ill., which is interchanged with the western railroads, viz.: the Atchison, Topeka & Santa Fe R'y.; Chicago, Milwaukee & St. Paul R'y.; Chicago & Northwestern R'y.; Chicago & Alton R. R.; Chicago Great Western R'y.; Chicago, Rock Island & Pacific R'y.; Chicago, Burlington & Quincy R. R.; Illinois Central R. R., The Wabash Railroad, and the Wisconsin Central R'y., via the so-called Belt Lines, the following will govern:

Rule 1. The duly authorized rates or proportions of through rates applying from or to Chicago, Ill., will also apply from or to Blue Island, East Joliet or Kankakee, Ill.

Rule 2. Out of the proportions provided in Rule 1 above as accruing east of Blue Island, Ill., the *Chicago Junction Railway* will be allowed $3.50 per loaded car between Blue Island, Ill., and the junction of that company where the traffic is received from or delivered to the eastern road.

No allowance is to be made for return of empty cars.

Rule 3. The allowances to the *Chicago Terminal Transfer Railroad* and the *Chicago & Western Indiana Railroad* are to be as per said Companies present tariffs, but such allowances are not to exceed $1.50 per loaded car and 75 cents for each empty car returned.

Rule 4. Out of the proportions provided in Rule 1 above as accruing east of East Joliet, Ill., the *Elgin, Joliet & Eastern Railway* will be allowed $4.00 per loaded car between East Joliet, Ill., and the junctions of that company where the traffic is received from or delivered to the eastern road.

No allowance is to be paid for return of empty cars.

Note.—The carload rates specified herein as accruing to the C. J. R'y., C. T. T. R. R., C. & W. I. R. R., and E. J. & E. R'y., will be the full compensation paid such roads, regardless of the weight, contents, or number of different consignments in any one car received from or delivered to them by any of the eastern roads.

Rule 5. Out of the proportions provided in Rule 1 above as accruing east of Kankakee, Ill., the *Indiana, Illinois & Iowa Railroad* will be allowed for the services performed between Kankakee, Ill., and all junctions east thereof on that road to and including South Bend, Ind., the following percentages of the rates or proportions charged from or to Kankakee, Ill. (i. e., of the rates or proportions duly authorized from or to Chicago), all eastern terminals and arbitraries, as per Fast Freight Line Hand Books, to be deducted prior to pro-rating and added to eastern roads' proportions:

On shipments from or to—	Per cents.
Albany, N. Y., and Albany rate points	9
Baltimore, Md., and Baltimore rate points	10
Boston, Mass., and Boston rate points	8
New York, N. Y., and New York rate points	9
Philadelphia, Pa., and Philadelphia rate points	10
Rochester, N. Y., and Rochester rate points	10
Utica, N. Y., and Utica rate points	10
Syracuse, N. Y., and Syracuse rate points	10

The term "Interchange Traffic," as used herein, is all traffic passing to or from any point east of Blue Island, East Joliet and Kankakee, Ill., located on railroads in either Central Freight or Trunk Line Association territories, originating at or destined to points on western roads which is delivered to or received from the eastern railroads by the Belt Lines mentioned above, regardless of what through rates or proportions of through rates are charged.

The percentages with the Indiana, Illinois & Iowa Railroad, and the switching arrangement with the Elgin, Joliet & Eastern Railway, the Chicago Junction Railway, the Chicago Terminal Transfer Railroad and the Chicago & Western Indiana Railroad, as provided herein, will be effective as of February 1, 1900, and immediate instructions will be given by each and every Central Freight and Trunk Line Association Railroad, party hereto, so that the same may be put into practical working effect at the earliest date possible, but not later than Monday, February 26, 1900.

These percentages being retroactive on all shipments of interchange traffic, as herein defined, received from or delivered to eastern railroads on and after February 1, 1900, none of the so-called Belt Roads mentioned herein shall receive any greater compensation than allowed under the provisions of this Information Circular.

Effective February 1, 1900, all arrangements in effect

with so-called Belt Lines named above, at variance with the foregoing, will be cancelled.

Yours truly,

J. F. Tucker.

Above exhibit is marked "Complainant's Exhibit Fraser No. 713."

At this point the further hearing of testimony in this cause is adjourned, pursuant to agreement of Counsel, to be resumed January 23rd, 1907, at 10 o'clock A. M.

R. E. Rombauer,
Special Commissioner.

St. Louis, January 23rd, 1907.

Met, pursuant to adjournment as above, on Wednesday morning, January 23rd, 1907, at 10 o'clock A. M., in the office of the Special Commissioner, in the Roe Building, St. Louis, Mo.

Present: Hon. R. E. Rombauer, Special Commissioner.

Messrs. E. C. Crow and Chester H. Krum appeared in behalf of the Complainant.

Messrs. M. F. Watts and F. W. Lehmann appeared in behalf of the Defendants.

The following proceedings were had:

Complainant offers in evidence Circular Letter No. A-1 of the Southern Freight Committee, dated January 29, 1894.

Which letter is in words and figures as follows, to-wit:

THE SOUTHERN FREIGHT COMMITTEE.

St. Louis, Mo., Jan. 29, 1894.

Circular Letter No. A-1.

Dear Sir:—Following received this date from L. & N. Ry.:

"You will remember at one time there was a commodity rate on earthenware from Evansville to New Orleans, La., of 28 cents per hundred pounds. This commodity rate seems to have been withdrawn by action of your Committee, and the class rate of 33 cents applied. The rate from Evansville to New Orleans, via river, is 20 cents per 100 pounds, and we will not stand any chance of getting this business unless the old commodity rate of 28 cents is restored. Will you kindly take the matter up as promptly as possible and arrange for a restoration of this Special?

For purposes of reference the old and the present rates are shown:

From Evansville.

Old Rate.		Present Rate.
23	....Earthenware and Pottery Pkd., C. L....	26
28	....Same, L. C. L.....	33
23	....Same, Loose, C. L.....	26

Rates from St. Louis 2 cents per hundred higher."

Please record your vote as early as possible.

Respectfully,

S. Frink, Chairman.

Circular Letter No. A-2.

Dear Sir:—The following communication received this date from the M. & O. R. R.:

"Tariff as issued by your office provides for rate on

flour in sacks for export consigned to Mobile and New Orleans 20 cents per 100 pounds, minimum carload 30,000 pounds. We have had some inquiry for rate on flour in barrels for export, and should be glad to have tariff amended to provide for sacks or barrels at 20 cents per hundred on shipments to be consigned to foreign ports applying to Mobile and New Orleans. Will you please give this early attention and oblige,

Yours truly,

J. M. Denyven, A. G. F. A."

Your prompt vote on this proposition is solicited.

Yours truly,

S. Frink, Chairman.

Circular Letter A-7.

White Lead, C. L., to New Orleans.

Dear Sir:—I am this date in receipt of the following communication from C. B. Compton, G. F. A., L. & N. R. R. Co.:

"We have recently had considerable correspondence with Mr. H. F. Smith, G. F. A., of the C. N. O. & T. P. Road, in which he suggested a rate of 25 cents per 100 pounds on White Lead in carloads from Cincinnati to New Orleans.

The present tariff rate, as you are aware, is 31 cents per 100 pounds, and the rate via River is 18 cents. The Shippers, however, have advised us that if we make a 25-cent rate, they will gladly forward the business all rail. I think under the circumstances, therefore, that we should make the rate. Will you kindly have the same published as promptly as possible and put other points in line?"

As this proposition stands, the rate is proposed to New Orleans, La., only—but it carries with it a similar rate to Mobile, Ala., under the present adjustment.

For reference the following figures would apply under this proposition to New Orleans, La., and Mobile, Ala.:

From Louisville and St. Louis, 22 cents per 100 pounds.

From Evansville, 20 cents per 100 pounds.

From Cairo, Paducah and Nashville, 17 cents per 100 pounds.

Please record your vote *promptly*.

S. Frink, Chairman.

Circular Letter A-10.

Fertilizers to Mississippi Valley Points.

Dear Sir:

I am to-day in receipt of advice from the representative of the K. C. F. S. & M. R. R. to the effect that he has reduced the rates on Fertilizers from the Missouri River to all Mississippi River points—taking New Orleans rates—45

cents per ton. This makes the rate $4.25 per net ton from the Missouri River to New Orleans *and Group*. The present rate of $3.05 per ton applies only to New Orleans and Mobile. Do you desire its application to the entire New Orleans Group in accordance with the action of the K. C. F. S. & M. R. R.?

Please advise promptly. S. Frink, Chairman.

Above exhibit is marked "Complainant's Exhibit No. 64 of the Southern Freight Committee."

Complainant offers in evidence Circular Letter No. A-11 of the Southern Freight Committee, dated April 16, 1894. Which letter is in words and figures as follows, to-wit:

THE SOUTHERN FREIGHT COMMITTEE.

St. Louis, Mo., April 16, 1894.

Circular Letter A-11.

Show Cases for the Southeast.

I am in receipt of the following communication from the representative of the M. & O. R. R.:

"Rate of 30 cents per 100 lbs. has been established from Quincy to Ohio River on Show Cases for the Southeast. Our Shippers advise us that the present rates from St. Louis are too high to enable them to do any business, as compared with the East, and we, therefore, desire to establish from St. Louis to the Ohio River on Show Cases, destined to the Southeast, rate of 20 cents per 100 pounds.

J. M. Denyven, A. G. F. A."

This proposition contemplates the application of the proposed rate to the Ohio River on Show Cases destined to that portion of the Southeast known as Atlanta-Montgomery Terry.

Please record your vote as early as practicable.

Empty Trunks, Nested, any Quantity.

I am in receipt of the following communication from the representative of the C. O. & S. W. R. R.:

"Will you please refer to your Circular Letter of Dec. 30, 1893, in regard to rate on empty Trunks from River crossings to Memphis and points in the Mississippi Valley South? I have not been advised as to what the result of this request on the interested lines was. We have not pushed the matter, because we have not, until quite recently, learned that the business was being shipped via River on account of our high rates. I will now ask that you put the question again to the lines interested and get their concurrence to a rate of 35 cents per hundred on empty trunks, nested, any quantity, Louisville (and St. Louis) to Memphis and 55 cents to points South. We hope none of the lines will withhold their concurrence, as we find the rate absolutely necessary at the present time.

It might be well to state that we will watch the matter closely and promptly, with the close of River navigation, suggest a withdrawal of the rate and an advance to the present figures."

(Signed) F. C. Dunnbeck, G. F. A.

Please record your vote on the proposition as early as practicable.

(Circular Letter No. A-26.)

St. Louis, Mo., April 17, 1895.

Dear Sir:—The following rates are proposed on Ground Iron Ore and Mineral Paints in carloads and less when destined to points in the Mississippi Valley as shown below:

To	Per Ton of 2240 Pounds.			
New Orleans and Group	Ground Iron Ore.		Mineral Paint.	
	C. L.	L.C.L.	C.L.	L.C.L.
From St. Louis and Louisville	4.12	4.72	4.57	5.17
Cincinnati	4.53	5.19	5.03	5.69
Evansville	3.67	4.27	4.12	4.72
Nashville, Paducah and Cairo	3.00	3.60	3.00	3.60
To				
Baton Rouge and Group				
From St. Louis and Louisville	4.12	4.72	4.57	5.17
Cincinnati	4.79	5.39	5.47	6.07
Evansville	3.67	4.27	4.12	4.72
Nashville, Paducah and Cairo	3.00	3.60	3.00	3.60
To				
Meridian and Jackson				
From St. Louis and Louisville	4.12	4.72	4.57	5.17
Cincinnati	4.78	5.39	5.30	6.00
Evansville	3.67	4.27	4.12	4.72
Nashville, Paducah and Cairo	3.00	3.60	3.00	3.60

These rates are based on those issued lately from Chat-

tanooga by the Southern Ry. and S. S. Ass'n., making Nashville, Paducah and Cairo same as Chattanooga and building thereon by using differentials.

Please record your concurrence or dissent by return mail.

Respc.,

S. Frink, Chm.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, October 15, 1900.

Please refer to file 7070

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—I am in receipt this morning of the following letter from Freight Traffic Manager Whitaker of the C. & O. R. R. Co., under date of the 13th:

"We have duly received joint letter from Chairman Fraser of the St. Louis Eastbound Committee under date of September 25th, advising of action of that Committee to secure a maintenance of eastbound rates, and we will be glad to co-operate in the effort to secure this result."

Also letter under date from General Traffic Manager Bell of the Central Railroad Company of New Jersey:

"Referring to circular letter issued by the St. Louis Eastbound Freight Committee, under date of September 29, 1900. We acknowledge receipt of the same, and shall comply therewith."

In connection with this matter, with a 1-cent rate to Cairo, 4 cents to Louisville and Cincinnati on grain from East St.

Louis, and a 9½c rate to be made effective November 1st from Louisville, New Albany, Jeffersonville and Cincinnati to the Virginia cities and Baltimore, how are the grain rates going to be maintained out of East St. Louis with a 17½c basis, Chicago to New York? The rate from East St. Louis to Virginia cities and Baltimore should be 17½ cents, and yet the combination of rates as above named make the rate 13½ cents, a reduction of 4 cents.

It occurs to me that the chief freight traffic officials of the eastbound roads from East St. Louis, Cairo, Evansville, Louisville and Cincinnati should get together to see what can be done to stranghten this matter out.

Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 10, 1900.

Please refer to file 7208.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—I have been trying to break out the rate from East St. Louis to Louisville and Cincinnati of 4 cents on grain, but without success. The Mobile & Ohio and the Illinois Central have a proportional rate of one cent from East St. Louis to Cairo on grain when destined to the Southeast—this rate they decline to take out. Could they not issue through proportional tariffs from East St. Louis to Southeastern points and waybill this grain through, for otherwise the 4-cent rate, if continued, must affect rates to the North Atlantic seaboard points.

Won't you kindly have this considered by your St. Louis Committee and have them advise me what in their judgment it is best to do.

Yours very truly, J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 16, 1900.
Please refer to file 7208.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—I am in receipt of your letter of the 13th instant, your file 3272.

You state,

"The same conditions as regard proportional rates on grain from Missouri River via East St. Louis, Cairo and Evansville to the southeast have prevailed for a number of years past."

My information has been that the same conditions have not prevailed. The low proportional rates from East St. Louis, Cairo, Evansville, Louisville, and finally stretching to Cincinnati, and at one time including Beardstown, applies on all grain, as I understand it, whether from the Missouri River or anywhere else, and was intended originally to meet the competition from the lower Missouri River points via Memphis to the Southeast, and, therefore, intended to be applicable and so stated, to grain going to the Southeast, but in my judgment it is impossible, after grain gets into an elevator, to tell where it came from or where it is going to. If a tariff is published showing through rates from the Missouri River via East St. Louis to southeastern points and bills of lading and way-bills are issued and the grain not stopped in transit, this, if fully and faithfully carried out, would prevent what in my judgment will be a strong pressure for reducing the rates to these North Atlantic seaboard points.

There is a 4-cent rate in from East St. Louis to Louisville, and there is a rate of 12 cents to Baltimore and Virginia cities. You see where that will land us.

I fully understand the conditions that it is claimed to have made rate of one cent to Cairo and Evansville and 4 cents to Louisville and Cincinnati necessary.

The trouble is that the grain is not confined to the necessities of the situation. However, I have had quite a talk with Mr. Irwin of the L. H. & St. L. Ry., and he promised to carefully consider the matter and write me his views.

I trust no serious results will follow these proportional rates from East St. Louis to the Ohio River points.

Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 17, 1900.
Please refer to file 7208.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—The 4 cent proportional rate from East St. Louis to Louisville will not down.

The Commissioner of the St. Louis Traffic Bureau, Mr. E. S. Tompkins, asks:

"Do you think it fair to the merchant of St. Louis that he be compelled to bill his grain from East St. Louis to Louisville at 4 cents and then pay some party a commission to re-bill it for him at 12 cents in order to obtain the rate of 1½ cents less than the authorized through rate of 17½ cents?"

It seems to me there can only be this solution to this question; whether it is practical or not, the St. Louis Committee can best judge: Abrogate this 4 cent rate from East St. Louis to Louisville, my understanding being that tariffs show through rates via both Memphis and East St. Louis

gateways from the Missouri River to southeastern territory are a printed necessity, but this grain should be billed through from starting point to destination without stoppage.

This, of course, the elevator and grain interests at the Missouri River, East St. Louis, Louisville and all others interested will combat and their influence will probably overbalance any other, but it is the only solution as I see it. If we can cut out the 4 cent rate, we can then go back to the authorized rate from East St. Louis proper to Cincinnati and Louisville 10 cents, and from East St. Louis on shipments coming from beyond to both Cincinnati and Louisville 7 cents per 100 lbs.

Won't you kindly have this considered again by the St. Louis Committee, and oblige,

Yours very truly,

J. F. Tucker, Chairman.

There were also present:

E. A. Dawson, G. M., Star Union Line.
P. P. Rainer, C. Insp., Joint Rate Inspection Bureau.
C. E. Fulton, Sec'y Chicago & Ohio River Committee.

The meeting convened at 10:30 A. M., and after obtaining from the representatives of the Lake and All-rail Lines an expression of their views as to an advance in rates upon grain and grain products, the joint meeting adjourned to reconvene at 3 P. M.

The all-rail lines then took the matter under consideration and unanimously adopted the following:

(1) That taking effect November 1, 1900, the rates from all points in Central Freight Association territory to western termini of the Trunk Lines and points east thereof on grain and grain products, in carloads, will be made on basis of seventeen and one-half (17½) cents per 100 lbs., Chicago to New York.

(2) That on grain, in carloads, for export only, originating west of the Mississippi River, the rates will be as follows:

From Mississippi River east bank points (East St. Louis to East Dubuque, inclusive):

To N. Y., Boston, Mass., and Portland, Me., 18½c per cwt.

To Philadelphia, Pa., and Montreal, P. Q., 17½c per cwt.

To Baltimore, Md., Newport News and Norfolk, Va., 17c per cwt.

It is expressly understood and hereby individually stated that the rates mentioned next above to apply only on ex-

port grain, will be confined strictly to shipments originating west of the Mississippi River; it will not be permissible to apply on shipments of grain originating on or east of the Mississippi River the proportions accruing east of Chicago of the authorized rates applying on Trans-Mississippi River grain.

Except as provided above, the rates on shipments of grain only, C. L., for EXPORT, from all points in Central Freight Association territory will be the following amounts in excess of the rates current from the same points of origin to Baltimore, Md., Newport News or Norfolk, Va., on domestic shipments:

Via Boston, Mass., Portland, Me., New York, N. Y., 1½ cents per 100 lbs.

Montreal, P. Q.; Philadelphia, Pa., ½ cents per 100 lbs."

The joint meeting of Lake Lines and Rail Lines re-convened at 3 P. M. and unanmously approved the foregoing action as adopted by the all-rail lines.

It is understood that the Chairman endeavor to have the roads leading eastwardly from Ohio River Crossings and East St. Louis on traffic to and through Virginia points, also co-operate in the maintenance of the rate to be established by the above.

The Chairman was authorized to take up with the Illinois Central Railroad the question of uniform differentals on grain to New Orleans, La. versus Atlantic Seaboard points and endeavor to arrive at some agreement.

Adjourned. J. F. Tucker, Chairman.

Subject:—Rates on Grain and Grain Products, C. L., Central Freight Association points to Virginia Cities.

Advice Letter No. F. 588

To the General Freight Agents,

Gentleman: The following is received from Mr. Edwin Fitzgerald, General Manager, Asheville Line, and is sent for your information:

"I am advised that roads in your Association have advanced rates on grain and grain products, in carloads, from Central Freight Association points to eastern cities to basis of 17½ cents per 100 lbs., Chicago to New York, effective November 1st, 1900.

Please notify your roads we will resume our regular basis from western points to Virginia Cities, making the rates same as to Baltimore. This will advance our present rate one-half cent per 100 lbs. from Chicago, with corresponding advance from other points; in other words restoring the Baltimore basis." Yours very truly,

J. F. Tucker, Chairman.

Gentlemen: Referring to Information No. 2487 which provides that the rates on grain and grain products from Central Freight Association territory to Parkersburg, W. Va., will be on basis of 83:33 per cent of the 6th class rates applying from same points of origin.

In connection with this Information Circular the B. & O. S. W. R. R. advises that that company will apply the Pittsburg rates as maximum to Parkersburg on grain and grain products from all points on that road, and this will affect rates from Olney, Ill., and points west thereof, for the reason that the rates to Pittsburg on basis of 17½ cents, Chicago to New York, will be less than the rates arrived at by use of 83:33 per cent of the 6th class rates to Parkersburg.

The question was also considered by the St. Louis Committee on the 30th ultimo, and it was decided to approve the position of the B. & O. S. W. R. R. in the observance of

Pittsburg rates as maximum to Parkersburg on grain and grain products from East St. Louis.

As there seems to be no possibility of having the B. & O. S. W. R. R. change its position, the matter will be docketed for consideration at the November meeting of this Association, and it occurred to me to suggest that in the meantime your tariffs only be changed where absolutely forced by the position taken by the B. & O. S. W. R. R., that is, do not reduce the rates from points not directly affected by those named to Parkersburg by the B. & O. S. W. R. R.

Yours very truly,
J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, November 5, 1900.

Subject:—Proposed basis for rates on Grain and Grain Products, C. L., from Illinois points to Parkersburg, W. Va.

Advice Letter No. F. 662

To the General Freight Agents,

Gentlemen: Referring to C. F. A. Information No. 2487, dated October 17, 1900, which provides that the rates on grain and grain products, C. L., from points in Central Freight Association territory to Parkersburg, W. Va. will be 83⅓ per cent of the 6th class rates, the rates from points taking in excess of 100 per cent of Chicago to New York rates to be the rates to Pittsburg on basis of 20 cents per 100 lbs., Chicago to New York City:

It seems the B. & O. S. W. R. R. hauls traffic for Pittsburg, Pa. through Parkersburg, W. Va., and that it will therefore be impossible for that company to charge to Parkersburg rates in excess of those to Pittsburg on basis of 17½ cents per 100 lbs. Chicago to New York. This will affect rates from points on the B. & O. S. W. R. R., Law-

renceville, Ill. and west thereof, Lawrenceville, being a point which takes 108 per cent of rates Chicago to New York. It therefore seems the only solution will be to apply from points in the State of Illinois taking 110 per cent or higher of rates Chicago to New York, the current rate to Pittsburg from the same points, as maximum to Parkersburg, with the proviso that the rates from intermediate points east of 110 per cent territory will not be higher to Parkersburg than the rates applying from points west thereof. The latter will only affect a few points as rate from 110 per cent points to Pittsburg is 12½ cents, and same will be applied, for instance, from Joliet, Ill. as maximum and a few other intermediate stations.

Please note on the enclosed blank your views on the foregoing proposition, and oblige, Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Ill. Nov. 20, 1900.

Please refer to file 7380

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: Withont any details furnished me, I am informed that export flour is being carried from East St. Louis to Philadelphia at 12 cents per 100 pounds, and that more than one line is quoting that rate and taking the traffic. What information can you ascertain in regard to this matter? Yours very truly,

J. F. Tucker, Chairman.

Nov. 21, 1900.

3272.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 20th, file 7380. From what was said at Special Meeting yesterday, regarding rates on Traffic, I

do not think there is any foundation for the report. I will, however, submit your letter at next meeting, Friday 23rd, and if there is anything different to report will write you again.

Respectfully,
Chairman.

Nov. 23, 1900.
3272.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Referring again to yours 20th, file 7380. The letter was read at Special Meeting this A. M. On call of roll, all members denied that the rate you named on Flour, or any rate, less than authorized, was being made by them or through this gateway. I was instructed to inform you that there is every reason to believe that the authorized rates on Flour are not being maintained through the Upper Mississippi River Crossings and you are respectfully requested to investigate and advise result earliest possible date

Awaiting your reply, I am, Yours respectfully,
Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 27, 1900.
Please refer to file, 7380

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—I am in receipt of yours of the 23rd, your 3272.

From what I hear it certainly seems that unauthorized rates are being used on flour and provisions from East St. Louis. The Chief Inspector advised me that from the upper Mississippi River Crossings there is nothing to warrant any belief that authorized rates are not being maintained.

I think it would be well for you when you have reason,

as you state in this case, to believe that rates are not being maintained, to give me some pointer about it—you can make it confidential so that the source need never be discovered, but it is pretty hard work to run down a general belief.

Yours very truly,
J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 27, 1900.
Please refer to file 7380

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Committee, St. Louis, Mo.

Dear Sir: I am informed that "under date of November 23rd flour "was being taken from East St. Louis to Baltimore and Philadelphia at 15½ cents; to New York 17½ cents, lard at 25 cents, and that no initial line at East St. Louis is ignorant of it or of the fact that traffic is moving from East St. Louis at less than tariff rates."

Won't you kindly write me what you know of the situation, for this information, if correct, does not tally with the understanding that on and after midnight of the 17th rates should be absolutely maintained, and this by order of the executives.

Yours very truly,
J. F. Tucker, Chairman.

Nov. 27, 1900.
3272.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 27th, file 7380 was read at Special Meeting of the Committee this A. M. and I was instructed to inform you that there was no change in the condition of affairs since my letter 23rd in answer to yours 20th, file 7380 and statement made therein is reaffirmed.

The fact that in letter 20th, you reported rate, E. St.

Louis to Philadelphia, 12 cents, and in letter 27th, 15½ cts. on Flour, was commented on as at least indicating an improvement, but the Committee would like to have some proof substantiating the reports that are being circulated about rates from East St. Louis, and they would also be pleased to receive reply to letter 23rd regarding rates through the Upper Mississippi River Crossings.

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 30, 1900.

Please refer to file 7380

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: I am in receipt of yours of the 27th, your File 3272. Information from two different sources is the probable explanation for the two different rates named on the flour that you mention. As you are aware, it is simply impossible to furnish proofs, and it were possible I feel sure that furnishing proofs of any reductions of rates would cause much more harm than good.

I replied to your letter of the 23rd regarding rates through the upper Mississippi River crossings. So far as the billing proofs are concerned, tariff rates are being maintained, and the information from those in daily contact with the situation here is that it is in good shape, but so far as the information from St. Louis is concerned, the statement is that provision and flour rates are not being maintained. We must in all possible ways keep endeavoring to encourage and maintain good faith in this maintenance of rates question.

Yours very truly,

J. F. Tucker, Chairman.

Nov. 30, 1900.
3272.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 27th, File 7380 was read at conference meeting this A. M. and I was instructed to inform you that the statement made in my letter 23rd was, and is correct, to the best of our knowledge.

The members also say that if the Chief Inspector is able to determine whether authorized rates are being maintained through Upper Mississippi River Crossings he should be able to do the same via East St. Louis. In reference to the second paragraph of your letter, the Committee suggests that it would enable them to investigate and possibly give more satisfactory information in their replies, if you would be more specific in your charges, regarding rates not being maintained via this gateway.

The members of this Committee meet twice each week for conference and are doing all they can to improve the situation generally and with good results.

Respectfully, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, December 3, 1900.
Please refer to file 7380

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—I am in receipt of your favor of the 30th ultimo, your File 3272.

The Chief Inspector advises that the authorized rates are being maintained from all the Mississippi River Crossings. The information as given you in relation to the rates on flour was from a confidential source and it seemed to me to be wise to advise the St. Louis Committee so that they might investigate. You must be aware of the fact that this

office receives no specific information that it can use to any good effect, and there is trouble enough about maintaining rates without still further trouble.

The action of the executives at New York November 8th, supplemented by the action of the chief freight traffic officials here on the 14th, should and was intended, as I understand it, to be absolutely enforced, and we must all keep trying—seemingly it is all there is left for us to do. If each would try and do their level best we would have a much better state of affairs, in my judgment.

I am delighted to hear that your Committee has semi-weekly meetings, and urge at such meetings a frank, honest talk. Let's all pull together. Yours very truly,

J. F. Tucker, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 714."

Complainant offers in evidence correspondence between the Central Freight Association officers and the St. Louis Eastbound Freight Committee concerning rate on Flour and Grain Products, as follows:

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 21, 1901.

Please refer to file 7680

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: I am informed that the lines between the Mississippi River and the East are not maintaining agreed rates on flour originating west of the Mississippi River, including Missouri River points.

Will you kindly, at as early a date as possible, convene the St. Louis Committee and fix a date (I suggest July

1st) at which the duly authorized rates will be absolutely maintained—they are certainly low enough for the service performed. The harvest in the West is on and the millers will shortly begin to ship this traffic heavily; the roads east will be taxed to furnish equipment, and it rests with them as to whether or not they will get proper compensation for the services they are asked to perform. They will certainly need this proper compensation in the days to come.

I consider this an important matter; much depends upon it, and I urge personally prompt action. I shall have the Chicago and Peoria Committees convened to take similar action.

Yours very truly,

J. F. Tucker,
Chairman.

June 22, 1901.
3272-A.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 21st, file 7680 and 8204 received and will be submitted to Committee at Special Meeting Tuesday 25th.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Your letter 22nd, file 7680 and 8204 and wire 24th regarding rates on flour, Grain and Provisions from Missouri River, also wire 24th as to action of Chicago lines, were read at meeting this A. M. and subject laid over, in consequence of several members not being present. Some out of the city—others did not come as requested.

Your wire 25th just received (2:00 P M.) and I will communicate your letter and the three wires to all members by Circular Lettter tonight.

I go to Cincinnati tonight to attend meeting St. Louis-Cincinnati-Louisville Frt. Committee and expect to be here again Thursday.

At meeting this A. M. I was instructed to *not* issue call for usual Conference Meeting Friday 28th. In fact the meeting adjourned sine die. This for your personal information.

Respectfully,
Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 26, 1901.
Please refer to file 7680

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Your message of yesterday. It is nine o'clock and your letter not yet at hand, though it is important. The situation at St. Louis is very critical and is contagious. The current rates named on flour and provisions from East St. Louis cannot continue much longer without breaking down the whole fabric—it will prevent the Minneapolis flour rates from being maintained.

I telegraphed to each of the chief freight traffic officials of the St. Louis Eastbound roads this morning, asking them to give positive instructions by wire to carry out the understanding that authorized rates should be maintained.

Yours very truly,
J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Chicago, June 26, 1901.
Please refer to file 7680

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: Since writing you this morning have your

letter of the 25th, your Files 3272-A and 3252, relative to rates on flour and provisions from St. Louis.

What roads were not represented at the meeting, and what roads were represented? I am a little surprised to have you say that several of the members were not present and yet you were instructed not to issue call for the usual conference meeting Friday. It is a matter that should receive prompt attention, but of course it needed the presence of a representative of each road. What started the ball down there anyhow, for the reduction of rates seems first to have occurred there.

Yours very truly,
J. F. Tucker, Chairman.

June 27, 1901.
3272-A

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Your two letters 26th received. Answering your enquiry—the B. & O. S. W. R. R.—C. C. C. St. L.—Ill. Cent.—L. H. & St. L.—Wabash and T. St. L. & W. were the roads represented at meeting 25th.

I am unable to say "what started the Ball."

You are well aware that several roads, members of this Committee are also members of the Chicago Committee and they appear to be quite well aware of the conditions that prevail at both points. As you have wired the Chief Freight Traffic Officials of the St. Louis Eastbound roads they may take some action in the premises.

I showed your letter to several members this A. M. and they certainly understand the situation fully not only at St. Louis but elsewhere.

I will be glad to take such further action *as they instruct.*

Respectfully,
Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.
Chicago, June 28, 1901.
Please refer to file 7680

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—I have yours of the 27th, and refer to your Files 3272-A and 3252.

Between the lines of your letter I think I can see the view that probably some of the members and yourself take in regard to this rate situation, and frankly say that so far as my knowledge is concerned I do not *actually* know anything about it, and seemingly the more I endeavor to find out the less I know. My first information, which to an extent was verified, came to me a week ago yesterday, that the rate on flour was 13 cents from St. Louis. At the same time I heard that as low if not lower rate prevailed from Chicago, and was anxious, (as I thought it was my duty), to see if I could not in some way aid in the maintenance of the individual statement by all the chief freight traffic officials of the eastbound roads through our gateways, that the authorized rates should be absolutely maintained.

The Chicago Committee met last Monday afternoon; there was a full attendance of the authorized parties with one exception only, and he was represented; there were representatives there also connected with the eastbound St. Louis roads, and it was stated that the rates from Chicago were being well maintained. Now if I was wrongly informed in this, certainly I am not to blame. The best information I could obtain was that it started this time either at St. Louis or at intermediate Illinois junctions, and if there was anything out of gear at Chicago the Chicago lines misrepresented it at the Monday afternoon meeting. I do not wish the St. Louis lines to feel that I have in the least attributed anything to that gateway that did not come

to me fairly well authenticated—if my information was wrong, as stated above it was not my fault.

As you have let your St. Louis Committee properly see my previous correspondence, I would thank you to have them read this letter. My regret has been that I could seemingly work up so little enthusiasm among roads directly interested in this rate situation, for with a large harvest and the chances for a demand of all equipment, it did not seem to me wise to let it drift. Yours very truly,

J. F. Tucker, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 715."

Complainant offers in evidence correspondence between the officers of the Central Freight Association, and the St. Louis East-bound Freight Committee, relative to rate on Black Plate and Iron, as follows:

(Western Union Printed Blank.)

"No. 9 A. SG. SV. 55 D. H. PAS.

Chicago, Ill., March 21, 1900.

R. M. Fraser, City.

Please place before St. Louis committee at meeting today subject of cancelling effective April first all rates less than those authorized by this association on black plate bolsters or other iron articles, we understand contracts for present rates expire March thirty-first and it is of the utmost importance that classification basis apply after said date.

J. F. Tucker. 11:40 A. M."

"Chicago, March 21, 1900.

Mr. R. M. Fraser, Chairman St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir:—Under even date I telegraphed you as follows:

'Please place before St. Louis Committee at meeting today subject of cancelling effective April first all rates less than those authorized by this association on black plate, bolsters or other iron articles. We understand contracts for present rates expire March thirty-first, and it is of utmost importance that classification basis apply after said date.'

Will you kindly advise as early as possible what action was taken by your committee in case it was considered. If telegram did not reach you in time to enable matter to be placed before meeting today, kindly take same up with your lines by circular letter, as these special rates on black plate, bolsters and other iron articles from East St. Louis to eastern cities should not be extended beyond March 31st, since their existence today is causing shippers at competing points to ask for corresponding reductions.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"March 23, 1900.

3280.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Your wire 21st, regarding rate on black plate, bolsters or other iron articles, was read at meeting yesterday and all parties were not at that time prepared to give definite answer as to whether they could withdraw the rates referred to on March 31st or on legal notice.

I am today advised by one of the members, that they are not prepared to cancel their tariff on the articles referred to at present and I will notify the other members of their decision.

Respectfully,

Chairman."

"ST. LOUIS EAST-BOUND FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., March 24, 1900.
File 3280.

To the members of the Freight Committee:

Gentlemen:—At the close of the meeting 21st inst., the following telegram from Chairman Tucker was read:

'Please place before St. Louis Committee, at meeting today, subject of cancelling effective April first all rates less than those authorized by this Association on black plate, bolsters or other iron articles, we understand contracts for present rates expire March thirty-first and it is of the utmost importance that classification basis apply after said date.'

All parties not being prepared to give definite answer, as to whether they could withdraw the rates referred to, on March 31st or on legal notice, they agreed to advise later, their conclusions.

This is to inform you, that I am advised by *two* of the members that they are not prepared to cancel their Tariff on the articles referred to at present and I have answered Chairman Tucker accordingly.

Respectfully,

R. M. Fraser, Chairman."

"Chicago, Ill., March 24, 1900.
Fire 6473.

Mr. R. M. Fraser Chairman St. Louis E. B. Frt. Committee St. Louis, Mo.

Dear Sir:—Referring to your letter of the 23rd instant, file 3280, regarding the cancellation of unauthorized rates on black plate, bolsters and other iron articles from East St. Louis to eastern cities.

Please telegraph me upon receipt hereof what road it is that cannot cancel the tariff on articles referred to. This

office should know just the exact condition of this matter in detail so as to act accordingly.

Yours very truly,

(Signed) J. F .Tucker, Chairman."

(Western Union Printed Blank.)

Your letter twenty-fourth, file sixty-four seventy-three Wabash and Chicago and Alton.

R. M. Fraser."

"Chicago, Ill., July 19, 1900.
File F-336.

Mr R. M. Fraser, Chairman St. Louis East-bound Committee, St. Louis, Mo.

Dear Sir:—As to the 23c rate on steel bolsters, etc., from East St. Louis to New York:

Kindly advise if it is not possible to have this unauthorized rate on these articles from East St. Louis withdrawn. Present it to your Committee, please, and ascertain what stands in the way of the withdrawal of this rate, for the chances are it will cause the loss of much revenue unnecessarily unless withdrawn. Are there contracts by any roads from East St. Louis? If so, by what roads and when do they expire? Please give me the whole detail so we will know what we will have to encounter in this matter.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"July 30, 1900.
3280

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 19th, F-336. At meeting of 27th inst. your letter was read and after due consideration it was:

Resolved, that the roll be called to ascertain which roads have contracts for the transportation of steel bolsters and enameling or black plate and whether the contracts can be cancelled at once, if not when they will expire.

The roll being called all representatives present, except one, stated that there was no contract via their line. The other member stated his line had a contract on enameling or black plate, good until April 1st, 1901, which could not be cancelled but he could not say whether they had any contracts for the transportation of steel bolsters, but would investigate and advise.

I will advise you regarding contract of bolsters as soon as I receive the information.

Yours respectfully,

Chairman."

Chicago, Ill., August 2, 1900.
File F-336.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St Louis, Mo.

Dear Sir:—I am in receipt of your favor of July 30th, your File 3280. It does not occur to me there need be anything confidential in this matter, as it seems well understood there are contracts there. The point is to arrive at just what those contracts are and the date of their expiration. I do not know as it is necessary to state the roads that have the contracts, though possibly it might be best to do so; therefore, please advise what the exact nature of the contracts is, what traffic they cover and when they expire.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Sept. 6, 1900.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Referring to your letter Aug. 2nd file F-336

and previous correspondence regarding rates on enameling plate and steel bolsters.

This is to advise that subject was again considered at meeting today and laid on the table.

In connection with above will say that in addition to advice contained in my letter of July 30th, the final answer received from the road (Wabash) having reported contract on the enameling and black plate up to April 1st, 1901, is, that "the commodity (steel bolsters) is fully covered by Tariff we cannot cancel at present."

One of the other members (C. & A.) who stated at meeting July 27th, that there were no contracts via his line, reported later that he could not agree to an advance in rates on this traffic, further stating, "that on account of arrangements in effect, his line could not agree to any advance at present, but at expiration of the current year we doubtless will be in a position to agree to an advance.

Respectfully,

Chairman."

Chicago, Sept. 14, 1900.

F-336.

Mr. R. M. Fraser, Chairman St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir:—Referring to your favor of the 6th instant, file 3280, regarding rates on enameling plates and steel bolsters.

This subject was yesterday considered by the Central Freight Association and the following recommendation unanimously concurred in:

'Recommended: That all roads at once cancel all unauthorized tariffs or arrangements of any kind on this traffic. If there are any contracts which prevent this the St. Louis Committee is hereby requested to at its next meeting develop exactly, both specifically and in detail,

their nature, with whom the road or roads obligated, and the term of their continuance, and communicate the same to the Chairman of the Central Freight Association, and that each road here states that they will not enter into any new arrangement or extend the continuance of any present arrangement that may exist.'

Will you kindly take such action as the recommendation requires and advise this office in detail of the result.

Yours very truly,

(Signed.) J. F Tucker, Chairman."

"Sept. 22, 1900.
3280.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 14th, file F-336. As requested your letter was submitted at meeting 21st and after a general discussion regarding the traffic, it was:

Resolved ,that the subject be tabled as Mr. Tucker has been given all the information that can be obtained from the lines interested.

Respectfully,

Chairman."

Chicago, Ill., Sept. 24, 1900.
F-336.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I am in receipt of yours of the 22nd, your 3280.

Tabling this subject does not end it. What objection is there to polling the St. Louis east-bound lines and asking them just what arrangements they have so as to endeavor, if possible, to get back to reasonable maintained rates on this traffic and thus prevent reductions on the same or similar traffic from other localities. Any bona fide arrangements of course must be carried out, but it occurs to me it

is very wise to have all lines say they will not continue them after they have expired and to let competitors know when they do expire so that we may be pulling together and not apart.

Kindly read this letter at your next meeting and advise me the result.

Yours very truly
(Signed) J. F. Tucker, Chairman."

"Oct. 16, 1900.
3280.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours Sept. 24th, file F-336 was read at meeting 12th inst., with result shown in proceedings of the 12th, page 4, copy attached.

Respectfully,
Chairman."

"Chicago, Ill., November 19, 1900.
F-336.

Mr. R. M. Fraser, Chairman St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir:—Referring to your file 3280, relative to rates on enameling plates, black plate and steel bolsters from East St. Louis to western terminal and points east thereof.

This subject was again considered by the Central Freight Association at meeting on the 15th instant, and the Wabash R. R. stated that the rates on enameling plates or black plate as published by that company could not be cancelled before April 1, 1901, but that company will withdraw the special rates on steel bolsters just as soon as other roads are ready to do so. It was therefore recommended as follows:

'Recommended: That the Chairman of the Central Freight Association take the matter up with the St. Louis Committee with a view of having all rates cancelled on

each of these commodities that can be abrogated January 1st ensuing, and that such rates as must be continued under the arrangements now in effect on enameling or black plate, be cancelled April 1, 1901, no new contracts to be made in the meantime.'

Will you kindly again place this matter before your Committee, and have action taken in line with the recommendation mentioned. It is earnestly hoped that the St. Louis Commitee will see the great necessity which other lines in this territory have in bringing about the cancellation of these rates and act acordingly.

Yours very truly,
(Signed) J. F. Tucker, Chairman."

"Nov. 24, 1900.
3280.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill

Dear Sir:—Yours 19th, File F-336 was read at meeting of the Committee yesterday, and it was:

'Resolved, that all roads, members of this Committee individually advise, that effective Jan. 1st, 1901, they will cancel all commodity rates now in effect on steel bolsters, C. L., East St. Louis to Western Termini and Trunk Line Territory.'

I was instructed to inform you that action regarding the rate on enameling or black plate will be taken at the proper time.

Respectfully, Chairman."

"Chicago, Ill., November 27, 1900.
File F-336.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I have yours of the 24th, your 3280. Am glad to know that the St. Louis Committee will cancel all commodity rates on steel bolsters January 1st. Now please

do not forget abount the enameling or black plate—let's clean that up as soon as we can.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"St. Louis East-bound Freight Committee.

Office of the Chairman, 404-406 Union Station

St. Louis, Mo., Dec. 20, 1900.

File 3280.

To the Members of the Freight Committee:

Gentlemen:—Please mail this office two copies of Tariff or Amendment which cancels, effective Jan. 1st, 1901, commodity rates on steel bolsters, in carloads, East St. Louis to Western Termini of Trunk Lines and points east thereof, as per resolutions adopted at meeting Nov. 23rd, 1900, as follows:

'Resolved, that all roads, members of this Committee individually advise, that effective January 1st, 1901, they will cancel all commodity rates now in effect on steel bolsters, C. L., East St. Louis to Western Termini and Trunk Line territory.'

Yours truly,

R. M. Fraser, Chairman."

(Western Union Printed Blank.)

"14 A AY SD 18 D. H.

Chicago Ill. Jan. 12.

R. M. Fraser:—Please see Wabash tariff twenty three nine twenty one amendment nine effect fourteenth restoring rate on steel bolsters.

J. F. Tucker. 1124 A. M.

"Jan. 15th, 1901.

3280.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Your wire 12th, as follows:

'Please see Wabash Tariff twenty three nine twenty one, Amendment nine, effective 14th, restoring rate on steel bolsters.

I also have letter 12th, from D. F. A., T. St. L. & W. R. R. as follows:

'Referring to your Circular Letter of Dec. 20th File 3280, and Memo., of the 5th inst., asking for the decision of this Company regarding cancellation of all Commodity Rates now in effect on steel bolsters, C. L., E. St. Louis to Western Termini and Trunk Line Territory beg to advise matter was referred to Mr. C. D Whitney, G. T M., who now states to us he is not in a position, at present, to cancel our tariffs on this commodity, owing to contracts being taken based on our published tariff.'

This is in line with statement made by A. G. F. A. Cook in your office 9th or 10th.

The correspondence was read at special meeting today and it was:

Resolved, that the subject be laid on the table.

Respectfully,

Chairman."

Chicago, Ill., January 16, 1901.

F-336.

Mr. R. M. Fraser, Chairman St. Louis E. B. Frt. Committee, St Louis, Mo.

Dear Sir:—Referring to your favor of the 15th instant, file 3280, relative to rates on steel bolsters from East St. Louis to Eastern cities.

We understand the Clover Leaf will not withdraw commodity rates on steel bolsters until rates on enameling and black plate are also cancelled, and this we understand will be April 1st. As the subject of cancelling rates on enameling or black plate is to be taken up by your committee in the near future, it seems to me that the best way would

be to also incorporate the cancellation of the steel bolster rates on same date. These special rates on enameling or black plate and steel bolsters should be withdrawn, as to continue them would seem to mean corresponding reductions from competitive territory in the east, which has been avoided up to this time.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Feb. 4, 1901.
3280.

Mr J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—In reply to your letter of the 16th inst., file F-336, rates on steel bolsters.

This is to advise that your letter was considered at meeting 1st inst. and that the following action was taken:

'Resolved, that when the subject of cancellation of rates on enameling or black plate is considered, that we also consider the subject of cancelling the rates on steel bolsters. (See Proceedings Nov. 23rd, 1900.)

This for your information.

Yours truly,

Chairman."

"Chicago, Ill., February 13, 1901.
F-336.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—Won't you kindly take steps through your Committee to have the unauthorized rate on enameling plate and steel bolsters from East St. Louis abrogated. My suggestion is that you get the members of the St. Louis Committee to agree to withdraw it on a certain date, subject to the approval of the Clover Leaf, and then ask them to agree to it. Already the rate has reached Chicago and one of the roads has put in a 20c rate from here.

It does seem to me under the conditions that such rates as this should be abrogated, not being able to conjure up any reason why they should be continued.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Feb. 19, 1901.
3280.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 13th, file F-336 was read at Conference Meeting today and it was suggested that if you can arrange matters with the T. St. L. & W. there will be no trouble in having this Committee give the subject prompt attention.

Please see my letter Jan. 15th, for copy of latest communication from T. St. L. & W. regarding this traffic.

Respectfully,

Chairman."

"Chicago, Ill., March 16, 1901.
F-336.

Mr. R. M. Fraser, Chairman St. Louis E. B. Frt. Committee St. Louis, Mo.

Dear Sir:—Referring to your file 3280, subject of rates on steel bolsters, enameling and black plate, from East St. Louis to Western Termini and east

This subject was further considered by Central Freight Association at meeting of the 14th instant and it was recommended that this office again take up with the roads members of the St. Louis Committee the question of abrogating on or about April 1st the special rates published therefrom on steel bolsters, enameling and black plate, the understanding being that simultaneous with the cancellation of the special rates from East St. Louis, the rates which have been established from other C F. A. points on the same

commodities will be withdrawn. Will you therefore kindly obtain as promptly as possible from the authorized representatives of the roads members of your committee, and non-members also, full assurances that the unauthorized rates on steel bolsters, enameling and black plates from E. St. Louis to western termini and points east thereof will be cancelled April 1st next, which I understand is the earliest date these special rates can be taken out. By handling the matter promptly and advising this office of the result, you will greatly oblige,

Yours very truly,

(Signed) J. F. Tucker, Chairman" .

"March 22nd, 1901.

3280.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 16th, file F-336 was read at meeting today and after due consideration, it was:

'Resolved, that this subject be referred back to Chairman Tucker, stating that as the T. St. L. & W. R. R. are not members of this committee, if he will take the subject up with the Traffic Officer of that road and get assurance from him as to the date on which the rates referred to on Steel Bolsters, Enameling or Black Plate will be cancelled and the authorized rates made effective, the matter will be given prompt attention by this Committee.'

The above resolution is in line with what was stated in my letter Feb. 19th, and was the result of action taken by the Traffic Manager, T. St. L. & W. R. R. as shown in my letter Jan. 15th.

Hoping you will arrange matters with the T. St. L. & W. R. R., and awaiting your advice to that effect, I am,

Yours respectfully,

Chairman."

"Chicago, Ill., March 25, 1901.
F-336.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your letter of March 22nd, your file 3280:

Will you kindly poll the St. Louis Committee and ascertain if they will cancel all unauthorized rates on steel bolsters, also on enameling and black plate, from East St. Louis to the western termini of the Trunk Lines and points east thereof, April 15th, provided the Clover Leaf will do so. Failing in this, please advise me what lines have these contracts and when they expire. I would like to get at the exact facts in this case so as to handle it understandingly.

Yours very truly,
(Signed) J. F. Tucker, Chairman."

"March 26, 1901.
3280.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 25th, F-336, was read at special meeting today and I regret the necessity of informing you that the members of the Committee positively decline to take any further action on the subject until the terms of the resolution of March 22nd are complied with.

I am also unable to inform you whether any of the roads have a contract for a specified time or quantity.

Respectfully
Chairman."

"Chicago, Ill., March 27, 1901.
F-336.

Mr. R. M. Fraser Chairman St. Louis Eastbound Freight Committee St. Louis Mo.

Dear Sir:—I am in receipt of yours of the 26th your file 3280.

I also regret that the St. Louis Eastbound Committee should have taken the view they did of my action. Certainly it seems to me that the continuation of those rates at East St. Louis must convince every person interested as an unnecessary loss of revenue. The rates upon which these contracts are made can hardly appeal to any intelligent transportation man as reasonable for the service performed.

My simple request was as to what lines have the contracts so that I can personally reach the chief freight traffic officials of such lines and endeavor to bring about harmony and uniform concurrence of action I had no other object in asking these details except to get at the matter understandingly for it is much easier to write, talk and act when you know the facts. I will do my level best on some other line.

Yours very truly,
(Signed) J. F. Tucker, Chairman."

(Western Union Printed Blank.)

"58 A SGA 33 D H.

Chicago, Ill., Oct. 4th.

R. M. Fraser, 326 P. M.

Have the special unauthorized rates on enameling plates steel bolsters and black plates that we had correspondence about in the spring been called in accordance with the previous agreement of July eleventh. Answer.

J. F. Tucker."

J. F. Tucker, C. F. A., Monadnock Block, Chicago, Ill.

Unauthorized rates on enameling plate, etc., still in effect. Last action see proceedings March twenty-second, nineteen hundred and one.

R. M. Fraser."

"Chicago, Ill., October 5, 1901.
F-336.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—I am in receipt of your message in reply to mine of yesterday, in which you state that the unauthorized rates on enameling plate, etc., are still in effect, that last action was March 22, 1901 proceedings.

July 11th, every executive of the east-bound initial roads met at New York and agreed that authorized tariff or agreed rates should be absolutely maintained from date. It was further agreed that if there were any engagements of any kind or nature that interfered with the carrying out of this action, advices were to be sent me under personal cover. Now no engagements have been reported by any of the St. Louis roads, and it seems to me that the action of the executives has not been conformed to and that their attention should be called to it.

My understanding is that the 25c rate applies on bolsters, enameling plate and black plate, and on nothing else—is this correct? Also, please advise me what roads are using this rate—probably all of them, but let me have the facts so as to enable me to proceed understandingly.

Yours very truly,
(Signed) J. F. Tucker, Chairman."

"Chicago, Ill., October 5, 1901.
F-336.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—In accordance with the understanding of the Presidents at their meeting in New York July 11th, please have your Committee agree to withdraw the unauthorized tariff on enameling plate, black plate or bolsters, or any other traffic, the rates on which are not in accordance with

authorized tariff or agreed rates, making the dates of the cancellation effective November 15th. Kindly advise.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Chicago, Ill., October 9, 1901.

F-336.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—You have not yet answered my letter in relation to whether the St. Louis roads would cancel the tariff on steel bolsters, enameling plate and black plate November 15th. I wish you would have some action taken on this at the earliest possible moment, and thus oblige,

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Oct. 11, 1901.

3280.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 9th, file F-336.

Your two letters, 5th, file F-336, regarding rates on steel bolsters, enameling and black plate, were read at meeting 8th, and after due consideration of the subject, it was:

Resolved, that it is the sense of this Committee that rates now in effect cannot be withdrawn.

Respectfully,

Chairman."

"Chicago, Ill., October 12, 1901.

F-336.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I have yours of the 11th, your File 3280, in relation to the unauthorized rates on steel bolsters, enameling and black plate.

What were the reasons given by the St. Louis Committee why this tariff cannot be cancelled? In our correspondence some six or eight months ago it was stated that there were engagements which could not then be terminated, but could be in a short time; now we are up against it as a permanent matter.

Kindly give me the reasons so I can present the matter to the Iron Committee at the next meeting.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

Oct. 22, 1901.
3280.

"Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.:

Dear Sir:—Yours 12th, file F-336 duly received and as I was not prepared to give any reasons why the Tariff s cannot be cancelled as stated in the resolutions adopted at meeting 11th, I presented your enquiry at meeting to-day, and I was instructed to inform you "That the Wabash is not prepared to cancel the rate on Black Plate."

Hoping that the above reply will answer your purpose, I am

Yours respectfully,

Chairman,"

"Chicago, Ill., July 30, 1902.
9331.

"Mr. R. M. Fraser, Chairman St. Louis E. B. Freight Committee, St. Louis, Mo.:

Complaint is made that the Wabash Railroad publishes rates on enameling plates and steel bolsters from E. St. Louis to Pittsburgh on basis of 23 cents per 100 lbs. E. St. Louis to New York, and I would respectfully ask if there is any understanding among the roads members of your Committee that these special rates will not apply on

business to western termini of Trunk Lines? If so, it seems that Wabash Ry. should be asked to amend its tariff.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Aug. 4, 1902.
3280.

"Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Yours July 30th, file 9331. It is a fact that the Wabash R. R. do publish rates on Enameling Plates and Steel bolsters, to Western Termini Points and have done so for the past two years in tariffs as follows:

23291, effective Oct. 8th, 1900, cancelled by Tariff F-23921, effective January 5th, 1901, and reinstated by tariff 23291-K, effective January 14th, 1901. Tariff No. 23921—K was superseded by No. 26513, effective January 1st, 1902, and still in effect.

In connection with the above I respectfully refer you to sundry letters on your file F-336 and particularly to your letter March 16th, 1901, and to my last letter Oct. 22nd. Proceedings issued Oct. 31st, 1902.

There is the same understanding by the Committee regarding the rates to Western Termini Points as to points east as shown by the proceedings.

If this is not a satisfactory reply, I will expect to hear from you again.

There will not be a regular meeting of the Committee until the 22nd inst. as several members expect to be absent in the meantime.

Respectfully,

Chairman."

"Chicago, Ill., Aug. 5th, 1902.
9331.

"Mr. R. M. Fraser, Chairman, St. Louis E. B. Freight Committee, St. Louis, Mo.:

Dear Sir:—Your letter Aug. 4th, file 3280, we understand that the E. St. Louis lines apply the reduced rates on steel bolsters to the western termini of Trunk Lines and this is just the information we desire, and we are obliged to you for same.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Chicago, Ill., Dec. 19, 1902.

10077-A.

Mr. R. M. Fraser, Chairman, St. Louis E. B. F. Committee, St. Louis, Mo.:

Dear Sir:—The Uniform Basis of Rates Committee at meeting at this office this week considered matter of all rates on miscellaneous commodities which Central Freight Association roads desire to continue in effect on and after January 1st next, and at that time there was presented the question of cancelling the rates on enamelling plates and steel bolsters, from E. St. Louis, Ill., to western termini Trunk Lines and points east thereof. In view of the facts presented with reference to rates on enameling plates, it was decided to refer the matter to the St. Louis E. B. F. Committee for consideration and recommendation. It was admitted I believe that there was nothing to hinder the cancellation of the rates on steel bolsters, but the rates on enameling plates acccording to the facts presented cannot very well be withdrawn at this time. It was thought best, however, to have the question taken up by the St. Louis Eastbound Freight Committee for consideration and report.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Dec. 27, 1902.

3280.

"Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.:

Dear Sir:—Yours 19th, file 10077-A was considered at meeting 26th and I was instructed to advise you that the rate

on Enameling Plate cannot be advanced but that the subject of advancing the rate on Steel Bolsters is under consideration and you will be advised of action taken.

Yours respectfully, Chairman."

"Jan. 24, 1903.
3280.

"Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.:

Dear Sir:—Referring to yours Dec. 19th, file 10077-A—my reply Dec. 27th.

The subject of rates on Steel Bolsters to Trunk Line Territory was given further consideration at meeting 23rd and it was

Moved, That Chairman C. F. A. be advised that after investigation it is found that the rates on Steel Bolsters cannot be advanced.

Respectfully, Chairman."

"Chicago, Ill., January 26, 1903.
4841

"Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—I notice by Proceedings No. 34 of the St. Louis Eastbound Freight Committee meeting held January 23rd it was found that the rates on steel bolsters could not be advanced. Won't you kindly advise me the reasons that actuated this statement—is it a matter of contract or what is the trouble as to the advance on this traffic?

Yours very truly,
(Signed) J. F. Tucker, Chairman."

"Jan. 29, 1905.
3280

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Yours 26th, file 4841. It is my understanding that the action regarding Steel Bolsters, as shown in

Proceedings No. 34, Jan. 23rd was based on statement That until such time as the present special rate on Black or enameled plates can be cancelled that we cannot agree to a cancellation of the present special rating on steel bolsters."

Respectfully, Chairman."

"Chicago, Ill. January 30, 1903.
4841.

'Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis Mo.

Dear Sir:—Please refer to your letter of the 24th, instant, your file 3280, and to our correspondence in the past, in relation to the unauthorized rates in effect at St. Louis on enameling plate and bolsters:

My understanding of these rates is that the authorized one is 32 cents per 100 pounds, but that tariff rate from St. Louis is 23 cents per 100 pounds on both commodities.

The Central Committee at meeting yesterday had this matter under consideration and thought if this rate was continued it would be a menace to the general rate situation. We have advanced the bolster rates from Hammond and other originating points of the same traffic and unless this rate from St. Louis particularly on bolsters, can be advanced, it must have the effect of forcing reductions wherever this traffic is manufactured.

The Central Committee therefore instructed me to ask the St. Louis Committee to seriously consider an advance in the rates to Official Classification basis on these two commodities. Will you please have it docketed for consideration of your committee at its next meeting and give me the results thereon in full detail so that the Central Committee may be thoroughly posted as to the reasons why a continuation of this rate is forced or necessary?'

Yours very truly,

(Signed) J. F. Tucker, Chairman."

Chicago, Ill. January 31, 1903.

"Mr. R. M. Fraser, Chairman, St. Louis, Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Yours of the 28th, your file 3280. Kindly advise what road or roads have the rate on enameling plate, and also what road or roads have in the rate on the steel bolsters. Yours very truly,

(Signed) J. F. Tucker, Chairman."

P. S. I understand,
Wabash, Enameling plate,
Clover Leaf, Bolsters.

"March 5, 1903.
"Personal. 3280.

"Mr. J. F. Tucker, Chairman, C. F. A. Chicago, Ill.

Dear Sir: Yours 2nd, file 4841. As shown in Proceed-

ings No. 31, Dec. 26th, the Wabash representatives announced that they were not prepared to cancel the rate on Enameling Plate.

In letter Jan. 20th, the T. St. L. & W. R. R. representative stated, "Uutil such time as the present special rate on Black or enameled plate be cancelled, we cannot agree to a cancellation of the present special rating on Steel Bolsters."

It is possible that all roads have the rates in effect, but am not prepared to state positively. I am under the impression that the continuance of the rates by those having them in tariffs depends on the action of the roads mentioned above.

Respectfully,
Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 716."

Complainant offers in evidence correspondence between the officials of the Central Freight Association, and the St. Louis Eastbound Freight Committee, with reference to re-consigning lumber from St. Louis, plain or dressed; as follows:

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago Jan. 17th., 1900.

Please refer to file 6137.

Mr. R. M. Fraser, Chairman, St. Louis E. B. F. Committee, St. Louis, Mo.

Dear Sir:—We understand that a number of East St. Louis lines are handling lumber subject to reconsignment through St. Louis, using Cairo combination.

The result is that it makes St. Louis a distributing point and reduces rates in many cases from one and two cents per

100 lbs. We are told that under this practice the eastern lines do fictitious billing and it is so handled as to prevent detection by the Inspection Bureau.

Will you not kindly place this matter before your Committee at as early a date as practicable, and advise what conclusion is reached as to abrogating the practice referred to. Please advise promptly. Yours very, truly,

(Signed) J. F. Tucker, Chairman.

Jan. 18, 1900.
3281.

"Mr. J. F. Tucker, Chairman, C. F. A. Chicago, Ill.

Dear Sir:—Yours 17th., file 6137.

I will place this subject on the docket for consideration at the next meeting of this Committee and advise result.

Permit me to suggest, that, it might help matters if you would send me the papers covering some specific cases. It would no doubt, help to straighten matters out quicker than to make a general charge without having the proof at hand.

Awaiting your reply, I remain, Yours respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jan. 20, 1900.
6137.

Mr. R. M. Fraser, Chairman, St. Louis E. B. F. Committee, St. Louis, Mo.

Dear Sir:—Referring to your favor of the 18th. inst., file 3281, would advise that no specific instances have been brought to our attention where the practice of re-consigning lumber at East St. Louis has been indulged in, and the fact of the matter as we understand it is so carried on as to be impossible of detection by the Inspection Bureau.

We have reliable statement, however, that such is the

practice of various roads leading eastwardly from E. St. Louis. It seems to me that if the St. Louis lines are doing what is claimed the representatives located thereat who will be present at the meeting, are fully aware of the situation and any references to a particular shipment could have no great bearing. In our opinion, an earnest endeavor should be made to discontinue the re-consignnig arrangement referred to, as it will undoubtedly affect shipments through Ohio River crossings, and will result in demoralizing all local rates on the lumber traffic. Yours very truly,

(Signed) J. F. Tucker, Chairman.

March 31, 1900.
3281.

"Mr. J. F. Tucker, Chairman, C. F. A. Chicago, Ill.

Dear Sir:—Yours Jan. 20th., duly received and the subject of rates on Lumber from St. Louis was on the docket for consideration at meetings Feb. 1st. and 13th., also March 2nd. and 21st. It was finally disposed of as you will see by proceedings March 21st.

I understand from your Circular Letter, dated March 16th., regarding Executive Officers Meeting in Chicago, March 15th., consideration was given to all unauthorized rates, including lumber and all parties stated that they would demand the present authorized rates, etc.

Respectfully,
Chairman.

CENTRAL FREIGHT ASSOCIATION.
Office of the Chairman, 8th Floor Monadnock Block.
May 28th, 1900.
6756.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir:—It is claimed that shipments of lumber are being brought into St. Louis and there planed and dressed

and the proportional rates from East St. Louis applied thereon to points east of the western termini of the Trunk Lines, whereas under Information 278, series A, proportional rates named therein are only to apply on shipments originating beyond.

As the planing and dressing of lumber at St. Louis makes the shipments practically local business, full local rates on basis of 6th class should be applied thereon from East St. Louis.

Will you kindly take the matter in hand and advise fully if the practice is in vogue as complained of.

Yours very truly,
(Signed) J. F. Tucker, Chairman.

May 30th., 1900.
3281.

"Mr. J. F. Tucker, Chairman, C. F. A. Chicago, Ill.

Dear Sir:— Yours 28th, file 6756 was read yesterday at Special Meeting of the Committee and I was instructed to write you for specific information as to the roads that are carrying the traffic, along with a statement of the billing so that the subject may be considered at the next regular meeting, which will be called for Tuesday, June 5th.

Respectfully,
Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 1, 1900.
6756.

Mr. R. M. Fraser, Chairman, St. Louis, Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your favor of the 30th ultimo, File 3281, regarding planing and dressing at St. Louis on

lumber in transit: This office has no facts except the general statement made by various shippers at Buffalo that the practices of stopping lumber in transit for substitution, dressing, etc. is in vogue at St. Louis, and they therefore petition that like practices be allowed at Buffalo. This, of course, the Buffalo lines are not in favor of granting but they have set about to investigate whether the complaint made by shippers is correct, hence my letter to you of the 28th. ultimo. It seems to me that it is possible by investigation to ascertain exactly whether or not this lumber is planed and dressed at St. Louis, for the connecting lines at St. Louis should be able to furnish the proper receipt for all shipments of lumber on which the proportional rates from East St. Louis are applied, also this receipt would show the date it arrived at St. Louis and whether or not the lumber was transferred from cars of western roads into cars of eastern roads or was forwarded through without transfer. Furthermore, information as to the date of arrival at St. Louis as compared with that of delivery to the eastern lines would be of some value. Trust you will therefore have the matter carefully considered and facts furnished me so that we may make proper reply to the Buffalo Freight Committee.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

June 8th., 1900.

3281.

Mr. J. F. Tucker, Chairman, C. F. A. Chicago. Ill.

Dear Sir:—Referring to your letter of the 28th. ult., file 5766. my letter of the 30th. and your reply June 1st. regarding rates on Planed and Dressed Lumber, East St. Louis to Western Termini and Trunk Line Territory.

This is to advise that subject was considered at meeting 5th. inst., and the following action taken.

"Resolved, That in view of Mr. Tucker not having

furnished information requested, subject be laid on the table." Yours truly,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.
Chicago, June 9, 1900.
6756.

Mr. R. M. Fraser, Chairman,
St. Louis E. B. Freight Committee,
St. Louis, Mo.

Dear Sir: Referring to your favor of the 8th inst., file 3281, regarding subject of dressing and planing lumber in transit at St. Louis.

I do not entirely understand why the subject was laid upon the table by your committee. As before stated, the facts are that proposition has been filed by the Buffalo shippers that they be permitted to stop lumber at that point to be planed and dressed, claiming that such is the practice at St. Louis and other points west of Buffalo. It seems that the St. Louis lines should advise definitely whether or not lumber which reaches St. Louis from points beyond is planed and dressed in transit and the proportional rates then applied to eastern cities. The laying of the matter on the table by your committee tends to give the opinion that something of this nature is being permitted at St. Louis. I would thank you, therefore, to take the matter up with the St. Louis lines and advise definitely just what they are doing.

Yours truly,
(Signed) J. F. Tucker, Chairman.

P. S.—It is not a difficult thing to ascertain if this is being done—in fact all roads know whether they are or are not permitting it.

June 11, 1900.

Mr. J. F. Tucker, Chairman, C. F. A., 3281.
Chicago, Ill.

Dear Sir: Yours 9th, file 6756. Your letters May 28th and June 1st were read and contents duly considered with the result, as shown in my letters May 30th and June 8th.

As none of the members admitted that the pracice complained of was permitted by them and as you failed to furnish proof of the charges as requested, I do not see that there is anything more for me to do in the premises.

Respectfully,

Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 717."

Complainant offers in evidence correspondence between officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, with reference to rate on Packing-house Products, Green Hides, etc., as follows:

Jan. 8, 1900.
3283.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Referring to your letter Dec. 27th, file D-646, regarding rates on Packing-house Products and Green Hides from Chicago to Dayton.

Kindly let me have reply not later than Thursday, 11th, A. M., with all the information you have at hand.

Yours truly,

Chairman.

(Western Union Telegraph Company.)

Received at Union Station, St. Louis, Mo.
22 R RF M 26 DH
Chicago Ill., Jan. 11.
R. M. Fraser.

Your letter eight file thirty two eighty three rate from

Chicago to Dayton on hides and packing-house products is twelve cents same as to Cincinnati.

J. F. Tucker.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jan. 10, 1900.

D-646.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.:

Dear Sir:—In reply to your favor of the 8th instant, file 3283, would advise that according to information which we have been able to obtain the lines from Chicago to Dayton will not apply higher rate than published on green hides from Chicago to Cincinnati, which will be 12 cents per 100 lbs.

It seems this will also be the rate applied from Chicago to Dayton on packing-house products, C. L.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jan. 16, 1900.

Inf. 1864.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.:

Dear Sir:—Referring to your Special Notice No. 938, dated 12th instant, according to which rate of 10 cents is established on green hides, C. L., from East St. Louis to Indianapolis.

It seems to me that your committee has not acted in accordance with the rules of this Association by reducing rate which was agreed to and authorized in our Information

circulars, without first submitting application therefor to this office. The rate of 12 cents to Indianapolis was established in line with advanced rates on the same traffic to other Central Freight Association points and if same was not acceptable to the East St. Louis lines, a recommendation to have the rate changed should be made to this office and the views of Central Freight Association lines thereon awaited. You appreciate that the E. St. Louis Committee cannot be governed by any different rules than those applying to other committees without disturbing the general situation. In view of the effect which the ignoring of C. F. A. rules by such an important committee as that at East St. Louis must have on those at other points, it seems to be a very important reason why C. F. A. rules should be conformed to. The foregoing also applies to the 12-cent rate to Dayton on packing-house products, which was established without awaiting authorization by this office. It is our impression that you should cancel these rates and if rates at a variance with those now authorized in our Information Circulars are desired, application therefor should be submitted and result of views of C. F. A. lines awaited.

We do not find that the rate of 16 cents established in the same Notice on pig lead and spelter to Carnegie and the western termini of the Trunk Lines has been authorized by this Association, and application for said rates should also be submitted. Please advise.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Jan. 18, 1900.

2559, 3283, 3208.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Yours 16th, Inf. No. 1864.

This Committee took action on this traffic for the reason stated in proceedings 11th and for the further reason,

that, the rate on same Traffic, Packing-house Products (which includes Green Hides), Chicago to Indianapolis is 9 cents per 100 lbs.

As regards rate to Dayton on Green Hides; that subject has been under consideration since Dec. 20th, 1899, my first letter to you that date, and there were sundry letters and telegrams passed between us, and finally your wire 11th inst, was received while the Committee was in session and action taken, as you will see by proceedings 11th instant.

Regarding rate on Pig Lead and Spelter to Carnegie and Western Termini (our Special Notice No. 938); you have evidently overlooked authority in Inf. No. 1864, page 4, covering this Traffic.

I certainly do appreciate, that, the St. Louis, as well as all other Committees, should not deviate from the Central Freight Association rules, but sometimes the members feel that, circumstances require and warrant immediate action as in the cases referred to above.

I have very serious doubt about this Committee cancelling the rates named and then submitting question for vote of Central Freight Ass'n. and trust that you will deem it advisable to make your records complete, you will take the necessary action to accomplish that result without the formal action by this Committee, which you suggest.

I will, however, submit your letter at next regular meeting of the Committee for their consideration.

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jan. 22, 1900.

Inf. 1864.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—Replying to your favor of the 18th instant, your Files 2559, 3283 and 3208:

Your kindly explanation as to establishing rates on green hides to Indianapolis and Dayton is noted, and in connection therewith would state that this office has advised you as promptly as possible as to rate on green hides Chicago to Dayton. At the same time it is our impression that the East St. Louis lines should have submitted an application for the changes referred to before same were made effective.

The Committee that established the rate on green hides to Indianapolis also decided as to packing-house product rates, and the rates on hides, it was understood, were advanced above packing-house product rates to be in line with advances made to Ft. Wayne and a few other points to which commodity rates were authorized on such traffic.

Already one of the western lines has cited the individual action of the St. Louis Eastbound Freight Committee as a reason why it should not be asked to file application for authority to make corresponding rates which are less than those duly authorized by this Association's circulars.

It is the inclination on the part of the other Committees to follow the independent action of any one that renders it absolutely necessary all should be governed by the same rules. From my point of view, it would be best for you to file an application to have authorized the rates on green hides to both Indianapolis and Dayton, so that same may be made a matter of Association record, the understanding being that you will state the reason therefor.

With regard to the rates on pig lead and Spelter to the western termini, would state that we overlooked authority therefor on page 4 of Information 1864.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Feb. 14, 1900.
3283.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—At a meeting of the Freight Committee, 13th inst., subject of Rates on Green Hides, C. L., East St. Louis to Zanesville, Ohio, was considered and it was

Resolved, That the roads, members of this Committee, individually recommend to the C. F. A. that they authorize a rate of 17 cents per 100 lbs. on Green Hides, C. L., Minimum Weight as per Official Class'n., East St. Louis to Zanesville, Ohio. This in view of the fact that there is now authorized a 12-cent rate, on this traffic, to Dayton.

Please have the above proposition submitted to the members of your Ass'n., advising result.

Yours truly,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor, Monadnock Block.

Chicago, Feb. 15, 1900.

Subject:—Proposed Rate on Green Hides, C. L., from East St. Louis, Ill., to Zanesville, Ohio.

Advice Letter—No. E. 827.

To the General Freight Agents:

Gentlemen:—The following is received from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee:

"At a meeting of the Freight Committee, 13th inst., subject of rates on Green Hides, C. L., East St. Louis to Zanesville, Ohio, was considered, and it was

"Resolved, That, the roads, members of this Committee, individually recommend to the C. F. A. that they authorize a rate of 17 cents per 100 lbs., on green hides, C. L., minimum weight as per Official Classification, East St. Louis, Ill., to Zanesville, Ohio. This is in view of the fact

that there is now authorized a 12-cent rate, on this traffic, to Dayton."

Please have the above proposition submitted to the members of your Association, advising result."

The present rate (5th class) is 21 cents per 100 lbs.

Please note on the enclosed blank your views in regard to the above rate, and oblige,

Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, February 24, 1900.

E-827.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—Referring to your favor of the 14th instant, your 3283 relative to establishing rate of 17 cents per 100 lbs. on hides, in carloads from East St. Louis, Ill., to Zanesville, Ohio.

The application was submitted for the views of the Central Freight Association lines, and taking into consideration the vote as recorded thereon, together with the fact that the roads from Chicago and other hide-shipping points are today holding full 5th class rates into Zanesville, the application will be declined. The 5th class rate of 21 cents per 100 lbs. to Zanesville is in line with rate of 16½ cents per 100 lbs. from Chicago, Peoria and other points, and it seems beyond question that East St. Louis should not be granted the 6th class rate to Zanesville unless some relief is given to Chicago roads. The rate to Dayton can hardly be used as an argument in applying rate to Zanesville, as the Chicago and Ohio River Committee rates have been in numerous instances ignored, it being found impossible to have

them advanced and it being considered not wise to reduce rates to other points because of the existence of the Chicago and Ohio River Committee's Commodity rates.

I feel that the approval of this application to Zanesville would be a wedge for establishing 6th class rates to Cleveland, Pittsburg and other points to which shipments are made in greater quantities than to Zanesville from the West. Another feature is that recently Marietta has been considered intermediate to Zanesville via some routes, and the publication of the 17 cent rate to Zanesville would mean that the lines through Marietta could use the same rate which would surely interfere with the maintenance of the present rates to all Trunk Line western termini, Pittsburg and south, as well as West Virginia points.

My impression is that the bearing which the approval of this rate would have on other rates justifies the declination thereof.

Yours very truly,
(Signed) J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor, Monadnock Block.

Chicago, Feb. 26, 1900.

Subject—Disposition of proposed rate on Green Hides, C. L., from East St. Louis, Ill., to Zanesville, Ohio.

Advice Letter—No. E. 865.

To the General Freight Agents,

Gentlemen: Referring to advice letter No. E-827, dated February 15th, 1900, application for rate of 17 cents per 100 lbs., on green hides, C. L., from East St. Louis, Ill., to Zanesville, Ohio.

After further investigation, roads interested individually advise that it has been decided not to make effective the rate mentioned above.

Yours very truly,
J. F. Tucker, Chairman.

ST. LOUIS EASTBOUND FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., April 4, 1900.
File 3283.

To the Members of the Freight Committee,

Gentlemen: I am to-day in receipt of the following letter from a member of this Committee:

"Referring to application of the B. & O. S. W., for rate of 17 cents per 100 on Green Hides from East St. Louis to Zanesville as compared with rate of 12 cents from Dayton, I think this matter was voted down by the Central Freight Ass'n. We desire to renew our application and would ask that same be submitted to vote of the St. Louis Lines and if possible get it to Mr. Tucker before the meeting next week."

This subject was considered at meeting Feb. 13, 1900, (see proceedings) and recommendation forwarded to Central Freight Ass'n., same being submitted for vote by that Association in their Advice Letter E-827, Feb. 15, 1900. The recommendation was declined as per C. F. A., Advice Letter E-865, Feb. 26, 1900.

Please let me have your vote on the above proposition at your earliest convenience; so as to enable me, if vote is in the affirmative, to forward the recommendation to the Central Freight Ass'n. in time to be considered at their meeting to be held next week, viz.: April 11th and 12th.

Yours respectfully,
R. M. Fraser, Chairman.

April 7, 1900.
3283.

Mr. J. F. Tucker, Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Referring to the attached letter addressed to the members of this Committee, regarding rates on Green Hides, East St. Louis to Zanesville Ohio.

The vote on this proposition resulted in a majority of the interested lines voting in the affirmative. Will you therefore have my letter of Feb. 14th, your Advice Letter E-827 Feb. 15th reconsidered at your meeting called for next week, greatly obliging, Yours truly,

Chairman.

P. S.—Received your call for the C. F. A. meeting yesterday and note that this subject has been docketed for consideration.

Your wire. Rates on Green Hides to Dayton twelve cents. See this Committee proceedings January eleventh, nineteen hundred and Special Notice ten twenty.

R. M. Fraser.

Above exhibit is marked " Complainant's Exhibit Fraser No. 718."

Complainant offers in evidence correspondence between officials of the Central Freight Association, and the St. Louis Eastbound Freight Committee, with reference to switching charges at St. Louis, and absorption thereof by St. Louis Lines, etc., as follows:

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, June 19, 1900.

6881.

Mr. R M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I received a communication from a member of this Association stating that they had been asked by several East St. Louis lines to absorb the Wabash switching charges on shipments from Central Freight Association points destined to St. Louis. I wrote General Freight Agent Knight of the Wabash road under date of the 15th in relation to this matter, and under date of the 16th he answers that it has been the practice of the Wabash Railroad Company for the past six or seven years to absorb St. Louis switching within certain switching limits; that

* * * "The subject is thoroughly understood, I believe, by all lines entering East St. Louis, as it is a matter of record in detail in Mr. Fraser's office."

He also sends me a copy of list of their tracks and switching charges, Wabash No. 16,504, effective January 1, 1898.

I cannot understand this matter. We name rates only to East St. Louis, as I understand it, and the bridge tolls and any St. Louis charges would be in excess of these rates and not absorbed out of them; nor can I find that there has been any application for or authorization of the absorption of these charges by the Association.

Won't you kindly write me fully in detail in regard to this matter, for unless other roads reach these switching tracks or industries and thereby force absorption to equalize, cannot see why it should not be added instead of deducted from the rate.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

June 21, 1900.

Mr. J. F. Tucker, Chairman, C. F. A., 3321.
Chicago, Ill.

Dear Sir: Yours 19th, File 6881. The statement of G. F. A. Knight referred to by you is correct, as you will see by attached copy of Circular Letter, May 25th, 1899, to the members, also copy of letters May 12th and 18th, 1899, signed P. W. Coyle.

If any further information is desired, I will expect to hear from you again. Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, June 23, 1900.

Mr. R. M. Fraser, 6881.
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I am in receipt of your favor of the 21st, your File 3321.

I cannot find any record in this Association of the authorization of the absorption of these switching charges of the Wabash Road at St. Louis.

Appreciating that the Wabash Road charges outside roads a certain switching charge for delivery to industries on their track, to which industries they deliver free, these outside lines must equalize, but not knowing the situation please have the matter referred to your Committee and if these charges should be absorbed from the through rate have application made. It seems to me to be somewhat complicated from the fact that the rates are named only to and from East St. Louis.

How about reaching industries on tracks other than the Wabash Road at St. Louis—are these switching charges

absorbed or added to the rates? Kindly advise after your meeting.

Yours very truly,
(Signed) J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, July 3, 1900.

Mr. R. M. Fraser, 6881.
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I notice at the recent meeting of the St Louis Committee the matter of absorption of switching to and from industries located on the Wabash Road was considered. This question came up by one of the members of this Association stating that they

"Had been asked by several of the St. Louis Lines to assist in absorbing Wabash switching charges on shipments from points on our road destined to St. Louis, the same being rated to East St. Louis. They argue that the Wabash Road makes St. Louis delivery and in order for them to compete with the Wabash it is necessary for their switching to be absorbed and ask us to participate on a revenue basis." and asked if it was proper for the Central Freight Association lines to participate in such switching. As Chairman of the Association, I could not answer this question, and therefore took up the correspondence through you. It was simply to find out the necessities at St. Louis that existed—I imagine they are the same as exist at Chicago, but the Chicago Lines have a Switching Tariff which is authorized by the Association. To certain common ground the switching is authorized to be absorbed to what might be termed neutral ground, i. e., where no eastern line can reach, the switching is added to the rate. Now, that was my only ob-

ject, and it seems to me this office should be informed just exactly the situation so that whatever is necessary to be done in this matter should be authorized by the Association, so that all interested may fully understand it.

I will docket the matter for consideration at the September meeting. Yours very truly,

(Signed) J. F. Tucker, Chairman.

July 3, 1900.

Mr. J. F. Tucker, Chairman, C. F. A., 3321.
Chicago, Ill.

Dear Sir: In reply to your letter of June 23rd, file 6881, regarding the absorption of Switching Charges of the Wabash R. R. at St. Louis, etc.

This is to advise, that the subject was considered at meetng of the 29th ult. and following action taken:

Resolved, That, as the individual roads, members of this Committee, thoroughly understand the situation and it being purely a local matter, which the St. Louis Eastbound Freight Committee is capable of taking care of, no further action is necessary and the chairman advise Mr. Tucker to that effect. Yours truly, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, July 5, 1900.

Mr. R. M. Fraser, 6881.
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I have yours of the 3rd, your 3321. I wrote you in relation to this matter Tuesday—our letters crossed.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Sept. 10, 1900.

Mr. R. M. Fraser, 7201.

Chairman, St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: Kindly refer to page 3 of your proceedings of September 6th. I think it would be well to have this switching charge to and from Industries located on the tracks of the St. L. K. & N. W. R. R. a matter of approval by this Association and concurred in by the Trunk Lines. Will you kindly advise what Industries are on those tracks, what the switching charges are and whether such switching charges go in their entirety in the treasury of the railroads performing the service. This seems to me to be quite important.

Also kindly refer to page 5 of the proceedings of September 6th. These reductions in rates and adding to the minimum weight is making trouble. Many of the lines have not large cars, and with some of them having cars as long as 50 feet, they can get almost any minimum in. I think we should conform our minimums to what a 34 ft. car will contain.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Note.—Received amdt. No. 16 to St. Louis S. Rates 8/1/1900 which included all changes up to date.

Sept. 11, 1900.

Mr. J. F. Tucker, Chairman, C. F.A. 3321.

Chicago, Ill.

Dear Sir: Yours 10th, file 7201. I give below a list of industries on the St. L. K. & N. W. R. R. as printed in Tariff of Local Freight Agents Switching Rates, dated April 1st, 1898, and corrected by Amendment No. 16 issued Aug. 1st, 1900.

St. L. K. & N. W. R. R.

Switching Rates.

Between Switches in yards named below and connections as shown:		St. L. M. Brdg. Ter. Ry. Co.	St. L. Trf. Ry. Co.	Wabash R. R. Co.
Name of Place or Ry.	Location.			
Burlington Elevators, East Grand Ave.....				
Fulton Iron Works, Waddingham & Carr Sts.				
McEwing & Thomas, East Grand Ave.....				
Reardon Glue Works, Bremen Ave.....				
Rogers Elevator, Bremen Ave.....				
S. P. Shotter & Co., 2nd & Tyler Sts.....				
St. L. Union Stock Yards, Bremen Ave.		$1.00	$1.00	$1.00
St. Louis Water Works, Grand Ave.....				
Burlington Incline, North St. Louis.....				
Pittsburg Plate Glass Co.,	Mullanphy & Main Sts.....			
Federal Chemical Co., Branch St.				
Gulf Co., North St. Louis				
St. Louis Car Co., Baden, Mo.		$6.00	$6.00	$6.00
Monorch Rubber Co., Baden, Mo.....				

I am unable to ascertain that all of the charge for Switching is not retained by the St. L. K. & N. W. R. R. The distance from Eads Bridge to Prospect Hill (the Station near Car Works) is 8 miles.

I attach a map of the St. Louis Keokuk & NorthWestern Railroad at St. Louis that may be of some interest in connection with this subject.

Respectfully,

Chairman.

Sept. 14, 1900.

3321.

PERSONAL.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Referring to conversation yesterday regarding absorption of Wabash R. R. Switching in St. Louis and your request that I send you a Wabash Tariff.

By reference to your letter June 19th, 1900, file 6881 you

will see that there is in your possession Wabash Tariff No. 16504, effective, Jan. 1st, 1898, and with my reply June 21st, I sent you a copy of Circular Letter May 25th, with copy of letters from A. G. F. A. Coyle, May 12th, 18th, 1899.

If you cannot locate the papers I will get you another copy. I have nothing later on the subject.

Respectfully,

Chairman.

ST. LOUIS EASTBOUND FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, March 25, 1902.
File 3321.

To the Freight Committee,

Gentlemen: At a meeting to-day, inquiry was made as to whether any of the roads were paying switching on Beer from Anheuser-Busch Brewing Ass'n, destined to Washington, D. C., the result being the adoption of the following:

Whereas, It having been developed that some of the lines, members of this Committee, have been paying the Iron Mountain and Manufacturers Ry., switching on shipments of Beer from Anheuser-Busch Brewing Ass'n., destined to Washington, D. C., be it,

Resolved, That, effective this date, the payment of this switching will be discontinued.

Respectfully,

R. M. Fraser, Chairman.

N. B.—Copies (2) sent to resident members only.

Above exhibit is marked "Complainant's Exhibit Fraser No. 719."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St.

Louis Eastbound Freight Committee, with reference to rates on beer from St. Louis, as follows:

"Oct. 31, 1903.
3324.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: At meeting 30th, the subject of weights on Beer from East St. Louis was under consideration and it was:

Moved, That the Chairman report to Chairman, C. F. A. that the Anheuser-Busch Brewing Ass'n decline to pay freight charges, on Beer, in glass, packed in wood, assessed on average estimated weights as provided for by the Chief Inspector, on the grounds that shipments from Milwaukee are handled at weights provided for in the Western Class'n and that demanding freight charges on basis of average estimated weights, as provided for by the Chief Inspector being a discrimination against Breweries located at other points than Milwaukee, it is desirous that the matter be rectified by either advancing weights charged from Milwaukee to C. F. A. Points or a reduction in those used to other points.

Please give this matter immediate attention, advising conclusions. Respectfully,

Chairman."

Copy.

JOINT RATE INSPECTION BUREAU.

Chicago, November 3, 1903.

Mr. J. F. Tucker, Chairman Central Freight Association, Chicago, Ill.

Dear Sir: I have your favor of the 2nd instant touching action taken by the St. Louis Eastbound Freight Committee in regard to weights on shipments of beer made by the Anheuser-Busch Brewing Company, and in response thereto desire to say that in April, 1901, I made arrange-

ments with this firm for the acceptance of certain weights on their bottled beer. These weights were arrived at by weighing a large number of shipments and are fair averages. They have been in effect until recently, when the Traffic Manager of the above-mentioned firm departed therefrom and commenced using the weights shown in the Western Classification, which weights are very much less than those obtained in the tests of the Anheuser-Busch packages. In justification of this it was claimed that the Milwaukee and other breweries were using the Western Classification weights, but it was shown that at Cincinnati, which was one of the specific points mentioned, we were weighing shipments and assessing charges on basis of actual weights. At Milwaukee the packages are lighter than those of East St. Louis, being closely approximate to the Western Classification weights. This feature, however, is ignored, and the claim is advanced that the Milwaukee breweries are underbilling by the use of these weights, for which claim there is absolutely no foundation.

Yours very truly,
(Signed) Paul P. Rainer, Chf. Inspr."

"CENTRAL FREIGHT ASSOCIATION,

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, November 4, 1903.
Please refer to file 11186.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: Replying to your letter of October 31st, File 3324: Upon its receipt I wrote Chief Inspector Rainer, and enclosed find copy of his reply.

Please have this matter again docketed for consideration by your Committee. Seemingly to me it is not wise to permit shippers to say what weights or rates shall be paid;

but if there is any injustice or discrimination it should be promptly corrected, and in this case, so far as the Chief Inspector states, there is no discrimination.

Yours very truly,
J. F. Tucker, Chairman."

Enclosure.

"CENTRAL FREIGHT ASSOCIATION,
Office of the Chairman, 8th Floor Monadnock Block.
Chicago, Nov. 9, 1903.
Please refer to File 11,186.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Kindly refer to Proceedings No. 65 of the St. Louis Eastbound Freight Committee meeting held November 6th, page 2, also to your letter of November 7th, File 3324, in relation to weights on beer from East St. Louis to Central Freight Association points.

It was claimed that the Anheuser-Busch Brewing Company would not carry out the inspector's instructions on account of what they claim was being done at Milwaukee. Now we showed proof that it was not being done at Milwaukee, and I presume the complaint of the Anheuser-Busch Brewing Company will be withdrawn. At any rate, will the estimated weights as fixed by the inspector be observed at St. Louis?

Tabling a subject does not oftentimes settle it. Kindly advise.

Yours very truly,
J. F. Tucker, Chairman."

"Nov. 10, 1903.
Mr. J. F. Tucker, Chairman C. F A. 3324.
Chicago, Ill.

Dear Sir: Yours 9th, file 11,126. The subject was

tabled because all parties were satisfied with the proof that the Anheuser-Busch Brewing Ass'n. were not being discriminated against and that the authorized weights would be enforced. Respectfuly,

Chairman."

"CENTRAL FREIGHT ASSOCIATION,

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Nov. 11, 1903.

Please refer to File 11,126.

Mr. R. M. Fraser,

Chairman, St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: I am in receipt of your letter of the 10th, File 3324, which is self-explanatory, and for which I am obliged.

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 720."

Complainant offers in evidence Joint Letter from R. M. Fraser to the St Louis Eastbound Freight Committee, dated March 11, 1902, with reference to agreement as to Proportional Rates, as follows:

ST. LOUIS EASTBOUND FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., March 11, 1902.

To the Freight Committee, File 3326.

Gentlemen: At meeting 4th inst., the following resolution was unanimously adopted:

Resolved, That no Proportional Rates shall be used local-

ly on traffic from St. Louis or East St. Louis, except when authorized by the Central Committee or the Central Freight Ass'n. and that the application of Proportional Rates be restricted to traffic from the Territories from which they are to apply as per C. F. A. Authorities.

At meeting to-day attention was called to the above resolution in connection with rates on Wool, and it was:

Resolved, That the Chairman be instructed to address a letter to interested lines calling their attention to apparent misunderstanding as to the application of Wool Rates, and request that they instruct Fast Freight Line Agents, Commercial and General Agents in accordance with the understanding reached in this Committee, viz.: that on Wool, Commodity basis, as well as Class basis, the requirements of the Official Class'n. be strictly adhered to.

See Official Class'n. for basis of rates on Wool minimum 10,000 lbs., cars not exceeding 36 ft. in length, Rule 5-C not to apply.

See Special Notice No. 956 for rates on Wool Shipments originating at St. Louis or E. St. Louis, minimum C. L., 20,000 lbs., *Rule 5-C not to apply.*

See Special Notice No. 955 for Proportional Rates on Wool Shipments originating at Western Points named thereon.

Respectfully,
R. M. Fraser, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 721."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, with reference to rates on Zinc Ore to C. F. A. territory, as follows:

"CENTRAL FREIGHT ASSOCIATION,

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, July 9, 1904.

Please refer to File 11784.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: Please refer to Proceedings No. 91, St. Louis Eastbound Freight Committee meeting June 17, 1904.

The last subject considered was that of rates on zinc ore from East St. Louis to Central Freight Association territory, and it was decided that where specific rates are not authorized on zinc ore to western termini and other Central Freight Association points, the rates in effect on pig lead and spelter will apply.

Will you kindly advise me if it is understood as unnecessary to have said action submitted to and approved by Central Freight Association lines through this office before being made effective? The Inspection Bureau cannot, of course, recognize as final any action of the St. Louis Committee, nor has your committee, under the Central Freight Association rules, power to establish any rates without first having them approved by the Central Freight Association.

Kindly advise.

Yours very truly,

J. F. Tucker, Chairman."

"July 11th, 1904.

3329.

Mr. J. F. Tucker, Chairman, C. F. Ass'n, Chicago, Ill.

Dear Sir: Yours 9th file 11784. It is my understanding that the Committee did not deem it necessary to ask C. F. A. to authorize the application of the Manufactured Article rate on shipments of the Crude Material, possibly for the reason that it would not be consistent to charge a

higher rate on the Crude Article of less value as shown below.

According to the notations in the morning paper, the price at Joplin, Mo., past week was: Zinc Ore $36.00, $37.00 and Lead Ore, $53.00 ton. Market quotation St. Louis 11th, on Lead $4.12½ to $4.15 and Spelter $4.75 for cwt.

If this personal explanation is not satisfactory, advise me not later than early mail 13th, and I will put subject on the docket issued 14th, a. m.

Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION,

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, July 12, 1904.

Please refer to File 11784.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: In reply to your favor of the 11th inst., file 3329, would state that as zinc ore is an entirely different commodity from pig lead and spelter this office does not consider it proper for the East St. Louis lines to apply thereon the pig lead and spelter rates, notwithstanding the former is the crude material and of less value than the latter mentioned articles. We respectfully ask that you arrange to present an application to this office for the use of pig lead and spelter rates on zinc ore in case you desire to continue that basis.

Yours very truly,

J. F. Tucker, Chairman."

"July 20, 1904.

3329.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 9th and 12th, file 11784 were read at meeting 19th and it was:

Recommended, to the C. F. A., that where specific rates are not authorized on Lead or Zinc Ore to Western Termini and other C. F. A. Points, that the rates in effect on Pig Lead and Spelter shall apply.

Please advise disposition without delay and oblige,

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION,

Eighth Floor Monadnock Block.

Chicago, July 23, 1904.

Subject—Proposed rates on lead and zinc ore, C. L., from East St. Louis, Ill., to various points.

Advice Letter No. J. 819.

To the General Freight Agents,

Gentlemen: The following is received from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Frt. Committee:

"At a meeting of the St. Louis Eastbound Freight Committee on the 19th inst., the following was adopted:

Recommended, To the Central Freight Association that where specific rates are not authorized on lead or zinc ore to the western termini of the Trunk Lines and other C. F. A. points, that the rates in effect on pig lead and spelter shall apply.

The effect of this is to authorize the application of the manufactured article rate, on shipments of the crude material, to which there can be no objections for the reason that it is not consistent to charge a higher rate on the crude article of less value as shown below:

According to notations in the morning paper the price at Joplin, Mo., for the first week of July was: Zinc ore $36.00-$37.00 and lead ore $53.00 per ton. Market quotation St. Louis July 11th on lead $4.12½ to $4.15, and spelter $4.75 per cwt.

Please advise disposition without delay."

The present rates are as follows: On lead ore, as per Inf. 5137 to the western termini on basis 20½ cents E. St. Louis to New York, and on zinc ore, as per Inf. 3919, E. St. Louis to various points. On pig lead and spelter, as per Inf. 3919, E. St. Louis to various points; Inf. 4368, E. St. Louis to Grand Rapids, and Inf. 5137 from all C. F. A. points to Buffalo, Pittsburgh, etc., on basis 17½ cents Chicago to New York, and to Charleston, Gauley Bridge, etc., 73.33% of 6th class rates.

Please note on the enclosed blank your views on this proposition, and oblige, Yours very truly,

J. F. Tucker."

Above exhibit is marked "Complainant's Exhibit Fraser No. 722."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, with reference to rate on Hay, as follows:

"CENTRAL FREIGHT ASSOCIATION,

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Nov. 11, 1901.

Please refer to File 5684.

Mr. R. M. Fraser,

Chairman, St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: Could you without too much trouble give me the receipts and average prices of hay at St. Louis for the

nine months of 1901 and for the years 1900, 1899 and 1898? If you can, I will be very much obliged.

Yours very truly,
J. F. Tucker, Chairman."

"St. Louis, Mo., Nov. 12, 1901.

Mr. R. M. Fraser, Chairman.

Dear Sir: Referring to our conversation this morning in reference to the information asked for by Mr. Tucker, Chairman of the General Freight Association, I take pleasure in giving you the same herewith:

Receipts of hay for the first nine months of 1901, 186,326 tons.

Prices of Hay during the same time:

	No. 1 Timothy Range.	No. 1 Prairie Range.
January	$11.50 to $13.50	$8.50 to $11.00
February	11.50 to 12.75	9.50 to 10.50
March	11.50 to 14.00	9.50 to 10.50
April	12.50 to 14.50	10.00 to 11.50
May	12.00 to 14.50	10.50 to 11.50
June	12.00 to 15.50	10.50 to 11.50
July	12.50 to 17.50	10.50 to 15.50
August	13.00 to 16.00	12.50 to 15.50
September	12.50 to 15.50	10.50 to 13.00

Receipts of Hay for the year 1900, 234,256 tons.

Prices of Hay during the same time:

	No. 1 Timothy Range.	No. 1 Prairie Range.
January	$11.00 to $12.50	$7.50 to $ 8.50
February	10.50 to 12.00	7.75 to 8.50
March	11.00 to 12.50	8.25 to 9.00
April	11.50 to 13.00	8.25 to 9.00
May	11.00 to 13.50	8.00 to 9.25

June	10.50 to 13.50	7.50 to 8.75
July	11.00 to 14.50	7.50 to 9.25
August	9.75 to 13.00	6.50 to 9.00
September	10.00 to 12.00	7.50 to 9.50
October	11.00 to 12.50	9.50 to 10.00
November	10.75 to 13.50	9.50 to 10.50
December	11.50 to 14.00	10.00 to 11.50

Receipts of Hay for the year 1899, 175,820 tons.

Prices of Hay during the same time:

	No. 1 Timothy Range.	No. 1 Prairie Range.
January	$ 8.00 to $ 9.90	$7.00 to $ 7.50
February	8.00 to 8.75	6.75 to 7.50
March	8.00 to 10.00	6.75 to 7.50
April	9.00 to 11.00	7.00 to 8.25
May	10.00 to 11.50	8.00 to 8.50
June	10.50 to 11.50	8.00 to 8.50
July	10.00 to 12.00	7.00 to 8.50
August	8.00 to 12.00	6.50 to 8.00
September	8.00 to 10.50	6.50 to 7.50
October	9.50 to 10.50	7.00 to 8.00
November	10.00 to 10.75	7.50 to 8.25
December	10.00 to 11.50	8.00 to 8.25

Receipts of Hay for the year 1898, 160,350 tons.

Prices of Hay during the same time:

	No. 1 Timothy Range.	No. 1 Prairie Range.
January	$ 8.25 to $ 9.50	$7.50 to $ 8.50
February	8.50 to 9.50	7.25 to 8.50
March	9.00 to 10.00	7.00 to 8.00
April	9.00 to 12.50	7.25 to 9.50
May	10.50 to 12.00	9.25 to 9.75
June	10.50 to 11.50	8.50 to 10.00

July	9.00	to	10.00	5.50	to 7.50
August	7.00	to	10.00	5.75	to 7.00
September	7.00	to	8.00	6.00	to 6.50
October	7.00	to	8.50	6.00	to 7.00
November	7.50	to	8.50	7.00	to 8.00
December	7.50	to	8.50	6.50	to 7.50

Yours very truly,

(Signed) Geo. H. Morgan, Secretary."

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 1st, file 5684. I take pleasure in sending you to-day by U. S. Express the St. Louis Merchants Exchange Reports for 1901 and 1902, which I secured from Mr. Geo. H. Morgan, Sec'y, for you.

Respectfully,

R. M. Fraser, Chairman.

R. M. F.

Thanks. They came.

J. F. T. 6/3."

Above exhibit is marked "Complainant's Exhibit, Fraser No. 723."

Complainant offers in evidence circular letter from J. F. Tucker to the General Freight Agents, with reference to rate on Fertilizer, as follows:

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor, Monadnock Block.

Chicago, September 24, 1902.

Subject: Proposed rates on Fertilizer and Fertilizer Material, C. L., and L. C. L., from C. F. A. points to stations on Cincinnati Division of Norfolk & Western Railway.

Corrected

Advice Letter No. H-616.

To the General Freight Agents,

Gentlemen: Referring to Circular No. A-180, dated August 14, 1902, effective August 18, 1902, issued by Mr.

J. R. Ruffin, D. F. A., Norfolk & Western Railway Co., which provides basis for rates on fertilizer and fertilizer material, in carloads and less than carloads, destined to stations on the Cincinnati Division of the Norfolk & Western Railway:

The question of how through rates on this traffic from points in Central Freight Association territory to destinations mentioned, shall be made, in view of the basis provided in said Circular referred to, was considered by the Central Freight Association at meeting on the 18th instant, and it was decided that the through rates shall be made by use of local rates from points of origin of the traffic to the junction with the Norfolk & Western Railway, plus the arbitraries specified in the Circular referred to.

This for your information.

Yours very truly,
J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 724."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, with reference to Proceedings and Rules and Information Circulars of the C. F. A., as follows:

"CENTRAL FREIGHT ASSOCIATION.

Mr. R. M. Fraser, Chairman, St. Louis E. B. T Ass'n, St. Louis, Mo.

Dear Sir: I have under even date sent to your address, one copy of Bound Volume containin[illegible] Information Circulars Nos. 1223 to 1963, inclusive, of the Central Freight Association, issued during the year 1899.

Kindly acknowledge receipt.

Yours very truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, November 23, 1900.

Please refer to File 2445.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir: Acknowledging receipt of your favor of the 21st instant, file 3350, would advise that we will be only too happy to furnish you with copy of all Advice Letters whether whole or half-numbers, relating to matters in which you are interested, and we have placed your name on our mailing list so there will be no cause for complaint in the future.

Yours very truly,

J. F. Tucker, Chairman."

"Nov. 24, 1900.
3350.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 23rd, file 2445 received. In connection with this subject I give below copy of letter 23rd from R. A. Campbell, G. F. A., L. E. & St. L. C. R. R., as follows:

"We are to-day in receipt of copy of proceedings of meeting of C. F. A. held Nov. 20th, which shows rate on Grain from East St. Louis to C. F. A. Points to be at variance with those published in your Special Notice No. 1045 of Nov. 6th. Please advise if your tariff will be corrected."

Not having been favored with a copy of the proceedings (20th) referred to, I am unable to give Mr. Campbell the information asked. It seems rather strange that we should not have been furnished with copy of proceedings of the meeting, when the St. Louis Committee are certainly very much interested.

Please mail me a copy and oblige.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 25th, file 2445. I received your bound volume containing Information Circulars for the year 1902.

Thanking you for same, I am,

Yours respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 725."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, with reference to ap-

plication for rate on Scrap Leather and Sweepings of Shoe Factories, for Fertilizer purposes, as follows:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 19, 1904.

Please refer to File 12112.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: The following is received from Mr. Thornton Lewis, Manager of the Kanawha Dispatch, and is self-explanatory:

"We have a request from a concern in Baltimore, who are figuring on handling leather scrap from St. Louis, Mo., to Norfolk, Va. This is scrap sole leather, and is to be shipped by a concern making shoe heels, etc., and every particle of leather that can be used is used in the material for heels, therefore the scrap is of very little value. We understand that this would be shipped either in bags or in bulk, and would load 25,000 or 30,000 pounds per car, and it is to be used for fuel or fertilizer stock or chemicals. We have quoted 5th class rates on it, but we are informed that the material is of such low value that it will not stand a 5th class rate and a request is made that 6th class basis be authorized on this commodity.

"Will you kindly take the matter up and see what can be done?

Please place the matter before your committee, and advise as promptly as possible their views upon the proposition.

Yours very truly,

J. F. Tucker, Chairman."

"Dec. 5th, 1904.

3351.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours Nov. 19th, file 12112 was submitted

at meeting 2nd and lines interested individually announced that the application be declined.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, March 8, 1905.

Please refer to File 12112.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: Referring to your favor of the 5th of December, last, file 3351, relative to application of the Kanawha Dispatch to establish 6th class rates on scrap leather, from East St. Louis to Norfolk, Va.:

In further connection with the application, the following information is furnished by Agent Dudley of the Kanawha Dispatch:

"I wrote you (Mr. Lewis), sometime ago in regard to making the fertilizer rate on scrap leather East St. Louis to Norfolk, Va. At that time you turned the proposition down stating that fifth class was the best that could be done.

I have seen this material in the factory of the Standard Heel and Counter Company here, who are the shippers, and it is simply factory sweepings. The leather is absolutely useless, except for making fertilizer. There is scarcely a piece as large as your fingers nail, and the Royster Guano Co. at Norfolk, are the consignees.

There is no question, but that this stuff is used for fertilizer material. The shipper gets 90 cents per ton for this stuff at his factory, so you will see it is almost worthless, and he asks us to get him the fertilizer rate on this material, sixth class; I think it should be given him.

Could you not put it in a tariff reading 'Shoe Factory Sweepings for Fertilizer purposes only when shipped to

regular established fertilizer works, sixth class.' If we can do this, we can get about 3 or 4 carloads per month for a year. Please let us hear from you at your earliest convenience."

And based thereon, Manager Lewis desires the subject reconsidered by your Committee, his opinion being that the rating proposed, should be approved.

Will you kindly place the matter before your members for immediate action and advise results, thus obliging,"

Yours very truly,

J. F. Tucker, Chairman."

"March 29, 1905.

3351.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Your letter 8th, file 12112 relative to the application for establishing 6th class rates on Scrap Leather, East St. Louis to Norfolk, Va., was considered at meeting yesterday, and the following action taken:

Moved, That Chairman, C. F. A., be advised that while the St. Louis Lines would like to encourage the shipment of the Commodity by providing 6th class rates thereon, it cannot consistently make such a recommendation because of the effect it would have on shipments of scrap leather of greater value, which are used for other than fertilizer purposes.

Respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 726."

Complainant offers in evidence corespondence betwen the official of the Central Freight Association and the St. Louis Eastbound Freight Committee, relative to offer of the C. B. & Q. Ry. to apply rates from St. Louis, Mo., to eastern

points on basis of 116%, plus the St. Louis Terminal charges, as follows:

"CENTRAL FREIGHT ASSOCIATION,

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, March 21, 1904.
Please refer to File 10240-A.

Mr. R. M. Fraser,
Chairman, St. Louis E. B. Freight Committee,
St. Louis, Mo.

Dear Sir: It will be recalled that for some years past the C. B. & Q. Ry. has been endeavoring to have through rates authorized between St. Louis and Eastern cities on basis of 116 per cent. plus St. Louis Bridge Toll, the traffic to be handled over that company's rails west of the Mississippi River via Quincy.

As a matter of fact at the present time shipments handled by the C. B. & Q. between St. Louis and Eastern cities via Quincy are being charged at no higher rates than 116 per cent. basis, plus St. Louis bridge toll. This result is accomplished in some cases by through tariffs, in others by the use of proportional rates between Chicago and St. Louis, and that company now finally seeks to have authorized the rates currently applied. There seems to be no possible way by which the object of the C. B. & Q. can be defeated, so far as concerns rates charged, because that company is determined on any business they handle for St. Louis from and to eastern cities, the basis outlined above will be the maximum charged, no matter how brought about. With this information before them a number of the Chicago lines feel that the best thing to do is to authorize the arrangement, particularly since it will net the lines east of Chicago and other junctions with Western roads no less earnings than they receive providing the business is handled via the C. B. & Q. through E. St. Louis, and on shipments from and to Quincy,

etc., it will give them more. The argument put forth by the applicants is very forcible and it is doubted that hardly any other line in the same position would take a different view of the matter, namely, the right of the C. B. & Q. to apply over its own rails via Quincy the same rates as possible to be made through E. St. Louis.

We are told that large amounts have been expended by the C. B. & Q. for terminal facilities at St. Louis, and they intend to work the business to the best advantage of that company, and do not think it a good business proposition to handle the traffic through E. St. Louis, which if done would make them sacrifice certain revenue that will have to be paid to the lines working through E. St. Louis, which they otherwise receive when the traffic is handled via Quincy and its lines on west bank.

It is recalled that the principal argument put forth by some of the roads from E. St. Louis is that the approval of the C. B. & Q. proposition would mean ultimately the absorption of the bridge toll between St. Louis and E. St. Louis, but nearly all the roads who connect with the C. B. & Q. fail to see how such a result can be brought about, so long as the C. B. & Q. unqualifiedly agrees that their rates will in no case be less than the rates through E. St. Louis.

The officials of that company furthermore claim that their object is by no means to reduce the present rates, and they on the contrary will agree to see that no less rates are charged than the traffic would have to pay if handled through E. St. Louis.

So far as concerns intermediate territory, for example, Quincy, Ill., from and to which the rates will be reduced, it is pointed out that the amount of traffic involved is insignificant, and, furthermore, that in many cases there would be no reduction at all below the present scale of rates, because the 116 per cent. basis plus bridge toll at E. St. Louis, will in some cases make higher rates than current from and

to Quincy on established percentage basis. It is further stated that the slight reductions from Quincy cannot by any means be used as an argument by roads reaching intermediate territory on a lower basis or even by roads reaching a higher rate territory north of Quincy for a reduction in the rates from and to their points.

Summing the matter up in all its phases, it is the opinion of most, if not all, the connections of the C. B. & Q. R. R. north of Quincy, there is absolutely no grounds for objecting to their proposition, and while it is a fact that in some cases the rates on traffic from and to intermediate points may be affected, yet it is of very small volume, and what is important to C. B. & Q. connections it will not result in any decrease in the earnings now received by Eastern roads, hence the objections are hardly worthy of serious consideration. It is the desire, however, that your committee review the conditions as they exist to-day and advise if they cannot withdraw objections to the application, if not, to kindly cite what the existing ones are, so the matter can be given further and final consideration. It is suggested that the subject be viewed in a broad light and particularly with reference to railroad economies that are and should be practiced under the conditions which surround the handling of traffic at the present time. Yours respectfully,

J. F. Tucker, Chairman."

"April 1, 1904.

3355

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: As shown in Proceedings No. 80, March 25th, your letter March 21st, file 10240-A, was referred to a Special Committee for report. At their meeting to-day I was instructed to request you to furnish the Committee with a copy of 'The argument put forth by the applicants, etc.' referred to in the second page of your letter.

Please favor me with this by mail to-morrow night (2nd) and oblige.

Yours respectfully,
Chairman."

CHICAGO, BURLINGTON & QUINCY RAILROAD.

Chicago, Ill., March 8, 1904.

Mr. C. W. Bullen,
Commissioner, Trunk Line Association,
143 Liberty St., New York.

Dear Sir: I was not here when your letter of the 1st inst. was received, hence the delay in replying.

You state in your second paragraph that "if the Trunk Lines published through rates to St. Louis via your line they would also have to publish the same basis to St. Louis in connection with all of the other St. Louis routes." I don't know how that is, and while it is none of my business, I fail to see where it would make any difference now. The Trunk Lines handle the eastern business to St. Louis via East St. Louis, billing it to the latter point and leaving it to the Western lines to handle the business from East St. Louis to St. Louis. We merely ask that we be privileged to make the same rates, and it looks to me a good deal more like sentiment than anything else that we should be asked to have our rates published to East St. Louis instead of to St. Louis. We are perfectly willing that the rates should be published on the East St. Louis basis without showing that it is necessary to route the business for St. Louis, although all on paper, and we will take care of the bridge toll in the regular manner.

Now, as to the intermediate territory, the little business that it is possible might be affected is not sufficient to justify any correspondence between you and me. Further than this, the rates are in now, and have been for two or three years, to St. Louis, and the same are effective in the intermediate

territory. Our legal department are not willing that we should ignore the long and short haul clause on business from the Atlantic Coast to St. Louis, and I think they are absolutely correct.

Yours truly,
(Signed) Thos. Miller.
F. T. M.

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, April 2, 1904.
Please refer to File 10240-A

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: In reply to your favor of the 1st instant, your file 3355, herewith please find copy of letter dated March 8th, 1904, written by Mr. Thos. Miller, F. T. M., C. B. & Q. R. R., to Commissioner Bullen of the Trunk Line Association.

Practically all the other reasons of the C. B. & Q. R. R. for desiring to apply the 116% basis, plus St. Louis bridge, between St. Louis and eastern cities via Quincy were orally given. They are in effect:

(1) That the C. B. & Q. R. R. has expended something like five millions of dollars for terminal facilities at St. Louis, the main object in view being to enable that company to handle St. Louis traffic via their rails along the west bank of the Mississippi River.

(2) The handling of traffic through East St. Louis is *more or less interfered* with account of congestion and the lack of adequate terminal and other facilities.

(3) In handling traffic via Quincy and rails west of the river the entire revenue accrues to the C. B. & Q. R. R.,

whereas if it is handled through East St. Louis certain amounts have to be paid by the C. B. & Q to outside interests—such as

(4) In view of the immense amount of business to be handled from and to St. Louis on account of the World's Fair, to attempt to handle it through East St. Louis would result in extraordinary delays and probably oblige the assessing of extra charges on account of the delays both of which can be to a large extent avoided if the C. B. & Q. R. R. is permitted to open up an additional route via Quincy and the west bank.

(5) That it is a great advantage to the shippers and receivers at St. Louis and it will also be an additional advantage to the roads operating through East St. Louis if an additional route via Quincy is opened for the handling of traffic, because it will enable freer movement via East St. Louis.

In addition to this the C. B. & Q. believe there is no company similarly situated as they are that would handle business through East St. Louis in preference to the route via Quincy and, furthermore, the applicant cannot understand what objections any competitor should have to the proposition so long as it contemplates the absolute maintanance of the same rates as current via the route through East St. Louis.

As we are being pressed for prompt advices on this subject, will you kindly let me have prompt reply, and oblige,

Yours very truly,

J. F. Tucker,

Chairman."

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, April 8, 1904.

Please refer to 10240-A.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: This will acknowledge receipt of your favor of the 4th instant, your file 3355, regarding proposition of the C. B. & Q. R. R. to published rates between St. Louis and eastern cities, via Quincy.

My letter of March 21st deals with traffic in both directions, whereas your letter seems to refer altogether to eastbound business.

Please advise what would be the position of your committee on westbound business.

Yours very truly,

J. F. Tucker, Chairman."

"April 13, '04.

3355.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 8th, file 10240-A duly received, and I am instructed by the Committee to reply as follows:

We do not consider that it is within the province of the C. B. & Q. to publish rates from eastern cities to East St. Louis or St. Louis. Such rates, of necessity, would have to be published by the initial eastern lines, and all that the C. B. & Q. could do, of course, would be to participate in such westbound rates.

We consider that it is not within the jurisdiction of the St. Louis Eastbound Committee to recommend legislation as pertains to west-bound rates. Nevertheless, *our protests,* as outlined in letter to you dated April 4th, are just as applicable and should have the same weight concerning westbound rates as eastbound. The general principles of protest, enunciated in our reply of the 4th inst. on the eastbound proposition, apply with equal force to the westbound situation. We, therefore, went into detail in making our answer with a view to giving our eastern friends a complete knowledge of the situation in this territory, so that they might see the dangerous results of the establishment, either eastbound or westbound, of the 116% plus basis from or to St. Louis.

Respectfully,

R. M. Fraser, Chairman."

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: I enclose you herewith copy of letter from Commissioner Bullen, under date of April 27th, addressed to Freight Traffic Manager Miller of the C. B. & Q., which was sent to me by Commissioner Bullen under same date; copy of my letter of May 31st to Mr. Bullen, also copy of his letter to me of June 21st. This for your information.

Yours very truly,

J. F. Tucker, Chairman."

"Copy.

TRUNK LINE FREIGHT COMMITTEE.

New York, April 27, 1904.

Mr. Thomas Miller, Freight Traffic Manager, C. B. & Q. R. R., Chicago, Ill.

Dear Sir: Referring to your favor of March 8th in reply to my letter of March 6th, in regard to westbound rates to St. Louis in connection with your line:

This subject has been given careful consideration by the Trunk Lines, and at meeting of the Freight Committee on the 26th instant, I was requested to advise you that it is the view of the Trunk Lines that the best that they can do in this matter is to place East St. Louis on the 116% basis

via Chicago and the C. B. & Q. Ry., leaving the rates to intermediate points on the present basis; this action being with the understanding that the C. B. & Q. Ry. will withdraw their proportional tariff from Chicago to St. Louis.

I was requested to ask that you kindly advise if you will do so, in order that we may notify the Trunk Lines accordingly, so that if the proposition is acceptable to you, they may proceed with the issuance of the westbound tariffs to East St. Louis in connection with your line at as early a date as practicable.

So far as the eastbound matter is concerned, it was considered that it was a subject for the Central Freight Association to deal with.

I would be pleased if you would favor me with prompt reply to this letter, in order that I may report accordingly at the next meeting of our Freight Committee, which will be held Tuesday, May 3rd, so that if the Trunk Line proposition is accepted by you, the arrangement may be made for the publication of tariffs accordingly at the earliest practicable date.

Yours respectfully,
(Signed) C. W. Bullen, Commissioner."

"CENTRAL FREIGHT ASSOCIATION,
Office of the Chairman, 8th Floor Monadnock Block.

Chicago, May 31, 1904.

Copy. Please refer to File 10240-A.

Mr. C. W. Bullen,
Commissioner Freight Dept., Trunk Line Ass'n.
New York City.

Dear Sir: Referring to your letter of April 27th in regard to rates via the C. B. & Q. Ry. between East St. Louis and eastern cities:

This matter was presented to the Central Committee of this Association at its meeting Friday, May 27th, and your

letter to Freight Traffic Manager Miller of the C. B. & Q. read. The Committee recommended the concurrence of this Association in the position taken by the Trunk Lines. No action was taken in relation to the eastbound rates.

Yours very truly,

Copy. (Signed) J. F. Tucker, Chairman."

TRUNK LINE ASSOCIATION.

New York, June 21, 1904.

Mr. J. F. Tucker,
Chairman Central Freight Association,
Chicago, Ill.

Dear Sir: Referring to the subject of rates from Trunk Line territory to East St. Louis via C. B. & Q. Ry.

At meeting of the Trunk Line Freight Committee to-day, at which Mr. Thomas Miller of the C. B. & Q. Ry. was present, the following proposition was offered, and was accepted by Mr. Miller and was concurred in by the Trunk Lines upon the understanding that it will be satisfactory to the Central Freight Association roads, as indicated in your letter of May 31st; and will be made effective August 1st:

The Trunk Lines will publish rates to East St. Louis on the 116% basis via the C. B. & Q. Ry. St. Louis traffic to be subject to the St. Louis bridge tolls in addition. The intermediate points on the C. B. & Q. to remain on the present basis. It is understood that the C. B. & Q. will withdraw its proportional tariff so far as it applies to St. Louis, and that St. Louis local traffic may be moved via the west bank route—beyond traffic to move via the east bank route and East St. Louis

Divisions of the rates to East St. Louis to be on the regular 116% basis.

Yours respectfully,

(Signed) C. W. Bullen, Com'r."

"June 25, 1904.

Mr. J. F. Tucker, 3355.
Chairman, C. F. A., Chicago, Ill.

Dear Sir: Referring to your letter March 21st, April 2nd and 8th, file 10240-A, and replies thereto regarding rates via Quincy and C. B. & Q. R. R.

Will you please advise me what disposition has been made of this subject or present status, and oblige.

Respectfully,

Chairman."

Mr. J. F. Tucker, 3355.
Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 25th, file 10240-A received with copies of letters mentioned regarding *westbound* traffic via C. B. & Q. R. R.

If you will advise me what disposition has been made of the same subject *eastbound* you will oblige.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 29, 1904.

Please refer to File 10240-A.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Replying to your letter of the 28th, your File 3355: No action whatever has been taken in regard to eastbound traffic via the C. B. & Q. R. R.

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 727."

Complainant also offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, with reference to rate on Brick, East St. Louis to Bay City and Saginaw, Michigan, and Pittsburg, Pa., as follows:

"Jan. 13, 1900.

Mr. J. F. Tucker, 3372-A.

Chairman, C. F. A., Chicago, Ill.

Dear Sir: The subject of rates on Brick to Bay City and Saginaw, Mich., was considered and the following adopted:

"Resolved, That the roads, members of this Committee individually recommend to the Central Freight Ass'n. that they authorize rate of $2.60 per ton on Brick, etc., C. L. minimum weight 40,000 lbs., from East St. Louis to Bay City and Saginaw, Mich., these rates beng in line with rates authorized in Central Freight Ass'n. Information No. 1890, from East St. Louis to various points in Central Freight Ass'n. Territory.

As the rates were in effect previous to Jan. 1, 1900, the members desire same to be re-established and by comparing figures you will see they are in line, with rates now authorized to Detroit, Grand Rapids, etc.

Please have necessary action taken, advising result at your earliest convenience, greatly obliging.

Yours truly,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, Jan. 15, 1900.

Subject—Proposed rate on Brick, C. L., from East St. Louis, Ill,, to Bay City and Saginaw, Mich.

(Advice Letter No. E. 651.)

To the General Freight Agents,

Gentlemen: The following is received from Mr. R. M.

Fraser, Chairman, St. Louis Eastbound Freight Committee:

"The subject of rates on brick, C. L., to Bay City and Saginaw, Mich., from East St. Louis, Ill., was considered, and the following adopted:

'Resolved, That the roads members of this Committee individually recommend to the Central Freight Association that they authorize rate of $2.60 per net ton on Brick, C. L., minimum weight 40,000 lbs., from East St. Louis, Ill., to Bay City and Saginaw, Mich., these rates being in line with rates authorized in C. F. A. Information No. 1890, dated December 9, 1899, from East St. Louis to various points in Central Freight Association territory.'

As these rates were in effect previous to January 1, 1900, the members desire same to be re-established, and by comparing figures you will see they are in line with rates now authorized to Detroit, Grand Rapids, etc.

Please have necessary action taken, advisiing result at your earliest convenience, greatly obliging."

The present rate from East St. Louis to Toledo and Detroit (C. F. A. Information No. 1890) is $2.30; to Bay City, Mich. 6th class rate 17 cents per 100 lbs.

Please have necessary action taken, advising result at foregoing proposition, and oblige,

Yours very truly,

J. F. Tucker, Chairman."

"Jan. 29, 1900.

3372-A.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir: I give below copy of letter 27th, from a member of the Committee:

"Referring to your Information 1890, Dec. 9th, 1899. You will find rates on brick authorized from Pittsburgh to East St. Louis $2.80 per net ton whereas the correspond-

ing rates from East St. Louis to Pittsburgh are made on basis of $3.15 per net ton. (See Inf. 1922.) It seems to me that this is an inconsistency and an injustice to St. Louis. Either your rate should be reduced or Pittsburgh rate advanced. I think the matter should be taken up at once with Chairman of the Central Freight Ass'n, in order to obtain the necessary relief."

Please advise me, by mail Tuesday, 30th, if possible, what action will be taken to remedy this inconsistency.

Respectfully,

Chairman."

(Regular printed blank Western Union Telegraph Company.)

Received at Union Station, St. Louis, Mo. Standard Time.

36 AHP SD 47 D H

Chicago, Ill., Jan. 30, 1900.

R. M. Fraser,

Your letter twenty-ninth, thirty-three seventy-two-A. The only action we can take with respect to rates from East St. Louis to Western termini to be made same as opposite direction is to refer matter to Brick Committee at meeting on thirteenth information 1890.

1:40 P

J .F. Tucker."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, Jan. 31, 1900.

Please refer to Inf. 1890.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir: In reply to your favor of the 29th instant, file 3372-A, would advise that yesterday we telegraphed you as follows:

"Your letter twenty-ninth, thirty-three seventy-two-A.

The only action we can take with respect to rates from East St. Louis to western termini to be made same as opposite direction is to refer matter to brick committee, on thirteenth."

It is our impression that the brick committee in the last recheck of rates on brick practically continued the former figures, and as no objections were offered by the St. Louis lines to the rates from East St. Louis when the matter was submitted by Advice Letter, no change of course was made.

Yours very truly,

J. F. Tucker, Chairman."

"Feb. 3, 1900.

Mr. J. F. Tucker, 3131, 3206 & 3372-A.
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: This is to advise that, I have a meeting called for Tuesday, 6th, to check in rates on Brick, Clay, etc., Grain and Grain Products and Dressed Meats from East St. Louis to Central Freight Ass'n Territory and as it will be impossible for me to get result of check to your office in time for you to include it in your call for meeting 14th, I give you this information in advance so that, if you desire, you may include the subjects on your docket.

I will forward you result of check at earliest date practicable.

Yours truly,

Chairman."

"Feb. 7, 1900.

Mr. J. F. Tucker, 3372-A
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: At meeting of the Freight Committee the 31st ult., the subject of rates on Brick, Clay, etc., East St.

Louis to points in Central Freight Ass'n was considered and the following action taken:

"Resolved, That, the Chairman call a meeting of the Rate Clerks to check in rates on Brick, Clay, etc., C. L., published in this Committee's Joint Tariff No. 111 and that, if any omissions or inaccuracies are discovered they be reported to the Central Freight Ass'n asking for the necessary relief."

At meeting of the Rate Clerks the 6th inst., it was found necessary to make some changes in these rates.

Will say in connection with the foregoing that, the rates named in this Committee's Joint Freight Tariff No. 111, were not checked in by joint check, for the reason, that it was impossible to have meeting and submit rates so that same would become effective Jan. 1, 1900, as authorized by C. F. A. Information No. 1890 and 1922, the Tariff being compiled by this office and issued effective Jan. 1, 1900.

It has since developed that the rates to different points via some routes are out of line and it was therefore decided to recheck the rates on this traffic.

Please have the attached recommendation submitted at meeting of your Ass'n the 14th inst., advising result, greatly obliging.

Yours truly,
Chairman."

"St. Louis Eastbound Freight Committee.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., March 29, 1900.
File 3372-A.

To the Members of the Freight Committee,

Gentlemen: You are hereby requested to attend meeting in this office to-morrow Friday 30th, at 1:30 sharp to check rates on Brick, etc., C. L., from East St. Louis to points

in Central Freight Ass'n territory as per resolution adopted at meeting held 21st inst., as follows:

"Resolved, That, the Rate Clerks be called together for check of Brick Rates, from East St. Louis to C. F. A. Territory, it being understood, that G. F. A. Taylor will decide as to what rate he will hold to South Bend and then other rates to be lined up accordingly."

Please be present or authoritatively represented at the hour named, greatly obliging.

Respectfully,

R. M. Fraser,
Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 728."

Complainant offers in evidence correspondence between the official of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning the joint action and adoption of rules and regulations for the shipment of cotton between St. Louis and East St. Louis, as follows:

"St. Louis Eastbound Freight Committee.

Office of the Chairman, 404-406 Union Station,
St. Louis, Mo., Sept. 29, 1900.
File 3382.

To the Members of the Freight Committee,

Gentlemen: As instructed at meeting yesterday, I conferred with Sec'y Lande and later with Pres't Duncan and Sec'y Lande at Mr. Duncan's residence, regarding contract of the St. Louis Cotton Compress Co. with the roads, members of this Committee. I deem it advisable that you should know Pres't Duncan's views on the subject before taking definite action.

You are therefore requested to meet at the C. C. C. & St. L. Ry. General Office at 10:30 a. m. sharp, this morning. (Saturday 29th.)

Respectfully,

R. M. Fraser, Chairman."

"ST. LOUIS EASTBOUND FREIGHT COMMITTE.

St. Louis, Mo., Sept. 29th, 1900.

Mr. Sol. Lande, File 3382.

Secretary St. Louis Cotton Compress Co.,

St. Louis, Mo.

Dear Sir:—Referring to conference last evening with President Duncan yourself regarding the contract of the St. Louis Cotton Compress Co. with the roads, members of this Committee, which expires by limitation, to-morrow, Sept. 30th.

As promised at the conference, I endeavored to secure a full attendance of the Commitee, but was not entirely successful.

After explaining the result of our conference to the members who were present, I was instructed to inform you that for the purpose of avoiding any inconvenience to the Compress Co. or to the cotton shippers, they were willing to have the contracts now in effect extended for thirty days so as to give time for further consideration of the subject.

Will you therefore please prepare and send to me, by bearer, an Official or Legal Document, extending for thirty days, the present contracts which you have with each of the roads, (naming them) as follows:

Baltimore & Ohio Southwestern Railroad Company.

Chicago & Alton Railroad Company.

Chicago, Peoria & St. Louis Railroad of Illinois. (C. E. Kimball and S. P. Wheeler, Receivers) now the Chicago, Peoria & St. Louis Railway of Illinois.

Cleveland, Cincinnati, Chicago & St. Louis Railway Company.

Illinois Central Railroad Company.

Louisville, Henderson & St. Louis Railway Campany.

Louisville, Evansville & St. Louis Consolidated Railroad Company. (Geo. T. Jarvis, Receiver)

The Wabash Railroad Company.

Terre Haute & Indianapolis Railroad Company. (V. T. Malott, Receiver)

Toledo, St. Louis & Kansas City Railroad Company. (Sam'l. Hunt, Receiver) now, Toledo, St. Louis & Western Railroad Company.

I have instructed the messenger to wait for the paper referred to above.

Respectfully,

R. M. Fraser, Chairman."

"St. Louis Cotton Compress Company.

St. Louis, Mo., Sept. 29, 1900.

R. M. Fraser, Esq., Chairman, St. L. E. B. F. Com.

Dear Sir:—Answering yours of even date. It is the wish of this Company that all contracts with the different Railroads in your Association, which expire September 30th, be extended for 30 days. Our request having been granted, this Company will hold itself liable just the same as if the contracts were in effect. Thanking you, we are,

Yours very truly,

St. Louis Cotton Compress Co.,

Sol. Lande, Sec'y."

To the members of the Freight Committee,

Gentlemen:—You are hereby urgently requested to attend a Special Meeting of this Committee on *Friday, Oct. 12th, at* 10:30 *A. M.*, sharp, at C. C. C. & St. L. Ry. Gen'l. Office, Rialto Bldg., to consider and act upon the following resolution:

Resolved, That on and after November 1st, 1900, all lines, members of the St. Louis Eastbound Freight Committee, will discontinue the practice of issuing Bills of Lad-

ing on Cotton Notes or Cotton Receipts and will thereafter handle this business on the same basis as any other Commodity.

Respectfully,

R. M. Fraser, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 729."

Complainant offers in evidence Circular Letters, addressed to members of the St. Louis Eastbound Freight Committee, regarding joint action and adoption of rules and regulations in regard to shipment of cotton, as follows:

"St. Louis Eastbound Freight Committee.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., April 20, 1900.

File 3396-A.

To the members of the Freight Committee,

Gentlemen:—At a meeting of the Freight Committee, held 18th inst., correspondence was considered, regarding Insurance Contracts with American Cotton Co. and after a general discussion of the matter it was;

Resolved, That the Chairman issue Circular of Information to the members of this Committee to the effect, that the members of this Association are authorized to enter into a contract with the American Cotton Co. for the acceptance of their shipments of Cotton and issuing therefor a Bill of Lading before the Cotton is in possession of the carrier or its connections, covering cotton of the American Cotton Co. in store at East St. Louis, on the proper surrender of Cotton Notes or Warehouse Receipts, it being distinctly understood that any such contracts shall not cover shipments of Cotton other than coming from Warehouses at East St. Louis.

Yours truly,

R. M. Fraser, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 730."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, relative to application for proportional rate on Rags and paper stock, East St. Louis Allegan, Mich., as follows:

"Jan. 3, 1900.
3398.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Please refer to my letter Nov. 4th, 1899, your Advice Letter No. E-466, dated Nov. 6th, subject, "Proportional Rates on Rags and Paper Stock, East St. Louis to Allegan, Mich."

Kindly advise me what was the final action taken, regarding this matter, also if this combination of Local Rates, from Kansas City via Chicago, to Allegan, Mich., making through rate of 26½ cts., is still in effect.

Your prompt reply will be appreciated.

Yours truly,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jan. 5, 1900.

Please refer to File E-466.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir:—In reply to your favor of the 3rd instant, file 3398, would advise that effective January 1st rate on rags and paper stock from Chicago to Allegan, Mich., was advanced to 9½ cents, and if East St. Louis lines desire less than 6th class rates from East St. Louis to Allegan a new application should be filed. You recall the rate from Chicago to Allegan was 8 cents prior to January 1st.

Yours very truly,

J. F. Tucker, Chairman."

"Jan. 13, 1900.
3398.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Referring to my letter 3rd inst., your reply 5th, in which you state the rate on Rags and Paper Stock, C. L. from Chicago to Allegan, Mich. was advanced to 9½ cts. per 100 lbs., effective Jan. 1st 1900.

This advance does not equalize the rate on this traffic via East St. Louis and the Committee does not understand why this office was not advised of action taken on Advice Letter E-466, however, subject was further considered by this Committee the 11th inst., and the following action taken.

Whereas, The through rate on rags and paper stock C. L. from Kansas City via Chicago to Allegan, Mich., is 28 cts. per 100 lbs., as against the rate Kansas City to East St. Louis 13½ cts., and East St. Louis to Allegan, 16 cents total 29½ cents per 100 lbs., therefore, be it,

Resolved, That, the roads, members of this Committee individually recommend to the Central Freight Ass'n that a proportional rate of 14½ cts. per 100 lbs., be authorized on rags and paper stock (pressed in bales) C. L. from East St. Louis, Ill., to Allegan, Mich., to equalize with the rates on this traffic via Chicago gateway.

Will you please submit the above for vote advising decision reached as early as possible.

Yours truly,

Chairman."

"Central Freight Association.
Eighth Floor—Monadnock Block.
Chicago, January 18, 1900.

Subject:—Proposed proportional rate on Rags and Paper Stock C. L., East St. Louis, Ill. to Allegan, Mich.
Advice Letter—No. E. 675.

To the General Freight Agents,

Gentlemen:—Chairman Fraser of the St. Louis East-

bound Freight Committee advises that the following action was adopted at meeting of that Committee on the 11th instant:

"Whereas. The through rate on rags and paper stock, C. L., from Kansas City, Mo. via Chicago, Ill., to Allegan, Mich. is 28 cents per 100 lbs. as against the rate Kansas City to East St. Louis, Ill., 13½ cents, and East St. Louis to Allegan 16 cents, total 29½ cents per 100 lbs., therefore be it

Resolved, That the roads members of this Committee individually recommend to the Central Freight Association that a proportional rate of 14½ cents per 100 lbs. be authorized on rags and paper stock, pressed in bales, C. L., from East St. Louis, Ill. to Allegan, Mich., to equalize with the rates on this traffic via the Chicago gateway."

The present rate from Kansas City to Chicago is 18½ cents, and from Chicago to Allegan 9½ cents per 100 lbs. (6th class).

Please note on the enclosed blank your views as to the foregoing proposition, and oblige,

Yours very truly,
J. F. Tucker, Chairman."

"Central Freight Association.

Eighth Floor—Monadnock Block.

Chicago, January, 18 1900.

Subject:—Disposition of proposed proportional rate on Rags and Paper Stock, C. L.; East St. Louis, Ill., to Allegan, Mich.

Advice Letter—No. E-673.

To the General Freight Agents,

Gentlemen:—Referring to Advice Letter No E-466, dated November 6, 1889, application for proportional rate of 13 cents per 100 lbs. on rags and paper stock, C. L., from East St. Louis, Ill., to Allegan, Mich.:

After further investigation, roads interested individually advise that it has been decided not to make effective the rate named in the Advice Letter above referred to.

Yours very truly,
J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 731."

Complainant offers in evidence correspondence between officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, in reference to rates on earth paint, East St. Louis to C. F. A. and Trunk Line Association points, as follows:

"Aug. 21, 1900.
4006.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—At a Special Meeting of the Committee this A. M., correspondence was submitted regarding rates on Earth Paint, from East St. Louis to C. F. A. and Trunk Line Territories in which it was claimed that the advance in the Official Class'n rating from 6th to 5th class has resulted in the loss of practically all of the business from St. Louis. A shipper also writes as follows:

'We now are advised that rates on Earth Paint in C. L. have been put in effect by Eastern Roads, making rate on Earth Paint in C. L. less than former 6th class. We refer to Joint Westbound Freight Tariff I. C. C. No. 719, issued by Boston & Albany and N. Y. C. & H. R. R., also Lehigh Valley Commodity Tariff L. V. No. 74, also Philadelphia and Reading Supplement No. 32 to Tariff No. 3, all west bound.'

One of the members also said:—

"We have on file Lehigh Valley L. V.-74, effective July 26th, 1900, naming 6th class basis, from New York, Phila-

delphia, etc. to Western points; also Boston & Maine Tariff D-12-2, effective Aug. 4th, 1900, from Boston, on the same basis.'

In addition to the above I received today copy of Canada, Atlantic Transit Company's Joint Westbound (Rail & Lake) Tariff No. 1, Amendment No. 7, effective Aug. 4th, which reads:—Earth Paint, Iron or Ochre, dry, in sacks, barrels or bags, in C. L. will take 6th class rate.

After due consideration of the subject, it was:—

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n that they authorize on Paint, Earth; Iron, Metallic, Mineral or Ochre, C. L. minimum weight as per Official Class'n. from East St. Louis to points in Central Freight Ass'n and Trunk Line Territory at 6th class rates.

The rate at present is Official Class'n, 5th class.

Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor—Monadnock Block.

Chicago, August 22, 1900.

Subject:—Proposed rates on Earth Paint, Iron, Metallic, Mineral or Ochre, C. L., East St. Louis, Ill. to Central Freight and Trunk Line Associations Territory.
Advice Letter—No. F-462.

To the General Freight Agents,

Gentlemen:—By reference to Trunk Line Association Freight Committee Circular Letter No. A-222, dated July 20, 1900, it will be noted rates are authorized on Earth Paint, Iron or Ochre, dry, in sacks, barrels, bags or in bulk, in carloads, from Eastern points to Trunk Line western termini and points beyond on basis of 6th class.

Upon the subject of rates eastbound being considered by the St. Louis Eastbound Freight Committee at meeting August 21, 1900, the following was adopted:

"Resolved, That the individual roads members of this Committee recommend to the Central Freight Association that they authorize on paint, earth; iron, metallic, mineral or ochre, C. L., minimum weight as per Official Classification, from East St. Louis, Ill. to points in Central Freight and Trunk Line Associations' territory the 6th class rates."

The present rates are on basis of the Official Classification, viz: 5th class.

Please note on the enclosed blank your views as to the foregoing proposition, and oblige, Yours very truly,

J. F. Tucker, Chairman."

"Sept. 4, 1900.
4006.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Referring to my letter Aug. 21st, your Advice Letter F-463, Aug. 22nd, "Earth Paint."

Please advise me not later than Wednesday Night's mail, status of this proposition so that I may report to Committee at meeting Thursday 6th, A. M.

The classification asked for being in effect westbound there certainly should be no delay in authorizing eastbound.

Respectfully,
Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Sept. 21, 1900.

Please refer to file F-509.

Mr. R. M. Fraser, Chairman, St. Louis, E. B. Frt. Committee, St. Louis, Mo.

Dear Sir:—Referring to Information Nos. 418, series A,

and 2419, authorizing 6th class rates on paints, earth, iron, metallic, mineral or ochre, in carloads, from Chicago and East St. Louis to points in Central Freight Association territory, also Trunk Line points.

As you will note by Advice Letter F-509, application has been filed to apply the same basis from and to all points in Central Freight Association territory, and from Central Freight Association points to points east of the western termini of the Trunk Lines.

Upon transmitting same to the Trunk Line Association roads for approval, Commissioner Bullen advises that the roads members thereof are willing that 6th class rates should apply on earth paint, iron or ochre, dry, in sacks, barrels, bags or in bulk, in carloads, but objects to the 6th class rates being applied on metallic and mineral paints, the intention being to exclude the higher priced metallic paints from the application of these special commodity rates and also to prevent shipments of paints, ground, in oil, being taken at reduced basis. As the members of your committee originally submitted the application for basis named in Information 418 series A, it becomes necessary we should ask that the St. Louis eastbound roads modify the proposition to apply only on earth paint, iron or ochre, dry, in sacks, barrels, bags or in bulk, carloads, the understanding being that the same rates will only apply on the same articles from Chicago or other Central Freight Association points. The Trunk Line Association is of the opinion that if this modification is not agreed to by Central Freight Association lines, other reductions will follow.

Will you kindly therefore place the matter before your Committee and advise as early as possible if they are agreeable to the modification suggested, and oblige,

Yours very truly,

J. F. Tucker, Chairman."

"Sept. 29, 1900.
4006.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—In reply to your letter of the 21st inst., file F-509, regarding Paint, Earth, Iron, etc. from Chicago and East St. Louist to points in Central Freight Ass'n and Trunk Line Territory.

This is to advise that this subject was considered at meeting of this Committee 27th inst., and the following action taken.

Resolved, That, the individual roads, members of this Committee, recommend to the Central Freight Ass'n that Information No. 418, series A and 2419, naming rates on Paint, Earth, Iron, Metallic, Mineral or Ochre, C. L., from Chicago and East St. Louis to all points in Central Freight Ass'n and Trunk Line Territory be cancelled and reissued naming 6th class rates on Paint, Earth, Iron or Ochre, dry, in sacks, barrels, bags or in bulk, in carloads, with the understanding that the rates on Mineral and Metallic Paints between all other points in Trunk Line and Central Freight Ass'n Territories will be on basis provided therefor in the Official Classification.

Please advise if information numbers referred to will be reissued in line with the above resolution.

Awaiting your reply, I am, yours truly,
Chairman."

"Nov. 29, 1902.
4115 & 4004.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Your letters 12th, file H-759, 20th, H-784 and 24th, No. 9069 were read at meeting 28th.

On statement that the Central Committee were to consider Pig Lead Rates next week, it was:

Moved, That the subject be laid over until after con-

sideration and action by the Central Committee on the question of Pig Lead Rates from Missouri River.

As you are aware much depends on disposition of Pig Lead rates from Missouri River and therefore request prompt advice on the subject. Respectfully,

Chairman."

"July 20, 1904.
4006.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—At meeting 19th application was made by shipper (copy attached) for C. L. minimum weight of 30,000 lbs. on paint, earth, iron or ochre, dry, eastbound same as in effect westbound by N. Y. C. & H. R. R. Tariff A-2714 and possibly others and it was:

Moved, That the Chairman correspond with Chairman, CFA. in order to arrive at facts and conditions in regard to authority for making rates westbound, 6th class with Official Class'n minimum of 30,000 lbs. as against the Eastbound minimum of 40,000 lbs.

CFA. Info. 5071 and 1145-A authorizes 6th class, C. L. minimum 40,000 lbs.

Please investigate and advise action that will be taken to make same minimum enforced both west and eastbound.

An early reply requested, Respectfully,

Chairman."

"Central Freight Association.

Office of the Chairman, 8th Floor Monadnock Block.
Chicago, September 13, 1904.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your favor of the 9th inst., file 4006, regarding minimum carload weight on earth paint:

The Trunk Line Association roads will consider, at their

next meeting, which will be held in the near future, the subject of adopting minimum carload weight of 40,000 pounds to apply on westbound shipments from Trunk Line territory. I trust no action will be taken by members of your committee reducing the minimum carload weight on eastbound shipments until the Trunk Lines have informed us what they will do. Yours very truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, September 24, 1904.

Please refer to file 1145-A.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: Referring further to your favor of the 9th inst., file 4006, regarding minimum carload weight on earth paint:

Concerning the proposed advance in the minimum carload weight applying on westbound shipments from Trunk Line territory, Commissioner Bullen advises as follows:

'We presented for consideration of the Trunk Line Freight Committee on the 20th inst. your letter of July 25th relative to the carload minimum applying on westbound shipments of earth paint, iron or ochre—viz.: Official Classification carload minimum.

I was requested to advise you that under existing conditions the Trunk Lines could not see their way clear to make any advances in the carload minimum now applying upon this traffic.

If your lines think there is any necessity for making a reduction in the carload minimum on eastbound shipments to the same basis, the Trunk Lines will raise no objection there to."

If any further action is desired, please let me know.

Yours very truly,

J. F. Tucker, Chairman."

"Oct. 3, 1904.

4006.

Minimum Carload Weight on Paint, Earth, Iron or Ochre, Dry.

Mr. J. F. Tucker, Chairman, CFA., Chicago, Ill.

Dear Sir:—Referring to my letter July 20th, your reply July 25th, Sept. 13th and 24th, file 1145-A. At meeting Sept. 30th this subject was given due consideration and it was:

Recommended, To the Central Freight Ass'n that the minimum weight, as per CFA. Info. 5071 and 1145-A, on Earth Paint, Iron or Ochre, dry, be reduced to 30,000 lbs. in view of the fact that we cannot compete in common territory against Eastern Manufacturers on a higher minimum than they enjoy.

Please give this immediate attention advising result.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, October 4, 1904.

Subject: Proposed reduction in minimum carload weight of paint, earth, iron or ochre, dry, from and to C. F. A. points, and from C. F. A. points to points east of the western termini of Trunk Lines.

Advice Letter No. K-48

To the General Freight Agents,

Gentlemen:—Information No. 5071, dated April 9, 1904, provides for a minimum carload weight of 40,000 lbs. on shipments of paint, earth, iron or ochre, dry, in sacks, barrels, bags or in bulk, C L., from and to all points in Central Freight Association territory; and Information No. 1145, Series A, dated April 9, 1904, provides for the same minimum carload weight on shipments from points in Central

Freight Association territory to points east of the western termini of the Trunk Lines.

At the present time on westbound shipments of this commodity from Trunk Line Association points in Central Freight Association territory, the minimum carload weight is 30,000 lbs., and upon this office taking up with Commissioner Bullen the question of the Trunk Lines advancing their minimum carload weight from 30,000 lbs. to 40,000 lbs., he advises as follows:

'I was requested to advise you that under existing conditions the Trunk Lines cannot see their way clear to make any advance in the carload minimum weight applying upon this traffic. If your lines think there is any necessity for making a reduction in the carload minimum weight on eastbound shipments to the same basis, the Trunk Lines will raise no objections thereto.'

In this connection the St. Louis Eastbound Freight Committe has submitted to this office the following recommendation for the approval of Central Freight Association lines:

'Recommended, To the Central Freight Association that the minimum weight as per C. F. A. Information Nos. 5071, and 1145 Series A, on earth paint, iron or ochre, dry, be reduced to 30,000 lbs. in view of the fact that we cannot compete in common territory against eastern manufacturers on a higher minimum than they enjoy.'

Please note on the enclosed blank your views on the proposition, and oblige, Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 732."

Complainant offers in evidence correspondence between officials of the Central Freight Association and the St.

Louis Eastbound Freight Committee, in reference to proportional rate on Salt, when coming from west of the Mississippi River, from East St. Louis to Cleveland, Ohio, as follows:

"Nov. 10, 1902.
4007.

Mr. J. F. Tucker, Chairman, CFA., Chicago, Ill.

Dear Sir:—At meeting Nov. 7th the Chairman read letter from a member making application for a rate of 10 cts. per 100 lbs. on Rock Salt, in bulk, C. L. minimum weight as per Official Class'n from East St. Louis to Cleveland, Ohio, when coming from the west and it was:—

Moved, That the subject be referred to the Central Freight Ass'n for consideration by the Salt Committee.

For the information of the Committee I enclose copy of DFA Nichols' letters Nov. 5th and 8th. The rate referred to, Cleveland to East St. Louis is authorized in CFA. Information No. 3737. Present rate 6th class, 16 cts. per 100 lbs.

Please have the subject given consideration advising result. Respectfully,

Chairman."

Authorized in C. F. A. Inf. 3781 Nov. 14, 1902.

Chicago, Jan. 8, 1900.

Please refer to File Inf. 1878.

Mr. R. M. Fraser, Chairman, St. Louis E. B. F. Committee, St. Louis, Mo.

Dear Sir:—The following is received from Mr. L. L. Hyde, A. G. F. A. of the C. C. C. & St. L. Ry.:

'Referring to Information Circular No. 1878, rates on lumber from the south of the Ohio River points to C. F. A. Territory. We feel that we should not carry higher than Lafayette rates from East St. Louis to Attica, Ind., and would thank you to authorize accordingly.'

Please advise views of your committee in the matter, and oblige, Yours very truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, January 15, 1900.

Subject:—Proposed rate on Lumber, C. L., from East St. Louis, Ill. to Attica, Ind.

Advice Letter—No. E 659

To the General Freight Agents,

Gentlemen:—The following is received from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee:

'Your information No. 1878, December 5, 1899, regarding proportional rates on Lumber, C. L., East St. Louis, Ill. to Attica,Ind.

This is to advise that subject was considered at meeting held the 11th instant, and the following action taken:

'Whereas, C. F. A. Information No. 1878, authorizes proportional rate of 8 cents per 100 lbs. on lumber, C. L.,

from East St. Louis, Ill to Lafayette, Ind., and to Attica, Ind. 9 cents per 100 lbs.; be it

Resolved, That the individual roads members of this Committee recommend to Central Freight Association that Information No. 1878 be amended authorizing rate from East St. Louis, Ill. to Attica, Ind. 8 cents per 100 lbs., same as to Lafayette, Ind., Attica being an intermediate point.'

Please advise if Information No. 1878 will be amended in accordance with the above, and oblige.

Please note on the enclosed blanks your views as to the foregoing proposition, and oblige,

Yours very truly,
J. F. Tucker, Chairman."

"Rate to Attica only rate to change agreed by Rate Clerks at meeting Feby. 6, 1900.

No record made in Proceedings.

2-6-19."

"St. Louis Eastbound Freight Committee.

Office of the Chairman, 404-406 Union Station

St. Louis, Mo., Jan. 25, 1900.
File 4008.

To the Members of the Freight Committee,

Gentlemen:—I am today in receipt of the following letter from a member of this Committee.

"I am advised that some line is protecting a 7 cent rate on common logs from East St. Louis to Indianapolis when coming from beyond. The tariff rate appears to be 8 cents per 100 lbs., as shown in your Joint Tariff No. 110. I would be glad to have you ascertain whether any of the Eastbound Lines have in force a rate less than 8 cents per 100 lbs., on this traffic."

The rate of 8 cents per 100 lbs., is the authorized rate, published in this Committee's Tariff No. 110.

Please advise if you have tariff in effect, naming rate of 7 cents or if your road has authorized or quoted the rate of 7 cents on this traffic.

A prompt reply is requested. Respectfully,

R. M. Fraser, Chairman."

"St. Louis Eastbound Freight Committee.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Jan. 31, 1900.

File 4008.

To the members of the Freight Committee,

Gentlemen:—Referring to Circular Letter January 25th, 1900, inquiring as to whether any of the roads, members of this Committee, had published or were protecting a 7 cent rate on Common Logs, C. L., from East St. Louis to Indianapolis, Ind. (when from beyond.)

This is to advise, that, I am in receipt of replies; all roads advising, that, they have not published and are not protecting any other than the authorized rate of 8 cts. per 100 lbs., as published in this Committee's Joint Tariff No. 110.

This for your information. Yours truly,

R. M. Fraser, Chairman."

Wabash R. R., E. G. Wylie.

Also present:

J. F. Woffindin, Chairman, Chicago Committee, R. M. Fraser, Chairman, St. Louis Committee, J. C. Mangus, C. H. & D. Ry.

On motion, Mr. J. F. Woffindin was selected Chairman and Mr. E. T. Wood, Secretary.

The meeting was called to order at 2 P. M.

Chairman: The meeting is called to consider what rates shall apply from Chicago, Peoria and E. St. Louis on lumber and articles taking lumber rates to points in Central Freight Association territory in line with the rates which have been recently authorized from Benton Harbor, St. Joseph, Michigan City and other points to Central Freight Association territory; also, the rates which shall apply on those articles originating at Pacific Coast territory; and to check rates on grain and grain products from Chicago, Peoria and E. St. Louis to Central Freight Association territory. The Peoria Committee, at a meeting held this date, considered an application made by the Glucose Sugar Refining Company for reduction in the rating on glucose syrup and adopted the following resolution:

"Resolved: That the application from the Glucose Sugar Refining Company for reduction in the rating on glucose syrup be referred to joint meeting of the Chicago, Peoria and St. Louis Committees, which will be held this date."

At a recent meeting of the Chicago Committee this question was considered, when it was decided to refer it to Chairman Tucker, without recommendation. If there is no objection we will take up this subject before proceeding with the docket.

There being no objection this matter was considered and the following was unanimously adopted:

Resolved: That the application of the Glucose Sugar Refining Company for reduction in rating on glucose syrup be referred to the Central Freight Association for consideration at its next meeting.

1. Rates on Lumber and articles taking Lumber rates

from Chicago, Peoria and E. St. Louis to points in Central Freight Association territory.

The following was offered:

Resolved: That the present authorized rates on lumber and articles taking lumber rates from Chicago, Peoria and East St. Louis to Central Freight Association points, be continued.

The C. & E. I. R. R. voted aye on the above resolution, with the understanding that the rates now published to points on its own line will be continued and there being no objection thereto, the resolution was adopted.

2. Rates on Lumber and articles taking Lumber rates originating at Pacific Coast points destined to Central Freight Association territory via Chicago, Peoria and E. St. Louis.

The following was unanimously adopted:

Whereas: The rates from Pacific Coast on lumber and articles taking lumber rates are not uniform by the northern and southern routes to Chicago, Peoria and East St. Louis, therefore, be it,

Resolved: That we recommend that on lumber and articles taking lumber rates from Pacific Coast points, that Chicago, Peoria or East St. Louis lines be authorized to reduce their local rates to points in Central Freight Association territory on this traffic to the extent requisite to equalize the rates from Pacific Coast points to Chicago, Peoria or East St. Louis, thus establishing the same through rates from Pacific Coast points to destination via any of three gateways named.

3. Central Freight Association Circular No.1143. Authorizing proportional rates on Lumber, etc., originating at Pacific Coast points.

The following was adopted:

Resolved; That if the foregoing resolution relating to lumber, etc., from Pacific Coast is authorized, we recommend that Central Freight Association Circular No. 1143 be cancelled simultaneously.

4. Rates on Grain and Grain Products from Chicago, Peoria and East St. Louis to Central Freight Association territory west of the Trunk Line Western Termini.

The following was adopted:

Resolved: That the present authorized rates on grain and grain products from Chicago, Peoria and East St. Louis to points west of the Trunk Line western termini, including Indianapolis and Ohio River points be maintained, with the Trunk Line western termini rates as a maximum.

The above resolution will not affect rates to points in Northern Michigan which are higher than the rates to Trunk Lines western termini.

The representatives of the Wabash, T. St. L. & K. C. and N. Y. C. & St. L. Railroads desire it to appear on the record that they did not vote on the above resolution, for the reason that they may find it advisable in their interest to reduce the present rates on grain and grain products to Detroit, Toledo and Cleveland, but before doing so they will give sufficient notice to the Central Freight Association to enable all roads to meet any reduction they may make, effective on the same date.

On motion, Adjourned.

E. T. Wood, Secretary." J. F. Woffindin, Chairman.

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, April 18, 1900.

Please refer to file No. Inf. 2154.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your favor of the 17th instant,

file 4008, regarding proper rates applicable on Pacific Coast lumber from East St. Louis.

Uuder even date I telegraphed you as follows:

"In view of position taken by one of the St. Louis roads that higher rates cannot be charged on Pacific Coast lumber than named in your tariff one ten, the matter should be presented to your committee to-day with a view of having understanding reached."

In explanation of the above would state that the B. & O. S. W. R. R. claims it is impracticable to charge on Pacific Coast lumber forwarded via East St. Louis higher rates than are named in your tariff No. 110. It is consequently necssary that the position of the roads, members of your committee, be made known to initial lines at Peoria and Chicago as early as possible.

Yours very truly,

J. F. Tucker,
Chairman."

"April 19, 1900.
4008.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Referring to your several telegrams and letters (Inf. 2154) regarding rates on Pacific Coast Lumber.

The correspondence was submitted to the Committee at meeting yesterday and after a general discussion on the subject the following resolution was adopted by a majority vote.

"Resolved, That, it is the sense of this Committee, that their tariff showing rates on lumber from East St. Louis be amended if necessary so that it will be understood that the proper rates to apply on lumber and articles taking lum-

ber rates, originating at Pacific Coast Points be the 6th class rates from East St. Louis."

One of the members voted in the negative, it being his understanding, that at meeting of Chicago, Peoria and St. Louis Committees, held in St. Louis on March 26th, it was stated, that the lines leading from East St. Louis could not, in any case, charge higher than the Commodity Lumber Rates, which are applied locally from that point, further that the proceedings of the meeting referred to, provide "that Chicago, Peoria and St. Louis lines be authorized to reduce their *local* rates to points in Central Freight Ass'n territory to the extent requisite to equalize the rates from Pacific Coast points to Chicago, Peoria or East St. Louis, thus establishing the same through rates from Pacific Coast points to destination via any of the three gateways named."

I trust that the above information will be satisfactory.

Very respectfully,

Chairman."

Office of the Chairman,
8th Floor Monadnock Block.

Chicago, April 24, 1900.
Please refer to file Inf.-2154.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Frt. Com.,
St. Louis, Mo.

Dear Sir: Referring to your favor of the 19th inst., your file 4008, subject of proper rates applicable on Pacific Coast lumber forwarded via East St. Louis:

Under date the 23rd instant, G. F. A. McLaughlin writes as follows:

"To carry out the resolution of the St. Louis Committee, it will be necessary for all the roads to issue notice that their

rates will not apply locally. If all the roads are willing to do this, we will do likewise."

Will you kindly take the matter up with the initial lines at East St. Louis and have them arrange to issue the necessary notice to the effect that the rates named in your tariff No. 110 will not be applied on shipments from Pacific Coast and 6th class rates will be used unless through rates via Chicago or Peoria render necessary less rates in order to equalize the through rates.

The Chicago and also the Peoria lines are very anxious that this matter be disposed of without delay so that they can issue their tariffs in line with Information No. 2154, providing all lines at East St. Louis are agreeable thereto.

Please advise what is done in the matter.

Yours very truly,

J. F. Tucker,
Chairman."

"The Western Union Telegraph Company.

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, May 8, 1900.

Subject—Call for Meeting.

Advice Letter—No. F. 1. 4½.

To the Eastbound roads from Chicago,
Peoria and East St. Louis.

Gentlemen: A meeting of your companies is hereby called at Chairman Fraser's office, Union Station, St. Louis, Mo., Wednesday, May 16, 1900, at 10:30 A. M., for the purpose of checking in specific rates from Chicago, Peoria and East St. Louis to points in Central Freight Association territory on lumber and shingles, in carloads, originating at Pacific Coast points. This recheck is necessary in order to equalize with the through rates in effect via the various gateways.

Kindly arrange to be on hand promptly, as it is important that these rates be checked in, since many of the lines interested are anxious to issue their tariffs naming the specfic rates to apply from the gateway at which they are an initial road.

Yours very truly,
J. F. Tucker,
Chairman."

St. Louis, Mo., May 14, 1900.
File 4008.

To the Members of the Freight Committee,

Gentlemen: Referring to call, issued by Central Freight Ass'n (Advice Letter F-141½, May 8th) for Joint Meeting to be held in this Office, Wednesday, May 16th, at 10:30 A. M. for purpose of checking in specific rates from

Chicago, Peoria and East St. Louis to points in C. F. A. Territory on Lumber and Shingles, C. L. originating at Pacific Coast points, etc.

Please do not fail to be present promptly at the hour named, greatly obliging.

Yours truly,
R. M. Fraser,
Chairman."

"Proceedings of a conference meeting between the Chicago, Peoria and St. Louis Committees, held in the Committee rooms of the St. Louis Committee, St. Louis Mo., Wednesday, May 16th, 1900.

Representation:

Chicago Committee:

B. & O. R. R., A. P. Bigelow, by T. J. Cook.
C. C. C. & St. L. Ry., C. Tillinghast, by H. C. Bell.
C. & E. R. R., H. W. Forward, by F. W. Fairbairn.
C. & G. T. Ry., David Brown, by J. F. Woffindin.

P. C. C. & St. L. Ry., C. W. Randall, by M. S. Connelly.
Penna Company, Wm. Borner, by J. F. Woffindin.
Wabash R. R., E. R. Newman, by J. S. Van Leer.

Peoria Committee:

P. & E. Ry., Ford Woods, H. M. Griggs.
P. D. & E. R. R., E. L. Burbank.

St. Louis Committee:

B. & O. S. W. R. R., T. J. Cook.
C. C. C. & St. L. Ry., W. D. Holiday, H. S. Bradley, H. C. Bell.
C. & A. R. R., G. B. Birch.
I. C. R. R., F. H. Law.

T. H. & I. Ry., G. L. Stevens.
T. St. L. & K. C. Ry., R. H. Sheill.
Wabash R. R., J. S. Van Leer.
Also present:
Mr. R. M. Fraser, Chairman, St. Louis Committee.

The meeting convened at 11 A. M., and with the exception of a recess for lunch continued in session until 5 P. M.

On motion, Mr. J. F. Woffindin was elected Chairman.

Chairman: This meeting is called to establish specific rates from Chicago, Peoria and East St. Louis to points in Central Freight Association territory on lumber and articles taking lumber rates which originate at Pacific Coast points, the object being to provide such rates as will when added to the rates from Pacific Coast points to the gateways, named make the same through rates from the points of origin to destination via which ever gateway the shipment is routed. The first point to be settled is will the East St. Louis lines apply sixth class rates on this traffic east of St. Louis when the sixth rate added to the rate from Pacific Coast to East St. Louis does not make a higher rate than the sixth class rate from Chicago added to the rates thereto from Pacific Coast, or will the proportional rates published in St. Louis Eastbound Freight Committe joint tariff No. 110 be the maximum rates which apply on this traffic.

After discussion, it was the opinion of the East St. Louis lines that the rates in tariff refered to will be the maximum they can charge on account of the rates applying locally from East St. Louis and the following was adopted:

Resolved, That this committee proceed to check rates from Peoria and Chicago, on lumber and shingles, originating in the State of Washington, destined to Central Freight Association territory.

The check developed the fact that with few exceptions, most of which are provided for by the rates authorized by

the C. & O. R. Committee, the sixth class rates from Chicago when added to the rates from the state of Washington, are not higher than the combination of the rates from the state of Washington to East St. Louis and the proportional rates in effect from East St. Louis to points in Central Freight Association territory, and it was the sense of the committee that sixth class basis be applied from Chicago and that the rates from Peoria be made the same as from Chicago.

Rates on Lumber and Shingles from Oregon Points.

After discussion it was deemed inexpedient to publish proportional rates from Chicago and Peoria to C. F. A. points on lumber and articles taking lumber rates from Oregon points to equalize rates published in Trans-Continental tariff No. 236, to Mississippi River and Chicago common points, for the reason that the publication of same would have a tendency to jeopardize the maintenance of local rates, and the following was adopted:

Resolved: That we recommend that Central Freight Association Information No. 2154, of April 2nd, 1900, be amended as follows:

1st. The proportional rates from Chicago, Ill., will be such as are necessary to equalize with the rates from Pacific Coast points of origin to East St. Louis or Peoria, plus the established local rates from the latter points.

2nd. The proportional rates from Peoria will be such as are necessary to equalize with the rates from Pacific Coast points of origin to Chicago or East St. Louis, plus the established local rates from the latter points.

3rd. The proportional rates from East St. Louis will be such as are necessary to equalize with the rates from Pacific Coast points of origin to Chicago or Peoria, plus the established rates from the latter points.

4th. The established local rates from East St. Louis, Ill.

1781

being the same as shown in Central Freight Association Information No. 1878, of December 5th, 1899, it is permissible for the lines leading from Chicago and Peoria to equalize with the rates specified in Information No. 1878, from East St. Louis.

It was the sense of the Committee that if the foregoing recommendation is made effective it will provide relief from any inequalities which may exist in adding the rates on lumber and articles taking lumber rates east of Chicago, Peoria and East St. Louis to Central Freight Association (via any of the gateways named as against the others) to the rates from Pacific Coast points respectively to Chicago, Peoria and East St. Louis.

On motion, Adjourned.

J. F. Woffindin,
Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block
Chicago, November 6, 1900.

Subject—Call for Meeting.
Advice Letter No. F. 6665½.

To the Initial Eastbound Roads from Chicago,
Peoria and East St. Louis, Ill.

Gentlemen: A meeting of your companies is hereby called at Chairman Fraser's office, Rooms 404 to 406, Union Station, St. Louis, Mo., Friday November 9th, 1900, at 10:30 A. M., for the purpose of considering the subject of rates on lumber and forest products, in carloads, originating at Pacific and destined to points in Central Freight Association territory.

It seems that the rates through the Chicago, Peoria, and East St. Louis gateways are not equalized to all points, and the subject is to make such adjustment as will bring about this result.

Please therefore do not fail to be present or authoritatively represented, and thus prevent delay in disposing of the matter.

Yours very truly,
J. F. Tucker, Chairman."

St. Louis Committee—B. & O. S. W. Ry., Ed. Keane; C. & A. R. R., J. L. Murphy; C. P. & St. L. Ry., W. M. Bushnell; C. C. C. & St. L. Ry., H. S. Bradley; T. H. & I. Ry., G. L. Stevens; Wabash R. R., E. G. Wylie; T. St. L. & W. Ry., R. H. Sheill.

The meeting convened at 10:45 a. m.

On motion, Mr. H. M. Griggs was unanimously elected Chairman of the meeting and Mr. B. E. Connell, Secretary.

I. Rates on Lumber and Shingles from Pacific Coast Points to Central Freight Association Territory.

The meeting was called for the purpose of lining up rates on lumber, shingles, etc., from Pacific Coast points to Central Freight Association territory via Chicago, Peoria and East St. Louis.

The following was adopted:

Resolved: That we recommend to the Central Freight Association that a joint request be made upon the Trans-Continental Lines to publish specified through rates, based on lowest combinations, on lumber and shingles, in carloads, from Pacific Coast points to Central Freight Association territory, same to be prorated on agreed divisions east and west via Chicago, Peoria and St. Louis, with the local rates East of Chicago, Peoria and St. Louis as a maximum, the rates to be subject to Official Classification minimums.

It was understood that when this recommendation is submitted to the Central Freight Association, it will be with the suggestion that a committee be appointed consisting of

three representatives from each of the gateways, to agree upon the best means or method of having these tariffs published.

The following were adopted:

Resolved, That until this question is adjusted between the Central Freight Association and the Trans-Continental railroads, proportional rate of 7½ cents per 100 lbs. be applied on shipments of lumber, shingles, etc., in carloads, from Pacific Coast points to the following points in Central Freight Association territory, viz.:

Brazil, Ind.; Brown's Valley, Ind.; Carbon Ind.; Cayuga, Ind.; Coal Bluff, Ind.; Ellsworth, Ind.; Grant, Ind.; Guion, Ind.; Hillsdale, Ind.; Ladoga, Ind.; Rosedale, Ind.; Sand Creek, Ind.; Terre Haute, Ind.; Waveland, Ind.

Resolved, That the Chicago Committee be requested to take up the subject with the C. & E. I. R. R. and the C. I. & L. Ry., requesting them to maintain agreed rates.

II. Rates on Grain and Grain Products, in Carloads, from East St. Louis and Upper Mississippi River East Bank Points to Central Freight Association Territory.

Correspondence was presented relating to rates proposed in Central Freight Association Advice Letter No. F. 664, on grain and grain products, in carloads, from East St. Louis and Upper Mississippi River east bank points to Central Freight Association territory, the proposed rates to a number of points in Michigan being considerably lower than the authorized rates from Chicago to the same points.

The following was adopted:

Resolved, That the question raised in the correspondence regarding rates on grain and grain products, in carloads, from East St. Louis and Upper Mississippi River east bank points, be referred to a subsequent meeting of the Chicago, Peoria and St. Louis Committees, together with representatives of the Upper Mississippi River roads and

across lake lines, said meeting to be called by Chairman Tucker.

It was suggested that this meeting be held at Chicago on Friday, November 23rd, 1900.

On motion, adjourned.

H. M. Griggs, Chairman.

B. E. Connell, Secretary."

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, April 3, 1900.

Please refer to file E-926½.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.:

Dear Sir:—Referring to your favor of the 31st ultimo, file 4008, regarding application of lumber rates on wagon material through East St. Louis and Ohio River crossings.

Can you not advise "why the representation present could not remedy the situation?"

With reference to the Committee on Relations with Southern Roads considering this subject, would advise that it seems it is entirely proper for them to handle the matter as it relates to the application of proportional lumber rates on wagon material originating at points beyond East St. Louis and Ohio River crossings, and we understand that if this wagon material from the south is charged at authorized rates no difficulty will be experienced in having same done with shipments from Ohio River crossings and East St. Louis proper. We are positive that all shipments of wagon material on which lumber rates have been applied at Evansville originated south of Evansville. At least any information we have points to that fact.

Yours very truly,

J. F. Tucker, Chairman."

The Wabash R. R., P. W. Coyle.

Meeting convened at 11:30 A. M.

On motion, Mr. Paul P. Rainer was elected Chairman and Mr. R. M. Fraser Secretary of the meeting.

The Chairman stated that the meeting had been called at the request of the Central Freight Association for the purpose of correcting existing evils of applying Lumber rates on Wagon Wood, including Hubs and Spokes, sawed and turned to shape; also, tenoned Spokes and Hubs not further finished than bored, mortised and primed, in carloads.

In order to arrive at a proper understanding as to how rates were being made at the present time, the Southern and Western lines were asked whether they published through rates via the respective Ohio and Mississippi River crossings to eastern points or made the rates on the combinations in effect to and from the respective Ohio and Mississippi River crossings. Replies being to the effect that the rates are invariably based on the prevailing combinations via the respective Ohio and Mississippi River gateways and in no case lower through rates were made than such combinations, it was the view of the Committee, that the adjustment of rates rests entirely with the lines leading north of the Ohio and east of the Mississippi Rivers, respectively; consequently the vote upon the various measures introduced was confined to representatives of such roads.

A lengthy discusson then ensued, during which it developed that the Illinois Central R. R. had a through rate of 18c per hundred pounds in effect from Greenfield and Jackson Tenn., to Chicago, which through rate was also in effect via the Mobile & Ohio R. R., and it was thought that no advance in or restoration of rates could be had unless the rate from Greenfield and Jackson, or at least the rate from Cairo and East St. Louis to Chicago, was advanced.

Several measures were introduced, and while on some

of them the affirmative exceeded the negative by one or two votes, it was nevertheless thought inadvisable to consider such measures adopted because of the closeness of the vote, and the following was finally adopted:

Recommended, to the C. F. A., that all lines be authorized to apply lumber rates on Vehicle Stock or stuff in carloads, which under the Official Class'n., takes rating of 5th class or lower, from all Ohio River Crossings and East St. Louis to C. F. A. and C. & O. R. R. Territory. This to supersede all other authority.

Adopted by vote; affirmative 9, negative 2, not voting 2, total 13.

There being no further business, meeting adjourned at 6:00 P. M.

Paul P. Rainer, Chairman.

R. M. Fraser, Secretary."

Above exhibit is marked "Complainant's Exhibit Fraser No. 735."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, with reference to agreement not to absorb East St. Louis switching, as follows:

"ST. LOUIS EASTBOUND FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Jan. 16, 1902.
File 4023.

To the Freight Committee:

Gentlemen:—As instructed at meeting 14th inst., I give below copy of letter from a member, which explains itself:

"Will you kindly obtain for me, the position of the various lines in our Committee regarding the absorption of switching on cars delivered to the Damascus Brake Beam Co., East St. Louis? They are located, as I understand it, on the new Terminal Belt, and it is stated to me that our competitors are absorbing Terminal Switching charge."

Please be specific in your reply so that if necessary the answers may be communicated to all members by Circular Letter.

Respectfully,

R. M. Fraser, Chairman."

"ST. LOUIS EASTBOUND FREIGHT COMMITTEE.
Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Feb. 15, 1902.
File 4023.

To the Freight Committee:

Gentlemen:—Referring to Circular Letter of January 16th, File 4023, relative to absorbing switching on cars delivered to the Damascus Brake Beam Co., East St. Louis.

I am in receipt of the following replies from all roads, which was submitted at meeting Feb. 14th and I was instructed to issue Circular giving the reply from each individual road.

B. & O. S. W. R. R.:—"Beg to advise we do not know the exact location of Damascus Brake Beam Co., but understand it is on the outer belt, which crosses our line just beyond the V. & C. Belt at the Willows. The Terminal R. R. Assn. should be called on to state what their switching charge would be to and from the various intersecting lines. We have received no information on this point, and neither have we handled any business for the delivery mentioned." Note: At meeting Feb. 14th, B. & O. S. W. R. R. representative agreed not to absorb switching.

C. & A. Ry.:—"We do not absorb switching on shipments delivered to the Damascus Brake Beam Co. at East St. Louis. We would be glad to be advised what answer you receive from other gentlemen to whom you have sent similar letter."

C. P. & St. L. Ry.:—"I beg to say that we have had no business so far consigned to this institution, but we are in receipt of a communication from them, which, I presume, was addressed to all lines at East St. Louis, stating that they would expect us to absorb switching to their plant on any business received by us.

We have as yet taken no action on this letter, and in or-

der that we may know just how to proceed, would be glad if you will advise us just what the other roads are doing."

Note: At meeting 14th, Mr. Bushnell, G. F. A., agreed not to absorb switching.

C. C. C. & St. L. Ry:—"Would advise that we are not absorbing switching on traffic consigned to industries located on the new Terminal belt at East St. Louis.

Note: At meeting Feb. 14th, Mr. Nichols, D. F. A., agreed not to absorb switching.

I. C. R. R.:—"Our agent at East St. Louis advises that we have had no business for the Damascus Brake Beam Co., of East St. Louis. To territory under the jurisdiction of the East-bound Freight Committee, the Terminal switching is added to the rate, except where we have to meet competition of other eastern lines, in which case it would be absorbed."

L. H. & St. L. Ry.:—"It seems this firm is located on the Illinois Transfer Railway new Belt Line, E. St. Louis and that the line has not been formally opened to traffic. However, so far as we know, we would not absorb switching charge in effecting delivery to this concern."

Southern Ry.:—"Beg to advise you that we do not absorb switching on cars delivered to the Damascus Brake Beam Co., East St. Louis, as it is a local industry on the Terminal Railroad Association."

T. H. & I. R. R.:—"Beg to advise that this company sees no reason why the Terminal Railroad Switching from our track to the works of the Damascus Brake Beam Co. should be absorbed by east-bound lines. We understand that this is a uniform charge which all lines are subject to.

"As far as this company is concerned, we have not agreed to take care of same."

The Wabash R. R.:—"Would say that upon investigation we find this firm is located on the new outer Belt Railroad of the Terminal Railroad Assn., viz.: The Illinois

Transfer Railroad. The Terminal people advise that there is no railroad in direct connection with the Illinois Railroad except the Merchants' Terminal. That being the case, we know of no reason why the switching should be absorbed by any of the roads. We have not done so in any instance."

This for your information.

Respectfully,

Above exhibit is marked "Complainant's Exhibit Fraser No. 736."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis East-bound Freight Committee, in regard to maintenance of rates, Mississippi River crossings to eastern points, as follows:

"Proceedings of a meeting of the Chicago East-bound lines held at Chicago, Thursday, March 29, 1900.

Attendance:

C. H. Harkins, representing B. & O. R. R. Co.

C. Tillinghast, representing C. C. C. & St. L. Ry.

David Brown, by B. B. Mitchel, representing C. & G. T. Ry. Co.

S. P. Shane, C. L. Thomas, representing Erie Railroad Company.

H. W. Forward, G. J. Grammer, J. L. Clark, representing L. S. & M. S. Ry. Co.

D. T. McCabe, C. W. Randall, representing Pennsylvania lines.

Wm. Borner, B. B. Mitchell, W. Macmillan, representing M. C. R. R. Co.

Jas. Webster, N. Y. C. & St. L. R. R.

E. R. Newman, Wabash Railroad Co.

The following subjects were considered:

Grain and Grain Products.

Each representative present stated that it was understood by him that all grain and grain products that can be taken at the rates in effect prior to midnight of April 1, 1900, must be actually in possession of the eastern roads on or before midnight of March 31st, and stated for the road each represented:

That we will place in the Chairman's hands before four (4) o'clock Monday afternoon (April 2nd), a complete detailed statement of all such export grain and grain products as we consider we are bound by any arrangement now existing to carry at the rates in effect prior to midnight of April 1st—if any road has none it will so report. The cars shall be given by the number of the car and initial. As to grain in elevators, the elevator shall be specified and the number of bushels of each kind of grain in each so specified elevator; the grain and grain products in both cars and elevators as above shall show the date of the engagements and the consignor and consignee in each case. Such grain and grain products as detailed above the Chief Inspector shall pass at the rates in effect prior to April 1st, and none other.

That we will give the grain in the elevators, as reported under engagement, the precedence.

That each road will by its Chicago representative make a written statement to the Chairman each morning, commencing Tuesday, April 3rd (to reach him at or before eleven o'clock each day) of the grain and grain products moved the day previous at rates in effect prior to April 1st.

Western Trunk Line Committee Tariff No. 412, Effective March 20th, Naming 17½ Cent Rate on Corn, Oats and Their Products, Minneapolis to New York.

This matter was referred to the Chairman to take up with the initial northwestern roads with the endeavor to have it cancelled; failing this, a conference to be arranged for between western and eastern roads.

Applying Mississippi River Basis via Manitowoc and Other East Bank Lake Michigan Ports.

This subject was referred to the regular April meeting for consideration.

Provisions.

The authorized tariff rates from the Mississippi River, Peoria and Chicago are to be absolutely maintained, each road's representative stating that they would at once notify all shippers and connections to this effect; all export bookings or other arrangements on provisions at variance from tariff to be filled on or before midnight of Sunday, April 8th.

The Chairman was instructed to request the St. Louis and Peoria Committees to convene and take similar action.

Arbitraries Demanded by Eastern Roads in Addition to Percentages.

This matter was referred to the Chairman to present at the regular April meeting to the Committee on Relations with Trunk Lines.

Trunk Line Circular No. 1570 of March 15th, in Relation to Change of Lighterage Rules.

The Chairman was instructed to send the action of the Trunk Lines to all interested roads by Advice Letter, and request the Chicago Committee to consider it at their meeting to be held March 30th.

Action at the Conference Meeting with Western Roads Held Wednesday, March 14, 1900.

"That the eastern roads will not accept any interchange

traffic based on Mississippi River divisions that are not in accordance with the agreed legislation of December 22nd, and that the notice issued by the C. R. I. & P. and other western roads in violation of the above cannot be respected as such notice is in violation of the Joint Rate Committee agreement, which agreement requires thirty days' notice, which notice shall be effective on the first of a month."

This action was unanimously re-affirmed.

Miscellaneous Rates.

That each road will decline to accept from connecting lines anything less than the authorized proportions of the authorized through rates, and will maintain the present authorized tariff rates on provisions, agricultural implements, machinery, cotton, lumber and all other commodities, regardless of the point of origin, route or destination of the property, on and after April 1, 1900.

Mr. R. M. Fraser, Chairman St. Louis East-bound Committee, St. Louis, Mo.

Dear Sir:—I am favored with your telegram of Saturday, and trust that from today the new condition of affairs as to rates will be prevalent from all gateways.

Yours very truly,

J. F. Tucker, Chairman."

"Proceedings of a meeting to consider dairy product rates, held Tuesday, April 3, 1900.

Attendance:

E. A. Dawson, C. W. Forrester, A. A. Jennings, David Brown, representing Star Union Line.

David Brown, representing Chicago & Grand Trunk and Grand Trunk Ry. System.

W. Macmillan, representing M. C. R. R. Co.

F. J. Reichmann, C. R. Cooper, representing New York Despatch.

E. W. Johnson, Geo. B. Horr, representing M. D. T. Company.

Jas. Webster, representing N. Y. C. & St. L. R. R.

J. M. Blanchard, representing Dairy Dealers' Despatch.

W. M. Hook, representing B. & O. R. R. Co.

J. L. Clark, representing L. S. & M. S. Ry. Co.

H. W. Forward, representing C. & E. R. R. Co.

After consideration of the general situation as to dairy product rates, the following resolution was offered:

"Resolved, that we individually state that we will not from today join western roads or belt lines in any reducton from authorized tariff rates, and will also maintain the authorized tariff rates from Chicago on dairy freight, this regardless of what other lines may do, and will advise all our representatives at once of this our intention; and the Chairman is instructed to obtain the concurrence of the Peoria and St. Louis initial east-bound roads in this section."

The above resolution failing to receive an unqualified affirmative vote, it was deemed advisable to ask for the individual statement of each, which was as follows:

Mr. Dawson: "I will not again go through the farce of voting on a resolution like that. The Union Line is not cutting rates nor making concessions of any kind on dairy freight, has not authorized any western road to do so, nor any belt line, and is not doing so through its own agents, and has no present intention of making concessions of any kind."

Mr. Webster: "Practically the same. We have no ar-

rangements on dairy freight and will not make any, either with western roads, belt lines or with shippers.

Mr. Blanchard: The Dairy Dealers' Despatch has no authority and cannot do anything unless authorized to do so, and stand the same as Mr. Webster on that proposition, both with regard to cars and rates.

Mr. Newman: Our position is the same as outlined by Mr. Dawson so far as Chicago is concerned; know nothing about St. Louis and Peoria.

Mr. Hook: The B. & O. has no arrangements with any western roads or with shippers or with the belt lines, and is in no way deviating from the tariffs, and our intentions in future are to maintain the tariff rates in every respect.

Mr. Brown: Take Mr. Dawson's statement beginning with "The Union Line," substituting the Grand Trunk Dairy Lines, and his sentiments are ours.

Mr. Macmillan: We have not and will not make any arrangements with either shippers, belt lines or western connections on dairy line traffic, at Chicago or elsewhere.

Mr. Johnson: I affirm Mr. Dawson's statement in every particular.

Mr. Clark: We will agree from this time forth that rates shall be absolutely firm on dairy traffic, with western roads, shippers and every other interest.

Mr. Forward: Our position is the same as Mr. Clark's.

J. F. Tucker, Chairman.

Chicago, April 3, 1900.

W. S. Weed, representing T. St. L. & K. C. Ry.

N. W. Taylor, representing Vandalia Line.

M. Knight, E. R. Newman, representing Wabash Railroad Company.

Action as to Errors and Irregularities.

The subject matter of errors and irregularities in rates, rules and regulations was considered, and the unanimous individual statement was:

"That the Chief Inspector be and is hereby instructed that when his inspectors discover that any line or lines members of this Association are waybilling any freight, either export or domestic, at unauthorized rates or proportions of rates, including switching charges, via Mackinaw, across lake routes, Chicago, Peoria, St. Louis or intermediate junctions, that such information in full detail shall be by him promptly sent in writing to the respective Chairmen

of the Milwaukee, Chicago, Peoria or St. Louis Committees, as the case may be; upon receipt thereof said Chairman shall immediately call a meeting of his committee and submit the matter in full to the members of such committee for their information and action.

The Chief Inspector shall report the conditions at Beardstown, Ashland and Chapin to the St. Louis Committee, and at Bloomington to the Peoria Committee. At other points where there are no committees he shall report to the Chairman of the Central Freight Association. The above to be effective at once."

Grain and Grain Products.

This subject matter was discussed at length and received full consideration.

Concurrence of Trunk Lines as to East-bound Rates.

It was considered important to have the earnest co-operation of the Trunk Lines in the maintenance of tariff rates east-bound, and the following was unanimously adopted:

"That the Chairman be requested to advise the Commissioner of the Trunk Line Association that the Central Freight Association roads, being under instructions to absolutely maintain all authorized tariff rates on eastbound freight to the western termini of the Trunk Lines and points east thereof, ask the co-operation of the Trunk Lines, requesting that instructions be given to their representatives in the East and West to see that nothing is done to jeopardize this understanding."

Dairy and Other Traffic.

Consideration of this subject was entered into at length, and the following unanimously stated to be the views of all present:

"That any arrangements at variance from authorized tariffs by car mileage, commissions or in any other way, which

may exist via any gateway on dairy freight, shall be at once cancelled, and that full authorized tariff rates shall hereafter be maintained without deviation of any character whatever, and without promise of protection at anything less than such authorized tariff rates."

The situation in general was then discussed, and it was understood that uniform advices to all agents, employes as well as connections should be sent by the individual roads.

J. F. Tucker, Chairman.

Chicago, April 19, 1900.
File No. 6550."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Charman, 8th Floor Monadnock Block.

Chicago, April 19, 1900.
Please refer to file 6547.

Messrs J. F. Woffindin, Chairman Chicago Committee, Chicago, Ill.; H. M. Griggs, Chairman Peoria Committee, Peoria, Ill.; R. M. Fraser, Chairman St. Louis Committee, St. Louis, Mo.

Gentlemen:—I enclose herewith copy of proceedings of yesterday's meeting, calling your particular attention to the action as to errors and irregularities. It was understood that any reports made by the Chief Inspector would necessitate at once a call for meeting of your committee to have the matter fully considered and action taken looking towards correction. The Chief Inspector is particularly requested to keep you fully advised of all such matters as require the notice of your committee.

Yours very truly,

J. F. Tucker, Chairman.

Enclosure."

Above exhibit is marked "Complainant's Exhibit Fraser No. 737."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee as to rate on sheep manure, East St. Louis to New York, as follows:

June 5, 1900.
4050.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.:

Dear Sir:—At meeting of the Committee to-day, the following resolution was adopted:

"Resolved, That, interested roads, members of this Committee, individually recommend to the Central Freight Ass'n. that effective on Legal Notice, they authorize Commodity Rate on Sheep Manure, C. L., minimum weight 40,000 lbs., on basis of 23 cents per 100 lbs., East St. Louis to New York, usual differences to other eastern points."

Will you please take action on the proposition, advising result as early as practicable?

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, June 6, 1900.

Subject:—Proposed basis for rates on Sheep Manure, C. L., East St. Louis, Ill., to eastern cities.

Advice Letter—No. F. 238.

To the General Freight Agents:

Gentlemen:—The following is received from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee.

"At a meeting of the Committee June 5th, the following resolution was adopted:

'Resolved, That, interested roads, members of this Com-

mittee individually recommend to the Central Freight Association that, effective on legal notice, they authorize commodity rates on sheep manure, C. L., minimum weight 40,000 lbs., on basis of 23 cents per 100 lbs., East St. Louis to New York, usual differences to other eastern points.'

Will you please take action on the proposition, advising result as early as practicable?"

The present rates on fertilizer are on basis of Official Classification, viz.: 6th class, which makes rate East St. Louis to New York 29 cents per 100 lbs.

Please note on the enclosed blank your views as to the foregoing proposition, and oblige,

Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, June 13, 1900.

Subject:—Disposition of various applications for rates.

Advice Letter—No. F. 236.

To the General Freight Agents:

Gentlemen:—Referring to the following Advice Letters:

No. F.-236, dated June 6, 1900, application for rate of $18.00 per car on spent tanbark, from Fair Oaks, Ohio, to Dayton, Ohio.

No. F.-238, dated June 6, 1900, application for rate on sheep manure, in carloads, on basis of 23 cents per 100 lbs., East St. Louis to New York.

After further investigation, roads interested individually advise that it has been decided not to make effective rates named in the Advice Letters above referred to.

Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 13, 1900.

F.-238.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.:

Dear Sir: Referring to your favor of the 1st instant, file 4050, applying for rates on sheep manure from East St. Louis to eastern cities on basis of 23 cents per 100 lbs., East St. Louis to New York.

The proposition was submitted for views of Central Freight Association lines, with the result that there is a large negative vote against same. This is largely based on the fact that the rates on fertilizer from and to all points in Central Freight Association territory, as well as from Central Freight Association points to eastern cities, are on basis of Official Classification. Furthermore the Trunk Line Associations have recently perfected an agreement with the New England lines whereby fertilizer rates from and to that territory will be advanced. It is therefore thought that the approval of this application will only tend to disturb the condition of affairs. The same is therefore declined.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 738."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning statistics on flour and grain shipments from St. Louis, showing relations of the traffic associations with the railroads, as follows (4051):

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 4, 1900.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—I notice by the enclosed report of the Merchants' Exchange of St. Louis that during the month of May were shipped out of St. Louis as follows:

	Flour Lbs.	Wheat bu.	Corn bu.	Oats bu.	Rye bu.	Barley bu.
B. & O. S. W.	4,116	.....	31,640	2,250	.....	.....
C. C. C. & St. L.	10,725	38,560	494,790	25,960	1,000	.....
Vandalia	3,423	26,350	.....	.....	.....	.....
Wabash	4,833	26,410	6,130	.....	.....	.....
T. St. L. & K. C.	3,677	4,530	.....	.....	.....	.....
C. P. & St. L.	1,761	72,590	.....	.....	.....	.....

Does this compare with your statistical statement?

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Enclosure.

June 6, 1900.

4051

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Yours 4th received with copy of St. Louis Merchants' Exchange report of May shipments, which I return.

This Committee's statement of Commodities for May was mailed you 4th, P. M., but I enclose another copy.

The figures on the two reports or statements do not agree and probably never will.

Our monthly report is made from the billing *dated the first and last day of each month, inclusive,* there being no lap-over and it includes traffic from East St. Louis proper and beyond, but *only* traffic destined to the Western Termini of the Trunk Lines and points east within a defined territory.

The Merchants' Exchange report *may* include tonnage that is *billed* either before or after the figures for their monthly reports are secured and no doubt, includes all shipments, regardless of destination.

Under these circumstances you can readily see that there is liable to be a very wide difference between the reports, as there is on some traffic for May.

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 8th, 1900.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—I am in receipt of your favor of the 6th, your file 4051.

I can appreciate just what you state in your letter that the statistics of the St. Louis Board of Trade and your statistics do not and necessarily cannot always include the same shipments. There will be lap-overs at the first and the last of the month; but I call your attention to the Big Four's shipments—the Board of Trade report shows 494,700 bushels of corn—your report shows only 170,000 bushels. It strikes me that this is considerable of a lap-over. I presume, however, you are watching this matter same as we do at Chicago.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Above exhibit it marked "Complainant's exhibit Fraser No. 739."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St.

Louis Eastbound Freight Committee, concerning rate on Fire Brick, East St. Louis to eastern points, and showing non-concurrence of the C. F. A., and final withdrawal of rates by St. Louis lines, and restoration of agreed rates, as follows (4102):

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Nov. 23, 1903.

11252.

Copy.

Mr. P. W. Coyle, A. G. F. A. Wabash R. R., St. Louis, Mo.:

Dear Sir:—This will acknowledge receipt of your favor of the 20th inst., file W-1205, regarding rate of 21 cents per 100 lbs., which you have published on Fire Brick, carloads from East St. Louis to Chester, Pa.

I am unable to understand the force of your argument, considering the fact that from all other points in Central Freight Association territory to all other Eastern cities a higher basis of rates is maintained on pressed brick than other classes of brick, and so far as this office has been informed the shippers within the territory have not complained. It certainly, therefore, seems incorrect for the Wabash R. R. to pick out an isolated case such as this one is and depart from the Association rules by establishing unauthorized rate; furthermore, if the evidence in your possession furnished what is thought sufficient proof that the present rates could not be maintained the proper recourse was by submission of an application to the East St. Louis Committee and then to this office to obtain the views of other C. F. A. Lines. I am really unable to understand why the Wabash has departed from the rules to which they subscribed, and can only foresee that if such practices continue the effect will be other competing interests will also

ignore the Association rules and take independent action. Finally if this rate continues to be charged it will no doubt become generally known and application will be filed for corresponding basis from other points shipping the same class of brick. We would, therefore, respectfully ask if you cannot arrange to withdraw the rate and if in the event you find it necessary to re-establish the same, file an application in the usual manner and have it approved. An early reply in the matter will oblige,

Yours respectfully,

(Signed) J. F. Tucker, Chairman.

Nov. 30, 1903.
11252.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your file 4102, relative to rate of 21 cents per 100 lbs., established on Pressed Brick from East St. Louis to Chester, Pa., and probably other Eastern points, by the Wabash R. R.:

I believe this matter should be taken up at next meeting of the St. Louis Committee, and for that reason thought it well to transmit to you copy of letter we addressed to Assistant General Freight Agent Coyle under date of the 23rd inst. From our point of view, there is no justification for the Wabash making reductions in this rate so long as Official Classification rating is charged on like traffic from other points in Central Freight Association territory. The Wabash Railroad should not have made the reduction until the matter had at least been authorized by the Association in the usual manner.

Yours respectfully,

(Signed) J. F. Tucker, Chairman.

(Inclosure.)

Dec. 7, 1903.
4102.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Yours 4th, file 11252, and previous letter. The subject of unauthorized rates on Blocks or Brick, Fire Brick and Flue Lining was considered at meeting and as stated in the proceedings was laid over until next meeting.

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Dec. 10, 1903.
11252.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Freight Committee, St. Louis, Mo.:

Dear Sir:—Referring to your favor of the 7th inst., file 4102, subject of unauthorized rates on Blocks or Brick, Fire Brick and Flue Lining as published by certain eastbound roads from East St. Louis:

It seems to me that the East St. Louis lines should make a prompt and determined effort to withdraw these unauthorized rates, because they are out of line with rates applying on like traffic from other points in this territory from which greater quantities of same class of traffic are moved.

Furthermore they are on a less basis than governs similar shipments from Trunk Line Territory to Central Freight Association points, and there is no doubt that if the eastbound roads from East St. Louis do not cancel the unauthorized rates at an early date it means that a corresponding basis will have to be authorized from all points C. F. A., and also that westbound rates from Trunk Line territory will have to be reduced, thereby surrendering revenue which seems to be unnecesary from a competitive or commercial standpoint.

Will you not, therefore, please have the matter acted upon at as early a rate as practicable, and I trust the conclusion reached will be an unanimous declaration on the part of your members that the rates will be cancelled on legal notice.

Yours respectfully,
(Signed) J. F. Tucker, Chairman.

Dec. 19, 1903.
4102.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.:

Dear Sir:—Yours 10th, file 11,252. Subject was on docket for meeting, but as you will see by proceedings it was laid over in consequence of interested members not being present.

It will be on docket again for next meeting.

Respectfully,
Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, January 5, 1904.
11252.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—Please see your letter of December 19th, file 4102, regarding rates on Fire Brick, etc., and kindly advise what action your committee has taken. It seems that the St. Louis lines should not hesitate to cancel these unauthorized rates and apply the authorized basis. If this is not done, the matter should be referred to the Central Committee of this Association for consideration and action.

Yours very truly,
(Signed) J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block

Chicago, January 8, 1904.
11252.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—Please see your file 4102, fire brick rates from East St. Louis, and kindly endeavor to have final action of the St. Louis Committee in our hands by Wednesday next.

The unauthorized rates from East St. Louis are now being used as an argument for reduction from Ohio points.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Jan. 9, 1904.
4102.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Referring to your letters Nov. 30th, Dec. 4th—10th, and Jan. 5th, file 11252, as you will see by proceedings No. 66-70, the subject of rates on Blocks or Brick, Tank or Furnace, Fire Brick and Flue Lining has been on the Docket since Nov. 20th, without having been disposed of and at meeting 8th, it was

Moved, That the subject be referred to the Central Committee.

As shown by your letter Nov. 30th, you have been in correspondence with the Wabash R. R. on the subject and have copy of their tariff and amendment, 15-18, and I do not see that I have anything more that will be necessary in the consideration of the subject.

In submitting the matter I was instructed to advise you: "That the sentiment which prevails in the St. Louis Committee is decidedly against the unwarranted action of a certain line in persisting in individual action without con-

ference with other interested lines in the matter of establshing reduced rates from East St. Louis to Eastern points, and in the matter of the Brick question, while the Committee as a whole do not wish to be put in the position of sanctioning or supporting the unauthorized tariff on this certain line, they do feel that a Commercial necessity exists for the establishment of lower rates on the Commodities in question, viz.: Fire Brick, Flue Lining, Tank or Furnace Blocks or Brick and a disposition of this subject accordingly will meet with the support of the St. Louis Eastbound Freight Committee."

Please give this early consideration, advising result.

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jan'y 25, 1904.

11252.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Freight Committee, St. Louis, Mo.:

Dear Sir:—Referring to your favor of Jan'y 9th, file 4102, subject of unauthorized rates on Fire Brick, etc., from East St. Louis to Eastern cities:

For the information of your Committee, would state, that at meeting Central Freight Association on Jan. 13 and 14, the proposition for reduction in present rates on Fire Brick from C. F. A. territory to Eastern cities was considered, and it was decided that this is not an opportune time to reduce the present basis on this traffic, but in view of the unauthorized rates from East St. Louis the entire matter was referred to the Central Committee for consideration.

In connection with said action, the Brick Committee ask that the unauthorized rates current from East St. Louis

be withdrawn, adding that if this is not done it is sure to force corresponding basis through Ohio and Pennsylvania.

The subject was reviewed by the Central Committee at meeting on the 15th inst., but action was deferred with the understanding that General Freight Agent Knight of the Wabash R. R. would upon his return home investigate the matter for the purpose of deciding whether or not the unauthorized rates from East St. Louis cannot be cancelled and rates restored on basis of 25 cents, Chicago to New York.

Yours truly,

(Signed) J. F. Tucker, Chairman.

Jan. 30, 1904.

4102.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir: Yours 29th, file 11252, did not reach me until three (3) o'clock and I thought best to answer by mail.

As shown in the proceedings (No. 73), your letter was read, stating that the "entire matter was referred to the Central Committee for consideration," and not having any communication from the Wabash R. R., the subject was tabled.

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Feb. 1, 1904.

11252.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—This will acknowledge the receipt of your favor of the 30th ult., file 4102, relative to cancelling issue of unauthorized rates on fire brick, etc., from East St. Louis to eastern cities.

Based upon the last action of the St. Louis Committee we somehow or other came to the conclusion that the Wabash Railroad indicated it was willing to cancel the unauthorized rates which that company published on Fire Brick, etc., from East St. Louis to eastern cities, provided other roads from East St. Louis would do likewise. It is a fact that the St. Louis Committee referred the matter to the Central Committee, but as the Central Committee suggested to Mr. Knight that he investigate whether or not the unauthorized rate could be withdrawn, it is fair to conclude that the Central Committee does not concur in the suggestion of the St. Louis Eastbound Freight Committee as to necessity for a reduction in the authorized rates on fire brick, etc.

Further, concerning the reduction in present rates on fire brick, etc., from any Central Freight Asociation point to eastern cities, the decision of the Brick Committee as reached at meeting November 13th and 14th, is set forth in my letter to you of the 25th ult., and it seems in view thereof the Central Committee can hardly consent to approve any reduction at this time.

As the shippers in eastern Ohio and western Pennsylvania are very anxious to be placed in line with the unauthorized rates from East St. Louis you cannot consistently call upon the Wabash and ascertain what decision they have reached upon the subject, because no doubt the matter will have to be considered by the St. Louis Committee and an understanding reached to cancel the unauthorized rates before they are taken out.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Feb. 6, 1904.

4102.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Yours 1st, file 11252, was read at meeting

5th, and as shown in Proceeding No. 74 I was instructed to advise you that the representative of the Wabash R. R. stated: "I will say for the Wabash, that this subject was sent to the Central Committee. I might further add that it was sent without concurrence, and we are now dealing with the Central Committee."

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, Feb. 8, 1904.

11252

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—This will acknowledge receipt of your favor of the 6th inst., file 4102, regarding withdrawal of unauthorized rates on fire brick from East St. Louis to eastern cities.

It seems to me that notwithstanding a reply made to you by the Wabash Railroad it would have been well to ascertain just how the other roads members of your Committee viewed the cancellation of the unauthorized rates on fire brick, etc., from East St. Louis to eastern cities provided the Wabash finally consented to withdraw them. Cannot you take the matter up with your members upon these lines and transmit the result to me?

It is a fact hat the subject is in the hands of the Central Committee and the Wabash, at the last meeting, was delegated to investigate and advise if the unauthorized rates could be cancelled, but, admitting this, even if the Wabash, at the next meeting of the Central Committee, consents to abrogate the unauthorized rates, it will, of course, be necessary to have all the other lines from East St. Louis agree to do likewise before the cancellation can be made effective.

In order that we may have the views of all your members for presentation at the next meeting of the Central Committee, when the Wabash will give its decision, the suggestion as above is made.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

February 13, 1904.

4102.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Yours 8th, file 11252, was read at meeting 12th, and it was

Moved, That Chairman, C. F. A., be advised that the St. Louis Eastbound Freight Committee, as a whole, do not care to consider this subject further until it has definite advice from the Central Committee as to its disposition.

The attention of the Chairman, C. F. A., to be called to letter Jan. 9th, file 4102, which shows sentiment of this committee.

The letter Jan. 9th, 1904, referred to above is given below:

"Jan. 9,1904.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Referring to your letters Nov. 30th, Dec. 4th, 10th, and Jan. 5th, file 11252, as you will see by proceedings No. 66-70, the subject of rates on Blocks or Brick, Fire Brick and Flue Lining has been on the docket since Nov. 20th, without having been disposed of and at meeting 8th it was:

Moved, That the subject be referred to the Central Committee.

As shown by your letter Nov. 30th, you have been in correspondence with the Wabash R. R. on the subject and have copy of their tariff and amendment, 15-18, and I do not see that I have anything more that will be necessary in the consideration of the subject.

In submitting the matter, I was instructed to advise you "That the sentiment which prevails in the St. Louis Committee is decidedly against the unwarranted action of a certain line in persisting in individual action without conference with other interested lines in the matter of establishlishing reduced rates from East St. Louis to eastern points, and in the matter of the brick question, while the Committee as a whole do not wish to put in the proposition of sanctioning or supporting the unauthorized tariff of this certain line, they do feel that a commercial necessity exists for the establishment of lower rates on the Commodities in question, viz., Fire Brick, Flue Lining, Tank or Furnace Blocks or Brick, and a disposition of this subject accordingly, will meet with the support of the St. Louis Eastbound Freight Committee."

Please give this early consideration, advising result."

Chicago, Feb'y 24, 1904.

11252.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Freight Committee, St. Louis, Mo.:

Dear Sir:—With reference to your favor of the 13th inst., file 4102, regarding withdrawal of unauthorized rates on Fire Brick from East St. Louis to Eastern cities, would state, that this subject was reviewed by the Central Committee at meeting Friday, Feb'y 19th, and the Wabash R. R. notified the meeting that they will advise very shortly when rates can be cancelled so far as concerns that company. The Central Committee also very fully considered the sentiment of the St. Louis Freight Committee, as expressed in your letter of the 13th inst., and concluded

that it will be best to cancel the unauthorized rates at as early a date as practicable; therefore, as soon as we learn from General Freight Agent Knight of the Wabash R. R. when his company can withdraw the unauthorized rates we will transmit the information to you for the purpose of arranging with all other eastbound roads from East St. Louis to simultaneously cancel the unauthorized rates provided they have them in effect.

Yours respectfully,

(Signed) J. F. Tucker, Chairman.

July 2, 1904.
4102.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Referring to your letter and telegram, June 29th and 30th, regarding Fire Brick, etc. The correspondence with you was read at meeting 1st, and while there was some dissatisfaction expressed about the C. & A. not having issued notice restoring rates July 1st, I have no reason to doubt that rates by all St. Louis roads, except C. & A. will be restored effective July 1st, as indicated by their tariffs.

The record in proceedings is as follows:

Restoration of Rates on Fire Brick, Etc.

Chairman called attention to action of meeting May 20th and June 3rd, proceedings Nos. 88 and 90, stating that all lines having the unauthorized rates in effect had issued the necessary notices restoring the rates to the authorized basis, and it was:

Moved, That the subject be tabled.

I have not as yet been advised cause of C. & A. delay and the Committee have instructed me to try and ascertain. Can you give me the information?

Respectfully,

Chairman.

P. S.—The copies of cancellation notice mentioned in your wire 30th have not reached me yet, 2:00 P. M. July 2nd.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, July 5, 1904.
11252.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freght Committee, St. Louis, Mo.:

Dear Sir:—This will acknowledge receipt of your favor of the 2nd inst., file 4102, relative to cancellation of unauthorized rates on fire brick from East St. Louis to eastern cities.

The Chicago & Alton people inform us that their rates were not cancelled because they had no notice from any source that it was definitely decided by other eastbound roads from East St. Louis that they would cancel, effective July 1st, the unauthorized rates in question. The Chicago & Alton has, however, no disposition to continue the rates in effect and is willing to co-operate with the other East St. Louis roads in restoring the authorized rates. Consequently they will be withdrawn on the 9th inst., which is the earliest date on which legal notice of cancellation can be given. We enclose herewith a copy of their cancellation notice.

(Signed) J. F. Tucker, Chairman.

Enclosure.

Above exhibit is marked "Complainant's Exhibit Fraser No. 740."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St.

Louis Eastbound Freight Committee, respecting payment of drayage, same to apply at St. Louis, as follows:

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, July 6, 1901.
8207.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—I am informed that on freight originating at St. Louis delivered by the Wiggins Ferry Company, or Terminal, there is no charge assessed for any drayage service; but when the St. Louis Transfer Company, the St. Louis Drayage Company, the Columbia Transfer Company and others haul freight from the consignors at St. Louis to East St. Louis, to deliver to an eastern line, a regular transfer charge is made, which transfer charge is practically a drayage charge, and this charge is billed out as back charges and paid to the party delivering the freight by the railroad company. This seems to me to be in violation of Information Circular No. 2435, issued September 15, 1900, copy of which for your ready convenience is herewith enclosed.

Will you kindly advise me in relation to this matter?

Yours very truly,
(Signed) J. F. Tucker, Chairman.

October 3-04.
File 4105.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 6th, file 6698, was read at meeting 30th ulto., and I was instructed to advise you that the conditions regarding the transfer of freight from St. Louis to East St. Louis are practically the same now as they have been for years past, and the cost, either by Ferry-Railroad or Wagon Transfer, is paid by the East St. Louis Roads, as

transportation charges and follow the freight as *advances.*

We do not know what occasioned the passage of Info. No. 4751, but it occurs to us that the action did not contemplate a change in the established practice by all roads at East St. Louis on traffic from St. Louis. Possibly an examination of the correspondence on the subject will show you that St. Louis Traffic should have been exempt from the rule; if, however, no exception was made, it must have been overlooked, as it would not be possible to make the rule operative from this point.

Trusting this will dispose of the subject, I am

Yours respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, July 15, 1901.

8207.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your letter of the 8th, file 4105: I am inclined to agree with you in relation to this St. Louis wagon transfer or drayage charge. The correspondence on the subject does not give me any information, and I will have to docket it for consideration at the September meeting, the situation at St. Louis virtually standing by itself, no similar situation being known to me.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

INFORMATION No. 2435.

(Abrogating Information No. 2329.)

CENTRAL FREIGHT ASSOCIATION.

Chicago, September 15, 1900

Non-Advancement of Drayage. Charges on Shipments.

For Your Information:—Roads interested individually

advise that, effective at once, it will not be permissable to advance drayage or cartage charges on shipments delivered to them for transportation.

The foregoing does not refer to goods returned to original shipper on which drayage may be paid at option of carrier.

Yours truly,

J. F. Tucker.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, May 20, 1903.

Subject: Non-advancement of drayage charges on shipments.

Advice Letter No. I-388.

To the General Freight Agents.

Gentlemen: Referring to information 2435, dated September 15, 1900 (copy attached) relative to non-advancement of drayage charges on shipments:

At meeting of the Central Freight Association on the 14th instant, it was decided that the rule in said Information Circular should be re-affirmed.

Kindly, therefore, instruct your agents to abide by the terms of said issue, and thus oblige,

Yours very truly,

J. F. Tucker, Chairman.

Enclosure.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Aug. 13, 1904.

10825.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I enclose you herewith copies of billing from

East. St. Louis covering shipments upon which drayage charges have been advanced in contravention of Central Freight Association Informaton No. 4751.

Will you kindly have this matter presented to your Committee and advise me with return of the enclosed their action. Of course, whatever is done at East St. Louis others will wish to be put upon a parity.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Enclosure.

August 17, 1904.
4105.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 13th, file 10825, received with copies of billing from East St. Louis, covering shipments upon which drayage charges have been advanced.

This subject of transfer charges between St. Louis and East St. Louis comes up quite regularly. As the same conditions prevail today as heretofore, I will be pleased to have you read your letters July 6th and 15th, file 8207 and my letter July 8th, 1901.

By reference to C. F. A. Proceedings Oct. 1st, 1901, subjects 3676 and 7 you will see that they were tabled. On receipt of C. F. A. Advice Letter I-388, May 20th, 1903, the subject was submitted at meeting of this Committee, May 22nd, 1903, Proceedings No. 48, and it was:

Moved, that the papers be placed on file.

The subject came up again in connection with C. F. A Info. 4751 and at meeting of the committee, Dec. 4th, 1903, Proceedings No. 67, it was:

Moved, that the subject be tabled.

If in view of the above explanation you are of the opinion this Committee should consider the subject again, I will, of course, docket for meeting on receipt of your request to that effect.

As stated in your letter July 15th, 1901, file 8207, "the situation at St. Louis virtually stands by itself."

Awaiting your reply, I am,

Yours respectfully,

Chairman.

P. S.:—East St. Louis billing returned herewith.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 19, 1904.

10825.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—This will acknowledge receipt of your favor of the 17th instant, File 4105, regarding advancing drayage charges by the roads members of your Committee.

We have noted the action taken by your Committee at past meetings, but nevertheless conclude that they should either carry out Central Freight Association rules or recommend a substitute. It is useless to have these rules in our records unless they are adhered to by all, and exceptions cannot be made at East St. Louis without granting corresponding privilege at other points. If the rule is not a wise one and practical, it should be eliminated from the records. I do not recall that the rule is being ignored at other points, but they claim that if the lines members of your Committee ignore Assocation rules, they must do likewise.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Advancing Drayage Charges.

Sept. 3, 1904.

4105.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours Aug. 13th and 19th, File 10825 on

above subject considered at meeting yesterday and I was instructed to advise you that in as much as rates are not published from St. Louis, but East St. Louis, it is necessary to advance charges for transfer services, whether by rail, river or wagon transfer companies, on shipments originating in St. Louis, and subject is therefore laid on the table.

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Sept. 6, 1904.
6698.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—This will acknowledge receipt of your favor of the 3rd inst., your file 4105, relative to advancing drayage charges on shipments forwarded from St. Louis.

Will you please inform me if the transfer service performed by rail, river or wagon transfers is from the store door of shipper in St. Louis, or when business is forwarded via rail and river, does the shipper have to pay for additional drayage service from store door to depot or freight house of the transfer companies? If so, is this additional drayage also advanced, or is the advance drayage which is paid by the railroads limited strictly to the service performed exclusively by the rail and river companies. I should think that the wagon transfer would cover the charge from the store door of the shipper to the cars of the railroads at St. Louis, or does the wagon haul the shipments from the store door of the shipper to East St. Louis. If the charges that are advanced by your members include service from store door of shipper, it really seems there are some objectionable features about it which

should be remedied. In order that we may proceed understandingly I will be pleased if you will kindly advise in detail just what the services of these transfer companies cover.

Yours very truly,
(Signed) J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.
Office of the Chairman, 8th Floor Monadnock Block.
Chicago, September 27, 1904.
6698.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to my letter of the 6th instant, your file 4105, relative to advancing drayage charges on shipments forwarded from St. Louis:

Cannot you please favor me with reply thereto, and thus oblige,

Yours very truly,
(Signed) J. F. Tucker, Chairman.

Oct. 3, 1904.
4105.

Mr. J. F. Tucker, Chairman C. F .A., Chicago, Ill.

Dear Sir:—Yours Sept. 6th and 27th, file 6698, were read at meeting 30th ult. and I was instructed to advise you that the conditions regarding the transfer of freight from St. Louis to East St. Louis are practically the same now as they have been for years past, and the cost, either by ferry, railroad or wagon transfer, is paid by the East St. Louis roads, as *transportation charges* and follow the freight as *advances*.

We do not know what occasioned the passage of Info. 4751, but it occurs to us that the action did not contemplate a change in the established practice by all roads at East St. Louis on traffic from St. Louis.

Possibly an examination of the correspondence on the subject will show you that St. Louis Traffic should have been exempt from the rule, if however, no exception was made, it must have been overlooked as it would not be possible to make the rule operative from this point.

Trusting this will dispose of the subject, I am,

Yours respectfully,

Chairman.

Above Exhibit is marked "Complainant's Exhibit Fraser No. 741."

Complainant offers in evidence correspondence between the officials of the Central Freight Assocation and the St. Louis East-bound Committee, concerning agreement to maintain rates to eastern points via St. Louis, East St. Louis, Peoria and other gateways; also proceedings of conference of executves of East-bound Initial Roads, from St. Louis, Chicago, etc., held at office of Trunk Line Association, 143 Liberty Street, New York, July 11th, 1901; also proceedings of meeting of the Chief Freight Traffic Officials of the initial roads from the Mississippi and Ohio River crossings, held at Chicago, October 1st, 1901; as follows (4106):

"Proceedings of conference of the executives of East-bound initial roads from St. Louis, Peoria, Chicago, Across-Lake and Mackinac and intermediate junctions, held at the office of the Trunk Line Association, 143 Liberty Street, New York, Thursday, July 11, 1901.

J. Ramsey, Jr., president, Wabash Railroad.

M. Knight, F. T. M., Wabash Railroad.

The following report of the committee, as adopted at the Niagara Falls meeting of the chief freight traffic officials, was presented:

"At a meeting of the chief freight traffic officials held at Niagara Falls, Tuesday, July 9th, it was found that the resolutions of the Executives, passed May 9th, had failed to accomplish the desired results, and the situation had become so serious, it was the sense of the meeting that the whole question should be referred to the Executives at their meeting called at New York for July 11th, in hopes that they might devise some means of bringing about an absolute maintenance of the present authorized rates."

After a consideration of the east-bound rate situation, the following was unanimously adopted:

Resolved, that the resolution of May 9th, 1901, which was as follows:

"That the rates on both domestic and export east-bound traffic from and through Mackinac east bank Lake Michigan ports, Milwaukee, Chicago, Peoria and East St. Louis and gateways intermediate be maintained. The rate question is referred to a committee of chief freight traffic officials of all initial interested lines, under the following specific and absolute instructions from their respective executive officers.

1st. That the full agreed authorized class or commodity

rates must be absolutely maintained without reservation or evasion whatsoever.

2nd. Should any party hereto find it necessary or desirable to make any reduction to meet a real or imaginary concession of a competing line, such reduction shall not be by individual action, but such complaining or injured road or roads shall through its delegated traffic official request a meeting of the committee of chief freight traffic officials and shall there and then present the case in detail and obtain if possible a correction of the difficulty alleged to exist. Failing of such correction, individual action shall not be taken without in each and every case serving prior notice through the Chairman of the Central Freight Association upon all interested roads, of its intention to make such rates, naming the rates proposed, and the date on which they will become effective.

3rd. That the most positive and drastic measures be adopted and instructions given that so-called "protective" arrangements shall be positively discontinued and immediate notice served upon shippers to that effect and that the railroads parties hereto will protect no rates not previously agreed to and formally announced as above provided,"

Be re-affirmed with the following addition:

That all parties hereto having contracts of any kind at variance with authorized rates shall within five days advise Chairman Tucker of the same, naming commodity, the net rate and limitation of the same; that the Chairman immediately thereafter convene the chief freight traffic officials of the across-lake, Chicago, Peoria and East St. Louis initial east-bound roads and announce to them personally the rates that can be maintained on such commodities and that each road hereby pledges itself not to make any new contracts during the interim.

This action to become effective at once, July 11, 1901.

Be it resolved, that traffic officers are hereby instructed

to convene the respective local committees at Chicago, Peoria and St Louis, tomorrow, Friday the 12th, and such local committees when convened shall send for proper representatives of each packing-house interest and say to them individually and collectively that the authorized rates of June 1, 1901, on all packing-house products will be absolutely maintained from and after July 22nd, 1901, this regardless of whether it originates east or west of the Mississippi River, and that no subsequent settlement whatever will be made on a protective or other basis less than authorized rates.

Resolved, further, that the same committees, both individually and collectively, give a similar notice to each western road with the additional statement that agreed authorized divisions wherein the locals will be the maximum will be demanded on all trans-Mississippi River traffic.

Resolved, further, that the respective committees in the same manner as above expressed shall likewise give notice to all shippers, agents, representatives and connections that the full authorized rates only will be accepted on all kinds of traffic regardless of origin or destination.

The subject of the St. Louis east-bound statistics was discussed, and the following unanimously adopted:

Resolved, that the Chairman of the St. Louis Committee is hereby authorized to write the chief freight traffic officials of the roads that have here agreed to furnish statistics of all through traffic via the Toledo, St. Louis & Western Railroad Company, from and through St. Louis and East St. Louis East-bound to the western termini and points east thereof (viz., Ann Arbor, B. & O., Erie, L. E. & W., L. S. & M. S., Michigan Central, N. Y., C. & St. L., Pennsylvania Lines and Pere Marquette), calling their attention to this action and requesting that such statistics be sent him.

Discussion was had as to the ways and means of insur-

ing the maintenance of through rates, and the following resolution was unanimously adopted:

Resolved, that a committee to consider the question of the best ways and means to insure the maintenance of and equalization of rates be appointed by the Chairman, it being the intention that this committee shall consider all questions that in any way contribute to the object sought to be accomplished; they to report their conclusions at a meeting of the Executives, which meeting shall be called at some date early in the Fall.

Adjourned.

J. F. Tucker, Chairman."

"THE WESTERN UNION TELEGRAPH COMPANY.

W 1628 NY DN NH 292 D. H.

New York, July 11, 1901.

R. M. Fraser, St. Louis, Mo.

By order of the Executives please convene your committee tomorrow, Friday, and announce that authorized rates will be maintained from this date, coupled with the following to govern packing-house products only, which means that the authorized rate of June 1st on provisions and packing-house products will become effective on and after July 22nd. It being understood that July 22nd is fixed so that all such traffic must be loaded and in transit before midnight of July 21st. On all other traffic authorized rates of June are effective at once.

Be it

Resolved, that traffic officers are hereby instructed to convene the respective local committees at Chicago, Peoria and St. Louis tomorrow, Friday the 12th, and such local committees when convened shall send for proper representatives of each packing-house interest, and say to them, individually and collectively, that the authorized rates of June 1st, 1901, on all packing-house products will be abso-

lutely maintained from and after July 22nd, 1901; this regardless of whether it originates east or west of the Mississippi River, and that no subsequent settlement whatever will be made on a protective or other basis less than authorized tariff rates.

Resolved, further, that the same committees, both individually and collectively, give a similar notice to each western road, with the additonal statement that the agreed authorized divisions, wherein the local will be the maximum, will be demanded on all trans-Mississippi river traffic.

Resolved, further, that the respective committees, in the same manner as above expressed, shall likewise give notice to all shippers, agents, representatives and connections that the full authorized rates only will be accepted on all kinds of traffic, regardless of origin or destination.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—On receipt of your telegram from N. Y., I

issue circular letter calling meeting 12th, 11:00 a. m., all roads represented except C. P. & St. L., Southern and T., St. Louis & W.

I attach for your information copy of circulars issued after meeting as follows:

To Traffic Officers of western and southern roads, 12th.

To Agents' Fast Freight Lines and Eastern roads.

The Freight Committee, 13th.

There is to be another meeting of the Committee Monday 15th, 11 a. m. at which the Traffic Officers of Packing-houses are requested to be present.

Respectfully,

R. M. Fraser, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, July 15, 1901.

Please refer to file 8320.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I am in receipt of yours of the 13th, your file 4106, in relation to the subject matter of east-bound rates.

The Southern and the T. St. L. & W. were represented at the New York meeting by their executives, and therefore they fully understand the condition. The C. P. & St. L. should also be fully advised, they not having a representative at the New York meeting though General Freight Agent Bushnell was at the Niagara Falls meeting and agreed to acquiesce in any matter looking toward maintenance of rates, rules and regulations.

The matter of the St. Louis east-bound statistics was considered at the New York meeting, and the following unanimousy adopted:

"That the Chairman of the St Louis Committee is hereby authorized to write to the chief freight traffic officials

of the roads that have here agreed to furnish statistics of all through traffic via the T. St. L. & W. R. R. from and through St. Louis and East St. Louis, east-bound to the western termini of the Trunk Lines and points east thereof, viz., Ann Arbor, B. & O., Erie, L. E. & W., L. S. & M. S., Mich. Cent., N. Y. C. & St. L., Pennsylvania Lines and Pere Marquette, calling their attention to this action and requesting that such statistics be sent him."

In accordance therewith it would be well for you to get up a letter to the chief freight traffic officials of the above named roads, telling them exactly what you wish in order to make your statistics complete, and if you have any blanks furnish them with some, the executives of the St. Louis east-bound roads at the New York meeting being unanimously of the opinion that these east-bound statistics were very important and that they should be kept up, and this action was taken on account of the unwillingness of the Clover Leaf to furnish such statistics.

Yours very truly,

J. F. Tucker, Chairman."

"Proceedings of meeting of the Chief Freight Traffic Officials of initial roads from the Mississippi and Ohio River crossings, held at Chicago, Tuesday, October 1, 1901.

Absentees:
Representatives of the Chicago & Alton R. R. Co.
Representatives of the Mobile & Ohio R. R. Co.
Representatives of the Louisville & Nashville R. R. Co.

The Chairman was instructed to obtain the concurrence of these roads.

The subject of rates from and through Mississippi and Ohio River crossings to the western termini of the Trunk Lines and points east thereof, as also rates from and through the same gateways to points within the jurisdiction of the Central Freight Association, was discussed and the following action was unanimously adopted by each representative present.

As to Traffic to the Western Termini and Points East Thereof.

Resolved. That from this moment (12:00 M., October 1,

1901) we each individually for the road we represent state:

That we will absolutely maintain the authorized tariff or agreed rates, or the authorized proportions of authorized through rates, with shippers, southern, western and other connecting roads, on all freight traffic eastbound from and through Mississippi and Ohio River crossings to the western termini of the Trunk Lines and all points east thereof, and will give positive instructions in accordance therewith.

No free or reduced transportation for the purpose of influencing traffic will be given. Any such issue shall be considered as an unauthorized reduction of rates.

Each party hereby individually pledges himself that the road he represents will not vary from the above unless such variation as may be suggested be first submitted and acted upon at a regularly called meeting of all initial roads.

As to Central Freight Association Traffic.

Resolved, That from this moment (12:30 P. M., October 1, 1901) we each individually for the road we represent state:

That we will absolutely maintain authorized tariff or agreed rates or the authorized proportions of authorized through rates, with shippers, southern, western and other connecting roads, from and through Mississippi and Ohio River crossings to all Central Freight Association points and will give positive instructions in accordance therewith; no new engagements to be entered into, and all engagements that can be terminated on or before October 6, 1901, shall be so terminated.

No free or reduced transportation will be issued for the purpose of influencing traffic. Any such issue shall be considered as an unauthorized reduction of rates.

Each party individually pledges himself that the road he represents will not vary from the above unless such changes

as may be suggested be first submitted to a regularly called meeting of all interested roads.

J. F. Tucker,
Chairman."

TA Chicago, Ills., 7-26th, 1901.

R. M. Fraser:

Your two messages both the Norfolk and Western and Clover Leaf executives were at New York, unless you have reasonable information it is fair to assume they have notified their agents to carry out their agreement, will telegraph Irwin and the Clover Leaf.

J. F. Tucker 410 P."

"Central Freight Association.

Office of the Chairman.
8th Floor Monadnock Block.

Chicago, July 27, 1901.
Please refer to file A

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Referring to your telegram of the 26th in which you state:

"They (the L. H. & St. L.) decline to bind themselves while Clover Leaf remains out, but claim to be maintaining

rates. Please take subject up with Irwin, also N. & W. people, who are parties to the New York agreement."

What do you mean by the Clover Leaf remaining out—they were parties to the New York executives' meeting and individually stated they would maintain the action taken—so also was the Norfolk & Western.

In these matters what would appeal to your judgment would appeal to mine, and kindly give more detail in sending these messages or rumors in regard to rates.

Yours very truly,
J. F. Tucker,
Chairman."

July 30, 1901.
4106

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Yours 27th, file A.

The telegram was sent as instructed and undoubtedly contained all that the Com. deemed necessary to say.

In answer to your enquiry as to what is meant by "Clover-Leaf remaining out." You are well aware that the T. St. L. & W. are not members of the St. Louis Eastbound Committee, do not attend meetings or report their tonnage.

In short they are working entirely outside of this Committee and that is the reason given by the L. H. & St. L. for declining to bind themselves to adhere to the agreement although they claim to be maintaining the authorized rates, etc.

It was therefore deemed best to report matter to you, having been chairman of the New York Meeting you would possibly be able to straighten matter out.

These are my *personal views* on the subject and I wish you to so consider them.

Your letter was read at meeting to-day but no action taken.

Respectfully,
Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 2, 1901.

Please refer to file 8349.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: Referring to your letter of the 30th ultimo, your File 4106: I thought the telegram meant, when it stated "Clover Leaf remains out," that they were out so far as the maintenance of rates is concerned—I did not connect it with their not being a member of the St. Louis Eastbound Freight Committee or reporting their tonnage. The executives, however, at their meeting July 11th at New York, arranged for obtaining their tonnage—are you getting it?

I will see what can be done to induce the T. St. L. & W. to again become a member of the St. Louis Eastbound Freight Committee.

Yours very truly,
J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 6, 1901.

Please refer to file A.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: Under date of the 5th, his File 1-1522, General Freight Agent Irwin of the L. H. & St. L. Ry. Co., writes:

"We are agreeable to maintaining rates from St. Louis as shown in proceedings of the executives meeting in New York, July 9th."

The proceedings of the executives' meeting simply state that rates should be absolutely maintained.

Under date of the 5th, his File 308-A, General Traffic Manager Whitney of the T. St. L. & W. writes:

"We advised the Chairman of the St. Louis Committee that it was not our intention to go it alone, as it were, but to participate in joint efforts to maintain rates, and that is our position to-day."

Yours very truly,
J. F. Tucker, Chairman."

"Aug. 9, 1901.
4106.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 6th, was read at meeting to-day and I was instructed to inform you that the representative of the L. H. & St. L. Ry. is attending meetings and co-operating with the Committee in the maintenance of authorized rates.

As regards letter you quote from G. T. M. Whitney. The Chairman has no record of being advised as stated, even if such a statement was made it has not been adhered to, on the contrary, the T. St. L. & W. has been going it *very much alone* and continues to do so.

Respectfully,
Chairman."

"Aug. 9, 1901.
4106.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 7th, file 8320 and my reply 8th were read at meeting to-day and my statements confirmed by the Committee.

I have nothing further to add except that from current reports the T. St. L. & W. appear to be in the market for all kinds of traffic and at less than authorized rates.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 9, 1901.

Please refer to file 8320.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: I am in receipt of your favor of the 8th, your File 4106.

General Traffic Manager Whitney of the Clover Leaf said to me personally several times that he would maintain the authorized rates. It is quite easy for the *Virginia Lines Committee or anyone else to say* that they are naming rates to meet the quotations by other lines, as in this case they claim to have reduced on account of the T. St. L. & W. quotations—but what do you know about the T. St. L. & W. quotations? Has the Virginia Lines Committee any ground to make this assertion, in your judgment? You have the statistics of the T. St. L. & W. and the movement of traffic might give you some guide.

What is the organization of this Virginia Lines Committee; who is its Chairman; *are they authorized to change rates* in this manner and what initial lines out of East St. Louis are members of that Committee, and how is it possible for other roads to maintain tariff rates if the *Virginia lines can take this independent action?*

Bear in mind I am not well posted. I may be all adrift in my ideas, but let me hear from you about the matter please.

Yours very truly,

J. F. Tucker, Chairman."

"Aug. 10, 1901.
4106.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 9th, file 8320. I am not prepared to furnish you the proof as to rates the T. St. L. & W. people are making. The Virginia Lines Committee claim to have good grounds for reducing their rates to meet T. St. L. & W., further than this I cannot say,—possibly Messrs. Taylor, Holliday, Coyle or E. S. Orr, Gen'l Agt., B. & O. S. W. or any other member of the Committee can give you specific information as to what the T. St. L. & W. are quoting, but I have no means of *knowing* their rates.

The Virginia Lines Committee, is as follows:

S. S. Dudley, Agt., Kanawha Despatch—K. B. Hannigan, Agt.; Asheville Line, H. E. Morris, Agt.; Cumberland Gap Despatch, J. N. Chandler, Gen'l Agt.; L. & N. R. R., each one acts as Chairman for one week. Recently Mr. E. S. Orr, Gen'l Agt., B. & O. S. W., has been attending the *daily meetings* of the Virginia Lines and could no doubt give you specific information regarding the T. St. L. & W. competition, both as a member of the Eastbound and of the Virginia Lines Committee.

In writing you 8th, I merely stated what *rates the Virginia Lines had made* and their reasons for the reduction.

I do not attend their meetings nor am I furnished with the evidence on which they base conclusions.

The Committee appear to have the necessary authority to make such rates as circumstances require.

It is a fact that arrangements were made at New York meeting for this office to be furnished with statistics and I took the subject up at once (as per letter attached) with all the roads named, some roads commenced at once to report from July 22nd, others have responded from day to day since that time and not until to-day did I receive the

first report from one of the roads. The incomplete statistics for July are therefore of little use, but I hope that we will be in better shape on traffic billed via T. St. L. & W. from East St. Louis on and after Aug. 1st.

I regret my inability to furnish you with *positive proof*, and do not wish to repeat rumors of what the T. St. L. & W. is doing and for that reason ask that you get facts and figures direct from the Traffic Officials who undoubtedly know the competition they find in the market.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 10, 1901.

Please refer to file 8320.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: I am in receipt of your two letters of the 9th, your File 4106, and am glad that the L. H. & St. L. are attending your meetings and are co-operating with your Committee in the maintenance of rates.

I do not know that General Traffic Manager Whitney advised you, but he did state to me personally that he would maintain rates out of East St. Louis. Now if you have any information that he is not doing so, if you will send it to me I think I can place it where it will do some good.

What do the statistics that you receive from the roads the Clover Leaf deliver their freight to show as to the tonnage they are taking as compared with other roads—wouldn't that give you some clew to the matter?

Yours very truly,

J. F. Tucker, Chairman."

Personal.

Mr. R. M. Fraser,

Chairman St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: Information comes to me that rates on provisions and also on cotton are not being maintained out of East St. Louis—this despite of very strong resolutions

adopted at the meeting here October 1st. Won't you kindly give me your information in regard to these matters.

I am told the Clover Leaf are taking almost the entire shipments of provisions from the East St. Louis Stock Yards. What does that movement amount to in the aggregate each week, i. e., what number of cars; and my information seems to point to the Clover Leaf and Big Four as to the non-maintenance of cotton rates.

Have you the statistics for the first two weeks of October? If so, could you kindly send me a copy.

Yours very truly,

J. F. Tucker,
Chairman.

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman,
8th Floor Monadnock Block.

Chicago, October 25, 1901.
Please refer to file 8380.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I am in receipt of your personal letter of the 24th, your 4106, in relation to cotton rates.

My understanding is that the C. C. C. & St. L. gave notice to the St. Louis Committee some days ago that they could not longer be held to the understanding in relation to these cotton rates, and therefore it seems to have gone beyond what might be termed "rumors." (Is this so?)

Is all cotton taken at the same rates—i. e., round and square baled, and what is the average weight per car of the round bales (50,000) and the average weight per car of square bales (25,000) and what comparative percentage (5 to 10%) does the square bale movement bear to the round bale movement?

It is beyond my comprehension to draw any satisfactory conclusions from some of this statistical showing.

Yours very truly,

J. F. Tucker,
Chairman."

Chicago, Ill.

Dear Sir: Yours 20th, file 8380. As I did not attend the *Conference* Meeting of St. Louis Committee 22nd inst., and have not been officially notified of what transpired at meeting, regarding Cotton rates, I am not prepared to verify what you say about C. C. C. & St. L. Ry. notice, etc. As regards the rate, so far as I know the rate is same as Round and Square Bale Cotton.

We have not kept any record as to shape of cotton shipped, being interested only in the tonnage.

I am of the opinion Round Bale can be loaded twice as heavy as Square (Compressed) Bale. The *estimated average* per car (different size cars considered) would probably be for Round Bale 40,000 lbs. and Square Bale 20,000 lbs. per car.

For same reasons given above, I am unable to give you from records the percentage of Round and Square Bales passing through this gateway.

Enquiry being made of the St. Louis Cotton Exchange, I am informed that the movement from East St. Louis to all destinations during the past season was, as near as the Cotton Exchange can determine, 769,000 Square Bales, 84% and 150,000 Round Bales, 16%.

I regret exceedingly that the statistics prepared in this

office do not meet with your approval, the same forms have, however, been used for years and are apparently satisfactory to both the Executive and Traffic Officials of the roads, members of this Committee, otherwise they would certainly order them changed.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman,

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, October 30, 1901.

Please refer to file 8380.

Mr. R. M. Fraser,

Chairman St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: I have your personal letter of the 28th, your File 4106.

I have been endeavoring in as quiet and judicious manner as occurred to me to ascertain what caused this break in cotton rates just at the commencement of the cotton season, when there was seemingly a distinct understanding that rates should be absolutely held solid, and the result of which will probably extend through the entire cotton season. I am not able to get at any facts that will guide my judgment.

Won't you kindly make some inquiries about the average weight of round bales as compared with square that can be loaded in a standard 36-ft. car.

You totally misunderstood my criticism as to my not being able to draw any conclusions from your statistics. I had not the remotest thought in my mind that the form of statistics was irregular or to be criticised in the least—my only point was that I was unable from the statistics to come to any conclusion as to what lines at St. Louis had brought about this cotton rate demoralization. It goes without any-

one saying it that whatever the executives or the traffic officials approve as to their statistics is proper—at any rate, it is not for me to criticise it, and I had not the least intention to do so. You seem to have jumped too readily at the conclusion.

Yours very truly,
J. F. Tucker,
Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 742."

Complainant offers in evidence correspondence in regard to the co-operation of the Central Freight Association, and other eastern lines, to secure a portion of the tonnage of the Toledo, St. Louis & Western Railway; as follows: (4106)

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 12, 1901.
Please refer to File 8320.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: I am in receipt of yours of the 10th, your File 4106, in regard to the T. St. L. & W. R's rates.

It occurred to me that the statistics you are obtaining from the connecting lines east of the T. St. L. & W. would enable you to judge some whether that road is taking more than a reasonable share of the traffic. I can only repeat what General Traffic Manager Whitney told me, that he had no disposition and would not reduce the authorized rates from East St. Louis.

I will follow this matter up so far as seemingly I can to see whether there is any really good ground for com-

plaint, because if there is there should be some action taken.

Yours truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 24, 1901.

Please refer to File 8320.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: Below please find copy of letter from General Freight Agent Keepers of the Illinois Central:

"I presume you have received a report of the St. Louis representatives regarding the excessive amount of freight via the Clover Leaf road and the opinion expressed that that line is not maintaining rates. Also that two of its connections are participating in the reductions.

What steps, if any, have been taken towards the maintenance of rates by this line and its connections?"

I have not received any report of the St. Louis representatives. To what does he refer. Kindly advise.

Yours very truly,

J. F. Tucker, Chairman."

"Aug. 27, 1901.

4106.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 24th, file 8320. Your letter was read at Special Meeting to-day, the B. & O. S. W., Big Four, C. P. & St. L., Ill. Cent., Southern, T. H. & I., and The Wabash being represented, and I was instructed to inform you that the reports were issued by this office and copies were sent to the St. Louis representative of each road to be forwarded to their Executive Officers, *only*.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 29, 1901.

Please refer to File 8320.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, Union Station, St. Louis, Mo.

Dear Sir: I am in receipt of yours of the 27th instant, your file 4106:

I think if the St. Louis Committee would send me these reports and proceedings under personal cover, it might enable me to be of much service in dealing with the subject of maintenance of rates, and can see no earthly harm that can result therefrom. In this particular case complaints come to me that the Clover Leaf is not maintaining rates out of St. Louis. I am handicapped in the investigation by not knowing the tonnage they took as compared with others.

To illustrate: I have seen a statement that they took 18,000 tons from August 1st to 16th inclusive, but do not know the total tonnage taken by all lines from East St. Louis. I understand, however, that this particular tonnage, as well as some cotton statistics, have been sent to the Executives, and therefore will in due time probably be acted upon.

Yours very truly,

J. F. Tucker, Chairman."

"Aug. 30, 1901.

4106.

PERSONAL.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 29th, file 8320. Your letter was read at special meeting to-day, B. & O. S. W., C. & A., C. P. & St. L., Big Four, Ill. Cent., L. H. & St. L., Southern and T. H. & I. being represented, and it was:

Resolved, That Chairman Tucker be furnished with all

Tonnage and Commodity Statements issued by this office.

Enclosed find all statements issued during the month of August.

Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman.

8th Floor Monadnock Block.

Chicago, September 3, 1901.

Please refer to file 8320.

Mr. R. M. Fraser,

Chairman St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: I have your personal letter of the 30th ultimo, your file 4106, with its enclosures:

These figures enable me to somewhat judge of the condition.

How do you account for 21,000 tons of the 25,000 tons of wheat taken by the B. & O. S. W. and Southern? What is the destination of this wheat? Are you sure that the tonnage reported by the connections of the T. St. L. & W. includes only that going to the western termini and points beyond? I mean to try to induce General Traffic Manager Whitney to in some way furnish me his statistics, for, as I understand your figures, of a total of 78,000 tons carried from August 1st to 16th, both inclusive, the Clover Leaf's connections report that line taking out of East St. Louis 25,000 tons, of which 10,000 tons was wheat and 5,000 tons flour.

They say figures do not lie, but they are awfully provoking once in a while.

Yours very truly,

J. F. Tucker,

Chairman."

"Sept. 6, 1901.
4106.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Yours 3rd, file C-8320. Your letter was read at Special Meeting to-day and I was instructed to inform you that the wheat is all for export and billed at Tariff rate.

Regarding T. St. L. & W. tonnage, it is all abstracted (as per attached abstract) showing destination, etc.

I enclose copy of Eastbound Tonnage and Commodity Report for August. The T. St. L. & W. Commodity Report for August will be sent you on Tuesday 10th inst.

Yours respectfully,
Chairman."

"Central Freight Association.

Office of the Chairman.
8th Floor Monadnock Block.

Chicago, September 12, 1901.
Please refer to File 8320.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I am obliged for your favor of the 11th, your 4106. It occurred to me that possibly the statistics from the eastern connections of the Clover Leaf might have included some Central Freight Association business—this letter of yours puts that at rest.

Now in regard to your Consolidated Report: I presume the tonnage charged against the T. St. L. & W. in your No. 2 column was for a week. Your No. 2 column says that the Clover Leaf took 13505.23 tons from August 1st to August 31st, while your Column No. 3 states that the Clover Leaf took 35995.70 tons. The difference in the total of your No.

2 and No. 3 is the difference between the tonnage you show charged against the Clover Leaf in No. 2 and as charged in No. 3. Wouldn't it have been well to have made a footnote to explain this?

I make a further suggestion that it seems to me it would have been well to have said at the top of your report "Eastbound Dead Freight, and Live Stock and Dressed Meats from St. Louis and Included Places, to the Western Termini of the Trunk Lines and Points East Thereof."

Bear in mind these are only suggestions.

Yours very truly,

J. F. Tucker,
Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman,
8th Floor Monadnock Block.

Chicago, October 25th, 1901.
Please refer to file 8380.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I am in receipt of your personal letter of the 24th, your File 4106, as to tonnage delivered by the Clover Leaf to the Pere Marquette.

"I do not understand that you are having any difficulty in obtaining the tonnage delivered by the Clover Leaf to the Pere Marquette, nor from any other of their eastern connections—if you do have any difficulty please let me know and I will endeavor to aid you."

I was informed the Clover Leaf were delivering to the Pere Marquette at Toledo quite a tonnage; that the Pere Marquette took it up to Detroit and there delivered it to the Canadian Pacific, Grand Trunk or some other eastern con-

nection, and thought it would be of interest to you so called your attention to it.

Yours very truly,
J. F. Tucker,
Chairman."

The Patriarche of the P. M. route advises me he is giving you all the tonnage received by that route so that settles that."

"Nov. 22, 1901.

Mr. J. F. Tucker, 4106.
Chairman, C. F. A., Chicago, Ill.

Dear Sir: Referring to yours July 15th, file 8320, regarding Statistics of T. St. L. & W. R. R. tonnage being furnished by their Eastern connections.

At meeting of the Committee to-day I was instructed to inform you that the last statement of T. St. L. & W. tonnage received from the N. Y. C. & St. L. R. R. is dated Oct. 31st, as you will see by notation on Commodity report of T. St. L. & W. R. R. Tonnage, Nov. 1st to 16th, inclusive.

If you can aid in our securing the information from the N. Y. C. & St. L. Ry. as requested by the Executive Officers at meeting in New York, July 11th, it will be appreciated. Awaiting your reply, I am,

Yours respectfully, Chairman."

"Central Freight Association.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 23, 1901.
Please refer to File 8320.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I am in receipt of your two favors of the 22nd,

your File No. 4106, in relation to the statistics of eastbound tonnage to be furnished by the N. Y. C. & St. L. and Pere Marquette.

The action of the executives at the New York meeting July 11th was:

"That the Chairman of the St. Louis Committee is hereby authorized to write to the chief freight traffic officials of the roads that have here agreed to furnish statistics of all through traffic via the T. St. L. & W. R. R. Co., from and through St. Louis and East St. Louis, eastbound to the western termini and points east thereof, i. e., Ann Arbor, B. & O., Erie, L. E. & W., Lake Shore, Michigan Central, N. Y. C. & St. L., Pennsylvania Lines and Pere Marquette, calling their attention to this action and requesting that such statistics be sent him."

Did you write General Freight Agent Spriggs of the N. Y. C. & St. L. in regard to their statistics of tonnage not being sent? I have written the N. Y. C. & St. L. in regard to them to-day.

As to the Pere Marquette, as your letter to Traffic Manager Patriarche was only sent November 22nd, it seems to me it would be well to wait for a few days to see what reply is made to that letter. My understanding is that the Pere Marquette are not taking any Clover Leaf business; that have no direct connection with the Clover Leaf, having to use the Toledo Belt, and that lately the Toledo Belt have advanced the Belt charges from $2.00 to $5.00, so that it forced the Pere Marquette out of the traffic. This information might not be correct, but I feel satisfied that Mr. Patriarche will answer you correctly and understandingly. Should he not do so, please let me hear from you again and I will be of any aid possible. Yours very truly,

J. F. Tucker, Chairman."

"Nov. 26, 1901.

Mr. J. F. Tucker, 4106.
Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 23rd, file 8320.

I am well aware of Executives' action in New York, July 11th. See my letter to you July 13th, also Aug. 10th, in reply to yours Aug. 8th, file 8320. All the roads mentioned in resolution July 11th were written to and have sent me the information asked or advised, not handling any T. St. L. & W. Tonnage.

The N. Y. C. & St. L. responded promptly to the request for Statistics and continued sending statements up to October 31st. We did not receive any from them since that date until yesterday, when package arrived containing statements dated November 1st to 21st, inclusive.

Several letters regarding the furnishing of statistics have passed between G. F. A. Spriggs and myself and possibly the information will reach me regularly in the future.

As regards the Pere Marquette Statements. By reference to my letter to Mr. Patriarche, dated Nov. 22nd, you will see that sundry letters or telegrams have passed between us on the subject of securing the information more promptly than heretofore.

The Pere Marquette Statement of *October* tonnage reached me November 23rd. Your understanding *may* be correct, as to the Pere Marquette not taking much, if any, Clover Leaf business *at present*, but the Supplemental Statement, dated November 26th, which I send you herewith, shows what the Pere Marquette did carry in *October*, also shows the T. St. L. & W. Tonnage from *East St. Louis in October*, handled by the N. Y. C. & St. L. *since their report to me dated October 31st.*

If you desire to know the entire tonnage carried by the T. St. L. & W. in October, according to Statistics fur-

nished me, you will find the figures on the Statements, dated November 12th and November 26th. The Pere Marquette September tonnage on Statement dated 12th, should, however, be first deducted.

Hoping that all statistics will reach me more promptly than heretofore, I am, Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 26, 1901.

Please refer to File 8320.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: As requested by you, I wrote General Freight Agent Spriggs of the N. Y. C. & St. L. R. R. Co., November 23rd, as to furnishing statistics. He answers under date of the 25th:

"We are not at present short of any advices to Mr. Fraser. In your communication I do not notice that the Grand Trunk make any returns although I understand quite a lot of business is being sent via the National Despatch over that route."

I think Mr. Spriggs refers to the freight delivered to the Detroit Southern, as my understanding is that the Clover Leaf deliver their freight to the Grand Trunk over the Detroit Southern. Wouldn't it be well for you to write the General Freight Agent of the Detroit Southern as to these statistics? How does Mr. Spriggs come to the conclusion that he is not short of any advices to you? I do not seem to understand this matter.

Yours very truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 27, 1901.

Please refer to File 8320.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis Mo.

Dear Sir: I am in receipt of yours of the 26th, your File 4106. My object in inquiring as to whether you had any correspondence with Mr. Spriggs, was to ascertain what his position is—however, his letter to me informs us as to that.

I do not know that my understanding is correct as to the Pere Marquette, but Traffic Manager Patriarche of that road informed me some time ago that they had no direct connection with the Clover Leaf at Toledo, and were dependent upon a belt road, and that recently the belt road had raised their charge per car from $2.00 to $5.00, which virtually ruled them out.

My understanding is that considerable of the Clover Leaf traffic given to the Grand Trunk, and possibly other roads, is delivered to the Detroit Southern. Have you had any correspondence with the General Freight Agent of the Detroit Southern?

The statements of statistics seem to fully cover all the requirements.

My only point in this whole thing was to endeavor by all means in my power to obtain for the St. Louis Committee the statistics they desire, and will be very glad to be of any service in the future in this matter.

Yours very truly,

J. F. Tucker, Chairman."

"Nov. 27, 1901.
4106.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 26th, file 8320. As you have, no doubt, received my letter of the 26th, ere this, you will understand the situation better than when you wrote me.

The Commodity Statement sent with my letter 26th shows tonnage via the Pere Marquette, which is possibly what G. F. A. Spriggs refers to.

If, however, you have reason to believe the T. St. L. & W. are sending business, in which we are interested, via the Detroit Southern, I believe better results would follow if you as Chairman of the Meeting in New York July 11th, would take the subject up with Pres't Hunt or G. F. A. Ferris—the Detroit Southern not having been represented at the New York meeting. If after you have explained the situation to the Detroit Southern R. R. Officials and you find that they are handling the business and will furnish the information, I will, on receipt of advice to that effect from you, follow it up and endeavor to secure statements from them.

Awaiting your reply, I am,

Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Copy.

Mr. Frank Ferris,
General Freight Agent Detroit Southern Railroad,
Detroit, Mich.

Dear Sir: I am in receipt of your favor of the 14th, your file 13-D.

The statistics we would like sent to Chairman Fraser of the St. Louis Eastbound Committee are the statistics of tonnage via the Clover Leaf Road delivered to you at Toledo or elsewhere, destined to the western termini of the Trunk

Lines and points east thereof. Can and will you furnish these statistics. Please answer.

Yours very truly,
Chairman."

"Copy

DETROIT SOUTHERN RAILROAD COMPANY.

Detroit, Mich., December 14th.

Mr. J. F. Tucker,
Chairman Central Freight Association,
Chicago, Ills.

Dear Sir: Owing to my absence from the city since the receipt of your letter of November 29th, and pressure of business since my return, I have been unable to reply to your letter referred to.

We are receiving but very little business from St. Louis via the Clover Leaf road. However, if you will give the character and nature of the statistics you wish furnished, I will give the matter consideration, and advise you if we can comply with your request.

Yours very truly,
(Signed) Frank Ferris,
G. F. A."

"Dec. 26, 1901.
4106.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Referring to my letter Nov. 27th, your replies Nov. 29th and Dec. 16th, file 8320.

Have you been able to secure any definite information as to whether or not the Detroit Southern have or are handling any of this traffic and if so, will this office be furnished with statements of same.

On receipt of information from you that statements will be furnished, I will send blanks and envelopes to G. F. A. Ferris.

Awaiting your reply, I remain,

Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman.
8th Floor Monadnock Block.

Chicago, December 27, 1901.

Please refer to file 8320.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I have yours of the 26th, your file 4106.

Have not heard anything definite from the Detroit Southern yet, and will again write them to-day.

Yours very truly,

J. F. Tucker,
Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman.
8th Floor Monadnock Block.

Chicago, January 3, 1902.

Please refer to file 8320.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I have the following from Division Freight Agent Fidler of the Detroit Southern:

"Your letter of the 27th relative to our furnishing you with statistics of eastbound tonnage received from the Clover Leaf Road from St. Louis for western termini of the

Trunk Lines and to points east thereof, beg to advise that owing to the Clover Leaf refusing to file the statistics, we, as an intermediate line, cannot consistently furnish the information."

I enclose herewith copy of letter written to General Freight Agent Ferris in the matter.

Yours very truly,
J. F. Tucker,
Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, January 3, 1902.

Copy. Please refer to File 8320.

Mr. Frank Ferris, General Freight Agent Detroit Southern R. R., Detroit, Mich.

Dear Sir: Under date of January 2nd, his File 13-D, I have the following from H. A. Fidler, D. F. A. Detroit Southern, at Detroit:

"Your letter of the 27th relative to our furnishing you with statistics of eastbound tonnage received from the Clover Leaf Road from St. Louis for western termini of the Trunk Lines, and to points east thereof, beg to advise that owing to the Clover Leaf refusing to file the statistics, we, as an intermediate line, cannot consistently furnish the information."

At the New York meeting of the executives, at which President Norton of the Clover Leaf was present, while he declined to furnish these statistics, he stated, as I remember it, that he had no objection to the eastern roads that received freight from the Clover Leaf furnishing them if they desired to do so, and I was a little surprised at receiving this letter from Division Freight Agent Fidler instead of from you, and thinking that you might not fully understand the situation thought best to again write you, for my

understanding is that the Clover Leaf will not object to your furnishing these statistics. It is important that the St. Louis statistics should be as complete as possible, not only for present use but possibly for future use, in which the Clover Leaf may be interested, and I cannot see why there can be any objections either on the Clover Leaf's or on your part to furnishing these figures. Won't you kindly fully write me about it.

Yours very truly,

Chairman."

"Jan. 4, 1902.
4106.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 3rd, file 8320. Please advise soon as you receive reply to your letter 3rd to G. F. A. Ferris. If the circumstances warrant, I desire to report to the Committee.

I understand that Frank Ferris has left the D. S. R. R. and that D. F. A. Fidler is acting G. F. A. Possibly it would secure better result if you would write Mr. Sam'l Hunt, Pres't.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jan. 6, 1902.
Please refer to File 8320.

Mr. R. M. Fraser, Chairman, St. L. E. B. F. Committee,
St. Louis, Mo.

Dear Sir: With reference to your favor of the 4th instant, file 4106, relative to the Detroit Southern R. R. furnishing you with statistics of traffic delivered to that com-

pany by the Clover Leaf, destined to western termini of the Trunk Lines and points east thereof.

I again wrote G. F. A. Ferris very fully under date of January 3rd and asked that he kindly let me have reply as promptly as possible as to what conclusion he reached. Since writing said letter we notice Mr. Ferris has severed his connection with the Detroit Southern R. R., and will probably be succeeded by Mr. Fidler. I think, however, it will be best to await reply to my letter January 3rd, before writing again.

Yours very truly,
J. F. Tucker, Chairman."

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: I enclose you herewith copy of letter from General Freight Agent Schindler of the Detroit Southern, and copy of my reply thereto.

Does anything further occur to you that I can be of service in this matter.

Yours very truly,
J. F. Tucker, Chairman."

Enclosure.

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, January 18, 1902.
Please refer to File 8320.

Copy.

Mr. T. C. M. Schindler, General Freight Agent Detroit Southern Railroad, Detroit, Mich.

Dear Sir: Acknowledging receipt of your letter of the

16th, your File 13-D: As written you previously, the President of the T. St. L. & W. declined to furnish these statistics, but stated at the meeting of the executives that he had no objections, to the eastern connecting lines of that road doing so if they thought best.

The statistics from these large centers are of interest to all roads, and I regret your decision for I cannot see that any harm could come from your giving Chairman Fraser these figures, and can possibly see in the future much good that might result to the general interests.

Yours very truly,

Chairman."

"Copy.

DETROIT SOUTHERN RAILROAD COMPANY.

Detroit, January 16, 1902.

Mr. J. F. Tucker, Chairman Central Freight Association, Chicago, Ill.

Dear Sir: Referring to your favor of the 9th inst., addressed to Mr. H. A. Fidler, in regard to furnishing Chairman Fraser with a memorandum of the tonnage delivered us by the T. St. L. & W. R. R., forwarded from East St. Louis, destined to the western termini of the Trunk Lines and east.

"It seems to me Mr. Fraser should obtain this information from the T. St. L. & W. R. R. and not expect us, as a friendly connection with that line, to furnish such information. I certainly cannot consistently undertake to provide information of this character."

Yours very truly,

(Signed) T. C. M. Schindler, G. F. A."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jan. 24, 1902.
Please refer to File 8320.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I have yours of the 21st, your File 4106. I will endeavor to have a talk with General Freight Agent Schindler the first opportunity, which probably will not be before the February meeting; but in view of the action of the chief freight traffic officials taken here Wednesday, I am inclined to the belief that now would be a very opportune time, and it seems to me very important if we could possibly bring it about, to have the Clover Leaf again become a member of the St. Louis Committee and furnish their statistics. Yours very truly,

J. F. Tucker, Chairman."

"Oct. 10, 1903.

Mr. J. F. Tucker, 4106.
Chairman, C. F. A., Chicago, Ill.

Dear Sir: Referring to conference of Executives of Eastbound roads in New York, July 11th, 1901. As shown on page 3 of the proceedings it was Resolved that roads named were to furnish statistics of through traffic from St. Louis via T. St. L. & W. R. R.

As you are aware, we have been receiving information from several eastern connections of the T. St. L. & W. Attention has recently been called to the fact that the T. St. L. & W. and Grand Trunk have jointly secured control of the Detroit & Toledo Shore Line (an electric line) and have built an extension completing a Steam Line between Detroit and Toledo.

It is reported that T. St. L. & W. traffic is now being

sent via that route to the Grand Trunk Ry. and we should be furnished with Statistics.

As the Grand Trunk was not named as one of the roads that would furnish me with the desired information and as you were Chairman of the meeting, am satisfied that better results would follow if you will be so kind as to take the subject up with Mr. John Pullen, G. F. A., Grand Trunk Ry., Montreal, and who attended the meeting July 11th, 1901, and endeavor to arrange for me to be furnished with the information required.

If after you have explained the situation to the Grand Trunk officials and find that they will furnish me the information, I will, on receipt of advice to that effect from you, follow it up by furnishing necessary blanks and envelopes for reports in line with what was stated in my letter dated July 16th, 1901, to the several traffic officials (copy attached).

By reference to your file 8320, Nov. and Dec., 1901, and Jan., 1902, you will see that I had similar correspondence with you regarding statistics from the Detroit Southern Ry. Our efforts, however, in that instance was a failure.

Hoping that you will give the subject your early attention, advising me result, I am,

Yours respectfully, Chairman."

"Central Freight Association.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Oct. 12, 1903.
Please refer to File 8380.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Acknowledging receipt of your letter of the 10th, your File 4106, and enclosing herewith copy of letter this day written to A. G. F. A. Hayes of the Grand

Trunk Railway System, who I think has jurisdiction over this matter:

I will endeavor to follow the matter up promptly and keep you advised. Yours very truly,

(Enclosure.) J. F. Tucker, Chairman."

"Central Freight Association.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Oct 12, 1903.

(Copy.) Please refer to File 8320.

Mr. C. A. Hayes,
A. G. F. A., Grand Trunk Ry. System,
Chicago, Ill.

Dear Sir: I understand that the Grand Trunk Railway System and the Toledo, St. Louis & Western have jointly secured control of the Detroit & Toledo Shore Line, which was an electric line, and having built an extension to it, have completed a steam line between Detroit and Toledo.

At an executive meeting of the eastbound roads held in New York July 11, 1901, President Norton of the T. St. L. & W. was not willing to furnish the statistics of the eastbound traffic from St. Louis via the T. St. L. & W., but the executives of the connecting roads all agreed to furnish to R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, at St. Louis, the tonnage delivered each of their roads by the T. St. L. & W. so that the St. Louis eastbound statistics should be as correct as possible.

Appreciating as you will the necessity of having complete statistics, will you kindly endeavor to arrange that this information shall be furnished?

If you are agreeable to this, upon receipt of advice from you will request Chairman Fraser to send the necessary blanks and envelopes for such reports.

Kindly advise and oblige. Yours very truly,

Chairman."

Mr. J. F. Tucker, Montreal, Oct. 16, 1903.
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Statistics acct. traffic ex. T. St. L. & W. R.

R. Referring to your letter of October 12th addressed to A. G. F. A. Hayes in reference to the above.

It would not be consistent for us to report traffic received from the Clover Leaf. Furthermore, such a report would not be complete, because it would only show traffic to the Grand Trunk and not to other eastern connections.

Yours truly,

(Signed) John Pullen, G. F. A."

Mr. John Pullen,

G. F. A., Grand Trunk Ry. System,

Montreal, P. Q.

Dear Sir: Responding to your letter of the 16th instant, your file DRG-37450, relative to the statistics of traffic delivered to the Grand Trunk Ry. System by the T. St. L. & W. R. R.:

This matter is simply an endeavor to have the eastbound statistics out of St. Louis correct. All the other eastern connections of the T. St. L. & W. are furnishing the statistics, and in order to have them as near correct as possible, it is requested that the Grand Trunk should do the same.

At an executive meeting held in New York some two years ago, President Norton of the T. St. L. & W. stated he was not willing to furnish the statistics, but that he had no objection to the eastern connections of the Clover Leaf doing so.

I trust you will reconsider your views and give instructions that these statistics shall be furnished to Chairman Fraser of the St. Louis Eastbound Freight Committee.

Yours very truly,

(Signed) Chairman."

Please refer to File 8320.

Mr. John Pullen,
G. F. A., G. T. Ry. System,
Montreal, P. Q.

Dear Sir: Referring to your letter of the 24th instant, your 3754: The compiling of the statistics of traffic from East St. Louis is a matter of general interest to all eastern lines—not only to the initial lines from East St. Louis, but those from Peoria and Chicago, and as you will agree it is important, if these statistics are to be kept up, that they should be as near correct as it is possible to have them, and it would be but little trouble or expense to furnish

this information, the blanks being furnished by the Chairman of the St. Louis Eastbound Freight Committee. However, if you still feel that you cannot do this on account of the delivery of that freight through other channels, I will so advise the St. Louis Committee.

Yours truly,
(Signed)
Chairman."

Mr. Edw. Keane,
A. G. F. A., T. St. L. & W. R. R.,
City,

Dear Sir: I take pleasure in transmitting to you the action taken at meeting 20th as follows:

Whereas, The T. St. L. & W. R. R. were formerly a reg-

ular member of this Committee, furnishing such statistics as were desired and participating in the expense of its maintenance, and

Whereas, Traffic Manager Whitney on Oct. 8th, 1900, file C. F. 313 advised Committee that having reached the conclusion that the Eastbound Committee was not of sufficient value to the T. St. L. & W. R. R. to warrant obligating it to the rules and regulations, or to contribute toward the expense of its maintenance, gave notice of his intention to withdraw and

Whereas, It is felt that the work of the Eastbound Committee, the Statistics that it compiles and the information that can be gathered by attendance at its meetings would be of as great a value to the T. St. L. & W. R. R. as to the other members,

Resolved, That the Chairman take the subject up with A. G. F. A., Keane with the view of restoring the relations which formerly existed and have the T. St. L. & W. R. R. again become a regular member of the Committee.

Hoping that the proposition will be favorably considered and awaiting your reply, I am,

Respectfully,
(Signed) R. M. Fraser,
Chairman."

J. F. Tucker, Chairman."

ST. LOUIS EASTBOUND FREIGHT COMMITTEE.

Baltimore & Ohio Southwestern R. R.; Cleveland, Cincinnati, Chicago & St. Louis Ry.; Chicago & Eastern Illinois R. R. (Frisco System); Southern Railway (St. Louis-Louisville Lines); Chicago & Alton Railway; Illinois Central Railroad; Terre Haute & Indianapolis R. R.; Chicago, Peoria & St. Louis Ry. of Illinois; Louisville, Henderson & St. Louis Ry.; The Wabash Railroad; Terminal R. R. Ass'n of St. Louis.

Wainwright Building, Rooms 314 and 315.

St. Louis, Mo., Dec. 13, 1904.

Please refer to File 4106.

R. M. Fraser, Chairman.
Telephone, Main 846.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: At conference of the Executives of Eastbound Initial Roads from St. Louis, Peoria, Chicago, etc., held at the office of the Trunk Line Ass'n, New York, July 11th, 1901, the subject of the St. Louis Eastbound Statistics was discussed, and the following unanimously adopted:

"Resolved, That the Chairman of the St. Louis Committee is hereby authorized to write to the chief freight traffic officials of the roads that have here agreed to furnish statistics of all through traffic via the Toledo, St. Louis & Western Railroad Co., from and through St. Louis and

East St. Louis eastbound to the Western Termini and points east thereof, (viz: Ann Arbor, B. & O., Erie, L. E. & W., L. S. & M. S., Michigan Central, N. Y. C. & St. L., Pennsylvania Lines and Pere Marquette) calling their attention to this action and requesting that such statistics be sent him."

In accordance with the above resolution the several connections of the T. St. L. & W. R. R. furnished the desired information, which was transmitted to resident members of this Committee and yourself commencing with August 1st, 1901.

In November, 1901, it was ascertained that some T. St. L. & W. traffic was being forwarded via the Detroit Southern to the Grand Trunk Ry. and by reference to correspondence on your file 8320 in November, December, 1901, and January, 1902, you will see the Detroit Southern could not be induced to furnish the desired information, as shown by letter from G. F. A., Detroit Southern Ry., Jan. 16th, 1902, to you, in which he says:

"It seems to me Mr. Fraser should obtain this information from the T. St. L. & W. R. R. and not expect us, as a friendly connection with that line to furnish such information. I certainly cannot consistently undertake to provide information of this character."

In October, 1903, it was stated that the T. St. L. & W. R. R. traffic for the Grand Trunk Ry. was going via the Detroit & Toledo Short Line, which had been acquired by the two roads. As the Grand Trunk was not one of the roads named at the conference in New York, July 11th, 1901, that would furnish me with statistics of T. St. L. & W. R. R. traffic and as you were Chairman of said meeting, you were requested to endeavor to arrange for the Information, but was unsuccessful, as shown in letter from G. F. A., Grand Trunk Ry., Montreal, Oct. 24th, 1903, to you, in which he says:

"I am sorry we cannot comply with your request in this matter. First of all, we do not believe that we should be expected to go to the trouble and expense of collecting this information for statistical purposes of the St. Louis Lines, and, secondly, it is a fact, as you probably know, that the T. St. L. & W. does not make direct connection with the Grand Trunk."

Other roads continued to make reports until in Sept., 1904, we were advised that information would not be furnished by the N. Y. C. & St. L. and the C. & E. Railroads. Your letter Sept. 27th, 1904, file 8320, advised as follows:

"Under date of the 24th, file 200, Gen'l Frt. Agent Webster of the N. Y. C. & St. L. R. R. Co. writes:

'On account of protest we have decided to discontinue furnishing the Chairman of the St. Louis Eastbound Freight Committee with statistics relative to the forwarding of freight via the Clover Leaf.'"

As reports for Sept. from the C. & E. R. R. were not reaching me as expected, I wrote Oct. 11th to Mr. W. B. Chamberlain, V. P., Erie R. R., on the subject and in reply Oct. 24th, he stated:

"We, like other roads connecting with the T. St. L. & W. R. R., discontinued the furnishing of these statistics for the reason that the Clover Leaf people requested us to do so."

The Executive Committee being advised of the status of affairs, a letter was written to A. G. F. A., T. St. L. & W., and reply received as follows:

St. Louis, Mo., Nov. 7, 1904.

Dear Sir: As you are well aware your Eastern connections, with the consent of the T. St. L. & W. officials have furnished this office statements of T. St. L. & W. tonnage delivered to them from East St. Louis destined to the Western Termini of the Trunk Lines and points east thereof.

I have recently been advised by roads who have hereto-

fore been furnishing the statistics that they discontinued the furnishing of these statistics for the reason that the T. St. L. & W. officials requested them to do so.

The matter was referred to the Executive Committee and I have been instructed to inquire if the T. St. L. & W. is not willing to join the Committee or co-operate in the compilation of statistics the same as they do in other matters.

Will you please give this subject your attention, advising conclusions and oblige."

"St. Louis, Mo., Nov. 11, 1904.

Dear Sir: Your favor of Nov. 7th was referred to our General Traffic Manager, who advises me that he prefers to let this matter rest where it is for the present."

At meeting of the Executive Committee on the 9th inst. I was instructed to write you reciting information as above, calling attention to the fact that under the present conditions it is useless to continue compiling the statistics, which, for reasons given, do not furnish the information that was desired and unless otherwise instructed, said semi-monthly reports will be discontinued with the close of 1904.

This detailed information is given you as Chairman of the conference in New York, July 11th, 1901, with the view of your taking such action as you may deem proper under the circumstances as explained.

Awaiting your acknowledgment, I am,

Yours respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 743."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning attempt by cotton shippers to get a lower rate on round bales of

cotton than applies on square bales, East St. Louis to eastern points; also records of meeting and recommendations by St. Louis Committee, as follows:

"St. Louis, Mo., Dec. 30th, 1901.
File, 4116.

"To the Freight Committee,

Gentlement: I give below copy of letter from the American Cotton Co., consideration of which is desired at meeting Friday, Jan. 3rd.

'St. Louis, Mo., Dec. 30, 1901.

'Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I beg to ask that you submit to the memebrs of your committee for consideration at their next meeting, which I understand will be held Friday, January 3rd, the question of recommending to the Central Traffic Association the establishment of rate on Cotton in Round Bales to New England Mills and for export, which shall recognize the improved method of preparing cotton for shipment.

In support of this request I call attention briefly to some transportation features of the Round Bale, viz:

The business of packing Cotton in Round Bales has now passed the experimental stage, and has assumed proportions which warrant application to Transportation Lines for a more equitable rate adjustment.

For the purpose of inspection, classing and consolidating lots for shipment, it is necessary to assemble cotton in Round Bales in large volume at shipping centers. Under our plan of assembling we have brought to East St. Louis cotton from a wide expanse of territory, including the output of many compresses located in Oklahoma, Indian Territory, Arkansas, Texas, Louisiana, Tennessee and Mississippi. Much of the cotton assembled at East St. Louis in

Round Bales would not otherwise reach this or other Mississippi River or Ohio River Gateways, but seek an outlet through Gulf Ports.

The members of your Committee are already aware that the Round Bale Packages afford car loading of double the tonnage secured in compressed Square Bales, therefore, I will not burden this correspondence with detailed data relative thereto.

With a saving of approximately 50% in transportation cost in moving Cotton in Round Bales, it will, I believe, impress your Committee as not unreasonable that this traffic be accorded participation in such economy. We, therefore, petition for a reduction of not less than 25% from established compressed Square Bale rates. If, in the wisdom of your Committee it is thought desirable that in connection therein a fixed minimum weight per car set, it will be agreeable to this Company that same be placed at 40,000 lbs. for standard 34 ft. cars.

I desire to draw attention to the fact that it is a precedent of long standing for Transportation Lines to recognize in rate making, improvements in the preparation for shipment of articles of light and bulky character.

That principle has been observed in fixing rating on Cotton in Square Bales; for instance—your present rate from East St. Louis to New York on Cotton in *uncompressed* Square Bales is 42½c per 100 lbs., whereas, for the *compressed* Square Bales the rate is 30 cts. per 100 lbs. the reduction being justified by the increased density, affording heavier loading.

Our contention is simply that this principle of *Density* be extended to the Round Bale, which offers to the carriers a freight as much superior to the Square Compressed Bale as that bale is superior to the Uncompressed Bale.

A reasonable recognition from Transportation Lines at this time will materially stimulate the development of the

new method of preparing cotton for shipment; thus bringing to the carriers a traffic superior in all respects to the old method, together with an increased volume.

It may not be amiss to mention, incidentally, that the Gulf Steamship Lines have adopted for Cotton in Round Bales, moving to European Ports, rate differentials of 25% and above from Compressed Square Bale figures.

In the absence of some recognition beyond Mississippi River and Ohio River Crossings, the tendency must be to divert the Round Bale shipments to the Gulf.

As my stay here is limited, I am hopeful that this matter can be considered at the January 3rd meeting, and to that end will be grateful if you will have a copy of this communication passed to the various members of your Committee, at the earliest practicable date, that they may have an opportunity to consider the question in advance of that meeting.

If agreeable, I shall be glad to attend the meeting to discuss any feature of our proposition which is not satisfactorily covered in the foregoing.

Yours respectfully,
(Signed) H. G. Krake, Traffic Manager.

Respectfully,
R. M. Fraser, Chairman.

"St. Louis, Mo., Jan. 6, 1902.
File 4116.

To the Freight Committee:

Gentlemen:—I attach copy of letters 2nd from the Planters' Compress Co., which was considered at meting 3rd, in connection with letter Dec. 30th, from the American Cotton Co. (See Circular Letter Dec. 30th).

The personal statements made to the Committee by Messrs. Krake, Neville and Sinclair, are included in the attached Circular Letter.

I give below a copy of the resolution adopted at meeting 3rd, as follows:

Resolved, that we recommend to the Central Freight Assn., that a carload rating be established on Cotton, minimum 40,000 lbs., on basis of 25 per cent less than the rate on Cotton in less carload from Mississippi River and Ohio River crossings to New York, with usual differentials to other points, which are at present 5 cts. on Boston rate points, 2 cents on Philadelphia and 3 cts. on Baltimore.

If any change is desired please have subject considered at meeting 7th, advising me.

In absence of action and notice to the contrary, I will understand that no change is desired and resolution will be transmitted to Chairman Central Freight Assn. along with copy of Circular Letter Dec. 30th and January 6th.

Respectfully,

R. M. Fraser, Chairman.

(Copy of letters attached to the above.)

"St. Louis, Mo., Jan. 6, 1902.
File 4116.

To the Freight Committee,

Gentlemen:—I give below copy of letters from the Planters' Compress Co., dated Jan. 2nd and 4th, which should be attached to circular letter Dec. 30th from the American Cotton Co.:

'St. Louis, Mo., Jan. 2, 1902.

Mr. R. M. Fraser, Chairman St. Louis East-bound Frt. Committee, St. Louis, Mo.

Dear Sir:—Mr. Horace Krake, Traffic Manager of the American Cotton Co., has sent me a copy of his letter of December 30th, to you, making application for the establishment of a rate on Cotton, in round bales, from East St. Louis to Trunk Line Territory. I desire to join in this application on behalf of this Company, which is interested

in the baling and shipment of the Lowry Round Bale. As every line which is a member of your Committee, has had experience in the hauling of this package, I take it for granted it is unnecessary for me to go into details as to the weight of cotton in this shape which can be loaded in your cars, it being practically on a basis of about two pounds round Cotton to one pound of square compressed Cotton.

I also presume that the members of your Committee are well aware that all steamship lines at Gulf Ports quote discounts ranging from 25 to 35 per cent in ocean rates on round bale cotton from the current rates in effect on square compressed cotton; in consequence of which reduction in ocean rates, the prevailing tariffs from the cotton growing states to the Atlantic Seaboard, make a considerable higher combination than via Gulf Ports. The present cotton tariffs were issued to meet the conditions prevailing in the trade when the only package which you had tendered for shipment was the square compressed bale. The conditions governing the transportation of round bale cotton are quite different from those governing square bale, and an adjustment of the tariff should be made, which would enable shippers to handle the constantly increasing volume of round bale cotton through the Mississippi and Ohio River gateways on a tariff basis. The only way in which this business has been or can be, worked via these gateways, under your present tariffs, is by a manipulation of same, which practice, we presume, you would prefer to eliminate, if possible.

This matter can be explained to you and our figures proven far better by Mr. Krake and myself being requested to appear before your Committee at your meeting, and, as I understand the meeting is to be held in the Big Four office, and as the offices of both Mr. Krake and myself are in the same building, we would be very glad to appear before you, if you so desire.

I would also state in this connection, that Mr. George Neville, member of the firm of Weld & Neville of Texas, which is the largest individual firm in the United States handling round bale cotton, is in the city and he would also be pleased to appear before your Committee tomorrow, if you desire to hear from him.

Yours very truly,

(Signed) Arthur Sinclair, Jr., Traffic Manager.

"St. Louis, Mo., Jan. 4, 1902.

Mr. R. M. Fraser, Chairman St. Louis East-bound Frt. Assn., St. Louis, Mo.

Dear Sir:—Application for carload rating on Cotton.

Referring to our application of January 2nd, in the event of the above being favorably voted upon, I desire to call the attention of your committee to the great advantage which will accrue to the members of your Association through the establishment of storage warehouses at Ohio and Mississippi River crossings for the handling of gin compressed or round bale cotton.

Square bale cotton is stopped in transit at interior points in the south for compression, (storage being provided at the compresses until it is ready for shipment to the mills) from which points it is forwarded via such gateways as offer the lowest rates.

As round bale cotton is compressed at the gin (original point of shipment) it is not necessary to stop it in transit for compression, but it is necessary to ship it from the gins to large central warehouses where it can be classed, graded and stored until ready for shipment to the domestic or foreign spinners. Such warehouses are built either at the Southern ports, or at the Ohio and Mississippi River crossings, which are the termini of the roads on which the cotton originates. This method of storing gin compressed cotton strongly appeals to cotton growing roads, as they

only have to perform one service in hauling the commodity instead of two hauls necessitated by stopping the square bale in transit for compression.

In consequence of gin compressed or round bale cotton not being stored at points on the originating roads located between point of origin and termini, it is not shipped on through bills of lading from points of origin to the mills, but localled to either a Southern port or to an Ohio or Mississippi River crossing, and later reshipped from those points via either steamers from Southern ports or by rail from Ohio or Mississippi River crossings.

In providing these storage facilities, the shippers of the cotton naturally seek as storage points these gateways through which the combination of the two locals is no higher than the through rate from original point of origin of the cotton, which, under the present adjustment of rates, are the Southern ports, and not the Ohio and Mississippi crossings. As an example, we quote comparative rates today from Texas common points:

To Liverpool, England:	Sq. Comp. Cotton.	Lowry Round Bale Cotton.
To Galveston, 300 miles	60c	60c
Galveston to Liverpool	35c	23c
Through	95c	83c

To Liverpool, England:	Sq. Comp. Cotton.	Lowry Round Bale Cotton.
To E. St. Louis, 700 miles	65c	65c
E. St. Louis to Boston or N. York.	30c	30c
New York or Boston to Liverpool	11c	8c
Through	106c	103c

Difference in favor of Galveston, 11 cts.

In order to provide north-bound loading for such cars as are required at Ohio and Mississippi crossings to carry south-bound merchandise, some of the Southern roads equalize the Galveston combination via Ohio and Mississippi crossings, securing such help as they can from their connections, members of your Association; the present difference of 11 cts. on square cotton from Texas common points to Liverpool is being taken care of by a shrinkage of 6 cts. by the Southern roads, and of 5 cts. by the roads, members of your Association.

As the gin compressed or round bale cotton is not handled through bills of lading, the shippers are obliged to arrange these shrinkages themselves with both the lines leading from the south to Ohio and Mississippi River crossings and those leading east-bound from said crossings. The shrinkage required on round bale cotton owing to the lower freight rates prevailing on same from Gulf and South Atlantic ports being so much greater than on square bale cotton, we find it difficult to handle more than a small percentage of our products through Ohio and Mississippi River crossings. If your Association, however, recognizes these changed conditions and establishes the reduced carload rating applied for, it is our opinion that the Southern roads will adjust the remaining differences against such gateways.

The combination from Texas common points to Boston rate points are as follows:

	Sq. Comp. Cotton.	Round Bale Cotton.
To East St. Louis	65c	65c
E. St. Louis to Boston rate points	35c	35c
	100c	100c

To Galveston	60c	60c
Galveston to Boston rate points, rail and water	38c	38c
	98c	98c

As a matter of fact, owing to there being a differential to Europe on round bale cotton and no published differential to New England, we have not made much effort to sell our product to New England, but, in a number of instances where we have been solicited to do so, we have handled the business on chartered steamers in cargo lots on the following terms from Texas common points:

Rail to Galveston	60 cts.
Steamer, Galveston to Boston	10 cts.
Rail, Boston to Lowell	5 cts.
Extra insurance as against all rail rate	1½ cts.
	76½ cts.

The arbitraries from Boston to New England milling points average about 7 cts. per 100 lbs., although some points are only 5 cts.

The foreign demand has quickly absorbed all the cotton we have been able to bale with the machinery we have so far installed in the south, consequently it has not been to our interest to seek the New England market, to which the comparative rates are not so favorable to our package, but if your association will recognize these changed conditions, a much larger proportion of our product will seek the New England market, and such a demand would be largely met by shipment from warehouses at Ohio and Mississippi River crossings.

Car Loading.

The reduction asked for can be more readily made by

your association owing to the decreased cost of transportation from the heavy carloading of round bale cotton; in evidence of which, I give below a statement of the loading of our shipments from East St. Louis for the season of 1900 to 1901.

No. of cars	359
No. of bales	77,476
Average number of bales per car	216
Average weight per car	52,480
Average marked capacity of car	54,466

I would also call your attention to the fact that, in handling shipments of square bale cotton, the initial lines at Ohio and Mississippi River crossings are obliged to unload the cotton from the cars of the Southern roads and reload it in Eastern cars at your expense; whereas, by the method in vogue of storing round bale cotton in warehouses at the Ohio and Mississippi River crossings, the cotton is unloaded from the cars of the Southern roads by the consignees and reloaded into cars for shipment east by the shippers at their own expense, and not at the expense of the roads members of your Association.

Yours very truly,

(Signed) Arthur Sinclair, Jr., Traffic Manager."

Respectfully,

R. M. Fraser, Chairman."

"Jan. 14, 1902.

4116.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—I give below copy of resolution adopted at meeting Jan. 3rd, as follows:

Resolved, that we recommend to the Central Freight Assn. that a carload rating be established on Cotton, minimum 40,000 pounds, on basis of 25 per cent less than the rate on Cotton in less carload, from Mississippi and Ohio

River crossings to New York, with usual differentials to other points, which are at present 5 cts. on Boston rate points, 2 cts. on Philadelphia and 3 cts. on Baltimore.

I also attach Circular Letters Dec. 30th, Jan. 6th and 10th, copies of letters from the American Cotton Co., and the Planters' Compress Co., giving information regarding the Cotton traffic.

Please arrange for consideration of the subject at the Feb. meeting.

Respectfully,

Chairman."

"Chicago, Ill., January 15th, 1902.
File 8678.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I had a call yesterday from Traffic Manager Arthur Sinclair, Jr., of the Planters' Compress Company, St. Louis, in relation to the rates on compressed cotton. I told Mr. Sinclair that the matter would be referred to the Committee on Relations with Southern Roads and that I thought that Committee would gladly listen to anything he might have to say in regard to the matter, and that you would advise him when the Committee would meet at the regular meeting of this Association in February.

Won't you kindly bear the matter in mind and give Mr. Sinclair such information, as Secretary of the Committee on Relations with Southern Roads, as occurs to you as proper. In the meantime, I think that whatever the St. Louis Committee recommend should be sent to this office so as to have our file in shape for the February meeting.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

P. S. Since dictating the above have your letter as to the recommendation of St. Louis Commitee."

"Chicago, Ill., January 15th, 1902.
File 8678.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: I am in receipt of your favor of the 14th, your File 4116, enclosing copy of resolution adopted at meeting of the St. Louis East-bound Freight Committee January 3rd, in relation to the rates on cotton.

The resolution recommends a cotton rate on a minimum of 40,000 pounds at 25% less than the rate on cotton in less than carloads. Will we not have this trouble: Shippers will ask for large cars and the railroads will state that they cannot be furnished and therefore small cars will have to be furnished and the minimum cannot be loaded. Wouldn't it be better to give a different minimum for each length of car?

What is meant by 25% less than the rate on less than carloads? The classification 4th class on cotton—does it mean 25% less than 4th class or 25% less than the present commodity rate of 30 cents, which would make the rate 22½ cents per 100 pounds St. Louis to New York, being a little over one-third of a cent a ton a mile.

While it goes without any argument that freight that will load near to the capacity of the car can be by the railroads hauled at a less rate per 100 pounds than the same freight more bulky, yet the difference should be carefully considered in view of the fact that possibly the shippers will not be able or will not be willing to compress the cotton so that this load per car can be obtained.

I think the proper committee to refer this to at the February meeting would be the Committee on Relations with Southern Roads, but would like to have everything in the way of detail arranged so that the Committee may act understandingly in the matter, and will be obliged to you if

you will give me the views of the St. Louis Committee on my queries.

Of course it goes without saying that carefully considering all the conditions surrounding the competition between the Gulf and the Atlantic Seaboard points, the rates on cotton via the different gateways must be on an equality; but from your figures should think that the rates to the Gulf ports from the cotton producing district were about as high as could be obtained in comparison with the rates to the Atlantic seaboard points, and yet the difference between the rates from Galveston to foreign ports seems to me to be out of line with the rates from the Atlantic seaboard to the same foreign ports. In other words, I think you will find that practically there is a difference between the cotton rates from New Orleans and Galveston and those from the Atlantic seaboard points, than shown in the correspondence—it seems to me it must be so for the Illinois Central people claim the rate on grain is 5 cents higher from New Orleans than from New York, and grain is certainly a much more desirable traffic than cotton.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"COPY.

PLANTERS' COMPRESS COMPANY.

St. Louis, January 23, 1902.

Mr. J. F. Tucker, Chairman Central Freight Association, Chicago, Ill.

Dear Sir:—Referring to our conversation in Chicago last week: I am advised that the St. Louis Committee have referred to your general committee at Chicago applications of the American Cotton Company and the Planters' Compress Company for the establishment of a carload rate on cotton from Ohio and Mississippi River crossings to Trunk Line territory.

I will be greatly obliged if you will advise me if this subject has been docketed for consideration by your Association; if so, on what date it will be taken up, as, in accordance with your personal invitation it is my desire to be present at the time the matter is considered in order that I may answer any questions which the members of your committee desire to ask me. Mr. H. G. Krake, Traffic Manager of the American Cotton Company, whose office is at 25 Broad St., New York, also desires to be present, and has asked me to ascertain for him what date the matter will be considered.

Yours very truly,

(Signed) Arthur Sinclair, Jr., Traf. Mgr.

"Chicago, Ill., January 24th, 1902.

8678.

Mr. Arthur Sinclair, Jr., Traffic Manager, Planters' Compress Company, 314 Rialto Bldg., St. Louis, Mo.

Dear Sir:—I am in receipt of your letter of the 23rd as to your application for a carload rating on cotton.

As stated to you in our conversation, this matter will be considered at our regular February meeting, which will be held the 12th and 13th. I cannot state whether the committee to whom the matter will be referred will be able to hear your arguments in regard to it—they are pretty busy men and have many subjects, and I think, therefore, it would be better for you, if you will permit me to suggest, that you put whatever argument you have in writing, or possibly better, if you will let the St Louis Eastbound Committee have your views in regard to the matter. I will write the chairman of the St. Louis Committee, and send him copy of this letter.

Yours very truly,

Chairman."

"Chicago, Ill., January 24th, 1902.
8678.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I enclose herewith copy of letter from Traffic Manager Sinclair of the Planters' Compress Company, and also copy of my reply thereto.

You can advise him, as Secretary of the Committee on Relations with Southern Roads, to whom this matter will be referred, the wishes of the committee as to hearing his argument—you can advise him direct or let me know what the committee's wishes are and I will do so.

Yours very truly,
(Signed) J. F. Tucker, Chairman.

"PLANTERS' COMPRESS COMPANY.

St. Louis, January 25, 1902.

Mr. J. F. Tucker, Chairman Central Freight Association, Chicago, Ill.

Dear Sir:—Replying to your favor of the 24th inst., would state, I have made all the written argument to the Chairman of the St. Louis Committee which I have to submit, but I desire to substantiate our figures as to the ocean rates paid by us via the various ports. I am now collecting this data, and will send it to you direct, or turn it over to Mr. Fraser for submission to your committee.

Yours very truly,
(Signed) Arthur Sinclair, Jr., Traffic Manager.

"Chicago, Ill., January 27th, 1902.
File 8678.

Mr. Arthur Sinclair, Jr., Traffic Manager, Planters' Compress Company, St. Louis, Mo.

Dear Sir:—I am in receipt of your favor of the 25th.

If you have made a written argument to the Chairman of the St. Louis Committee, it seems to me to be all suf-

ficient, as he is also Secretary of the Committee on Relations with Southern Roads, to which this matter will be referred at the February meeting for consideration and recommendation, and when you have collected the data as to ocean rates, if you will turn it over to Mr. Fraser it will be placed in the right hands.

I have written Mr. Fraser that you requested a conference with the Committee and asked him to reply to you direct; but in view of what you have furnished I do not think there will be any necessity of troubling you further in this matter.

Yours very truly,

Chairman."

"Chicago, Ill., January 27, 1902.
File 8678.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I enclose herewith letter from Traffic Manager Sinclair of the Planters' Compress Company, and copy of my reply thereto. You had better keep all these papers and fasten them to the file so as to have them when the subject matter comes up before the Committee on Relations with Southern Roads, to whom it will be referred at the February meeting.

It seems to me the rate asked for, as I understand it 22½ cents East St. Louis to New York, a very low one, and probably not forced by any conditions that occur to me—however, I am not over-well posted in this matter.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Feb. 4, 1902.
4116.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 24th and 27th, file 8678, regarding

correspondence with Traffic Manager Sinclair of the Planters' Compress Co.

For your information I also enclose copy of letter to Mr. A. H. McLeod, Chairman Committee on Relations with Southern Roads.

Yours respectfully,

Chairman."

"Feb. 4, 1902.
4116.

Mr. A. H. McLeod, Chairman Committee on Relations with So. Roads, care of C. H. & D. Ry., Cincinnati, Ohio.

Dear Sir:—At the meeting of the Committee on Relations with Southern Roads to be held in Chicago, Feb. 12th-13th, I am informed by Chairman Tucker there will be presented to our Committee facts, figures and arguments based upon the following resolution, which was adopted by the St. Louis East-bound Freight Committee at their meeting on Jan. 3rd, 1902.

'Resolved, that we recommend to the Central Freight Association that a carload rating be established on Cotton, minimum 40,000 lbs. on basis of 25 per cent less than the rate on cotton in less carload, from Mississippi River and Ohio River crossings to New York with usual differentials to other points, which are at present 5 cts. on Boston rate points, 2 cts. on Philadelphia and 3 cts. on Baltimore."

Full data in connection therewith was submitted to Chairman Tucker by me as Chairman of the East-bound Committee on Jan. 14th.

In this connection I attach copies of correspondence between Chairman Tucker and myself, which explain themselves.

At the meeting of our Committee today I was directed to advise you as Chairman of the Committee on Relation with Southern Roads, that it was the wish of the St. Louis

East-bound Freight Committee that Mr. H. G. Krake, Traffic Manager of the American Cotton Co., 25 Broad St., New York, N. Y., and Mr. Arthur Sinclair, Jr., Traffic Manager of the Planters' Compress Co., Rialto Bldg., St. Louis, be invited to be present before the Committee at the time the matter is considered in order that the gentleman mentioned may answer any questions which the members of the Committee may desire to ask.

Will you kindly invite the gentlemen mentioned in accordance with the wishes of our Committee, to be present at the Chicago meeting, or if you prefer advise me by return mail and I will give them the proper notice.

Yours respectfully,

Chairman."

"Chicago, Ill., February 4, 1902.
File 8678.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—Has the St. Louis Committee at any of its meetings developed any unanimity of opinion as to what difference there should be in rates, when they shall be established, between round bale and square bale cotton? It seems to me equitable that traffic that will load 40,000 pounds in a 34 or 36-ft. car should be taken at a somewhat less rate than the same traffic that will not load to exceed 28,000, probably average 24,000; but if too wide a difference is made it will bring with it too many complications—it will force dealers to patronize the Compress Company or lay the railroads liable to the charge of discrimination; it will move the crop at less gross money to the railroads, and probably at less net.

Information comes to me that the interested parties in these compress companies want a percentage off the authorized rate on square bales to apply on the round bales. The

percentage does not appear to me to be the proper thing —it ought to be a specific difference per 100 pounds, and I am inclined to think 5 cents per 100 pounds is too much for on a 40,000 car this means $20.00 per car.

Traffic Manager Krake of the American Cotton Company called on me yesterday, asking me to arrange an interview with the Committee at next week's meeting that will consider this subject. I told him that in my judgment his written argument, which I understand he has sent you, would better cover the ground, for the Committee were busy men and could hardly promise that he could present an oral argument.

The matter of differential rates on this cotton and hay demands serious attention, and I earnestly hope that the Committee on Relations with Southern Roads will give it the most serious consideration.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Feb 7, 1902.
4116.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Referring to my letter of Jan. 14th, submitting resolution and information relative to recommendation of this Committee regarding establishing a carload rating on cotton, minimum weight 40,000 lbs., would say that I am sending you by U. S. Express today some additional information submitted by the Planters' Compress Co., regarding movement of cotton via Galveston and New Orleans.

It is the desire of the Committee that such information be submitted to the Committee on Relations with Southern Roads, who will consider this proposition at their meeting next week.

Mr. Arthur Sinclair's letter of Jan. 31st, accompanies the package sent you by express.

Respectfully,

Chairman."

"Chicago, Ill., February 7, 1902.
File 8678.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I am in receipt of your favor of the 4th instant, your 4116, and same will be attached to this office's file in the case and referred to the Committee on Relations with Southern Roads at next week's meeting.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Chicago, Ill., February 8, 1902.
File 8678.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I have your favor of the 7th instant, your 4116, stating you have sent us by U. S. Express, information in relation to the matter of cotton rates. This question is docketed for consideration next week under Subject No. 50 and the papers you send with the other papers will be referred to the Committee on Relations with Southern Roads.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Chicago, Ill., June 23rd, 1902.
File 8678.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your file 4116 relative to rates on cotton shipped in round bales vs. square bales. The sub-

ject was further considered at Central Freight Association meeting on 19th inst., and it was the sense of all represented that the present adjustment of rates on cotton is reasonable and no change should therefore be made.

Yours very truly,
(Signed) J. F. Tucker, Chairman."

"Chicago, Ill., June 25, 1902.
File 8678.

To the Shippers of Cotton and Others Interested in the Transportation of this Traffic.

Gentlemen:—Referring to the subject of proposed reduction in rates on cotton shipped in cylindrical bales:

For your information would state that the roads interested in the transportation of this commodity have individually decided that no change shall be made in the current rates, as the present adjustment is reasonable.

Yours very truly,
J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 744."

Complainant offers in evidence correspondence in reference to an agreement to maintain rates; and also record of meeting of the Chief Traffic Officials held January 22nd, 1902, as follows (4122):

3594—GALLEY 563— STEPHENS

Paul P. Rainier, Chief Inspector.

C. E. Fulton, secretary Chicago & Ohio River Committee.

A general consideration of the conditions influencing and surrounding freight rates was given, and the subject

was referred to sub-committees representing the Chicago, Peoria and St. Louis East-bound roads. The Committees reported the following recommendations:

Your committees recommend:

The creation of a Central Committee, whose duty it shall be to consider all questions of violation of tariff rates and the measures which should be adopted to correct such difficulties, the issuance of tariffs, etc., and any action tending to the removal of disturbing rate conditions and the betterment of same.

That such Committee shall fairly and equitably represent the Central Freight Association as a whole, and shall meet weekly at the office of the Chairman of the Central Freight Association at Chicago to consider complaints.

That the findings and recommendations of the Central Committee shall be communicated promptly by the Chairman of the Central Freight Association to all parties interested.

That the following named individuals should constitute the Central Committee, the Chairman of the Central Freight Association to be ex-officio member:

David Brown, E. F. Cost, G. J. Grammer, Milton Knight, D. T. McCabe, B. B. Mitchell, A. H. McLeod, A. Patriarche, S. P. Shane, C. S. Wight, F. A. Wann, Jas. Webster.

Your Committees recommend for adoption by the general committee, the following:

(1) That effective at once the classification and the published tariff rates of the individual roads shall be strictly maintained.

(2) That each road individually pledges that it will not make effective any rates except by open published tariff.

(3) That the Chairman of all existing committees of the Central Freight Association be instructed to promptly call a meeting of all roads that handle traffic to both Cen-

tral Freight and Trunk Line Association territories, for the purpose of checking rates, and that any rates in conflict with the duly authorized rates shall be withdrawn.

(4) That after a check has been made and an understanding reached, the Chairman of the various Committees will make a report to the Chairman of the Central Freight Association of any unauthorized rates in effect which cannot be withdrawn, and said report shall be laid before the Central Committee for its consideration and action at its next meeting.

(5) Any future deviations from tariff shall be reported to the Chairman of the interested Commitee, who shall at once convene said Committee, when, if the report is substantiated or in the judgment of the Committee warrants consideration, he is then to make his report to the Chairman of the Central Freight Association for submission to the Central Committee.

(6) That each road individually will send to its different agents notice in this regard in the following form:

"At a general meeting of the chief traffic officers of the principal roads in Central Freight Association territory, held January 22nd., 1902, it was individually stated that all duly authorized rates would be maintained.

The Chairman of your Committee is instructed to call a meeting of all the roads interested in your territory to consider the rate situation. If you find that you have any contracts at variance with the regular rates, and classification, that cannot be withdrawn on regular notice, you will report the same frankly to the meeting, the object being to publish tariffs at the net basis of any rates that are now quoted secretly, and your Chairman must be instructed to send a complete report of less than tariff rates to Chairman Tucker at Chicago.

Your instructions are imperative as to the maintenance of rates. This company will notify each and every connec-

tion that we will not under any circumstances participate by voucher or otherwise in any reductions from tariff rates and classifications.

Should you be satisfied at any time that your competitors are making less rates than those duly authorized, you will report same at once to the Chairman of your Committee, who will call a meeting for its consideration. The object of this is to prevent demoralization of rates.

(7) That each road will individually send to its different connections notice, which shall be dated and sent Saturday, January 25, 1902, in the following form:

"This is to advise you that effective at once this Company will not be a party to any deviation from duly authorized tariff rates, evasion of classification or manipulation of rates in any manner whatsoever."

The report of the Committees received careful consideration at the general meeting, and was unanimously adopted.

J. F. Tucker, Chairman.

Chicago, January 23, 1902.

"Chicago, Ill., January 23, 1902.
File 8870.

Mr. R. M. Fraser, Chairman St. L. E. B. F. Committee,
St. Louis, Mo.

Dear Sir:—Enclosed herewith please find copy of the proceedings of meeting of the chief freight traffic officials held at this office yesterday.

Please in accordance with Paragraph 3 call a meeting of your Committee. The importance of the subject demands a prompt meeting and a full and proper representation of each road member of your Committee.

It is important that your report shall reach me on or before Wednesday, January 29th, as the first meeting of the Central Committee will be held Thursday, January 30th, to consider such matters as may be reported to them.

Yours very truly,
(Signed) J. F. Tucker, Chairman."

"Jan. 27, 1902.
4122.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—I have your letter of Jan. 23, file 8870, enclosing copy of proceedings of meeting of Chief Freight Traffic Officials, held at your office Jan. 22nd.

In accordance with paragraph 3, I issued call for meeting of our Committee, including the Clover Leaf and C. B. & Q. R. R.'s. This meeting convened at 10:00 A. M. at the C. C. C. & St. L. Ry.'s offices, and I am pleased to report that all lines were represented, viz: B. & O. S. W., C. & A., C. C. C. & St. L., C. P. & St. L., Ill. Cent., L. H. & St. L., Southern T. H. & I., the Wabash, Clover Leaf and C B. & Q.

It was apparent at the outset that some of the representatives present had not received instructions from their superior officers whereby they could report any rates, manipulations or deviations, from the authorized classification that could not be withdrawn and hence it was deemed expedient by the meeting to adjourn until Friday at 10:00 A. M., Jan. 31st, in the meantime such representatives as did not have full instructions in accord with the meeting of the Chief Freight Traffic Officials to proceed at once to get same and be prepared at meeting on Friday, January 31st, to discuss any and all rates, manipulations or deviations from classification that cannot be withdrawn.

I would explain that the T. St. L. & W. representative was without any instructions from Mr. Whitney. It is Mr. Keane's purpose, however, to lay the whole subject before Mr. Whitney and request instruction as to how to proceed in the meeting on next Friday.

The Illinois Central representative had advice from his superior officer of full concurrence in the agreement as reached in Chicago meeting, although it was stated that

the Illinois Central had not been invited to attend said conference.

It was evident at the meeting that there was a hearty intent and desire to bring about a complete restoration of rates and maintenance of agreed tariffs and the representatives present pledged themselves to abide by the agreed tariff rates during the interim.

Yours respectfully,

Chairman."

"Chicago, Ill., Jan 29, 1902.
File 4841.

Mr. R. M. Fraser, Chairman St. L. E. B. F. Committee, St. Louis, Mo.

Dear Sir:—Referring to your file 3280 and 4122. I presume at meeting of the St. Louis lines on the 31st instant, which is called pursuant to action of the Chief Freight Traffic Officials of the Chicago, Peoria and St. Louis lines at this office on the 22nd instant, the matter of rates on steel bolsters and enameling plates from St. Louis, etc., to eastern cities will be presented. It should be.

Yours very truly,
(Signed) J. F. Tucker, Chairman."

"Jan. 31, 1902.
4132.

Personal.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Referring further to your letter of Jan 23rd, file 8870, enclosing copy of proceedings of meeting of the Chief Freight Traffic Officials, held at your office January 22nd.

As explained to you in my letter of Jan. 27th, interested lines convened at 10 A. M. at the C. C. C. & St. L. Ry.'s offices, the following lines represented: B. & O. S. W. R. R., C. & A. Ry., C. P. St. L. Ry., C. C. C. & St. L. Ry., Ill. Cent. R. R., L. H. & St. L. Ry., Southern Ry., T. H.

& I. R. R., the Wabash R. R., T. St. L. & W. R. R. and the C. B. & Q. R. R.

By call of roll it was determined that each representative present had full authority and instructions to act in accordance with the Chicago agreement and the question of considering the rate situation and the reporting of any contracts at variance with regular authorized rates and classification that could not be withdrawn on regular notice was taken up.

I enclose herewith a memorandum which gives the verbatim report of each representative:

By paragraph No. 1 is B. & O. S. W. R. R.
By paragraph No. 2 is C. & A. R. R.
By paragraph No. 3 is C. P. & St. L. R. R.
By paragraph No. 4 is C. C. C. & St. L. R. R.
By paragraph No. 5 is Illinois Central R. R.
By paragraph No. 6 is L. H. & St. L. Ry.
By paragraph No. 7 is Southern Ry.
By paragraph No. 8 is T. H. & I. R. R.
By paragraph No. 10 is T. St. L. & W. R. R.
By paragraph No. 11 is C. B. & Q. R. R.

The following resolution was adopted:

Resolved, that in making this report, that has just been arranged by the Committee that the Chairman state to Mr. Tucker, that the question of unauthorized tariffs as covered by the Chicago agreement will be taken up by this Committee at its meeting on Tuesday next, together with the use of proportional rates in an unauthorized manner.

From this you will note that the work of our Committee in the direction of securing absolute maintenance of authorized tariffs will be continued at our next meeting.

I would add that the utmost harmony prevailed in the efforts to secure absolute maintenance of rates.

Yours respectfully,

Chairman."

"Feb. 5, 1902.
4122.

Mr. J. F. Tucker, Chairman Central Freight Assn., Chicago, Ill.

Dear Sir:—Further in line with action of Chief Freight Traffic Officials at meeting held in your office Jan. 22nd, interested lines convened again today with complete representation for the purpose of taking up the question of unauthorized tariffs as explained to you in my letter of Jan. 31st, the following lines were represented: B. & O. S. W. R. R., C. & A. R. R., C. P. & St. L. R. R., C. C. C. & St. L. R. R., Ill. Cent. R. R., L. H. & St. L. R. R., Southern Ry., T. H. & I. R. R., the Wabash R. R., T. St. L. & W. R. R., and the C. B. & Q. R. R.

By call of roll it was determined that each representative present was in position to authoritatively consider the question before the meeting.

I enclose herewith memorandum giving the detailed information as to unauthorized rates as reported by each representative.

When our meeting adjourned it was with the understanding that at the next meeting of interested lines to be held Friday, Feb. 7th, the work as contemplated in the resolution contained in my letter of Jan. 31st will be continued.

Yours respectfully,

Chairman.

P. S.—Am sending you under another cover tariffs submitted by various lines which contain unauthorized rates referred to in the report."

Above exhibit is marked "Complainant's Exhibit Fraser No. 745."

Complainant offers in evidence correspondence between officials of the Central Freight Association and the St.

Louis East-bound Freight Committee, concerning agreement to get rid of certain cut rates on cotton, from St. Louis to seaboard points, as follows (4122-A):

"Chicago, Ill., February 3rd, 1902.
File 8870.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I am in receipt of your personal of the 31st ultimo, your File 4122.

Am pleased to note that a full meeting was held and that each member had full authority and instructions to act in accordance with the proceedings of the meeting of chief traffic officials held here January 22nd, and further, that you are to have another meeting tomorrow February 4th to consider the subjects.

What rates should be authorized by tariff from East. St. Louis on both round and square bale cotton to meet the requirements of the lowest contract, and what is the latest date of the expiration of such rates? I judge that it will be necessary to make a 10c less rate on round bales and 5 cents on square bales; but what does this reduction of the authorized rate make the rates from East St. Louis. Am anxious to know when we can have these cotton rates expire, for I notice that quite a number of the arrangements are made for the season. What does the season mean—give us some date when these contracts on cotton will absolutely end.

Yours very truly,
(Signed) J. F. Tucker, Chairman."

"Feb. 5, 1902.
4122-A.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—I have your letter of Feb. 3rd, file 8870, in regard to rates on round and square cotton.

This matter was considered at meeting of interested lines today and the following resolution was adopted, which explains itself:

Resolved, that a special committee of five be appointed for the purpose of considering the cotton question and report at the next meeting of the committee, and that the Chair advise Chairman Tucker of this action, so that the information may be presented to the Central Committee tomorrow, showing that this disposition has been made of the cotton question for the present.

Pursuant to above resolution the Committee of five was duly appointed. They will get to work at once and we hope to have their report at Friday's meeting.

Yours respectfully,

Chairman."

"Chicago, Ill., February 7, 1902.
File 8870.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I enclose herewith a recommendation unanimously passed by the Central Committee at their meeting yesterday, and have written each chief freight traffic official of east-bound lines from Chicago enclosing them copy of this recommendation and asking them to give their representatives instructions as to the notices to be given.

I particularly call your attention to the last clause of the recommendation.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Enclosure.

"Chicago, Ill., February 13, 1902.
File 8678.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—At a meeting of the chief freight traffic of-

ficials of the St. Louis east-bound roads held at this office this afternoon there were present:

W. M. Bushnell, G. F. A., C. P. & St. L.
E. F. Cost, F. T. M., C. C. C. & St. L.
P. W Coyle, A G. F. A., Wabash R. R.
R. A. Campbell, A. G. F. A., Southern Ry (St. L.-L. Div.).
A. Fries, A. G. F. A., B. & O. S. W. Ry.
N. W. Taylor, G. F. A., Vandalia Line.
F. A. Wann, G. F. A., C. & A. R. R.
C. D. Whitney, G. T. M., T. St. L. & W. R. R.

The following was unanimously agreed upon:

"We each individually state we will not quote rates on or book cotton at less than the duly authorized rates, from this date; that we will each at once give the Chairman of the St Louis East-bound Committee the number of bales we have actually booked, he to send such report to the Chairman of the Central Committee, and each of us will report weekly the number of bales shipped under such bookings, this report also to be sent to the Chairman of the Central Committee. This only to apply on export cotton.

It is further understood that the Chairman of the St. Louis East-bound Committee shall give immediate notice over our individual signatures to all connecting lines that on all cotton delivered to us on and after March 1st, 1902, will be charged the duly authorized rates—i. e., 30 cents per 100 pounds basis East St. Louis to New York, on all cotton, both square and round bales."

It was understood that the General Freight Agent of the Vandalia Line, having no engagements, his signature should not be attached to this notice.

Yours very truly,

(Signed) J. F. Tucker, Chairman."

"Chicago, Ill., February 14, 1902.
File 8678.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee.

(Note: Send one to each Freight Traffic Official of East-bound St. Louis lines.)

Mr. Dear Sir:—At the meeting of the intial roads from East St. Louis held Thursday, February 13, 1902, there were present Messrs:

W. M. Bushnell, G. F. A., C. P. & St. L. Ry.

R. A. Campbell, A. G. F. A., Southern Ry. (St. Louis Div.).

E F. Cost, F. T. M., C. C. C. & St. L. Ry.

P. W. Coyle, A. G. F. A., Wabash Railroad.

A. Fries, A. G. F. A., B. & O. S. W. R. R.

N. W. Taylor, G. F. A., Vandalia Line.

F. A. Wann, G. F A, C & A. R. R.

C. D. Whitney, G. T. M., T. St. L. & W. R. R.

This meeting was called for the purpose of considering the cotton situation at St. Louis, and after fully canvassing the situation, the following resolution was unanimously adopted:

"Resolved, that we each individually state we will not quote rates on book cotton at less than the duly authorized rates from this date; that we will each at once give the Chairman of the St. Louis East-bound Freight Committee the number of bales we have booked—he to send such report to the Chairman of the Central Committee, and each will report weekly the number of bales shipped under such booking, this only to apply on export cotton.

It is further understood that the Chairman of the St. Louis East-bound Freight Committee roads shall give immediate notice over our individual signatures to all connecting lines that on all cotton delivered to us on and after

March 1, 1902, will be charged the duly authorized rates, that is, 30 cents per 100 pounds, East St. Louis, Ill., to New York basis, on all cotton both square and round bales.'

Yours very truly,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 746."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis East-bound Freight Committee, concerning agreement in regard to dressed meats and packing-house products, as follows (4122-B):

(Western Union Printed Blank.)

"16 A SG OM 132 D. H.

Chicago, Ill., Feby. 21st, 1902.

R. M. Fraser, St. Louis, Mo.:

We understand western roads, or some of them, contemplate another reduction in rates on dressed beef and packing-house products from Missouri River points; Kansas City to Sioux City inclusive to western termini and points east. The Central Committee request you to at once convene your committee and have it unanimously understood that the freight transfer bills, bills from western roads on the traffic show proper divisions of through rates, which in all cases shall be the duly authorized local rates east of East St. Louis, and that you will bill at such locals rates and not participate in anything less and decline to receive the traffic if it is not understood by western roads. All western connections should be advised of this so that there will be no misunderstanding. File 8866.

J. F. Tucker. 10:43 a. m."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning agreement to maintain lumber rates, as follows:—(4122-C)

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, February 7, 1902.

8452.

Messrs. W. E. Campbell, G. F. A. C. & E. I. R. R., Chicago.; W. E. Keepers, G. F. A. I. C. R. R., Chicago; Haiden Miller, G. F. A. M. & O. R. R., St. Louis; F. E. Cost, F. H. T. C. C. C. & St. L. Ry., Cincinnati.; F. P. Jeffries, G. F. A. H. & T. H. R. R. Evansville.; C. R. Brent, Chairman, Louisville Frt. Com. Louisville.; O. G. Fetter, Chairman, Cincinnati

Frt. Com. Cincinnati.; R. M. Fraser, Chairman, St. Louis E. B. Frt. Com. St. Louis.:

Gentlemen:—At meeting of Central Committee yesterday the question of unauthorized rates on lumber and the unauthorized use of lumber rates on wagon material from the Mississippi and Ohio River came up for consideration and the Committee instructed me to recommend that a Committee of the St. Louis, Thebes, Cairo, Evansville, Louisville and Cincinnati roads have a meeting and carefully consider the whole matter and make a recommendation as to what tariffs should be used.

In accordance therewith, please meet here at Chicago next Wednesday morning, February 12th., at 10:00 A. M., and let's see if we cannot fix this matter up.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Feb. 8, 1902.
4122.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Further in line with action of Chief Freight Traffic Officials at meeting held Jan. 22nd., interested lines convened again Feb. 7th, with the following representation:

B. & O. S. W. R. R.—C. & A. Ry.—C. P. & St. L. Ry.—C. C. C. & St. L. Ry.—Ill. Cent. R. R.—L. H. & St. L. Ry.—T. H. & I. R. R.—Wabash R. R.

C. B. & Q. R. R. represented by the C. C. C. & St. L. Ry. and T. St. L. & W. R. R. representative while unable to be present signified his willingness to abide by any agreement reached at the meeting.

The subject taken up for discussion was the irregular applicition of Proportional Rates and Divisions on Lumber and after discussion, the following resolution was unanimously adopted:—

Resolved: That, on and after this date the authorized rates and divisions as published by the C. F. A. on Lumber from and through St. Louis and East St. Louis be strictly maintained;

Further, it being distinctly understood that the rates and divisions as applied are to be absolutely in accord with the Tariffs and Divisions as authorized on such Lumber by the Ass'n.

The vote of the absentees, T. St. L. & W. R. R. and Southern Ry. being secured later by the Chairman.

Respectfully,

Chairman."

CENTRAL FREIGHT ASSOCIATION.

Chicago, Feb. 11, 1902.

8452.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir: I am favored with your letter of the 8th, your 4122.

In some way the lines through St. Louis, Thebes, Evansville, Louisville and Cincinnati must come to an understanding in regard to the lumber rates, and also stop the hauling of all sorts of wagon material and wood in shape at lumber rates. It will pull down the whole structure of the lumber rates in Michigan and other points if it is not done. The Classification rules are the only ones to adopt, and at the meeting to-morrow I mean to recommend that on and after say March 1st, or perhaps an earlier date, the Classification rules and regulations as to manufacturers' lumber shall be carried out strictly and have the inspector report any variation so as to bring the matter before the Central Committee—it is the only way to do it as I see.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Feb. 19, 1902.

Messrs. O. G. Fetter, Chairman, Cincinnati Committee, Cincinnati.; C. R. Brent, Chairman, Louisville Committee, Louisville.; F. P. Jeffries, Chairman, Evansville Committee, Evansville.; R. M. Fraser, Chairman St. Louis Committee, St. Louis.; C. J. Brister, A. G. F. A; C. C. C. & St. L. Ry., Cincinnati.; W. E. Keepers, G. F. A., Ill. Cent. R. R. Chicago.:

Gentlemen:—At a meeting of the Central Freight Association on the 13th. inst., the matter of what rates shall be charged north of the Ohio River crossings on shipments of lumber and forest products originating at points on the Gulf and Ship Island, New Orleans and Northwestern & Vicksburg, Shreveport & Pacific Railroads were considered and it was unanimously recommended that the regular established rates from Ohio River crossings and East St. Louis should be charged. If any equalization is necessary it shall be done by the southern roads. It seems well that the Chairman of the local committees to which this letter is addressed should place the question on the docket at their next meeting and have the matter thoroughly understood.

Kindly acknowledge receipt,

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Feb. 21, 1902.

4122-C.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Yours 19th., file 8865, regarding divisions on Lumber from points on the G. & S. I., N. O. & N. E. and V. S. & P. to points north of the Ohio River was presented to the Committee at meeting this A. M., and I was

instructed to advise you that the Committee would like to be informed as to what conditions with respect to this subject are found to prevail through other gateways.

Awaiting your further advice, I am,

Yours respectfully,

Chairman.

ST. LOUIS EASTBOUND FREIGHT COMMITTEE.

Union Station, Rooms 404-406.

St. Louis, Mo., Feb 21, 1902.

4122.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—At meeting of our Committee today, the following resolution was adopted, as per signatures found below:—

Recommended, That, the proportional rates applying on lumber articles taking lumber rates, from East St. Louis to Eastern Cities as per C. F. A. information Nos. 273-A and 1878, be applied on lumber, etc., shipped locally from East St. Louis, Ill. and St. Louis, Mo.

This resolution was adopted for presentation to the Central Committee through you to assist our lines in getting away from the unauthorized application of Proportional Lumber rates from East St. Louis to Eastern Cities on such traffic originating at East St. Louis or St. Louis, Mo.

It has been the practice of our lines to protect this basis on the traffic described, such actions being based on like custom which is known to exist at Ohio River crossings and in view of these facts it is not consistent to carry the 6th class rate on this traffic and for this reason request is made as contained in resolution to publish rates.

Will you kindly see that this matter is submitted to the Central Committee as early as possible.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—I am in receipt of your favor of the 21st., your File 4122.

I will have this matter presented to the Central Committee at their meeting Thursday of this week, though I am inclined to the belief that it should be sent out by Advice Letter for votes of the Association.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Feb. 24, 1902.

8665.

Mr. R. M. Fraser, St. L. E. B F. Committee, St. Louis, Mo.

Dear Sir:—Acknowledging receipt of your favor of the 21st. inst., file 3129 (correct No. 4122-C) would advise

that so far we have not been informed by Chairman of Local Committees at Ohio River crossings what action has been taken pursuant to joint letter from this office to you and others dated the 19th. inst.

It is fair to presume, however, that they will conform to the Association's wishes and charge the regularly established rates on lumber originating at points mentioned in the communication referred to. It appears to me if each committee is going to postpone action in the matter until they are sure every other committee interested will carry out the legislation, the recommendation will never be made effective. My impression is the St. Louis lines should consequently agree to conform, and in case they afterwards find out any other committees have not done likewise, the matter can be then taken up.

Yours very truly,
(Signed) J. F. Tucker, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 748."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning efforts to reduce rate on scrap iron from East St. Louis, Ill., to Indiana points; as follows:—(4122-D).

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Feb. 8, 1902.
8870.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—The Central Committee at meeting Thursday this week recommended that the rate be authorized

from East St. Louis to Terre Haute, Ind., of $1.00 per gross ton on scrap iron, to expire April 30, 1902; that tariff be issued and filed with the Interstate Commerce Commission, but sent only to the roads directly interested and to none others, and that the tariff should state on its face "Expiring April 30, 1902, unless sooner revoked."

There will be no information circular issued in relation to this.

Yours very truly,
(Signed) J. F. Tucker, Chairman.

March 31, 1902.
4122.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—At meeting today the rate on Scrap Iron, C. L. to Terre Haute, Ind., was under consideration and it was:

Resolved, That, Chairman Tucker be requested to take up with the C. & E. I. R. R. question of rate on Scrap Iron from Chicago to Terre Haute of $1.00 per gross ton with the view of having same withdrawn, as a continuance of the rate will necessarily result in permanent reduction of rates on similar traffic not only from East St. Louis to Terre Haute, but other points beyond.

Please give this your immediate attention, advising result and oblige, Yours respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, April 12, 1902.
9246.

Subject:—Scrap Iron, Chicago and East St. Louis to Terre Haute.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your letter of the 2nd. inst., your 4122-D.

The Central Freight Association considered this matter at their meeting Thursday and recommended that the application be declined.

The Central Committee considered the matter of scrap iron rates also at their meeting yesterday and urgently recommended that the rate of $1.00 per gross ton on scrap iron, in carloads, from East St. Louis, Ill. to Terre Haute, Ind., should be withdrawn, for, seemingly, this, and the rate of $1.00 per gross ton from Chicago to Terre Haute, was the pivotal point, the sympathetic influence of which was urging many applications for reductions in scrap iron rates; and yet it was stated that scrap iron commanded a high price and was urgently sought for by all who used it.

Yours very truly,
(Signed) J. F. Tucker, Chairman.

August 30th, 1902.
4122-D.

Rate on Scrap Iron to South Bend, Ind.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—At meeting 29th., letter from member was read on above subject and it was

Recommended, To the Central Freight Ass'n that rate of $1.60 per gross ton, minimum weight 15 gross tons, be established on Scrap Iron, East St. Louis to South Bend, Ind., in line with rate of $1.40 per ton to Chicago, also rate to the Gas Belt Points as per C. F. A. Information No. 3229.

Present rate, $1.85 per ton, authority CFA Info. No. 2684.

Please have necessary action taken at once, advising result. Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, September 2, 1902.

Subject:—Proposed rate on Scrap Iron, C. L., from East St. Louis, Ill., to South Bend, Ind.

Advice Letter No. 543.

To the General Freight Agents:—

Gentlemen:—The following is received from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee:

"At meeting on the 29th., a letter was read from one of the members on the subject of rate on scrap iron, in carloads, from East St. Louis, Ill., to South Bend, Ind. and it was

'Recommended to the Central Freight Association that rate of $1.60 per gross ton, minimum weight 15 gross tons, be established on scrap iron, in carloads, from East St. Louis, Ill., to South Bend, Ind., in line with rate of $1.40 per ton to Chicago, also rate of $1.30 per ton to Gas Belt points, as per C. F. A. Information No. 3429.'

The present rate is $1.85 per ton, as per Information No. 2684.

Please have necessary action taken at once, advising result."

The present rates mentioned above are as stated.

Please note on the enclosed blank your views as to the rate proposed, and thus oblige,

Yours very truly,

J. F. Tucker, Chairman."

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Sept. 8, 1902.

H-543.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir:—This will acknowledge receipt of your favor

of August 30th., file 4122-D, applying for rate of $1.60 per gross ton on scrap iron, C. L., from East St. Louis, to South Bend.

The application was presented for views of C. F. A. lines by Advice Letter H-543 and in view of the large negative vote recorded against the proposition, it cannot be approved.

It is thought the present rate to Gas Belt points and Chicago need not necessarily disturb the present rate to South Bend, for if it does, it means Peoria, Ohio River crossings and other points competitive with East St. Louis will have to be granted corresponding decrease.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Application declined.

See Advice Letter H-562 Sept. 9, 1902.

Sept. 16, 1902.
4122-D.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Yours 8th., file H-543 was read at meeting 12th. The T. H. & I. R. R. entered a protest, which was endorsed by the Committee and copy of T. H. & I. letter ordered sent to you as follows:—

"Dear Sir:—I note from Chairman Tucker's Advice Letter H-562, that the application for rate of $1.60 on Scrap Iron, E. St. Louis to South Bend has been declined.

We wish to enter our protest against this action on the part of the Central Freight Ass'n, and ask that the matter be re-submitted, insisting that the proposition of the St. Louis Committee is correct.

The rate asked for is not at all out of line with rates already in effect in Chicago and Gas Belt Points and I find that upon looking over our records, that whereas, last year we carried a large amount of Scrap Iron from this point to South Bend, this year we have practically none and we are

told that this is on account of the high rate to South Bend, as compared with low rates to Terre Haute and Gas Belt Territory.

We feel confident that in voting upon this proposition the C. F. A. lines have not given the matter the full consideration which it would seem to deserve. As stated to you we are perfectly willing to restrict the rate to South Bend only, and will not, under any circumstances, allow it to be extended to other territory which is not absolutely on a direct line to South Bend.

We would ask that this matter be submitted direct to Chairman Tucker, in order that it may be docketed for C. F. A. meeting this week."

Please have this subject re-considered at meeting this week, advising result. Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, September 18, 1902.

Subject:—Proposed rate on Scrap Iron, C. L., from East St. Louis, Ill., to South Bend, Ind.
Advice Letter No. H-595.

To the General Freight Agents,

Gentlemen:—Referring to Advice Letter No. H-543 dated September 2, 1902, application for rate of $1.60 per gross ton on Scrap Iron, in carloads, East St. Louis, Ill., to South Bend, Ind.:

This proposition was duly submitted for the views of Central Freight Association roads, but on account of the vote as recorded thereon, it was decided that the rate be not approved (See Advice Letter No. H-562, September 9, 1902).

In this connection we are now in receipt of the following

communication from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee:

"Your letter of the 8th, file H-543, relative to the non-concurrence of Central Freight Association roads in rate of $1.60 per gross ton on scrap iron, in carloads, from East St. Louis, Ill., to South Bend, Ind., was read at meeting of this committee on the 12th. instant. The T. H. & I. R. R. entered a protest, which was endorsed by the Committee and copy of T. H. & I. letter ordered sent you, as follows:

'"I note from Chairman Tucker's Advice Letter No. H-562, that the application for rate of $1.60 on scrap iron, E. St. Louis to South Bend has been declined.

We wish to enter our protest against this action on the part of the Central Freight Association, and ask that the matter be re-submitted, insisting that the position of the St. Louis Committee is correct.

The rate asked for is not at all out of line with rates already in effect to Chicago and Gas Belt points, and I find that upon looking over our records that wheras last year we carried a large amount of scrap iron from this point to South Bend, this year we have practically none and we are told that this is on account of the high rate to South Bend as compared with low rates to Terre Haute and Gas Belt territory.

We feel confident that in voting upon this proposition the Central Freight Association lines have not given the matter the full consideration which it would seem to deserve. As stated to you, we are perfectly willing to restrict the rate to South Bend only, and will not, under any circumstances, allow it to be extended to other territory which is not absolutely on a direct line to South Bend.

Please have the matter re-submitted and advise result."
The present rate is $1.85 per gross ton.

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Sept. 24, 1902.

H-595.

Mr. R. M. Fraser, Chairman, St. Louis E. B. F. Committee, St. Louis, Mo.

Dear Sir:—Referring to your favor of the 16th. inst., file 4122-D, relative to re-submitting for consideration of C. F. A. lines proposition to establish rate of $1.60 per ton on scrap iron from East St. Louis to South Bend.

This matter was again presented to C. F. A. roads and it is declined by a large negative vote. The roads voting in the negative feel confident that if reduction of 25 cents per ton as proposed is granted it will be impracticable for rates to competitive points to be maintained on present figures but they will ask relative reductions, and this it is considered is not demanded by any condition either from a commercial or railroad point of view. While the rate proposed may be in line with that established to Chicago or Indiana Gas Belt points, yet as these latter rates were brought about by a condition beyond the control of the C. F. A. lines at large, it is the opinion that they should be restricted to as small traffic as possible and should not be permitted to interfere with rates to competitive points. The application as submitted cannot therefore be approved.

Yours very truly,

(Signed) J. F. Tucker, Chairman.

Meeting 26. See Advice Letter H-629 Sept. 25, 1902.

Above exhibit is marked "Complainant's Exhibit Fraser No. 749."

Complainant offers in evidenece correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, showing consideration of application for rate on mineral wool, St. Louis to New York, as follows: (4135)

"April 1, 1902.
4135.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—At meeting today letter March 29th from the American Insulating Material Mfg. Co., St. Louis was read, making application for reduced rate on Mineral Wool, for export, and it was:—

Resolved, That the subject be referred to the Central Freight Ass'n, without recommendation, for consideration at its next meeting.

The Official Class'n basis is 5th class, C. L. minimum 24,000 lbs. 35 cts. per 100 lbs., East St. Louis to New York.

Enclosed find letter March 29th from the American Insulating Material Mfg. Co., which explains itself.

Please advise disposition early as practicable.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, April 15, 1902.

Please refer to file 9261.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—With reference to your favor April 1st, file 4135, and with return of enclosures which accompanied

same, would state that the subject of authorizing a rate of 23 cts. per 100 lbs. on mineral wool from St. Louis to New York for export was considered by Central Freight Ass'n at meeting on 10th inst., for the reason that if any reduction is made in the present rates from E. St. Louis, corresponding changes will have to be made from other points as well as to other Eastern destinations, and this it was thought the conditions do not by any means warrant.

Yours very truly,

J. F. Tucker, Chairman.

(Enclosures)."

Above exhibit is marked "Complainant's Exhibit Fraser No. 750."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee concerning efforts of shippers to have St. Louis Committee rules make minimum weight on potatoes in carloads; as follows: (4154)

May 31, 1902.

4154.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—At meeting yesterday letter was submitted protesting against the carload minimum, 30,000 lbs. on Green or Fresh Potatoes and after due consideration, it was:—

Recommended, To the Central Freight Association that 24,000 lbs. minimum be established on Fresh or Green Potatoes, during the months of June, July, August and September and that a letter vote be taken on the proposition so that action may be taken in time to give us and the shippers relief for this year.

During the consideration of this subject it was argued

that 24,000 lbs. minimum carload prevailed in the territory from which the Potatoes were shipped.

I find in our files the following:—

W T. L. Rules Circular No. 4 dated, Chicago, March 20th, Potatoes, minimum carload 24,000 lbs. June 1st—Sept. 30th and 30,000 lbs. Oct. 1st—May 31st.

Arkansas Freight Committee Tariff No. 1-A dated St. Louis, April 18th minimum carload 24,000 lbs.

Southern Class'n No. 30, dated Atlanta, Ga. Feb 20th, minimum carload 24,000 lbs.

Please have action taken advising result quick as possible and oblige, Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, May 31, 1902.

Please refer to file G-634.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—I enclose some original correspondence in relation to the minimum on potatoes. It seems singular that these matters should be referred to me.

It does not appear to me there is any injustice or unreasonableness to the potato shipper to chrage him 30,000 pounds even though he can load but 24,000. What argument is there why the railroads should furnish a wagon with a carrying capacity of 20 tons and upwards and then be paid only for 12 tons, at the present low rate on potatoes?

Undoubtedly, in view of my messages, the parties will refer the matter to the St. Louis Committee, and it occurred to me it would be wise for you to have this correspondence

so that the St. Louis Committee could consider it understandingly.

Yours very truly,

J. F. Tucker, Chairman.

Enclosure.

P. S. Please return enclosures when you are through with them."

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, June 2, 1902.

Subject:—Proposed minimum carload weight during months of June, July, August and September on Fresh or Green Potatoes, C. L., from and to points in Central Freight Association territory.

Advice Letter No. H-136.

To the General Freight Agents,

Gentlemen:—The following received from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee:

"At meeting yesterday (May 29th) the enclosed letter was submitted protesting against the carload minimum of 30,000 pounds on green or fresh potatoes, and after due consideration it was

'Recommended, To the Central Freight Association that 24,000 pounds minimum be established on fresh or green potatoes during the months of June, July, August and September and that a letter vote be taken on the proposition so that action may be taken in time to give us and the shippers relief for this year.'

The present minimum carload weight is 30,000 pounds, as per Supplement No. 2 to Official Classification No. 22.

Please note on the enclosed blank your views as to the foregoing.

Prompt reply is respectfully asked.

Yours very truly,

J. F. Tucker, Chairman.

Enclosure."

"A-L. No. H-136, Page 2.

Miller & Teasdale Co.

St. Louis, Mo., May 29, 1902.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—New potatoes from the southern territory are now rolling in considerable quantities and we are diverting out of here to Central territory and just learn that the minimum on this commodity is now 30,000 pounds, whereas heretofore it has always been 24,000 pounds, which, owing to the perishable condition of the commodity is excessive, and previous to the 24,000 pounds maximum it was 20,000 which was all it would stand. The potatoes are green and fresh, and we have had considerable trouble even at the 24,000 pounds minimum; to load heavier would make them heat and rot.

It will cause heavy loss to the shippers if we are forced to comply with the 30,000 minimum and furthermore, the the potatoes are already loading and moving and some relief must be arranged. This minimum should be reduced during June, July and August. There is a good crop in the south and the movement will be heavier than usual.

We beg of you and your committee to take this matter up immediately and have our minimum restored to 24,000 pounds, which is the very utmost the commodity will stand. Will you kindly advise us regarding the matter? Early action and some advice from you will be highly appreciated, not only by ourselves but also to the St. Louis Produce Ex-

change, as well as the merchants interested in the business.

Yours truly,

(Signed) Miller & Teasdale Co."

Chicago, June 9th, 1902.

Please refer to File H-136.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your letter of May 31st, file 4154, relative to re-establishing minimum carload weight of 24,000 lbs. on fresh or green potatoes transported during the months of June, July, August and September. This proposition was submitted for views of C. F. A. lines by Advice Letter H-136, and as there is a large negative vote recorded against it, same cannot therefore be approved. It is thought the conditions do not justify a re-establishment of 24,000 lbs. minimum, and if granted, so far as any particular traffic is concerned it means that it must be restored from and to all points governed by the Official Classification.

Yours very truly,

J. F. Tucker, Chairman."

Fetter, Chairman, Cincinnati Committee, Cincinnati; R. M. Fraser, Chairman, St. Louis Committee, St. Louis; C. J. Hupp, Chairman, Detroit Committee, Detroit; F. P. Jeffries, Chairman, Evansville Committee, Evansville; E. T. Johnson, Chairman, Buffalo Committee, Buffalo; H. F. Lowry, Chairman, Cleveland Committee, Cleveland:

Gentlemen:—At the present time the minimum carload weight on potatoes from and to points governed by the Official Classification is 30,000 lbs. per car. This is also the minimum weight charged on shipments originating at points south of the Ohio river and west of the Mississippi River. Recently, however, the southern roads have asked C. F. A. lines to re-establish minimum weight of 24,000 lbs. on shipments from southern points, it being claimed that the potatoes from that territory are soft, contain con-

siderable water and if loaded to minimum weight of 30,000 pounds they are bruised and injured in transit.

The question of concurring in this request of the southern lines was considered by the Central Freight Association at meeting on the 18th instant, and it was recommended that we should obtain from you if there is any necessity for reduction in the present minimum weight on this class of traffic. The idea is that you, through the various members of your committees, will ascertain the facts from both the receivers and shippers of potatoes. It is claimed by representatives of nearly every road in this Association, and also by the Chairman of the Official Classification Committee that potatoes can be loaded and transported at any season of the year to minimum weight of 30,000 lbs., particularly when shipped in barrels, without being damaged, and that this refers to potatoes from southern points, as well as those originating in this territory or west of the Mississippi River.

Yours very truly,

J. F. Tucker, Chairman."

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—Acknowledging receipt of your favor of the

18th inst., would state that the Wabash now admit it was an error on the part of the Company continuing in effect the minimum weight of 24,000 pounds on potatoes from East St. Louis ex beyond, and that immediate steps will be taken to apply minimum carload weight of 30,000 pounds.

The Clover Leaf also have in effect minimum carload weight of 24,000 pounds on potatoes, which was made to meet the tariff of the Wabash, but we have informed General Traffic Manager Whitney what the Wabash intend to do and anticipate he will act correspondingly without delay.

Yours very truly,

J. F. Tucker, Chairman."

Out-Turn Weights on Shipments of Produce.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.:

Dear Sir:—This subject was considered at meeting 18th, Proceedings No. 69; at meeting to-day it was given further consideration and the following was adopted:

Whereas, It having developed that the provisions of C. F. A. Info. No. 4630 (St. Louis Eastbound Freight Committee Special Notice No. 1375) are not being complied with and that invoice weights or out-turn weights are not being accepted on shipments of potatoes, received from various C. F. A. points, at East St. Louis, and that the terms of Info. 4630 being difficult, if not impossible to comply with,

We Recommend to the Central Freight Association that same be cancelled.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, December 31, 1903.

Please refer to file 11068.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—In reply to your favor of the 30th inst., file 4154, would state that we will docket for consideration at the next meeting of the Central Freight Association, which will be held on January 13th and 14th, 1904, the question of abrogating Information Circular No. 4630.

Yours very truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jany. 18, 1904.

Please refer to file 11068.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Freight Committee, St. Louis, Mo.:

Dear Sir:—Referring to your favor of the 30th ult., file 4154, relative to cancellation of Information 4630:

The matter was very thoroughly considered by the Central Freight Association, at meeting on the 14th inst., and it was recommended that the provisions of said Information Circular be reaffirmed and applied on Vegetables. While the representatives of a few roads members of this Association endeavored at meeting on the 14th inst. to point out where it is impracticable to carry out the rule, the remaining members are of the opinion that the rule is consistent and one that should be enforced by all.

Yours respectfully,

J. F. Tucker, Chairman."

4154.

Minimum Weight on Potatoes.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—At a meeting 20th this subject brought up by letter from a member submitting copy of letter from Pres't. of the St. Louis Fruit & Produce Exchange, which was read and which was to the effect that they desired minimum of 24,000 lbs. established on new potatoes.

After discussion the following was adopted:

Recommended, to the C. F. A., that inasmuch as the question of Minimum weight on potatoes has again presented itself and a request made for the restoration of the old minimum weight of 24,000 lbs., which this committee does not deem advisable to endorse for adoption by C. F. A. lines, that their attention be called to action taken last year when it was decided that the minimum weight of 30000 lbs. was to be maintained from the Ohio River Crossings and East St. Louis on shipments originating south of the Ohio River and west of the Mississippi River, that all lines in C. F. A. give notice to the Interstate Commerce Commission of their non-concurrence in all tariffs that may be published on lower basis.

Respectfully, Chairman."

"June 28, 1904.
4154.

Minimum Weight on Potatoes.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Will you please inform me what action, if any, has been taken on the above subject, in connection with the recommendation transmitted to you by letter May 21st?

If possible, let me have reply in time for meeting Friday, July 1st, 10:00 A. M., and oblige,

Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 29, 1904.

Please refer to file 10480.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Referring to your favor of the 28th inst., file 4154, regarding minimum weight on potatoes:

As it is only the minimum carload weight on potatoes originating south of the Ohio River and west of the Mississippi River that is in question, it is the opinion that if the northbound roads from Ohio River crossings, East St. Louis and Thebes notify their direct connections, and, also, the Interstate Commerce Commission, that the minimum carload weight of less than 30,000 pounds will not be recognized by them on shipments of potatoes it will be sufficient to cover the matter and it is unnecessary for all roads in the Association to furnish such notice.

If such action is taken will not same be satisfactory to the St. Louis Committee?

Yours very truly,

J. F. Tucker, Chairman."

"July 20, 1904.

4154.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.:

Dear Sir:—Yours June 29th, file 10480, was given further consideration at meeting 19th and in view of the Southern Potato Crop having about all moved, it was

Moved, That the subject be tabled, and in the event of any tariffs being discovered showing a lower minimum than 30,000 lbs. that Chairman, C. F. A., attention be called thereto, with the request that he write the line publishing the tariffs, asking that they be corrected and in the

event that he fails, lines who are made parties to the tariffs to give notice of their non-concurrence.

Trusting that the action as indicated will dispose of the subject, I am,

Yours respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 751."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St Louis Eastbound Freight Committee, showing application from St. Louis Committee for commodity rate on white lead in oil, East St. Louis to eastern points; as follows (4156):

"June 7, 1902.
4156.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—At meeting 6th application was made for Commodity Rate on Articles named below in Straight or mixed carloads and after due consideration, it was

Recommended, To the C. F. A., that they authorize a Commodity Rate, same as 6th class to C. F. A. Points on Straight or mixed carloads, minimum weight 40,000 lbs. of Whie Lead, in Oil; in casks, barrels, etc.—White Lead, dry, in casks, barrels, ets.—Red Lead, Litharge, Babbitt Metal, in boxes—Solder,—Lead Pipe on reels, completely enclosed and slatted; also in barrels—Lead, bar, coil and sheet in boxes or casks—Lead Traps in barrels and Glazier's Lead.

Present carload classification on White Lead, Red Lead, Litharge, Babbitt Metal, Solder, Lead Traps and Glazier's Lead is 5th class and on Lead, bar, coil and sheet and lead pipe on reels 4th class.

Shipments load and carry safely with the ordinary care extended to the transportation of freight and there are practically no claims arising unless induced by extraordinary causes.

In addition to the letter received from member making application for the Commodity Rate I received the following in support of the resolution:

"In connection with the resolution adopted by the Committee at meeting to-day to recommend to C. F. A. that authority be granted to put in effect a Commodity Rate which shall be the same as 6th class from E. St. Louis, minimum 40,000 lbs. on straight or mixed carloads of various articles mentioned in my letter of even date all of which are manufactured directly or indirectly from Pig Lead. In addition to the date given in my letter I wish to say further in support of the proposition, that during the continuance of the present low rates on Pig Lead from E. St. Louis to points in C. F. A. territory, there is much merit in the request for a reduction in the rates on articles manufactured from Pig Lead, on the basis suggested."

Please have this given early consideration, advising result.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor, Monadnock Block.

Chicago, June 9, 1902.

Advice Letter No. H. 165.

Subject—Proposed rates on White Lead, Babbitt Metal, etc., straight or mixed, C. L., East St. Louis, Ill., to all Central Freight Association points.

Advice Letter No. H 165.

To the General Freight Agents:

Gentlemen—The following is received from Mr. R. M.

Fraser, Chairman, St. Louis Eastbound Freight Committee:

"At meeting the 6th instant, application was made for commodity rates on articles named below in straight or mixed carloads, and after due consideration it was

'Recommended, to the Central Freight Association that they authorize commodity rates same as 6th class to Central Freight Association points on straight or mixed carloads, minimum weight 40,000 pounds, of White Lead, in oil, in casks, barrels, etc; White Lead, dry, in casks, barrels, etc; Red Lead, Litharge, Babbitt Metal in boxes; Solder Lead Pipe, on reels, completely enclosed and slatted, also in barrels; Lead, bar, coil and sheet, in boxes, or casks; Lead Traps, in barrels, and Glazier's Lead."

Present carload classification on White Lead, Red Lead, Litharge, Babbitt Metal, Solder, Lead Traps and Glazier's Lead is 5th class, and on Lead, bar, coil and sheet, and Lead Pipe on reels, 4th class.

Shipments load and carry safely with the ordinary care extended to the transportation of freight and there are practically no claims arising unless induced by extraordinary causes.

In addition to the letter received from member making application for commodity rates, I received the following in support of the resolution:

'In connection with the resolution adopted by the committee at meeting to-day to recommend to the Central Freight Association that authority be granted to put in effect a commodity rate which shall be the same as 6th class from East St. Louis, Ill., minimum 40,000 pounds, on straight or mixed carloads of various articles mentioned in my letter of even date, all of which are manufactured directly or indirectly from pig lead. In addition to the data given in my letter I wish to say further in support of the proposition that during the continuance of the present low

rates on pig lead from East St. Louis to points in C. F. A. territory, there is much merit in the request for a reduction in the rates on articles manufactured from pig lead on the basis suggested.'

Please have this given early consideration, advising result."

The present rates mentioned are as stated.

Please note on the enclosed blank your views as to the rates proposed, and oblige,

Yours truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 16th, 1902.

Please refer to file H-165.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—With reference to your favor of June 7th, file 4156, relative to authorization of 6th class rates on straight or mixed carloads of white lead in oil, would state that Central Freight Association roads are directly opposed to the proposition, it being the opinion that application of E. St. Louis lines cannot be granted without the same rating being established from other points. It is also thought that to approve the proposition would mean corresponding change would have to be made on like traffic from Trunk Line territory.

Yours very truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, June 17, 1902.

Subject:—Disposition of application for rates.

Advice Letter No. H 205.

To the General Freight Agents:

Gentlemen:—Referring to the following Advice Letters:

No. H-138, dated June 2, 1902, application for rate of $1.50 per gross ton on coal pyrites, in carloads, Terre Haute (Ind.) territory to Cleveland, Ohio.

No. H-165, dated June 29, 1902, application for rates on white lead, Babbitt Metal, etc., in straight or mixed carloads from East St. Louis, Ill., to all points in Central Freight Association territory:

After further investigation, roads interested individually advise that it has been decided not to make effective the rates proposed in the Advice Letters above referred to.

Yours truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 752."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning instructions from Central Freight Association as to rate on lumber when same comes from points on Mobile, Jackson and Kansas City R. R.; as follows (4162):

"Feb. 17, 1902.
4122-C.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Yours 15th, file 8882, regarding divisions on Lumber from points on the M. J. & K. C. R. R. to points north of the Ohio River, was presented to the Committee at our meeting this A. M., and I was instructed to advise you that the practice mentioned was not being indulged in through the St. Louis Gateway and the Committee wish to know if you will kindly furnish me with information as to what conditions, in respect to this subject, are found

through other gateways and what remedy will be applied?

Awaiting your further advice, I am,

Yours respectfully,

Chairman."

"June 30, 1902.

4162.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Your Joint Letter 23rd, file 8882, submitted at meeting 27th (See proceedings issued 30th, page 5), and Circular Letter No. XXIX, June 29th, issued as instructed, copy attached.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Oct. 22nd, 1902.

Please refer to file 8882.

Messrs. O. G. Fetter, Chairman, Cincinnati Freight Committee, Cincinnati; F. P. Jeffries, Chairman, Evansville Freight Committee, Evansville; C. R. Brent, Chairman, Louisville Freight Committee, Louisville; R. M. Fraser, Chairman, St. Louis E. B. F. Committee, St. Louis; W. E. Keepers, G. F. A., Ill. Cent. R. R., Chicago; C. J. Brister, A. G. F. A., C. C. C. & St. L. St. L. Ry., Cincinnati:

Gentlemen:

At meeting of Central Freight Association June 18, and 19, 1902, under Docket 4368, it was decided that rules in C. F. A. Information No. 1408 should govern roads North of the Ohio River crossings and E. St. Louis on shipments of lumber from points on the Mobile, Jackson & Kansas City R. R. Copy of Information No. 1408 is attached hereto for ready reference. In connection with said action the following is received from the representatives of one of the northbound roads from Ohio River crossings:

"We find that this authority is likely to give us and other roads a good deal of trouble, as this road lies east of the Mississippi River and no other road has been permitted

to do business via Ohio River gateways on the terms mentioned. It has been strictly confined to the roads west of the Mississippi River. Other roads, such as the Gulf & Ship Island and the N. O. & N. E. will certainly demand to be put on the same basis as the M. J. & K. C. I think the authority ought to be withdrawn and all roads east of the Mississippi River treated alike. That is, all lumber originating in such territory should pay from Ohio River crossings the regular established proportional rates on lumber. Will you kindly take the necessary action and have this matter considered?

The Chairmen of the Committees referred to above will please have this matter considered by their members as promptly as possible with a view of having an understanding reached that on business originating at points on the Mobile, Jackson & Kansas City R. R. the authorized proportional or local rates will be charged from Ohio River crossings and E. St. Louis; and the representatives of individual roads addressed above will please advise if they will act correspondingly, whatever action is adopted by the respective interested members of this Association to take effect upon a date which will be specified by this office when all have been heard from.

Yours very truly,

J. F. Tucker, Chairman.

(Enclosure.."

"Nov. 3, 1902.
4162.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Your Joint Letter of October 22nd, file 8882, regarding rates and divisions on Lumber from points on the M. J. & K. C. R. R., was read at meeting October 31st, and the following action taken:

Moved, That the matter be referred back to Chairman

C. F. A. with request that the subject be placed in the hands of the Committee on Relation with Southern Roads, for their consideration at next meeting of the Central Ass'n.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Nov. 15, 1902.

Please refer to file 8882.

Messrs. O. G. Fetter, Chairman, Cincinnati Committee, Cincinnati; C. R. Brent, Chairman, Louisville Committee, Louisville; F P.. Jeffries, Chairman, Evansville Committee, Evansville; R. M. Fraser, Chairman, St. Louis; E. B. Committee, St. Louis; W. E. Keepers, G. F. A., Ill. Cent. R. R., Chicago, Ill.; C. J. Brister, A. G. F. A., C. C. C. & St. L. Ry., Cincinnati.

Gentlemen:

Referring to the subject of rates and divisions on lumber from points on the Mobile, Jackson and Kansas City R. R. to points in Central Freight Association territory, in connection with which we wrote you under date of October 22nd last, see your files as below.

"This matter was considered by C. F. A. lines at meeting on the 13th instant, and the following recommendation unanimously adopted:

Recommended, That on such shipments as the roads north of the Ohio River require the established arbitraries from Ohio River crossings and East St. Louis, and any action of this Association in conflict therewith be abrogated.

It really seems best you should have record made of this matter in the proceedings of your committee, so that all lines members thereof will not misunderstand the proper rates to be applied."

1913

The individual lines at Cairo and other points not subject to the jurisdiction of a committee will also see that the above regulations are fully carried out.

Copy of this lettter has also been transmitted to G. F. A. Campbell of the C. & E. I. R. R.

Yours very truly,

J. F. Tucker, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 753."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, with reference to discontinuing issue of Joint Tariffs by R. M. Fraser, as follows (4164):

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 7, 1902.

Please refer to file 9706.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—In the proceedings of the St. Louis Eastbound Freight Committee of July 11th the following action is reported:

"That all tariffs published under the jurisdiction of this Committee be cancelled, and that no further tariffs be published as Committee tariffs."

What objections were raised to furnishing information of the authorized rates from East St. Louis to the roads leading from the east bank Mississippi River crossings?

At the meeting August 1st it was stated:

"That rates will be issued from the Chairman's office in

special notice form, but these are only to be furnished to the members of the Committee."

It seems to me that this office as well as the Chief Inspectors should be furnished with a copy of these special notices.

Will you kindly have this request of mine for such notices to be sent submitted to your Committee, and thus much oblige,

Yours very truly,

J. F. Tucker, Chairman."

"Aug. 7, 1902.

4164.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—This committee after due consideration recently legislated to cancel all of the joint tariffs that had been issued by this office, which were being used by agents and connections as a ready reference and authority for rates in effect by the eastbound roads, and now that the tariffs are cancelled inquiries are coming in this office for authority in place of the tariffs.

You are, of course, aware of the fact that this office on receipt of information Notices from C. F. A. reprints what is applicable to this gateway in "Special Notice" or tariff form. Now that the tariffs have been cancelled, we would like to cover the information contained therein by "Special Notices," but we find this a difficult matter, in view of the age of some of the C. F. A. issues, and in some instances the many amendments to the original issue, and I would like to know whether it is your intention to reissue at an early date the following information circulars:

Horses and Mules: Info. No. 1862, Nov. 28th, 1899; amendments No. 2655, 2688, 3206, 3230 and 3369.

Cattle, Calves, Sheep and Hogs: Info. No. 1844, Nov. 24th, 1899.

Lumber and Articles Taking Lumber Rates: Info. No. 1878, Dec. 5th, 1899: amendments No. 1902, 2034, 2058, 2099, 2199, 2515, 3139, 3269, and 3386.

Brick Clay, Etc.: Info. No. 2727, March 11th, 1901; amendments Nos. 2731, 2842, 2904, 2923, 2976, 2996, 3001, 3090, 3147, 3153, 3173, 3183, 3199, 3231, 2360, 3271, 3286, 3298, 3345, 3371, 3377, 3382, 3394, 3448, 3473, 3489, 3493, 3532, 3538, and 3568.

Pig Iron Billets, Etc: Info. No. 2684, Feby. 18th, 1901; Amendment No. 2744.

Scrap Iron, Etc.: Info. No. 3429, May 31st, 1902 and Nos. 3556, 3557, 3581, and 3585.

Mill Cinder & Scale: Info. No. 2644 July 19th, 1901: amendments Nos. 2673, 2718, 2797, 2875, 2963, 3007, 3119, 3129, 3140, 3169, 3175, 3210, 3253, 3289, 3293, 3314, 3341, 3383, 3385, and 3394.

I attach for your information copies of Tariffs, amendments and Cancellation Notice covering the traffic mentioned above and will be pleased to have you give the subject consideration and trust that you will decide to bring your issues up to date and by so doing enable this office to reissue same as Special Notices and thus prevent errors or irregularaties that may otherwise occur.

Awaiting your reply, I am,

Yours respectfully,

Chairman."

"Aug. 8, 1902.

4164 & 4117-A.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Yours 7th file 9706. There were no objections to furnishing connections and roads (other than initial, E. St. Louis, lines not members of this committee) with Special Notices etc. issued by this office. In fact we mail copies to a large number of roads in all directions.

In connection with the above please see my letter 7th regarding the cancellation of tariffs and our desire to reissue same in Special Notice form if you will render necessary assistance.

In reply to remark regarding Special Notices please see proceedings No. X. issued June 30th page 7 and No. 1 July 11th, page 4.

You will find upon investigation that we mail copies of our issues as follows:

Chairman C. F. A., 3 copies Special Notices.
Chairman C. F. A., 3 copies Proceedings.
Chief Inspector, 5 copies Special Notices.
Chief Inspector, 1 copy Proceedings.
Dist. Inspr. E. St. L., 4 copies Special Notices.
Dist. Inspr., 1 copy Proceedings.
Connections & foreign roads 1 or 2 copies Special Notices.

The Special Notices we issue are a reprint of C. F. A. authorities.

I trust that the above explanation will give you the information desired.

Yours respectfully,

Chairman."

"Central Freight Association.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 11, 1902.

Please refer to file 2445.

Mr. R. M. Fraser, Chairman, St. Louis, Committee, St. Louis, Mo.

Dear Sir:—This will acknowledge receipt of your favor of the 7th instant, file 4164, and enclosure which accompanied same.

It is not our intention to issue at an early date any of the circulars mentioned in your communication unless it be

that relating to mill cinder and scale, and this will not be done for at least ten days. So far as concerned rates from East St. Louis, all the circulars referred to in your letters seem to be in pretty good shape except that on lumber and articles taking lumber rates and we might consider the advisability of re-issuing said circular were it not that there is before the Association the question of establishing 6th class rates from Ohio River crossings and E. St. Louis to C. F. A. points, on lumber and forest products. As to how the proposition will be viewed is not known by us, but we prefer waiting until after our September meeting before deciding whether Information No. 1878 and amendments will be re-issued. There is considerable expense in re-issuing such circulars as the one relating to brick and clay, and we therefore prefer to delay revision as long as possible. If we can be of any assistance to you in revising your issues, please let me know.

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 754."

Complainant offers in evidence correspondence, etc. between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, relating to rates on lumber from North Pacific Coast points and Northwestern points, to the East, through various gateways, including St. Louis; as follows: (4166)

"Proceedings of meeting called to consider rates on lumber, shingles, etc. from North Pacific coast territory; also forest products, grain, etc. from Northwestern points,

Held at Central Freight Association Committee rooms Thursday, Nov. 20, 1902.

Attendance:

C. W. Randall, W. A. Speelman, representing P. C. C. & St. L. Ry.
J. E. Williams, representing Pere Marquette R. R.
N. W. Taylor, representing Vandalia Lines.

Mr. E. Morris was elected Chairman.

The meeting was convened pursuant to Advice Letter C. M. No. 55, dated November 7, 1902, to consider the following subjects, with result as noted thereunder.

Rates on Shingles, straight C. L., and Lumber and Shingles, in mixed C. L. also Lumber, C. L., from north Pacific Coast territory to Trunk Line Association points.

The Chairman presented correspondence from the St. Louis Eastbound Freight Committee requesting that the rates on lumber and forest products, in carloads, from North Pacific Coast territory, applicable via East St. Louis to points in Central Freight Association and Trunk Line Association territories, be equalized with those current via Chicago, it being the opinion of the members of the St.

Louis Eastbound Freight Committee that they were justified in joining in this business from North Pacific Coast territory on an equality with the routes through Chicago, Peoria or Lake Michigan gateways.

It was pointed out that at present time the rates on lumber or shingles, in straight carloads, and lumber and shingles in mixed carloads from North Pacific Coast points to Chicago or Peoria is 63 cents per 100 pounds, and the rates from Chicago, Peoria and west bank Lake Michigan ports to Trunk Line Association points are on basis of 20 cents per 100 pounds Chicago to New York, which would result in making a through rate of 83 cents per 100 pounds on such traffic to New York City (usual) differences to other eastern cities), while the rate to East St. Louis on like traffic from North Pacific Coast territory is 62½ cents per 100 pounds, and the present rates from East St. Louis are on basis of 26 cents per 100 pounds East St. Louis to New York City, so that if the through rates via East St. Louis are equalized with the through rates via Chicago, it would mean lines from East St. Louis would have to publish rates on basis of 20½ cents per 100 pounds, East St. Louis to New York.

On lumber, in carloads, the rates from North Pacific Coast points to Chicago is 60 cents per 100 pounds and the rates from Chicago and Peoria to Trunk Line Association points are on basis of 20 cents Chicago to New York, thus making a through rate of 80 cents per 100 pounds to New York City, while the rate from Northern Pacific Coast points to East St. Louis is 62½ cents, and the rates from East St. Louis are on basis of 26 cents per 100 pounds East St. Louis to New York City, but if they are equalized through that gateway with the rates via Chicago, it will be necessary to publish rates from East St. Louis on basis of 17½ cents per 100 pounds to New York.

It was thought inadvisable to equalize the rates through

East St. Louis by publishing proportional rates therefrom, and it was suggseted that the best disposition of the matter will be to have the same through rates published from North Pacific Coast territory via all gateways, and the following was consequently individually adopted by all roads interested:

"Recommended, That the Chairman of the Central Freight Association ascertain from General Freight Agent Martin of the M. St. P. & S. S. M. Ry., and General Freight Agent Walker of the D. S. S. & A.Ry., if they are applying on shingles, straight carloads and mixed carloads of lumber and shingles, originating at North Pacific Coast points, the rate of 30 cents per 100 pounds, which is current from St. Paul, Duluth, Minneapolis, etc., to New York, and if answers are in the affirmative it is suggested they be asked if they will not agree to charge on such traffic to Trunk Line Association territory via St. Paul and Duluth, the combination obtainable through Chicago, which is 63 cents per 100 pounds to Chicago, plus rates on basis of 20 cents per 100 pounds, Chicago to New York."

It is also

"Recommended, Providing Messrs. Martin and Walker consent to advance their rates to basis of the Chicago combination, that the initial lines from North Pacific Coast territory be asked to publish through rates on shingles, straight carloads, and lumber and shingles, in mixed carloads, such through rates to be made on basis of 63 cents per 100 pounds to Chicago, plus rates from Chicago to Trunk Line Association territory on basis of 20 cents per 100 pounds Chicago to New York, the understanding being the through rates will apply via all gateways and be divided on agreed percents, allowances East of Chicago, Peoria and west bank Lake Michigan ports to be rates on proportional basis of 20 cents per 100 pounds from such gateways to New York City."

It is further

Recommended, That the North Pacific Coast lines be asked to publish through rates on lumber, in carloads, from North Pacific Coast territory to Trunk Line Association points on basis of 60 cents per 100 pounds to Chicago, plus rates from Chicago on basis of 20 cents per 100 pounds, Chicago to New York, such through rates to apply via all gateways and be divided on established percentages, the understanding being that the allowances east of Chicago, Peoria and west bank Lake Michigan ports will be rates on basis of 20 cents per 100 pounds from such gateways to New York City.

Rates from North Pacific Coast territory on Lumber and Forest Products to Central Freight Association territory.

The subject of equalizing the through rates on lumber and forest products from North Pacific Coast territory via East St. Louis to points in Central Freight Association territory so as to place that gateway on a parity with Chicago, Peoria, etc., from which gateways the rates on this traffic are as named in C. F. A. Information No. 3647, was next taken up, and in view of the indefinite information as to what territory the St. Louis lines desire to reach in handling business from North Pacific Coast points, and the further fact that it was the opinion the routes through East St. Louis should not endeavor to handle business to certain portions of Central Freight Association territroy on a parity with routes through Chicago, west bank Lake Michigan ports, Mackinaw, or Peoria, it was

"Recommended, That the question of equalizing via East St. Louis versus Chicago the through rates on lumber and forest products, in carloads, from North Pacific Coast points to Central Freight Association territory, be referred back to the St. Louis Eastbound Freight Committee for the purpose of having that body decide what rates they desire to publish and also to what points in Central Freight Associa-

tion territory they wish to handle business from North Pacific Coast territory via East St. Louis."

In connection with the subject of equalizing rates on lumber, shingles, etc. from North Pacific Coast territory to Central Freight and Trunk Line Association territories, telegram was presented from General Freight Agent McLaughlin of the B. & O. S. W. R. R. asking that the proportions current east of Peoria be also established east of Beardstown, and it was the opinion that if the through rates are published and divided on percentages as provided by the recommendations above, it should satisfactorily adjust rates via Beardstown.

Rates on Lumber and Forest Products from the Northwest to Central Freight Association points via across Lake Michigan routes versus rates through Chicago.

This subject was discussed in detail, and it was the opinion that if C. F. A. Advice Letter No. H-553½, dated September 6, 1902, as supplemented, is corrected to agree with the current issues of the Northwestern roads, the matter will be arranged satisfactorily to the Central Freight Association roads, it being admitted that there is a certain territory located adjacent to the west bank Lake Michigan ports from which points of origin the rates to the ports are less than to Chicago, and as it is neither wise not practicable for the eastbound roads from Chicago to attempt to equalize the through rates on such business so as to have it move via Chicago, an understanding was had that no equalizing will be done by Chicago route except as provided by Information No. 3647 and Advice Letter No. H-553½ as supplemented at present or hereafter.

Equalization via Chicago versus Lake Michigan gateways of rates on Lumber and Forest Products from Northwestern points to Trunk Line Association territory.

At the present time the proportional rates on lumber and forest products, in carloads, from Chicago, west bank Lake

Michigan ports, Mackinaw and Peoria to Trunk Line Association territory, are on basis of 20 cents per 100 pounds, Chicago to New York, the rates from Kewaunee, Milwaukee and Manitowoc applying only via direct across Lake Michigan routes, and it is not permissible to prorate such rates through Chicago.

The result is that as the rates from Wisconsin points of origin to the west bank ports north of Chicago are in some cases less than to Chicago, the through rates from points or origin in the Northwest to Trunk Line Association destinations via across Lake Michigan routes are less than given via Chicago. In other words, the rates via Chicago are not equalized with those applying across Lake Michigan, yet it was agreed that no change should be made in this condition, and upon the roll being called the representatives of all eastbound roads from Chicago stated they were not doing any equalizing on this business, but are accepting as minimums from Chicago, rates on basis of 20 cents per 100 pounds Chicago to New York, regardless of where the traffic originates in Wisconsin, Minnesota, or Michigan.

Proposed advance in rates on Lumber and Forest Products from the Northwest to Trunk Line Association points.

The general sentiment is that on lumber and forest products, in carloads, from Northwestern points to Trunk Line Association points, higher rates should be obtained than those now applying, namely, on basis of 20 cents per 100 pounds Chicago to New York, but as no advance can be made so long as the M. St. P. & S. S. M. and D. S. S. & A. Ry's. continue to publish a rate of 30 cents per 100 pounds from St. Paul, Minneapolis, Duluth, etc. to New York, with usual differences to Boston, it is

"Recommended, That the Chairman of the Central Freight Association communicate with General Freight Agent Martin of the M. St. P. & S. S. M. and General Freight Agent Walker of the D. S. S. & A. Rys. and ask

them if they are not willing to make a horizontal advance of 2½ cents per 100 pounds on lumber and forest products, in carloads, from St. Paul, Minneapolis, and Duluth, also other points in the Northwest, to Trunk Line Association points, the understanding being that if this is done the rates on all lumber and forest products, in carloads, from Wisconsin, Minnesota, Upper Peninsula of Michigan, and points west thereof (including Trans-Continental business), but excluding business subject to Joint Rate Committee regulations, will be advanced to the basis of 22½ cents per 100 pounds, Chicago to New York City."

Through rates on Lumber from St. Paul, Minneapolis, etc. to Terre Haute, Evansville, etc., via Peoria.

At the meeting there was presented C. B. & Q. Tariff G. F. O. 8665, which publishes through rate of 16 cents per 100 pounds on lumber and forest products, in carloads, from St Paul and Minneapolis to Terre Haute, Evansville and intermediate points, via Peoria, whereas proper rates based on Information No. 3647 are 17½ cents to Terre Haute and 20 cents to Evansville, the understanding being that the rate north of Peoria and Chicago is 10 cents per 100 pounds. It was consequently

"Recommended, That the Chairman of Central Freight Association take up with the initial lines issuing this tariff, also with the connecting lines at Peoria, parties to the tariff, the question of having same revised to agree with Information No. 3647."

Rate on Barley and Rye from St. Paul, Minneapolis, etc. to Ohio River Crossings.

There was also considered the question of abrogating rate of 13½ cents per 100 pounds which is published from St. Paul, Minneapolis, etc. to Ohio River Crossings on barley and rye, in carloads, and it was decided that in view of the conditions prevailing, the matter of having the railroads

from Chicago and Peoria advance their proportion south thereof be referred to the General Meeting of the Central Freight Association, to be held Tuesday, November 25, 1902.

The meeting then adjourned.

E. Morris, Chairman.
Chicago, November 24, 1902."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Nov. 24, 1902.
7330-B

Mr. R. M. Fraser, Chairman, St. Louis E. B. Committee,
St. Louis, Mo.:

Dear Sir:—Referring to your file 4166, relative to equalization of rates on lumber and forest products from North Pacific Coast points to Central Freight and Trunk Line Association territories.

This matter was considered at meeting on the 20th instant, at which were present representatives of the Chicago, Peoria and East St. Louis lines, and attached hereto is copy of proceedings which indicates the disposition made of the matter.

It is thought the amount of lumber and shingles now moving through St. Louis from North Pacific Coast points is very small, if in fact any at all; hence a little delay will not do any harm, whereas if rates are established east of East St. Louis in order to equalize with rates through Chicago, it will make the business entirely undesirable.

Yours very truly,

J. F. Tucker, Chairman.

Enclosure."

Chicago, July 28, 1903.

Please refer to file 7330-A.

Messrs. R. M. Fraser, Chairman, St. Louis E. B. Com., St. Louis, Mo.; Jno. McCann, Secretary, Peoria Committee, Peoria, Ill.:

Gentlemen:—Various questions have lately arisen with reference to the rates applicable from Chicago, Peoria and East St. Louis on lumber and forest products, C. L., originating at California terminals and also North Pacific Coast points, and it seems a conference of the Chicago, Peoria and East St. Louis Committees is necessary in order to enable proper disposition of the matter. A meeting for that purpose is therefore hereby suggested, the same to take place at this office on Thursday, August 13, 1903, at 10:30 A. M.

Kindly advise as promptly as possible if the members of your Committees will be on hand.

Yours very truly,

"J. F. Tucker, Chairman."

"July 31st, 1903.

Chicago, August 6, 1903.

Call for Meeting at Chicago, Thursday, August 13, 1903, to consider lumber rates from Pacific Coast points. C. M. No. 114.

To the Representatives of Eastbound Roads from Chicago, Peoria and East St. Louis:

Gentlemen:—A meeting of the representatives of your companies is hereby called, same to be held at this Association's rooms, Chicago, Thursday, August 13, 1903, at 10:30 A. M., to give consideration to the matter of rates from Chicago, Peoria and East St. Louis to points in Central Freight Association territory, on lumber originating at both north and south Pacific Coast points, as well as at Humboldt Bay points.

Please do not fail to be present or authoritatively repre-

sented, for there are some features about this subject that demand prompt consideration and adjustment.

Yours very truly,

J. F. Tucker, Chairman."

T. P. & W., D. Mowatt.
Vandalia, A. D. Pendleton, G. L. Stevens.

There was also present:

Mr. John McCann, Secretary, Peoria Freight Committee.

Mr. E. Morris was elected Chairman.

The foregoing representatives convened pursuant to Circular Letter C. M. No. 114, to consider the question of rates from Chicago, Peoria and East St. Louis, on lumber and

forest products, in carloads, originating in Pacific Coast territory.

After discussing the points presented it was determined that there was also involved in the proposition the question of rates from St. Paul, Minneapolis, Duluth and corresonding northwestern points, and that whatever action was taken with reference to rates from Pacific Coast territory would also have to include shipments from St. Paul, Minneapolis, Duluth and common points. The following action was, therefore taken:

Central Freight Association Traffic.

On lumber and other forest products, in carloads, originating at both north and south Pacific Coast territory, also at points on, west and north of a line drawn westerly from Elroy to Sparta, Wis., thence northerly from Sparta to Merrillan; thence northeasterly through Greenwood, Abbottsford and Heafford Jct., to Rhinelander, Wis., thence eastwardly via a line just south of the M. St. P. & S. S. M. Ry. to a point just south of Gagen, Wis., thence southeasterly via an imaginary line to a point just north of Wausaukee; thence southeasterly via a line drawn just north of Bagley Jct. to a point north of Menominee, Mich., and destined to all points in Central Freight Association territory, it is

Recommended, (a) That full local rates be charged east of Chicago.

(b) That rates via Mackinaw City be revised so as to preserve via that gateway the combination of rates current via Chicago or via across Lake Michigan routes (whichever is lower).

(c) That rates from Chicago apply as proportional rates from Peoria and from west bank Lake Michigan ports.

With reference to the equalization of through rates on lumber and forest products, C. L., from north and south Pacific Coast territory, it is

Recommended, That the terms of Information No. 2265, dated May 23, 1900, reading as follows, be reaffirmed:

"Proportional rates subject to basis mentioned below will be published from Chicago, East St. Louis, or Peoria, Ill., on lumber and articles taking lumber rates, in carloads, originating at the Pacific Coast and destined to points in Central Freight Association territory, the object being to have the same through rates from the Pacific Coast via the three (3) gateways specified:

First: The proportional rates from Chicago, Ill., will be such as are necessary to equalize with the rates from Pacific Coast points of origin to East St. Louis or Peoria, plus the established local rates from the latter points.

Second: The proportional rates from Peoria will be such as are necessary to equalize with the rates from Pacific Coast points of origin to Chicago or East St. Louis, plus the established local rates from the latter points.

Third: The proportional rates from East St. Louis will be such as are necessary to equalize with the rates from Pacific Coast points of origin to Chicago or Peoria, plus the established local rates from the latter points.

Fourth: The established local rates from East St. Louis, Ill., being the same as shown in Central Freight Association Information No. 1878 of December 5, 1899, it is permissible for the lines leading from Chicago and Peoria to equalize with the rates specified in Information No. 1878 from East St. Louis."

It is also

Recommended, That the eastbound roads from Chicago, Peoria and East St. Louis and west bank Lake Michigan ports be convened at Central Freight Association Committee rooms on September 1, 1903, at 10:30 A. M., to check in equalizing rates subject to the recommendation next above. In the meantime the Chairman of the Central Freight Association is to obtain from the western roads lat-

est advices as to what the through rates are on both north and south Pacific Coast business to Chicago, Peoria and East St. Louis.

Trunk Line Association Traffic.

On lumber and other forest products, in carloads, originating at north Pacific Coast territory, and also at points on, north and west of a line drawn westerly from Elroy to Sparta, Wis., thence northerly from Sparta to Merrillan; thence northeasterly through Greenwood, Abbottsford and Heaford Jct. to Rhinelander, Wis., thence easterly via a line just south of the M. St. P. & S. S. M. Ry. to a point just south of Gagen, Wis., thence southeasterly via an imaginary line to a point just north of Wabeno, Wis., thence easterly via an imaginary line to a point north of Wausaukee; thence southeasterly via a line drawn just north of Bagley Jct. to a point north of Menominee, Mich., and destined to all points east of the western termini of the Trunk Lines, it is

Recommended, (a) That full local rates be charged east of Chicago.

(b) That the rates via Mackinaw City be revised in line with the rates via Chicago or across Lake Michigan routes (whichever is lower).

(c) That the rates from Chicago apply as minimum proportions from west bank Lake Michigan ports and from Peoria.

Lumber from Humboldt Bay Points.

It is observed there is published via San Francisco and Portland a through rate of 78.8 cents per 100 pounds on lumber, etc., from Eureka, Cal. and other Humboldt Bay points to New York, Boston and common points, and if the shipments are forwarded via San Francisco the roads east of junctions with Western roads would receive the same

earnings as they obtain on like traffic forwarded from San Francisco proper, consequently, it is

Recommended, That on lumber, etc., from Humboldt Bay points, forwarded via North Pacific Coast terminals, to Trunk Line Association and New England territory, the lines east of Chicago and other junctions with western roads accept the same proportions as they receive on like traffic from San Francisco.

In connection with the foregoing it is understood that the roads from north Pacific Coast terminal points will apply as maxima therefrom the through rate current from Eureka, Cal., via those gateways, and it is therefore

Recommended, That when the through rates from Eureka, Cal. is applied as maximum rate from Portland and other North Pacific Coast terminal points, the lines east of Chicago and other junctions with western roads will demand their percentage proportion of the through rate used locally from Portland or intermediate terminal points. Illustration: If the rate of 78.8 cents per 100 pounds is charged from Portland proper the roads east of Chicago should be allowed 19.7 cents—that is, 25% of 78.8 cents.

On shipments of lumber, etc., from south Pacific Coast points the through rates to Trunk Line Association and New England territory as published in tariffs of the Trans-Continental Freight Bureau will be joined in.

The foregoing recommendations are to take effect September 15, 1903, and are to govern in the absence of through rates.

Adjourned.

E. Morris, Chairman.

Chicago, August 15, 1903."

"Proceedings of meeting of Representatives of Eastbound Roads from Chicago, Peoria, East St. Louis, West Bank Lake Michigan ports and Mackinaw to consider rates on

lumber, etc., from Pacific Coast territory to Central Freight Association territory, held at Central Freight Association Committee rooms, Thursday, September 17, 1903.

Representation—

Ann Arbor, W. H. Bennett.
B. & O., D. E. Sullivan.
C. & E. I., R. E. Eggebrecht.
C. I. & L., C. H. Rockwell.
C. C. C. & St. L., C. Tillinghast.
Erie, H. W. Forward.
L. E. & W., F. M. Cole.
L. S. & M. S., F. W. Fairbairn.
N. Y. C. & St. L., B. E. Morgan.
Penna. Co., E. T. Wood.
P. & E., Ford Woods, H. M. Griggs.
P. C. C. &St. L., C. W. Randall, C. D. Couffer, W. A. Speelman.
T. P. & W., D. Mowat.
Vandalia, G. L. Stephens.

The foregoing representatives convened at this Association's rooms pursuant to Circular Letter C. M. 119, dated September 9, 1903, to consider the matter of establishing east of Chicago, Peoria, East St. Louis, etc., on lumber and forest products, C. L., from North Pacific Coast territory, such rates as are necessary to equalize the rates via all routes, and after reviewing the subject it developed that in order to equalize the rates reductions will have to be made east of Chicago and Peoria; consequently it was

Recommended, That all interested roads restore and charge until further notice on lumber and forest products, carloads, forwarded from North Pacific Coast territory the rates as named in Information 3647, and amendments, and in the meantime the Chairman of the Central Freight Association will arrange to have compiled statistics of the

number of cars of lumber and forest products which are forwarded via Chicago, Peoria and East St. Louis, West Bank Lake Michigan ports and Mackinaw City, to Central Freight Associatiation points during the period October 1st to December 31st, inclusive, 1903. After these statistics are obtained a conference of the eastbound roads from Chicago, Peoria, East St. Louis, West Bank Lake Michigan Ports and Mackinaw City will be called on to further consider the matter.

(Adopted.)

In connection with the subject of equalizing rates on lumber and forest products from North Pacific Coast territory the meeting observed that the rates from North Pacific Coast are as follows:

On	To Chicago and Peoria.	East St. Louis
	Rates in cents per 100 lbs.	
Lumber, straight, C. L.....	62	62½
Shingles, straight C. L., and lumber and shingles mixed, C. L.....	63	62½

It was stated that these through rates are based on rate of 50 cents per 100 lbs. from North Pacific Coast to St. Paul, plus proportional rates, as follows:

	Chicago and Peoria.	East St. Louis
Lumber, straight, C. L.....	.10	.12½
Shingles, straight, C. L., or mixed with Lumber, C. L.....	.13	.12½

Concerning the proportional rates as shown next above the following preamble and recommendation were unanimously adopted:

Whereas, The Central Freight Association roads notice that the proportional rates applicable from St. Paul, Minne-

apolis, etc., on Shingles, straight carloads, and on lumber and shingles, mixed carloads, from north Pacific Coast territory to East St. Louis, are less than to Chicago or Peoria, while the rule in the past has been to make less rates on this traffic to Chicago than to East St. Louis, and

Whereas, The distance and other conditions warrant lower rates being charged to Chicago and Peoria than to East St. Louis on shipments in question, and

Whereas, The present rates are a discrimination against Chicago and Peoria in favor of East St. Louis, it is

Recommended That the Western roads readjust their rates to said gateways, in order that the discrimination may be removed.

E. Morris, Chairman.

Adjourned."

Proceedings of meeting of Represenatives of Eastbound Roads from Chicago, Peoria, East St. Louis, West Bank Lake Michigan Ports and Mackinaw, to consider rates on lumber, etc., from the Northwest and Pacific Coast territory to Central Freight and Trunk Line Association territory, held at Central Freight Association Committee rooms, Friday, September 4, 1903.

Representation—

Ann Arbor, W. H. Bennett.

P. & E., H. M. Griggs.
P. M., J. B. Williams, Geo. C. Conn.
P. C. C. & St. L., W. A. Speelman.
Vandalia, A. D. Pendleton.

The foregoing representatives convened pursuant to Circular Letter C. M. No. 117, dated August 25, 1903, to further consider the question of rates from Chicago, Peoria, East St. Louis, west bank Lake Michigan ports and Mackinaw City, on lumber and forest products, C. L., originating in the Northwest and Pacific Coast territory .

It was explained that in view of the position taken by some of the roads members of the Central Freight Association, the propositions as submitted by Advice Letters Nos. I-741 and I-742, both of date August 19, 1903, which provide for a readjustment of the rates east of Chicago, Peoria, East St. Louis, west bank Lake Michigan ports and Mackinaw City, on lumber and forest products, C. L., originating at Pacific Coast territory and also at Duluth, St. Paul, Minneapolis and common points, could not be made effective and it was therefore necessary that the eastbound roads from Chicago, Peoria, East St. Louis, west bank Lake Michigan ports and Mackinaw City be convened to further consider the matter. After some debate it was understood that all objections to the present adjustment of rates on the traffic referred to had been withdrawn, and it was unanimously

Recommended, That the present arrangement applicable on lumber and forest products, C. L., from north and south Pacific Coast territory, also on shipments from the Northwest to points in Central Freight and Trunk Line Association territories, continue in effect.

In adopting the foregoing recommendation, it was the opinion of the meeting that the present adjustment is the

best possible that can be obtained under the circumstances, and since there are no objections to the same it was deemed advisable to permit it to remain in effect.

Rates on Sash, Doors and Blinds Versus Lumber.

Attention was called to the fact that at the present time the rates from south Pacific Coast territory on lumber, sash, doors and blinds, C. L., to points in Trunk Line Association territory are the same, and also that the roads from North Pacific Coast points contemplate also applying on sash, doors and blinds, C. L., the same rates as on lumber, C. L., both to Central Freight and Trunk Line Association territories, and

Whereas, the use of the same through rates on sash, doors and blinds as governs on lumber from Pacific Coast territory to Central Freight Association and Trunk Line Association territories threatens to force Central Freight and Trunk Line Association roads to accept on shipments of sash, doors and blinds from other territories west of Chicago and Lake Michigan the same rates as govern on lumber., C. L., it is

Recommended, That the lines from Pacific Coast be asked to charge higher through rates on shipments of sash, doors and blinds, when shipped separately, or when mixed with lumber, than they apply on lumber in straight carloads, it being the opinion of this meeting that the difference in the valuation, as well as the loading of sash, doors and blinds, as compared with lumber warrants a difference in the rates.

Adopted.

Equalizing Rates on Lumber.

Whereas, there seems to be a difference of opinion as to the proper rates east of Peoria on lumber from North Pacific Coast points when such rates are necessary to equalize with those current from other gateways with eastern and western roads, it is unanimously

Recommended, That the Chicago, Peoria and East St. Louis Freight Committee, also representatives of west bank Lake Michigan and Mackinaw City lines be convened at Central Freight Association rooms on Thursday, September 17, 1903, at 10:00 A. M., to consider the subject of checking in equalizing rates to Central Freight Association points on lumber and forest products, C. L., originating at north Pacific Coast points.

(Adopted.)

In connection with the subject of equalization of rates on lumber and forest products, C. L., from north and south Pacific Coast territory to points in Central Freight Association territory, it was the understanding that the terms of Information No. 2265 will continue in effect, and it was the consensus of opinion of the meeting that so far as concerns shipments of lumber and forest products from North Pacific Coast territory to C. F. A. points the rates in Information No. 3647 are the proper ones to govern, regardless of the rule for equalization which is embodied in Information No. 2265, because the former rates were adopted subsequent to the rule in Information No. 2265, and it is specifically mentioned that they will apply on north Pacific Coast shipments.

Adjourned.

E. Morris,
Chairman.

Chicago, Sept. 5, 1903."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman.
8th Floor Monadnock Block.

Chicago, September 25, 1903.

Please refer to file 7330-C.

Messrs. B. E. Connell, Chairman, Chicago Committee, Chicago, Ill.

R. M. Fraser, Chairman, St. Louis E. B. Com., St. Louis, Mo.

John McCann, Secretary, Peoria Committee, Peoria, Ill.

Gentlemen: At meeting of representatives of the east-bound roads from Chicago, Peoria, St. Louis, west bank Lake Michigan ports and Mackinaw, held at this association's rooms, September 17, 1903, the following preamble resolutions were adopted:

Whereas, The Central Freight Association roads notice that the proportional rates applicable from St. Paul, Minneapolis, etc., on shingles, straight carloads, are less than to Chicago or Peoria, while the rule in the past has been to make less rates on this traffic to Chicago than to E. St. Louis and

Whereas, the distance and other conditions warrant lower rates being charged to Chicago and Peoria than to East St. Louis on the shipments in question, and

Whereas, the present rates are a discrimination against Chicago and Peoria in favor of E. St. Louis, it is

Recommended, That the western roads re-adjust their rates to said gateways in order that the discrimination may be removed.

The foregoing was transmitted to Chairman Mahoney of the Western Trunk Line Committee with request that he take necessary action, and in reply he advises that the through rates from the Pacific Coast, namely, 63 cents to Chicago and Peoria and 62½ cents to St. Louis and E. St. Louis is one of long standing, but they are not, as we infer, altogether based on combinations through St. Paul. So far as concerns rate of 63 cents to Chicago and Peoria, it is arrived at by using 50 cents to St. Paul and proportional rate of 13 cents from St. Paul, but the rate to St. Louis and E. St. Louis is simply equalized through St. Paul, that is, the through basis from North Pacific Coast via Billings to St. Louis di-

rect is 62½ cents, which necessitates a rate of 12 cents south of Minnesota Transfer, St. Paul and Minneapolis, the rate to these points from Pacific Coast being 50 cents. It is further pointed out, that the rate of 62½ cents from North Pacific Coast to St. Louis and E. St. Louis is necessary to meeting competition on similar shipments from California points, the rate on which is 57½ cents, and the lines from North Pacific Coast are unwilling to carry greater difference than 5 cents per 100 lbs., as between the two shipping points.

We are also told that recently there was a proposition to advance the rate to E. St. Louis ½ cent, so as to make the rate to Chicago, Peoria and St. Louis the same, but owing to the California competition the routes operating via Billings and Missouri River were unwilling to make any advance.

The above is transmitted for the information of your members and for any suggestion they have to make as to further steps they desire taken by this office.

Yours respectfully,

J. F. Tucker, Chairman."

Does Information thirty eight naught two cancel rates to Western Termini effective fifteenth leaving rate to Trunk Line Points stand? Answer. R. M. Fraser."

Above Exhibit is marked "Complainant's Exhibit Fraser No. 756."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, showing application of St. Louis lines for lower rates from East St. Louis on zinc, etc., from LaSalle and Peru, Ill., as follows: (4175.)

Jany. 31, 1903.
2122-E—4145-H.

Mr. J. F. Tucker, 4175.
Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 21st. file 9069, also letter Jan. 19th, file W-527 from A. G. F. A. Wabash R. R. were submitted to the members by Circular Letter Nos. 105 and 106 respectively (copies attached) and considered at meeting 30th with the result as follows:

Whereas, Rates are in effect from LaSalle, Peru, etc., to Ohio River crossings, through C. F. A. Territory on zinc, without reference to the kind, at same rates as on Pig Lead, etc., be it

Recommended, To the Central Freight Ass'n that existing authorities covering rates on Pig Lead and Spelter to C. F. A. and Trunk Line Territory be amended to include Zinc, Zinc Oxide and sublimed Lead carloads.

Please give subject attention, advising conclusions.

Respectfully, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Feb. 10, 1903.

Please refer to File 9069.

Mr. R. M. Fraser,

Chairman, St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: Referring to your favor of January 31st, your files 4122 H, 4145 H and 4175, relative to rates on zinc:

The only reason given by your committee for desiring to apply the present pig lead rates on zinc, zinc oxide and sublimed lead to Central Freight and Trunk Line Association points is the fact that the initial roads from LaSalle and Peru, Ill., etc., publish pig lead rates from those points to Ohio River crossings, etc., on zinc.

In connection therewith would state that the initial lines from LaSalle and Peru have agreed to apply Official Classification basis on zinc to all points east of the Indiana-Illinois State line, this restoration to be made effective March 1st next. Consequently, it would seem unnecessary to do anything with the application of the St. Louis committee because the necessity they cite therefor will not exist after March 1st.

Please advise if this is not the correct conclusion.

Yours very truly,

J. F. Tucker, Chairman."

"Chicago, Feb. 10th, 1903.

Zinc, Peru and LaSalle to C. F. A. Territory.

J. F. Tucker, Esq.,

Chairman, Central Freight Ass'n, Chicago, Ill.

Dear Sir: Referring to your circular letter of the 12th, file 9860, in regard to advancing the rate on Zinc, C. L.,

from Peru and LaSalle to Ohio River crossings and Indiana Gas Belt points to the class basis. We herewith agree to advance the rate to north bank Ohio River points to the 6th class rate of 12 cents, Louisville 13 cents, Indiana Gas Belt points 10½ cents, which is the 6th class rate from Peoria to Indiana Gas Belt points as shown in Peoria Committee, minimum rate sheet which under the agreement we have a right to apply from Peru and LaSalle. The date of this advancement to take effect should be announced by you.

For C. B. & Q. Ry., Thos. Miller.

*For I. C. R. R., J. R. Peachy.

For C. R. I. & P. R. R., H. A. Snyder.

*The above will not affect the present local rate to Cairo.

J.R. P."

"Feb. 17, 1903.

Mr. J. F. Tucker, 4175

Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 10th, file 9069. Please send me on or before *early mail Thursday, 19th*, copy of Tariffs or Amendments restoring rates to Official Class'n basis, from LaSalle, Peru, Ill., etc., on Zinc, Zinc Oxide and Sublimed Lead to all points east of Illinois-Indiana State Line.

It may be desirable to have said Tariffs at meeting 20th, a. m.

Respectfully,

Chairman."

"Feb'y. 21st, 1903.

9860.

Messrs. Thos. Miller, F. T. M., C. B. & Q. R. R., Chicago, Ill.; H. A. Snyder, A. G. F. A., C. R. I. & P. Ry., Chicago, Ill.; J. R. Peachy, A. G. F. A., I. C. R. R., Chicago, Ill.

Gentlemen: In accordance with individual statements made by each of you, please be advised that taking effect

March 10th, 1903, the special rates now in effect on Zinc from Peru and LaSalle to Ohio River crossings, Indiana Gas Belt points or other points in Central Freight Association territory will be cancelled, and on and after said date Official Classification basis will apply.

This will make rates as follows, which are 6th class: to north bank Ohio River crossings, Cincinnati, Ohio, and west thereof, 12 cents per hundred pounds; to Louisville, Ky., 13 cents per hundred pounds, and to Indiana Gas Belt points 10½ cents per hundred.

Kindly favor me with a copy of your tariff issued pursuant to the foregoing. Yours respectfully,

J. F. T., Chairman."

Dear Sir: In reply to your favor of the 17th inst., file 4175, 4122-E and 4115-H:

Attached hereto is copy of Joint Letter addressed to initial lines at LaSalle and Peru, relative to restoration of Official Classification basis on shipments of Zinc from these points forwarded to Ohio River crossings and other points in Central Freight Association territory. Attached hereto is also copy of Joint letter signed by the representatives of the initial lines at LaSalle and Peru, showing that they agree to the proposition.

Yours respectfully,

J. F. Tucker, Chairman."

"March 7, 1903.
4175.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Yours Feb. 10th and 21st, file 9069. Having secured and submitted at meeting 6th a copy of C. B. & Q., GFO Tariff, No. 3986, effective March 10th, 1903, advancing rate on Zinc, C. L., from Peru and LaSalle, Ill., to various Central Freight Ass'n points, it was:

Moved, that the application to Central Freight Ass'n for special rating on Zinc, etc., as per letter Jan. 31st, be withdrawn. Respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 757."

Complainant offers in evidence correspondence between the officials of the Central Freight Association, being Circular Letters from J. F. Tucker to Chairman of the local committees, as follows (4178):

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, July 29, 1902.

Subject: Proposed charge for weighing light and loaded cars.

Advice Letter No. H 421½.

To the Chairman of Local Committees, of the Central Freight Association.

Gentlemen: This office has been requested to docket for consideration at the next meeting of the Central Freight Association the subject of charge to be made for weighing cars

light and loaded when the weighing is done at the request of the consignor or consignee.

It seems to be the practice of some of the roads to make a charge for this service, while others do not. It is thought, however, that such work, when done at the request of the consignor or consignee, should at all times be subject to a charge.

In order that we may have full information on the subject when it is presented for consideration at the next meeting of the Central Freight Association, which will be held September 17th and 18th, will you kindly inform me the practice of each of the roads members of your committee, and thus oblige,

Yours very truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor, Monadnock Block.

Chicago, September 23, 1902.

Subject: Uniform charge for weighing light and loaded cars, when done at request of consignor or consignee.

Advice Letter No. H 615½.

To the Chairman of Local Committees.

Gentlemen: Referring to advice letter No. 421½, dated July 29, 1902, relative to the question of railroads establishing a uniform charge for the services they perform in weighing empty cars and loaded cars, at the request of the consignor or consignee:

At meeting of the Central Freight Association on the 18th instant, it was decided that each Local Committee decide for itself what rule shall govern, the subject being that while it is impracticable to establish a uniform charge to govern at all points in the territory, yet it is necessary

that the rule observed by all roads any particular point be uniform.

The foregoing is furnished for your information.

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 758."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning question raised by Trunk Line Association as to bridge rates and store-door deliveries at St. Louis, as follows (4183):

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, Oct. 18, 1902.

Mr. R. M. Fraser,
Chairman, St. Louis E. B. F. Committee,
St. Louis, Mo.

Dear Sir: At meeting of Trunk Line Committee held Oct. 14th, the following letters from one of the Trunk Lines, which is self-explanatory, was presented.

"Please see memorandum of bridge tolls from East St. Louis, Ill., to St. Louis, Mo., provided for in your Supplement 2 to Westbound Percentage Basis. These figures were published by our line in our Westbound Tariff, but our attention has been called several times to the fact that the charges as imposed by delivering lines at St. Louis were not always the same as those published in our tariffs. On taking the question up with our lines at St. Louis we are informed that the charges as shown in our tariff will cover transfer only by the Terminal R. R. and will only cover delivery to their depot. Less than carload shipments for

St. Louis are handled by the St. Louis Transfer Co. and taken from East St. Louis to Store Door in St. Louis.

In some instances the charges for these services are the same as the bridge tolls as published by us, but this is not always the case. The minimum charge as published in our tariffs is 10 cts., but the minimum charge as imposed by the St. Louis Transfer Co. to Store Door is 25 cts.

It occurs to us that the publication of these rates in the manner in which they are now published will result in many instances at least, of covering Store Door Delivery in St. Louis, which we believe was not the intention of the Trunk Line Freight Committee.

We would therefore, suggest that you take the question up with the Central Freight Association lines or with Terminal roads of St. Louis with a view of having such restrictions placed upon this traffic as would preclude the possibility of making Store Doors deliveries on less than carloads-"

Commissioner Bullen was directed to send a copy of this letter to us, announcing that Trunk Lines respectfully ask the St. Louis E. B. F. Committee to consider the points involved in the letter quoted, and suggest what action is necessary to remove the existing complications referred to therein. Will you kindly have the matter taken up at next meeting and have suggestions made as to adjustment of the difficulty complained of?

Yours very truly,

J. F. Tucker,

Chairman."

"Nov. 3, 1902.

4183.

M. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Your letter of Oct. 18th, file blank, regarding

Bridge Tolls, on L. C. L. shipments from Trunk Line Territory to St. Louis was read at meeting Oct. 31st and it was:

Moved, That Chairman C. F. A., be advised that there being a number of Transfer Companies in addition to those mentioned, operating between East St. Louis and St. Louis and various firms having individual arrangements with them for transporting property across the river, the lines, members of this Committee, object to any of their Eastern Connections publishing rates or a basis of rates to St. Louis, Mo., as deliveries are accomplished at East St. Louis, Ill.; and if they continue to publish rates or a basis of rates to St. Louis they do so entirely at their own risk of overcharge.

Respectfully,

Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 759."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee in regard to the establishment of more liberal rates on potatoes, C. L., East St. Louis to eastern points; as follows: (5022)

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman.
8th Floor Monadnock Block.

Chicago, April 12, 1905.
Please refer to file K-509.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Referring to your favor of the 5th inst., file 5022, relative to minimum carload weight on potatoes:

The proposition was submitted by Advice Letter No. K-

509 for views of Central Freight Association roads, but the negative vote thereon is so large that the application cannot be approved. There are emphatic objections from many sources, to apply anything less than the present Official Classification minimum weight on this business. Hence the proposition will be declined in the usual manner.

Yours very truly,

J. F. Tucker,
Chairman."

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, April, 13, 1905.

Subject: Disposition of applications for rates.
Advice Letter No. K 531.

To the General Freight Agents,

Gentlemen: Referring to the following Advice Letters:

No. K-416, dated March 2, 1905, proposed rate on rough elm plant, carloads, from Napoleon, Ohio, to Tiffin, Ohio.

No. K-504, dated April 6, 1905, proposed rate on glass sand carloads, Ottawa, Ill., to Pittsburg, Pa.

No. K-509, dated April 6, 1905, proposed rates and minimum carload weight on potatoes originating in the south, destined to C. F. A. points.

After further investigation, roads interested individually advise that it has been decided not to make effective the rates, etc. proposed in the Advice Letters above referred to.

Yours very truly,

J. F. Tucker,
Chairman."

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, April 6, 1905.

Subject: Proposed rates and minimum carload weight

on potatoes, C. L., originating in the south, via all gateways to points in Central Freight Association territory.

Advice letter No. K 509.

To the General Freight Agents.

Gentlemen: The following is received from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee:

"At meeting on the 4th instant the subject of minimum carload weight on potatoes was brought up again by a committee from the Merchants Exchange appearing before this Committee and made their arguments for reduction in the carload minimum and action was taken by the committee as follows:

Whereas, It has been demonstrated to the St. Louis Eastbound Freight Committee that in excess of 24,000 lbs. of potatoes from the Southwest cannot safely be loaded into the equipment furnished for the transportation of same, because of the highly perishable character of the commodity, which requires special ventilation, these conditions being recognized by the Southwestern lines, in the establishment of a minimum weight thereon from 20,000 to 24,000 lbs., therefore be it

Recommended, To the Central Freight Association the establishment of a carload minimum of 24,000 lbs. to be effective from May 15th to July 15th, at a rate of 10% above 5th class, on potatoes originating in Arkansas, Texas, Oklahoma and Indian Territory and Louisiana, west of the Mississippi River, East St. Louis, Gale, Thebes and Cairo to Central Freight Association territory and western termini points, and that the lines leading from the Ohio River be authorized to establish the same minimum weight and rate on potatoes originating south of the Ohio and east of the Mississippi River during the same period to the same territory.

Please submit proposition to the members of the Central

Freight Association by Advice Letter, requesting prompt reply and advise result early as possible."

As per the Official Classification the present minimum carload weight is 30,000 lbs., and the rating applied is 5th class.

Please note on the enclosed blank your views on this proposition, and oblige, Yours very truly,

J. F. Tucker, Chairman."

"April 5, 1905.
5022.

Minimum Carload Weight on Potatoes.

Mr. J. F. Tucker,

Chairman, C. F. A., Chicago, Ill.

Dear Sir: At meeting 4th inst. the above subject was brought up again by a Committee from the Merchants' Exchange appearing before this Committee and made their arguments for reduction in the carload minimum and action was taken by the Committee as follows:

Whereas, It has been demonstrated to the St Louis Eastbound Freight Committee that in excess of 24 000 lbs. of potatoes from the Southwest cannot safely be loaded into the equipment furnished for the transportation of same, because of the highly perishable character of the commodity, which requires special ventilation, these conditions being recognized by the Southwestern Lines, in the establishment of a minimum weight thereon from 20,000 to 24,000 lbs., therefore be it,

Recommended, To the Central Freight Ass'n the establishment of a Carload Minimum of 24,000 lbs., to be effective from May 15th to July 15th, at a rate of 10% above the 5th class, on potatoes originating in Arkansas, Texas, Oklahoma and Indian Territory and Louisiana, west of the Mississippi River, East St. Louis, Gale, Thebes and Cairo to Central Freight Ass'n Territory and Western Termini Points and that the lines leading from the Ohio River be

authorized to establish the same minimum weight and rate on potatoes originating south of the Ohio and east of the Mississippi River during the same period to the same Territory.

Please submit proposition to the members of the Central Freight Ass'n by Advice Letter, requesting prompt reply and advise result early as possible.

Respectfully, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 760."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, showing effort to reduce rates from East St. Louis to Eastern Seaboard; as follows: (5030.)

"Feb. 9, 1905.

Mr. J. F. Tucker, 5030.

Chairman, C. F. A., Chicago, Ill.

Dear Sir: At a Special Meeting of the Committee to-day called to consider *Export Grain Traffic,* action was taken as follows:

Whereas, The development of Gulf Ports and facilities for handling Export Grain traffic thereat and the publication of low rates from St. Louis to New Orleans, etc., have changed the relative conditions at St. Louis, as well as at the Missouri River, and

Whereas, The present rate adjustment from E. St. Louis to Eastern Seaboard Ports, that is, on basis of 116% or rates established from Chicago, causes too great a difference in rates as between Atlantic and Gulf Ports, and

Whereas, The geographical location of St. Louis with reference to Chicago, i. e., the fact that St. Louis is nearer Gulf Ports than Chicago and Chicago is nearer Atlantic

Ports than St. Louis, which makes the relative rate adjustment on Export Traffic higher from Chicago to the Gulf than from St. Louis to the Gulf, although the rates from Chicago to Atlantic Ports are lower than from East St. Louis to Atlantic Ports,

Resolved, That we recommend to the Central Freight Association that lines leading eastwardly from East St. Louis be authorized to meet the conditions which exist at St. Louis and to make such proportional rates from East St. Louis as may be necessary to place Atlantic Seaboard Ports on a parity with Gulf Ports, it being considered that a differential of 3 cents per 100 lbs. from East St. Louis f. o. b. vessels Baltimore, in excess of the rate in effect from St. Louis to New Orleans, is a reasonable and proper adjustment.

The views of the individual roads being called for resulted, in the affirmative, 4—in the negative, 4. The proposition was declared Not Adopted, but action of the meeting was ordered transmitted to you for consideration and action of the Central Freight Ass'n Roads.

Please have the subject given early consideration, advising result. Respectfully, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Feb. 11, 1905.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Acknowledging receipt of your letter of the 9th, your File 5030, in relation to the export grain tariff:

It will be submitted, as you request, for consideration of the Central Freight Association roads.

Yours very truly,
J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, February 14, 1905

Subject: Proposed equalization of export grain rates from East St. Louis, Ill., via Atlantic seaboard ports versus Gulf Ports.

Advice Letter No. K-356.

To the General Freight Agents,

Gentlemen: This office is in receipt of the following from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee:

"At a special meeting of the committee to-day (Feb. 9th), called to consider *export grain traffic*, action was taken as follows:

Whereas, The development of Gulf Ports and facilities for handling export grain traffic thereat and the publication of low rates from St. Louis to New Orleans, etc., have changed the relative conditions at St. Louis, as well as at the Missouri River, and

Whereas, The present rate adjustment from East St. Louis to eastern seaboard ports, that is, on basis of 116 per cent of rates established from Chicago causes too great a difference in rates as between Atlantic and Gulf ports, and

Whereas, The geographical location of St. Louis with reference to Chicago, i. e., the fact that St. Louis is nearer Gulf ports than Chicago and Chicago is nearer Atlantic ports than St. Louis, which makes the relative rate adjustment on export traffic higher from Chicago to the Gulf than from St. Louis to the Gulf, although the rates from Chicago to Atlantic ports are lower than from East St. Louis to Atlantic ports,

Resolved, That we recommend to the Central Freight Association that lines leading eastwardly from St. Louis be authorized to meet the conditions which exist at St. Louis

and to make such proportional rates from East St. Louis as may be necessary to place Atlantic seaboard ports on a parity with Gulf ports, it being considered that a differential of 3 cents per 100 lbs. from East St. Louis f. o. b. vessels Baltimore, in excess of the rates in effect from St. Louis to New Orleans, is a reasonable and proper adjustment.

The views of the individual roads being called for, resulted, in the affirmative 4, in the negative 4.

The proposition was declared "Not Adopted," but action of the meeting was ordered transmitted to you for consideration and action of the Central Freight Association roads.

Please have the subject given early consideration advising result."

Please note on the enclosed blank your views on this proposition, and oblige,

Yours very truly,
J. F. Tucker,
Chairman."

Chicago, Ill.

Dear Sir: Referring to your telegram July 22nd, as follows:

"We understand that on Missouri River wheat lines east of East St. Louis charge eleven cents to Buffalo. This makes lower combination through East St. Louis than through Chicago. Suggest rate from East St. Louis be advanced to eleven and half cents, or rate from Chicago will have to be reduced."

Members of the Committee have been interviewed on the above subject and it is a fact that the roads interested in the traffic published 11 cents per 100 lbs., as proportional rate on Wheat, East St. Louis to Buffalo or other Western Termini points, when from Missouri River etc., in accordance with information which you will no doubt find on file No. 9466 viz: letters Nov. 4th, 14th, and 21st, 1904, and acknowledged by you in letter Nov. 22nd, file 9466.

Some of the members have expressed themselves as favorable to advancing the rate to 11½ cts., provided all lines concur and subject will be on docket for consideration at next meeting, 18th. If you see proper to write me naming the rate in effect on this traffic from Chicago and Upper Mississippi River gateways, showing that the rate of 11

cts. from East St. Louis is out of line, I will be pleased to submit same to the Committee by Circular Letter or at meeting, as circumstances warrant.

Awaiting your reply, I am,

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, July 25th, 1905.

Please refer to File 9466.

Mr. R. M. Fraser,

Chairman St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: Referring to my telegrams of the 22nd and 24th instants, regarding rates on wheat from the Missouri River to Buffalo:

Your lines will no doubt recognize the disadvantage at which Chicago eastbound roads are placed by having a lower rate through East St. Louis from the Missouri River to the Western Termini than current via Chicago.

The details are, that the rate on wheat, carloads, from the Missouri River is 9 cents to East St. Louis, plus rate of 11 cents to the western termini, making a through rate of 20 cents per 100 lbs. while the rate on wheat from the Missouri River to Chicago is 12 cents and from Chicago to the western termini 8½ cents, making a through rate of 20½ cents per 100 lbs. Of course Chicago routes cannot handle any business in competition with East St. Louis and for that reason they desire that the rate from East St. Louis be advanced ½ cent per 100 lbs. claiming that if it is not done the rate from Chicago will have to be reduced that amount.

Yours very truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, July 26, 1905.

Please refer to File 9466.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: With reference to your favor of the 25th inst., file 5046, regarding rate on Missouri River wheat from East St. Louis to Buffalo:

I presume you have, by this time, received my letter of yesterday, which gives more details in connection with this matter.

As you are aware, on wheat from the Missouri River to Trunk Lines western termini points, a specific proportional rate applies from Chicago, and this business is not now handled on Mississippi River basis.

If more facts are necessary, we will be glad to furnish them. Yours very truly,

J. F. Tucker, Chairman."

"Aug. 1, 1905.

5046.

Proportional Rate on Missouri River Wheat, East St. Louis to Buffalo and Other Western Termini Points.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Referring to your telegrams July 22nd and 24th, and letters July 25th and 26th, file 9466, on above subject. The correspondence was read at meeting to-day and "roads represented individually announced their intention to make effective Aug. 21st, rates on Wheat to Western Termini Points 11½ cts. per 100 lbs. provided Upper Miss. River Crossing Roads will do likewise."

It was contended by some of the members that rates on a less combination than 20½ cts. are in effect through Louisiana, etc., and I was instructed to take the subject up with you with the view of your taking it up with Western Trunk Lines and have the proportional rates from Upper Mississippi River Crossings cancelled and have rates made on the Chicago and Peoria combinations.

Please therefore do what is necessary in the premises, advising result at earliest possible date in order that Tariffs may be amended in time to become effective Aug. 21st, if rate by all routes will be 20½ cents.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 2, 1905.

Please refer to File 9466.

Messrs. J. E. Gorman, F. T. M., A. T. & S. F. Ry., Chicago, Ill.; W. B. Hamblin, C. F. A., C. B. & Q. Ry., Chicago, Ill.; C. A. King, A. G. F. A., C. & A. Ry., Chicago, Ill.; E. D. Brigham, G. F. A., C. & N. W. Ry., Chicago, Ill.; C. E. Stohr, G. F. A., C. G. W. Ry., St. Paul, Minn.; E. S. Keeley, G. F. A., C. M. & St. P. Ry., Chicago, Ill.; P. J. Shubert, A. G. F. A., C. R. I. & P. Ry., Chicago, Ill.; W. E. Keepers, G. F. A., Ill. Central, Chicago, Ill.; S. B. Knight, G. F. A., Wabash R. R., St. Louis, Mo.; J. N. Tittemore, F. T. M., Iowa Central, Minneapolis, Minn.

Gentlemen: At the present time there is a proportional rate of 11 cents per hundred pounds, from East St. Louis to the Trunk Lines western termini, on wheat, carloads, from the Missouri River. It is thought said rate is also published proportionally from certain east bank Mississippi River points north of East St. Louis, to East Dubuque, inclusive.

In connection therewith would advise that we are informed the rate from East St. Louis, on this traffic, will be advanced, effective August 21st, to 11½ cents per hundred pounds, and, in case any of your tariffs inadvertently provide for rate of 11 cents, from East Bank Mississippi River points, will you kindly arrange to cancel it, effective on the date mentioned?

As you are aware, on the traffic referred to, the lines east of Chicago, Peoria, etc., charge specific rates from those gateways, and do not accept a pro rate of a Mississippi River proportional rate.

Yours very truly,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Chicago, August 2, 1905.

Please refer to File 9466.

Mr. R. M. Fraser,

Chairman, St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: With reference to your favor of the 1st inst., file 5046, herewith, please find copy of letter we have addressed to the representatives of western roads (including the general freight agent of the Wabash Railroad.)

It seems to me this should accomplish the end sought, and we therefore trust that the lines members of your committee will, without fail, establish the 11½ cent rate, effective the 21st inst.

Yours very truly,

Enclosure.

J. F. Tucker, Chairman."

"Aug 3, 1905.

Mr. J. F. Tucker, 5046.

Chairman, C. F. A., Chicago, Ill.

Dear Sir: I have yours 2nd, file 9466, inclosing copy of joint letter 2nd, file 9466, addressed to Messrs. J. E. Gor-

man, F. T. M., and nine others, regarding rate on Wheat, Missouri River to the Trunk Line Western Termini and have transmitted same by Circular Letter No. 315, to members of this Committee, trusting they will accept your letter to Western roads, as warranting them in amending their tariffs establishing rate 11½ cts. effective Aug. 21st from East St. Louis.

I desire, however, to call your attention to my letter 1st in which is stated to the effect that rate will be advanced 21st, provided Upper Miss. River Crossings Roads will do likewise and you will see by proceedings No. 131 that I am to advise members *result* by Circular Letter.

It is my understanding that the members *will expect positive information from you* that Tariffs and rates via all Upper Crossings and lines will be effective Aug. 21st, on relative basis as rate, 11½c from East St. Louis. I therefore suggest that you advise me at earliest possible date, as to what the actual status of affairs will be Aug. 21st, in line with action as per my letter 1st and proceedings 131.

Respectfully, Chairman."

N. B.—Copy of Circular Letter 315 attached.

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Aug. 4, 1905.
Please refer to File 9466.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: This will acknowledge receipt of your favor of the 3rd inst., file 5046, regarding adoption of rate of 11½ cents per hundred pounds on wheat, ex Missouri River, from the Mississippi River east bank points to Trunk Line western termini points.

"According to our information, there are no proportional

rates on wheat from any Mississippi River points, north of East St. Louis to East Dubuque, inclusive, to Trunk Line western termini points, unless via the Wabash or Chicago & Alton railroads and we understand that simultaneously with the advance from East St. Louis, those companies will adopt the 11½ cent rate.

As stated in the concluding paragraph of my letter of the 2nd inst., to the western roads, on wheat from the Missouri River to the western termini of the Trunk Lines the lines east of Chicago, Peoria, etc., charge specific rates, from those gateways, and do not accept a pro-rate of the Mississippi River proportional rate. This is in accordance with Joint Rate Committee Circular No. 129."

Consequently I do not see that the East St. Louis roads can have any grounds for declining to adopt the rate of 11½ cents, effective the 21st inst.

Yours very truly,
J. F. Tucker, Chairman."

Complainant offers in evidence correspondence between the official of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning rate on burlap and gunny bags, East St. Louis to C. F. A. points, vs. rates from New Orleans to same points; as follows: (5059)

"May 3, 1905.
5059

Rates on Burlap and Gunny Bags, C. L., and Less, East St. Louis vs. New Orleans, etc. to C. F. A. points.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: The above subject was submitted to the Com-

mittee by letter April 25th, and table of rates from the St. Louis Traffic Bureau (copy attached) and after due consideration, it was:

Moved, That the subject be referred to Chairman C. F. A. with the request that he take it up with Southeastern Mississippi Valley Ass'n. calling their attention to the fact that lower rates, actual and relative are in effect from New Orleans to various C. F. A. points than are in effect from East St. Louis; that rates from New Orleans seem to us unnecessarily low and that as there are two very large manufacturers of this kind of material in St. Louis, a reduction in rates from East St. Louis to C. F. A. will have to be made to enable them to compete for a share of the business, unless a considerable advance is made in rates from New Orleans and other Mississippi Valley Points, which also carry rates on about the same basis as are in effect from New Orleans.

Please give this your attention advising result.

Respectfully,
Chairman.

P. S.: The subject of rates to Louisville, Cincinnati and other St. Louis-Cincinnati-Louisville Freight Committee Points will be submitted to that Committee at their next meeting."

"June 9, 1905.
5059.

Mr. J. F. Tucker,
Chairman, C. F. A.,

8th Floor Monadnock Block.

Chicago, June 10, 1905.
Please refer to file 12547.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: In reply to your favor of the 9th inst., file 5059, regarding the matter of rates on burlap and gunny bags, from East St. Louis, versus New Orleans, would state that since receipt of your letter we have been incessantly in correspondence with the southern roads, with a view to having the rates from New Orleans advanced, but so far we have accomplished nothing, except that we have received advices from the initial lines that they are investigating the subject and will let us know the result as promptly as practicable.

It is only this week that we addressed a communication to the southern roads concerned, asking for final advices on the subject, and urging immediate disposition thereof.

Yours very truly,
J. F. Tucker,
Chairman."

"July 11, 1905.

Burlap and Gunny Bags.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Yours June 10th, file 12547. I am in receipt of another letter from the St. Louis Traffic Bureau asking information on subject of my letter May 3rd, regarding adjustment of rates on bags, New Orleans vs. East St. Louis.

Is it not possible for you to have action taken that will relieve the situation.

Respectfully,
Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, July 13, 1905.
Please refer to file 12547.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: In reply to your favor of the 11th instant, your file 5059, regarding rate adjustment on bags from New Orleans versus East St. Louis, would state we are constantly in communication with interested southern roads for the purpose of ascertaining what action they have taken towards revising rates from New Orleans on this traffic, but so far no change seems to have been made.

At the same time, under date of July 10th, General Freight Agent Goodwyn states he is now investigating the matter and expects to be able to advise us definitely within the course of the next few days. It seems very difficult to have the southern roads from New Orleans get together and take any action, not only on this but on any other subject, so I am not surprised they are slow in reaching a decision on the matter you present. Yours very truly,
J. F. Tucker, Chairman."

Dear Sir: In reply to your favor of the 28th inst., file 5059, would state that we have not yet been able to learn definitely from the southern lines just what adjustment they are prepared to make in rates on burlap and gunny bags from New Orleans, to render unnecessary reductions from East St. Louis.

We are following the matter up with them as closely as possible, and have hopes that they will very soon announce decision reached. Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 764."

Complainant offers in evidence correspondence between the official of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning Government freight and rate thereon, as follows: (4290.)

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, May 18, 1904.

Please refer to File 11,702.

Messrs. R. M. Fraser, Chairman, St. L. E. B. Frt. Com., St. Louis, Mo.; Jno. McCann, Secretary, Peoria Freight Com., Peoria, Ill.

Gentlemen: At meeting of the Chicago Freight Committee held on the 11th inst., a communication was presented from Mr. W. J. Healy, Freight Auditor, A. T. & S. F. Ry., addressed to the auditor of traffic of one of the Chicago eastbound railroads, advising that instructions will be given junction agents to make no advances after April 30, 1904, to connecting lines on shipments of Government freight, whether consigned to the War or Quartermaster's department, Indian or other department of the Government service; that this action is necessary on account of the large amount of advanced charges outstanding which they are unable to collect from the Government, owing to the equalization and other plans under which it is working, and the difficulty and delay encountered in their efforts to convince the connecting lines they have overcharged the shipments.

In view of the foregoing advices from the Santa Fe the Chicago Committee adopted the following:

Resolved, That it is the sense of this Committee Chicago eastbound roads issue a circular to their agents and connections that prepayment will be required until further notice on Government freight routed in connection with the A. T. & S. F. Ry.

The foregoing is for the information and guidance of your members.

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 765."

Cost of Proceedings and Bound Volumes.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Answering yours of the 20th, file 4298 as to cost of C. & O. R. Committee printed proceedings and bound volumes, will say that we have printed at the time of

each meeting some 200 copies, for which we pay $1.60 per page. Out of these is left about 75 or 80 copies, which at the end of the year we have indexed and bound, which cost as follows:

Indexes $20.00, binding $10.00, total $30.00 for between 75 and 80 bound volumes.

If our proof is sent over to printers say for instance today (Thursday) and there being anywhere from one to four pages, we send out the printed proceedings on Saturday or not later than Monday.

The price of $1.60 per page is some 40 cents per page less than paid by the Chicago Committee or the Central Freight Association, it being an old contract or bid of several years standing.

You are furnished promptly with our printed proceedings and at end of the year with bound volume and I believe have what you desire on file in your office. If not will gladly supply your wants as per letter of the 20th.

Yours truly,

C. E. Fulton, Secretary."

J. F. Tucker,
Chairman C. F. A., Monadnock Block,
Chicago, Ill.

Your letter 12th, file ninety four sixty six. See Clover Leaf Supplement two effective 20th, to tariff three sixty two naming rate Ashtabula and Painesville eight one half Cleveland seven etc., issued from Toledo fifteenth, St. Louis office unable to explain cause for reduction.

R. M. Fraser."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman.
8th Floor Monadnock Block.

Chicago, August 19, 1904.
Please refer to file 9466.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Referring to your letters of the 15th and 17th, your file 4301, enclosing tariffs naming wheat rates from East St. Louis to Central Freight Association points: I have condensed them and find these discrepancies:

The Clover Leaf should advance their rate to Canton, Cleveland, Mansfield, Millersburg, Mt. Vernon and Orrville to 7½ cents instead of 7, and the Wabash should advance their rate one-half cent to Cleveland; otherwise, by the tariffs you send me, the East St. Louis lines are on a parity. This one-half cent is considerable net now-a-days, and therefore my earnestness in regard to it.

Yours very truly,
J. F Tucker,
Chairman."

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

"Aug. 20, 1904.
4301.

Dear Sir: Yours 19th, file 9466. If as you say the Clover Leaf should advance their rate on wheat to points named it will, in my opinion, have to be arranged by you with T. M. Ross, the tariff having been issued from General Freight Office, Toledo without request from St. Louis office.

By reference to my telegram 17th, in reply to your letter 12th, file 9466, you will see that I stated the "St. Louis office unable to explain cause for reduction." I have conferred with their office *to-day* and they report having no information as to reason for their General Freight Office putting rates (As per Supplement 2) in effect and therefore have no suggestion to make. You say Wabash should advance their rate ½ cent to Cleveland. The Wabash Tariff, No. 33835, I. C. C. 1393, effective Aug. 7th, 1904, *on file in this office* names rates to Cleveland 7½ cts. A copy of tariff with that number is mentioned in my letter 17th and copy sent you. If it does *not read* 7½ cts. to Cleveland I would like to have it returned to me by first mail.

It is possible that every other road has or will follow the Clover Leaf.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Acknowledging receipt of your letter of the 20th, your File 4301:

It seems to me it would be wise for you to convene your Committee and endeavor to have them conform to the 7½c rate East St. Louis to Cleveland on wheat, and wheat only. Kindly advise if you will do this. The roads from the upper Mississippi River crossings follow East St. Louis; therefore, if I can get East St. Louis straight it seems it will accomplish the desired result.

Yours very truly,

J. F. Tucker, Chairman."

"Aug. 24, 1904.

4301.

Wheat to C. F. A. Points.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Yours 22nd, file 9466. As suggested the meeting convened at this office to-day and after due consideration of the above subject following action was taken:

Moved, That Chairman, C. F. A., be answered that the St. Louis Eastbound Lines, if advised in time to take legal action, on Sept. 12th will make the rate on Grain from East St. Louis to Cleveland 7½ cts. per 100 lbs., subject to joint advice from Chairman J. F. Tucker and Chairman, J. V. Mahoney, that that will be the minimum rate from Upper Mississippi River Crossings to Cleveland.

The 7½ cents to be the minimum earnings to be protected on traffic from Trans-Mississippi River Territory.

If Sept. 12th is found to be too early the St. Louis Lines will take concurrent action upon the earliest subsequent date that may be jointly announced by Chairman Tucker and Chairman Mahoney.

Respectfully,

Chairman."

Proceedings of a Conference Meeting Held at Chicago, August 30th and 31st, 1904.

Representing Lake Lines:

J. C. Evans, A. M. Milliard, representing Anchor Line; C. H. Harkins, representing B. & O. Lake Lines; W. N. Babcock, representing Lackawanna Trans. Co.; A. W. Colton, representing Lake Erie Trans. Co.; S. A. Story, representing L. S. & L. V. Route; J. S. Wood, representing Lehigh Valley Tran. Co.; J. J. Young, representing Rutland Trans. Co.; T. T. Morford, representing Union Steamboat Co.; E. T. Douglas, representing Western Transit Co.; C. C. McCain, Commissioner, Associated Lake Lines.

Representing Central Freight Association Roads:

W. H. Bennett, representing Ann Arbor R. R.; C. S. Wight, L. R. Brockenbrough, C. H. Harkins, representing B. & O. R. R.; Archibald Fries, representing B. & O. S. W. R. R.; C. H. Ingalls, C. J. Brister, representing C. C. C. & St. L. Ry.; C. H. Rockwell, representing C. I. & L. Ry.; S. J. Cooke, representing C. & E. I. R. R.; A. H. McLeod, by J. S. Lazarus, representing C. H. & D. Ry.; J. S. Lazarus, representing C. I. & W. Ry.; S. P. Shane, C. L. Thomas, representing Erie R. R. Co.; E. C. Leavenworth, representing G. R. & I. Ry.; C. A. Hayes, representing G. T. Ry. System; W. E. Keepers, J. R. Peachy, representing Ill. Cent. Ry.; G. J. Grammer, J. L. Clark, representing L. S. & M. S. Ry.; S. B. Sweet, representing L. E. & W. R. R.; W. C. Rowley, representing Mich. Cent. R. R.; Jas. Webster, representing N. Y. C. & St. L. R. R.; B. E. Morgan, D. T. McCabe, W. Borner, M. S. Connelly, representing Penna. Lines; S. O. Brooks, C. C. Berry, representing Pere Marquette R. R.; R. A. Campbell, representing Southern Ry.; D. Mowat, representing T. P. & W. Ry.; G. H. Ross, by J. F. Tucker, representing T. St. L. & W. R. R.; W. Hodgdon, representing Vandalia Line.

Also present:

Messrs. H. J. Crahan, L. L. Hyde, P. P. Rainer, C. E. Fulton.

Rates on Grain and Grain Products to be made Effective on and after October 1st, 1904.

It was decided best to postpone consideration of this subject for a special conference meeting that should be convened Wednesday, September 14th, at 11:30 a. m.

Rates on Corn, Oats, Rye and Barley from Minneapolis-Minnesota Transfer and Originating Points in Minnesota, North and South Dakota.

Messrs. Marcy and Patton representing the Transportation Committee of the Chicago Board of Trade stated their views as to the conditions that surrounded this traffic and after a lengthy discussion and consideration of the subject, the following was unanimously individually adopted by the roads interested:

First: That we, for the railroads we represent, individually announce that we hereby cancel the request made July 13, 1904, to the Western Trunk Line Committee roads and any prior or subsequent Association or individual request, action or concurrence, that rates be named from St. Paul, Minneapolis, Minnesota Transfer, Stillwater, Duluth, Minn., and Superior, Wis., on corn and oats or other grains, via the Niagara Frontier or other Western Termini points to points east of the western termini of the Trunk Lines, on basis of 20½ cents per 100 lbs., St. Paul, Minneapolis, etc., to New York City; that such rate on corn and oats only shall be strictly confined to the route of the Grand Trunk Railway System east of Chicago or Milwaukee, and only via their main line via Montreal, and no transit or other stop-off privileges to apply, and only to the specific New England points named in Soo Line tariff; and it is further individually stated for the railroads we represent,

that we will give specific detailed individual information to all western roads, and all others interested that we will not be a party to or participate in such rates on any of this traffic not actually in our possession and on our tracks on or before midnight of September 11th next.

Second: That the foregoing applies to traffic via Chicago, Peoria, west bank Lake Michigan ports, Mackinaw, Manistique or any other junction with eastern or western roads via which through rates are published from Minneapolis, etc., to eastern cities.

All eastern roads interested have signed and mailed individual and joint notice to the interested western and northwestern railroads, as provided above.

It was individually decided by all interested that until midnight of September 11th, 1904, the following rates will be protected by eastern roads on basis of agreed divisions:

Proportional All-Rail Rates in Cents Per 100 Pounds From—

St. Paul, Minneapolis, Minnesota Transfer, Stillwater, Duluth, Minn., Superior, Washburn and Ashland, Wis.

(On shipments of corn and oats, in bulk, C. L., originating at points west of the Mississippi River.)

Albany, N. Y.	20	Philadelphia, Pa.	18½
Baltimore, Md.	17½	Pittsburg, Pa.	17
Boston, Mass.	22½	Rochester, N. Y.	17
Buffalo, N. Y.	17	Syracuse, N. Y.	18
New York, N. Y. ...	20½	Utica, N. Y.	19

(Rates named above apply only on direct shipments from points of origin to eastern destinations to which rates are named. Stopping or milling in transit will not be allowed.)

The foregoing rates will only be participated in by eastern roads when the shipments forwarded thereunder pass through St. Paul, Minneapolis, Minnesota Transfer, Still-

water and Duluth, Minn., Superior, Washburn and Ashland, Wis.

Whereas, The Grand Trunk Railway System consents to restrict the proportional rate on corn and oats, carloads, from St. Paul, Minneapolis, Minnesota Transfer, Stillwater, Duluth, Minn., and Superior, Washburn and Ashland, Wis., to New England or Canadian points to which the original tariff of the Soo Line applied, or to which that company is now willing to apply it, it is therefore

Resolved, That the Chairman communicate with Freight Traffic Manager Martin of the Soo Line for the purpose of obtaining an exact description of the territory to which he will establish said proportional rates and arrange to have the tariff via the Grand Trunk Ry. System through Chicago or Milwaukee publish the same rate to corresponding destinations only, it being the opinion of your committee that said rate should only be published to points north of Boston & Albany R. R., Albany to Boston, exception to points on the Central Vermont Ry. south of the Boston & Albany R. R.

The following was also unanimously adopted:

That Western Roads be invited to meet us at the earliest possible time to consider,

First: The immediate suspension of Joint Rate Committee Agreement so far as grain and grain products are concerned.

Second: In lieu thereof to agree upon arbitrary proportional rates from Chicago and other gateways to apply on grain and grain products originating in the Northwest or Trans-Mississippi River territory, with the expectation that Western roads in connection therewith will fix their rates from originating points of shipment to the several gateways on a basis that will approximately, if not actually, equalize the combinations of rates via Chicago, Minneapolis, Peoria and East St. Louis.

This matter was referred to the following Committee to represent the Central Freight Association roads at meeting to be arranged with the Chief Traffic Officials of Western and Northwestern roads:

Messrs. G. J. Grammer, G. H. Ingalls, C. A. Hayes, D. T. McCabe, D. Mowat, A. Patriarche, S. P. Shane.

Proportional Rate on Export Flour From East St. Louis to Baltimore, Newport News and Norfolk.

After discussion of the subject the following was individually adopted:

The individual interested roads announce that there are no lake and rail routes operating from East St. Louis to Baltimore, Newport News or Norfolk, and that the unauthorized proportional rate of 12½ cents on export flour in effect from East St. Louis to Baltimore, Newport News and Norfolk will not be protected all-rail via routes other than direct lines from East St. Louis to Baltimore, Newport News and Norfolk, via: Vandalia, B. & O. S. W., Southern, Big Four, L. & N., and Clover Leaf."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Sept. 5, 1904.
Please refer to File 6499.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: The Inspection Bureau reports that the St. Louis eastbound roads are handling wheat out of East St. Louis elevators and charging thereon the proportional rates which we understand are only to apply on shipments originating beyond, and consigned through from points of origin to destination east of the Indiana-Illinois State line,

without stoppage in transit at St. Louis or other intermediate points, particularly such stoppage as is necessitated by placing the grain in elevators, etc.

As we view it, the matter is one that should be taken up with the St. Louis Eastbound Freight Committee to dispose of. In connection therewith, permit me to state that the proportions which the eastbound roads from Peoria and Chicago charge on shipments of wheat originating at the Missouri River are not applied on shipments out of the elevators at Peoria or Chicago, and such proportional rates are confined to shipments that are forwarded through, and I see no reason why a corresponding rule should not be observed on shipments via East St. Louis.

Yours very truly,
J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Sept. 5, 1904.
Please refer to File 9466.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I feel that in view of the fact that wheat has gone up 20 to 30 cents a bushel within the last sixty days, these wheat rates from East St. Louis and the upper Mississippi River crossings to East Dubuque inclusive, should be straightened out, and as the matter started at East St. Louis, think it should start from there for a settlement of the question.

Could not the East St. Louis roads individually announce that taking effect September 19th or 26th, the rates on wheat from East St. Louis to all points in Central Freight

Association territory shall be restored to the authorized rates? My understanding is that this can be accomplished if earnest efforts are made to do so.

Will you not please convene your Committee and see if this step cannot be taken, with the understanding, of course, that the rates from the upper Mississippi River crossings to East Dubuque shall be advanced to the authorized basis on the same date. Something should be done in this matter for it seems to be drifting.

Yours very truly,

J. F. Tucker, Chairman."

"Sept. 9, 1904.

4301.

Mr. J. F. Tucker,

Chairman, C. F. A.,

Chicago, Ill.

Dear Sir: Yours Sept. 5th, file 9466 was considered at Special Meeting of the Committee to-day and the view was held that the situation, towards securing an advance in grain rates, hinges on the restoration of the authorized basis from East St. Louis to Detroit and Toledo and as the lines interested in the direct handling of grain from East St. Louis to Detroit and Toledo are not prepared to announce willingness to advance to authorized basis, the opinion is that uniform action in the direction of securing an advance cannot be accomplished at the present moment.

The further view was expressed that this grain rate situation has reached the stage where an advance to authorized basis will of necessity have to receive attention of Chief Traffic Officials before the desired end can be attained.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, September 12, 1904.

Please refer to File 9466.

Mr. R. M. Fraser,

Chairman St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: Acknowledging receipt of your letter of the 9th, your File 4301:

What was the reason stated why the rates on wheat and grain could not be advanced from East St. Louis on some future effective date? If it is a matter, as you say, that should receive the attention of the chief freight traffic officials, why not have your office bring it to the attention of such officials through their representatives on the St. Louis Eastbound Freight Committee? Prices of grain have advanced, the cost of operation of railroads certainly is not being reduced, and it seems to me a very opportune time to begin to get in line on these rates.

Yours very truly,

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, September 12, 1904.

Please refer to File 9466.

Mr. R. M. Fraser,

Chairman St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: The unauthorized rates on *wheat* from east bank Mississippi River points north of East St. Louis to East Dubuque inclusive were fixed by the rates named from East St. Louis, and were originally intended, as I understand it, to apply from East St. Louis only on wheat from

the Missouri River and beyond. Your letter states *grain*—are there any unauthorized rates on grain except *wheat* from East St. Louis to Central Freight Association territory?

As written you several days ago, I think there should be a meeting called of the St. Louis Eastbound Freight Committee, on a request from me if you think proper, and the rates on *wheat* (and if there are unauthorized rates in any other grain include them also) restored on a given date to the authorized basis, with the understanding that on that same date the rates will be restored from the upper Mississippi River crossings.

I cannot understand how the *St. Louis eastbound lines* feel authorized to name these rates from the St. Louis elevators *without any action by the Central Freight Association.* This individual action does not tend towards either uniformity or maintenance of revenue. Please let me hear from you about this.

Yours very truly,
J. F. Tucker, Chairman."

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: In reply to your favor of the 19th inst., file 4301, would advise that we have asked the western roads to maintain rate of 7½ cents per hundred pounds on wheat from east bank Mississippi River crossings to Cleveland. We will expedite conclusion upon this subject as much as possible.

Yours very truly,
J. F. Tucker, Chairman."

"Oct. 3, 1904.
4301.

Mr. J. F. Tucker,
Chairman C. F. A.,
Chicago, Ill.

Dear Sir: Your letter Sept. 11th and two letters 12th, file 9466 were read at meeting Sept. 30th and it was:

Moved, That Chairman, C. F. A. be advised that it is the sense of this Committee now, that it is futile to call a meeting of the Chief Freight Traffic Officials of the St. Louis Lines until the attitude of the lines from East St. Louis to Toledo and Detroit, which have been carrying the 6 cent rate, is determined, because if the 6 cent rate to those points cannot be cancelled, rates to Cleveland and other C. F. A. points cannot be advanced.

In regard to the 7cent rate now in effect to Cleveland the East St. Louis Lines are willing to establish rate of 7½ cts. on a date to be fixed concurrently with lines operating through Upper Mississippi River crossings and Chairman, Central Freight Ass'n is again requested to confer with Chairman Mahoney in order to fix on a date, etc., as per action of this Committee on Aug. 24th.

Respectfully,
Chairman."

(Regular printed bank Western Union Telegraph Co.)

4558 CH. Tm 36D. H. 128 P. M.

Send the following message subject to the terms on back hereof, which are herby agreed to.

Chicago, 10/8.

R. M. Fraser,
St. Louis.

Your letter third, file forty three naught one. The lines from Upper Crossings are arranging to establish seven half cents rate on wheat carloads to Cleveland, etc., effective

seventeenth and St. Louis Committee should take similar action.

J. F. Tucker."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, October, 10, 1904.

Please refer to file 9466.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Referring to your letter of the 3rd inst., file 4301:

"Please arrange to have your lines establish 7½ cents on Missouri River wheat from East St. Louis to Cleveland and intermediate points on as early a date as they can make it effective, and kindly advise this office what that date will be.

We find that the lines from the upper crossings *have made it effective on various dates,* it seemingly being impossible to have them agree upon a uniform date. If your lines will name a date we will see that no tariff from the upper crossings publishes a lower figure on and after that time."

Yours very truly,
J. F. Tucker,
Chairman."

"Oct. 12, 1904.
4301.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Your letter 10th, file 9466 aand telegram 11th duly received and transmitted to resident members by Circular Letter No. 256 and 257 (copies attached) and delivered the 11th and 12th A. M. Special Messenger.

Not having received answers from all parties at this hour, 5:00 P. M., I am unable to give you a satisfactory reply and I doubt if there can be anything definite ascertained prior to meeting 14th. For your information I quote reply from one road with the view of having you give me by *early mail* to-morrow, (13th) more "specific information than contained in your letter and telegram" so that I may, if possible, have the subject acted upon at meeting 14th, A. M.

'We are agreeable to advancing this rate to 7½ cents per cwt. but we do not care to make the advance unless it is thoroughly demonstrated that *all* the lines from East St. Louis and through the Upper Crossings intend doing so, and believe that we should have more specific information than is contained in Chairman Tucker's letter of Oct. 10th and telegram of Oct. 11th, repeated in your Circulars, however, we will make our advance effective the 24th inst., provided you give us positive assurance by 3 P. M. to-day that all lines will do likewise.'

As it would be necessary to mail tariffs to the I. C. C. Washington, D. C., to-day for an advance to become effective 24th, it is useless to consider the change for that date.

Awaiting your reply, with additional information asked for above, I am.

Yours respectfully,
Chairman."

Telephones: Main, 246; Kinloch, B 520.

Dated Chicago, Ill., Oct. 15th, '04.

To R. M. Fraser,

St. Louis, Mo.

Your message date assures your lines that roads from upper Mississippi River Crossings will establish rate seven half cents on wheat to Akron Cleveland, etc. effective November first at least.

J. F. Tucker,
1253 P. M."

Nov. 21, 1904.
4301.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Referring to correspondence regarding rates on Wheat from Mo. River, your file 9466. In accordance with Circular Letter No. 268, Nov. 19th, meeting was held to-day and action taken as follows:

"In view of the advance in rates on Grain to Seaboard Territory and Western Termini points to become effective Dec. 5th, 1904, it is the sense of the East St. Louis Lines that rates on Wheat from East St. Louis, when originating at points west of the Mississippi River, destined to points named in letter from Chairman Fraser to Chairman Tucker, dated Nov. 4th, file 4301 and supplemented by letter Nov. 14th, same file, be advanced 1½c. per 100 lbs., effective

Dec. 5th, 1904, except to Cincinnati, Louisville, Jeffersonville and Evansville, over which rates this Committee has no jurisdiction. It is also understood that similar basis will apply from Upper Mississippi River Crossings, effective same date."

Note: The T. St. L. & W. R. R. representative reserved vote and stated he would advise Chairman later.

Will advise T. St. L. & W. vote soon as received.

Respectfully,
Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 16, 1904.
Please refer to File 9466.

To the representatives of Western Roads.

Gentlemen: The undersigned have given further consideration to the matter of unauthorized rates on *wheat*, carloads, originating at the Missouri River and beyond, and effective from East St Louis as proportions of through rates to points in Central Freight Association territory, and have reached the conclusion that, owing to all the conditions surrounding the handling of this traffic, they cannot see their way clear to concur in the request of the western roads, and divide these unauthorized rates on Joint Rate Committee percents.

We feel, however, ready to assist you to meet the East St. Louis competition via the upper Mississippi River gateways to East Dubuque inclusive, provided you can see your way clear to allow us the following as a minimum proportion in cents per 100 lbs. accruing from said unauthorized rates east of our junctions with western roads:

To	East of Chicago.	Peoria.
Adrian, Mich	5	5½
Akron, Ohio	6½	7
Alliance, Ohio	6½	7
Ann Arbor, Mich.	5	5½
Ashtabula, Ohio	7½	8
Athens, Ohio	7½	8
Bellaire, Ohio	8½	9
Bellefontaine, Ohio	5	5½
Big Rapids, Mich.	5	5½
Buffalo, N. Y.	8½	9
Canal Dover, Ohio.	7½	8
Canton, Ohio	6½	7
Chester, W. Va.	8½	9
Chillicothe, Ohio	5½	6
Cincinnati, Ohio	5	5½
Cleveland, Ohio	6½	7
Columbus, Ohio	6	6½
Conneaut, Ohio	7½	8
Dayton, Ohio	5	5½
Detroit, Mich.	5	5½
Elkhart, Ind.	5	5½
Erie, Pa.	8½	9
Evansville, Ind	5	5½
Fostoria, Ohio	5	5½
Ft. Wayne, Ind.	5	5½
Goshen, Ind.	5	5½
Grand Rapids, Mich.	5	5½
Indianapolis, Ind.	4	4½
Ithaca, Mich.	5	5½
Jeffersonville, Ind.	5	5½
Ken, Ohio	6½	7
Lafayette, Ind.	4	4½
Lawrenceburg, Ind.	5	5½

To	East of Chicago.	Peoria.
Leesburg, Ohio	5½	6
Louisville, Ky.	5	5½
Mansfield, Ohio	6½	7
Marietta, Ohio	7½	8
Massillon, Ohio	6½	7
Hillersburg, Ohio	6½	7
Minerva, Ohio	7½	8
Mt. Vernon, Ohio	6½	7
Muskegon, Mich.	5	5½
Newark, Ohio	6½	7
New Castle, Pa.	7½	8
New Philadelphia, Ohio.	7½	8
Niles, Ohio	7½	8
Orrville, Ohio	6½	7
Osborn, Ohio	5	5½
Painesville, Ohio	7½	8
Parkersburg, W. Va.	8½	9
Pittsburg, Pa.	8½	9
Piqua, Ohio	7	7½
Portsmouth, Ohio	7	7½
Ravenna, Ohio	6½	7
Richmond, Ind.	5	5½
Sandusky, Ohio	6½	7
Saginaw, Mich.	5	5½
Sardinia, Ind.	5½	6
Seymour, Ind.	5	5½
South Bend, Ind.	5	5½
Springfield, Ohio	5	5½
Tiffin, Ohio	5	5½
Toledo, Ohio	5	5½
Traverse City, Mich.	8½	9
Urbana, Ohio	5	5½
Warren, Ohio	7½	8

To	East of Chicago.	Peoria.
Washington, C. H., Ohio	5½	6
Wheeling, W. Va.	8½	9
Wilmington, Ohio	5½	6
Youngstown, Ohio	7½	8
Zanesville, Ohio	6½	7

We further understand that it is the intention on December 5th next to advance the rates (which advanced rates will still be unauthorized ones), from East St. Louis, 1½ cents per 100 lbs. in excess of the present rates, and in that case the minimum proportion (in cents per 100 lbs.) the eastern lines will accept will be the following, which we trust will be sufficient concession on the part of eastern roads to enable you to meet the East St. Louis competition:

To	East of Chicago.	Peoria.
Adrian, Mich.	6	6½
Akron, Ohio	7½	8
Alliance, Ohio	7½	8
Ann Arbor, Mich.	6	6½
Ashtabula, Ohio	8½	9
Athens, Ohio	8½	9
Bellaire, Ohio	9½	10
Bellefontaine, Ohio	6	6½
Big Rapids, Mich.	6	6½
Buffalo, N. Y.	9½	10
Canal Dover, Ohio	8½	9
Canton, Ohio	7½	8
Chester, W. Va.	9½	10
Chillicothe, Ohio	6½	7
Cincinnati, Ohio	6	6½
Cleveland, Ohio	7½	8

To	East of Chicago.	Peoria.
Columbus, Ohio	7	7½
Conneaut, Ohio	8½	9
Dayton, Ohio	6	6½
Detroit, Mich.	6	6½
Elkhart, Ind.	6	6½
Erie, Pa.	9½	10
Evansville, Ind	6	6½
Fostoria, Ohio	6	6½
Ft. Wayne, Ind.	6	6½
Goshen, Ind.	6	6½
Grand Rapids, Mich.	6	6½
Indianapolis, Ind.	5	5½
Itaca, Mich.	6	6½
Jeffersonville, Ind.	6	6½
Kent, Ohio	7½	8
Lafayette, Ind.	5	5½
Lawrenceburg, Ind.	6	6½
Leesburg, Ohio	6½	7
Louisville, Ky.	6	6½
Mansfield, Ohio	7½	8
Marietta, Ohio	8½	9
Massillon, Ohio	7½	8
Millersburg, Ohio	7½	8
Minerva, Ohio	8½	9
Mt. Vernon, Ohio	7½	8
Muskegon, Mich.	6	6½
Newark, Ohio	7½	8
New Castle, Pa.	8½	9
New Philadelphia, Ohio.	8½	9
Niles, Ohio	8½	9
Orrville, Ohio	7½	8
Osborn, Ohio	6	6½
Painesville, Ohio	8½	9

To	East of Chicago.	Peoria.
Parkersburg, W. Va.	9½	10
Pittsburg, Pa.	9½	10
Piqua, Ohio	6	3½
Portsmouth, Ohio	8	8½
Ravenna, Ohio	7½	8
Richmond, Ind.	6	6½
Sandusky, Ohio	7½	8
Saginaw, Mich.	6	6½
Sardina, Ind.	6½	7
Seymour, Ind.	6	6½
South Bend, Ind.	6	6½
Springfield, Ohio	6	6½
Tiffin, Ohio	6	6½
Toledo, Ohio	6	6½
Traverse City, Mich.	9½	10
Urbana, Ohio	6	6½
Warren, Ohio	8½	9
Washington C. H., Ohio.	6½	7
Wheeling, W. Va.	9½	10
Wilmington, Ohio	6½	7
Youngstown, Ohio	8½	9
Zanesville, Ohio	7½	8

We are also advised that, effective November 17th, some of the western roads have made the present unauthorized wheat rates to Toledo and Detroit effective on all grain. If this is the case, the undersigned desire you to accept this as notification that on all grain, except wheat, we will exact our proportion of the regular authorized East St. Louis rates in accordance with the percentages defined in Joint Rate Committee "Middle Division" Circular No. 20 To Illustrate: On shipments to Toledo, we will require 65% of the regular authorized rate (which is 10½ cents) or

6.8 cents per 100 lbs., and the respective percentages as per above named Joint Rate Committee issue of the regular authorized rates to all other points in Central Freight Association territory.

If you cannot see your way clear to allow the eastern roads the respective minimums on wheat and the proportions as named on grain other than wheat, as above stated, we respectfully request you to cancel the tariffs naming these unauthorized rates via the roads represented by the undersigned.

Yours very truly,

.....	.....

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 22, 1904.

Please refer to file 9466.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: This will acknowledge receipt of your favor of the 21st inst., file 4301, regarding advance in proportional rates on wheat from East St. Louis to points in Central Freight Association territory.

Attached hereto is copy of notice which the eastbound roads from Peoria and Chicago served upon the western roads relative to conditions subject to which they will pro-

tect, from Mississippi River crossings, the unauthorized rates on wheat from the Missouri River and beyond.

You will observe this notice provides that, effective December 5th, the lines east of Chicago will demand increased proportions to the extent of one cent per hundred pounds over the present proportions, on account of the advance of 1½ cents per hundred pounds which we understand is to be made in the rates from Mississippi River crossings.

We will endeavor to arrange to have the western roads advance, effective December 5th, their rates from the Mississippi River crossings 1½ cents per hundred pounds over the rates provided by your letter of November 4th, as supplemented by your letter of November 14th, with the understanding that the rates from East St. Louis will be correspondingly advanced.

Yours very Truly,

J. F. Tucker,

Chairman."

Enclosure.

Proceedings of a Meeting to Check Rates on Grain and Grain Products from and to Central Freight Association Territory.

Held at Cent. Frt. Ass'n. Committee Rooms, Tuesday November 22, 1904.

Representation:

C. T. Wight, B. & O. R. R.
E. B. Tullis, B. & O. S. W. R. R.
R. E. Eggebrecht, D. & E. I. R. R.
J. W. Hewson, C. C. C. St. L. Ry.
A. M. Schubert, C. H. & D. Ry.; C. C. & L. Ry.
A. N. Noble, Erie R. R.
J. S. Brown, Ill. Cent. R. R.
F. J. Bonchard, N. Y. C. & St. L. R. R.
J. D. Couffer, P. C. C. & St. L. Ry.

E. T. Wood, G. S. McCabe, Penna. Co.
T. J. Cook, T. St. L. & W. R. R.
G. L. Stevens, Vandalia Line.
C. J. Wilson, W. & L. E. R. R.

The foregoing convened pursuant to Circular Letter C. M. Mo. 212, dated November 18, 1904, for the purpose of checking in rates on grain and grain products from and to points in Central Freight Association territory because of the advanced basis which takes effect December 5, 1904, from Central Freight Association points to western termini of Trunk Lines as per Information No. 5510, dated October 27, 1904.

The Chairman presented Wabash Tariff No. 34355 (I. C. C. No. 1445), effective December 5, showing that company has adopted so far as concerns rates from stations in Illinois and Indiana (except from stations on Chicago Division to Detroit and Toledo, Ohio) the rates named in Information No. 3842, dated December 15, 1902.

It was consequently decided to reaffirm the rates on grain and grain products, C. L., provided by Information No. 3842, as amended by Information No. 4012.

In taking the foregoing action it was observed that the Wabash R. R. tariff names rate of 7 cents per 100 lbs. from Englewood, Ill., and stations east to Wolcottville, to Detroit and Toledo whereas the rate from Chicago, Ill., effective December 5, 1904, will be 8 cents but it was understood that the Wabash R. R. will be asked to publish rate of 8 cents per 100 lbs. from stations Englewood, Ill., to Laketon, Ind., inclusive.

It was stated unless the Wabash R. R. consents to adopt 8 cents from stations specified it will force a reduction in rates to Cincinnati, as well as to other destinations from points in Northern Indiana, as lines to Cincinnati, etc., cannot handle business at rates proposed to be adopted, if 7

cents is made by Wabash to Detroit and Toledo from Englewood, Laketon, etc.

The use of 7 cent rate from Englewood, Hammond, etc., may also prevent application of 8 cent rates from Chicago to Detroit and Toledo.

The meeting requested the Chairman of Central Freight Association to send notice of the rates approved, to the Indiana and Illinois roads interested but not represented at the meeting, for their approval and in case they object to any rates, the other roads concerned are to be advised, and if necessary another meeting arranged to give further consideration to the subject.

The following figures were checked in to supersede rates named from and to same points as per Information No. 3842 and Amendments.

From Marion, Ind., to Detroit, Mich and Toledo, Ohio, 7 cents per 100 lbs.

To Cincinnati, Ohio, from Marion, Ind., 7; Muncie, Ind. 6; Jonesboro, Ind. 7; North Judson, Ind. 7½ and Richmond, Ind. 6 cents per 100 lbs.

Information Circulars Nos. 5556, dated November 23, 1904, and 5561, dated November 25, 1904, have been issued in compliance with the foregoing.

Since the meeting General Freight Agent Knight of the Wabash Railroad advises as follows in response to telegram from the Chairman of the Central Freight Association concerning the rate of 7 cents per 100 lbs., published by the Wabash R. R. from Englewood, etc., as referred to above:

"We will advance our Englewood rate to eight cents per 100 lbs. and will advance the rate from points Lakeville and intermediate provided all other Chicago eastbound lines carry the same figure from cross country and adjacent stations.

Adjourned.
Chicago, Nov. 25, 1904.

E. Norris,
Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 767."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning joint agreement touching movement of U. S. Government property from St. Louis Exposition to Lewis & Clark Exposition, Portland, Oregon, as follows: (4306.)

"Exhibits From Pan-American to Charleston Exposition.

The Chairman presented a letter from Mr. W. H. Fitzgerald, Commissioner, the Associated Railways of Virginia and the Carolinas, asking Trunk Lines consideration of the proposition that articles which were transported from the Pan-American for exhibition at the Charleston Exposition, be returned to Buffalo free, and from Buffalo returned free to the original point of shipment over the lines which had transported said property to Buffalo.

The Chairman was requested to advise Commissioner Fitzgerald that the Trunk Lines will charge their regular class rates from Buffalo to Charleston on such shipments and return unsold exhibits from Charleston to Buffalo under the usual restrictions, viz.:

"Such exhibits, if returned within 30 days, after the close of the Exposition, will be returned free to Buffalo, at owner's risk, to the original forwarder, by the roads which carried the same, upon presentation of the original bill of lading, or contract, or paid freight bill, together with a certificate signed by the proper officers of the South Carolina Exposition, to the effect that the shipments are unsold exhibits which have paid full tariff rates one way, such certificate to be attached to the manifest of each shipment. Tariff rates will be charged in both directions on horses for exhibition."

"Copy.

"United States Government Board
Louisiana Purchase Exposition (St. Louis, 1904).

St. Louis, Mo., August 10, 1904.

Dear Sir: Owing to the fact that the U. S. Government exhibit, now at the Louisiana Purchase Exposition, may be transferred to Portland, Oregon, to be exhibited at the Lewis & Clark Centennial, which takes place in that city from June 1 to October 15, 1905, I have been directed to ask the various railroads for an extension of time on the free return of exhibits from St. Louis, Mo., to the original points of shipment on all goods entitled to free return.

It has been suggested, anticipating the granting of the extension by the various railroads, that the Government will furnish (from the original bills of lading) a certified list of material delivered at St. Louis by your road for the exhibit of the Louisiana Purchase Exposition, or that the railroads agree to return to the original points from St. Louis, a certain amount of goods to be designated by weight. That is, that you agree to transport from St. Louis, after the closing of the Lewis & Clark Centennial, a certain number of pounds. This might obviate the necessity for a great amount of inspection, certification, etc., being a flat agreement to return so much.

The Government wishes to make a very creditable showing at Portland, and depends on the action of the railroads in this matter to do so. All material will be returned from Portland by way of St. Louis. In acting on this question, I will advise that it will have no bearing on the payment of freight on goods already delivered at St. Louis by your road for the Louisiana Purchase Exposition. These accounts will be handled as agreed, irrespective of any action you might take on the question at hand.

Trusting that you will give this your favorable and immediate consideration, I remain, Yours very truly,

Edwin L. Springman,
Transportation Clerk, U. S. Government Board.

Exhibits From Pan-American to Charleston Exposition.

The Chairman presented a letter from Mr. W. H. Fitzgerald, Commissioner, the Associated Railways of Virginia and the Carolinas, asking Trunk Lines consideration of the proposition that articles which were transported from the Pan-American for exhibition at the Charleston Exposition, be returned to Buffalo free, and from Buffalo returned free to the original point of shipment over the lines which had transported said property to Buffalo.

The Chairman was requested to advise Commissioner Fitzgerald that the Trunk Lines will charge their regular class rates from Buffalo to Charleston on such shipments and return unsold exhibits from Charleston to Buffalo under the usual restrictions, viz.:

Above exhibit is marked "Complainant's Exhibit Fraser No. 768."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning absorption of switching charge at East St. Louis, on cotton, as follows: (2820.)

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, April 13, 1901.
Please refer to File 7943.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I am in receipt of yours of the 12th, file 2820. As the Illinois Central R. R. is a member of the St. Louis Eastbound Freight Committee, I think this matter should be docketed for the consideration of that committee and at the meeting have representative of the Illinois Central R. R. present and endeavor to have them discontinue the payment of this switching charge. It seems to me the M. & O. R. R. is neutral ground and it is idle to refund this switching. It is of course not in accordance with the rules of this Association. Yours very truly,

J. F. Tucker, Chairman."

April 12, 1901.

Mr. J. F. Tucker, 2820
Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 9th, file 7943 was read at Conference this a. m. and I was instructed to inform you that the members are not aware of any good reason why the I. C. R. R. should not charge the authorized rate from their East St. Louis Station on the Cotton referred to, viz.: 30c per 100 lbs., East St. Louis to New York, usual differences to other points.

This is Round Bale Cotton from the Warehouse of the American Cotton Co., located on the Mobile & Ohio tracks. Shipments via *all Eastern Lines* must pay the M. & O. R. R. ½c per 100 lbs., minimum $1.50 per car.

Unless the I. C. R. R. can be induced to discontinue the absorption of this switching, it is liable to extend to other warehouses and industries similarly located at both East St. Louis and St. Louis thereby incurring a large and unnecessary expense to all the roads.

Hoping that you can see your way clear to remedy the trouble and awaiting your reply, I am,

Yours respectfully, Chairman.

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Mondanock Block.

Chicago, April 9, 1901.

Please refer to File 7943.

Mr. R. M. Fraser,

Chairman, St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: It is stated that shipments of cotton from the South are being forwarded via East St. Louis to eastern destinations on basis of proportional rate from latter point, but ½ cent per 100 lbs. is deducted before pro-rating, the Illinois Central R. R. claiming that this is for switching from cotton compress at East St. Louis.

As this ½ cent deduction has not been authorized by the Central Freight Association, will you not kindly take matter up at your next meeting and advise what conclusion is reached. Perhaps the situation is such as to warrant the reduction, but if so, we would like to have some data showing this to be the case. Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 769."

2069

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning icing of cars and payment therefor by shippers, as follows: (3037.)

"May 14, 1904.

Mr. J. F. Tucker, 3037.
Chairman, C. F. A., Chicago, Ill.

Dear Sir: Your joint letter 12th, file 11687 was read at meeting 13th and it was:

Moved, That Chairman, C. F. A., be advised that members of the Eastbound Committee will approve arrangements similar to those effective at Louisville and Cincinnati. The conditions here do not, however, warrant specific action in that direction as St. Louis Lines have not paid for icing cars originating south or west of East St. Louis.

Respectfully, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, May 12, 1904.

Please refer to file 11687.

Messrs. D. H. Hillman, Chairman, Evansville Frt. Com., Evansville; R. M. Fraser, Chairman, St. Louis E. B. Frt. Com., St. Louis; Wm. Campbell, G. F. A., C. & E. I. R. R., Chicago; C. J. Brister, A. G. F. A., C. C. C. & St. L. Ry., Cincinnati; W. E. Keepers, G. F. A., Illinois Central R. R., Chicago; J. C. Lincoln, G. F. A., Mo. Pac. Ry., St. Louis; Haiden Miller, G. F. A., Mobile & Ohio R. R., St. Louis.

Gentlemen: We find that, effective May 16, 1904, the northbound roads from Cincinnati and Louisville will adopt the following concerning the subject of initial icing of shipments of dressed poultry, eggs, etc., requiring refrigeration:

(1) That as shipments of dressed poultry, eggs and other dairy traffic from Louisville, Lexington, Winchester and Maysville, Ky., are governed by the rules of the Official Classification, the initial roads leading from these points, reserve the right to pay for the initial icing whenever they deem this necessary, or the circumstances will warrant it.

(2) From all other points in Kentucky and Tennessee, south and west of Lexington and Louisville, Ky., the roads leading north and east of these junctions, as also Covington and Newport, Ky., and Cincinati, Ohio, agree that effective on sixteenth instant they will neither assume themselves, or join with the initial roads in taking care of the expense for icing at initial points of lading, this making it necessary that this expense should be assumed by the initial carrier; or in lieu of this, that it be taken care of by either the shipper or consignee.

(3) It is also understood that when empty refrigerator cars are sent south iced for loading, to points covered by this understanding that such icing will be at the expense of the shipper.

It is understood that like arrangements should be adopted by roads leading northwardly and eastwardly from Evansville, Cairo, Thebes and E. St. Louis. The Chairman of the Committee addressed will therefore please advise if their members will approve such an arrangement, effective the same date or as early a date as practicable thereafter; and the individual roads addressed will kindly inform this office on the same point. Yours, etc.,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 770."

Complainant offers in evidence correspondence between the officials of the Central Freight Asociation and the St. Louis Eastbound Freight Committee, concerning guarantee of freight shipments, as follows: (3024.)

ST. LOUIS EASTBOUND FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., June 11, 1901.
File 3024.

To the Members of the Freight Committee,

Gentlemen: At a Special Meeting of the Committee today, representative of the B. & O. S. W., C. C. C. & St. L., C. P. & St. L., C. & A., Ill. Cent., So. Ry., T. H. & I., Wabash and T. St. L. & W. R R.'s being present, the following resolution was adopted:

Resolved, That all roads, members of the Eastbound Freight Committee, hereby agree to decline to accept a guarantee of individual shippers on shipments of Fruits, Vegetables, etc., coming from connecting lines and will receive same only as through shipments delivered by connecting lines, charges being guaranteed by the delivering lines, but will accept shippers' guarantee on shipments from St. Louis or East St. Louis proper, without back charges other than bridge or transfer. Respectfully,

R. M. Fraser, Chairman.

P. S.—Six (6) copies sent to each resident member, *only.*"

"Feb 10, 1900.

Mr. J. F. Tucker, 3024.
Chairman, C. F. A., Chicago, Ill.

Dear Sir: Please advise me if C. F. A. Information No. 1594, Participation in deficits on fruit and vegetables, from the South, etc., is still in effect. Kindly let me have reply, Monday night's mail, as this subject will be consid-

ered at meeting called for Tuesday, 13th inst., greatly obliging. Yours trly, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 771."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning advancement of rate on peaches, East St. Louis to Trunk Line points; as follows (3053):

TRUNK LINE ASSOCIATION.

Copy New York, Feb. 18, 1903.

Mr. J. F. Tucker,
Chairman, Central Freight Association,
Chicago, Ill.

Dear Sir: At meeting of the Trunk Line Freight Committee on the 17th instant, attention was called to Central Freight Association Information No. 3303, issued April 1, 1902, which establishes proportional rates on 4th class basis from Ohio River crossings, etc., on peaches, C. L., minimum weight 24,000 lbs.; on shipments coming from points south of the Ohio River destined to Central Freight Association territory, including the western termini of the Trunk Lines.

It was stated that this basis in connection with the local rates from Pittsburg, Erie or Buffalo will make lower through rates east of Trunk Line western termini than published under the basis of through rates governed by the Official Classification, and that is having a very disastrous effect on shipments of peaches from the south and from local territory, as shippers in all parts of the country are aware of this classification, and the Trunk Lines are being importuned to meet the situation.

I was instructed to take this subject up with you and ask that the Central Freight Association cancel the reduced basis, both to their local territory and Trunk Line western termini.

Will you kindly take this matter up with a view of having the cancellation of reduced basis made effective, as early as possible.

Please advise as to action taken.

Yours respectfully,

(Signed) C. W. Bullen, Commissioner.

TRUNK LINE ASSOCIATION.

Copy. New York, March 7, 1903.

Mr. J. F. Tucker,
Chairman, Central Freight Association,
Chicago, Ill.

Dear Sir: Your file, 9681. Referring to your favor of Feb. 20th, in which, in connection with the request of the Trunk Lines, as shown in my letter of Feb. 18th, that the Central Freight Association cancel their reduced basis both to local territory and Trunk Line western termini now in effect on peaches, in carloads, you ask for information as to the rates now being observed by the Trunk Lines on this commodity from Buffalo, Pittsburg, etc., on shipments originating locally thereat as well as coming from points west thereof:

It is stated that the application of the 4th class basis from East St. Louis, and the Ohio River crossings to the western termini of the Trunk Lines very seriously affects the through rates from these points of origin to the eastern territory.

As you will note from the statement given below, the rates figured on combination of the 4th class rates to the western termini of Trunk Lines and first-class rate each

thereof, will make considerably lower figures than 1st class through rate.

It is furthermore stated that eastern receivers also complain of the wide difference between the rates from the Ohio River and from East St. Louis to western termini points as compared with the rates applied to this eastern territory. For example, 26 cents per 100 lbs. from East St. Louis to New York, making a difference of 61 cents per 100 lbs. which is 22 cents in excess of the 1st class rate from the western termini to New York.

It is sincerely hoped that the Central Freight Association roads will comply with the request of the Trunk Lines and advance the rating from the Ohio River crossings and from East St. Louis to the western termini to the full classification basis.

	From E. St. Louis.	From Cincinnati.
4th class to Buffalo	26c.	18½c.
1st. class Buffalo to New England	44	44
Through	70	62½
1st class rate through	94	69½
4th class to Buffalo	26	18½
1st class Buffalo to New York	39	39
Through	65	57½
1st class rate through	67	62.9
4th class to Pittsburg or Buffalo	26	18 to Pittsburg 18½ to Buffalo
1st class Pittsburg or Buffalo to Phila	39	39
Through	65	57 via Pittsburg 57½ via Buffalo
1st class through	85	59
4th class to Pittsburg	26	18
1st class Pittsburg to Baltimore	57	37
Through	63	55
1st class through	84	56.9

Kindly take this matter up promptly with your lines, advising result as early as practicable.

Yours respectfully,

(Signed) C. W. Bullen, Comm'r

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Black.

Chicago, March 10, 1903.

Please refer to file 9681.

Messrs. O. G. Fetter, Chairman, Cincinnati Frt. Com., Cincinnati; C. R. Brent, Chairman, Louisville Frt. Com., Louisville; F. P. Jeffries, Chairman, Evansville Frt. Com., Evansville; R. M. Fraser, Chairman, St. Louis E. B. Frt. Com., St. Louis; C. J. Brister, A. G. F. A., C. C. C. & St. L. R'y, Cincinnati; W. E. Keepers, G. F. A., Ill. Cent. R. R., Chicago; Wm. Campbell, G. F. A., C. & E. I. R. R., Chicago.

Gentlemen: Attached hereto is copy of correspondence which has passed between this office and Commissioner Bullen of the Trunk Line Association, same being self-explanatory.

The Chairman of the Local Committees addressed above will please place the matter before their members for consideration and action and advise this office of the result, and the individual roads addressed above will kindly favor us with their views upon the suggestion contained in the communication from Commissioner Bullen that the proportional rates on fruits from Ohio River crossings and East St. Louis and Thebes be cancelled and shipments charged on basis of the Official Classification.

Yours very truly,

Enclosure. J. F. Tucker, Chairman.

Mr. J. F. Tucker, March 14, 1903.
Chairman, C. F. A., 3053.
Chicago, Ill.

Dear Sir: Your Joint Letter 10th, file 9681 with letters from Chairman, Trunk Line Ass'n was considered at meeting 13th and it was:

Resolved, That it is the sense of this Committee that

Exceptions to the Official Class'n., C. F. A. Info. 3303, applying on Fruits and Vegetables from the territory described be modified to exclude Peaches and Berries, which should be carried on the basis provided therefore in C. F. A., Info. Nos. 3847 and 836, series A, on Peaches, and Official Class'n on Berries, provided the same adjustment applies from all Ohio and Mississippi River Crossings.

Please advise disposition of this matter early as possible.

Respectfully,
Chairman.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Rate on Peaches, C. L., to C. F. A. Territory.

Dear Sir: At meeting 2nd, this subject brought up by letter July 31st, file 21893, from a member, submitting copy of letter from G. F. A. Lehane of the St. L. S. W. Ry., which was read and after discussion following was adopted:

Whereas, in view of the conditions recounted in the attached letter from Gen'l. Frt. Agt., Lehane, of the St. L. S. W. Ry. addressed to a member of this Committee, and the fact that the 4th class rates are now applicable on Green Fruits of all kinds, including Peaches in straight or mixed carloads, in shipments originating in what is known as Green Line Territory, from Ohio River to all points subject to the jurisdiction of the Chicago and Ohio River Committee, which in turn affects all C. F. A. points west of the line of the C. H. & D. Ry.

We Recommend to the Central Freight Ass'n the cancellation of Info. 4413 and the restoration of proportional rates on Peaches, C. L., from East St. Louis to all C. F. A. points on basis of 4th class rates as per C. F. A. Info. 3303.

Copy of letter Tyler, Texas, July 17th from Mr. J. F. Lehane, G. F. A., St. L. S. W. Ry., attached.

Please give this your attention, advising finai disposition.

Respectfully,
Chairman.

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Mondanock Block.

Chicago, Oct. 5, 1903.
Please refer to file 9681.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: This will acknowledge receipt of your favor of the 3rd inst., file 4226, attached to which is copy of letter from General Freight Agent Lehane of the St. Louis Southwestern Ry., regarding restoration of 4th class rates on Peaches to points in Central Freight Association territory. It seems this restoration is desired on next season's shipments of Peaches, hence we can postpone consideration of the matter until the November meeting of the C. F. A., at which time it will be referred to the Committee on Relation with Southern Roads.

Yours respectfully,
J. F. Tucker,
Chairman.

Jan. 9, 1904.
3053.

Rates on Peaches to Eastern Cities.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: The above subject was brought up by letter

from a member and after discussion the following was adopted:

Whereas, The Wabash R. R. have published a Tariff, No. L-123, effective Jan. 1st, 1904, expiring Dec. 31st, 1904, on Peaches, C. L., East St. Louis to New York and Philadelphia 65c. and to Boston 70 cts. per 100 lbs., which also provides for the division of said rates by the acceptance of 4th class rates to Black Rock and Niagara Falls, and both the through rate to Philadelphia, New York and Boston and the proportions to the Western Termini of the Trunk Lines being contrary to C. F. A. action,

We Recommend, That the matter be referred to the Central Committee for their consideration and disposition.

See Wabash No. 29102-AC, Amendment No. 13 to I. C. C., 1102, Aug. 25th, 1903, also No. 31500-A, I. C. C., No. 1228, Oct. 5th, 1903, not in accord with C. F. A. Info. 4413, June 13th, 1903, reissued as 4743, Nov. 16th, 1903. Please have this given consideration, advising conclusions.

Respectfully,
Chairman.

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, March 24, 1904.
Please refer to file 9681.

Mr. R. M. Fraser,
Chairman St. Louis E. B. Freight Committee,
St. Louis, Mo.

Dear Sir: With reference to your file 3053, subject of rates on Peaches from E. St. Louis to Eastern cities:

As you will recall, based upon the action of Central Freight Association, March 9th and 10th, 4th class rates have been re-established on Peaches from Ohio River Crossings and E. St. Louis to points in Central Freight Associa-

tion territory, which includes the Western Termini of Trunk Lines, and the combination of 4th class to Buffalo plus the local rates beyond will make less through rates than if the Official Classification is used. One of the E. St. Louis roads, therefore, suggests that we furnish a memorandum of the rates from Buffalo to Pittsburg to Eastern basing points, and for your information herewith please find memorandum showing just what these rates are for all classes.

Yours respectfully,

J. F. Tucker,
Chairman.

(Enclosure)

Above exhibit is marked "Complainant's Exhibit Fraser No. 772."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning application of western roads for proportional rates on apples; as follows: (3058)

Oct. 14, 1902.
3058.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Yours 13th, file 9880. This subject was presented to this Committee by letter from Mo. Pac. Ry. and disposed of as shown in proceedings No. 22, Page No. 2 Oct 10th, 1902, as follows:

Resolved, That the Mo. Pac. Ry. be notified that the proposition contained in the correspondence was not acceptable, and therefore individually declined by the roads, members of this committee.

If any different action is taken by the lines from Chicago, Peoria, etc., will you please advise.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Oct. 13, 1902.

Please refer to file 9880.

Messrs. R. M. Fraser, Chairman, St. Louis E. B. F. Committee, St. Louis, Mo.; B. E. Connell, Chief Clerk, Chicago Freight Committee, Chicago, Ill.; Jno. McCann, Sec'y, Peoria & Pekin Freight Committee, Peoria, Ill.

Gentlemen: The following is received from Mr. Thos. Miller, F. T. M., C. B. & Q. R'y:

"We are in receipt of letter from the Denver & Rio Grande Railroad in regard to through rates on apples and deciduous fruits from Western Colorado to points in C. F. A. and Trunk Line territory, in which we are requested to take the matter up with the Eastern lines with a view to ascertaining if they will be willing to join in through rates from Western Colorado, not in excess of present rates from Pacific Coast, dividing by allowing East of Chicago and other junctions, the same earnings as they receive on Pacific Coast fruit. Will you please take the matter up with your line members, and advise me the result?"

In this connection would respectfully refer you to Information Circular 356, Series A, dated May 3, 1900, which relates to rates and divisions on fruits from Utah and Idaho points.

Yours very truly,

J. F. Tucker, Chairman.

P. S.: Please have your committee consider and make recommendation.

Above exhibit is marked "Complainant's Exhibit Fraser No. 773."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, in regard to agreed rates on dressed meats, carloads, East St. Louis to C. F. A. points; as follows (3131):

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, April 11, 1900.
Please refer to file Inf. 2059.

Mr. R. M. Fraser,
Chairman, St. Louis E. B. Frt. Committee,
St. Louis, Mo.

Dear Sir: Referring to the subject of rates on dressed meats in carloads, from East St. Louis as established by Information 2059.

It seems that the shippers at Chicago are asking that the rates from Chicago to Columbus and Chillicothe, and perhaps other points in C. F. A. territory, be reduced so as to observe the usual difference of 5 cents per 100 lbs. less than the rates in effect from East St. Louis, and upon the matters being presented at meeting of Central Freight Association, on the 12th instant, it was unanimously recommended that the question be referred to the St. Louis Eastbound Freight Committee with request that they agree to advance rate from East St. Louis to Columbus and Chillicothe to 27 cents, the present rate being 25 cents.

Will you kindly advise if this is acceptable to the St. Louis Committee, so that we may amend our circulars accordingly.

Yours very truly,
J. F. Tucker, Chairman.

Mr. J. F. Tucker, April 20, 1900.
Chairman, C. F. A., 3131.
Chicago, Ill.

Dear Sir: Yours 14th, file Inf. No. 2059, also letter 11th from Chairman Woffindin were submitted to the Committee at meeting 18th and in the interest of harmony it was:

"Resolved, That the roads, members of this Committee, individually recommend to Central Freight Ass'n that they authorize rate of 27 cts. per 100 lbs., on Dressed Meats, C. L., minimum weight 20,000 lbs., from East St. Louis, Ill. to Chillicothe and Columbus, Ohio, effective on legal notice, and that Information No. 2059, Amendment No. 3 to Information No. 1860, be corrected accordingly."

Respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 774."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning rates on Grain and Grain Products; also proceedings of meeting of Chicago, Peoria and St. Louis Committees, held in St. Louis, Nov. 9, 1900; as follows (3206):

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, October 17, 1900.

Please refer to file 7166.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Kindly refer to proceedings of meeting of the

St. Louis Committee held October 12th. Won't you kindly advise me the detail in regard to the situation as to withdrawing of proportional rates on wheat and grain products taking the same rates, from Kansas City to Detroit and Toledo.

Yours very truly,

J. F. Tucker, Chairman.

Oct. 20, 1900.

3206.

Mr. J. F. Tucker,

Chairman, C. F. A., Chicago, Ill.

Dear Sir: Yours 17th, file 7166. I regret my inability to give you the information desired. Matters discussed at the Special Meetings are not recorded.

Regarding this subject, I was instructed to strike the subject from the docket and file the papers.

Respectfully, Chairman.

"St. Louis Eastbound Freight Committee.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Oct. 24, 1900.

File 3206.

To the Members of the Freight Committee,

Gentlemen:

I give below copy of letter from Chairman Tucker dated Oct. 22nd, regarding rates on Grain and Grain Products from East St. Louis and Upper Mississippi River crossings to C. F. A. points.

With reference to your favor of October 15th, file 3206, subject of rates on Grain and Grain Products from East St. Louis and Upper Mississippi River crossings to Central Freight Ass'n points, would state that Chairman Courtright of the Western Trunk Line Committee advises that at meeting of roads interested in rates from Upper Mississippi River crossings, held on the 18th inst., it was agreed that the figures named in proceedings of meeting of Rate

Clerks, held October 2nd, be accepted, except that to Terre Haute the lines via Chicago will publish 7 cents and to Vincennes 10 cents, it being understood that all the points now shown in said Rate Clerks' Proceedings as taking 11½ cents will be advanced to 13½ cents November 1st."

This for your information.

Respectfully,
R. M. Fraser, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, October 26, 1900.
Please refer to File 6835.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.:

Dear Sir:—Referring to your file 3206, rates on grain and grain products from E. St. Louis and upper east bank Mississippi River points to Central Freight Association territory.

In connection with the check of rates made by Rate Clerks the following is received from General Freight Agent Brooks of the C. G. W. Ry.:

"I find in looking over this check of rates that there are some points which would need revision and would suggest that a meeting of St. Louis eastbound lines with the C. F. A. lines leading from Chicago and the Western Trunk Line roads interested in the Mississippi River Traffic be called and some definite arrangement and agreement arrived at, so that we will know just where to draw the line and where we are expected to stay out of the business in favor of the St. Louis roads and where they will concede the traffic to the lines crossing the river north of East St. Louis.

It has been the custom of the St. Louis eastbound lines

to check in rates from East St. Louis to all C. F. A. territory, shutting lines operating through the north crossings out of a great deal of the traffic to which they are justly entitled, as you will note that we are unable to reach through the north any Ohio River crossings on the same basis as the lines operating from East St. Louis and a great many more points which should be common to both gateways. If you can arrange such a meeting we would then know where to stand and could intelligently adjust our rates when changes are necessary."

Will you kindly inform me if the St. Louis Committee is agreeable to the conference suggested in said quotation?"

Yours very truly,

J. F. Tucker, Chairman.

ST. LOUIS EASTBOUND FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Oct. 27, 1900.

File 3206.

To the Members of the Freight Committee:

Gentlemen:—Below please find copy of letter from Mr. J. F. Tucker, Chairman, C. F. A., dated Chicago, 26th, file 6835, as follows:

"Referring to your file 3206, rates on grain and grain products from E. St. Louis and Upper East Bank Mississippi River points to Central Freight Association territory.

In connection with the check of rates made by Rate Clerks the following is received from General Freight Agent Brooks of the C. G. & W. Ry.:

"I find in looking over this check of rates that there are some points which would need a revision and would suggest that a meeting of the St. Louis Eastbound Lines with the C. F. A. lines leading from Chicago and the Western Trunk Line Roads, interested in the Mississippi River traffic, be called and some definite arrangement and agreement

arrived at, so that we will know just where to draw the line and where we are expected to stay out of the business in favor of the St. Louis roads and where they will concede the traffic to the lines crossing the river north of East St. Louis.

It has been the custom of the St. Louis Eastbound Lines to check in rates from East St. Louis to all C. F. A. territory, shutting lines operating through the north crossings out of a great deal of the traffic to which they are justly entitled, as you will note that we are unable to reach through the north any Ohio River crossings on the same basis as the lines operating from East St. Louis and a great many more points which should be common to both gateways. If you can arrange such a meeting we would then know where to stand and could intelligently adjust our rates when changes are necessary."

Will you kindly inform me if the St. Louis Committee is agreeable to the conference suggested in said quotation?"

The rates referred to above were checked in at meeting of Rate Clerks, Oct. 2nd, and approved by you, at meeting 12th inst. (See Proceedings.)

Please let me have vote on the above proposition, so that I may advise Chairman Tucker.

Respectfully,

R. M. Fraser, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, November 3, 1900.

Please refer to file 6835.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.:

Dear Sir: Referring to your favor 31st ultimo, file 3206.

As the roads from upper Mississippi River crossings have made effective November 1, 1900, as proportional rates on

grain and grain products those required by your Committee under check of Rate Clerks at meeting October 2nd, 1900, it seems essential that E. St. Louis roads should also issue the tariffs publishing the rates checked in by same meeting to govern from East St. Louis. We will at once submit the rates for approval of C. F. A. lines, but this need hardly interfere with your Committee establishing them, effective on such date as your issue will specify, because there seems to be very few differences between present and proposed rates, but roads from upper crossings may find reason to object unless revised rates are made effective from East St. Louis as well as upper crossings. My impression is that these rates from Miss. River crossings should be carefully handled, so as to prevent relapse to former conditions, and whenever a check is made from East St. Louis your committee should recommend what rates are also to govern from upper crossings.

Yours very truly,

J. F. Tucker, Chairman.

ST. LOUIS EASTBOUND FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Nov. 6th, 1900.
File 3206.

Gentlemen:—Referring to Circular Letter Oct. 24th, giving copy of letter 22nd ult. from Chairman Tucker, as follows:

"With reference to your favor of October 15th, file 3206, subject of rates on Grain and Grain Products from East St. Louis and Upper Mississippi River Crossings to Central Freight Ass'n Points, would state that Chairman Courtwright of the Western Trunk Line Committee advises that at meeting of roads interested in rates from Upper Mis-

sissippi River Crossings, held on the 18th inst., it was agreed that the figures named in proceedings of meeting of Rate Clerks, held Oct. 2nd, be accepted, except that to Terre Haute the lines via Chicago will publish 7 cents and to Vincennes 10 cts., it being understood that all the points now shown in said Rate Clerks' Proceedings as taking 11½ cents will be advanced to 13½ cents November 1st."

In connection with above I give below copy of another letter from Chairman Tucker, dated Nov. 3rd, file 6835, as follows:

"As the roads from Upper Mississippi River crossings have made effective November 1st, 1900, as Proportional Rates on Grain and Grain Products, those required by your Committee under check of Rate Clerks at meeting October 2nd, 1900, it seems essential that E. St. Louis roads should also issue the tariffs publishing the rates checked in by same meeting to govern from E. St. Louis. We will at once submit the rates for approval of C. F. A. Lines, but this need hardly interfere with your Committee establishing them, effective on such date as your issue will specify, because there seems to be very few differences between present and proposed rates, but roads from upper crossings may find reason to object unless revised rates are made effective from E. St. Louis as well as Upper Crossings. My impression is these rates from Miss. Crossings should be carefully handled, so as to prevent relapse to former conditions, and whenever a check is made from East St. Louis your committee should recommend what rates are also to govern from Upper Crossings.."

In line with the suggestion of Chairman, C. F. A., I have issued Special Notice No. 1045, dated November 5th (copy attached), naming the rates from East St. Louis on Grain and Grain Products, checked in by the Rate Clerks at Meeting October 2nd and approved by this Committee Oct. 12th. Said rates are made effective Wednesday, Nov. 21st,

in order that all roads will have time to issue their tariffs, effective same date (Nov. 21st).

Respectfully,

R. M. Fraser, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 8, 1900.

Please refer to file F-664.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.:

Dear Sir:—Referring to your file 3206, subject of rates on grain and grain products from East St. Louis and upper Mississippi River crossings to Central Freight Association points.

You are aware these rates were submitted for views of Central Freight Association lines by our Advice Letter F-664, but strong objections are offered to rates from East St. Louis to Big Rapids, Edmore, Farwell, Greenville, Howard City and Ithaca, Mich., for the reason that the figures proposed in Advice Letter F-664 are less than those in effect from Chicago, which are 12 cents to Big Rapids, Farwell, Howard City and Ithaca and 10 cents to Edmore and Greenville. It is, of course, out of the question for the Chicago lines to consent to protect less rates from East St. Louis to Michigan destinations than are charged from Chicago.

For your further information we enclose copy of letter received from General Freight Agent Davis of the Pere Marquette R. R., according to which it seems that while he objects to the rates proposed from East St. Louis to Michigan points reached by that road, the rates as proposed from upper Mississippi River crossings are entirely satisfactory to him, except those shown to Manistee, Ludington and Reed City.

In view of all these objections some of the Michigan roads desire that the subject be considered at conference tomorrow at St. Louis between Chicago, Peoria and East St. Louis Committees, with a view to having the rates from East St. Louis adjusted in line with those prevailing from Chicago to Michigan points. We understand that the figures proposed from East St. Louis, and also from upper Mississippi River crossings, to interior Michigan points, are forced because of the Pere Marquette R. R. granting the roads from the upper crossings the right to publish to Port Huron, Bay City and Detroit the same rates as named to those destinations from upper crossings via Chicago, and this authority the Pere Marquette R. R. is not willing to cancel. The solutions that occur to me are to have the rates from East St. Louis to Detroit advanced, thus permitting higher rates to Bay City and Port Huron, and consequently to interior Michigan points. If this cannot be accomplished, the alternate suggestion is that the rates from E. St. Louis be advanced in line with those prevailing from Chicago to interior Michigan points, but permit the rates, as per Advice Letter F-664, from upper crossings to Michigan destinations to continue, the result of which will be that the lines from East St. Louis will have to withdraw from the traffic to the Michigan territory in question, for if this is not done the Chicago lines would have to make considerable reduction in their present rates.

I do not believe that the limiting of rates from East St. Louis as per Advice Letter F-664 to apply as proportional rates only from that point, would be satisfactory to the Chicago lines. Another feature of the subject is the following telegram from General Freight Agent Knight of the Wabash R. R.:

"Your letter November third, file 6835. In view of exceptions to the rule referred to which is scattered throughout the table of rates accompanying your advice letter

F-664 we can only vote in the affirmative upon so many of the rates as are in accord with the position we have taken in the past and the agreement to which I have called your attention regarding the East St. Louis rates being the rates to apply from upper Mississippi River crossings on business from beyond; there is considerable peril in ignoring a precedent of the kind which would be established by your advice Letter F-664.'.

Our attention is also called to the fact that the rates to Martin's Ferry and Marietta Ohio, should be the same as rates to Bellaire and Wheeling.

As the Chicago Committee will undoubtedly be well represented at your meeting to-morrow, it seems the points under discussion can be developed and made known to the St. Louis Committee, and some agreement probably decided on which will arrange matters satisfactorily.

Yours very truly,

J. F. Tucker, Chairman.

Wabash R. R., E. G. Wylie.
T. St. L. & W. Ry., R. H. Sheill.

The meeting convened at 10:45 A. M.

On motion, Mr. H. M. Griggs was unanimously elected Chairman of the meeting and Mr. B. E. Connell, Secretary.

1. *Rates on Lumber and Shingles from Pacific Coast Points to Central Freight Association Territory.*

The meeting was called for the purpose of lining up rates on lumber, shingles, etc., from Pacific Coast points to Central Freight Association territory via Chicago, Peoria and East St. Louis.

The following was adopted:

Resolved, That we recommend to the Central Freight Association that a joint request be made upon the Trans-Continental Lines to publish specified through rates, based on lowest combinations, on Lumber and Shingles, in carloads, from Pacific Coast points to Central Freight Association territory, same to be prorated on agreed divisions east and west via Chicago, Peoria and St. Louis, with the local rates

east of Chicago, Peoria and St. Louis as a maximum, the rates to be subject to Official Classification minimums.

It was the understanding that when this recommendation is submitted to the Central Freight Association, it will be with the suggestion that a committee be appointed, consisting of three representatives from each of the gateways, to agree upon the best means or methods of having these tariffs published.

Resolved, That until this question is adjusted between the Central Freight Association and the Trans-Continental railroads, proportional rate of 7½ cents per 100 lbs., be applied on shipments of lumber, shingles, etc., in carloads, from Pacific Coast points to the following points in Central Freight Association territory, viz.:

Brazil, Ind.; Brown's Valley, Ind., Carbon, Ind.; Cayuga, Ind.; Coal Bluff, Ind.; Ellsworth, Ind.; Grant, Ind.; Guion, Ind.; Hillsdale, Ind.; Ladoga, Ind.; Rosedale, Ind.; Sand Creek, Ind.; Terre Haute, Ind.; Waveland, Ind.

Resolved, That the Chicago Committee be requested to take up the subject with the C. & E. I. R. R. and C. I. & L. Ry., requesting them to maintain agreed rates.

2. *Rates on Grain and Grain Products, in Carloads, from East St. Louis and Upper Mississippi River East Bank Points to Central Freight Association Territory.*

Correspondence was presented relating to rates proposed in Central Freight Association Advice Letter No. F-664, on grain and grain products, in carloads, from East St. Louis and Upper Mississippi River east bank points to Central Freight Association territory, the proposed rates to a number of points in Michigan being considerably lower than the authorized rates from Chicago to the same points.

The following was adopted:

Resolved, That the questions raised in the correspondence regarding rates on grain and grain products, in carloads,

from East St. Louis and Upper Mississippi River east bank points, be referred to a subsequent meeting of the Chicago, Peoria and St. Louis Committee, together with representatives of the Upper Mississippi River roads and across lake lines, said meeting to be called by Chairman Tucker.

It was suggsted that this meeting be held at Chicago on Friday, November 23rd, 1900.

On motion, adjourned.

H. M. Griggs, Chairman.

B. E. Connell, Secretary.

Above exhibit is marked "Complainant's Exhibit Fraser No. 775."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning rate on lead ore, East St. Louis to Trunk Line points, through St. Louis gateway; as follows (3208):

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, March 28, 1900.

Please refer to file Inf. 2089.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Freight Committee, St. Louis, Mo.:

Dear Sir:—It is claimed that some of the eastbound roads from East St. Louis intend establisihng rates on lead ore to Trunk Line western termini on basis 17½ cents Chicago to New York, construing that Information No. 2089 on pig lead and spelter authorizes such rates. The understanding of this office is that the 17½ cent basis referred to will only be applied on pig lead and spelter as named in Information 2089, and all lines at East St. Louis which have published

tariffs naming lead ore rates subject to said basis should revise them without delay.

Yours very truly,

J. F. Tucker, Chairman.

March 29, 1900.
3208.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—I have your wire 28th, as follows:

"Please advise if you have succeeded in having all East St. Louis lines cancel application of Pig Lead rates to Western Termini on Lead Ore, subject to seventeen-cent basis, Chicago to New York."

I have not received any other communication from you on the above subject, but I did receive a letter from one of the members with a quotation from you, as follows:

"It is not the understanding of this office that Pig Lead and Spelter basis in Information 2089 applies on Lead Ore or other Commodities except those specifically mentioned therein. It has not been the rule to reduce the basis on Lead Ore when Pig Lead and Spelter rates were changed."

At the close of Conference Meeting, 28th, called by your Advice Letter E-926½, the question was submitted to the St. Louis Committee (a majority being present) as to whether *Lead Ore*, C. L. should be eliminated from Special Notice No. 977, March 15th, 1900, and be governed by rate named in C. F. A. Information No. 1864, Special Notice No. 920, December 18th, 1899, East St. Louis to Western Termini, 16 cts. per 100, while the authorized rate on Pig Lead and Spelter, C. L., is 13½ cts per 100 lbs., as per Information No. 2089.

After a general discussion of the esubject, it was the sense of the Committee, that as Lead Ore, Pig and Spelter rate was the same in Information No. 1864 and as there were certainly no good reasons why the rate on Lead Ore

should be higher than on Pig Lead and Spelter, that Special Notice No. 977 on these articles remain in effect.

In connection with the above I desire to call your attention to the fact that no Information has been received at this office correcting the rates on Pig Lead and Spelter to C. F. A. Points other than Western Termini, some of which are higher than to Western Termini. See your No. 1864 and 2089.

I trust that above action will be satisfactory.

Respectfully,

Chairman.

April 20, 1900.

3208.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—At meeting of this Committee, held the 18th inst., the subject of rates on Lead Ore, C. L., from East St. Louis, Ill., to the Trunk Line territory was considered, and the following action was taken:

Whereas, The rates on Pig Lead and Spelter, C. L., to Trunk Line Territory is authorized on basis of 17½ cts. per 100 lbs., Chicago to New York, be it, therefore,

—Resolved, That the roads, members of this Committee, individually recommend to the Central Freight Assn., that they authorize rates on Lead Ore, C. L., from East St. Louis to points east of the Western Termini of the Trunk Lines on basis of 17½ cents per 100 lbs., Chicago to New York, usual differences to other Eastern Points, effective on legal notice.

Please submit the above proposition to your Association for vote, advising this office as early as practicable decision reached, greatly obliging ,

Yours truly,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, April 23, 1900.

Subject:—Proposed basis for rates on Lead Ore, C. L., East St. Louis to Eastern Cities.

Advice Letter No. F-74.

To the General Freight Agents:

Gentlemen:—The following is received from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee:

"At meeting of this Committee, held the 18th instant, the subject of rates on lead ore, in carloads, from East St. Louis, Ill., to Trunk Line territory, was considered, and the following action taken:

'Whereas, The rates on pig lead and spelter, C. L., to Trunk Line territory is authorized on basis of 17½ cents per 100 lbs., Chicago to New York; be it, therefore,

Resolved, That the roads, members of this committee, individually recommend to the Central Frenght Association that they authorize rates on lead ore, C. L., from East St. Louis, Ill., to points east of the western termini of the Trunk Lines on basis of 17½ cents per 100 lbs., Chicago to New York, usual differences to other eastern points, effective on legal notice.'

Please submit the above proposition to your Association for vote, advising this office as early as practicable decision reached, greatly obliging."

The present rates are on the basis of the Official Classification, viz.: 6th class.

Please note on the enclosed blank your views as to the foregoing proposition, and oblige,

Yours very truly,

J. F. Tucker, Chairman.

THE WESTERN UNION TELEGRAPH COMPANY.

Received at Union Station, St. Louis, Mo.
No 24 A SG. 3V 48 D. H. DH. DH. DH. DH.

Chicago, Ill., May 3, 1900.

R. M. Fraser, St. Louis, Mo.:

Your letter second file thirty two naught eight just received. We understand endeavor was made by some roads to cancel through rates on pig lead etc. from Missouri River to Eastern Cities but other roads would not agree and such rates are still in effect.

J. F. Tucker. 3:05 P. M.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 15, 1900.
Please refer to File A-213.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—Kindly refer to the Chief Inspector's letter to you of June 11th, his A-9829. Your reply is that

"Pig Lead passes through East St. Louis and is entitled to the western through rate, which is 16 cents per 100 lbs."

Information No. 119, Series A, May 13, 1899, which was cancelled by No. 213, abrogates and cancels these rates from the Missouri River. Now kindly advise me what authority there is for the application of any proportional or local rate of 16 cents from East St. Louis on pig lead. Information No. 119 stated that rate only applied on lead from the Missouri River points—it was not through Missouri River points, but from those points, and Missouri River points are known as Kansas City, Leavenworth, St. Joseph and Omaha.

Kindly have your committee reconsider this subject and advise me what action is taken, thus obliging,

Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor, Monadnock Block.

Chicago, June 19, 1900.

Please refer to file A-213.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:— Yours of the 18th, your 3208. The personal circular letter of November 27, 1899, simply states about the lead and spelter rates from Missouri River points. I cannot find your letters of January 17th and 19th or my reply of the 18th, but evidently none of them will authorize the 16c rate as proportional on lead that stops at St. Louis and is then reconsigned or that stops and is not reconsigned —it only applies on through lead from specified points.

Kindly refer to Informtion No. 119, Series A, of March 13, 1899—the proportional rate authorized there is 18.9 to New York, but it is cancelled by No. 213-A of October 5, 1899.

Now kindly refer me to some authorization of the action of the St. Louis lines in naming a 16c rate on lead from East St. Louis. Not being able to get the western lines to withdraw the 25c through rate from Kansas City and other Missouri River points (and by other Missouri River points is meant Leavenworth, St. Joseph and Omaha), this office has ruled that it would not object to any lines participating in that rate; but the authority for the action of the St. Louis lines is what I am after. Kindly advise.

Yours very truly,

J. F. Tucker, Chairman.

June 21, 1900.
3208.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Yours 19th, file A-213.

As you cannot find my letters Jan. 17th and 19th and yours Jan. 18th, I attach copies, which I trust will be of some interest in connection with the present controversy.

It is my understanding that you admit there was a Proportional Rate authorized and now in effect on Pig Lead, Spelter, etc., from East St. Louis to New York, 19 cts., Philadelphia 17 cents, and Baltimore 16 cts. per 100 lbs., on shipments from Missouri River points, Joplin, Rich Hill, etc., and that the only question under consideration is the use or application of said Proportional Rates on the shipment referred to in letters May 31st and June 11th, file A-9829, from the Chief Inspector.

If the above is a correct statement of the case, I cannot do more than refer you to the action of the Committee at meeting 5th inst., at which time the subject was carefully considered and resolution adopted as follows:

"Resolved, That reply be made to Mr. Rainer that Pig Lead passes through St. Louis and does not originate at St. Louis and is entitled to the Western Divisions of the published through rate, which is 16 cents."

I trust that this will be regarded as a satisfactory reply.

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, June 23, 1900.

Please refer to file A-213.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—I am in receipt of your favor of the 21st, your

file 3208, and cannot understand how the St. Louis Committee can possibly consider that in view of an unauthorized rate of 25 cents from Kansas City, St. Joseph, Leavenworth and Omaha, which it was impossible to have cancelled, and, therefore, the eastbound lines were authorized to participate in such rate if they should so elect, therefore that they should consider the proportional rate on that Kansas City freight should be the local rate from East St. Louis—not only the local rate from East St. Louis, but the proportional one, regardless of where the freight came from.

My understanding of the intent of the executives, supplemented by the action of the St. Louis, Peoria and Chicago eastbound lines at meeting held here Thursday, is that all these irregular matters shall be straightened out and corrected.

Please at your next meeting have this matter again considered by your Committee. The proportional rate on the lead of 19 cents to New York, 17 to Philadelphia and 16 to Baltimore should apply only on shipments from Missouri River points and not any others. The rate from Joplin, Rich Hill, etc., should be about 36 cents and the proportional rate on this latter should be from East St. Louis about 25 cents. Any through rates needed outside of the rate fixed from Kansas City should be a matter of application through the western roads.

Yours very truly,

J. F. Tucker, Chairman.

July 3, 1900.
3208.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir: In reply to your leter of June 23rd, file A-213, and previous correspondence regarding subject of rates on Pig Lead, etc.

This is to advise that I submitted the matter to the Committee at meeting of 29th ult., and it was:

Resolved, That the subject be laid on the table.

Yours very truly,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, July 5, 1900.

Please refer to file A-213.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—I have your favor of the 3rd, your 3208. Tabling this matter does not seem to dispose of it. The executive officers of the eastbound roads from St. Louis, Peoria and Chicago have instructed that the authorized tariff rates and authorized proportions of authorized through rates should be maintained. Now there is no authorization on the subject of our correspondence excepting on shipments from Kansas City; therefore, from all other points is unauthorized and should be cancelled and stopped.

Please present this letter to your Committee and advise what further action they take.

Yours very truly,

J. F. Tucker, Chairman.

July 30, 1900.

3208.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Referring to yours July 5th, file A-213, and other recent correspondence on the subject of rates on Pig Lead, Spelter, etc.

This correspondence was again brought to the attention of the Committee at their meeting 27th inst., and after careful consideration the following resolution was adopted.

"Resolved, That the Chairman write Chairman Tucker in answer to his recent letters regarding rates on Pig Lead, Spelter, etc., from East St. Louis, informing him that the subject was once more brought to the attention of the St. Louis Committee, and they intend to continue the present rate just as long as present rates remain in effect from Kansas City.

Yours respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 1, 1900.

Please refer to file A-213.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir: I am in receipt of yours of the 30th ultimo, your 3208:

The St. Louis Eastbound Freight Committee certainly do not take the right position in relation to this matter. The only authorization is on pig lead, spelter, etc., in which they can participate in the through rates from Kansas City. Now any departure from this is individual action by the committee, and you can readily see where such action will land us if it is to be considered the proper way to do. I do not know than I can say any more than I have. I am only playing for the defense of revenue. If 16 cents is a good rate from St. Louis, you see what the result will be at Chicago and other points; and on the St. Louis Committee must rest the responsibility.

Yours very truly,

J. F. Tucker, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 776."

Complainant offers in evidence correspondence between the officials of the Central Freght Asociation and the St. Louis Eastbound Freight Committee, relating to rates on Brick, East St. Louis to Trunk Line territory; as follows (3252):

July 30, 1900.
3170.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—At meeting 27th inst., a letter was presented from one of the St. Louis brick companies, as follows:

"We have been asked to quote a price on enamelled brick for the Underground Railway Co., at New York City. About 4,000,000 enameled brick, or 24,000,000 lbs., will be required. The present rate, namely, 35 cts. per cwt. from East St. Louis, with a minimum of 30,000 lbs., or 37c from our works at Howard's, is prohibitory; in other words, we cannot secure the business or any part of it by using the present tariff. We therefore ask that we be given the pressed brick rate on enameled brick, and that it be made permanent.

We, on our part, will agree to load to 40,000 lbs. capacity and to release to a valuation of $5.00 per ton in consideration of same.

For your information, we beg to advise that our principal competition will be from factories located in the east, who will make deliveries by water. For the last two years we have figured on enameled brick from Eastern points, and have been unable to secure an order on account of the freight rate. Kindly give this matter your immediate attention, and oblige."

After due consideration, it was

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Assn. that they authorize rates on Enameled Brick, C. L., minimum

weight 40,000 lbs. (released to a valuation of $5.00 per ton), from East St. Louis to points east of Western Termini of the Trunk Lines, on basis of 26 cts. per 100 lbs., East St. Louis to New York, effective on Legal Notice.

The rate at present on Enameled Brick, C. L., minimum weight 30,000 lbs., is 5th class. If you will be so kind as to submit the proposition for vote by letter, advising result as early as possible, you will very much oblige,

Yours respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, July 31, 1900.

Subject:—Proposed rates on Enameled Brick, C. L., from East St. Louis, Ill., to Eastern cities.

Advice Letter—No. F-403.

To the General Freight Agents:

The following is received from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee:

"At a meeting 27th instant a letter was presented from one of the St. Louis brick companies as follows:

'We have been asked to quote a price on enameled brick for the Underground Railway Co. at New York City. About 4,000,000 enameled brick, or 24,000,000 lbs., will be required. The present rate, namely 35 cents per 100 lbs., from East St. Louis, with a minimum of 30,000 lbs., or 37 cents from our works at Howard's, is prohibitory. In other words, we cannot secure the business, or any part of it, by using the present tariff. We therefore ask that we be given the pressed brick rate on enameled brick, and that it be made permanent.

We, on our part, will agree to load to 40,000 lbs. capacity and to release to a valuation of $5.00 per ton in consideration of same. For your information, we beg to ad-

vise that our principal competition will be from factories located in the east, who will make delivery by water. For the last two years we have figured on enameled brick for eastern points, and have been unable to secure an order on account of the freight rate. Kindly give this matter your immediate attention, and oblige."

After due consideration, it was

'Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Association that they authorize rates on enameled brick, C. L., minimum weight 40,000 lbs. (released to a valuation of $5.00 per ton), from East St. Louis, Ill., to points east of the western termini of Trunk Lines on basis of 26 cents per 100 lbs., East St. Louis to New York, effective on legal notice.'

The rate at present on enameled brick, C. L., minimum weight 30,000 lbs., is 5th class. Kindly submit for early vote."

The present rate is as stated.

Please note on the enclosed blank your views as to the foregoing proposition, and oblige,

Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 7, 1900.

Please refer to file F-403.

Mr. R. M. Fraser, Chairman St. Louis E. B. Freight Committee, St. Louis, Mo.:

Dear Sir:—With reference to your favor of the 30th ultimo, applying for rates on eneameling brick, carloads, from East St. Louis to New York, on basis of 26 cents per 100 lbs.

This proposition was submitted for views of Central Freight Association lines by Advice Letter F-403, with re-

sult that there is a decided opposition to the approval thereof, and the application cannot therefore be granted. It is held that enameled brick is manufactured at various other points in Central Freight Association territory, and any reduction from East St. Louis from the established Official Classification basis will involve corresponding decrease from other points, which it is not thought wise at this time to make.

Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, March 10th, 1900.

Subject:—Disposition of proposed rates on Enameled Brick, C. L., from East St. Louis, Ill., to eastern cities.

Advice Letter—No. F-429.

To the General Freight Agents:

Gentlemen:—Referring to Advice Letter No. 403, dated July 31, 1900, application for rates on enameled brick, in carloads, minimum weight 40,000 lbs., from East St. Louis, Ill., to point east of the western termini of Trunk Lines on basis of 26 cents per 100 lbs., East St. Louis to New York.

After further investigation, roads interested individually advise that it has been decided not to make effective the rates on basis applied for in the Advice Letter above referred to.

Yours very truly,

J. F. Tucker, Chairman.

ST. LOUIS EASTBOUND FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Aug. 29, 1900.

File 3170.

To the Members of the Freight Committee:

Gentlemen:—I attach two copies of letters, 28th and 29th,

from the Hydraulic-Press Brick Co., in line with the resolution adopted at meeting 14th inst., as follows:

"Resolved, That the Chairman take the matter up with the interested parties, showing them the correspondence and have them ouline an argument for resubmitting the matter to the Central Freight Association, and that Chairman Fraser report his progress to the Committee at the next regular meeting or at a Special Meeting, if necessary."

Unless you see proper to consider this subject at Special Meeting, 31st inst., it will be on docket for regular meeting, which should be held Tuesday, Sept. 4th.

Respectfully,

R. M. Fraser, Chairman.

P. S:—This correspondence sent only to the resident members.

Aug. 31, 1900.

3170.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Referring to C. F. A. Advice Letter F-403, July 31st and F-492, regarding rate on Enameled Brick. At a Special Meeting of the Committee, today, the subject was further considered in connection with letters Aug. 28th and 29th from the Hydraulic-Press Brick Co., St. Louis, and resolution of July 27th was again adopted as follows:—

"Resolved, That the Individual Roads, members of this Committee, recommend to the Central Freight Ass'n that they authorize rates on Enameled Brick, C. L., minimum weight 40,000 lbs., (released to a vaulation of $5.00 per ton), from East St. Louis to points east of Western Termini of the Trunk Lines on basis of 26 cts. per 100 lbs., East St. Louis to New York, effective on Legal Notice."

The rate at present on Enameled Brick, C. L., minimum

weight 30,000 lbs., is 5th class. Special attention is called to the proposed increased minimum C. L. weight and to the released valuation, also the fact that the present rate on Building, Pressed and Salt Glazed Brick is 23 cts. per 100 lbs., E. St. Louis to New York City as per C. F. A. Information No. 410, Aug. 14th, 1900.

The information given in the letters 28th and 29th, copies attached, in connection with the points mentioned above certainly warrant a reconsideration of the subject and authority granted, for the rate named.

Please give it your prompt attention advising result as early as possible.

Respectfully,

Chairman.

The Hydraulic-Press Brick Co.

Copy. St. Louis, Mo., Aug. 28, 1900.

Re. your file 3170.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, 404 Union Station, City.

Dear Sir:—We have your favor of August 16, and note that the Central Freight Ass'n have reported unfavorably on our petition for a 26 cent rate to apply on Enameled Brick, from East St. Louis to New York City. We also note that your Committee further considered the proposition and suggested that we present more data with a view of your making another effort.

Since receiving your letter, and meeting you, we have canvassed the territory lying between the Missouri River and the Atlantic Coast for the purpose of advising you of the number and location of all Enameled Brick Plants situated in this territory, with the following result:—

List of Enameled Brick Plants.	Location.	Distant from New York City.
No. 1 The American Enamel Brick & Tile Co.	South River, N. J.	About 30 miles
No. 2 The Alumina Shale Brick Co.	Bradford, Pa.	About 418 miles
No. 3 The Bradford Enameling Company	Lewis Run, Pa.	About 424 miles
No. 4 The Freeport Enameling Company, Freeport and Allegheny, Pa.		About 410 miles
No. 5 The Andrew Ramsey Enamel Brick Co.	Mt. Savage, Md.	About 378 miles
No. 6 The Penn. Enamel Brick Company	Oakes, Pa.	About 110 miles
No. 7 The Sayre & Fisher Co.	Sayreville, N. J.	About 31 miles
No. 8 Charles Taylor Sons' Co.	Cincinnati, O.	About 780 miles
No. 9 The Tiffney Enamel Brick Co.	Momence, Ill.	About 920 miles
No. 10 The Penn. Buff Brick & Tile Co.	Newark, N. J.	About 12 miles
No. 11 The Harris Enameled Brick Co.	Zanesville, O.	About 670 miles
No. 12 The Hydraulic-Press Brick Co.	St. Louis, Mo.	About 1070 miles

Of the above, Nos. 2, 3, 4, 6, 8, 10 and 11 are small concerns who do not bid on large contracts at any point and never meet us in competition in New York City. No. 4 has been burned down and we doubt if it will be re-built. This practically reduces the number of Enameled Brick Plants to five, namely; No's. 1, 5, 7, 9 and 12. Nos. 1 and 7 are located on the Atlantic Coast about thirty miles from New York City. No. 7 owns its own vessels and reaches every coast town by water; and while we are not sure, believe that No. 1 ships a considerable portion of its product in the same manner. We also believe that these concerns get reduced rates to Lake Towns on account of water competition. No. 5 is the only enameled brick plant in the Central Freight Territory, and is located on the main line of the B. & O. Railroad, about 378 miles from New York City. The Pennsylvania Railroad Company might haul its product as a branch of this road Mt. Savage, but it would be a roundabout way. The other two plants are Nos. 9 and 12, No. 9 being the Tiffany, which would take the Chicago rate and No. 12 being ours.

We cannot therefore understand the position taken by the Central Freight Ass'n in opposing our application, as there is only one plant in their territory, and this plant is practically located on one line.

In the Spring of this year the Government advertised for bids on Enameled Brick for use in the construction of the Government Printing Office at Washington, and only the following four concerns bid: Nos. 1, 5, 7 and 12. No. 5 secured the contract. We were the next lowest and No. 7 was the highest.

For two years we have figured on Enameled Brick contracts for New York City, Baltimore, Philadelphia, Washington, Boston, Niagara Falls, Rochester and Cleveland and have failed in each and every instance to secure contracts, No. 1, No. 5. No. 7 or brick of English manufacture being used.

We are now asked to quote on twenty-four million pounds of Enameled Brick for New York City, and it will be a mere waste of time for us to make a bid if we are compelled to use the present freight rate.

We have expended a large amount of money in the erection of what we believe to be the largest and most complete enameled brick plant in this country and we trust that you will be able to convince the Central Freight Ass'n that the rate we ask for, is necessary in order to keep this plant in operation, thereby creating business for both the Railroad Companies and ourselves. The demand for enameled brick is increasing, and it is our intention to get our share of the business; and if we cannot get what we consider fair treatment in the way of freight rates, we will be compelled in self-defense to convert one of our Eastern Pressed Brick Plants into an Enameled Brick Manufactory. The plant we have in mind is so situated that shipments can be made by rail or water to all Atlantic Coast towns.

We desire to thank your Committee for their action in

this matter and trust that they will be able to induce the Central Freight Association to reconsider the position they have taken.

Very truly yours,

Hydraulic-Press Brick Co.
F. H. Dukes, Ass't.Sec'y.

St. Louis, Mo., Aug. 29, 1900.

Mr. R. M. Fraser, Chairman, St. L. E. B. F. Com., City.

Dear Sir:—We have just been advised by our New York Agents that Messrs. Sayre & Fisher and the American Enamel Brick & Tile Co., located in New Jersey, about thirty miles from New York, have both rail and water facilities, but ship almost entirely by water. They further mention the fact that the English manufacturers will figure a very low price on the Enameled Brick for the Underground Railroad and for that reason we ask that if it is possible, you secure for us a lower rate on enameled brick than that we ask for.

Yours truly,

Hydraulic-Press Brick Co.,
F. H. Dukes, Ass't Sec'y.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, Ill., September 1, 1900.

Subject:—Proposed basis for rates on Enameled Brick, C. L., East St. Louis, Ill. to eastern cities.

Advice Letter:—No. F-500

To the General Freight Agents,

Gentlemen:—The following is received from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee:

"Referring to C. F. A. Advice Letter No. F-404, July

31st and F-492, regarding rates on enameled brick:

At a special meeting of the Committee today (Aug. 31) the subject was further considered in connection with letters August 28th and 29th from the Hydraulic-Press Brick Co., St. Louis, and resolution was again adopted as follows:

'Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Association that they authorize rates on enameled brick, C. L., minimum weight 40,000 lbs. (released to a valuation of $5.00 per ton), from East St. Louis, Ill. to points east of the western termini of Trunk Lines on basis of 26 cents per 100 lbs., East St. Louis to New York, effective on legal notice.'

The rates at present on enameled brick, C. L., minimum weight 30,000 lbs., is 5th class. Special attention is called to the proposed increased minimum carload weight and to the released valuation, also to the fact that the present rate on building, pressed and salt glazed brick is 23 cents per 100 lbs. East St. Louis to New York City, as per Information No. 410, Series A, August 14, 1900.

The information given in the letters 28th and 29th (copies attached), in connection with the points mentioned above certainly warrant a reconsideration of the subject and authority granted, for the rate named.

Please give it your prompt attention, advising result as early as possible."

As a matter of information would state that the foregoing proposition was previously submitted by Advice Letter No. F-403 July 31st, and in view of the vote thereon declined by Advice Letter No. F-429.

The present rates are on basis of 35 cents per 100 lbs. East St. Louis to New York.

Please note on the enclosed blank your views as to the foregoing proposition, and oblige,

Yours very truly,

Enclosure. J. F. Tucker, Chairman.

A-L. No. F-500, Page 2. Copy.

The Hydraulic-Press Brick Co.

St. Louis, Mo., Aug. 28, 1900.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Com., 404 Union Station, City.

Dear Sir:—We have your favor of August 16th and note that the Central Freight Association have reported unfavorably on our petition for a 26 cent rate to apply on enameled brick from East St. Louis to New York City. We also note that your Committee further considered the proposition and suggested that we present more data with a view of your making another effort.

Since receiving your letter and meeting you, we have canvassed the territory lying between the Missouri River and the Atlantic Coast for the purpose of advising you of the number and location of all enameled brick plants situated in this territory with the following result:

List of Enameled Brick Plants.	Location.	Distance from New York City.
No. 1 The American Enamel Brick & Tile Co.	South River, N. J.	About 30 miles
No. 2 The Alumina Shale Brick Company	Bradford, Pa.	About 418 miles
No. 3 The Bradford Enameling Company	Lewis Run, Pa.	About 424 miles
No. 4 The Freeport Enameling Company, Freeport and Allegheny, Pa.		About 410 miles
No. 5 Andrew Ramsey Enamel Brick Co.	Mt. Savage, Md.	About 378 miles
No. 6 Penn. Enamel Brick Co.	Oakes, Pa.	About 110 miles
No. 7 Sayre & Fisher Co.	Sayreville, N. J.	About 31 miles
No. 8 Chas. Taylor Sons' Co.	Cincinnati, O.	About 780 miles
No. 9 The Tiffany Enamel Brick Company	Momence, Ill.	About 920 miles
No. 10 Penn. Buff Brick & Tile Co.	Newark, N. J.	About 12 miles
No. 11 The Harris Enameled Brick Company	Zanesville, O.	About 670 miles
No. 12 The Hydraulic-Press Brick Company	St. Louis, Mo.	About 1070 miles

Of the above, Nos. 2, 3, 4, 6, 8, 10 and 11 are small concerns who do not bid on large contracts at any point

and never meet us in competition in New York City. No. 4 has been burned down and we doubt if it will be rebuilt. This practically reduces the number of enameled brick plants to five, namely; Nos. 1, 5, 7, 9 and 12. Nos. 1 and 7 are located on the Atlantic Coast about thirty miles from New York City., No. 7 owns it own vessels and reaches every coast town by water, and while we are not sure, believe that No. 1 ships a considerable portion of its product in the same manner. We also believe that these concerns get reduced rates to Lake towns on account of water competition. No. 5 is the only enameled brick plant in the Central Freight Association territory, and is located on the main line of the B. & O. R. R. about 378 miles from New York City. The Pennsylvania Railroad Company might haul its product, as a branch of this road Mt. Savage, but it would be a round-about way. The other two plants are Nos. 9 and 12. No. 9 being the Tiffany, which would take the Chicago rate and No. 12 being ours.

We cannot therefore understand the position taken by the Central Freight Association in opposing our application, as there is only one plant in their territory, and this plant is practically located on one line.

In the Spring of this year the Government advertised for bids on enameled brick for use in construction of the Government Printing Office at Washington, and only the following four concerns bid: Nos. 1, 5, 7 and 12. No. 5 secured the contract. We were the next lowest and No. 7 was the highest.

For two years we have figured on enameled brick contracts for New York City, Baltimore, Philadelphia, Washington, Boston, Niagara Falls, Rochester and Cleveland and have failed in each and every instance to secure contracts, No. 1, No. 5, No. 7 or brick of English manufacture being used.

We are now asked to quote on 24,000,000 pounds of enameled brick for New York City, and it will be a mere waste of time for us to make a bid if we are compelled to use the present freight rate. We have expended a large amount of money in the erection of what we believe to be the largest and most complete enameled brick plant in this country and we trust that you will be able to convince the Central Freight Association that the rate we ask for is necessary in order to keep this plant in operation, thereby creating business for both the railroad companies and ourselves. The demand for enameled brick is increasing and it is our intention to get our share of the business, and if we cannot get what we consider fair treatment in the way of freight rates, we will be compelled in self-defense to convert one of our eastern pressed brick plants into an enameled brick manufactory. The plant we have in mind is so situated that shipments can be made by rail or water to all Atlantic coast towns

We desire to thank your committee for their action in this matter and trust that they will be able to induce the Central Freight Association to consider again the position they have taken.

Very respectfully yours,
(Signed) Hydraulic-Press Brick Co.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Referring to your Advice Letter F-500, Sept. 1st, "Enameled Brick."

If possible please let me have information on this subject by Thursday, 20th, night mail, and much oblige,

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Sept. 20, 1900.

Please refer to file F-500.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Freight Committee, St. Louis, Mo.

Dear Sir:—In reply to your favor of the 18th instant, file 3170, would advise that we expect to be able to telegraph you tomorrow morning just what decision is reached with reference to rates on basis of 26 cents per 100 lbs. East St. Louis to New York on enameling brick, carloads.

Commissioner Bullen has written us position of the Trunk Lines in the matter but letter will not be received until tomorrow morning. Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, October 8, 1900.

Please refer to file F-500

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir:—It is stated that some of the initial lines from East St. Louis are about to make a rate of 23 cents to Baltimore on enameled brick, carloads from East St. Louis based on Information No. 423-A.

If such action is taken it will be entirely incorrect as rate of 26 cents applies only to New Yory City and is not to be used as a basis for making rates to other eastern cities. It seems to me essential that all East St. Louis lines should clearly understand this matter so as to avoid trouble in future. Yours very truly,

J. F. Tucker, Chairman.

P. S: Please see that this is understood.

Chicago, October 15, 1900.
Please refer to file F-500

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir:—Acknowledging receipt of your favor of the 13th instant, file 3170, would state that as investigation develops that no roads are going to issue to other eastern cities rates on enameled brick subject to rate of 26 cents per 100 lbs., East St. Louis to New York as authorized by Information No. 423, series A, the matter may be considered disposed of. Our information on the subject was merely statement made by a St. Louis line without going into details.

Yours very truly,
J. F. Tucker, Chairman.

ST. LOUIS EASTBOUND FREIGHT COMMITTEE.

Office of the Chairman, 404-406 Union Station.

St. Louis, Mo., Oct. 16, 1900.
File 3170.

To the Members of the Freight Committee,

Gentlemen:—At meeting of the Freight Committee, Oct. 12th, subject of Rates on Enameled Brick, C. L., East St. Louis to New York City was considered and the following action taken.

Resolved, That the Chairman issue Circular Letter to the effect that the rate of Enameled Brick, C. L., viz: 26 cts. per 100 lbs., named in Special Notice No. 1029, Central Freight Ass'n Information No. 423, series A, applies on this traffic from East St. Louis to New York City, *only*,

and this authority is not to be used as a basing rate either from or to other points.

Please be governed accordingly.

Yours truly,

R. M. Fraser, Chairman.

April 5, 1901.

3252.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—At meeting of the Committee this A. M., application for reduction in rate on Enameled Brick, C. L. was considered and it was:—

Resolved, That the individual roads, members of this Committee, recommend to the Central Freight Ass'n., that they authorize rates on Enemeled Brick, C. L., released to a valuation of $5.00 per ton, minimum weight 40,000 lbs. on same basis as are at present in effect on Pressed Brick, C. L. from East St. Louis to C. F. A. and Trunk Line Territory, effective on legal notice.

Will you kindly place this matter before your Ass'n advising decision reached at your earliest convenience and oblige,

Yours truly,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, Ill. April 6, 1901.

Subject:—Proposed basis for rates on Enameled Brick, C. L., from East St. Louis, Ill. to Central Freight Association and Trunk Line Association territories.
Advice Letter No. G-78.

To the General Freight Agents,

Gentlemen:—The following is received from Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee:

"At meeting of the Committee April 5th, application for reduction in rates on enameled brick, in carloads, was considered, and it was

'Resolved, That the individual roads, members of this committee, recommend to the Central Freight Association, that they authorize rates on enameled brick, C. L., released to a valuation of $5.00 per ton, minimum weight 40,000 lbs., on same basis as is at present in effect on Pressed Brick, C. L., from East St. Louis, Ill. to Central Freight and Trunk Line Association territory, effective on legal notice."

Will you kindly place this matter before your Association, advising decision reached at your earliest convenience, and oblige.

The present rates on Pressed Brick are: From East St. Louis to Trunk Line Association points on basis of 23 cents per 100 lbs., East St. Louis to New York; From East St. Louis to Central Freight Association points as authorized by Information No. 2727.

The present rates on Enameled Brick are: From East St. Louis to New York City, only, 26 cents per 100 lbs.; and from East St. Louis to other Trunk Line Association points on basis of the Official Classification, viz: 5th class.

Please note on the enclosed blank your views as to the foregoing proposition, and oblige,

Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, April 18, 1901.

Subject:—Disposition of various applications for rates. Advice Letter No. G-109.

To the General Freight Agents,

Gentlemen:—Referring to the following Advice Letters:

No. G-67, dated April 1, 1901, application to apply scrap iron rate, viz: $2.70 per gross ton on the "Ferris Wheel," from Chicago, Ill to Buffalo, N. Y.

No. G-78, dated April 6, 1901, application for rates on enameled brick, in carloads, from East St. Louis, Ill. to Central Freight and Trunk Line Association points.

No. G-91, dated April 11, 1901, application for various rates on lime, in carloads, from Sandusky, Ohio to Mansfield, Shelby, etc., Ohio.

After further investigation, roads interested individually advise that it has been decided not to make effective the rates proposed in the Advice Letters above referred to.

Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, April 18, 1901.

Please refer to file G-78.

Mr. R. M. Fraser, Chairman, St. Louis E. B. Frt. Committee, St. Louis, Mo.

Dear Sir:—Referring to your favor of the 5th instant, file 3252, filing application of the St. Louis Committee for reduction in rates on enameling brick, carloads, released to valuation of $5.00 per ton, minimum weight 40,000 lbs., to same basis as at present in effect on pressed brick, C. L., from East St. Louis to Central Freight and Trunk Line Association territories.

This application was submitted by Advice Letter G-78 with result that C. F. A. lines are decidedly opposed to same. Furthermore, Commissioner Bullen of the Trunk Line Asciation advises that the roads members thereof do not concur in authorization of proposed rates for the reason that

"as important industries of this character are in Trunk Line Territory, any reduction in these rates will affect these

industries and necessitate a corresponding reduction in the rates from such points.

It was also claimed that there is no commercial necessity for the proposed rate, and that the price of enameled brick is much in excess of common or pressed brick.

It was further stated that if this reduction is put in effect eastbound, an application would be made for similar reduction westbound."

The application is therefore declined.

Yours very truly,

J. F. Tucker, Chairman.

Please refer to file 9757.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Yesterday I telegraphed you as follows:

"Please place before your committee for consideration question of restoring to Official Classification basis rates on enameled brick, carloads, from East St. Louis to Eastern Cities. Subject will be considered by Association next week and desire to have views of your committee upon proposition by that time as eastern roads ask Official Classification basis be restored."

In explanation thereof would state that the Trunk Line Association roads object to the special rates being in effect on enameled brick, carloads, from any Central Freight Association points to eastern cities, because the rates on like traffic from Trunk Line territory to Central Freight Association points are on Official Classification basis. They therefore ask that the special rates from East St. Louis and Momence, on basis of 22½ cents to New York from Chicago, be cancelled. We have asked the initial lines at Momence if they favor the proposition and will be pleased to have you inform us by Tuesday, next, if practicable, whether or not the St. Louis Eastbound Freight Committee lines consent to restore the Official Classification basis on enameled brick from East St. Louis to eastern cities.

Yours very truly,

J. F. Tucker, Chairman.

Enclosure.

COPY.

TRUNK LINE ASSOCIATION.

New York, Oct. 12, 1904.

Mr. J. F. Tucker, Chairman, Central Freight Association, Chicago.

Dear Sir:—Referring to your Information No. 1234, Series A, "Rates on Brick, etc:"

At meeting of the Trunk Line Committee on the 11th instant attention was called to the commodity rate authorized therein from points in your territory to eastern points, on Conduits Clay, on the basis of 20 cents per 100 lbs., Chicago to New York, while the westbound rates on this commodity are on the basis of $4.50 per net ton, New York to Chicago.

Reference was also made to the rate on Enameled Brick, in carloads, shown in your Information No. 1234, from East St. Louis and Momence to New York City only, on the basis of 22½ cents, Chicago to New York, while the rates

applying on Enameled Brick from Trunk Line territory to points in Central Freight Association territory are on the 5th-class basis, as per Official Classification.

I was instructed to communicate with you in regard to the eastbound rate, above referred to, and state that the Trunk Lines ask that the eastbound rates on Clay Conduits be brought into line with the westbound basis thereon, as above stated, as otherwise it is feared that a corresponding reduction to the present basis in effect eastbound will be forced on westbound shipments of this commodity.

I was also directed to inquire as to the necessity for the application of any basis on Enameled Brick eastbound from East St. Louis and Momence lower than the Official Classification basis which is in effect westbound.

I trust that you will take this matter up with your lines with a view to securing, at an early date, the restoration of the eastbound rates on both Clay Conduits and Enameled Brick to the same basis as is now in effect westbound on these articles.

Kindly favor me with as early advice as practicable as to the action taken.

Yours, etc.,

(Signed) C. W. Bullen, Commissioner.

Your wire second. At meeting yesterday committee recommended effective on legal notice rate twenty six cents Enameled Brick to New York be cancelled.

R. M. Fraser.

Dec. 5, 1904.

3252.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Your telegram Nov. 11th, letters 12th and 23rd were duly received and subject considered at meeting 2nd with the result that lines interested individually recommend to the Central Freight Ass'n that effective on legal notice, the rate of 26 cts. per 100 lbs,(authorized by CFA. Info. 1234-A) East St. Louis to New York City only, on Enameled Brick, be cancelled.

I wired you substance of this 3rd A. M.

Respectfully,

Chairman.

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, December 8, 1904.

Subject:—Rates on enameled brick, C. L., from Momence and East St. Louis, Ill. to eastern cities.
Advice Letter No. K-197.

To the General Freight Agents,

Gentlemen:—The Trunk Line Association roads request that the rates of 22½ cents per 100 lbs. from Momence, Ill. to New York City and 26 cents per 100 lbs. from East St.

Louis, Ill. to New York City, on enameled brick, carloads, released to valuation of $5.00 per ton, minimum weight 40,000 lbs., as provided by Information No. 1234, Series A, dated September 16, 1904, be restored to Official Classification basis, stating that if this is not done it will be necessary for the Trunk Lines to establish rates on a corresponding basis, namely, 22½ cents per 100 lbs., New York to Chicago, from all Trunk Line Association points to all points in Central Freight Association territory.

The question of whether or not the rates can be cancelled was referred to the initial lines at East St. Louis and Momence, and the former advise that they are willing to cancel the rate referred to, effective on legal notice. The initial lines from Momence advise as follows:

"Your letter, file 9757, December 3rd, in regard to cancellation of rates on enameled brick from Momence on the basis of 22½ cents, Momence to New York. I do not think it will be possible for us to advance this rate to the basis of the Official Classification, which would mean an increase of 7½ cents per 100 lbs., without greatly injuring this industry.

Since the publication of this commodity rate, these people have been able to create a considerable market for their product in the east, and if the rates are advanced, it will, without doubt, greatly reduce the shipments to the east and restrict the factory at Momence to nearby markets, or to markets in the west, which, of course, will greatly curtail their output, because the greatest demand and the best markets for enameled brick are in the larger cities of the east.

The factories with which Momence comes into competition are located almost exclusively in the east, near the large consumers, which can be reached by short hauls and at low freight rates, so that the Momence factory is now at a considerable disadvantage, which would be greatly increased by an advance in rates. It does not appear that the present

rate is unreasonably low, as enameled brick are now used extensively for exteriors and come in direct competition with pressed brick, which enjoys a lower rate, and which in many cases is as valuable as the enameled brick.

I do not know what the conditions at St. Louis are which makes an advance possible, but it is probable as the rates to western territory on enameled brick have recently been reduced that the St. Louis manufacturers expect to market the bulk of their product in the west. I sincerely hope that the present rates may be continued in effect, as I feel that any material advance would mean a loss of revenue to the C. F. A. lines by reason of a reduction in the amount of business offerings."

Please note on the enclosed blank your views as to the continuation of the rate in effect from Momence, and oblige,

Yours very truly,

J. F. Tucker, Chairman.

Above exhibit is marked "Complainant's Exhibit Fraser No. 777."

Complainant offers in evidence correspondence between officials of the Central Freight Association and the St. Louis Eastbound Freight Committee concerning agreement of various Committees covering Rates, Rules and Regulations for handling all traffic to and from the Louisiana Purchase Exposition, as follows; being file No. 4199:

"CENTRAL FREIGHT ASSOCATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, January 2, 1903.

Please refer to file 10125.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—The following comes from Commissioner Bullen of the Trunk Line Association:

"At meeting of the Trunk Line Freight Committee on the 30th instant, reference was made to a circular issued by one of the Trunk Lines, stating that in accordance with advices from the Terminal Lines at St. Louis, prepayment will be required of all freight charges, to and within the World's Fair Grounds, on all construction material or other freight consigned to parties within the limits of the St. Louis World's Fair Grounds.

I was requested to take the matter up with you with a view to ascertaining what the switching charges will be at St. Louis on this traffic and also all other necessary information in regard to the subject.

Will you please procure complete information in regard to the matter and furnish me with same as early as practicable."

Will you please send me at the earliest possible moment the information in relation to this matter.

Yours very truly,

J. F. Tucker, Chairman."

"Jan. 3, 1903.

4199.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Yours 2nd, file 10125. This subject has been under consideration by the Committee as you will see by Proceedings Dec. 19 and 26, Nos. 30 and 31.

I will take pleasure in advising you when information is received.

Respectfully, Chairman."

"Central Freight Association.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, January 26, 1903.

Please refer to file 10228.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Commitee, St. Louis, Mo.

Dear Sir:—Attached hereto is a copy of communication

from Mr. George W. Ristine, Director of Transportation of the St. Louis World's Fair. It really seems to me that the St. Louis Eastbound Freight Committee should take initial action on this subject. All regulations governing the handling of traffic at Chicago during the World's Fair were formulated by the Chicago eastbound roads, and this was also the procedure on traffic for the Pan-American Exposition at Buffalo. We will therefore await advices from you before taking any action upon the question. It probably will be best to have the matter finally considered at the next meeting of the Central Freight Association, unless in the meantime your Committee suggests it be taken up in the form of an advice letter.

Yours truly,

J. F. Tucker, Chairman."

"Copy.

St. Louis, Mo., January 22nd, 1903.

Mr. C. W. Bullen, Commissioner Freight Dept., Trunk Line Association, New York City.

Mr. J. F. Tucker, Chairman Central Freight Ass'n, Monadnock Building, Chicago.

Gentlemen:—Will you kindly bring before your respective associations at the earliest date practicable, the matter of freight rates account of the Louisiana Purchase Exposition (St. Louis World's Fair) to be held May 1st to December 1st, 1904.

Inquiries are now being made from remote portions of the country, and from foreign countries, as to the rates and conditions of transportation of exhibits. The transportation department of the exposition has only recently been created, hence my anxiety and request for asking early attention at your hands. The main points which occur to me at this writing are:

We assume that the various railway companies will ac-

cord to the St. Louis World's Fair as good, if not better, rates than given to the Chicago World's Fair and other expositions held since 1893.

We would respectfully ask the establishment of rates of freight on all exhibits—United States, States, Foreign and Individual, that we may give same general publicity.

What form of certificate or proof will be required on return shipments which have not changed ownership? This on the assumption that return shipments will be free over the road that transported to the exposition; and will instructions be issued by you specify on the bill of lading and way bills the road or roads forming the route, so there may be no confusion on their return?

On shipments of perishable, such as trees, fruits, flowers, etc., of value only for exhibition and not of a nature to be returned or sold, will you not make a concession in the one-way rate?

The privilege of free return will be of no avail to a large number of exhibitors in the department of Agriculture, Horticulture, Mines and Mining, and to those who give their exhibits for the advancement of science, and we would ask for liberal consideration on this subject. We will aid you in any way desired in establishing the fact that exhibits have not been sold.

We would suggest that live stock be placed on the same basis as other exhibits. Some of the foreign and municipal governments expect to make heavy shipments of material which will not, of course, be returned, and unless consideration is given in rates I believe the material will come up the Mississippi River.

Machinery, fire engines and numerous other devices consigned to the "Louisiana Purchase Exposition" will be shipped for pre-exposition use, as well as exhibits; these shipments are now being made and will continue to be during this year, the exposition getting the benefit of their

use, and in consideration therefor to stand the transportation charges. We respectfully ask that they be placed upon the same basis as exhibits, and the rates be effective so as to cover such shipments during the year 1903; this on the assumption that you will designate a future period when the rates will be effective on shipments of general exhibits.

We would request that the rates be established to St. Louis proper. We are not prepared at this moment to give the exposition terminal charge, and the cost of delivering roads from St. Louis to the exposition tracks so prepayment may be covered, but this is now under consideration with the delivering roads, which are the Missouri Pacific, Frisco, Wabash and St. L. K. C. & Colo., but it can be understood that the rate for such delivery from St. Louis shall be uniform on exhibits from connecting lines.

No provision has yet been made for less than carload shipments.

I enclose tariff showing present rate on carload shipments of *construction material* via the Missouri Pacific and Frisco roads. The rate via St. Louis K. C. & Colo. R. R. is $6.00 per car to connection with exposition tracks.

The exposition charge is $4.00 per car for placing cars at the various buildings and locations within the grounds.

Both the delivering roads and exposition charges to be prepaid.

Will be pleased to furnish you any additional information or, if desired, have a conference with you.

Yours very truly,

(Signed) Geo. W. Ristine, Director of Transportation."

"Jan. 31, 1903.
4199.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 26th file 10228 with enclosure read at meeting 30th and the Committee will take further action

later. For further particulars at this time see Proceedings No. 35 Jan. 30th.

As you can readily understand the Committee are desirous of securing any information that will be useful to them in arranging freight transportation, switching, etc., for the "World's Fair, St. Louis, 1904," and I therefore request that you will send me one or more copies of any printed matter that was used in connection with the Chicago World's Fair that may be in possession of yourself—Mr. Horace Tucker or the Chicago Committeee.

I take the liberty of making this request of you as some of our members stated that yourself and Horace had signified a willingness to help us in any way you could.

Awaiting your reply, I am, yours respectfully,

Chairman."

Mr. R. M. Fraser, Chairman St. Louis E. B. F. Committee, St. Louis, Mo.

Dear Sir:—Referring to my letter to you of January 26th, attached to which was a copy of communication from G. W. Ristine, Director Transportation St. Louis World's Fair: A corresponding letter was addressed to Commissioner Bullen by Mr. Ristine, and below is quoted communication we have received from Commissioner Bullen regarding same:

"This matter was under consideration at meeting of the Trunk Line Freight Committee on 3rd inst., and as consignments of construction material are expected to go forward shortly, it was the understanding that in order to provide for the immediate movement of this traffic, such shipments shall be subject to full tariff rates to East St.

Louis and also to the bridge tolls and switching charges applicable beyond.

I was requested to advise you of this understanding and to ask that you secure prompt information as to the switching charges to and within the Fair Grounds, to apply on construction material and other freight, the bridge tolls beyond East St. Louis, and all other necessary information upon this subject.

Will you kindly obtain and furnish me with this data as promptly as practicable, in order that I can transmit same to the Trunk Line for their information and guidance."

Will you kindly favor me as promptly as possible with such information as Mr. Bullen requests in his letter, and oblige?

Yours very truly,

J. F. Tucker, Chairman."

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 17th, file 10125. The switching and transfer lines west of East St. Louis have had several meetings, the last one yesterday, I believe, but I am not advised as to what conclusions, if any, have been reached.

The Special Committee of three appointed 6th by the East-bound Committee, to confer with Mr. Geo. W. Ristine, Director of Transportation, Louisiana Purchase Exposition Co., and formulate terms and conditions of Transportation on shipments to World's Fair, have met several times and expected to complete their report and recommendation at meeting today, but in consequence of Mr. Ris-

tine's absence it will be necessary to meet again tomorrow, if Mr. Ristine can be present.

We fully appreciate the importance of information being furnished about switching, etc., from E. St. Louis and you shall have it just as soon as the several interests announce their agreement. This Committee is not responsible for any delay that has occurred, either as to announcement of figures to be charged west of E. St. Louis or the recommendation to C. F. and Trunk Line Ass'ns. I trust, however, that the subject can be disposed of ere many days.

Respectfully,

Chairman.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—In reply to your favor of the 18th inst., file 4199, would state, that the Trunk Line Association roads now suggest a set of rules to govern the handling of shipments for the St. Louis Exposition, and same have been submitted by Advice Letter I-137.

Although these rules are essentially the same as recommended by the St. Louis East-bound Freight Committee, yet it seems necessary that shipments from the Central Freight Association territory should be handled on identically the same basas as those from Trunk Line points, hence as the Trunk Lines have approved the rules submitted by said Advice Letter we thought it best they should also be placed before Central Freight Association lines for

their approval, and if voted upon affirmatively we will issue necessary Information Circular at once.

Yours respectfully,

J. F. Tucker, Chairman.

P. S. The Trunk Lines have requested that we adopt the same rules they have approved. J. F. T."

4199.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 3rd, file I-4178, regarding prepayment of World's Fair traffic. Please wire me tomorrow or write me *early mail* stating who makes the complaint and on what road or roads does the irregularity exist. It occurs to me that if any St. Louis road is not satisfied with what their connections are doing they could have the necessary remedy applied without making the complaint to the C. F. A.

If on the contrary the delivering road at St. Louis is satisfied why should any one else complain.

Respectfuly, Chairman.

N. B. I attach copy of Circular Letter No. 183 delivered members today."

"Central Freight Association.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Nov. 5, 1903.

Please refer to file I-4178.

Mr. R. M. Fraser, Chairman St. Louis E. B. Freight Committee, St. Louis, Mo.

Dear Sir:—This will acknowledge receipt of your favor

of the 4th inst., file 4199, regarding non-payment of charges on World's Fair traffic.

It is the General Freight office of the Illinois Central R. R. which complains that some roads in this territory are not requiring prepayment of freight charges on traffic mentioned. Specific reference is not given to the railroad not conforming to the rule nor have we reference to any particular shipment. It seems, however, any company not requiring prepayment of freight charges on World's Fair traffic has an advantage over the company that does and therefore obtains the business. The matter is consequently one of importance and should be reviewed by your committee at as early a date as practicable, with a view to having the rules enforced by all. If any line entering E. St. Louis finds that its connections are not requiring prepayment it seems they should refuse the shipments or arrange to have the authorized rule enforced.

Yours respectfully,

J. F. Tucker, Chairman."

"Nov. 7, 1903.

4199.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 3rd, file I-4178, duly received and submitted to all resident members by Circular Letter 4th, No. 183 (copy attached).

At meeting 6th your letters 3rd and 5th were read and it was:

Moved, that the Chairman, C. F. A., be advised that this subject is not within the jurisdiction of this Committee and one which he should take up with the roads originating the traffic.

The discussion between the members on the subject indicated that none of them would feel badly if they did lose the traffic. Respectfully,

Chairman."

St. Louis, Mo., May 17, 1904.

J. F. Tucker, Chairman C. F. A., Monadnock Block, Chicago, Ill.

Your wire date. No sir, four cents hundred, minimum fifteen dollars car must be added to East St. Louis rate. That amount to be subdivided allowing Terminal R. R. two cents minimum five dollars car, balance for switching line beyond.

R. M. Fraser."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, July 15, 1904.

Please refer to file Inf. 4178.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—Information No. 4178, of March 27, 1904,

contains terms and conditions on shipments of exhibits, etc., to and from the Louisiana Purchase Exposition. It seems, however, no time limit is specified within which shipments must be returned from the exposition, and in connection therewith it is observed that Trunk Line Freight Committee Circular No. A-464 provides for a time limit of 90 days after the close of the exposition. We will be glad to have your committee advise if the same time limit should not govern so far as concerns the return of exhibits to Central Freight Association territory.

Yours very truly,

J. F. Tucker, Chairman."

"July 20, 1904.
4199.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 15th, file Info. 4178, was read at meeting 19th and it was

Recommended, to the C. F. A. that Info. 4178 be amended providing for the same time limit (90 days) for the return of exhibits from St. Louis to C. F. A. territory as applicable to return exhibits to Trunk Line points.

Respectfully,

Chairman."

"Dec. 29, 1904.
4199.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—At a joint conference held yesterday of St. Louis and East St. Louis lines, interested in the movement of exhibits to be returned free, from the Louisiana Purchase Exposition, evidence was given showing it impracticable to conform with the rules as per Central Freight Association Info. 4178 and amendments, Trunk Line A-464, June 27th, 1903, and A-466, July 8th, 1903, and issues of other Associations and individual lines in so far as concerns the

prepayment of terminal charges at St. Louis on Domestic Exhibits returned free, and in order to furnish the relief that the exigencies of the situation require it was unanimously agreed by St. Louis and East St. Louis lines to receive and forward the said shipments without the prepayment of the terminal charges where prepayment is impracticable.

At a special meeting of the St. Louis East-bound Freight Committee, held today, the above understanding was affirmed to be put in operation at once under the following agreement, which was adopted by the joint conference referred to:

"That the authorized *Release* executed shall bear, in each case, the following guarantee to be placed on the face of the *Release* with a rubber stamp and to be signed by the exhibitor before shipment is made:

'———— hereby request the World's Fair Terminal R. R. and connections to forward the shipments mentioned herein with the terminal charges (as per tariffs governing) to follow through to destination as an advance charge and agree to pay in full the above charges at destination, immediately upon presentation of bill.'

_____

Exhibitor."

Shipments will be waybilled with notation: "Charges guaranteed by consignee. Agent at destination will not make delivery without payment of advances."

Resolved, that the foregoing be transmitted to Chairman, Central Freight Assn. requesting that he promulgate this action to Central Freight Ass'n. lines, as well as Trunk lines.

Please give this immediate attention as requested in above resolution, and oblige,

Respectfully,

Chairman."

"Feb. 3, 1905.
4199.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Will you please advise me what disposition has been made of subject covered by C. F. A. Advice Letter K-257, Dec. 31st, 1904. If an information or other issue has been made, please send me two (2) copies by return mail, and oblige,

Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, February 4, 1905.
Please refer to file K-257.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your favor of the 3rd inst., file 4199, inquiring if we have issued information circular announcing disposition of proposition submitted by Advice Letter No. K-257, would state that we have not, for two reasons:

(1) From the wording of the action of the St. Louis East-bound Freight Committee, as set forth in your letter, we understand that same was to be and has been made effective by your members, without waiting for approval thereof by the Central Freight Association.

(2) In response to Advice Letter No. K-257 we have received from a few of the through rates objections to the adoption of the arrangement, it being their opinion that the original rules, as approved by the respective associations, should be carried out.

If the action of your committee is in effect, do you see any necessity of this office doing anything further with the

subject, because all Central Freight Association roads and Trunk Line Association roads have been furnished with a copy of your letter.

Yours very truly,

J. F. Tucker, Chairman.

Ta. Chicago, Ills., April 24th, 1905.

R. M. Fraser, St. Louis, Mo.

Please see your letter February twenty third file K-4199 and advise if your committee has extended to May fifteenth limit for free return exhibits for Louisiana Purchase Exposition.

J. F. Tucker.

Above exhibit is marked "Complainant's Exhibit Fraser No. 778."

Complainant offers in evidence correspondence between officials of the Central Freight Association and the St. Louis East-bound Freight Committee concerning cotton

rates, and division of rates, East St. Louis to eastern points, as follows (4202):

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, December 29, 1902.

Please refer to file 4202.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—In what way in the past have the cotton rates been arranged? My understanding is that they have been arranged by conference between the St. Louis and other Mississippi and Ohio River crossing committees—is this correct? I was asked the question and hardly knew properly how to answer the letter.

Yours very truly,

J. F. Tucker, Chairman."

"Dec 30, 1902.

4202.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 29th (no file) regarding make up of cotton rates. I have examined our files and am unable to find any record showing names of cotton committee, if there was one, except as indicated in your letter Feb. 6th, 1899, file 4502, wherein you mention having been present at a meeting in Chicago. You also mention Chairman McLeod.

Info. Circular No. 312, Feb. 9th, 1900, abrogated I. T. A. Circular No. 273 issued in New York, June 23rd, 1896, which you will see by reference thereto abrogated a number of previous issues by Committees of the Trunk Lines.

I have conferred by "phone" with some members of this Committee, but am unable to learn from them more than

stated above. It is quite possible that Mr. C. B. Compton, T. M., L. & N. R. R. can throw some light on the subject if you do not get what you desire from Mr. A. H. McLeod, F. T. M., C. H. & D., who has probably had more to do with cotton matters than any man now in the Traffic department. I trust this will be of some benefit and if you are successful in securing the information desired, I will be pleased to have you advise me.

Awaiting your reply, I am,

Yours respectfully,

Chairman."

"June 16, 1903.

4202.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Will you please inform me by mail, Wednesday night (17th) action taken on "Proposed advance in rates on cotton." Subject No. 38 on June docket.

Respectfully,

Chairman."

"THE WESTERN UNION TELEGRAPH COMPANY.

Chicago, Ills., June 18, 1903.

R. M. Fraser, St. Louis, Mo.

Your letter sixteenth file forty two naught received this morning. At meeting in New York on twelfth Southern Roads decided that no change be made in the present cotton rates.

J. F. Tucker."

"CENTRAL FREIGHT ASSOCIATION

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Sept. 15, 1903.

Please refer to file 10755.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:--With reference to your favor of June 16th, file 4202, regarding proposed advance in rates on cotton, would state, that Central Freight Association at meeting on the 10th inst., decided that in view of the advices received from Southern Associations that they cannot make any advance in the present rates on cotton the subject be stricken from the docket.

Yours respectfully,

J. F .Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, January 5, 1904.

Please refer to file 9951.

Mr. R. M. Fraser, Chairman St. Louis E. B. Freight Committee, St. Louis, Mo.

Dear Sir:—Perhaps you have on file in your office a copy of M. & O. Cotton Tariff Bo. 1 (I. C. C. No. 3177) effective September 15, 1903, also copy of their Division Sheet No. 1 thereto. If our information is correct said issues contain certain provisions so far as concerns percentage allowances between Cairo and E. St. Louis that are unauthorized either by this Association or the Canadian Lines, claimed to be based on individual authority from connecting lines. It, therefore, seems it would be well for you to canvass your Committee and ascertain if they have individually accorded M. & O. R. R. percentages at var-

iance with those provided by the Central Freight Association or the Canadian lines through this office.

In this connection would state, that we are revising Information Circular 312 and amendments, which will contain latest percentages applicable on Cotton and we expect final issue will be ready for distribution about the last of this week or early part of next. The new issue contains all information so far as concerns rates and per cents applying on cotton to Canadian points, and the roads from E. St. Louis should not protect any tariffs or percentages of conecting lines which are at variance therewith.

Yours respectfully,

J. F. Tucker, Chairman."

"Jan. 11, 1904.
4202.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 5th, file 9951. I did not have copy of the papers mentioned. I applied to G. F. A., M. & O., for them and received copy of the Cotton Tariff, No. 1, Sept. 1st, 1903, but was refused the Division Sheet.

If I can secure a copy from one of our members or otherwise, I will examine carefully. Possibly the reissue of Info. 312 will develop something.

Respectfully,

Chairman."

"Central Freight Association.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jany. 14, 1904.
Please refer to file 9951.

Mr. R. M. Fraser, Chairman St. Louis E. B. Freight Committee, St. Louis, Mo.

Dear Sir:—This will acknowledge receipt of your favor

of the 11th inst., file 4202, relative to divisions which the M. & O. have in effect on cotton.

We have not yet been able to get out our new issue of Cotton Tariff, but hope to do so very soon; at the same time I believe you should obtain direct from the Mobile & Ohio, or some of their connections at E. St. Louis, a copy of Division Sheet on Cotton for the purpose of ascertaining if the allowances east of E. St. Louis are on the authorized basis, if they are not, the lines members of your committee should formulate joint notice to the Mobile & Ohio that such divisions will not be recognized.

Yours respectfully,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 779."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis East-bound Committee, concerning united action in signing bills of lading for freight, as follows (4204):

"Jan. 10, 1903.
4204.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Signing bills of lading on surrender of bills lading from connections before receiving the traffic:

Dear Sir:—At meeting 9th above subject was under consideration and action taken as follows:

Whereas, the issuance of bills lading on connecting line traffic (originating beyond switching limits) before receipt of the property, i. e., on surrender of connecting line bill of lading, is an objectionable practice, it is the sense of this committee that it should be discontinued. It is therefore,

Moved, that the chairman be instructed to take the mat-

ter up with the chairman, C. F. A., with the view to having uniform action taken in that direction.

If you will endeavor to have action taken on this subject at the January meeting advising result you will oblige.

Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jan. 17, '03.

Please refer to file ——.

Mr. R. M. Fraser, Chairman St. Louis E. B. F. Committee, St. Louis, Mo.

Dear Sir:—The subject referred to in your letter 10th inst., file 4204, relating to the signing of bills of lading on surrender of bills of lading from connections before receiving the traffic was considered by Central Freight Association at meeting on 15th inst., and it was decided to defer action thereon for the present.

Yours very truly,

J. F. Tucker, Chairman.

Meeting."

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jan. 26, 1903.

Please refer to file 10226.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring again to your letter of January 10th, your File 4204, relative to railroads signing bills of lading on surrender of the bills of lading from connections or belt or switching roads before receiving the traffic:

It occurs to me that this is a dangerous practice. If one

of the east-bound roads from East St. Louis should issue a bill of lading before receiving the traffic, such issue estops any claim against any road except the one issuing the bill of lading, and I believe the courts have decided that belt or switching roads are not responsible for traffic where they receive simply a switching rate. It does not occur to me that any state legislation would be considered constitutional or proper that would undertake to force a road to give a receipt for property it had not received.

I think the St. Louis Committee should consider this matter and individually unanimously agree that it is not proper to issue bills of lading before receiving the property.

Yours very truly,

J. F. Tucker, Chairman.

Meeting 1-30 not on Docket.

Read at meeting 1-30 no action taken.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, March 15th, 1903.

Please refer to file 10226.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your favor of Jan. 10th, file 4204, subject of railroads signing bills of lading on their surrender from connections before receiving the traffic:

This matter was considered by the Central Freight Association at meeting on the 13th inst., and it was decided that the same should be referred back to St. Louis Eastbound Freight Committee for review.

Yours respectfully,

J. F. Tucker, Chairman.

See Proceedings 32 Jan. 9, '03. Letter to Ch. C. F. A. Jan. 10th, '03. Meeting.

"March 21, 1903.
4204.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 15th, file 10226. At meeting 20th the subject was given further consideration and it was:

Moved, that the subject be tabled.

Will you therefore please understand that further consideration by the C. F. A. is not desired and oblige,

Yours respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 780."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis East-bound Freight Committee, concerning barrel headings and lumber and similar commodities, and application of rate thereon, as follows (4208):

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.)
Chicago, Jan. 22nd, 1903.

Please refer to file Inf. 733-A.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—We are informed that there are shipments of barrel headings, made of compound wood, being moved through East St. Louis to Brooklyn, N. Y., at the special rates authorized on lumber, as per C. F. A. Information 733, Series A. These shipments are billed as heading, and consist of barrel heads manufactured from compound built-up wood, i. e., three pieces of wood closely glued together and then cut to shape for heads of barrels. According to Official Classification, compound or built-up wood takes 5th-class carloads, and it really seems improper to apply

thereon special lumber rates, which are less than 6th class. We do not understand this class of material is being handled by any gateway except East St. Louis, and would respectfully ask if you will kindly docket the matter for next meeting, with a view to having it understod that it will not be proper to apply special lumber rates on this class of business.

Yours very truly,

J. F. Tucker, Chairman.

Official classification No. 23, Wood, Veneered, Built-up or Compound, C. L. Min. 24,000 lbs., 5th class.

"Jan. 31, 1903.
4208.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 22nd, file Info. 733-A, was read at meeting 30th and it was:

Moved, that the subject go back to Chairman C. F. A. with the request that he furnish specific reference to some shipments that have been handled at variance with the classification, according to his interpretation and send sample of the heading.

It is my understanding that barrel heads are made out of two or more pieces of wood, not only in this section, but at all points of shipment.

Awaiting information and sample asked for, I am,

Yours respectfully,

Chairman."

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Feb. 10, 1903.

Please refer to file 9084.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—With reference to your favor of January

31st, your file 428, herewith please find sample of compound barrel heads shipped from Poplar Bluff, Mo., in carload lots, and on which proportional lumber rates from East St. Louis are charged. One shipment is covered by White Lines Way-bill 1517 of December 20th, billed from East St. Louis to 60th st., New York City. It seems the shipment was forwarded through Cairo and the proportion charged east of St. East Louis was 24 cents per 100 pounds.

Yours very truly,

J. F. Tucker, Chairman.

Enclosure.

Feb. 23, 1903.
4028.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 10th, file 9084, was further considered at meeting 20th and it was:

Moved, that it is the sense of this committee that the commodity referred to should be charged at the Official Classification rating on Wood, built up or compound.

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Feb'y 25th, 1903.
Please refer to file 9084.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—This will acknowledge receipt of your favor of the 23rd inst., file 4208, relative to applying on Compound Barrel Heads shipped from Poplar Bluff, Mo., rates provided in Official Classification for Wood, built up or compound, and I presume that the agents of all initial lines members of your Committee will be instructed accordingly

so that when future shipments are offered they will not use the Lumber rates.

Yours respectfully,

J. F. Tucker, Chairman.

April 4, 1903.
4208.

Mr. J. F. Tuker, Chairman C. F. A., Chicago, Ill.

Rating on barrel heading made of compound wood.

Dear Sir:—At meeting 3rd the above subject was presented and after a very general discussion following was adopted:

Recommended, to the Central Freight Ass'n. that the article "Heading" in the list of articles upon which lumber rates will apply, as given in various C. F. A. authorities, be changed to read, "Heading, plain or built up."

The vote on this resolution was three (3) affirmative, three (3) negative. The Chairman was instructed to refer subject to C. F. A. with statement of vote and request that letter vote be taken at once.

Please give this early attention, advising result.

Respectfully,

Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, April 6, 1903.

Please refer to file 10449.

Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee, St. Louis, Mo.

Dear Sir:—I notice in proceedings of the St. Louis East-bound Freight Committee meeting April 3rd it is recommended that the article "Heading" in the list of articles upon which lumber rates will apply, as given in various Central Freight Association authorities, be changed to read

"Heading, plain or built up." What does "Built up" mean in this case? My understanding of heading is that it is heading for barrels, but how they can be built up is what I do not understand. Is not heading worth a good deal more money than the average lumber?

Yours very truly,

J. F. Tucker, Chairman.

THE WESTERN UNION TELEGRAPH COMPANY.

St. Louis, Mo., April 7, 1903.

J. F. Tucker, Chairman C. F. A., Monadnock Block, Chicago, Ill.

Yours, ten forty nine. See my letter fourth, also your letter twenty fifth February, ninety fifty four.

R. M. Fraser.

CENTRAL FREIGHT ASSOCIATION.

8th Floor Monadnock Block.

Chicago, April 7, 1903.

Subject:—Proposed change of item "Heading" in C. F. A. Informations to read: "Heading, plain or built up."

Advice Letter No. 1.—211.

To the General Freight Agents—

Gentlemen:—The following is received from Mr. R. M. Fraser, Chairman St. Louis East-bound Freight Committee:

"At meeting on the 3rd instant, the subject of rating on barrel heading made of compound wood was presented, and after a very general discussion the following was adopted:

'Recommended, to the Central Freight Association that the articles "Heading" in the list of articles upon which lumber rates will apply, as given in various C. F. A. authorities, be changed to read, "Heading, plain or built up."

The vote on this recommendation was

Affirmative 3
Negative 3

The Chairman was instructed to refer the subject to the Central Freight Association with statement of vote and request letter vote taken at once.

Please give this early attention, advising result."

As a matter of information it may be stated that the Official Classification provides that on "Veneered, Built-up or Compound Wood, minimum weight 24,000 pounds," 5th class rates will apply.

Please note on the enclosed blank your views on the proposition.

Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

8th Floor Monadnock Block.

Chicago, April 15, 1903.

Subject:—Disposition of applications for rates.

Advice Letter No. 1.—248.

To the General Freight Agents.

Gentlemen:—Referring to the following Advice Letters:

No. 1-177, dated March 30, 1903, application for proportional rate of 7 cents per 100 pounds on grain, in carloads, from East St. Louis, Ill., to Madison, Ind.

No. 1-208, dated April 6, 1903, application for rates on box and crating lumber, in carloads, from various southern Indiana points to Muncie, etc., Ind., Hamilton and Carthage, Ohio.

No. 1-211, dated April 7, 1903, proposed rates on plain or built up heading, from and to all C. F. A. points.

No. 1-215, dated April 8, 1903, proposed rates on box and crating lumber, in carloads, from various Indiana points to Cincinnati, Ohio.

After further investigation, roads interested individually advise that it has been decided not to make effective the rates proposed in the Advice Letters above referred to.

Yours very truly,

J. F. Tucker, Chairman.

CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, April 13, 1903.

Please refer to file 1-211.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—With reference to your favor of the 4th instant, your file 4208, regarding rating on barrel heading made of compound wood, would state the proposition was submitted for the views of Central Freight Association roads by Advice Letter No. 1-211, and they decline to approve it, it being the opinion that Official Classification rating should apply on this class of shipments. The application is, therefore, declined, and I presume you will see that the St. Louis lines observe the authorized class rates thereon.

Yours very truly,

J. F. Tucker, Chairman.

See Advice Letter 1-248.

Above exhibit is marked "Complainant's Exhibit Fraser No. 781."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis East-bound Freight Committee, concerning rate on Pig Lead, Dry Lead and Lead in Oil, being file 4214-A; as follows:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, July 20, 1904.

Please refer to file Inf. 1208-A.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Under date of the 19th General Freight Agent McLaughlin of the B. & O. S. W. Ry. telegraphs:

"See your Information 1208, rates on pig lead East St. Louis to eastern points when refined at Missouri River from bullion originating at Utah common points. We note these rates are lower than rates as per Information No. 696 governing when shipments originate at points in Missouri, and we now have two sets of proportional rates from East St. Louis. We cannot understand why lower rates should be established on Utah lead than on Missouri lead, and will publish proportional rates as per Information 1208-A to apply regardless of origin west of Mississippi River, as experience has demonstrated that it is impossible to hold two different proportional rates from East St. Louis on the same commodity to the same destination. This we presume will force application of Baltimore rate of 12½ cents as maximum to western termini and other intermediate points.

I have written Mr. McLaughlin that I saw no absolute necessity of forcing the same proportional rates on the same traffic through the same gateway from different originating points, but if he thought there is any necessity he should have made an application through the St. Louis East-bound Freight Committee and had the matter considered by them and a recommendation made.

Yours very truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, July 30, 1904.

Please refer to file 1208-A.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—This office is in receipt of the following from a member:

"My attention has been called to the fact that the authorized rate on pig lead from East St. Louis to New York is 15½ cents per 100 lbs., while the rate carried on spelter is 20½ cents. As the value of these commodities is about the same, very strong pressure has been brought on us to have the spelter placed on the same basis as pig lead, and I see no reason why this should not be done.

Will you kindly grant me authority, and very much oblige."

Please have this subject considered at the next meeting of your Committee, advising result as early as practicable, and thus oblige,

Yours very truly,

J. F. Tucker, Chairman."

"Aug. 2, 1904.

4214-A.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours July 30th, file 1208-A regarding application of pig lead rate on spelter.

As a rule C. F. A. authorities have named same rates on both commodities, but an exception was made in 1208-A, possibly an oversight.

As no provision was made in said Info. for rate to points other than the Seaboard cities named, the subject was considered at last meeting and as shown in Proceedings No. 95, July 29th, the Baltimore rate was to be the minimum

and it was also stated that the same rate would apply on Spelter. I will, however, submit your letter at next meeting of the Committee (12th) and advise result.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 5, 1904.

Please refer to file 1208-A.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—This will acknowledge receipt of your letter of the 2nd instant, your 4214-A, regarding rates on pig lead and spelter, as provided by Information No. 1208, Series A:

Your letter states that at meeting of the St. Louis Eastbound Freight Committee on July 29th, it was decided that the rates in Information 1208, Series A, should also be applied on spelter. In connection therewith would respectfully ask if it was the intention of the St. Louis Committee to use such rates on spelter without first having proposition submitted to and approved by the Central Freight Association through this office? If so, we cannot understand why the St. Louis Committee should take individual action, which in effect means ignoring the rules of this Association to which they, as members, have subscribed to.

Yours very truly,

J. F. Tucker, Chairman."

"Aug. 15, 1904.

4214-A.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours July 30th, file 1208-A, was submitted at meeting 12th and it was:

Moved, that chairman C. F. A. be advised that as rate of 15½ cts. per 100 lbs. on Pig Lead from East St. Louis to New York, as per C. F. A. Info. 1208-A, was not made at the suggestion or with the approval of this Committee, it therefore has no recommendation to make as to applying that rate on spelter.

Moved, that the individual announcement of lines in regard to applying the Baltimore rates as a minimum on pig lead and spelter be expunged from the record.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, September 12, 1904.

Please refer to file Inf. 5317.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—By Information Circular No. 1208, Series A, proportional rates on pig lead from East St. Louis to eastern cities are authorized on basis of 15½ cents to New York, which results in publication of rate of 12½ cents to Baltimore. We understand that the rates on said basis are being applied from East St. Louis when shipments originate in Missouri, and in connection therewith would respectfully ask if you understand that the East St. Louis lines are applying the Baltimore rate as maximum to Trunk Lines western termini points or intermediate destinations in Central Freight Association territory east of the Indiana-Illinois state line, or are they still using the rates authorized by Information Circulars Nos. 3919 and 5137?

Please let me have early reply.

Yours very truly,

J. F. Tucker, Chairman."

"Sept. 16, 1904.

4214-A.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Yours 12th, file Info. 5317 or 5137.

By reference to proceedings No. 95, page 2, and proceedings No. 96, page 3, you will see action on this subject.

I will, however, say for your information that the billing handled through this office shows the Baltimore rate, 12½ cts., is being charged to western termini and I presume that higher rate is not charged to intermediate points.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 21, 1904.

Please refer to file Inf. 5071.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Central Freight Association Information Circular No. 5071 authorizes sixth class rates on white lead, dry (which means entirely dry), but information reaches us that the Toledo, St. Louis & Western Railroad is accepting shipments of white lead at sixth class rates although it contains 5% of oil.

It seems well to have this point considered by your committee, with view to having them recommend what should be done in the premises.

Yours very truly,

J. F. Tucker, Chairman."

"Dec. 5, 1904.
4214-A.

Mr. J. F. Tucker, Chairman C. F. A., Chicago. Ill.

Dear Sir:—Yours Nov. 21st, file Info. 5071, read at meeting 2nd and the Committee was of the opinion that this was an irregularity and should properly be handled by the Central Committee and I was instructed to refer the subject back to you with the request that it be presented to the Central Committee.

Respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 782."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning efforts to restore rate on both steel bolsters and enameling plate, being File 4215, as follows:

"(Regular printed blank of the Western Union Telegraph Company.)

Received at Union Station, St. Louis, Mo. Standard time.

Telephone: Main 4705.

No. 86. A. KI. F. 65 DH.

Ta. Chicago, Ills., 14th.

R. M. Fraser, St. Louis, Mo.

Kindly have the matter of rate on bolsters East St. Louis to New York considered by the St. Louis Committee tomorrow with the endeavor to have them make a rate of thirty two cents East St. Louis to New York so that rate of twenty seven and one half cents can be maintained from Chicago and Chicago junctions. Unless the rate from East St. Louis is advanced it will force a reduction from Chicago. J. F. Tucker. 540 P. M."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, October 15, 1903.

Please refer to file 4841.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—I telegraphed you last evening asking you to have the St. Louis Eastbound Freight Committee at their meeting today consider the question of an advance of the rates on bolsters from East St. Louis to New York, with the endeavor to have a rate of at least 32 cents per 100 pounds made effective, in order that a rate of 27½ cents can be maintained from Chicago, Hammond and Michigan City.

The Chicago east-bound roads undertook to maintain the same rate from Chicago as from East St. Louis, but complaints are being made by the shippers that this is unreasonable, and unless the rates from East St. Louis can be advanced it will force a reduction from Chicago, Hammond, etc., so as to be on a comparative equality with the rates from East St. Louis. I trust you will be successful in this.

Please advise so the matter can be presented to the Central Committee at their next meeting, as they have recommended that the rates from East St. Louis should be advanced.

Yours very truly,

J. F. Tucker, Chairman.

P. S. I have your message. My yesterday's message named the rates proposed."

"Oct. 17, 1903.

4215.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 15th, file 4841, was read at meeting 16th and it was:

Moved, that we recommend to the Central Committee that rates on steel bolsters, C. L., from East St. Louis be made on the regular basis above Chicago, viz., 116%, which would make rate East St. Louis to New York 32 cts., usual differences to other Eastern cities and western termini of the Trunk lines.

The vote on the proposition: Affirmative, 10; negative, 1.

If action is taken in line with the above I assume that you will issue an Information Circular naming the rates on steel bolsters and at same time provide in some manner for the rate on enameling plate. Both commodities are now authorized by this Committee's Circular Letter No. 131 April 20th, 1903, (copy attached) on authority of your letter April 18th, file 4841.

Awaiting your reply, I am,

Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, October 19, 1903.

Please refer to file 4841.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your favor of the 17th, your File 4215:

There was no question brought up as to the rates on enameling plate. Is it the wish of the St. Louis Eastbound Freight Committee that the rates on bolsters and enameling plate shall be the same—i. e., 32 cents East St. Louis to New York and 27½ cents from Chicago?

This matter will be referred to the Central Committee at its next meeting, October 29th, with the understanding

that the St. Louis Eastbound roads recommend that the rate on enameling plate and steel bolsters be made on the basis East St. Louis to New York of 32 cents per 100 pounds carloads.

Yours very truly,

J. F. Tucker, Chairman."

"Oct. 20, 1903.
4215.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—This Committee has not indicated that they desire any change in rate on enameling plate. It would therefore *not* be correct for you to refer subject to the Central Committee with the understanding that St. Louis Eastbound roads recommend that rate on enameling plate and steel bolsters, C. L., be made on basis, East St. Louis to New York, 32 cts. per 100 lbs.

In my letter 17th I merely called attention to your letter April 18th, 1903, to avoid the possibility of that authority being overlooked in event of a change being made in bolster rate.

Respectfully,

Chairman."

"Central Freight Association.
Office of the Chairman, 8th Floor Monadnock Block.
Chicago, October 21, 1903.
Please refer to file 4841.

Mr. R. M. Fraser, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—This will acknowledge receipt of your favor of the 20th instant, File 4215, regarding rates on enameling plate.

If the St. Louis lines have not consented to adopt rates on enameling plate, carloads, East St. Louis to Eastern cities on basis of 32 cents per 100 pounds East St. Louis to

New York, or the same basis they have consented to apply on steel bolsters, my impression is you should place the matter before them for consideration and recommendation. In the past it has always been the rule of the St. Louis lines to make no less rates on enameling plate than on steel bolsters, and it seems to me if rates on the latter commodity are advanced corresponding increase should be made in the enameling plate rates.

Kindly advise and oblige,

Yours very truly,

J. F. Tucker, Chairman."

"Oct. 24, 1903.

4215.

Mr. J. F. Tucker, Chairman C. F. A., Chicago, Ill.

Dear Sir:—Yours 21st, file 4841, was read at meeting 16th and it was:

Moved, that we recommend to the Central Committee that rates on enameling plate, C. L., from East St. Louis, be established on basis of 27½ cts. per 100 lbs., Chicago to New York, usual differences to other Eastern cities and Western termini of the Trunk lines, minimum weight as per Official Classification.

The vote on the proposition: Affirmative, 10; declined to vote out of meeting, 1.

Respectfully,

Chairman."

St. Louis, Mo., Oct. 30, 1903.

J. F. Tucker, Chairman, C. F. A., Monadnock Block, Chicago, Ill.:

Your wire yesterday. Inquiry made at meeting to-day whether Information Circular will be issued regarding Bolsters and Enameling Plate and reply desired before your message can be answered.

R. M. Fraser."

"(Regular printed blank of the Western Union Telegraph Company.)

Received at Union Station, St. Louis, Mo. Standard Time.
Telephone: Main, 4705.

No. 34 A HO FN 87 DH 12:56 p. m.

Chicago, Ill., Oct. 31st, 1903.

R. M. Fraser, St. Louis, Mo.:

Your message, if the St. Louis Eastbound roads will all agree to issue tariffs on bolsters and enameling plate on basis of twenty-seven and one-half cents, Chicago to New York, there will be no necessity of an information circular, as no information circular or authority has ever been issued naming lower rates than special iron rates, and this last action of the St. Louis committee will simply place them back on the authorized basis. Advise if the tariffs will issue and become effective November 16th. Answer.

J. F. Tucker."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 2, 1903.

Please refer to file 4841.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—Replying to your letter of the 31st ultimo,

your file 4215: I telegraphed you Saturday and wrote you this morning in relation to this matter.

It is hardly proper to issue an Information Circular, for the reason that no Information Circular was issued reducing these rates. Possibly it will do no harm to issue an Information Circular, simply stating that the rates on enameling plate and bolsters from East St. Louis have been restored to the authorized basis, namely, special iron list, and if it is thought necessary by the East St. Louis Committee to take this action, such circular will issue.

Yours very truly,

J. F. Tucker, Chairman."

"Nov. 2, 1903.

4215.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir:—Referring to the subject of my letter 31st ult., your file 4841.

Your telegram and letter Oct. 31st have been shown to some members of the Committee, and they are of the opinion that it would have a good effect and help to clear the situation if you could consistently issue an Information Circular in the usual manner, naming the rates and date effective on the Commodities referred to. The last authority issued by you was letter April 18th, naming rates on *Enameling Plate* and *Steel Bolsters*. Commodities *under those names* do not appear in the Iron and Steel List.

As stated in my letter 31st ult., this matter will not be disposed of *before* the next meeting (6th).

Awaiting your further advice, I am,

Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 2, 1903.

Please refer to file 4841.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—Referring to the proceedings of the St. Louis Eastbound Freight Committee, No. 64, October 30th, relative to the rates on steel bolsters and enameling plate:

My understanding is that it is hardly possible, in view of the views that prevail by the East St. Louis lines, to reinstate the Official Classification on either bolsters or enameling plate unless the rates on both are restored at the same time.

These steel bolsters are made here, at Hammond, Michigan City and other points, and it is impossible to any longer hold the rates from these latter points so long as East St. Louis has comparatively a lower rate. Now the question is: Will the East St. Louis lines all issue tariffs on enameling plate and steel bolsters, restoring the rates to basis of 32 cents per 100 pounds, East St. Louis to New York, effective Monday, November 16th? Otherwise a reduction will be forced on this traffic from other points.

There seems to be no necessity for issuing an Information Circular, for no circular was ever issued authorizing reduced rates; and my letter to you of April 18th, that you quote, simply gave you the rates that would prevail from the other points in view of the rate from East St. Louis, which at the time that letter was written it was stated could not be advanced.

Please telegraph me on receipt of this just what will be done.

Yours very truly,

"J. F. Tucker, Chairman."

"(Regular printed blank of the Western Union Telegraph Company.)

Received at Union Station, St. Louis, Mo. Standard Time.
Telephone: Main, 4705.

44. A. Ho. V. 42 D. H.

Chicago, Ill., Nov. 3rd, 1903.

R. M. Fraser, St. Louis, Mo.:

Your letter second forty two fifteen as to bolsters and enameling plate a special meeting should be called for any action taken on sixth will not give legal time to put the tariffs in November sixteenth as they should go in answer.

J. F. Tucker. 11:56 a. m.

"(Regular printed blank of the Western Union Telegraph Company.)

D. H. Answer to D. H.

J. F. Tucker, Chairman C. F. A., Monadnock Block, Chicago, Ill.:

Your wire date. Have tried, but cannot arrange for meeting before Friday.

R. M. Fraser."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 3, 1903.

Please refer to file 4841.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—Replying to your letter of the 2nd, your file 4215, relative to rates on enameling plate and steel bolsters:

This traffic is mentoned in the Special Iron List—not under those names exactly; but kindly see your letter of March 3, 1903, file 3280, in which you say:

"The T. St. L. & W. representative stated that until such time as the present special rate on black or enameling plate be cancelled, we cannot agree to the cancellation of the present special rating on steel bolsters."

Now if you will turn to Information Circular No. 756, July 21, 1902, you will find "Car Bolsters"—that would cover, whether they were steel or iron. You will also find "Black Plate" and also "Plate"—the latter would cover enameling plate.

Be all this as it may, this matter should be settled before your meeting of the 6th, or otherwise you will not have the ten days necessary to have it made effective November 16th.

My letter of April 18th simply shows what rates should prevail from East St. Louis, in view, as I wrote you before, of the unauthorized rates that could not be cancelled, forcing such rates. There was never any Information Circular issued.

I think you should call a special meeting to-morrow of the St. Louis Eastbound Freight Committee, when you will have our Information Circular, and have it fully understood that these rates will be restored November 16th, in accordance with the unanimous recommendation of the Central Committee; otherwise the rates from other points will have to be made in comparison with those from East St. Louis.

Yours very truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 3, 1903.

Please refer to file 4841.

Mr. R. M. Frazer, Chairman St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—I telegraphed you this morning that unless

the St. Louis Committee took action prior to the 6th they could not restore the rates on bolsters and enameling plate on the 16th.

My understanding is that the Wabash Road are willing to advance the bolster rate, but want the enameling plate rates left as they are; the Clover Leaf are not willing to advance the bolster basis unless the enameling plate basis is also advanced. I have always understood that the Clover Leaf held this position, so that seemingly it would have been impossible to restore the bolster rates without the enameling plate rates were also restored. It seems to me that both should be restored without question and thus prevent a reduction from Chicago and Chicago rate points. Independent of the rates on these particular specified articles, they exert a strong sympathetic influence in an argument to reduce rates on other articles in the Special Iron List, and I think all the initial roads at St. Louis should have acted promptly in carrying out the recommendation of the Central Committee.

Yours very truly,

J. F. Tucker, Chairman."

"Central Freight Association.

Chicago, November 4, 1903.

Please refer to file 4841.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.:

Dear Sir:—Replying to your telegram of last evening. It is certainly to be extremely regretted that this matter could not have been settled in some way. Naturally, the manufacturers of bolsters at Chicago, Hammond and Michigan City feel that they are discriminated against to be charged the same rate from a 100% point as from a 116%, and notice

was given that unless we could advance the St. Louis rate by November 1st a reduction would have to be made from Chicago rate points. It was stated there were no good reasons known why the special iron rates could not be maintained.

Thinking to aid in the matter Information Circular was issued, copy of which is enclosed, and copy of which was sent you last evening.

Please telegraph and write me fully Friday after your meeting the full detail of what is done.

Yours very truly,

J. F. Tucker, Chairman.

"Nov. 7, 1903.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.:

Dear Sir—Yours 4th, file 4841 and other correspondence —also Info. No. 1029—regarding Car Bolsters and Black Plate or Enameling Plate was given due consideration at meeting 6th (See Proceedings), and I was instructed to advise the Central Committee through you that the subject had been referred to the Central Frt. Assn. by recommendation, as shown below; also that the T. St. L. & W. R. R. was the only road who had published a tariff based on the recommendation of the Central Committee, and that when they found other roads had not taken similar action, stated they would cancel their tarfiff, effective on legal notice. A copy

of T. St. L. & W. R. R. Tariff, supplement No. 16 to Tariff G. F. D. No. 435, effective Nov. 16th, 1903, is enclosed.

The recommendation referred to above, is as follows:

Moved, That we recommend to the Central Freight Ass'n the establishment of rates on Black or enameling Plate to Eastern Cities, on basis of 27½ cts. per 100 lbs., East St. Louis to New York, that the question of rates on Bolsters be considered seperately and that the rates on that article be restored to the basis provided therefor in the Special Iron Rates, viz.: 27½ cts. per 100 lbs., Chicago to New York.

The vote on above recommendation was, Affirmative, 8—Negative, 1—Absent, 2.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 7, 1903.

Please refer to file 4841.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—I enclose herewith T. St. L. & W. R. R. Co. Supplement No. 16 to G. F. D. 435, and to their I. C. C. 235, issued November 3rd, effective November 16th, placing the enameling plate and bolsters back to the special iron rates.

The Wabash Road cannot restore the rates on the enamel ing plate, but I telegraphed you this morning asking if the St. Louis Eastbound lines would restore the bolster rates independent of the enameling plate rates. If they would do this it would enable the Chicago roads to maintain the 27½ cent rate; otherwise, the rate on bolsters will have to be reduced from Chicago and other points.

I was in hope to have received this morning the proceed-

ings of the St. Louis Eastbound Committee meeting yesterday, but so far it is not at hand.

Yours very truly,

J. F. Tucker, Chairman.

Enclosure.

P. S.—Since dictating the above have messages from G. T. M. Whitney. He could not advance bolsters unless the rate on enameling plate was also advanced and G. F. A. Knight of the Wabash advises he can not advance the enameling plate rate."

"Central Freight Assocation.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 9, 1903.

Please refer to file 4841.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to Proceedings No. 65 of St. Louis Eastbound Freight Committee meeting held November 6th, in reference to the rates on steel bolsters and enameling plate:

It is useless, it seems to me, to pursue this matter further under the conditions that prevail. My understanding is that the Wabash Railroad do not feel that they can advance the rates on black or enameling plate, and General Traffic Manager Whitney of the Clover Leaf advises that he cannot advance the bolster rate unless the enameling plate rate is advanced, so we have got to the dead-lock.

I shall advise the chief freight traffic officials of the Chicago eastbound roads today that under the conditions the rate on bolsters may be reduced comparatively to 23½ cents from Chicago and Chicago rate points. This puts them on a parity with the 27½ cent rate from East St. Louis.

Yours very truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 9, 1903.

4841.

Please refer to file Inf. 1029-A.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Replying to your letter of November 7th, your 4215, in relation to the rates on car bolsters and enameling plate:

I have written you previously this morning in relation to this matter. There seems to be no other course to pursue now but to reduce the rates on bolsters from Chicago rate points to meet the rates from East St. Louis, which cannot seemingly be advanced. It is much to be regretted that these rates could not have been advanced from East St. Louis.

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked' "Complainant's Exhibit Fraser No. 783."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, in regard to reduction in rates on Packing House Products, damaged in the flood of 1903; being File 4231; as follows:

"CENTRAL FREIGHT ASSOCATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, July 11, 1903.

Please refer to file 10923.

Messrs. R. M. Fraser, Chairman, St. Louis Eastbound

Com., St. Louis, Mo., John McCann, Secretary, Peoria Freight Com., Peoria Ill.

Gentlemen:—The following is received from one of the eastbound roads from Chicago:

"Kansas City roads have in an emergency tariff effective July 6, and expiring July 15, (with the expectation of continuing it ten days longer) on packing house products in packages and salted meats damaged by floods, in carloads, Kansas City to Chicago in ordinary cars 12½ cents, in private cars 15 cents per hundred pounds; shipments to be made under above rates to be subject to certificate inspection and supervision by representatives of the Western Railway Association Inspection Bureau at Kansan City. The regular tariff rate is 20 cents per hundred pounds. One of the eastern roads is asked for corresponding reduction to be made east of Chicago and the following proposition is submitted for your vote, viz:

A reduction of 40% on packing house products, in packages, and salted meats damaged by floods, in carloads, to eastern cities, with the understading that car mileage will be waived on refrigerator cars employed in the traffic, rate to be made effective on legal notice and to expire with July 31, 1903."

Kindly obtain views of your committee upon the proposition and advise me reply by telegram. Would like to have answer Monday if practicable.

Yours very truly,

J. F. Tucker, Chairman."

"July 15, 1903.
4231.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Yours 11th, file 10923 received and Circular Letter No. 156 (copy attached) issued and delivered

in A. M., 13th. Up to this time 5:00 p. m., I have been unable to secure expression from all the (11) members.

At present the answers received are as follows:

Not in favor of the proposition,	3
Not interested,	1
Not voting,	1
No objections to proposition,	3
If majority in favor we are agreeable,	1
	9

I understand the proposition has been submitted by some of the members to their Gen'l Offices and are awaiting reply.

A member has requested that he be advised whether the reduced rate is authorized or put in effect from Chicago.

Respectfully,

Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 784."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, with reference to sorting and grading hides on platforms at St. Louis and East St. Louis, and the effect thereof on competition between the roads; being File 4242; as follows:

"CENTRAL FREIGHT ASSOCATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 4, 1903.

Please refer to file 10888.

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—This office is informed that some eastbound

roads from East St. Louis permit hides to be sorted and graded upon their platform and then reshipped east at the established rates. This act of railroad companies furnishing to shippers a place for carrying on their work of sorting and grading is in effect a concession as compared with the shipper who does the work on his own premises, and the opinion therefore is that the practice of railroads permitting shippers to sort and grade hides on their platform should be discontinued, notwithstanding the hides are billed from East St. Louis at the established local rates.

Will you kindly therefore place the matter before your committee for consideration at next meeting and advise what they conclude, for it is thought if the practice referred to as being in effect at East St. Louis is not discontinued, it will spread to other gateways.

Yours very truly,

J. F. Tucker, Chairman."

"Aug. 10, 1903.
4242.

Mr. J. F. Tucker, Chairman, C. F. A., Chicago, Ill.

Dear Sir:—Yours 4th, file 10888 read at Special Meeting 7th and laid over for a regular meeting, the Committee having adjourned on July 31st to Sept. 4th.

If there is a CFA. rule prohibiting the practice mentioned please give me reference thereto and oblige,

Yours respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Aug. 11, 1903.

Please refer to file 10888

Mr. R. M. Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Acknowledging receipt of your favor of the

10th inst., file 4242, relative to subject of roads at E. St. Louis permitting hides to be assorted, graded, etc., on their platform, would state, there is no rule of this Association which specifically prohibits the practice, but it is contrary to the general principles of railroading and, furthermore, in our opinion, it seems to amount to a concession to shipper because it gives him an advantage as against his competitor and it hardly appears proper for the railroads to extend any privileges in that direction.

Yours respectfully,

J. F. Tucker, Chairman."

"Oct. 3, 1903.
4242.

Mr. J. F. Tucker, Chairman, CFA., Chicago, Ill.

Dear Sir:—Yours Aug. 4th and 11th were given consideration at meeting 2nd with result as follows:

Moved, That Chairman, CFA. be answered that one line a member of the Committee advises that his Company permits any shipper to handle freight on their platforms, subject to the rules of their Transportation Department and claims that they are not violating any rule of the Official Class'n or the Central Freight Association.

Respectfully,

Chairman."

"Central Freight Assocation.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, October 6, 1903.
Please refer to file 10888.

Mr. R. M . Fraser, Chairman, St. Louis Eastbound Freight Committee, St. Louis, Mo.

Dear Sir:—Referring to your favor of October 3rd, file 4242:

Please inform me what member of the committee made

the admission referred to in the motion mentioned in your letter; also kindly state if any objections were offered by any member of the committee to the practice being continued. Furthermore, did any member, upon learning of such practice, indicate that he would be forced to participate in it in order to be on a parity?

So far as concerns it being a violation of the Central Freight Association or Official Classification ruling, would state that no rule specifically prohibits it, but at the same time it seems directly contrary to good railroad principles and is as much an advantage to the shipper as if he was granted storage facilities or analogous privileges. Whether or not it is a violation of the storage, etc., rules depends entirely upon the extent of the practice, and what it really consists of, which is a point upon which we have not been thoroughly informed, and would like to have you advise us, if practicable.

I may say that one member of your committee intimates that he will have to grant the shippers the same rights if the Wabash continues to do so, and on that account it seems best for the good of all that no shipper be granted the privilege referred to by any road member of your committee.

Yours very truly,

J. F. Tucker,
Chairman.

P. S. It seems wise to me to have this matter discussed at the St. Louis Committee Meeting, and some unanimous decision or recommendation arrived at."

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

"Oct. 10, 1903.
4242.

Dear Sir: Yours 6th, file 10888 was read at meeting 9th and as shown in proceedings No. 61, it was:

Moved, That the subject be tabled.

I have no official reply to make other than above. For your personal information and in reply to your enquiry 6th the admission was made by the Wabash representative. Several members participated in the discussion, but I do not remember that any one made direct objection to the practice or stated that he would be forced to do likewise.

I am unable to inform you as to the extent of the practice. I am of the opinion, however, that it amounts possibly to an occasional mixed C. L. coming from the west consigned to a local dealer, who is permitted to unload the car on Railroad platform and re-ship part, say to Chicago, Cleveland, Cincinnati, etc.

At meeting yesterday it was stated that this was purely a local proposition and not one within the jurisdiction of this Committee or the Central Freight Ass'n.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, October 10, 1903.

Please refer to file 10888.

Mr. R. M. Fraser,

Chairman St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: Referring to your letter of October 3rd, your file 4242, and my reply thereto of the 6th:

Of course, if any one road allows this privilege others will necessarily follow. I suggest that at your next meeting you docket the subject for reconsideration and poll your Committee on such recommendation as may seem to them desirable under the conditions as they exist. It strikes me it is a dangerous precedent to establish, as stated in my

letter of the 6th, and much preferable for all to decline to do it rather than that any should grant such privilege.

Yours very truly,

J. F. Tucker,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, October 12, 1903.

Please refer to file 10888.

Mr. R. M. Fraser,

Chairman St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: I am in receipt of your personal letter of the 10th, your file 4242, relative to the railroads permitting shippers to sort and grade hides on their platforms.

It seems to me the inspector could easily ascertain the extent of this practice, and I cannot agree with your Committee that this is a local proposition and not one within the jurisdiction of either the St. Louis Eastbound Freight Committee or of the Central Freight Association. In my judgment it is within the jurisdiction of both, and the St. Louis Eastbound Freight Committee should make some recommendation in relation to it. Whatever prevails at East St. Louis naturally should prevail at all other points on the same traffic—if it is permissible at East St. Louis it should not be forbidden at Cincinnati or at Chicago.

Won't you again present it to your Committee on this basis, and in the meantime I think it would be easy to find out the extent of it, for one of the East St. Louis lines has given notice that unless it is discontinued by the Wabash they will have to also authorize it. My judgment is it should not be permitted.

Yours very truly,

J. F. Tucker, Chairman."

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

"Oct. 13, 1903.
4242.

Railroads Permitting Shippers to Sort and Grade Hides on Their Platforms.

Dear Sir: Yours 12th, file 10888. I would be pleased to comply with your request to docket this again, but the subject was very fully discussed and when tabled it was stated that it would not be given any further consideration under the present charge. If members of the Committee were not satisfied with the conditions as they exist they should, in my opinion, have opposed the proposition to table.

I appreciate the fact that to *Table* a subject does not prevent a *member* from having it taken up again, but in this instance (after having been on the docket five (5) times the Chairman was practically informed that they did not wish to hear any more about it.

Respectfully,
Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 785."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning rates on New Iron and Steel Rails, being file 4244, as follows:

"August 25, 1903.

Mr. J. F. Tucker,
Chairman, C. F. A., Chicago, Ill.

4244.

Dear Sir: Will you kindly advise me present rates in effect and the Information Circular covering same, on Iron and Steel Rails, C. L., between Chicago and C. F. A. and

Trunk Line Territory, also between East St. Louis and C. F. A. and Trunk Line Territory and oblige.

Yours respectfully, Chairman."

"CENTRAL FREIGHT ASSOCIATION

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, August 26, 1903.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Acknowledging receipt of your letter of the 25th instant, your 4244:

This Association does not have the rates on iron and steel rails within its jurisdiction. Kindly, therefore, write Mr. Walter H. Smith, Secretary, Special Committee, on New Iron and Steel Rails, care L. S. & M. S. Ry., Cleveland, Ohio, for the information. Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 786."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning agreed rate on Sand from Illinois and Missouri sand-pits, passing through St. Louis and East St. Louis; also Proceedings of meeting of representatives of Eastbound Roads from Chicago, East St. Louis, Kankakee & Peoria, to consider rates on sand, held at Chicago, August 31st, 1904; being File 4245, as follows:

"Proceedings of Meeting of Representatives of Eastbound Roads From Chicago, E. St. Louis, Kankakee and Peoria, Regarding Rates on Sand,

At C. F. A. Committee Rooms, Chicago, Wednesday, August 31, 1904. There were present:

Messrs. P. F. Finnegan, representing B. & O. R. R.; Archibald Fries, representing B. & O. S. W. R. R.; C. J. Brister, representing C. C. C. & St. L. Ry.; R. E. Eggebrecht, representing C. & E. I. R. R.; J. W. Allison, representing Erie R. R.; H. C. Martin, representing G. T. Ry. Sys.; W. W. Ward, representing I. I. & I. R R.; M. R. Maxwell, representing L. E. & W. R. R.; F. W. Fairbairn, representing L. S. & M. S. Ry.; P. L. Shepherd, representing M. C. R. R.; B. E. Morgan, representing N. Y. C. & St. L. R. R.; J. B. Hill and M. S. Connelly, representing P. C. C. & St. L. Ry.; J. E. Williams, representing P. M. R. R.; E. T. Wood, representing Penn. Co.; H M. Griggs, representing P. & E. Ry.; Wm. Hodgdon, representing Vandalia Line.

Pursuant to request contained in Circular Letter C. M. No. 200, dated August 26, 1904, the representatives as above named, of eastbound roads from Chicago, Peoria and Kankakee convened, and after considering the rates current on sand from Illinois pits (Millington, Ottawa, Wedron and Utica), and Missouri pits (Silica, Klondike, Pacific and Crystal City), to Evansville, Terre Haute and Vincennes, versus rates to other C. F. A. points east thereof, and based upon the announcement that it is hardly practicable to make any advancement in the present rates to Evansville, Terre Haute and Vincennes, the following rates were checked in:

On Sand, all Kinds, C. L. (Per net ton.)

To	From Ill. Pits.	Mo. Pits.
Akron, Ohio	$1.90	$2.15
Albany, Ind.	1.40	1.50

Illinois pits include: Millington, Ottawa, Utica and Wedron.

Missouri pits include: Crystal City, Klondike, Pacific and Silica.

The rates from Illinois pits will apply via Chicago, Chicago Junctions and Kankakee, and Peoria, Ill.

The rates from Missouri pits will apply via East St. Louis.

The initial roads are to issue tariffs from the pits naming the through rates as above and in the division thereof the roads *west* of Chicago, Chicago Junctions, East St. Louis, Kankakee and Peoria, will in no case be allowed in excess of 50 cents per net ton, the balance to accrue to roads east of said junctions.

These rates will be submitted by Advice Letter for views of all C. F. A. Lines.

Adjourned. E. Morris, Chairman.

Chicago, Sept. 6, 1904."

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I presume you have observed Information Circular No. 5429, dated the 17th inst., providing for rates and divisions on sand, in particular from Missouri pits to points in the Indiana Gas Belt.

We understand it will be necessary for you to have this subject considered by your committees for the purpose of arranging to have the through rates published from Missouri pits.

The question of dividing the rates will also have to be taken up by your committee, for it will be observed that the through rates in said circular are based upon supposed allowance of fifty cents west of East St. Louis, but we understand that in some cases said allowance is greater, and in others less, than fifty cents.

Of course, where the allowance is less than fifty cents, it is expected that the roads east of East St. Louis will only pay the lines west of East St. Louis what the actual charge is and accept east thereof the difference. What your lines should keep in mind is that the minimum rates east of East St. Louis will be what remains of the through rates named in Information Circular No. 5429 after allowing the lines west of East St. Louis fifty cents.

Yours very truly,
J. F. Tucker, Chairman."

Chicago, Oct. 26, 1904.
Please refer to File 10077-R.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Recently we discovered that the Wabash Railroad issued Amendment No. 4 to that company's Tariff I. C. C. 1281, naming rate of $1.35 per ton on sand from East St. Louis to Detroit, whereas the authorized rate is $1.50 per ton.

Mr. Knight justifies his tariff by the fact that the rate is published via the Chicago, Peoria & St. Louis Railway in that company's tariff G. F. O. 2051. We consequently wrote General Freight Agent Bushnell, and he states that the rate was issued in error. Furthermore, that he will at once arrange to advance the rate to $1.50 per ton, as provided by Information Circular No. 4364. General Freight Agent Knight, of the Wabash Railroad, has been so advised and

we have asked him to kindly correct his records, effective on legal notice, to publish rate of $1.50 per ton.

All this is for your information. Will you kindly see that both the Chicago, Peoria & St. Louis and Wabash Railroads issue tariffs accordingly, and advise this office in case they do not? Yours very truly,

J. F. Tucker, Chairman."

Rates on Sand.

Mr. J. F. Tucker, Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: At meeting 14th, proceedings No. 101, this subject was referred to Rate Clerks meeting for check and recommendation.

At meeting of Rate Clerks 19th your letter 17th, file K-39 was submitted and action taken as follows:

"Moved, That in view of Chairman, Central Freight Association Letter of the 17th inst., file K-39, advising that the Central Freight Ass'n Lines have declined to concur in the rates submitted by Advice Letter No. K-39, on sand, carloads, from Illinois Pits to Central Freight Ass'n Territory, it is unnecessary for us to check in rates based upon this issue.

We respectfully recommend to the St. Louis Eastbound Freight Committee that in our opinion any change in the sand rates from Illinois or Missouri pits should be had, only as result of joint check, believing that any advances or reductions should be put into effect simultaneously from both territories, similar to the action taken by the Central Freight Ass'n on sand rates to the Gas Belt region, as promulgated in Info. No. 5429, Sept. 17th, 1904.

At meeting of the Gen'l Committee 28th, above action was considered, and it was:

Moved, That the report be adopted as the sense of this Committee and transmitted to Chairman, C. F. A. for his guidance in future.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Chicago, October 31, 1904.
Please refer to file 10077-R.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: This will acknowledge receipt of your favor of the 29th inst., file 4245, relative to the matter of sand rates from Illinois and Missouri pits to points in Central Freight Association territory.

Of late years, I do not recall a single case where the rates on sand from Illinois pits to points east of the Indiana-Illinois state line, in Central Freight Association territory, have been changed without first consulting the representatives of the St. Louis Eastbound Freight Committee, and that such course was followed in this case is evidenced by the proceedings of meeting of Chicago, Peoria and East St. Louis lines which was held in this Association's rooms on Wednesday, August 31, 1904. The same procedure will be followed by this office in future, which seems to be entirely in harmony with the wishes of your committee.

Yours very truly,

J. F. Tucker, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, November 7, 1904.
Please refer to file 10077-R.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Please see my letter to you of October 26th, and kindly advise if you have been able to have both the Wabash R. R. and C. P. & St. L. Ry. correct their tariffs on sand, in carloads, from East St. Louis to Detroit, to read $1.50 per net ton. I believe the C. P. & St. L. Ry. Co. has already done so, and the question is has the Wabash also issued a tariff?

Yours very truly,
J. F. Tucker, Chairman."

"Nov. 9, 1904.
4245.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Yours Oct. 26 and Nov. 7th, file 10077-R. I have made several requests on C. P. & St. L. Ry. for copy of their tariff amending rate on Sand to Detroit and in reply to last inquiry (8th) received notation as follows: "not yet out, will be in hands of printer to-day."

When I get copy of C. P. & St. L. amendment will take subject up with Wabash and advise result.

Respectfully,
Chairman."

Received at 412 & 414 Pine St., St. Louis, Mo., 1843
Chicago, 11/18
R. M. Fraser,
St. Louis, Mo.

Presume you have received supplement twelve to Chicago, Peoria and St. Louis tariff twenty fifty-one, advancing sand rate from East St. Louis to Detroit, and will arrange to have Wabash correct tariff effective same date.

J. F. Tucker,"

Mr. J. F. Tucker, "Nov. 30, 1904.
Chairman, C. F. A., 4245.
Chicago, Ill.

Dear Sir: Referring to my letter October 29th, your reply Oct. 31st, file 10077-R about Sand Rates. Do you consider the issue of Info. 5554 in accord with request and statements made in said letters. Please favor me with reply by early mail Thursday (1st) and oblige,

Respectfully, Chairman."

"Central Freight Association.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, December 1, 1904.
Please refer to file Inf. 5554.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: In reply to your favor of the 30th ult., file 4245, would state that the rates in Information Circular No. 5554 are merely a lining up which was overlooked at the time the

rates from Illinois points to the Indiana Gas Belt, as per Information Circular No. 5429, were decided upon.

By reference to the proceedings of meeting held August 31, 1904, by representatives of eastbound roads from Chicago, Peoria and East St. Louis, it is noted that the rate then checked in to Shirley and Greenfield was $1.40 per ton. Consequently, the members of the committee agreed, at that time, to the rates in Information Circular No. 5554.

In view of all these facts, I do not believe that the issuance of Information Circular No. 5554 is not in accord with your letter of October 29th.

Yours very truly,
J. F. Tucker, Chairman."

"Dec. 5, 1904.
4245.

Mr. J. F. Tucker, Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Referring to correspondence, your file 10077-R, telegram Nov. 18th. It affords me pleasure to attach for your information copy of Wabash Tariff No. 32465-E, Amendment No. 5 to ICC. No. 1281, naming rate on Sand, East St. Louis to Detroit, Mich., $1.50 per net ton, effective Dec. 12th, 1904. Respectfully,
Chairman."

"Dec. 5, 1904.
4245.

Mr. J. F. Tucker, Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Referring to my letter Nov. 30th your reply December 1st, file Info. 5554. At meeting of the Committee 2nd inst. a letter from a member was presented calling attention to C. F. A. Info. 5554, naming rates from Illinois Pits to Greenfield, Shirley and Wilkinson, Ind., $1.40 and requesting that rates from Missouri Pits to same destination

be authorized on the same relative proportion as authorized in Info. 5429 to other Gas Belt Points. I was instructed to advise you that in as much as the rates, as per C. F. A. Info. 5554 are in line from Chicago, rate of $1.50 per ton must be in line from Missouri Pits and request that you issue Information Circular to cover. Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Eighth Floor Monadnock Block.

Chicago, Dec. 9, 1904.

Subject—Proposed rate on sand, all kinds, originating at Missouri sand pits, to Greenfield, Shirley and Wilkinson, Ind.

(Advice Letter No. K 200.)

To the General Freight Agents,

Gentlemen: Application is filed by the St. Louis Eastbound Freight Committee for rate of $1.50 per net ton on sand, all kinds, carloads, from Missouri sand pits, viz.: Crystal City, Klondike, Pacific and Silica, Mo., to Greenfield, Shirley and Wilkinson, Ind.

In support of this application it is pointed out that this rate is now in effect to Anderson, Ind., and various other Indiana Gas Belt points, as per Information No. 5429, and it is claimed to be in line with the rate of $1.40 per net ton established by Information No. 5554 from Illinois sand pits to Greenfield, Shirley and Wilkinson.

The present rates are made up of locals to E. St. Louis, plus rate therefrom as published in Information No. 4382.

Please note on the enclosed blank your views on this proposition, and oblige,

Yours very truly,

J. F. Tucker, Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 787."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning Grain Rates from East St. Louis to C. F. A. points; being file 4250, as follows:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, May 19, 1904.
Please refer to File 9466.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: I presume you are aware that the Wabash Railroad is carrying carload shipments of wheat from East St. Louis to Detroit and Toledo at rate of six cents per 100 pounds; said rate being covered, as we understand, by Wabash tariff No. 30,620. Please inform me if this rate has ever been before the St. Louis Committee, and, if so, what action they took thereon.

Yours very truly,
J. F. Tucker, Chairman."

May 21, 1904.
4250.

Mr. J. F. Tucker,
Chairman, C. F. Ass'n.,
Chicago, Ill.

Dear Sir: Yours 19th, file 9466 I have not been furnished with a copy of Wabash Tariff No. 30620 and the subject of rates 6 cts. to Detroit and Toledo has not been submitted for consideration by the Committee.

Yours respectfully,
Chairman."

"CENTRAL FREIGHT ASSOCIATION.
Office of the Chairman, 8th Floor Monadnock Block.
Chicago, May 25, 1904.
Please refer to file 9466.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Acknowledging receipt of your favor of the 21st inst., file 4250, would respectfully ask if it is not well to have the St. Louis Eastbound Freight Committee consider the fact that the Wabash has in effect, as per that company's tariff 30620, rate of six cents per 100 pounds on wheat from East St. Louis to Detroit and Toledo when shipments originate west of the Mississippi River. Of course, if every one is aware that the rate is in effect probably that is sufficient. I thought probably it might be possible to get concentrated action in the direction of having the rate withdrawn.

Yours very truly,
J. F. Tucker,
Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 788."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning Lumber

passing through St. Louis and East St. Louis to eastern points; being File 4255; as follows:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Nov. 13, 1903.

Please refer to file 11236.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: The Inspection Bureau brings particular attention to the fact that some of the St. Louis eastbound roads are reconsigning Lumber and protecting east of E. St. Louis the proportion of the Cairo rate; at the same time we are unable to find any rule of this Association authorizing the practice, and, furthermore, this office has always understood that the E. St. Louis proportion of the Cairo rate was only to be protected on shipments of Lumber that were consigned through from point of origin; in view of which we think it is improper for the roads members of your committee to charge less than local rates from E. St. Louis on Lumber reconsigned thereat. As a different opinion is held by the parties participating in the traffic we thought it well to have this subject reviewed by your committee at next meeting, with a view to having some action taken to discontinue the practice or submit an application to have it approved.

Yours respectfully,
J. F. Tucker, Chairman."

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

"Nov. 23, 1903.
4255.

Dear Sir: Yours 13th, file 11236 was read at meeting 20th, and it was

Moved, That the Chairman reply to Chairman C. F. A. Lines, that when destination of a shipment is changed enroute and before delivery as per original bill of lading has been accomplished, to protect the through rate from point of shipment to ultimate destination.

Respectfully,

Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, December 16, 1903.

Please refer to file 11236.

Mr. R. M. Fraser,

Chairman, St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: Referring to your favor of the 23rd ult., file 4255, in which you advise that it is the opinion of the St. Louis Eastbound Freight Committee that it is the universal practice of Central Freight Association lines that when the destination of a shipment is changed enroute and before delivery as per original bill of lading has been accomplished to protect the through rate from point of shipment to ultimate destination:

We have investigated this matter through the Inspection Bureau and are informed that in cases where lumber is reconsigned the inspectors correct to full local rates and no objections thereto are offered on the part of railroads interested, consequently would respectfully suggest that the matter be again reviewed by your committee, and an understanding reached that on future shipments reconsigned the full local rates will be charged on the basis set forth in my letter to you of November 13th.

Yours very truly,

J. F. Tucker, Chairman."

Mr. J. F. Tucker, Dec. 19, 1903.
Chairman, C. F. A., 4255.
Chicago, Ill.

Dear Sir: Yours 16th, file 11236 was read at meeting 18th, proceedings No. 69, and it was referred to Special Committee appointed Dec. 4th (Proceedings No. 67), to consider Lumber rates, etc., for report.

Respectfully, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Yours respectfully,
J. F. Tucker, Chairman."

Jan. 2, 1904.
Mr. J. F. Tucker, Chairman, C. F. A., 4255.
Chicago, Ill.

Dear Sir: I have nothing further to communicate as the Special Committee have not made their report, as shown in Proceedings No. 70, Dec. 29th.

Their present intention is to meet on Wednesday 6th and report to regular meeting Friday 8th.

Respectfully, Chairman."

"Jan. 9, 1904.
Mr. J. F. Tucker, Chairman, C. F. A., 4255.
Chicago, Ill.

Dear Sir:

At meeting 8th the subject of your letters Nov. 13th,

Dec. 16th and 31st, file 11236 regarding the 'Reconsigning of Lumber enroute' was reported upon by the Special Committee and after the report was considered and amended it was:

Moved, That the report of the Special Committee, as amended be received and communicated to Chairman C. F. A., as the sense of this Committee.

The amended report is as follows:

"No legislation of the Central Freight Ass'n can be found prohibiting the practice of reconsigning shipments of Lumber (or any other commodities) while in transit and protecting the current through rates and divisions from points of origin to final destinations, applying via routes shipments travel.

If it is found that legislation does exist prohibiting the reconsigning of Lumber en route, that the same be cancelled.

It is a matter of record that the reconsigning of Lumber is permitted at Memphis, Cairo, Gale, Thebes and other points, therefore the practice of reconsigning Lumber at East St. Louis or by the East St. Louis lines does not seem inconsistent from any point of view, nor does it permit of any manipulation of through rates."

Respectfully, Chairman."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Jan 18, 1904.

Please refer to File 11,236.

Mr. R. M. Fraser,

Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: This will acknowledge receipt of your favor

of the 9th inst., file 4255, relative to reconsigning of lumber en route.

It is a fact there is no specific legislation prohibiting the reconsignment of lumber in transit and at the same time protecting the basis of through rates and divisions from point of origin to final destination, but neither is there any legislation authorizing it, and it is acknowledged as correct ruling that where the practice is not approved it is prohibited. This is evidenced by the fact that the Association has adopted rules permitting reconsignment of certain commodities, for instance, on grain, bran, etc.

If it was correct to reconsign traffic because there was no rule prohibiting it, then it would not have been necessary to authorize the reconsignment of grain, bran, etc., which has been done.

So far as concerns reconsigning of lumber at Memphis, the practice is authorized by Central Freight Association authorities Nos. 673 and 2183, but so far as we can learn, lumber is not reconsigned at Cairo, Gale, Thebes or other points subject to through rates and divisions. Lumber may be reconsigned at Cairo, Gale and Thebes, but if so the authorized local rates from these points are charged.

We note that the St. Louis Committee practically files application that reconsignment of lumber at that point is permitted, and it is our intention to place the matter before the Association for consideration; at the same time I thought it advisable to transmit the foregoing and thereby disabuse your members of the idea that reconsigning is permissible on basis of through rates and divisions because it is not specifically prohibited.

It really seems that a bad practice is being developed by permitting traffic to be recognized based on through rates and divisions, because, if granted on any class of traffic, why not extend it to all other classes similarly handled, and this, I fear, will be the outcome if the practice

is not curtailed to cases where really exceptional conditions exist.

Yours very truly,
J. F. Tucker,
Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 789.

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning attempt to regulate giving of return passes to men in charge of live stock; also record of meeting of the Indianapolis Freight Committee, held at Indianapolis, Ind., August 15th, 1904; being file 4261; as follows:

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, December 18, 1903.
Please refer to file 11299.

Mr. R. M. Fraser,
Chairman St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: The members of the Illinois Freight Association had a meeting to-day in relation to return live stock passes, and they agreed unanimously that on and after January 1st, they would discontinue return stock passes, and they want the St. Louis Committee to meet at as early date as possible, say Tuesday next if you can get them together, and come to the same conclusion—i. e., not to give return live stock passes on and after January 1, 1904, from East St. Louis to any points in Indiana, Illinois and Ohio. My brother, Horace, who was Chairman of the meeting this

morning, will send you copy of the proceedings by mail to-night.

Yours very truly,
J. F. Tucker,
Chairman."

"Dec. 22, 1903.
4261.

Mr. J. F. Tucker,
Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Yours 18th, file 11299. I issued call December 19th for meeting to-day of the St. Louis Eastbound Frt. Committee and the St. Louis-Cincinnati-Louisville Freight Committee. The following roads were represented: B. & O. S. W., C. & A., C. C. C. & St. L., I. C., Southern and T. H. & I., and it was:

Resolved, That the lines named below concur in and will conform to the following action taken at a meeting of the Illinois Freight Ass'n., held in the office of the Chairman, Horace Tucker, Chicago, Ill., on Dec. 18th, 1903, viz.:

Note:—The rules shown in Proceedings Illinois Freight Ass'n. Dec. 18th, to follow:

On roll call the B. & O. S. W., C. & A., I. C., T. H. & I. voted in the affirmative. The C. C. C. & St. L. withheld vote as to adoption, pending instructions. The Southern voted "Aye, provided same rules are made effective at all points in C. F. A. Territory."

I was instructed to prepare a paper covering the above action and endeavor to secure the signature of Traffic Officials of all E. St. Louis Lines.

I am in doubt as to whether in your request for me to call a meeting of the "St. Louis Committee" you referred to the St. Louis Eastbound Freight Committee, the St. Louis, Cincinnati, Louisville Frt. Committee or all East St. Louis

roads and was the action to be taken expected to cover *only return transportation from East St. Louis* as stated or was the rule and practice not only to be operative *from East St. Louis and Chicago,* but to be enforced from Indianapolis, Cincinnati, Cleveland, Pittsburg and other Live Stock markets in C. F. A. territory.

If the action desired is only to apply *from East St. Louis* I do not understand why you have asked me to call a meeting on the subject as it would be an Illinois proposition entirely for the reason that a very small quantity, if any, stock is shipped to East St. Louis from points east of the Illinois-Indiana State Line.

While I am very willing to help in this or any other reform I am very much in the dark as to why you or myself are brought into the controversy and I will expect full particulars by first mail.

I am, however, going ahead in line with action of meeting to-day as indicated in first part of my letter.

Awaiting your reply, I am,

Yours respectfully,

Chairman."

Copy to Mr. Horace Tucker,
Chairman, Illinois Frt. Ass'n."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Dec. 24, 1903.

Please refer to File 11299.

Mr. R. M. Fraser,
Chairman, St. Louis Eastbound Freight Committee,
St. Louis, Mo.

Dear Sir: Replying to your letter of the 22nd, your Files 4261 and B-461: My understanding is that the Illinois and Indiana roads had a meeting in my brother's office to see if they could not induce all lines to live up to the Offi-

cial Classification rules as to return stock passes, that is, not to give any. It was claimed at that meeting, as I understand it, that the East St. Louis eastbound roads were giving these return stock passes—that is, if stock came from Indiana or Illinois points to East St. Louis, return stock passes were given—and they requested me to use my good efforts with the St. Louis Eastbound Freight Committee, feeling that this office might have some influence in inducing that Committee to take similar action.

Your having several committees there, in writing you on any matter I leave it to your judgment which one or whether all of them should act upon the subject.

Please endeavor to have the St. Louis eastbound roads decline to issue return stock passes to and from any points in Indiana, Illinois or Ohio. That's about what, as I understand it, the meeting of the Chicago & St. Louis Traffic Association desired.

Yours very truly,
J. F. Tucker, Chairman."

"Dec. 24, 1903.
4261 & B-461.

Mr. J. F. Tucker, Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: Referring again to yours 18th, file 11,299, to which I replied 22nd but no answer received, 5:00 p. m.

I attach 2 copies Circular Letter which explains the situation and I will consider the matter disposed of so far as I am concerned unless otherwise instructed.

Respectfully, Chairman.

Copy of this letter and two copies of Circular Letter mailed to Mr. Horace Tucker, Chairman, Ill. Frt. Ass'n, 745 Monadnock Block, Chicago, Ill."

"CENTRAL FREIGHT ASSOCIATION.

Office of the Chairman, 8th Floor Monadnock Block.

Chicago, Dec. 26, 1903.

Please refer to File 11,299.

Mr. R. M. Fraser,

Chairman, St. Louis Eastbound Freight Committee,

St. Louis, Mo.

Dear Sir: Replying to your letter of the 24th, your Files B-461 and 4261: This matter, as previously written you, came up through the Chicago & St. Louis Traffic Association, and I will therefore forward copy of your enclosure to Mr. Horace Tucker, who is Chairman, and will advise you if it fills the requirements.

Yours very truly,

J. F. Tucker, Chairman."

"INDIANAPOLIS FREIGHT COMMITTEE.

Proceedings of the 39th meeting, held at Indianapolis, Ind., Monday, August 15th, 1904.

Representation: C. I. & L., A. J. O'Reilly; C. I. & W. Inds. Div., F. H. Ensworth; C. I. & W. Spg. Div., F. H. Ensworth; C. C. C. & St. L., S. E. Thomas; L. E. & W., L. L. Fellows; Penna. Lines, H. C. Shepard and E. M. Elliott; T. H. & I., Wm. Thorn.

The meeting convened at 3 p. m.

Return Transportation to Attendant in Charge of One Car of Horses or Mules.

(Notation: "R. M. F. Do the St. Louis roads grant free transportation to their stock shippers and what territory does it apply to? J. F. T. 8/19.")

As the rules practiced by Illinois roads in issuing return transportation to men in charge of live stock shipments E. St. Louis to Chicago appear to affect the conditions at this

market, the secretary was directed to obtain a copy of said rules, and to ascertain definitely whether or not return transportation is granted in case shipment consists of only one car of horses or mules.

Issuing Bills of Lading in Advance of Receipt of the Property.

After a thorough discussion of this subject the following resolution was adopted:

Resolved, It is the sense of this committee that Bills of Lading should not be issued until the property is actually in the possession of the road by which the same is to be forwarded, unless there is some reasonable protection in lieu thereof.

Basis for Arriving at Through Rates to Southern Non-Pro-rating Points.

In reply to an inquiry as to the proper basis for arriving at through rates to southern non-pro-rating points, Chairman Central Freight Association directs attention to pocket No. 5317, C. F. A. proceedings Jan. 13-14, 1904, which, so far as concerns the point in question, reads as follows:

"Central Freight Association roads may participate in through rates to southern non-pro-rating points based on local rates to southern pro-rating points plus rates beyond with the understanding that the roads north of Ohio River crossings, East St. Louis, Gale and Thebes will charge their local rates."

Division of Through Rates to Western Territory.

This subject was laid on the table.

Classification rating of stoves, not crated, L. C. L. postponed for further consideration.

Adjourned.

H. C. Shepard, Chairman Pro tem."

F. J. Barr, Secretary.

"Aug. 20, 1904.
4261.

Mr. J. F. Tucker, Chairman, C. F. A.,
Chicago, Ill.

Dear Sir: I have Indianapolis Freight Committee Proceedings of meeting Aug. 15th, 1904, with your notation 19th, as follows:

"Do the St. Louis roads grant free return transportation to Live Stock shippers and what territory does it apply to?"

Please send your letter Dec. 26th, file 11299 and the paper to which it refers. Since then several roads have given notice of their intention to give *return transportation* from East St. Louis to Illinois State points and possibly to points beyond, for example, see C. & A. Amendment No. 1 (to G. F. D. No. 11631), dated Chicago, April 30th, 1904. See Joint Circular, effective May 23rd, 1904, L. & N., N-S-1867—L. H. & St. L.-118.

I attach copy of St. Louis-Cincinnati-Louisville Freight Committee Circulars Leters No. B-117 and B-129.

In view of what is stated in the several papers referred to, I can only say that it is a "go as you please" proposition.

Respectfully,
Chairman."

Above exhibit is marked "Complainant's Exhibit Fraser No. 790."

Complainant offers in evidence correspondence between the officials of the Central Freight Association and the St. Louis Eastbound Freight Committee, concerning agreement to fix and maintain rates, via St. Louis and East St. Louis, on export traffic from Western points to eastern Seaboard; also proceedings of meeting of executive officers of the railroads, held at the office of the Trunk Line Association, 143 Liberty Street, New York, June 25th, 1902; also Pro-

ceedings of conference meeting between representatives of initial roads leading eastwardly and to Gulf of Mexico, from St. Louis, etc., held July 2nd, 1902; being file 4163; as follows:

"Proceedings of Meeting of the Executives of the St. Louis-Peoria and Chicago Eastbound Roads.

Held at the office of the Trunk Line Association, 143 Liberty Street, New York, Wednesday, June 25, 1902.

Attendance:

O. G. Murry, Vice-Pres., Baltimore & Ohio R. R.; C. S. Wright, M. F. T., Baltimore & Ohio R. R.; A. P. Bigelow, G. W. F. A., Baltimore & Ohio R. R.; S. T. McLaughlin, G. F. A., B. & O. S. W. R. R.; G. W. Stevens, Pres., Chesapeake & Ohio Ry.; F. Whitaker, F. T. M., Chesapeake & Ohio Ry.; G. M. Cummings, 1st V. P., Erie Railroad; Chas. M. Hays, V. P. & G. M., Grand Trunk Ry. System; represented by J. W. Loud, F. T. M., Grand Trunk Ry. System; W. C. Brown, V. P., L. E. & W. Ry., represented by G. J. Grammer, G. T. M., L. E. & W. S. Ry.; W. C. Brown, V. P., L. S. & M. S. Ry., represented by G. J. Grammer, G. T. M., L. S. & M. S. Ry.; H. B. Ledyard, Pres., Michigan Central R. R., represented by G. J. Grammer; W. H. Canniff, Pres., N. Y. C. & St. L. R. R.; James Webster, A. G. F. A., N. Y. C. & St. L. R. R.; L. E. Johnson, V. P., Norfolk & Western Ry., represented by T. S. Davant, G. F. A., Norfolk & Western Ry.; Joseph Wood, V. P., Pennsylvania Lines; D. T. McCabe, F. T. M., Pennsylvania Lines; J. M. Culp, V. P., Southern Railway; Edwin Fitzgerald, A. G. F. A., Southern Railway; Benjamin Norton, Pres., T., St. L. & W. Ry.; C. D. Whitney, G. T. M., T., St. L. & W. Ry.; E. F. Leonard, Pres., T. P. & W. Ry.; V. T. Malott, Receiver, Vandalia Line; W. H. Coleman, A. G. F. A., Vandalia Line; J. Ramsay, Jr., Pres.,

Wabash Railroad, represented by S. B. Knight, G. F. A., Wabash Railroad.

Also present: W. H. Joyce, F. T. M., Pennsylvania R. R.; Thornton Lewis, Manager, Kanawha Despatch; T. H. Noonan, Manager, Central States Despatch.

Following a general consideration of the subject in review, it was unanimously

Resolved, That the question of export rates from St. Louis and the West via St. Louis, be referred to the chief freight traffic officials of the initial lines at St. Louis, including the Southern, Chesapeake & Ohio and Norfolk & Western Railways, and also to the chief freight traffic officials of the lines leading to the Gulf (both direct and by the Mississippi River crossings) from Kansas City and St. Louis, for their consideration and report; such meeting to convene at the Central Freight Association rooms at Chicago, Wednesday, July 2, 1902.

Further, That pending the report of the above Committee, the representatives of each road here present individually state it would adhere to tariff rates.

J. F. Tucker, Chairman.

Proceedings of a Conference Meeting of Representatives of Initial Lines Leading Eastwardly, and to the Gulf of Mexico, from St. Louis; Also Chesapeake & Ohio and Norfolk & Western Railways, Held at Central Freight Association Committee rooms, Wednesday, July 2, 1902.

Attendance:

S. T. McLaughlin, E. Hart, Jr., J. J. Collister, representing B. & O. S. W. R. R.; F. A. Wann, representing Chicago & Alton Ry.; F. M. Whitaker, representing Chesapeake & Ohio Ry.; W. B. Hamblin, representing C. B. & Q. Ry.; E. F. Cost, C. Tillinghast, representing C. C. C. & St. L. Ry.; E. B. Boyd, representing C. R. I. & P. Ry.; M. C. Markham, W. E. Keepers, representing Illinois Central

R. R.; W. C. Dennis, representing Kansas City Southern Ry.; C. Haile (by W. C. Stith) representing M. K. & T. Ry.; W. C. Stith, representing Missouri Pacific Ry.; T. S. Devant, J. R. Ruffin, F. C. Bryan, representing Norfolk & Western Ry.; Edwin Fitzgerald, R. A. Campbell, representing Southern Ry.; C. D. Whitney, representing T. St. L. & W. R. R.; N. W. Taylor, W. H. Coleman, H. R. Griswold, representing Vandalia Line; S. B. Knight, representing Wabash R. R.

Also present:

J. E. Gorman, representing A. T. & S. F. Ry.; A. P. Bigelow, representing B. & O. R. R.; Don Alexander, representing Blue Ridge Despatch; A. Broaddus, representing Cumberland Gap Despatch; C. L. Thomas, representing Erie Railroad; David Brown, representing Grand Trunk Ry. Sys.; Thornton Lewis, representing Kanawha Despatch; G. J. Grammer and J. L. Clark, representing L. S. & M. S. Ry.; B. B. Mitchell, representing Michigan Central R. R.; Jas. Webster, representing N. Y. C. & St. L. R. R.; D. T. McCabe, representing Pennsylvania Lines.

The foregoing representatives convened at this Association's rooms Wednesday, July 2, 1902, pursuant to the following resolution adopted by the Executive Officers of the Chicago, Peoria and St. Louis eastbound roads, at meeting held in New York City, Wednesday, June 25, 1902, viz.:

Resolved, That the question of export rates from St. Louis and the West via St. Louis be referred to the Chief Freight Traffic Officials of the initial lines at St. Louis, including Southern, Chesapeake & Ohio and Norfolk & Western Railways, and also to the Chief Freight Traffic Officials of the lines leading to the Gulf (both direct and by the Mississippi River crossings), from Kansas City and St. Louis, for their consideration and report; such meeting to convene at the Central Freight Association rooms at Chicago, Wednesday, July 2, 1902.

Further, That pending the report of the above Committee, the representatives of each road here present individually state it would adhere to tariff rates."

Upon motion, duly seconded and adopted, the question was referred to the representatives of the following roads, as a sub-committee, for consideration and recommendation to the General Meeting, viz.:

B. & O. S. W. R. R., C. & A. Ry., C. C. C. & St. L. Ry., C. & O. Ry., N. & W. Ry., Southern Ry., T., St. L. & W. R. R., Vandalia Line, I. C. R. R., Wabash R. R.

In the meeting of the sub-committee, the following was offered:

Resolved, We individually state that the authorized all-rail rates on export traffic of all kinds, originating at or passing through East St. Louis, and forwarded to all Atlantic seaboard ports (Norfolk, Va., to Montreal, P. Q., both inclusive), shall be maintained, and that the lines leading from East St. Louis to the Gulf of Mexico will maintain the same through rates to all foreign ports as are current via the Atlantic seaboard ports, but the lines leading to the Gulf are to be allowed the same differentials as proposed to be allowed on business from Missouri River points."

On motion, duly seconded, it was decided that the foregoing should be amended to the extent of eliminating the words "or passing through" (in second and third lines), and also by adding "St. Louis" after "East St. Louis."

It was also moved and seconded that the foregoing be further amended by being changed to read as follows:

"Resolved, That we individually state that the all-rail rates authorized to apply on export traffic of all kinds, originating at East St. Louis and St. Louis and forwarded to all Atlantic seaboard ports (Norfolk, Va., to Montreal, P. Q., both inclusive), will be maintained, and that the lines leading from East St. Louis and St. Louis to the Gulf of

Mexico will maintain the same through rates to foreign ports as current via the Atlantic seaboard ports; the through rates via the Gulf of Mexico ports to be one (1) cent per 100 pounds less than the all-rail rates to Baltimore and Virginia ports, plus ocean rates therefrom to the foreign destination."

The latter resolution failed of adoption, the vote thereon not being unanimous.

A vote was then taken upon the resolution first above, as amended, and it also failed of adoption.

The following was then offered:

"Resolved, That the rates on flour from East St. Louis and St. Louis via Gulf of Mexico ports to foreign destinations will be two (2) cents per 100 pounds less than the rates from same points of origin, via Baltimore, Newport News or Norfolk to same foreign destinations, the latter rates to Baltimore, Newport News or Norfolk, plus ocean rates therefrom."

The vote upon the latter resolution was five affirmative; negative, two.

In connection therewith the representative of the Southern Railway made the following announcement:

"The Southern Railway Co. announces its intention to continue to establish and maintain from East St. Louis the rates on all export traffic, other than grain, through Norfolk and Newport News, via steamers direct, that may be in effect via north Atlantic ports to foreign destinations."

The representatives of the Chesapeake & Ohio and Norfolk & Western Railways also made the same announcement.
